

Madhuban Newsletter – April 2004

Dadiji's sweet letter of remembrance to all the instrument teachers and all brothers and sisters, the decoration of the Brahmin clan.

To the extremely loving children of the World Benefactor, Beloved Avyakt BapDada, the ones who are always seated on God's heart-throne and who will also be seated on the future throne of the kingdom, to the multimillion-times fortunate brothers and sisters, the decoration of the Brahmin clan, to the instrument teachers who claim a right to the kingdom of the world on the basis of self-sovereignty at the present time, please accept sweet love and remembrance from your unlimited home, Madhuban.

To those who are being sustained with the alokik sustenance from beloved BapDada, to those who are full of all powers, to those who have a right to unshakeable and unbroken peace, happiness and prosperity, to all Baba's right-hand children, to BapDada's light of the eyes who make effort faster than the speed of time. You all must be making plans to put BapDada's signals into practical form and are doing that practically also. Baba says something and the children do it. Only such obedient and server children are loved by God and by the people. This time everyone has really taken on service and is doing a lot of service. I have been receiving letters of the programmes and service that took place at Shiv Jayanti from everywhere. A lot of service is also taking place in all the villages through the campaigns etc. From now, April until November, we have to do a lot of service, serve every village and every home and definitely reveal our Beloved BapDada. So, each one should continue to do the service of giving each and every one Baba's message with a lot of enthusiasm so that no one can complain. At the very least, 330 million souls of the deity religion should definitely receive the message. Together with that, a gift of the Om Shanti slogan can also be presented to them which can be put up in every home.

This season, in Madhuban and Shantivan, there was a great and wonderful sparkle of the double foreign children. From approximately 80 countries, more than 1800 brothers and sisters reached Madhuban to celebrate a meeting with our Beloved BapDada personally. This is why all of them together had the great fortune of staying in the unlimited Shantivan and also of receiving sustenance from the Dadis and senior brothers. Beloved BapDada came in Diamond Hall, but in order to take souls beyond with His drishti and to give the experience of closeness, a smaller stage, similar in size to that of Om Shanti Bhawan was constructed and BapDada gave everyone drishti and gave everyone the experience of a close and intimate meeting and we also heard Baba's versions from a close distance. Together with the double foreign children, all the Bharatwasi brothers and sisters, Madhuban niwasis and also server brothers and sisters also had the golden chance of receiving drishti from Baba and attaining the blessing of all powers from Baba. Beloved BapDada also celebrated Holi with all the children and by burning the holi of all the old weak sanskars, Baba gave inspirations for us to become world transformers. All of you must have heard those elevated versions. Now, this is the last dip of this season and many Bharatwasi brothers and sisters will come to make themselves full.

The unique meeting of the Father and the children leaves an imprint on each one which can never be erased. Again and again, the words of thanks that emerge from the heart are: Wah, sweet Baba, wah! Wah, Your sustenance, wah! Baba, You have given us so many new inspirations, and are taking us beyond with Your drishti filled with spiritual love and divine blessings. You constantly make us fly in the flying stage. Only a few fortunate souls have the experience of this supersensuous joy.

Now, Raja Yoga camps and professional programmes will continue to take place in Shantivan and Gyan Sarovar.

Whilst constantly maintaining balance in self-progress and service, let there be special classes, workshops and yoga bhatthi programmes and programmes for giving the message to the public at all the centres. Through your every thought, word and deed, from your behaviour and character, with the two arms of unity and concentration, you have to hoist the flag of the Father's revelation. Tell me, my sweet brothers and sisters, whilst using you time, breath, thoughts and all powers in a worthwhile way with zeal and enthusiasm, you continue to experience success at every step, do you not? Achcha. I am sure the health of all of you is fine. Together with all the Madhuban niwasis, accept lots and lots of love and remembrance from the Dadis.

Lots of love and remembrance to all,

BK Prakashmani
