Essence: Sweet children, you have to become spiritual guides and go on this pilgrimage and enable others to go on it. This remembrance is your pilgrimage. Continue to have remembrance and your mercury of happiness will rise.

Question: Which sanskars disappear and which sanskars remain as soon as you go to the incorporeal world?

Answer: There, the sanskars of *knowledge* disappear and only the sanskars of reward remain. It is on the basis of these sanskars that you experience your reward in the golden age. The sanskars of studying and making effort do not remain there. Once you receive your reward this knowledge ends.

Song: O traveller of the night do not become weary. The destination of dawn is not far off. Om shanti. Here, God Shiva speaks personally to you. In the Gita it is mentioned that God Shri Krishna speaks. However, Krishna cannot personally appear in front you with that same name and form. It is Incorporeal God who speaks and He speaks to you personally. If they say: "God Krishna speaks", it is as though they are referring to a corporeal being. Those who relate the Vedas and scriptures would never say "God speaks" about themselves, because those sages, holy men and mahatmas etc are all corporeal. The Father says: O spiritual travellers. The spiritual Father would surely say to souls: Children, don't become weary. Some become weary whilst on a pilgrimage, and so they go back. Those are physical pilgrimages. They visit many different temples whilst going on a physical pilgrimage. Some visit the Shiva Temple where all the physical images of the path of devotion are kept. This *Supreme* Spirit, the Supreme Father, the Supreme Soul, gives you this knowledge and says to you souls: O children, connect your intellect's yoga to Me alone. When people go on those pilgrimages, there are brahmin priests sitting there who sing and relate stories from the scriptures to them. However, yours is only the one true story of becoming a true Narayan, that is, of becoming Narayan from an ordinary man. You understand that you will first go to the *sweet home* and later come down to land of Vishnu. At this time, you are in the land of Brahma. This is called your parents' home. You don't have any jewellery etc. because you are in your parents' home. You understand that you are to receive limitless happiness in your in-laws' home. Here, in your iron-aged in-laws' home there is limitless sorrow. You have to go across to that land of happiness. You have to be *transferred* from here. The Father will seat you all in His eyes and take you home. Krishna's father has been portrayed carrying him across the river in a basket. Here, the unlimited Father takes you children across to your in-laws home. First, He will take you to your incorporeal home and later send you to your in-laws' home. You will forget all these aspects of the in-laws home and the parents' home when you reach the land of peace. That is your Incorporeal Parent's home. There you will have forgotten this *knowledge*. The sanskars of *knowledge* will have disappeared and only the sanskars of your reward will remain. Then you children will only have the awareness of your reward. You will go and take a birth of happiness according to your reward. You have to go to the land of happiness. That is the land of peace; this *knowledge* will not remain there. Once you receive your reward, this knowledge finishes. You understand that whatever *acts* took place at the time of reward, the same will take place again. Your sanskars will become those of the reward. Your sanskars are now those of making effort. It is not that the sanskars of both effort and reward will remain there; no. This knowledge does not remain there. This is your spiritual pilgrimage and the Father is your *Chief* Guide. In fact, you also become spiritual guides and take everyone along with you. Those guides are physical, whereas you guides are spiritual. They go to Amarnath with great pomp and splendour. Large groups go especially to Amarnath with pomp and splendour. Baba has seen many sages and holy men etc. take musical instruments there. They also take a *doctor* along with them because the climate there is cold and some fall ill. Your pilgrimage is very easy. The Father says: Your pilgrimage is of remembrance. The main thing is remembrance. Your mercury of happiness will remain high if you children continue to have remembrance. You also have to take others along with you on this pilgrimage. This pilgrimage only takes place once. Those physical pilgrimages begin to take place on the path of devotion, but they don't begin right at the beginning. It is not that the temples and images are made

straightaway; they are made gradually later on. First, the temple to Shiva will be built. They first build a Somnath temple (image of Shiva) in their homes, so that there is no need to go anywhere. All of those temples etc are built later on. In the copper age, it take a great deal of time because the new scriptures, new pictures, new temples continue to be made very slowly. It takes *time* because there also has to be those who study the scriptures. It is when the cult increases that the thought arises to create scriptures. It takes *time* to create so many pilgrimage places, so many temples and pictures. Although it is said that the path of devotion begins in the copper age, it still takes *time*. The degrees continue to decrease. Devotion is at first unadulterated and then later becomes adulterated. The evidence of all these aspects has been shown very clearly in the pictures. Those who explain should use their intellect as to how they should create such pictures to explain these various aspects. These ideas are not in everyone's intellect. All are numberwise. Some are not able to use their intellect at all for this, and so they receive a status accordingly. It is understood what they will become. As you go further, you will understand this more. When war takes place you will see everything *practically*. Then you will repent a great deal. You will not be able to study at that time. At the time of war, there will be cries of distress; you will not be able to listen to it. Who knows what will happen? You saw what happened at the time of *partition*. The time of destruction is very severe. Yes, you will receive many visions through which you will come to know how much each one has studied. There will be a great deal of repentance and you will also receive visions. You stopped studying and this is why your condition has become such. How can Dharamraj punish you without first giving you a vision? He will give visions of everything. You will not be able to do anything at that time. You will say: "Oh, my misfortune"! The time for making effort will have ended. Therefore, the Father says: Why not make effort now? It is through *service* that you will claim the Father's heart throne. The Father would say: This child is doing good *service*. If a *military* person dies, his colleagues, friends and relatives are also given an award. Here, it is the unlimited Father who gives you the award. You receive the award for your future 21 births from the Father. Each one of you should place your hand on your heart and ask yourself how much you study. If you are unable to imbibe knowledge, it would be said that it is not in your fortune. It would be said that your karma (destiny) is not so good. Those who performed a lot of bad actions cannot take in any of this knowledge. The Father explains: Sweet children, you also have to take your companions with you on this spiritual pilgrimage. It is your duty to tell everyone about this pilgrimage. Tell them that this pilgrimage of ours is spiritual whereas other pilgrimages are physical. They show a magic lake near Rangoon. It is said that by bathing in it you can become a fairy. However, no one becomes a fairy. It is a question of bathing in knowledge through which you become an empress of Paradise. It is a *common* thing for you to go to and come from Paradise through the powers of knowledge and yoga. In fact, you are stopped from repeatedly going into trance, as that would become a habit. Therefore, this is the Mansarovar of Knowledge. The Supreme Father, the Supreme Soul, comes and gives you this knowledge through this human body. This is why it is called Mansarovar. The meaning of the word "Mansarovar" comes from the ocean; it is very good to bathe in the ocean of knowledge. The wife (of an emperor) in Paradise is called an empress. The Father says: You too have to become the masters of Paradise. There is *love* for the children. There is mercy for all. There is also mercy for the holy men. It is written in the Gita that God also uplifts the holy men. Upliftment takes place through knowledge and yoga. You children need to be very alert and active in order to explain to others. Tell them: You know everything, but it is like buttermilk. You do not know the One who gives the butter. The Father explains everything to you very clearly, but it all depends on how much of it sits in your intellect. By recognizing the Father, human beings become like diamonds. By not knowing Him, human beings become like shells and totally impure. By knowing the Father they become pure. There is no one pure in the impure world. The children who are maharathis will be able to explain these aspects very well. There are many Brahma Kumars and Kumaris. The name Prajapita Brahma is renowned. You are the mouth-born children of Prajapita Brahma. Brahma has been portrayed with 100 arms and 1000 arms. It has also been explained that Brahma cannot have that many arms. Brahma has many children. Whose child is Brahma? He too has a Father. Brahma is Shiv Baba's child. Who else could be this one's father? It cannot be a human being. Brahma, Vishnu and Shankar are remembered as

residents of the subtle region; they cannot come here. Brahma, the Father of the People, would surely be here. He cannot create people in the subtle region. Therefore, the Supreme Father, the Supreme Soul, comes and creates the Shiv Shakti Army through the mouth of Brahma. You first have to introduce yourselves as the mouth-born children of Brahma. Tell them that they too are the children of Brahma. Prajapita Brahma is the father of all. Later, other generations emerge from him and then the names keep changing. You are now Brahmins. You can see how many children Prajapita Brahma has in a *practical* way. Children must surely receive an inheritance. Brahma does not have any *property*. It is Shiv Baba who has all the *property*. Brahma is Shiva's son. You receive your inheritance from the unlimited Father. Shiv Baba sits here and teaches you through Brahma. You receive your inheritance from the Grandfather. Baba explains a great deal, but you don't have yoga. What can the Father do if you do not do things according to the law? The Father says: That is your fortune. If you were to ask Baba, Baba could tell you from your present condition what status you would receive. Your heart is the witness to tell you how much *service* you do and to what extent you follow shrimat. Shrimat says: Manmanabhav! Continue to give everyone the introduction of the Father and the inheritance. Continue to beat these drums. Baba continues to give you a signal that you have to explain to the *Government*, so that they too can understand that the strength of Bharat has definitely been lost. There is no yoga with the Supreme Father, the Supreme Soul, the Almighty Authority. When you have yoga with Him, you are able to conquer Maya and thereby become the masters of the world. You conquer Maya whilst living at home with your family. The Father is our Helper. So much is explained to you, but you have to imbibe it. Baba has explained: Wealth is not reduced by donating it. Only when you do *service* will you climb onto Baba's heart-throne. Otherwise, it is *impossible*. This does not mean that Baba does not love you. Baba loves the *serviceable* ones. You have to make effort to make everyone worthy of going on the pilgrimage of Manmanabhav. This is a spiritual pilgrimage. Remember Me and you will come to Me. After coming to the land of Shiva, you will go to the land of Vishnu. Only you children know these things. Although they study a great deal, none of them understand the meaning of Manmanabhav. The Father gives you this great mantra: Remember Me and you will become conquerors of sin. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Bathe in knowledge. Serve others with love and climb on to Baba's heart-throne. Never become careless at this time of making effort.
2. You have to go across this iron-aged land of sorrow to the land of happiness by sitting on Baba's eyelids. Therefore, *transfer* everything you have.

