

## **Sweet letter of remembrance from Dadi Janki**

**14<sup>th</sup> June 2003**

Dear divine brothers and sisters,

Please accept sweet loving remembrance from the London family. I have just come back from an international gathering in Oslo, Norway: the Women's Partnership for Peace in the Middle East. The purpose is to develop partnerships between Palestinian and Israeli women that would help the rebuild trust in the region. Sister Jayanti is still in Norway participating in the Conference. It was very clear why Baba had taken His children there. Everywhere, souls are hungry, thirsty and searching for peace. Souls want some power and to be able to find the right path and destination. The presence of Baba's children totally transformed the vibrations at the conference, so that souls were able to take in the magic of Baba's love and power. We say that The Golden Age is going to come, but what good is that if Baba's children of the rosaries of 8, 108 and 16,108 are not ready. Therefore, we have to give each and every soul Baba's message so that not a single soul is left out.

To this aim, Dadiji has sent a letter of remembrance encouraging us to serve every village and city so that by next Shiv Ratri, millions of souls would have received Baba's message and claimed their inheritance from their Beloved Father.

In Baba's sweet, loving remembrance.

B.K. Janki

## **Letter of remembrance from Dadi Prakashmani**

**13<sup>th</sup> June 2003**

To all the extremely loving long-lost and now-found brothers and sisters who are the decoration of the Brahmin clan, who belong to the Supremely Beloved, World Benefactor BapDada, the One who has pure and positive thoughts for everyone, please accept love-filled remembrance from Madhuban.

Today, I am especially writing this letter for service according to BapDada's inspirations and pure thoughts. In the sakar and avyakt murlis, Beloved BapDada continually gives the signal that "Children, it is now time to give all souls BapDada's message". So, this year, all the children in all the villages and cities of this land and abroad have to keep the aim of accomplishing the task of giving every soul the Godly message, so that at the end, no one can complain. This is the supreme duty of all of us Brahmins.

During the meeting that took place in April, all of you had presented your ideas for this service, and according to those plans, service is now taking place everywhere with a lot of pomp and splendour. Each one has invented many different programmes in their own field for this, of which I continue to receive the news from everywhere.

All the in-charge sisters and senior brothers of every zone, sub-zone and main centres must have been getting together for meeting and creating plans for service, and fill every Brahmin child with zeal and enthusiasm to fulfil this pure desire of BapDada, so that millions of souls receive Baba's message by next Shiv Ratri and all the wonders and upheaval begin. Therefore, all souls should use all their body, mind, wealth, time, breath, thoughts, powers with a lot of zeal and enthusiasm in a worthwhile way for unlimited service for the revelation of Baba and the completion of this unlimited sacrificial fire. Only then will all souls go back home with their inheritance of liberation and liberation-in-life.

In order to accomplish this task of service, have campaigns in every village, have melas, exhibitions, seminars or dialogues, or create the splendour of giving everyone the message by going out with peace buses displaying pictures.

Every month, make a summary report of whatever service is taking place in your particular area and send that to Dadiji in Madhuban, and also send a copy of that report to Mrytunjaybhai in the Conference Office and Rajubhai in the Murli Department, so that at the end of the year, a collective report of all the service that has taken place can be made.

Whilst holding the programmes, especially keep in mind serving the media profession, and with their co-operation (TV, Radio, daily newspaper and magazines), continue to give news through these media and also definitely send a copy of that to Madhuban. In fact, the season of festivals is also now coming close. Raksha Bandhan and Janamasthmi will be in August and then in October and November, there will be Durga Pooja, Dashera and Deepawali. After that, the season of celebrating the auspicious meeting with beloved BapDada will also begin. Although all of these will be taking place, the task of giving the message everywhere should also continue at the same time. Then, we will give Baba the news that souls of all the world are receiving the message and Baba's introduction.

Today, I am especially sending this letter with the Murli to all of you so that this advice reaches each one of you, and everyone gives their finger for this service and complete the maha-yagya of service. Tell me, do all of you like this pure thought? Achcha.

Lots of love and remembrance to all.

In Godly service,  
B.K. Prakashmani

**Note:** We continue to receive news of all the service that all of you are doing according to the inspirations of BapDada and Dadiji. Dadiji has especially requested to send this letter as a reminder to give further zeal and enthusiasm to each and every one.

*Dadiji's sweet letter of remembrance to all the instrument teachers  
and all brothers and sisters, the decoration of the Brahmin clan.*

*To supremely Beloved avyakt BapDada's extremely loving children who constantly stay in the cool shadow of the Sun of Knowledge and the mother, the moon of knowledge, who always experience power and coolness, to all the brothers and sisters, the decoration of the Brahmin clan and all the instrument teachers, please accept sweet, loving remembrance.*

*Today, sweet Baba said: Children, whilst constantly flying in the flying stage with your wings of courage and enthusiasm, overcome all adverse, fearsome and painful situations like a game and with your power and peace, quench the thirst of all souls. Give them the experience of peace. Through this elevated co-operation, everyone will consider you to be a yogi soul. For this, practise staying in your powerful stage of ignorance of the knowledge of desires. Be a constant server and constantly co-operate. Tell me, my co-operative, server brothers and sisters, what enthusiasm do you have now? Day and night, I have the pure thought that this year, no soul should remain deprived of receiving Baba's message, and I continue to receive such news. All of you have made many plans with a lot of zeal and enthusiasm and you are serving all the villages with a lot of pomp and show to give them the message. I give thanks from the bottom of my heart to all those brothers and sisters, who even in the midst of such hot weather, don't even stop to look at the heat waves and are carrying out campaigns to give Baba's message. I received the news from all the centres of Gujarat, that no matter what happens, they have to give Baba's message to every village in Gujarat. So, all those brothers and sisters are receiving so many blessings from BapDada and everyone else. They have become instruments for unlimited service and are using their time, thoughts, breath and wealth in a worthwhile way.*

*Together with that, I also received the news that in many centres, many brothers and sisters have kept the aim of having 108 hours of tapasya and to fulfil that, they have special yoga every day and are doing the service of making the atmosphere powerful. According to the present time, this is also fulfilling BapDada's thoughts and making them practical and thus accumulating their incognito income. Brahma Baba says: I have special attachment to such loving souls, and this is why he brings into the subtle region the group of such yogi souls who have an honest heart, and especially feeds them the nourishment of special powers, takes them on a tour of the three worlds, makes them perform the exercise of practising and continues to make them strong. Now, the thought is: Baba, we will definitely fulfil the hopes you have in all of us.*

*Beloved avyakt BapDada has given us very powerful sustenance, and as a result of that, you all would definitely have gathered together with your own zones and performed the dance of harmonising sanskars. I am sure all of you must have had the pure and determined thought to become part of the rosary of 108. These elevated versions of BapDada must also surely be echoing in your ears: Children, don't become clever in opposing, but become clever in tolerating. Those who know how to tolerate situations receive blessings one hundred times over from BapDada. Therefore, never become upset about any situation. Be pure and humble in your words, nature and connections. So, tell me, brothers and sisters who take such sweet sustenance from BapDada, what plans have you made according to the present time? What is your result so far? I hope that all of you will give the news of your zone in essence to BapDada. Then, seeing the result, BapDada can then take us beyond with His drishti filled with the power of love and blessings. Achcha.*

*I am sure everyone's health is fine. Baba's unlimited service continues in all three places. Anyone who comes onto this land of tapasya goes back full of new inspirations and zealand enthusiasm. Achcha.*

