

Some Leaders *lead* the task ...
Some Leaders *lead* the people ...
But few *lead* the people and the task ...
And even fewer *lead* people , the task and the heart...

Join us for an evening with Sister Jayanti who will explore a new style of leadership. Within every human being there is a soul, a spirit. It is this inner being that needs to be understood, respected and valued. Great leaders work on this spiritual level,

Leading with your Heart

creating the conditions for individuals and teams to give their best. For over 30 years Sister Jayanti has travelled widely as a speaker, broadcaster and emissary for peace, leading and inspiring thousands around the world to re-assert their dignity and worth.