Blessing:

In this life of dying alive, may you remain ignorant of even the knowledge of desires and thereby remain constantly content.

You children have died alive in order to remain constantly content. Where there is contentment, there are all virtues and powers. This is because you have made the Creator belong to you. Having found the Father, you have received everything. You receive multimillionfold more than all your desires put together. Compared to what you receive, your desires are like a candle flame in front of the sun. Let alone having any desires, you are not even aware of what desires are. You are full of all attainments and constantly a jewel of contentment and are therefore innocent of even the knowledge of desires.

Slogan:

Those who have *easy* sanskars are able to *mould* themselves to any situation.

*** O M S H A N T I ***

Essence: Sweet children, Bharat that was like a diamond has become poverty-stricken by becoming impure. You now have to make it pure like a diamond once again. You have to plant the *sapling* of the sweet deity tree.

Question: What are the Father's tasks in which children have to become His helpers?

Answer: To establish the *deity government* over the whole world, to destroy the innumerable religions and establish the one true religion are the Father's tasks. You children have to become helpers in these tasks. You have to make effort to claim a high status. Don't think that you will go to heaven anyway.

Song: You are the Mother and You are the Father...

Om shanti. People of the world sing: You are the Mother and You are the Father, but they don't know to whom they are referring. This is also something *wonderful*. They simply say this for the sake of saying it. It is truly in your intellect who this Mother and Father is. He is the Resident of the supreme abode. There is only one supreme abode. The golden age cannot be called the supreme abode. The golden age is here and we are all the ones who reside in the supreme abode. You souls know that you came from the supreme abode, the land of nirvana, to this corporeal world. Heaven is not up above. You come from the supreme abode. You children now know that you are playing your *part* through your body. You now know how many births you take and how you play your *part*. That One is the Resident of the faraway land and has come to this foreign land. Why is it called a foreign land? You come to Bharat, do you not? However, first of all, you go to heaven established by the Father and then that becomes hell, the kingdom of Ravan. There are innumerable religions and innumerable *governments*. Then the Father comes and creates the one kingdom. Now there are many *governments*. They all continue to say that all should unite and become one. How could all of them be united and become one? 5000 years ago there was one *government* in Bharat. Lakshmi and Narayan were the *world almighty authority*. There is no other *authority* that can rule the world. All the religions cannot come into the one religion. There was just the one *government* in heaven and this is why they say that all should become one. The Father says: I now inspire the destruction of the many *governments* and I establish the one original eternal *deity government*. You too say: We are establishing the kingdom of the one *deity government* in Bharat according to the *directions* of the *World Almighty Authority*, the One with all Powers. There cannot be one *government* anywhere apart from the *deity government*. 5000 years ago, there was the one *deity government* in Bharat, that is, in the whole world. The Father has now come once again to establish the *deity government* in the world once again. We children are His helpers. This secret is mentioned in the Gita. This is the sacrificial fire of the knowledge of Rudra. The Incorporeal One is called Rudra. Krishna cannot be called this. The name Rudra is of the Incorporeal One. Hearing many names, people think that Rudra is separate from Somnath. So, now the one *deity government* has to be established. Don't become happy thinking that you will go to heaven anyway. Look how people beat their heads so much for a status in hell. First they receive a status and second they earn a lot of money. There has to be one God for the devotees otherwise they would wander around. Here they call everyone God. They consider many to be incarnations. The Father says: I only come once. They sing: Oh Purifier, come! The whole world is impure and in that, Bharat is the most impure. Bharat is poverty-stricken and Bharat was like a diamond. You are to receive a kingdom in the new world. The Father explains that Krishna cannot be called God. Only the one Incorporeal Supreme Father, the Supreme Soul who is beyond birth and death, can be called God. People say: He is God and I am God. We have come here simply to enjoy ourselves. They remain very intoxicated. Wherever I look, I only see You. This is all Your wonder! I am You and You are me. They simply continue to *dance* and they have thousands of *followers*. The Father says: Devotees continue to pray to God. On the path of bhakti, they worship God with a lot of faith. Baba says: I grant them a vision. However, they don't meet Me. I am the Creator of heaven. It isn't that I give them the inheritance of heaven. There is only one God. The Father says: Having taken rebirth everyone has now become weak. I have now come from the supreme abode. I don't enter the heaven that I establish. Many people say that they do altruistic service, but whether they want it or not, they definitely do receive the fruit of what they do. They make donations and so they definitely receive that

fruit. You became wealthy because you made donations and performed charity in the *past*. You are now making effort. The more effort you make, the higher the status you will claim in the future. You are now being taught to perform good actions for your future many births; people do that for their next birth. They also say that that is the fruit of their *past* actions. You would not say this in the golden and silver ages. The fruit of actions for 21 births is being prepared now. The reward of the effort of the confluence age continues for 21 generations. Sannyasis cannot say that they are creating such a reward for you that you will remain happy for 21 births. God has to give good or bad fruit. So they have made just the one mistake in which they have lengthened the duration of the cycle. There are many who say that the cycle is 5000 years. A Muslim came to you and said that the duration of the cycle is really 5000 years. He would have heard the things that we speak of here. The pictures go to everyone, but not everyone would believe this. You know that this is the sacrificial fire of the knowledge of Rudra through which the flames of destruction emerged. Easy Raja Yoga is taught here. The Krishna soul is now in his final birth and is receiving his inheritance from Shiva (Rudra). He is sitting here. Baba is separate from this one. When they feed a Brahmin priest and invoke a soul, that soul then enters the body of the brahmin and speaks. People especially go on pilgrimages and invoke souls. That soul has been gone for so long, so how does he come? What happens? The soul says: I am very happy. I have taken birth in such-and-such a home. What happens there? Is it that the soul left that place and came here? The Father explains: I give them the fruit of their love and they become happy. This too is a secret in the *drama*. They speak and so that *part* continues. If someone doesn't speak, it is because it is not fixed. Stay in remembrance of the Father and your sins will be absolved. There is no other method. Everyone has to go through the stages of sato, rajo and tamo. The Father says: I make you into the masters of the new world. I have once again come from the supreme abode into the old world and entered an old body. This one was worthy of worship. He became a worshipper and is now becoming worthy of worship again. The same applies to you. I also make you the same. This one is the *number* one effort-maker. This is why you say, "Mateshwari, PitaShri". The Father also says: Make effort to be seated on the throne. This Jagadamba fulfils everyone's desires. Since there is the mother, there must also be the father and also the children. You show everyone the path. All your desires are fulfilled in the golden age. Baba says: If, whilst living at home you have full yoga, you can claim a status higher than those who live here. There are many who are in bondage. Last night, Baba was explaining to the *Home Minister* that a solution should be found for this so that weak ones are not assaulted. However, they would only think about this when they hear it two to four times. They will accept this if it is in their fortune. This knowledge is very slippery. If those of the Sikh religion were to know this, they would understand the verse "it didn't take long to create deities from human beings". Who did that? They sing His praise: The Incorporeal is only One, the One whose name is the Truth, the Immortal Image. The brahm element is His throne. They say: Leave Your throne and come here. The Father sits here and explains to you. He knows the beginning, middle and end of the whole world. It isn't that He knows what is in the heart of each one. People remember God for Him to take them into salvation. Baba says: I am establishing the *World Almighty Authority Deity Government*. All these *partitions* that have taken place will be removed. A *sapling* has to be planted of those who belong to our deity religion. The tree is very big. The sweetest amongst it are the deities. Their *sapling* has to be planted. Those of the other innumerable religions who come do not plant saplings.

Achcha, today it is Satguruwar (the day of the Satguru). The Father says: Children, follow shrimat and become pure and I will take you back with Me. Then, whether you become a velvet queen or a silk queen, if you want to claim an inheritance, follow My directions. It is only through remembrance that you will become pure from impure. Achcha. Love, remembrance and salutations from BapDada and sweet Mama to the long-lost and now-found children.

Essence for dharna:

1. The reward of the efforts of the confluence is to last for 21 births. Perform elevated actions keeping this in your awareness. Create your reward by donating knowledge.
2. The *sapling* of the sweet deity tree is being planted. Therefore become extremely sweet.