*Lots of love and remembrance to all,*

*BK Prakashmani*

**Become one with elevated self-respect and a bestower of regard.**

1. Consider yourself to be a soul with elevated self-respect and remain stable in your self-respect and this self-respect will enable you to forget body consciousness. You stayed in body consciousness for half the cycle and because of that body consciousness, you were a beggar for receiving temporary respect. The Father has now come and made you into someone with elevated self-respect. Therefore, constantly remain stable in your self-respect. This self-respect will easily fulfil all desires.
2. One who has self-respect is always a carefree emperor and an embodiment of all attainments. Such a soul is ignorant of any lack of attainment. Someone with self-respect is always seated on the Father's heart-throne because he is a carefree emperor. Such souls cannot have any type of worry.
3. Just as the Father is always stable in His self-respect, in the same way, souls who are equal will also stay in their self-respect. They will not come down. Their every step will be of self-respect. Those who have such self-respect are equal to the Father. Self-respect is their throne. Before receiving the throne of the future, constantly remain seated on the throne of self-respect. Never get off the throne.
4. If any effort-maker falls down due to his or her own weakness or because of carelessness, that is, even if someone comes down from his *stage*, the duty of you charitable souls who are stable in your self-respect, is to uplift those who have fallen and make them co-operative. Those who are stable in their self-respect should never think that that soul is suffering the consequences of his actions, or that those who do something will definitely receive the return of it. That is also a trace of bossiness or arrogance, which souls who have self-respect cannot have in them.
5. Nowadays, people in the world receive self-respect through their position. When someone is a *president*, he receives such respect because of having that high position. In the same way, you children will also become world emperors by having such self-respect, and because of this self-respect, the world will respect you. Therefore, simply remain stable in your self-respect and you will receive all attainments.
6. Whether someone is young or old, an elephant rider or part of the infantry, look at everyone with a look of regard. Give regard even to those who don't give you regard. Show the destination to those who reject you. Become one who sings the praise of those who defame you. Only then will it be said that you are one who gives regard to all. Those who give such regard attain everyone's respect.
7. Pay attention to all three – your thoughts, words and deeds, 1) You always have to maintain your self-respect. 2) You have to take every step according to the Father's orders. 3) Give regard to anyone you come into contact with. However, only those who constantly remain humble can become bestowers of such self-respect. Because of being beyond any desire of receiving respect, they become worthy to receive elevated respect from everyone. This is an eternal law.
8. Constantly remain stable in your elevated self-respect, be humble and give respect to everyone and this giving will become receiving. To give respect means to bring zeal and enthusiasm into that soul and make him move forward. Therefore, constantly remain stable in your self-respect and continue to give respect to everyone.
9. When an important *officer* or a king is seated on his *seat* of self-respect, others also give him respect. If he himself is not seated on his *seat*, no one listens to his *orders*. In the same way, unless you are seated on your *seat* of self-respect, Maya will also not be able to *surrender* herself to you because she knows that you are not *set* on your *seat*. To be *set* on your *seat* means to consider yourself to be a *master* almighty authority.
10. In order to keep your *record* right, give *regard* to everyone. To the extent that someone gives *regard* to others, accordingly, his *record* remains fine. Give *regard* to others and make your own *record*. Just as to help the yagya is to receive help, in the same way, to give *regard* is to receive *regard*.

11. Children who have self-respect in this one birth continue to receive respect throughout the whole cycle. In their own kingdom too, because of having a right to the kingdom, they receive respect from their people, and for half the cycle, they receive respect from their devotees. At this time, the Father Himself has given you children respect. This is why you have received a right to receive imperishable respect. Self-respect and respect are connected with each other.
12. Children who have self-respect maintain respect for the self-respect they have received, and they also look at others, speak to others and come into contact with others with respect. The Father receives respect from all souls of the world. It is because He has given respect to all the children that He receives everyone's respect. Those who don't give respect cannot become deities.
13. Those who give respect consider even those who defame them to be their friend. They don't just consider those who give them respect to belong to them, but they even consider those who insult them to belong to them because the whole world is their family. You Brahmins are the trunk (support) for the whole world. All those branches, that is, all the souls of the different religions have emerged from the main trunk. Therefore, give the respect of belonging; that everyone belongs to you.
14. Constantly have the self-respect of being a *master* creator and be a bestower of self-respect to all. Always consider yourself to be an original jewel of Adi Dev Brahma, a soul who plays the part from the beginning. Just as Father Brahma gave equal respect to all – small, young, mature and his equals, so *follow the father* in same way.
15. "I am a supremely worthy of worship soul". Remain stable on the seat of this elevated self-respect while performing actions and you will become someone who easily bestows blessings. To keep this in your awareness is to have the *seat* of the throne. Therefore, always have the awareness: I am a charitable soul who performs charity in every action. I am a great soul who always has elevated thoughts, speaks elevated words and performs elevated actions. When you remain stable on this seat, Maya can never come close to you.

## Marquee event at the Global Retreat Centre for Dadi Gulzar's visit – 8th June 2003

*Dear divine brothers and sisters,*

We are very privileged to have our Beloved BapDada's chariot, Dadi Gulzar, spend a few days with us in the UK. Dadi Gulzar, not only loved for being BapDada's chariot, but also for being a very special example for all of us to become "nirsankalp devta" (deity free from any thought, other than that of God). Dadi Gulzar and Sister Neelu arrived in London on 6<sup>th</sup> June and went directly to GRC. A marquee was put up for major events for the public and the whole of the UK Brahmin family. On Saturday, the public event entitled, "The Still Mind" – Dadi Gulzar's speciality – was attended by nearly 700 people. On Sunday, we had a special UK Brahmin gathering of over 1600. The blessing Avyakt BapDada gave to the UK is of always being OK and that was clearly demonstrated on Sunday, with everyone's total dedication, co-operation and unity, despite the rainfall we had throughout the day. It was like a dream to suddenly see Dadi Gulzar with the family here in the UK – a dream from which I am sure no one wants to awaken. We, Baba's children in the lands abroad are really and truly very fortunate to have the vision of BapDada and Dadiji on us at all times, to be receiving sustenance from Dadi Janki, and to be given a special treat by Dadi Gulzar's visit – the icing on the cake! Dadi Gulzar is in London from Monday 9<sup>th</sup> till Wednesday 11<sup>th</sup> June when she leaves for USA.

**Here are some of the beautiful gems that were shared with us:**

**Sister Jayanti:** Welcome to all of Baba's children from not just the UK, but also other corners of the world. Dadi Janki took me to Baba's room before coming here and it felt as though it is not difficult to become ignorant of the knowledge of desires (as per this morning's Murli) because we have found Baba and recognised the self. Baba is mine. Just thinking about what Baba has made me and what Baba gave me, thanks emerge from the heart for Baba, Dadis and also my fortune. I am sure I am not just sharing something of my own heart, but this must be the feeling in the hearts of all of you. Baba has given us everything. What more could we want?

Once Baba had said to Dadi: Child, what should I give you? What prize should I give you? Dadi asked Baba: Have you still got something hidden in your pocket? Baba has given everything. This is today's stage, not a stage of some other time. To fulfil the desires of the self and others is not something that will happen in some distant time. We are all experiencing that time and drama are moving fast. Baba's revelation is very close. In fact, it is happening now. It is not something that will happen tomorrow. Just simply recognise the self, recognise Baba, and Baba's task can be accomplished very quickly.

**Dadi Janki:** Om shanti. Today, Baba remembered the chant of om. The chant of om gave us the experience of Baba's peace, so much peace that all name and trace of peacelessness disappeared. Today is such a great day. We go to Madhuban to meet BapDada, but all of us from the UK cannot go there together. On seeing Gulzar Dadi here today, there is so much happiness and intoxication in everyone.

