

Sweet letter of remembrance from Dadi Janki

14th June 2003

Dear divine brothers and sisters,

Please accept sweet loving remembrance from the London family. I have just come back from an international gathering in Oslo, Norway: the Women's Partnership for Peace in the Middle East. The purpose is to develop partnerships between Palestinian and Israeli women that would help the rebuild trust in the region. Sister Jayanti is still in Norway participating in the Conference. It was very clear why Baba had taken His children there. Everywhere, souls are hungry, thirsty and searching for peace. Souls want some power and to be able to find the right path and destination. The presence of Baba's children totally transformed the vibrations at the conference, so that souls were able to take in the magic of Baba's love and power. We say that The Golden Age is going to come, but what good is that if Baba's children of the rosaries of 8, 108 and 16,108 are not ready. Therefore, we have to give each and every soul Baba's message so that not a single soul is left out.

To this aim, Dadiji has sent a letter of remembrance encouraging us to serve every village and city so that by next Shiv Ratri, millions of souls would have received Baba's message and claimed their inheritance from their Beloved Father.

In Baba's sweet, loving remembrance.

B.K. Janki

Letter of remembrance from Dadi Prakashmani

13th June 2003

To all the extremely loving long-lost and now-found brothers and sisters who are the decoration of the Brahmin clan, who belong to the Supremely Beloved, World Benefactor BapDada, the One who has pure and positive thoughts for everyone, please accept love-filled remembrance from Madhuban.

Today, I am especially writing this letter for service according to BapDada's inspirations and pure thoughts. In the sakar and avyakt murlis, Beloved BapDada continually gives the signal that "Children, it is now time to give all souls BapDada's message". So, this year, all the children in all the villages and cities of this land and abroad have to keep the aim of accomplishing the task of giving every soul the Godly message, so that at the end, no one can complain. This is the supreme duty of all of us Brahmins.

During the meeting that took place in April, all of you had presented your ideas for this service, and according to those plans, service is now taking place everywhere with a lot of pomp and splendour. Each one has invented many different programmes in their own field for this, of which I continue to receive the news from everywhere.

All the in-charge sisters and senior brothers of every zone, sub-zone and main centres must have been getting together for meeting and creating plans for service, and fill every Brahmin child with zeal and enthusiasm to fulfil this pure desire of BapDada, so that millions of souls receive Baba's message by next Shiv Ratri and all the wonders and upheaval begin. Therefore, all souls should use all their body, mind, wealth, time, breath, thoughts, powers with a lot of zeal and enthusiasm in a worthwhile way for unlimited service for the revelation of Baba and the completion of this unlimited sacrificial fire. Only then will all souls go back home with their inheritance of liberation and liberation-in-life.

In order to accomplish this task of service, have campaigns in every village, have melas, exhibitions, seminars or dialogues, or create the splendour of giving everyone the message by going out with peace buses displaying pictures.

Every month, make a summary report of whatever service is taking place in your particular area and send that to Dadiji in Madhuban, and also send a copy of that report to Mrytunjaybhai in the Conference Office and Rajubhai in the Murli Department, so that at the end of the year, a collective report of all the service that has taken place can be made.

Whilst holding the programmes, especially keep in mind serving the media profession, and with their co-operation (TV, Radio, daily newspaper and magazines), continue to give news through these media and also definitely send a copy of that to Madhuban. In fact, the season of festivals is also now coming close. Raksha Bandhan and Janamasthmi will be in August and then in October and November, there will be Durga Pooja, Dashera and Deepawali. After that, the season of celebrating the auspicious meeting with beloved BapDada will also begin. Although all of these will be taking place, the task of giving the message everywhere should also continue at the same time. Then, we will give Baba the news that souls of all the world are receiving the message and Baba's introduction.

Today, I am especially sending this letter with the Murli to all of you so that this advice reaches each one of you, and everyone gives their finger for this service and complete the maha-yagya of service. Tell me, do all of you like this pure thought? Achcha.

Lots of love and remembrance to all.

In Godly service,
B.K. Prakashmani

Note: We continue to receive news of all the service that all of you are doing according to the inspirations of BapDada and Dadiji. Dadiji has especially requested to send this letter as a reminder to give further zeal and enthusiasm to each and every one.
