

Today, when I reached Baba in the subtle region, what did I see? Baba, Mama, Bhau (Dada Vishwa Kishor) and Didi were sitting there having a heart-to-heart conversation amongst themselves. I too went and sat next to them. What did I experience? It was as though all of them were looking at a map to see how many places have received Baba's message and how many places are yet to receive the message. They were discussing this. When Baba looked at me, He said: Child, you have come here according to your system. I just smiled. Whilst having a sweet meeting with Baba, Mama, Didi and Bhau, I asked: Didi, what were all of you discussing when I came, that you weren't even aware of my coming? Didi replied: Look, all of us in the advance party are making effort to establish our kingdom very quickly. We were telling Baba that there are so many places that have still not received the message. Enable the message to reach them quickly. Only when those who are carrying out the task of establishment are revealed will those carrying out destruction come forward. Then Baba asked: Are all of you ready? They all replied: Yes, Baba! We are all ready. Then Baba asked me: Are all of you ready? I replied: Baba, You know everything anyway, what can I tell You? Mama replied: Look, the task of establishment is not moving with the speed that it should be. When you catch-up speed, the task of establishment will finish quickly. For instance, those people are internally making so many preparations for the destruction of the old world. All of you who are carrying out the establishment should also be revealed. I said: We have served so many places and so many of Baba's children have emerged from this many places. Mama said: At least prepare 900,000 such that they have knowledge of the Father and their inheritance. The rest of the subjects will be prepared very quickly at the end. Now, everyone is quickly receiving the message in an unlimited way, but the heir quality souls that should emerge have not yet emerged. When you make the heir quality souls emerge, revelation will take place. Then Didi asked: Why are you all not doing everything quickly? I replied: Didi, all are making effort anyway. We have also made programmes of giving a message to 100,000 people together.

Programmes serving 100,000 people have taken place in many places and service has also taken place in many villages. Hearing me, Mama smiled. She said: You just give the message and think that having given the message your job has finished. However, you don't have to give just the message. They should become very aware that God has come and that the world is now to be transformed. They hear something and then they forget it; they don't merge it in themselves. But yes, everyone is to receive the message. They are moving along, but not flying. It is with intoxication that one can fly. When you fly, you fly whilst being light, as though you don't have any bondage. I am seeing that you have broken the iron chains, but the subtle golden chains still remain which don't allow anyone to fly. These chains are the consciousness of "I" and "mine". These chains are very subtle and have tied everyone in such bondage, that even those who are in bondage don't realise that they are tied in bondage. When you look at this in depth, you will be able to see this. I continued to listen to Mama. Then Baba said: See child, My children who have become instruments in the advance party are carrying out their task, but they also have the elevated desire for all of you to quickly become ready and quickly complete the task of establishment. So, ask Dadi if she has fixed a date for completing the task of establishment and the task of giving a message. If Dadi fixes a date for completing the task of establishment, then Baba will also reveal those of the advance party. They were having this type of chit-chat.

Then I said: Didi, many of our teachers have come. They are about to begin their bhatthi today. Didi smiled and said: Achcha, they have come for a bhatthi? With what thought inside have they come here? Have they come just to do a bhatthi or have they come with some thought? I replied: Didi, today is their first day and we shall know more as we progress. Didi replied: Tell everyone on my behalf: Baba has a lot of love for you young kumaris and teachers and He has many hopes that if these young kumaris were to sit and explain to someone with intoxication they would be amazed that these kumaris are so young and are giving us the knowledge of the three aspects of time, the beginning, the middle and the end of the world, and making us trikaldarshi. However, there should be such sparkle and spiritual intoxication! There should be

so much intoxication of whose knowledge you are giving and whom you are giving it to. Only then will they surrender themselves to you: You are the goddesses, the Shaktis! You have opened our eyes! You have given us the third eye of knowledge. Look, in bhakti too, they show an eye on the forehead of the goddesses. So, you are the Shaktis, goddesses who give everyone the third eye. You mustn't think that you are a young kumari. No! "I am a goddess, a Shakti!" When you give knowledge to someone with divinity and power, your spiritual sparkle and intoxication will attract them towards Baba.

Then I offered bhog to Baba. Baba said: Daughter Kumarka is very concerned about everyone. Then Didi began to look at me. It felt as though Didi had come to Dadi and began to say: We used to be together earlier; it was like we were one soul in two bodies. However, Baba sent me in the advance party and made Dadi an instrument for the unlimited service. Baba said: Will you go to Dadi and help her? Didi smiled: Send me and I will go. Why should I not go? Mama said: She has now remembered the time when she used to stay with Dadi. She has forgotten that her place has changed, her stage has changed and her relationships and service have also changed. Didi smiled and said: Give everyone lots, lots, lots and lots of love and remembrance and tell everyone to come quickly. Continue to move forward quickly. Continue to move along. Continue to move along. Don't stop anywhere. Then Baba said: This was Didi's mantra from the beginning to the end: Simply continue to move along. So, even now, this is what she is telling everyone. Then Baba fed bhog to everyone – Mama, Bhau and Didi. Then just as Baba had made everyone emerge, in the same way, He merged them and sent me to the corporeal world. Achcha.