Baba has given UK the blessing: UK is always OK. It is the United Kingdom and so we are going to claim the royal status with unity. One said something and the other one accepted. The face and activity of a gyani child would give a vision to others. A gyani soul is not someone who just explains knowledge, but God's knowledge is filled in that soul to such an extent that he becomes an embodiment of it.

Someone had said about visiting the Retreat Centre and the Brahma Kumaris: We don't come here just to enjoy ourselves. You don't try to convince us or convert us, but you tell us the true things, the right things that we need to understand. This is what draws us here. Look inside yourself: What am I doing? What do I have to do? Old and young, all have to do the same. Who am I? Who do I belong to? What am I doing? What do I have to do? Today's murli was about looking at the self. Previously, our eyes were for looking at the world and one another. Now, the way we use our eyes has changed our internal desires and feelings.

We had the desire to know, to attain, and now there are no desires. Each one has to check the self internally. What did we see with our eyes, what did we hear with our ears, speak with our lips and what did we think? Everything was materialistic. How have we now changed? We sing Baba's praise and draw Baba's virtues

into ourselves. When we used to praise Baba, he would not listen to us. Only devotees sing His praise. But look at Him and quietly continue to become the same as He is and He will love you even more.

Baba's chariot, our Gulzar Dadi has come. Whatever each one has inside the self, celebrate the surrender ceremony from deep within. Whatever wasteful or ordinariness you have that obstructs you from creating an elevated stage, surrender that today. When you stay in an elevated stage, the situations that come in front of you would also be just as high, but just remain high up above and don't allow anything to touch your heart, your conscience or your features.

If I eat from Baba's bhandara and don't sing His praise, I am of no use. If I come into a clash of sanskars with others, I am of no use. Those from an elevated clan are concerned about the family. There is no other clan as elevated as ours. Baba is constantly giving us the introduction of Brahma: Brahma is My only child. He is the mother and also the father. Baba has created Mama in order to give us sustenance. We are receiving the teachings from both mothers. A true mother is one who does that which the teacher cannot do. The mother is the teacher and guru. The mother will give teachings to the children from their birth. Who are our mother and Father?

You are the Mother and Father, we are Your children. By being His children, we have received limitless happiness. There is no name or trace of sorrow. Let there not be the slightest feeling of sorrow or peacelessness. The first sorrow in the Brahmin clan is that of being insulted. We mustn't have any desire for regard. If you don't tolerate insult or disregard, you won't be able to become respect-worthy. It is not my dharma or karma to desire regard, but I must maintain my self-respect and keep the Lord pleased. In order to maintain self-respect, have an honest heart. The Lord is pleased with an honest heart.

**Dadi Gulzar:** Everyone's heart is speaking, and so there is no need to say anything through words. The sound of everyone's heart is reaching Baba in the subtle region. Before coming here, Dadiji was asking me: What has happened to Dadi Janki that she is asking me to come to London? Dadiji remembers all of you every day. When I left, she said: Before you give your remembrance, give my remembrance to all the UK residents. So, please accept love and remembrance from our sweet Dadiji and also remembrance from myself.

It is Baba's wonder that He makes us instruments and carries on with His work. Both our Dadi's are giving so much sustenance with so much love. Being in the UK, you have already experienced this, and therefore, Baba also gives lots and lots and lots of love and remembrance to both Dadis. It is not a small thing to sustain a family of 600,000, but Baba is Karavanhar and the Dadis are instruments and this is why there is so much love for both Dadis. When the head of any organisation departs, there is chaos, whereas here, the Creator is God Himself, and the proof of this is that when Brahma Baba existed in the corporeal form, outside people misunderstood and thought it was Dada who was doing everything. But now, they wonder: What is the miracle that everything is expanding even more now?

Avyakt BapDada always says: The children abroad have proved His title of being World Benefactor in a practical way. All of you are very lucky anyway. According to the song, "I have come having crossed all the high barriers", you have crossed all the barriers of culture, daily routine and everything else and you came flying to Baba. It is a wonder of Baba, Dadis and each one of you. Whether in Bharat or abroad, there isn't a single child of Baba who doesn't have a speciality. Baba has given each child one or another of His own speciality and always sees us with the vision of each one being a special soul. Even in the last birth, no matter what our mind and intellect have become by this time from what they were in the golden age, each one of us has recognised God. The great leaders haven't recognised God and so they can't claim their inheritance. Here, each one says with a right: My Baba! The speciality of knowing God, recognising Him and claiming a right to His inheritance is not a small thing. People are still searching and we have found Him. They spend so much holding peace conferences and we have become embodiments of peace, having let go of peacelessness. If any problem arises, say, "My Baba", and Baba will remove that problem as though it never existed. So, we are special souls. We have a right over God, so what more could we want? We said to Baba: Baba, You belong to me and I belong to You. This brought so much happiness, limitless happiness. The treasures opened for you to such an extent that they can never finish.

*As usual, I went to Baba at amrit vela. Baba was standing there in the full size form that you would have seen in the picture of Vishnu. Brahma Baba was standing there and it was as though Brahma and Vishnu were standing there.*

*Baba knew that the child was going to come, and so He was standing there and in the canopy of Baba's drishti, I arrived in front of Baba, taking His drishti. Then Baba said, Come, My child, who is OK, come! UK is OK. Baba was remembering everyone, even though it was just myself who had gone to Baba. I said: Baba, I have brought the remembrance of the children who are always OK. Baba said: Sometimes, Maya plays games, and that is a different matter. Today, you have come from the UK and brought the remembrance of the children who are always OK. O is the shape of Shiv Baba and K is the kingdom. Do you know that My OK children are always remembering their Father and their kingdom? I said: Baba, today, You are giving them a certificate. Baba smiled and said: My OK children are like that anyway. You are OK, you constantly remember Baba and your Kingdom and you always remain OK at the confluence age. This is the certificate that God gave to the OK children.*

*Then Baba said; Why did you come alone today? I replied: I always come alone whenever I come. Baba said: You should have brought all the children with you. I said: Baba, You can emerge all the children in the subtle region whenever You want. Then Baba looked around and all of you emerged in the subtle region in a small space. (Even though now, the hall here seems full.) Baba said: Today, I will take all of these children to a place where they will enjoy themselves very much.*

*Baba made both Dadis emerge. He caught hold of the hands of Dadi Janki on one side and Dadiji on the other side and all three of them moved ahead. (I was the observer and so I wasn't with them.) They began to move along to a very high mountain of light, not a green mountain. I was thinking about how all of these young and old children would climb such a high mountain. Baba caught my thought. Then Baba said: Just see. Just stand all around the mountain. Then Baba clapped and all – young and old – climbed the mountain as though with a lift, and reached up above in a second. The mountain of light appeared very beautiful like the golden sky when the sun rises. Then Baba made the Dadis stand with Him and all of us in a circle around them. It was a plateau mountain, not a mountain with a peak at the top. So, we were all standing there in a circle, and Baba was giving everyone drishti. As Baba gave drishti, everyone's subtle form of light disappeared and they all became incorporeal souls. It was as though the three souls were flying ahead and all the others formed into the shape of a ball and were going behind Baba and all reached paramdham. Baba said: Did you see? I took My OK children from UK on an excursion by making you subtle from corporeal and then making you incorporeal. Then this excursion came to an end. All of us became the form of souls and became merged, and then Baba made me alone emerge in the subtle region. Even the Dadis were not there.*

