

Today, I went to Baba with a message from both our long-lost and now-found beloved Dadis. As soon as I reached there, what did I see from a distance? Both Dadis had reached there before me. Just as in the sakar days Baba used to sit on the gaddi on the floor and meet everyone, in the same way, He was meeting both Dadis in the subtle region with a lot of love. He was having a sweet conversation with them and was feeding them some fruit and also eating it himself. I gradually moved forward and whilst watching this loving meeting, I reached them, and both Dadis said: Baba, we were remembering our third image of the Trimurti. She was the only one missing. Come, Gulzarben, come. You have reached here at the right time. I too then sat down with both Dadis and began to experience the pleasure of the meeting. After some time, Baba said: Seeing you Trimurti children, BapDada gives lots of blessings from His heart and sings songs, "Wah, My Dilkhush children, wah!" You harmonise your ideas amongst yourselves, make the lesson of "ha ji" firm, harmonise one another's sanskars and nature and give regard to one another and are making unlimited service grow. Simply remain service companions all the time, become an example for the gathering and continue to move forward and continue to fly. This is the method to become an instrument and to make the Brahmin gathering grow. BapDada is pleased on seeing this. After that, Baba asked: Child, what news have you brought? I replied: Baba, both Dadis must have given you the news. Then Dadiji said: No, no! We were busy celebrating a meeting with Baba. That is your duty, so you fulfil your duty. I said: Baba, Dadiji accepted your thought and went to Ahmedabad for a couple of days for her checking. She had it carried out with a lot of love, whilst being tireless. She was giving thanks to You. BapDada celebrated a sweet meeting through the eyes with both of them and said: Look children, nowadays doctors are present for the checking of the Hollywood actors all the time. You are the hero actors of the holy, happy wood, and so you also should definitely have your checking done from time to time, because all Brahmins have love for you. And in the corporeal world, everyone in the Brahmin world knows how much importance your bodies have. It is good that you fulfilled everyone's thoughts. Saying this, BapDada made Dadiji merge in Him and then asked: What other news have you brought?

I replied: Dadi Janki was saying that nowadays there is a lot of fear of war everywhere abroad. In some places, even the Brahmins fluctuate. Baba replied: Child, this fear is temporary, but this fear will bring about an attitude of disinterest in everyone, that all the facilities and companions are not going to be of any use. They want some support. They want something else for the tension in their mind, and their attention will be drawn towards spirituality. All of you children are now doing a lot of service with a lot of enthusiasm to give Baba's message everywhere: they will remember this message of what happened and what you had said. Therefore, give them the message. And for yourselves, you are increasing the power of remembrance by having 108 hours of powerful remembrance. According to the time, there has to be an impact of this service and the power of yoga. Your spiritual endeavour will enable them to have disinterest in the facilities and everyone's attention will be drawn to the One. Children, this is why you have received these signals to create the attitude of disinterest in all directions. Now, increase the spiritual endeavour of yoga even more. In order to become a destroyer of obstacles of the self, now, there won't be success just through the service through words and running around, but service has to be with the power of yoga. Both the power of yoga and the power of words have to be emerged together, because with the power of words alone, you will only be able to reach them to the extent that they say, "This is good, this is good." But when there is the balance of the power of yoga and the power of words, you will give them inspirations to become good. BapDada hears the news that when you serve just through words, there are obstacles in the self or with others. Therefore, this year, have this determined thought: I definitely have to become a destroyer of obstacles for the self and for all souls. Even if others become an obstacle, if nature and the elements become an obstacle, I definitely have to become victorious. It is the duty of the obstacles to come, and my duty to become victorious.

Saying this, BapDada gave us Trimurti very, very powerful drishti and whilst giving powerful sakaash everywhere, said: Give love and remembrance to all the children who are destroyer of obstacles. I then saw myself in the corporeal world. This was today's alokik scene. Om shanti.