Blessing: May you constantly be an embodiment of power and with the art of keeping your mind *busy*, remain free from waste.

Just as in today's world, people with a high *position* keep to a *set* daily programme according to their timetable, in the same way, you, who are the images of support for the renewal of the world, the *hero actors* within the world *drama*, those with a life like a diamond, also have to *set a programme* to stabilise your mind and intellect in a powerful stage. Make full *use* of the art of keeping your mind *busy* and you will become free from waste. You will never become *upset*.

Slogan: Seeing every scene of the *drama*, remain cheerful and you will never be pulled towards good or bad.

*** O M S H A N T I ***

Essence: Sweet children, make yourselves *ever-free* from disease with the medicine of remembrance. Instil the habit of remembrance and of spinning the discus of self-realization and you will become a conqueror of sinful actions.

Question: What is the sign of the children who are constantly concerned about their self-progress?

Answer: Their every *act* will be on the basis of shrimat. The Father's shrimat is: Children, don't come into body consciousness. Keep a *chart* of your pilgrimage of remembrance. Keep a record of your account of profit and loss. *Check* for how long you stayed in remembrance of Baba and for how long you explained to others.

Song: You are the Ocean of Love. We thirst for one drop from You...

Om shanti. When you sit here, sit in remembrance of the Father. Because you are body conscious, Maya prevents you from staying in remembrance. Some remember their friends and relatives, and others remember food and drink etc. When you come here, you should invoke the Father, just as they invoke Lakshmi when they worship her. However, she doesn't really come. Whether you say "Remember the Father" or "Invoke Him", it is the same thing. It is through remembrance that your sins will be absolved. You are not able to imbibe this knowledge, because you have committed many sins. This is also why you are not able to remember the Father. The more you remember the Father, the more you will become conquerors of sinful actions and the more *healthy* you will become. It is very easy, yet Maya, the sins of the *past*, hinders you. The Father says: For half a cycle you have been remembering Me inaccurately. You are invoking Him in a *practical* way because you know that He is going to come and speak the murli. However, this habit of remembrance must be instilled. In order to make you free from disease, the *Surgeon* gives you medicine: Remember Me! Then, you will come to meet Me. You will attain your inheritance by remembering Me. Remember the Father and the *sweet home*. Keep in your intellect the place you are to return to. Only the Father comes here and gives you the true message. No one else can give you God's message. Others come down here onto the *stage* to play a *part*. They forget who God is. They don't know about God. In fact, they cannot be called *messengers*. It was human beings who gave them that name. They come down here to play their *part*, so how would they remember Him? Whilst playing their *part*, they have to become impure. Then, at the end, they have to become pure. It is the Father who comes and makes them pure. You become pure by remembering the Father. The Father says: There is only one method for purification: forget all your bodily relations including your own body. You know: I, the soul, have been given the order to have remembrance. By following this order you will be called obedient. The more effort you make in this, the more obedient you become. If you have less remembrance, it means that you are less obedient. It is the obedient ones who claim a high status. The Father's first order is: Remember Me, your Father and secondly imbibe this *knowledge*. If you do not stay in remembrance, you will have to endure a great deal of punishment. You will receive a great deal of wealth if you continue to spin the discus of self-realisation. God speaks: Remember Me and spin the discus of self-realisation, that is, understand the beginning, the middle and the end of the *drama*. Recognise Me and understand from Me the beginning, the middle and the end of the cycle. These are the two main aspects. You have to pay *attention* to these. If you pay full *attention* to shrimat, you will claim a high status. Become ones with a merciful heart and show the path to everyone. Bring benefit to them. Create a method to take all your friends and relatives on this true pilgrimage. Those are physical pilgrimages whereas this is the spiritual pilgrimage. No one else has this *spiritual knowledge*. All of their knowledge is just *philosophy* of the scriptures. This is *spiritual knowledge*. The *Supreme Spirit* gives this *knowledge* to explain to the spirits and then take them back home. When some children come and sit here, it is just for the sake of it. They don't have any concern for their own self-progress. They have a great deal of body consciousness. If they were to become soul conscious they would become merciful and follow shrimat. They are not obedient. The Father says: Keep a *chart* of how long you stayed in remembrance and at what times you stayed in remembrance. Previously, you used to keep a *chart*. Achcha, if you don't send your *chart* to Baba, at least keep it with you. Look at your face and see if you have become worthy of claiming Lakshmi. Business people keep their accounts. Some people keep an account of their whole day's activity. It is as though they have the *hobby* of writing it. It is very good to keep an account of how long you stayed in remembrance of Baba and for how long you explained to others.

If you keep such a *chart*, you can make a lot of progress. The Father gives you advice about what you should do. You children have to make your own progress. Those who are to become the beads of the rosary have to make a great deal of effort. Baba has said that the rosary of Brahmins cannot be created now; it will only be created at the end when the rosary of Rudra is created. The beads of the rosary of Brahmins keep changing. Those who are in the third or fourth number today become the *last* ones tomorrow. There is such a difference! Some fall and become degraded. They don't just fall out of the rosary, they go and become cremators of the subjects. If you want to be threaded in the rosary you have to make a great deal of effort. Baba gives very good advice on how to make self-progress. Baba says this for everyone. Even someone who is dumb can remind others of Baba with a signal. He can go even higher than those who are able to speak. Someone blind or crippled can claim a status higher than those who are healthy. A signal is given in a *second*. "Liberation-in-life in a *second*" has been remembered. As soon as you belong to the Father, you certainly receive an inheritance. However, the status you receive is surely numberwise. As soon as a child is born, he receives the right to his inheritance. Here, all of you souls are *males* and so you have to claim from the *Father* the right to the inheritance. Everything depends on effort, but then it would also be said that you also made the same effort in the previous cycle. This is *boxing* with Maya. The Pandavas fight with Maya, Ravan. Some make effort and become the masters of the world with a *double* crown, whereas others become maids and servants of the subjects. All are studying here. A kingdom is being established. Baba's *attention* is definitely drawn towards the leading beads. It is understood from their efforts how much progress the eight beads are making. It is not that He knows the secrets of everyone's heart or that He *reads* what's happening inside everyone. No. To be Janijananhar means to know everything. It is not that He knows everything in each one's heart. Janijananhar means to be *knowledge-full*. He knows the beginning, the middle and the end of the world. It is not that He would sit and *read* what is in the heart of each one. Do you think I am a *thought-reader*? I am Janijananhar, that is, *knowledge-full*. The *past*, *present* and *future* are called the beginning, the middle and the end of the world. I know how the *repetition* of this cycle *repeats*. I come to teach you children this *knowledge*. Each one of you can understand how much *service* you do and to what extent you are studying. It is not that Baba sits and knows what is inside each one of you. Baba would not sit and do that business. He is the Knower of all Secrets. He is the *knowledge-full* Seed of the human world tree. He says that He knows the beginning, the middle and the end of the human world and its main *actors*. The rest of creation is limitless. The word "Janijananhar" (One who knows all secrets) is very old. I teach you whatever *knowledge* I have. Nevertheless, I will not sit all day and watch what you do. I come to teach you easy knowledge and yoga. The Father says: I have many children. I reveal Myself to the children. All My business is with the children. I am the Father of those who become My children. Then only can I understand whether that child is a real one or a step-child. Each one is studying. You should *act* on the basis of *shrimat* and become benefactors. You children understand the *day* of the Lord of the Tree as the day of the Lord of Jupiter, As well as Shiva, He is the Lord of the Tree. Both are one. Children start *school* on a Thursday (the day of the Satguru), and so that is like adopting a guru (their teacher). Today it is Monday, the *day* of Somnath (Lord of the Nectar), and so Shiv Baba is giving you nectar to drink. In fact, His name is Shiva but because He teaches you He is called Somnath. Somnath is also called Rudra. He creates the sacrificial fire of knowledge of Rudra and so He becomes the One who gives knowledge. He has been given many names and an explanation is given of each one. From the beginning only this one yagya has continued. No one knows that everything of the whole old world is going to be sacrificed into this sacrificial fire. All human beings and everything else, including the elements, will be transformed. You children are going to see this. You have to become mahavirs (brave and courageous) in order to see it. No matter what happens, you should not forget Baba. Human beings will continue to cry out in distress. First of all, explain to everyone: Just think, in the golden age, there was only one Bharat. There were very few human beings and there was only one religion. Now, at the end of the iron age, there are so many religions. For how long will this continue? The golden age will definitely come after the iron age. Now, who would establish heaven? Only the one Father is the Creator. There is establishment of the golden age and destruction of the iron age. That destruction is standing in front of you. You have now received the *knowledge* of the *past*, *present* and

future from the Father. You have to spin the discus of self-realisation. Remember the Father and the Father's creation. It is such an easy thing.