*Look, today you have come on behalf of My lovely children. Baba said: I took them on an excursion. Then I said: But Baba, You didn't give them toli. Baba said: I gave them Dilkhush toli while on the excursion. (I didn't see you all eating it, but Baba did feed you Dilkhush toli.) Then I gave Baba news of all the children, Madhuban etc.*

*Baba said: All the children are always asking: What does Baba want from us children? We want to do what Baba wants us to do. Since you are asking, Baba says: He doesn't want a lot, He just wants you to follow the Father. You don't need to make any other effort. Both Bap and Dada are in front of you children. Each one can be like Bap and Dada. One is incorporeal and the other is angelic. To become incorporeal, follow the Incorporeal One. Shiv Baba is incorporeal and you also become incorporeal by copying Him. Brahma Baba was in the corporeal form, but is now angelic, and so to become an angel, follow avyakt Brahma. To be a karma yogi in action, follow corporeal Brahma.*

*Don't have thoughts of your own. Simply continue to follow. This is why I say: By following the Father, all of you children will be liberated from making effort. Baba doesn't like it when children have to make effort or battle inside. Baba knows that you made so much effort to attain Him for 63 births and yet you have to labour after having found Him. Baba doesn't like this, so just follow the Father. Whatever you want to become, all three are in front of you. Simply follow the father. This is all that Baba wants from us children. The children are the only ones who are going to become this.*

*Children are sometimes mischievous. When children are told to sit comfortably, children run outside to play with Maya. They play with Maya. Maya doesn't cause them trouble, but they play with Maya because she is a toy. (Dadi Gulzar related something that Mama used to tell them: "Mama used to say: What is Maya? The five vices. Just lie down like Vishnu – the grandfather – and when little grandchildren play with their grandfather, he doesn't get angry, but just enjoys the children playing with him, playing with his head, his legs and his face. He doesn't get distressed. Similarly, Maya is a toy; she comes to entertain you and goes away. Because children are mischievous, they go to play with Maya. But you mustn't be afraid. Maya is just a paper tiger, not a real tiger. So play with her, but don't become afraid of her.")*

*Then Baba gave love and remembrance to each one and said: Give My love and remembrance to each one. Baba then asked: Did you bring a gift for all the children? OK, because you didn't bring a gift for all of them, you can take a gift for them all from the subtle region. Baba showed me a beautiful crystal lotus with 8 petals, representing the 8 powers. So this was the gift that Baba gave all of you children. Then after giving the gift, Baba said: OK, I alone will not give you leave. Then He made both Dadis emerge and said: OK, will you go to the corporeal world? He embraced both Dadis and myself and so we were four of us – like the four-faced Brahma. It was as though all of us became one – the four faces came together. Then, all four of us, all souls flew up above and then I came down again. This was my farewell from Baba. The angelic form of each one of you was very beautiful and the mountain was also very beautiful, golden, light.*

*\* \* \* \* \**

Today you are receiving double love and remembrance. This is also UK's luck.

**Om Shanti**

**Dadi Gulzar offered bhog to Baba and brought another message.**

**8<sup>th</sup> June, 2003**

*I just went to Baba with bhog. Bhog emerges there in a very beautiful form. All of you would have seen the gaddi in Baba's room. Today, I saw that Baba was sitting on the gaddi and I also went and arrived there in front of Baba. Baba then said: Come, My jewel of contentment, child, come! Today, you have brought bhog, so whom should I feed? I replied: I brought it for You. Everyone has given it with a lot of love. Baba said: I am receiving that fragrance. I am receiving the fragrance of the children from this bhog. Children have prepared the bhog with a lot of love, from the depths of their heart and Baba is receiving the fragrance of this love.*

*Baba then asked: Will you feed Me or will those who prepared the bhog feed Me? (All of you prepared it with lots and lots of love.) Baba said: All the things that have been prepared, each one should feed Baba one item each. So all the mothers then fed Baba one item each, and then Baba fed them. Baba also fed me even though I hadn't prepared it. I received it because of taking it to Baba.*

*Baba said: Child, I had already given you a message, but even then, tell all the children: Constantly consider yourselves to be the jewels of contentment in the container of Baba's heart. You are those who remain content and make everyone else content. You give the drop of contentment to the souls of the world. Baba spoke these elevated versions, accepted bhog and then sent me back.*

**Essence:** Sweet children, make effort to become bodiless. Bodiless means not to have any bodily religion or relationship. Let the soul alone continue to remember the Father.

**Question:** When will you children have 100% power? What effort must you make for that?

**Answer:** When you children reach the final moments whilst running in the race of remembrance, you will have 100% power. The arrow will instantly strike the target when you explain this knowledge to anyone at that time. For this, make effort to become soul conscious. Look in the mirror of your heart to check that all the old accounts have been burnt through remembrance.

**Song:** You are the Ocean of Love...

Om shanti. You children now know that Alpha, the Father, has come. There is the praise: You receive liberation-in-life, that is, the sovereignty of heaven, from the Father in a *second*, because the Father is the Creator of heaven. Liberation-in-life in a *second* is only received from the Father. Human beings cannot receive it from human beings. As soon as a child is born, he becomes an heir. When someone first comes, you ask that person to fill in a *form*: Who is the Father of the soul? It is said: Living being (embodied soul), a charitable soul. It is not said: Embodied Supreme Soul, Sinful Supreme Soul, Charitable Supreme Soul; no. It is said: Great soul, charitable soul. It is remembered that souls remained separated from the Supreme Soul for a long time. Therefore, God surely has to come to *liberate* you from sorrow. So when people come, first ask them to fill in a *form*: Who is the Father of you, the soul? Who is the father of the body? There are two separate things: I and mine. I am a soul and this is my body. Where is the place of residence of myself, the soul? Who is the Father of you, the soul? It would not be said: Who is the Father of the Supreme Soul? First of all, you have to know Alpha. He is the *Truth*. He is the Ocean of Knowledge. He is the Father of all. No human beings or *judges* etc. know that they are souls. It is the soul that speaks through the *organs* of the body: I am a *judge*, I am a *surgeon*. Only the one Father makes you soul conscious. You now know that you are a soul. All the rest are relatives of the body. It is in terms of relationships of the body that one is a mother, one is a father etc. In terms of souls, we are brothers. This has to be explained first. The inheritance of liberation-in-life in a *second* is remembered. Who is the One who gives liberation-in-life? In the golden age there is liberation-in-life and in the iron age, there is a life of bondage. This too has to be explained. The system here of filling in a *form* is very good. You children know that the memorial of the Father of us souls is here. That Incorporeal One is the Father of us souls. We are corporeal. There is also the memorial of the Incorporeal One. Therefore, He must surely have come. He is the One who makes impure ones pure, old ones new. The world changes from new to old. There is just the one world. Therefore, the Creator of the world must definitely be One; there cannot be two of them. *God is the Creator*. He makes this old world new. The new world, that is, Bharat was heaven. *God is One. World is one*. There was the golden age and it is now the iron age. There was the ancient Bharat therefore the One who made the world new would have made Bharat new. When people come here for the first time, explain this secret to them. You are a soul. The soul continues to take rebirth. The Father comes and makes you soul conscious. I am a *judge*, I am a *barrister*, or, I belong to the Christian religion. All of those are bodily religions. Souls are bodiless and so they don't have any relationships. They don't have any religion. Souls are distinct and become karmateet. Then, once again they have the relationships of mother and father etc. They change their costume, they change their *part* and have new parents. Souls continue to take rebirth. In fact, souls are incorporeal and reside in the incorporeal world. Then, when a soul adopts a body, he says: This is my name and form. The Father sits here and explains to you children: Consider yourself to be a soul. You have to return home. You have played a *part* of 84 births. You became a *barrister*, you became a king. You are now becoming the masters of the world. Only the Supreme Father, the Supreme Soul, can speak to souls. These things are not in the intellect of anyone else. They say that the soul is the Supreme Soul. The Father comes and explains to you the secrets of the world cycle. You now know that you have truly been around the cycle of 84 births. This is now your final birth and you have to return home. People make effort to go to the land of liberation. I, the soul, am a resident of the land of liberation, but, because of having body consciousness, you don't know this. We souls reside in the

