

*To BapDada's sweet, loving, powerful instruments around the globe, our sweet Brothers and Sisters,*

*Please accept hearty Godly love and sweet remembrances from Madhuban. Your sweet, unlimited home and family send you many, many pure and loving wishes.*

*As you may be well aware, the Annual Service Meeting is under session in Shantivan at present (began on 9<sup>th</sup> April up to 15<sup>th</sup> April). All Baba's senior-most children, Dadis, Dadas, Zonal-incharges, and other main instruments for service in India (around 1000) are participating with complete enthusiasm. Everyone has been much inspired to fulfill Baba's hopes for revelation this year, and are planning unlimited service projects.*

*Dadi Janki has been giving such love, sustenance and spiritual power, that everyone feels Dadi should not leave Madhuban whilst the meeting is on. As Dadi's presence in the meeting is very valuable and crucial, her departure to London has been postponed for some days. After the Annual Meeting, Dadi Janki will leave for the Om Shanti Retreat Centre, near Delhi, as Baba's home will be honoured by the visit of the Prime Minister of India, His Excellency Dr. APJ Abdul Kalam (prominent scientist of India), on 19<sup>th</sup> April. Dadi's presence for the success of this occasion will be essential.*

*All else is fine in Baba's home, Madhuban. Self-progress and service are the only two matters on the minds of Baba's children and Baba continues to shower everyone with many blessings of success.*

***With all Baba's love,***

***Dadi Prakashmani and Br Nirwair***