Song: You are the Ocean of Love. On the picture it is written "*Ocean of Knowledge, Ocean of Bliss*", but you must definitely add the words, "*Ocean of Love*". The Father's praise is totally unique. By saying that He is omnipresent they destroy His praise. Therefore, the words "*Ocean of Love*" must definitely be written. This is the love of the unlimited Mother and Father. It is of Him that they say: "Through Your grace we receive limitless happiness." However, they don't know this. Now the Father says: By knowing Me, you will come to know everything. Only I explain the knowledge of the beginning, the middle and the end of the world. It is not just a question of one birth, but He knows the *past, present* and *future* of the whole world. So how much should enter your intellect. Those who do not become soul conscious cannot imbibe this knowledge. Body consciousness has continued for the whole cycle. Even in the golden age, there is no knowledge of God. You forget the knowledge of God when you come down here to play your *part*. You do understand that a soul sheds one body and takes another. However, there is no question of sorrow there. The Father's praise is that He is the Ocean of Knowledge and the Ocean of Love. The one drop is: Manmanabhav and Madhyajibhav. By receiving this drop, you are able to go across the ocean of poison into the ocean of milk. People say that rivers of milk and ghee flow in heaven. All of that is just praise. How can there be rivers of milk and ghee? After a rainfall, only water would flow. Where would ghee come from? That is just an indication of the richness there. You also understand what is known as heaven. Although there is a *model* of heaven in Ajmer, no one knows anything. You can explain to anyone and they will understand very quickly. Just as the Father has the knowledge of the beginning, the middle and the end of the world, in the same way, this should spin in the intellects of you children too. You have to give the Father's introduction. You have to relate His praise *accurately*. His praise is limitless. Not everyone can be the same. Each one has received his own *part*. As you go further you will see whatever Baba showed you in divine visions happening in a *practical* way. He continues to give you visions of establishment and destruction. Arjuna was also granted visions which he later saw in a *practical* way. You too will see destruction with your physical eyes. You have had visions of Paradise. Those visions will come to an end when you go there in a *practical* way. Very good things are being explained, which you children have to explain to others. Brothers and sisters: Come and claim your inheritance from Baba through this knowledge and yoga. Baba is *correcting* the invitation letter. At the bottom, He signed it: We are present on Godly service, using our mind, body and wealth for this task. As time goes by there will be praise. Those who claimed their inheritance a cycle ago will definitely come. However, you do have to make effort. Then, gradually, your degree of happiness will rise and that happiness will remain stable. Then you will not wilt again and again. Many storms will come but you have to overcome them. Continue to follow shrimat. Also stay in connection with others. Until you give Baba the proof of *service*, Baba cannot engage you fully in this *service*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Pay full *attention* to shrimat and bring benefit to yourself and others. Become merciful and enable everyone to go on this true pilgrimage.
2. Follow every order Baba gives you. Definitely keep a *chart* of remembrance and service. Spin the discus of self-realisation.

Blessing: May you be obedient and receive blessings from God by placing your foot in the footsteps of the Father.

To be obedient means to place your foot (your intellect) in the footsteps of BapDada's orders. Only such obedient children receive God's blessings of all relationships with the One. This is also a law. Ordinarily, when you say "Ha ji" and carry out the task that someone is requesting of you, you definitely receive blessings from that soul. However, here, the blessings from God that you obedient souls receive make you constantly *double-light*.

Slogan: You will stop being ordinary when you decorate your life with divinity and spirituality. * * *

Essence: Sweet children, whilst living at home with your family, fulfil your responsibility to everyone. You should not have dislike for anyone, but you definitely do have to become as pure as a lotus flower.

Question: When will the bells of victory chime? When will you be praised?

Answer: At the end, when the eclipse of Maya stops influencing you, when your *line* is constantly *clear*, the bells of victory will then chime and you children will be praised. As yet, you children are still experiencing the eclipse of Maya and obstacles continue to come. You even find it difficult to find even three feet of land to do service. However, the time will come when you children will be the masters of the whole world.

Song: Be patient, o mind, your days of happiness are about to come!

Om shanti. Children understand numberwise, according to the effort they make that this old play is now ending. Just a few moments of sorrow still remain and then there will be constant happiness. When you know about happiness, you can understand that this is the land of sorrow. There is a *vast different*. You are now making effort for happiness. You understand that this old play of sorrow is ending. You are now following BapDada's shrimat to attain happiness. It is very easy to explain to anyone. You now have to return home to Baba. Baba has come to take you back with Him. Remain as pure as a lotus flower whilst living at home with your family. You definitely have to fulfil your household responsibilities. If you do not fulfil your responsibilities you would be like sannyasis. Because they do not fulfil their household responsibilities, they are called those who belong to the path of isolation, those who practise hatha yoga. Whatever is taught by sannyasis is called hatha yoga, whereas you are studying Raja Yoga, which is taught by God. The religious scripture of Bharat is the Gita. You are not concerned with the religious scriptures of others. Sannyasis do not belong to the household path. Their path is hatha yoga. They abandon their family and go and live in the forests, and so they have to take birth as renunciates for birth after birth, whereas you live at home, in your household, and renounce everything for just one birth and you receive the reward of that for 21 births. Their renunciation is limited and they practise hatha yoga. Your renunciation is unlimited and you practise Raja yoga. They renounce their household and business. Raja Yoga is praised a great deal. God taught Raja Yoga, and so He must surely be called the Highest on High. Shri Krishna cannot be God. The unlimited Father is the Incorporeal One. Only He can give you the unlimited kingdom. Here, you don't have there is no dislike for family life. The Father says: In this last birth, remain pure whilst living at home with your family. No sannyasi can be called the Purifier. Sannyasis themselves call out: Oh Purifier! They remember that One. They also want a pure world, but they don't know that that world is totally different. Since they don't live in a household, they don't believe in the deities. They can never teach Raja Yoga. Neither does the Father teach hatha yoga nor do sannyasis teach Raja Yoga. This matter has to be understood. A *world conference* is going to be held in Delhi. Explain to them and give it to all of them in writing. There, there are many conflicting ideas. When you put it in writing, everyone will understand what your aim is. You understand that we are now part of the elevated Brahmin clan. How could we become a *member* of the shudra clan or how could we *register* ourselves in a vicious clan? This is why we refuse to register. We are theists and they are atheists. They do not believe in God, whereas we remain in yoga with God. Therefore, there is a conflict of ideas. It has been explained that those who do not know the Father are atheists. Therefore, only the Father can come and make them theists. By belonging to the Father, you receive your inheritance from Him. This is a very deep matter. First of all, you have to instill in their intellect that the Supreme Father, the Supreme Soul, is the God of the Gita. He is the One who established the original eternal deity religion. The deity religion is the main religion of Bharat. The land of Bharat has to have a religion. They have forgotten their religion. You also understand that, according to the *drama*, the people of Bharat had to forget their religion so that the Father could then come and establish it again. Otherwise, how could the Father come? He says: I come when the deity religion has disappeared. It definitely has to disappear. It is said that one leg of the bull that supports the world is broken and that it is standing on three legs. So, there are four main religions. The leg of the deity religion is now broken, that is, that religion has disappeared. This is why the example of the banyan tree is given.

Although its *foundation* has rotted away, its many branches and twigs still remain. So here, too, the *foundation* of the deity religion no longer exists but there are many sects and cults all over the world. There is now total light in your intellect. The Father says: You children have now come to know this *drama*. This whole tree has now become old. The golden age will definitely come after the iron age; the cycle definitely has to turn. You have to keep it in your intellect that the play is now over and that we are returning home. As you walk, as you move around, remember: We now have to return home. This is the real meaning of manmanabhav and madhyajibhav. If you have to give a lecture to a large audience, explain that the Supreme Father, the Supreme Soul, is once again saying: O children, renounce the consciousness of your body and all bodily religions and consider yourself to be a soul; remember the Father and all your sins will be absolved. I am teaching you Raja Yoga. Whilst living in your household, remain like a lotus flower and remember Me. Remain pure and imbibe this *knowledge*. Everyone is now degraded. In the golden age the deities were in salvation. The Father comes again and grants salvation. The qualities of salvation are 16 celestial degrees completely pure and full of all divine virtues. Who gives you these qualities? The Father. What then are His qualities? He is the Ocean of Knowledge, the Ocean of Bliss. His praise is totally separate. It is not that everyone is the same. All souls are the children of the one Father. There are also the children of Prajapita Brahma. The new creation is now being created. All are the children of the Father of Humanity. However, those people don't understand these things. The Brahmin caste is the highest of all. The castes of Bharat have been remembered. Whilst taking 84 births you have to *pass* through these castes. The Brahmin clan exists at the confluence age. You children now remain in *sweet silence*. This *silence* is the best of all. In fact, the necklace of peace is around your neck. Everyone wants to go to the home of peace, but who can show them the way? No one, except the Ocean of Peace, can show you the way. He has been given good *titles*: Ocean of Peace, Ocean of Knowledge. Shri Krishna is the *prince* of heaven. Baba is the Seed of the human world tree. There is the difference of day and night. Krishna cannot be called the Seed of the human world tree. This proves that the knowledge of omnipresence is not valid. The Father has His own praise. He is eternally worthy of worship. He never becomes a worshipper. Those who first come from up above are the ones who become worshippers from being worthy of worship. Many *points* are explained to you. So many come to the *exhibitions*, but only a handful out of multimillions emerge, because the destination is very high. Countless subjects will continue to be created. Out of multimillions only a handful emerge who become the beads of the rosary. There is the example of Narad. He was told to look at his face to see if he was worthy to claim Lakshmi as his bride. Many subjects will be created, but a king is still a king! One king has hundreds of thousands of subjects. You have to make elevated effort. Amongst the kings as well, some are great kings and some are not as great. There are so many kings in Bharat. Even in the golden age there are many maharajas. This has continued since the beginning of the golden age. The maharajas have many *properties* and the kings have less. This is the *knowledge* to become Shri Lakshmi and Narayan. It is for this that you continue to make effort. When you are asked; "Will you claim the status of Lakshmi and Narayan or the status of Rama and Sita?" you reply: We will only claim the status of Lakshmi and Narayan. We will claim our full inheritance from the Mother and Father. These are such *wonderful* matters. Such matters do not arise anywhere else, nor are they written in the scriptures. The lock on your intellect has now opened. The Father explains: As you walk and move around, maintain the consciousness of being an *actor* and that you have to return home. To remember this is called being manmanabhav and madhyajibhav. The Father reminds you again and again: I have come to take you back home. This is your spiritual pilgrimage. No one except the Father can take you on this pilgrimage. You have to praise Bharat a great deal. This Bharat is the *holiest land*. Only the one Father is the Remover of Sorrow, the Bestower of Happiness and the Bestower of Salvation for all. Bharat is His *birthplace*. That Father is the *Liberator* of all. This is His most elevated pilgrimage place. Although people of Bharat go to the Shiva Temple, they do not know Him. They know Gandhi and believe that he was very good; this is why they go and offer him flowers etc. They spend hundreds of thousands of rupees on that. It is now their government, and so they can do whatever they want. The Father sits here and establishes this religion in an incognito way. This kingdom is now totally separate. In Bharat, in the beginning, it was the kingdom of