incorporeal world. We have come from there to play our *part*. All remember God in order to go to God. Therefore, first of all, explain that the soul and the body are two different things. The soul has the mind and intellect in it. It is living. The soul is imperishable. The body is perishable. The Father of all souls is that Incorporeal Supreme Father, the Supreme Soul, the *Knowledge-full* One. He alone is called the God of the Gita. All devotees have love for God, the Ocean of Love. He pulls the devotees so much. There can only be one God. There are so many devotees. All are impure. They all remember the Purifier, and so there must be the one Incorporeal One. All the rest are His creation. Brahma, Vishnu and Shankar are also a creation. The human world is also a creation. The highest-on-high Father is the Resident of the supreme abode. Just as a soul is a *star*, so the Supreme Father, the Supreme Soul, is the *Star*. It has been explained to you children that there is only one *world* and it has to *repeat*. All the religions have to go around the cycle. All *actors* are playing their *part*. No one's *part* can be changed. The *part* has to be played. First of all it is very essential to explain who the Father of the soul is. They say: *Oh God, the Father!* Who said this? The soul speaks through the body. The Father of the soul is the Supreme Father, the Supreme Soul. This is the main thing. You mustn't *debate* with anyone too much. There is liberation-in-life in a *second*. The Father explains to you children: Children, become soul conscious. At this time, this world is impure. Because of not knowing *God, the Father*, they have become *orphans*. In the golden age, they experience the reward. There is no need to remember the Father there. People of the world don't know that the people of Bharat receive this reward from the Father. Bharat becomes heaven. It is Maya (Ravan) that makes it into hell. Bharat has to become old from new. For instance, if a building were going to be 100 years old, after 50 years it would be said to be old. In fact, the world becomes old from new. Then who will make it new again? How will it *repeat*? The world was pure; someone must have made it pure. Only the one Father is the Purifier. He alone would make it pure. Who makes it impure? Who makes it pure? No one can understand this. You now belong to the Father. The Father means the Father. You don't only half believe or three quarters believe in the Father. However, Maya brings you into body consciousness. All the effort required is in becoming bodiless and belonging to the Father. In fact, Maya is a great enemy. You claim the kingdom with the power of yoga. Only through remembrance do you receive your inheritance from the Father. The power is of yoga alone. The Father says: Forget your body and all bodily relations, and remember Me because you have to come back to Me. The golden age is liberation-in-life and the iron age is bondage-in-life. There is the bondage of Ravan, the five vices. It doesn't exist there. The Father comes and *liberates* you. You know that there was *supreme peace and prosperity* in Bharat. It isn't there now. Therefore, the *Supreme Father* must surely have established it. He would have come. He comes at the confluence age and makes Bharat liberated-in-life. All the rest of the religions are *by-plots*. This Bharat is *old*. When there was the kingdom of deities in new Bharat, there was one religion. That is called heaven. Therefore, when you give the Father's introduction first, they won't *argue*. The Father only tells the truth. Shrimat is from Him. *Next* are the instructions of Brahma. Brahma definitely receives instructions from the Father. Brahma is now in the night. He was in the day. The day of Brahma and the night of Brahma mean the day and night of the Brahma Kumars and Kumaris. The night of Prajapita Brahma would also definitely be the night of the children. The Father explains: I come and first of all create Brahmins through the mouth of Brahma. The Brahmin clan is needed. This sacrificial fire has been created. It would not be said to be the sacrificial fire of Krishna. This is the sacrificial fire of the knowledge of Rudra, the rosary of Rudra. Father Shiva created the sacrificial fire at this time. The Father sits here and teaches this. Children, I change you from an ordinary man into Narayan, into kings of kings. This is Raja Yoga. Krishna would not be called God. God teaches Raja Yoga through which you become like Shri Krishna. The main thing is that you children first have to become soul conscious. Otherwise, you won't be able to strike anyone with the arrow. Only by becoming soul conscious and remembering the Father will you receive power. When you become really strong the arrow will be shot at Bhishampitamai. It has to happen gradually. You now continue to receive power. You have to become 100% by the end. You have to run the race. You are now studying. You will become very strong. You should explain that you are living souls and that God, the *Father* is One. Ask those people why they say that the soul is the Supreme Soul. God the Purifier is only

One. You are the ones who take rebirth. God doesn't have a body of His own. He is Rudra, Shiva. Human beings cannot be called God. The name is given to the body of the soul. Souls are all the same. Sometimes a soul takes the body of a *barrister*. It isn't that a soul becomes a dog or a cat etc. The Father says: Beloved children, human beings only become human beings. The *variety* of animals is different. At this time it is as though human beings are worse than animals. Maya has ruined everyone's lives according to the *drama*. The Father now comes and makes everyone's lives worthwhile. The people of Bharat call God, the Mother and Father. People abroad say: *O God, the Father*. Achcha, if He is the *Father*, the *Mother* is also needed with Him. They speak of Eve. But who is she? Who has been called Eve? Mama would not be called Eve. Mama is Jagadamba. This one (Brahma) is called Eve because He creates through this one's mouth, and this is why it is said: You are the Mother and Father. Only the One is called the Mother and Father. There also has to be the mother of Jagadamba. She is also a *human*. All of these things can be imbibed when you make constant effort to become soul conscious. If there isn't remembrance, there cannot be dharna. Maya is very powerful. If you don't stay in remembrance, she will continue to punch you. Maya even punches those who have been here for 10 to 12 years. She turns their face away. They forget, and then say that it wasn't in their fortune. There is the song: I have come having created my fortune. Which fortune have you created and come? That of marrying Lakshmi. BapDada says: Look in the mirror of your heart: Am I worthy? Have I become as sweet as the Father? The Father says: Become soul conscious. The more you remember Me, the Father, the more you will accumulate. If you don't remember, you won't accumulate. It is only through remembrance that the old account will continue to be burnt away. The fire of yoga means remembrance. I, the soul, am remembering God. The Father also says: Have the faith that you are a soul and remember Me. It is a mistake to say that souls are the Supreme Soul. God never takes rebirth. You constantly take rebirth. My birth is divine and unique. I enter an ordinary body. Otherwise, where would Brahmins come from? A mature Prajapita Brahma is needed. A young child is not needed. Krishna is a young child. They always show Radhe and Krishna as young. How can so many people call young children "Prajapita"? How can you call Krishna "mother and father"? The Supreme Father, the Supreme Soul, has now come as the *Guide*. He will take all souls back with Him. The Father explains very clearly. First of all ask them to fill in a *form*. The main thing is: Who is the God of the Gita? Who created this sacrificial fire? This is called the sacrificial fire of Rudra or the sacrificial fire of knowledge. The Supreme Father, the Supreme Soul, is the Ocean of Knowledge, the *Father* of all. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Become soul conscious, renounce bodily religions and make it firm that we souls are brothers. Become as sweet as the Father.
2. Become soul conscious and give the Father's introduction. You receive the inheritance of liberation-in-life from the Father in a *second*. You must never *debate* with anyone.

