

Dadiji's 1st Anniversary

Beloved avyakt BapDada's extremely loving teachers who have taken divine sustenance from Dadi and Didi and all brothers and sisters who are the decoration of the Brahmin clan, please accept hearty greetings and sweet love-filled remembrance from your unlimited home Madhuban.

According to the avyakt signals of beloved BapDada and seeing the closeness of time in front of you, and keeping the lesson of "suddenly" and "ever-ready" constantly in your awareness, you must be racing in making intense effort. Our extremely loving sweet Dadiji through her complete and perfect stage has given us inspiration to become free from obstacles and sinful thoughts. Both these words spoken by Dadiji are constantly echoing in my ears. Our Dadi was very clever in making others the same as herself. Then she became number one in becoming equal to the Father. Dadi kept the Lord belonging to her with an honest heart. She stayed in her self-respect and giving respect to the gathering of the Godly family, she made it move forward. She became an instrument for so much expansion. With her unlimited heart, her broad and far-sighted intellect, Dadi made service in this land and abroad flourish. She was always seated on the heart-throne of the Comforter of Hearts and thereby won each one's heart. This is why the sound that emerged from everyone's heart was: Our sweet beloved Dadi. Together with Baba's praise, everyone also sings praise of Dadiji and experience zeal and enthusiasm.

So today I am especially writing this letter in honour of Dadiji's first anniversary. Through her intense effort, while doing unlimited service, Dadiji was always up above and a detached observer, and through this became a conqueror of attachment and an embodiment of remembrance. And at the end claimed the certificate of becoming a conqueror of sinful actions and of the karmateet stage. She became a resident of the subtle region on 25th August 2007. Her becoming a resident of the subtle region is also something of deep significance, which BapDada has clarified through His divine messages. Now, on the 1st Anniversary of Dadiji, we are sending you some suggestions for unlimited service, and you can all do the service to reveal our Beloved BapDada, according to whatever is convenient in your service place.

1. In this land and abroad many IPs and VIPs have come in contact and relationship with Dadiji and have had very good experiences. Especially invite them on this day of remembrance and feed them Brahma bhojan or prasad of the yagya. You can have a public programme for them to share their experiences.
2. You can have a programme on behalf of Dadiji on Monday 25th August, or according to your own convenience, you could also have a bhog offering on Sunday 24th August in which some brothers and sisters can share their divine experiences of having received sustenance from Dadiji. They can also share experiences of Dadiji's expert administration.
3. You can also show the gathering a VCD showing Dadiji's life story. A book of Dadiji's teachings, together with photos is being printed and you can order it from the Madhuban literature department and distribute it to your guests.
4. Whatever Cable TV you have in your city/country, you can have them show Dadiji's life-story on VCD. You can also have articles printed about Dadiji's life story in the newspapers.

If you have any other inspirations to glorify BapDada in connection with this, you can have those programmes.

Achcha. Lots of love and remembrance to all.

In Godly service

B .K. Janki