deities. They show a battle taking place between the deities and the devils, but nothing like that happened. It is here on the battlefield that you conquer Maya. Surely, only the Almighty Authority can enable you to conquer Maya. Krishna cannot be called the Almighty Authority. Only Baba can liberate you from the kingdom of Ravan and establish the kingdom of Rama. However, there is no question of a battle etc. there. If you look around, it is the Christians who are now the almighty authority. If they wanted to, they could conquer everyone. However, it is not the law for them to become the masters of the world. Only you understand this secret. At this time, the kingdom of Christians is the most powerful authority. In fact, their population should be the least because they came *last*. However, out of the three religions theirs is the strongest of all and they have everyone under their control. This too is fixed in the *drama*. It is through them that we will receive our kingdom again. There is a story of how two cats were fighting each other and a third one took the butter. Whilst they wage war amongst themselves the people of Bharat will take the butter from in-between. The story itself is only worth pennies, but the meaning of it is so great! Human beings are so senseless. Even though they are *actors* in the drama, they do not understand the *drama*. They have become senseless. It is only the poor who will understand this. The wealthy don't understand anything. The Father is remembered as the Lord of the Poor and the Purifier. He is now playing that *part* in a *practical* way. You have to explain this to large audiences. Common sense says that, little by little, His praise will be sung, and the bells will chime at the *last moment*. As yet, children are still eclipsed by bad omens. Their *line* is not *clear*. Obstacles continue to come. They will continue to come according to the *drama*. The more effort you make, the higher the status you will attain. It is remembered with regard to this time that the Pandavas didn't even have three feet of land. However, no one knows that they were the ones who later became the masters of the world in a *practical* form. You children now understand that you don't need to be unhappy about this. The same thing happened in the previous cycle too. You have to stay on the rails of the *drama*; you must not waver. The play is now about to end, and you will go to the land of happiness. Study in such a way that you claim a high status. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. As you walk, as you move, maintain the consciousness that you are an *actor* and remain stable on the rails of the *drama*. Let it remain in your intellect that we are now on a pilgrimage and returning home.
2. Imbibe all the qualities for salvation within yourself. Become full of all the divine virtues and 16 celestial degrees completely pure.

Blessing: May you be one whose activities are elevated and become constantly powerful by ending the burden of disobedience in small matters.

1) You have been instructed to get up at amrit vela, and you do get up and sit in meditation, but you do not achieve success in the right way because you mix the *silence* of sleep with *sweet silence*. 2) Baba has instructed you not to give sorrow or take sorrow, and you do not cause others sorrow, but you do still take sorrow. 3) You don't get angry, but you become bossy. Therefore, it is the disobedience in these small matters that makes your mind heavy. Now end all of that and create an image of one who is obedient in everything. Only then will you be called a constantly powerful soul whose activities are elevated.

Slogan: Instead of asking for regard, give regard to everyone and you will continue to receive regard from everyone.

*** OM SHANTI ***

Essence: Sweet children, when you become body conscious, Maya slaps you. Remain soul conscious and you will be able to follow every shrimat of the Father.

Question: The Father has two types of effort-making children. What are they?

Answer: One type is those who make complete effort to claim their full inheritance from the Father. They take the Father's advice at every step. The other type is of those who make effort to divorce the Father. There are some who remember the Father a great deal in order to become free from sorrow, and there are others who want to become trapped in sorrow. This too is a *wonder!*

Song: The Flame has ignited in the happy gathering of moths...

Om shanti. You children have heard this song many times. New children must be hearing it for the first time because when the Father comes, He gives His introduction. Now you children have received the introduction and you know that you have become children of the unlimited Mother and Father. The Mother and Father must surely be the Creator of the human world. However, Maya has made the intellects of human beings totally *dead*. Such a simple thing does not sit in their intellect. Everyone says that God created us. Therefore, He must surely be the Mother and Father. They remember God on the path of devotion. People of every religion definitely remember *God the Father*. Devotees of God cannot themselves be God. Devotees make spiritual endeavour and pray to God. Surely, there can only be one *God*, the *Father* of all, that is, One who is the *Father* of all souls. There cannot be one *Father* of all the bodies; there would have to be many different *fathers*. Although everyone has a physical father they call out "Oh God" and remember Him. The Father sits here and explains: Human beings are so senseless that they forget the Father's introduction! You understand that the Creator of heaven is definitely the one Father. It is now the iron age. This iron age definitely has to be destroyed. The word "disappeared" comes up in every aspect. You children know that the golden age has now disappeared. Achcha, now the question arises: Will they know in the golden age that the golden age will disappear and that there will then be the silver age? No! There is no need for this *knowledge* there. These aspects of how the cycle turns and who their parlokik Father is are not in anyone's intellect. Only you children know this. People sing: "You are our Mother and Father and we are Your children", yet they do not know Him. Therefore, it is useless even to say this. They have all forgotten the Father; this is why they have become *orphans*. The Father explains everything. Follow shrimat at every step, otherwise Maya can deceive you at any time. Maya is very deceitful. It is the Father's task to *liberate* you from Maya. Ravan in any case is one who gives you sorrow. The Father is the One who gives you happiness. Human beings cannot understand these things. They think that it is God who gives happiness and sorrow. The Father explains that people incur so much expense for weddings in order to become unhappy. They make effort to make pure saplings impure. Only you understand these aspects, the world does not understand them. They perform so many *ceremonies* to drown people in the ocean of poison. They don't even know that this poison will not exist in the golden age. That is the ocean of milk, whereas this is called the ocean of poison. That world is completely viceless. Even though there are two degrees less in the silver age, it is still called the viceless world. There can be no sin there, because the kingdom of Ravan begins in the copper age. It is half and half. There is the ocean of knowledge and the ocean of ignorance. There is also the ocean of ignorance. Human beings are so ignorant that they don't even know the Father. They just say that you will find God by doing this and that. However, they don't find anything. After they have beaten their heads and become orphaned and unhappy, I, the Lord and Master, come. In the absence of the Lord and Master, Maya, the alligator, has completely swallowed everyone. The Father explains: Maya is very strong and many are deceived by her. Some are slapped by lust, and some are slapped by attachment. It is by becoming body conscious that you get slapped. Effort lies in becoming soul conscious. This is why the Father repeatedly says: Be cautious, Manmanabhav! Maya slaps you if you don't remember the Father. Therefore, practise staying in constant remembrance. Otherwise, Maya will make you do wrong things. You have received an intellect to know the difference between *right* and *wrong*. If you get confused about anything, ask the Father. You can send a telegram, or write a letter or even *phone* and ask. You can get through on the *phone* straightaway early in