**Blessing:** May you be a conqueror of nature and wear the garland of co-operation from nature by remaining stable in the stage of a master.

Nature is invoking you masters from now. Everywhere the elements of nature will create upheaval but wherever you masters of nature are, nature will become the servant and serve you. Simply become conquerors of nature and nature will garland you with the garland of co-operation. Where the Brahmins, the conquerors of nature, place their feet and where their place is, there cannot be any damage there. Storms will come, the earth will shake, yet things outside will be like a crucifix whereas here they will be like a thorn. Everyone will come running to you to take physical and subtle support.

**Slogan:** In order to experience spiritual happiness and sweetness of the mind, stay in the stage of manmanabhav.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, simply remember two sentences: We are grandchildren of the Satguru. We claim our inheritance from our Grandfather through Brahma, our father.

**Question:** It is remembered that those who ascend taste the nectar of heaven, whereas every bone of those who fall is crushed. This song applies to you children and no one else. Why?

**Answer:** Because your destination is very high. You now go home to the Father in the supreme abode, and then you come down into the new world. This saying cannot apply to anyone else. Sannyasis are numberwise; there are some weak ones amongst them and some who are strong but they do not have their destination in front of them. They don't know the taste of the experience of heaven. Only you children say that you now want to follow the path where you fall and become careful again.

**Song:** We want to follow the path where we fall and also have to be careful...

Om shanti. When a song is played, you children understand that there is knowledge for us in the song. For ignorant people, there is only ignorance in it whereas for an enlightened soul there is knowledge in it. You understand that it is definitely the storms of Maya that make you fall, and that the Father, God, raises you up. That is, He gives the life-giving herb of knowledge to those who have fallen. Those who get caught up in a storm of lust fall; if they get caught up in a storm of anger, they also fall. This falling and ascending continues. Those who ascend taste the nectar of heaven, whereas every bone of those who fall is crushed. This song cannot apply to anyone except you; it doesn't apply even to sannyasis, although there may be some weak sannyasis too. None of them have a destination. Your destination is the highest of all. They study the scriptures etc and perhaps become scholars, but they don't have the destination of claiming a kingdom etc. Here, the destination is very high. You children understand that unlimited BapDada is teaching you. Mama also teaches and children teach as well. You are the grandchildren of the Grandfather. At Amritsar, when a grandfather and his grandchildren are together, it would be said, "This is the seventh generation" or "This is the second generation". You understand that there will be generations of deities in the golden age. There will be the first generation, the second generation etc. Here, you have no generations. There is one father; one Grandfather, one Mama, and the rest are all children, that's all! There is no one other than the Grandfather and the grandchildren. It is now very easy to remember these things. You are Brahma Kumars and Kumaris and so Brahma is your father, and Shiva is your Grandfather. You receive your property from Him. It is very easy to remember that you are grandsons and granddaughters of the Grandfather, Brahma Kumars and Kumaris. Brahma is the only son of Shiva. It is not that you are Vishnu Kumaris or Shankar Kumaris. Only one Brahma is called Prajapita Brahma. Baba explains in a very easy manner. You have become Brahma Kumars and Kumaris in order to claim your inheritance from Shiv Baba. Shiv Baba tells you how to explain to others. You definitely have to remember Shiv Baba, from whom you receive the inheritance. If you remember anyone else, you will receive an inheritance of hell. This is something that has to be understood. You do not receive the inheritance from the father but you receive it from the Grandfather. He is the Creator of heaven and the Bestower of knowledge. Shiv Baba speaks through Brahma and this Brahma also listens. Saraswati, the first daughter of Brahma, has also been remembered. Brahma Kumari Saraswati, the world mother, is praised a great deal. She claims an even greater inheritance than Brahma. This is why first Lakshmi is remembered, than Narayan. You understand that you are the children of Jagadamba, the world mother, and Jagadpita, the world father. So, why do you not claim your inheritance from the Grandfather? You are Brahma Kumars and Kumaris, grandsons and granddaughters of the Grandfather, that's all! There is no second or third generation. There are no great grandchildren or great great grandchildren. Who would not remember the Grandfather? You know that the more you remember Him, the more your sins will be absolved. You can explain to anyone that Shiva, the Supreme Father, the Supreme Soul, is the Creator of heaven. He definitely creates that through Brahma. He says to the Brahma Kumars and Kumaris through Brahma: Remember Me and the inheritance (heaven). Forget all the relations of the body. It has been said: If you die, the world is dead for you. When a soul separates from his body, nothing remains; the consciousness of the body ends. You have now come to Baba and you will then become beautiful. You are now ugly. This is a play about changing from ugly to

beautiful. You souls are becoming *pure* and beautiful. You souls have become *iron-aged*, and so your body too is likewise. You were beautiful in the golden age. The beautiful Traveller comes and makes you beautiful. His soul is forever beautiful. He never has alloy mixed into Him because He doesn't come into birth and death. He explains in such an easy manner. However, some still forget and divorce such a Grandfather. Therefore, Baba says: If you want to see the greatest fools of all as well as the wisest ones of all, see them here. They are so foolish that they cannot even understand these two very easy aspects. You simply have to understand that you are a soul and that this is the incorporeal Supreme Soul, your Grandfather. This Prajapita Brahma is very well known. Shiv Baba gives you the inheritance through him. If you leave Brahma, you also leave the Grandfather, and then your inheritance will end. Baba explains in such an easy way. You are Brahma Kumars and Kumaris. Brahma, Vishnu and Shankar are residents of the subtle region, but out of them, it is Brahma who is called Prajapita. The human world cannot be created in the subtle region. Therefore, Vishnu and Shankar cannot be called Prajapita. The Father of the People would surely exist here. Brahmins emerge from the lotus mouth of Brahma. Ask those brahmin priests whose children they are. That simply has become their praise, for they are not that in reality. You now understand that the Supreme Father, the Supreme Soul, establishes the deity and warrior religions through Brahma and that He does that at the confluence age. Brahmins are definitely needed at the confluence age. At the end of the iron age, they are shudras. This is explained to you children in a very easy way. Shrimat is very well known. What did you hear in the Shrimad Bhagawad Gita? The doubly-elevated One (Shri Shri) speaks this knowledge and must have made you the most elevated of all. You have now become Brahma Kumars and Kumaris in a *practical* way. You say: BapDada, we also met You a cycle ago. We have come to claim our inheritance from the Grandfather. Achcha. What did you become through that? The sun dynasty or the moon dynasty? Did you become worthy to claim Shri Narayan or Rama? You say: Baba, we will marry Shri Narayan. However, they then forget. They forget the One who makes them so worthy. May no one ever forget the Grandfather or the father. They divorce Him very quickly and don't even remember Him. They cannot even imbibe two words of knowledge. They forget that they are grandchildren of the Satguru, that is, grandchildren of the Grandfather and that they are claiming their inheritance from Him by *making* effort. The inheritance of a physical father, that is, his *property*, is normally shared out. Here, there is no question of anything being shared out. You have to make effort for that. You do not have to buy a *plot* on the *moon* etc. You become the masters of the kingdom here because you have to play your *part* here. You don't need to go the *moon* etc. That is called the arrogance of *science*. Through extreme arrogance, they reach the stage of destruction. Just look what has been invented. They go hundreds of thousands of *miles* into space. They even know how far they have travelled and what is on the moon. The moon is cool. They would get hot if they were to go towards the sun. There is so much arrogance of *science*. They call them *rockets*. Baba has explained that souls are the greatest *rockets* of all. They are only a point. How much would they weigh? There is so much *knowledge* contained within this point. Souls can fly from here to there in a *second*. They remember Baba and fly within a *second*. Only those with a very *shrewd* intellect are able to understand this and explain to others. Shiv Baba is also a point. They say He has a large oval-shaped form. However, it would be said that a soul isn't that large, and that the Supreme Soul cannot be that large. They then say that God is brahm, the element of light. They cannot understand anything. Until they come personally in front of God, they cannot understand the name or form of God. We show Shiv Baba's picture, but He is not like that. His form is that of a dot, but how can a dot be worshipped? How could He be offered flowers etc.? This has continued on the path of devotion. They have created a large form for the sake of worship in the temples. Achcha. Baba says: If this knowledge doesn't sit in your intellect, at least you can understand that you are Brahma Kumars and Kumaris, grandchildren of the Grandfather. God Shiva is the Highest on High. His creation cannot be called *God the Father*. We are His grandchildren. He says: I make you into the masters of heaven. You also understand that you are now tamopradhan and ugly. You are being made satopradhan and beautiful by Baba. Rama was also beautiful, but he had two celestial degrees less than Krishna. He too has now become ugly. About Krishna they say that a snake bit him. However, nothing like that happens. It was by sitting on

