

## Marquee event at the Global Retreat Centre for Dadi Gulzar's visit – 8th June 2003

*Dear divine brothers and sisters,*

We are very privileged to have our Beloved BapDada's chariot, Dadi Gulzar, spend a few days with us in the UK. Dadi Gulzar, not only loved for being BapDada's chariot, but also for being a very special example for all of us to become "nirsankalp devta" (deity free from any thought, other than that of God). Dadi Gulzar and Sister Neelu arrived in London on 6<sup>th</sup> June and went directly to GRC. A marquee was put up for major events for the public and the whole of the UK Brahmin family. On Saturday, the public event entitled, "The Still Mind" – Dadi Gulzar's speciality – was attended by nearly 700 people. On Sunday, we had a special UK Brahmin gathering of over 1600. The blessing Avyakt BapDada gave to the UK is of always being OK and that was clearly demonstrated on Sunday, with everyone's total dedication, co-operation and unity, despite the rainfall we had throughout the day. It was like a dream to suddenly see Dadi Gulzar with the family here in the UK – a dream from which I am sure no one wants to awaken. We, Baba's children in the lands abroad are really and truly very fortunate to have the vision of BapDada and Dadiji on us at all times, to be receiving sustenance from Dadi Janki, and to be given a special treat by Dadi Gulzar's visit – the icing on the cake! Dadi Gulzar is in London from Monday 9<sup>th</sup> till Wednesday 11<sup>th</sup> June when she leaves for USA.

**Here are some of the beautiful gems that were shared with us:**

**Sister Jayanti:** Welcome to all of Baba's children from not just the UK, but also other corners of the world. Dadi Janki took me to Baba's room before coming here and it felt as though it is not difficult to become ignorant of the knowledge of desires (as per this morning's Murli) because we have found Baba and recognised the self. Baba is mine. Just thinking about what Baba has made me and what Baba gave me, thanks emerge from the heart for Baba, Dadis and also my fortune. I am sure I am not just sharing something of my own heart, but this must be the feeling in the hearts of all of you. Baba has given us everything. What more could we want?

Once Baba had said to Dadi: Child, what should I give you? What prize should I give you? Dadi asked Baba: Have you still got something hidden in your pocket? Baba has given everything. This is today's stage, not a stage of some other time. To fulfil the desires of the self and others is not something that will happen in some distant time. We are all experiencing that time and drama are moving fast. Baba's revelation is very close. In fact, it is happening now. It is not something that will happen tomorrow. Just simply recognise the self, recognise Baba, and Baba's task can be accomplished very quickly.

**Dadi Janki:** Om shanti. Today, Baba remembered the chant of om. The chant of om gave us the experience of Baba's peace, so much peace that all name and trace of peacelessness disappeared. Today is such a great day. We go to Madhuban to meet BapDada, but all of us from the UK cannot go there together. On seeing Gulzar Dadi here today, there is so much happiness and intoxication in everyone.

Baba has given UK the blessing: UK is always OK. It is the United Kingdom and so we are going to claim the royal status with unity. One said something and the other one accepted. The face and activity of a gyani child would give a vision to others. A gyani soul is not someone who just explains knowledge, but God's knowledge is filled in that soul to such an extent that he becomes an embodiment of it.

Someone had said about visiting the Retreat Centre and the Brahma Kumaris: We don't come here just to enjoy ourselves. You don't try to convince us or convert us, but you tell us the true things, the right things that we need to understand. This is what draws us here. Look inside yourself: What am I doing? What do I have to do? Old and young, all have to do the same. Who am I? Who do I belong to? What am I doing? What do I have to do? Today's murli was about looking at the self. Previously, our eyes were for looking at the world and one another. Now, the way we use our eyes has changed our internal desires and feelings.