the mornings because, apart from you, everyone is asleep at that time. Therefore, you can ask by *phoning*. Day by day, communication by *phone* is becoming refined. However, the *Government* is very poor, and so the expenditure is according to that. At this time everyone has reached the stage of total decay and has become completely impure. But, even then, why are the people of Bharat especially called rajo and tamoguni? Because they were the most satopradhan. Those of other religions neither see as much happiness nor as much sorrow. They are now content, which is why they are able to send so much food. Their intellects are rajopradhan. They continue to *invent* many things for destruction. However, they don't understand this. This is why many pictures etc. have to be sent to them. Ultimately they will come to know and understand that these things are very good. It is written on them: *A God Fatherly gift*. When the time comes for calamities, this sound will be heard, and they will understand that they definitely received these things. These pictures will do a lot of work. The poor people don't know the Father. Only the one Father is the Bestower of Happiness. Everyone remembers Him. They can understand this very clearly from the pictures. Just see how, at this time, you can't even get three feet of land, and yet you become the masters of the whole world. These pictures will also do a lot of *service* abroad. However, children do not have that much value for these pictures. Expenditure will definitely be incurred. Millions of the *Government's* rupees must have been spent and hundreds of thousands must die in establishing that kingdom. Here, there is no question of anyone dying. You have to make full effort on the basis of shrimat. Only then will you be able to attain an elevated status. Otherwise, you will repent a great deal at that time when you have to be punished. As well as the Father this One is the Supreme Judge. I come into the impure world to give you children your kingdom of self-sovereignty for 21 births. If you do anything destructive, you will have to endure full punishment. You should not say: Let's see what happens! Who wants to sit and think about the next birth now? Human beings give donations and perform charity for their next birth. Whatever you are doing now is also for 21 births. Whatever they do is temporary; they only receive the return of that in hell whereas you receive the return in the golden age. There is the difference of day and night. You claim your reward for 21 births in heaven. By following shrimat in every respect, your boat goes across. The Father says: I seat you children in My eyes and take you across in great comfort. You have experienced a great deal of sorrow. I now say to you: Remember Me. You came bodiless and played your *part* and you now have to return. This is our eternal *part*. Those who have the arrogance of *science* cannot understand these things. A soul is like a very tiny *star* and has an eternally, imperishable *part* recorded within it. This can never end. The Father says: I am the *Creator* and also the principal *Actor*. I come every cycle to play My *part*. It is said that the Supreme Soul has a mind and an intellect, and that He is the Living Being and *knowledge-full*. However, no one knows what He is. Just as you souls are *stars*, I too am a *Star*. You also remembered Me on the path of devotion because you were unhappy. I come and take you children back home with Me. I am also your Guide. I, the Supreme Soul, take you souls back home. A soul is even tinier than a mosquito. It is now that you children receive this understanding. He explains everything very clearly. The Father says: I make you into the masters of the world but I keep the key to divine visions with Myself. I do not give this to anyone. On the path of devotion this key is useful only to Me. The Father says: I make you pure and worthy of being worshipped. Maya makes you impure and a worshipper. A great deal of explanation is given to you all, but only those who are wise will understand. This *tape machine* is a very good thing. Children should definitely listen to the murli. You are long-lost and now found children. Baba feels great compassion for the gopikas in bondage. They experience great happiness listening to Baba's murli. What would one not do for the sake of children's happiness? Day and night, Baba is concerned about the gopikas in the villages. Sometimes he can't sleep whilst thinking about what methods can be adopted so that those children can become liberated from sorrow. However, some make preparations to become trapped in sorrow. Some make effort to claim their inheritance and others make effort to divorce Him. The world nowadays is very bad. Some children don't even hesitate to kill their parents. The unlimited Father explains everything very clearly. I will give you children so much wealth that you will never become unhappy. Therefore, you children should make your heart merciful and show everyone this path to happiness. Nowadays, everyone continues to give sorrow. A *teacher* however would

never show a path to sorrow, he simply teaches. Study is the *source of income*. It is through study that you become worthy of earning a livelihood. Although people receive an inheritance from their mother and father, of what use is it? The more wealth people have, the more sin they commit. Previously, when people went on pilgrimages they had great humility, but now some even take alcohol with them and drink it secretly. Baba has seen this. Some can't do without alcohol; don't even ask! Some soldiers drink a lot of alcohol before they go to fight a battle. Those soldiers don't worry about being killed. They think that they will leave one body and take another. You children now receive the knowledge that you have to renounce this dirty body, whereas they don't have this knowledge. However, they have formed the habit of killing and being killed. We want to go to Baba whilst sitting here. This is an old skin. In the cold weather a snake's skin becomes dry and so it sheds its old skin. Whilst playing your part your skin has become old and very dirty. Now you have to renounce it. You have to return to Baba. Baba has shown you methods to do this: Manmanabhav! Remember Me, that's all, and you will shed your body whilst sitting. This also happens to the sannyasis. They shed their body whilst just sitting. They think that the soul has to merge with the brahm element, and so they sit in yoga with the brahm element. However, they cannot go there. Similarly, people go and sacrifice themselves at Kashi. They are just committing suicide. Baba has also seen how sannyasis renounce their body whilst sitting in yoga. However, that is hatha yoga renunciation. The Father explains how you receive 84 births. He gives you so much *knowledge*, but scarcely a few follow shrimat. By coming into body consciousness some even start giving their own directions to the Father. The Father explains: Become soul conscious! I am a soul. Baba, You are the Ocean of Knowledge. Baba, I will now only follow Your instructions. That's all! Great caution is needed at every step. Mistakes continue to be made, but you still have to make effort. Continue to remember the Father wherever you go. There is a great burden of sin on your head. You also have to settle the suffering of karma. This suffering of karma will not leave you until the end. By following shrimat, you have to become those with a pure intellect. Dharamraj is also with Him, and so He becomes *responsible*. Why do you yourself carry a burden when the Father is sitting here? The Purifier Father has to come into the gathering of the impure ones. This is not a new thing. You have played your *part* innumerable times before and you will continue to play it. This is called a *wonder*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, parlokik BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Just like the Father become merciful and *liberate* everyone from sorrow. Show them the path to happiness.
2. Do not perform any destructive (wrong) act. Create your fortune for 21 births on the basis of shrimat. Remain very cautious with every step you take.

Blessing: May you constantly succeed in your efforts and in service by constantly keeping the *balance* of being a master and a child.

Always maintain the intoxication that you are a child of the unlimited Father and a master of the unlimited inheritance. However, when you have to give advice or create *plans* or carry out a task, do so as a master. Then, when a decision is *finalized* by the *majority* or by the instrument souls, become a child. Sometimes, become an adviser and give your advice, and at other times become one who follows advice. Learn this method and you will constantly succeed in your efforts and in service.

Slogan: In order to become a humble instrument, surrender your mind and intellect to God.

*** O M S H A N T I ***

Essence: Sweet children, make your intellect and thoughts so pure and clean that you can imbibe shrimat accurately and thereby glorify the Father's name.

Question: Which stage of you children will reveal the Father?

Answer: When your stage is such that your face is constantly cheerful, that you are unshakeable and immovable and you remain stable and intoxicated, you will then be able to reveal the Father. Such clever children with a constant stage are able to give everyone the Father's introduction accurately.

Song: To live in Your lane and to die in Your lane...

Om shanti. Children heard the song where it says: "We have come to Your door in order to die alive. Whose door have you come to? The same thing emerges: If Krishna is the God of the Gita, none of these things would be possible nor would Krishna be here. He is the *prince* of the golden age. Krishna did not speak the Gita. It was the Supreme Father, the Supreme Soul, who spoke the Gita. Everything depends on this one aspect. You have been making so much effort on the path of devotion, but there was no need for it. Here, it is a question of a *second*. The Father has to make so much effort simply to prove this one aspect. He has to give so much *knowledge*. It is the ancient *knowledge* that God gives that is called *knowledge*. Everything depends on the Gita. The Supreme Father, the Supreme Soul, came and taught easy Raja Yoga and knowledge in order to establish the deity religion, which has now disappeared. People think that Krishna will come again at some time and relate the Gita. However, you have to prove clearly, using the picture of the cycle, that the parlokik Supreme Father, the Supreme Soul, the Ocean of Knowledge, is the One who spoke the Gita. The praise of Krishna is different from the praise of the Supreme Father, the Supreme Soul. Krishna is the *prince* of the golden age, the one who claimed his fortune of the kingdom by studying easy Raja Yoga. You have to prove that when he studies, his name and form are different from his name and form when he claimed the kingdom. Krishna can never be called the Purifier. Only the one Father is the Purifier. The Shri Krishna's soul is now once again studying Raja Yoga through the Purifier and becoming the future *prince* of the pure world. You need to find clever methods of proving that this explanation is correct. You also have to prove this to the *foreigners*. The Gita is the *number one* scripture. The Shrimat Bhagwad Gita, Mother Gita, is the jewel of all the scriptures. Now, who gave birth to the mother? It is the Father who *adopts* the mother. Who spoke the Gita? It would not be said that Christ *adopted* the Bible. The Bible that they study was created from the teachings spoken by Christ. Now, who gave the teachings of the Gita that were later made into the book that they study? No one knows this. Everyone knows about the other scriptures. You have to prove who it was that gave these easy teachings of Raja Yoga. Day by day, the world continues to become more and more impure. All of these aspects will only sit in a clean intellect. Those who do not follow shrimat cannot imbibe this knowledge. Shrimat says to such souls: You are not able to explain at all. Don't consider yourself to be knowledge-full. First of all, the main aspect that has to be proved is that the Supreme Father, the Supreme Soul, is the God of the Gita. Only He is the Purifier. People say that He is omnipresent. They either call Him the element of light, or the Ocean. They say whatever enters their head; it has no meaning. The whole mistake emerged from the Gita where it says that Shri Krishna is the God of the Gita. Therefore, in order to explain, you have to refer to the Gita. Guptaji from Benares was told to prove in Benares that Krishna is not the God of the Gita. Seminars now take place in which all the *religious* people keep asking what they can do to create peace. It is not in the hands of impure human beings to create peace. It is said: Oh Purifier, come! How can impure people create peace when they themselves are calling out for peace? However, they don't know the Father who makes the impure pure. Bharat used to be pure and it has now become impure. Now, who is the Purifier? This does not enter anyone's intellect. They sing the praise of King Rama, but he is not God. They keep on calling out falsely, but no one knows anything. Now, who can go and explain this to them? Very good children are needed. You need very good tactics to explain this. A large globe has been made with which it can be proved that God created the Gita. They say that who ever it is, all are God. The Father says: You are senseless! I came and established the pure kingdom; instead they inserted Shri Krishna's name. I make this one pure from impure and make him the *first prince*. God speaks: I *adopt* the Krishna