the pyre of lust that he became ugly. He became ugly from beautiful. Now, in order to become satopradhan again, you have to remember the Father. One Traveller makes so many beautiful. He makes them into the masters of the world. He simply says: Remember Me, the Father, otherwise, how will you receive the inheritance? The fire of yoga is needed in order to destroy your sins. Have remembrance again and again. Some think that they are His children anyway. However, if you do not have remembrance throughout the whole day, your sins will not be absolved and the mercury of your happiness will not rise. This aspect does not sit in the intellect of even some who have been here for 20 to 25 years. They forget this and go back to the old world and cancel their line of fortune. The fortune begins from the moment you come into the lap of the Mother and Father. By saying, "Mama and Baba", you become those who have the right to heaven. People here also say: Our Hindustan is the highest of all. However, if it is the highest of all, why is it in so much debt? Why has it become so poverty-stricken? A great deal of wealth has been taken from here. A huge revenue is earned in the factories. If there weren't any factories no one would have a job. If they didn't have a job, how would they sustain themselves? This is why so many methods are created for Bharat. These methods are created so that children don't experience so much sorrow. So many from here go abroad to get a job because they can earn a great deal of money there. Baba says: I love even the thorns. I come and purify all the impure ones. I love the thorns and I also love those who become flowers from thorns. According to the *drama*, I grant salvation to all. Rama is the One who grants salvation to all and so He is the One who is loved by all. Thorns as well as flowers are included in this. Heaven is created according to the law. Therefore, He makes you worthy of it. People call out: O Purifier, come! Come and makes us pure. You understand that the Purifier Father has now come, in order to purify Bharat in particular and the world in general. The name Sarvodaya *leader* (the leader who has mercy on all) is given. They have given that name to themselves, just as they call themselves: Shri, shri, one hundred and eight. Sarva means all, but no human being can grant salvation to all. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to shed body consciousness, die alive. When you die, the world is dead for you. *Practise* becoming detached from your body again and again.
2. We are grandchildren of the Grandfather. We have to become worthy and claim the full inheritance from Him. The soul has to become pure with the power of yoga and remain happy.

**Blessing:** Instead of chasing after the mirage of any desire, may you become ignorant of even the knowledge of desires and accumulate a true income. Many children think that if they were to win the *lottery*, they would give all of it to the yagya. However, money earned in that way cannot be used for the yagya. Although they say that if they were to win the *lottery*, they would use the money for service, in fact, they would only use it to fulfil their own personal desires. To become a millionaire at this time means to lose billions for all time. To chase after a desire is like chasing a mirage. Therefore, accumulate a true income, become ignorant of the knowledge of even limited desires.

**Slogan:** Continue to move along whilst considering any obstacle to be a game, so that, instead of being obstructed, you laugh and sing whilst winning the game.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, become introverted and remain busy in this study. Constantly continue to follow shrimat and your fortune will become very elevated. This is the time to make your fortune.

**Question:** What is the elevated fortune of you children on the basis of which you come to know the fortune of the whole world?

**Answer:** To become a spinner of the discus of self-realisation is the highest fortune of all. You Brahmins have now become spinners of the discus of self-realisation. You know your own fortune and also the fortune of the whole world. Baba has come to make the fortune of you children as valuable as a diamond. Let it remain in your awareness that God Himself is teaching you to make your fortune and your fortune will thereby continue to increase.

**Song:** You are the fortune of tomorrow...

Om shanti. You children heard a few words of the song. You should become intoxicated about your fortune as soon as you hear it. This intoxication is imperishable and should never decrease. When someone is a wealthy millionaire, he has the intoxication day and night that he is very wealthy and has a lot of property. There is intoxication of their wealth. So, the Father is the One who makes your fortune. Your fortune is lost at the moment. You can *judge* whether your fortune is worth a shell or a diamond. The unlimited Father sits personally in front of you and makes your fortune. You can see this and you also know it. Can you see the Supreme Soul or do you know Him? You children know that you are souls. Although you cannot see a soul, you have the faith that you are souls, like *stars*. You reside in the centre of the forehead. At this time, you children have to become soul conscious. The one residing in this body is called a soul, the one separate from the body. Souls have the pride that the Supreme Soul has come to meet them. When children take birth to their father, they become heirs. Some receive a fortune worth a few pennies and others don't receive anything. They just take birth. Some people have 5 or 6 children. When they have a low paid job, they understand that that was in their fortune. They see others and think, "They have so many palaces, crowns and thrones in their fortune." There is a *variety* of fortune of human beings. So, you now know your fortune, and for which fortune you are now making effort. Human beings make effort for wealth and happiness. When wealthy people fall ill, they take treatment from good doctors. They believe that they would receive good treatment because of their wealth. Therefore, it is a matter of wealth. You are making a very great fortune by following shrimat. You children know that Baba is making your fortune very good because He Himself is the Highest on High. You are now sitting personally in front of Him. You are sitting in the home of the Mother and Father. Those who are kings and queens understand that they have performed such actions that they have received the fortune to rule the kingdom. When you look at the picture of Lakshmi and Narayan, you know that they definitely made their fortune in their previous birth. You have received this wisdom. It doesn't enter the intellect of human beings how all of those wealthy people received their fortune. It would be said that they performed such actions in their *past* birth that they became so wealthy. That is the fruit of their karma. They sing: The philosophy of karma is unique. Human beings receive according to their *past* actions. You now look at the fortune of the highest-on-high Lakshmi and Narayan: They who became the masters of the golden age, who created their karma philosophy, that they became the masters of the world? You now know the whole cycle. You Brahmins have now become spinners of the discus of self-realisation. Other brahmins would not be spinners of the discus of self-realisation. They are brahmins and you too are Brahmins, but you know that you are true Brahmins, the mouth-born creation of Brahma. Surely Brahma too would be someone's child. He is Shiv Baba's child. Shiv Baba is the Creator. He has no father of His own. Therefore, the Supreme Father, the Supreme Soul, is making your fortune. Your fortune is made by your father, not by your maternal or paternal uncles etc. Yes, for some, it is created by them, if they *adopt* you. You children have also been *adopted* according to the *drama*, as you were in the previous cycle. No one is higher than He. Prajapita Brahma has so many children. What inheritance would he receive from the Father? You understand that Shiv Baba is the Father of all souls and Brahma is the father of all living beings, and thus you become brothers and sisters. The Father tells you children: Look, your fortune is so elevated! I teach you and make