We had the desire to know, to attain, and now there are no desires. Each one has to check the self internally. What did we see with our eyes, what did we hear with our ears, speak with our lips and what did we think? Everything was materialistic. How have we now changed? We sing Baba's praise and draw Baba's virtues

into ourselves. When we used to praise Baba, he would not listen to us. Only devotees sing His praise. But look at Him and quietly continue to become the same as He is and He will love you even more.

Baba's chariot, our Gulzar Dadi has come. Whatever each one has inside the self, celebrate the surrender ceremony from deep within. Whatever wasteful or ordinariness you have that obstructs you from creating an elevated stage, surrender that today. When you stay in an elevated stage, the situations that come in front of you would also be just as high, but just remain high up above and don't allow anything to touch your heart, your conscience or your features.

If I eat from Baba's bhandara and don't sing His praise, I am of no use. If I come into a clash of sanskars with others, I am of no use. Those from an elevated clan are concerned about the family. There is no other clan as elevated as ours. Baba is constantly giving us the introduction of Brahma: Brahma is My only child. He is the mother and also the father. Baba has created Mama in order to give us sustenance. We are receiving the teachings from both mothers. A true mother is one who does that which the teacher cannot do. The mother is the teacher and guru. The mother will give teachings to the children from their birth. Who are our mother and Father?

You are the Mother and Father, we are Your children. By being His children, we have received limitless happiness. There is no name or trace of sorrow. Let there not be the slightest feeling of sorrow or peacelessness. The first sorrow in the Brahmin clan is that of being insulted. We mustn't have any desire for regard. If you don't tolerate insult or disregard, you won't be able to become respect-worthy. It is not my dharma or karma to desire regard, but I must maintain my self-respect and keep the Lord pleased. In order to maintain self-respect, have an honest heart. The Lord is pleased with an honest heart.

**Dadi Gulzar:** Everyone's heart is speaking, and so there is no need to say anything through words. The sound of everyone's heart is reaching Baba in the subtle region. Before coming here, Dadiji was asking me: What has happened to Dadi Janki that she is asking me to come to London? Dadiji remembers all of you every day. When I left, she said: Before you give your remembrance, give my remembrance to all the UK residents. So, please accept love and remembrance from our sweet Dadiji and also remembrance from myself.

It is Baba's wonder that He makes us instruments and carries on with His work. Both our Dadi's are giving so much sustenance with so much love. Being in the UK, you have already experienced this, and therefore, Baba also gives lots and lots and lots of love and remembrance to both Dadis. It is not a small thing to sustain a family of 600,000, but Baba is Karavanhar and the Dadis are instruments and this is why there is so much love for both Dadis. When the head of any organisation departs, there is chaos, whereas here, the Creator is God Himself, and the proof of this is that when Brahma Baba existed in the corporeal form, outside people misunderstood and thought it was Dada who was doing everything. But now, they wonder: What is the miracle that everything is expanding even more now?

Avyakt BapDada always says: The children abroad have proved His title of being World Benefactor in a practical way. All of you are very lucky anyway. According to the song, "I have come having crossed all the high barriers", you have crossed all the barriers of culture, daily routine and everything else and you came flying to Baba. It is a wonder of Baba, Dadis and each one of you. Whether in Bharat or abroad, there isn't a single child of Baba who doesn't have a speciality. Baba has given each child one or another of His own speciality and always sees us with the vision of each one being a special soul. Even in the last birth, no matter what our mind and intellect have become by this time from what they were in the golden age, each one of us has recognised God. The great leaders haven't recognised God and so they can't claim their inheritance. Here, each one says with a right: My Baba! The speciality of knowing God, recognising Him and claiming a right to His inheritance is not a small thing. People are still searching and we have found Him. They spend so much holding peace conferences and we have become embodiments of peace, having let go of peacelessness. If any problem arises, say, "My Baba", and Baba will remove that problem as though it never existed. So, we are special souls. We have a right over God, so what more could we want? We said to Baba: Baba, You belong to me and I belong to You. This brought so much happiness, limitless happiness. The treasures opened for you to such an extent that they can never finish.