soul, name him Brahma and give knowledge through him. Through this easy Raja Yoga, he then becomes the *first prince* of the golden age. This explanation is not in the intellect of anyone else. First, you have to rectify the mistake that the Gita, the shrimat spoken by God, is the mother and father of all scriptures. Who created it? Similarly, Christ gave birth to the Bible which is the scripture of the Christian religion. Achcha, who is the father of the Bible? Christ; he isn't called the mother and father. They don't have the concept of the mother there. Here, this One is the Mother and Father. The Christian religion has been compared to the Krishna religion. In fact, they believe in Christ. Similarly, Buddha founded the Buddhist religion and so the Buddhists too have their scripture. However, no one knows who spoke the Gita and which religion was created through that. No one ever says that the one who gave knowledge was the Purifier, the Supreme Father, the Supreme Soul. The cycle has been made in such a way that they will definitely understand that it was the Supreme Father, the Supreme Soul, who gave this knowledge. Radhe and Krishna were in the golden age; they could not have given this knowledge to themselves. Someone else was needed to give knowledge. Someone else must have enabled them to *pass*. Who gave them this knowledge to claim their kingdom? A fortune is not created by itself. In order to enable you to create your fortune a father or a *teacher* is needed. They say that a guru grants salvation. However, they do not even understand the meaning of liberation or liberation-in-life. It is those on the household path who can receive liberation in life. Liberation means everyone goes to the Father. No one understands this. They open many large shops on the path of devotion. This is the only one shop of the true path of knowledge whereas all the rest are the shops of the path of devotion. The Father says: All the Vedas and scriptures etc. are the paraphernalia of the path of devotion. I cannot be found by doing penance or tapasya etc. or through the Vedas and scriptures. I give you children knowledge and make you pure. I am the Bestower of Salvation for the whole world. You have to go *via* liberation to liberation-in-life. Not everyone will go to the golden age. This *drama* is predestined. Whatever you were taught in the previous cycle and whatever pictures were created then are now being created again. Human beings say that the world is standing on the legs of three religions, that the leg of the deity religion is broken and that this is why the world continues to shake. Previously, there was just the one religion, which was called the undivided kingdom. Then the leg of that one religion disappeared and the three legs emerged. Due to this, there is no power left. They continue to fight and quarrel amongst themselves. They don't know the Lord and Master and so they have become orphans. You need a great deal of tact to explain to them. You also have to explain at the exhibitions that Krishna is not the God of the Gita; it is the Supreme Father, the Supreme Soul whose *birthplace* is Bharat. Krishna is corporeal whereas that One is incorporeal. His praise is totally different from Krishna's. You should create a *cartoon* in such a clever way that it proves who spoke the Gita. This is like placing a large mirror in front of the blind. You should not go into things *too much*. The greatest mistake is to give the Supreme Father, the Supreme Soul's praise to Krishna whose praise is totally different from His. At the bottom of the picture of Lakshmi and Narayan, it is written: Radhe and Krishna. They later become Lakshmi and Narayan. Lakshmi and Narayan are in the golden age whereas Rama and Sita are in the silver age. The first child is Shri Krishna, and yet they have put him in the copper age. All of those things are fixed on the path of devotion. What do those from abroad know about this? According to the *drama*, no one else has this knowledge. It has been said that knowledge is day and devotion is night. The day and night of Brahma have been remembered. Who established the golden age? Where did Brahma come from? How did he come into the subtle region? It was the Supreme Father, the Supreme Soul, who created the subtle world where Brahma has been shown. However, Brahma, the Father of Humanity, does not exist there. Surely, the Father of Humanity must be someone else. Where did he come from? No one is able to understand these things. God made Krishna's body His chariot at the time of his final birth. This too is not in anyone's intellect. This is a huge *class*. If a *teacher* can understand what a *student* is like, can the Father not understand this! This is the *class* of the unlimited Father. All the aspects taught here are unique. This is easy Raja Yoga for the household path. We can prove this to you. You children have to reveal the Father. Constantly keep your face cheerful, and be unshakeable, stable and intoxicated. As you go further, you will definitely be praised. You are all Brahma Kumars and Kumaris. A kumari is someone who inspires others

to claim their inheritance from the Father for twenty-one births. There is great praise for the kumaris. Your Mama is the main kumari. A very good *star* is needed next to the moon. That One is the Sun of Knowledge and this one is the incognito mother. This mother is separate. Only you children can understand these secrets and explain them to others. That mother in whose name those temples were built is totally separate from this mother. There are no temples to this old, incognito mother. This mother and Father are *combined*. No one in the world knows this. It cannot be Krishna because he is the *prince* of the golden age. God cannot enter Krishna. It is very easy to explain this. The praise of the God of the Gita is separate. That Purifier is also the *Guide* and the *Liberator* of the whole world. From these pictures, people will understand that God's praise is definitely different from Krishna's praise and that not everyone can have the same praise. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Make your stage unshakeable and immovable and one of great intoxication. Keep your face constantly cheerful.
2. Remain in this pure pride of knowledge and reveal the Father. Prove who the God of the Gita is and give everyone the true introduction of the Father.

Blessing: May you be a spinner of the discus of self-realisation and remain constantly free from the web of sorrow and also free others.

When children are deceived under the influence of their physical organs, their eyes or their mouth, they experience sorrow. People of the world say that they didn't want to do something, but that they were caught in that web. However, swadarshanchakradhari children can never be caught in any type of web. They are the ones who stay free from that web of sorrow. They remain free themselves and also free others. They are the masters who inspire actions to be performed through their physical organs.

Slogan: When you remain seated on your immortal throne and maintain your elevated honour, you will never become upset.

*** O M S H A N T I ***

The specialities of the Shiv Shakti Pandav Army.

Today, at amrit vela, BapDada was seeing the special *double*-foreign children who live far away, yet remain close to the heart who have personally come in front of Baba. Today, a sweet heart-to-heart conversation took place between Bap and Dada. On what topic? Father Brahma was especially pleased with the *double*-foreign children and said: It is the wonder of you children that although you are residents of such faraway lands, you always have love and always have the one deep desire that, in whatever way possible you definitely want everyone to receive BapDada's message. For that, some children perform *double* tasks. Whilst remaining *double busy*, with lokik and alokik, not considering their own rest, they are always lost in that task day and night. Not even being concerned about their food and drink, they are constantly busy in service. To adopt *purity*, which people consider to be an *unnatural* life, and to renounce *impurity*, you have adopted it in your life with courage, determination, out of love for the Father, with the pilgrimage of remembrance, on the basis of the attainment of peace and on the basis of your study and the company of the family. What people consider to be very difficult, you have made easy. Seeing the Pandava Army, Father Brahma was especially singing songs of praise of you children. For which aspect? Each one of you has it in your heart that purity is the first means to become a yogi. Purity is the means to experience the Father's love. Purity is the basis of success in service. Each of you has this pure thought very firmly in your heart. And the wonder of you Pandavas is that, whilst keeping the Shaktis in front, you are moving along with zeal and enthusiasm and making yourselves move forward. The intense speed of the efforts of you Pandavas appears to be one that is enabling you to progress well. The *majority* of you are continually moving forward with this speed.

Father Shiva said: Pandavas have shown a good *record* of especially giving *regard*. Together with that, He also said something amusing. In between, they also play the game of sanskars. However, even then, because of enthusiasm for progress and because of having deep love for the Father, they understand that the Father loves this transformation out of love. This is why they surrender themselves. They only do that which the Father says and wants. They transform themselves with this thought. Out of love, their labour doesn't seem like labour. To tolerate out of love doesn't seem like tolerating. This is why they still continue to say "Baba, Baba" and continue to move forward. According to the sanskars and make-up of the body, that is, whilst being of a limited creation, they have transformed themselves very well. Because of keeping the Father, the Creator, in front of them, they have imbibed well the qualifications for the aim of becoming egoless and humble and are still imbibing them. They come into contact with others in the atmosphere of the world but because they have the canopy of protection of love for remembrance, they are giving very good proof of remaining *safe*. Did you hear about the Pandavas? Today, instead of being the Beloved, BapDada has become the Lover. This is why He is pleased to see you. Both have special love for you children. So, today, at amrit vela, BapDada turned the rosary of the specialities and virtues of the children. All of you people have been turning the rosary for 63 births and in *return* the Father is turning the rosary now and is giving you a *response*. Achcha.

What rosary of the Shaktis did Baba turn? The greatest speciality of the Shakti Army is that you are moving forward with love by being absorbed in the Father's love at every moment out of love for Him and with the experience of all relationships with the One. You constantly have the Father merged in one eye and service merged in the other eye. The special transformation you have had is that you have renounced your carelessness and your sensitive nature. You have become the form of Shakti who has courage. Today, BapDada was especially looking at the young Shaktis. In this age of youth, you have renounced many types of temporary attractions and are moving along with the one Father's attraction with zeal and enthusiasm. You have experienced the world to be a tasteless world and have therefore made the Father your world. By using your body, mind and wealth for the Father and service, you have experienced attainment and are now moving ahead in the flying stage. You have worn the crown of responsibility of service very well. Even

whilst sometimes experiencing tiredness, whilst sometimes experiencing a burden on your intellect, with the determination that you have to *follow* the Father and that you have to reveal Him, you have finished all of those things and are achieving success. This is why, when BapDada sees the love of the children, He repeatedly gives the blessing: "When the children maintain courage, the Father helps." Success is your birthright anyway. By keeping the Father's company, you are able to overcome every situation as though you are pulling a hair out of butter. Success is the garland around the children's neck. The garland of success is going to welcome you children. Therefore, even BapDada surrenders Himself to the renunciation, tapasya and service of you children. Because of love, you don't experience anything to be difficult. It is like this, is it not? Where there is love, in the world of love, in the Father's world and in the Father's language, the word difficult doesn't exist. The speciality of the Shakti Army is making difficult things easy. Each one of you has enthusiasm in your heart to become an instrument to give the message to the maximum number of people as quickly as possible and bring a spiritual bouquet of roses in front of the Father. Just as the Father has made us, so we too should make others like that and bring them in front of the Father. With the co-operation of one another in a collective form, the Shakti Army has the pure enthusiasm of creating something new abroad even more than in Bharat. Where there is the thought, success too is definitely there. The Shakti Army at each of their places is successful in growing and being successful in everything and will continue to do so. Seeing the love of both, seeing their enthusiasm for service, BapDada is pleased. How much can Baba praise each one's virtues? Nevertheless, in the subtle region, BapDada was speaking of the virtues of each and every child. Whilst still thinking about it, some people of this land will be left out, whereas children from abroad have recognised and claimed their right. Those people will be left watching and you will arrive home with the Father. They will be crying out whereas you will be continuing to give a drop of something with your drishti of blessings.

So, did you hear what BapDada especially did today? Seeing the whole gathering, BapDada was singing the praise of the fortunate children who are creating their fortune. Those from far away have become close, whereas those who are living in Abu have become very distant. They are far away although living close and you are close though you live far. They are those who simply watch and you are those who are always seated on the heart-throne. You find ways to come to Madhuban with so much love. Every month you sing these songs: I want to meet Baba. I want to go there. I have to save for that. So, this love also becomes a means to become a conqueror of Maya. If you were to receive a *ticket* easily, there would be more obstacles in that love. However, you create a lake, drop by drop. Therefore, the Father's remembrance is merged in accumulating every drop. This is why whatever happens in the *drama* is beneficial. If you were to receive a lot more money, then Maya would come and you would forget service. This is why the wealthy don't become the Father's children who have a right.

You earn and you save. There is power in saving the money of a true income. The money of a true income is being used in a worthwhile way for the Father's task. If you were to receive money just like that, your body wouldn't be used for it, and if your body is not used, your mind would also fluctuate. This is why all three, your body, mind and wealth are being used for this. This is why to earn at the confluence age and save in God's *bank* is the *number one* life. If you simply earn and save in worldly perishable *banks*, that is not used in a worthwhile way. If you earn and accumulate in the imperishable *bank*, then one becomes multimillion-fold. It is then accumulated for 21 births. Whatever you do with your heart reaches Dilaram, the Comforter of Hearts. If someone does something simply to show others, then that is used up in making a show. It doesn't reach the Comforter of Hearts. This is why you, who do from your heart, are good. If you something from your heart, you become a multimillionaire, whereas if you do a thousandfold just for show, then you don't become a multimillionaire. The income of the heart, the income of love, is a true income. What do you earn money for? For service, don't you? Or, is it for your own comfort? So, the income of a true heart is that one becomes multimillionfold. If you earn and save for your own comfort then, although you might have comfort here, later you will become instruments who give comfort to others.

What will the maids and servants do? They will be there to give comfort to the *royal family*. By having rest and comfort here, you will become instruments who have to give rest and comfort there. Therefore, whatever you earn with love and a true heart and use for service, you are using that in a worthwhile way. You are receiving the blessings of many souls. Those for whom you become instruments will then become your devotees and worship you. You served those souls and in *return* for that service, they will serve your non-living images. They will worship them. They will continue to give you the *return* of service for 63 births. You will receive from the Father anyway, but you will also receive from those souls. Whomsoever you give a message to and who then don't claim a right, will give the *return* in this way. Those who claim a right then come into relationship with you. Some come into relationship with you and some become devotees. Some become subjects. Various *results* emerge. Do you understand? People ask: Why are you running around doing service? Just eat, drink and be merry. What do you receive that you are chasing after service day and night? What do you then say? Try and experience that which we have received. Only those who have experienced this happiness know about it. This is the song you sing, is it not? Achcha.

To those who are always lost in love, to those who always experience renunciation to be fortune, to those who always make multimillions out of one, to those who always *follow* BapDada, to those who experience the Father to be their world, to such children seated on the heart-throne, love, remembrance and namaste from the Father, the Comforter of Hearts.

Personal meeting of BapDada with double foreigners:

Do you consider yourselves to be fortunate souls? You have at least created so much fortune that you have reached the place of the Bestower of Fortune. Do you understand what this place is? To reach a place of peace is also fortune. So this path of attaining fortune has also opened. According to the *drama*, you have reached the place where you attain fortune. The line of fortune is drawn here. So you have made your fortune elevated.

Now, just give a little time. You have time and you can also give your company. There is nothing difficult in this. For something that is difficult you have to think a little. If it is easy, then do it. By doing so, all the temporary hopes and desires you have in life will be fulfilled with imperishable attainment. To chase after those temporary desires is like chasing your shadow. The more you try to catch a shadow, the more it will go ahead of you, and you won't be able to reach it. However, you simply continue to move forward and that will follow you. So, by going after imperishable attainments in this way, the perishable things will all end. Do you understand? This is the method for attaining all attainments. Renunciation for a little time enables you to attain fortune for all time. Therefore, constantly continue to move forward by understanding this aim. Through this, you will attain the treasure of a lot of happiness. In life, the greatest treasure of all is happiness. If there is no happiness, there is no life. So, you can attain the treasure of imperishable happiness.

Service is the means for creating your stage.

BapDada sees the children's zeal and enthusiasm for always moving forward. The children's zeal and enthusiasm reach BapDada. Children have the desire in them to bring the VVIPs of the world in front of the Father. This enthusiasm will continue to become practical because you definitely receive the fruit of selfless service. Service enables you to create your own *stage*. Therefore, never think that this service is so big and that your *stage* is not like that. However, *service* will automatically enable your *stage* to be created. *Service* of others is the means for self-progress. *Service* will automatically continue to make your stage powerful. You receive the Father's help, do you not? By receiving the Father's help and with your power increasing, that *stage* will also come. Do you understand? Therefore, never think: How can I do this *service* because my *stage* is not like that? No. Continue to do it. BapDada's blessing is: You definitely have to move forward. The sweet bondage of service is the means to move forward. The sound of those

who speak from their heart and with the *authority* of their experience reaches their heart. Words of the *authority* of experience inspire others to have an experience. Whilst moving forward in service, the test *papers* that come are also a means of moving forward because your intellect then works on that and you pay special *attention* to stay in remembrance. So, that too becomes a special *lift*. It is then always in your intellect: How can we make the atmosphere very powerful? No matter in how big a form an obstacle comes, you elevated souls receive benefit from that. That big form also becomes small through the power of remembrance. It is like a paper tiger. Achcha.

Blessing: May you be free from waves of sorrow and always remain *safe* under the canopy of protection of God's love.

Just as a lotus is detached whilst on dirty water, and to the extent that it is detached, so it is also loved by all, in the same way, you children are detached from the world of sorrow and have become loving to the Father. This Godly love becomes a canopy of protection for you. No one can do anything to those who have God's canopy of protection over them. Therefore, maintain the spiritual intoxication that you are those who remain under God's canopy of protection. Waves of sorrow cannot even touch you.

Slogan: Those who glorify the names of BapDada and the Brahmin clan through their elevated divine activities are the lamps of the clan.