you so fortunate. At the beginning of the golden age, it truly was the kingdom of Shri Lakshmi and Narayan and the residents of heaven. I made their fortune so elevated. You children have in your intellect the secret that it is Shiv Baba alone who made their fortune so elevated. They experienced their fortune and completed their 84 births. They are now making that same fortune again. You have this knowledge in your intellect. No one except the Ocean of Knowledge, Shiv Baba, can explain to you. Such a Father is so *lovely*. The Father says: You too are *lovely* children. I order you to practise remembering Me constantly so that your sins are absolved. You know that Shiv Baba is now personally in front of you in the body of Brahma. The Father has explained: I am always Incorporeal. My name is always Shiva. I do not enter a corporeal form and take rebirth. I have now come. You know who is talking to you. Your intellect goes up above. That Incorporeal Supreme Father, the Supreme Soul, is the Ocean of Knowledge. He is the One who is making your fortune. *Heavenly God, the Father*, would establish *heaven*, would He not? You know how the Father is personally speaking to you through the body of Brahma. He says: Beloved children, the *drama* is now complete. The soul listens to Him. The soul knows that this is right. The Father says: As much as possible, remember Me. I have given you the *knowledge* of the whole world cycle. Some are able to imbibe very well and others forget. You are now sitting here and He is giving you nectar of knowledge, that is, He is teaching you this *knowledge*. Shiv Baba is sitting personally in front of you. He does not enter birth and rebirth. Your name, form, land and time continue to change birth after birth. You always receive different *features*. These are such deep and subtle matters. You souls repeatedly shed your body and take another. In your next birth you will not have the same form as you have now. The features of one birth cannot be the same as in another birth. Souls shed their body and take another, and so their *activity*, thoughts etc. all change. The soul has to play so many different *parts*. He plays his *part* through different names, forms, places, times and *activities*. His *activity* continues to change. Sometimes it is that of a king and at other times that of a pauper. It isn't that he would sometimes become a dog or a cat. No! You know that you are now making effort to become *princes* and *princesses* in the future. You are changing from human beings into deities. This Mama and Baba are also making effort. Then, in the future, they will become Lakshmi and Narayan. To the extent that we make effort to make our own fortune, accordingly, we will receive a lot of happiness. This is such a huge income. Those people study for temporary happiness and become a *barrister* etc. in this birth. There is no question of anything for their next birth. In that too, it's not certain whether they will become that or not. You understand that you will definitely go to heaven in the future. Then you will be called deities. You must never forget that you will definitely claim your inheritance of the peacock throne. You will definitely become the highest on high. *God, the Father*, is teaching you and so that too enters your intellect. We are studying very well and creating our reward for 21 births. To the extent that you make effort at this time, so you will accordingly make an elevated fortune. That fortune will remain permanent cycle after cycle. This is why you should make good effort for your fortune. The fortune is very elevated. You have a lot of happiness. Although some people here may have millions, they don't have happiness worth even a few pennies. There, they will experience their reward very peacefully and comfortably. Here, so many calamities continue to come. In just a short *time*, many will become bankrupt. People will continue to die. Although people are *insured*, what will the *insurance companies* be able to do? Look what happened in Hiroshima. So many people died. The *insurance companies* also went bankrupt. The same will happen here too. Everyone will die. To whom would the *insurance companies* give money? Who would light the flame for others? Human beings have so much blind faith. Eminent people are given so much respect. Rishis and munis are considered to be higher than they. Although people don't believe in *religion*, they would definitely bow down to the sannyasis. They would go in front of holy men and lie down flat in front of them. Sages would not lie down in front of them (ordinary people) because they consider themselves to be elevated and pure. This Father says: My beloved children. I salute you children. You are the peacock feather in the crown on My head. You will become the masters of the world. You are also masters of Brahmand. You are *double* masters. I am the *single* Master, of just Brahmand. No one apart from the Father can explain these things. Therefore, how much should you remember such a Father from whom you receive such an inheritance! The Father says: Look, so

many children go from here, and then they don't even write a letter to the Father for 6 months. Oh, you don't write a letter to the beloved Father who is lovelier than life itself! When a wife writes a letter to her husband she writes: Praneshwar (Lord of Life) So-and-so. In fact, none of them are Praneshwar. Only the one Father is Praneshwar. The God of all praan (living beings) is the one Father. He says: Praneshwar children, that is, the children of God who saves your life. Children too say: Praneshwar Baba! Baba who saves our lives! This name has been invented here. It is only in Bharat that they write Praneshwar, Praneshwari, but they are not that. Only the Father gives the donation of life. The Father says: When you belong to Me, no one can cause you sorrow. It is the soul that receives sorrow. The soul *feels* that the Father explains with so much *love*. The soul remembers Him and praises Him. You also remember Mama so much. Those who serve many others very well receive such a high status. Then, after her, these are those in the *second number* who *follow* Baba in *service*. You have to become very merciful. Just as Baba has made us, so we have to make others the same. You attain such great *property*, the kingdom of heaven. There, we remain so wealthy that we will build temples of gold and diamonds. They show a play about Maya, the Magician. That one saw that there were some gold bricks lying there (in the subtle region) and thought he would bring them back down. In your visions, you see palaces of diamonds and jewels in heaven. You see gold mines and so you feel that you should bring a little of it back down. You can't find gold in the subtle region. Gold exists in Paradise. You know that when you are there, you will go to the mines in your vimans and come back with yours vimans full of gold. There are also very big gold bars. Even now, great people have gold. Bharat definitely has to keep gold and silver. Everyone has big vaults built which no one can *loot* and fire cannot burn. So, you will receive all of that in your hands in the future. *Bombs* etc. are dropped from aeroplanes for destruction, but those things (aeroplanes) will become instrumental for your happiness. Those things existed in the golden age and then they disappeared. They have now been invented again. You know how you will go and bring back things from the mines. All the mines will become new. Now they are old. Therefore, you should claim your full fortune from the Father who makes such a fortune. You shouldn't be careless about this. Remember the Father and your inheritance. The Father says: Have attachment to the One alone. Remember heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Don't be careless about making your fortune elevated. Follow shrimat well and, on the basis of the study, make your fortune elevated.
2. Stay in remembrance of the Father Praneshwar and donate life to everyone. Save everyone's life. Never make anyone unhappy.

**Blessing:** May you be one who has a right to *double* fruit by doing service and considering yourself to be a server whilst carrying out your *duties*.

When carrying out a task, going to an office or doing *business*, always have the awareness that you are carrying out that *duty* for service. When you have the awareness "I am doing this for service" service will automatically come to you, and the more service you do, the more your happiness will increase. Your fortune will accumulate anyway, but you will receive happiness as the instant fruit and so you will claim a right to *double* fruit. When your intellect is *busy* in remembrance and service, you constantly continue to eat the fruit.

**Slogan:** Those who always remain in a happy state are loved by themselves and everyone else.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, it is essential to imbibe the virtue of maturity in this knowledge. You must not have any arrogance. Have *regard* for the mothers.

**Question:** What is Baba's hope for all the children? When will you be able to fulfil that hope?

**Answer:** Baba's hope is that the children will make such effort that they change from ordinary humans into Narayan. It is through this that the Father will be revealed. Create such a revelation so that the Father is praised and the children are also praised. Baba says: Children, if you become Narayan from an ordinary human, temples will be built to both you and Myself. *Follow the Father* in order to become worthy of worship like that. Promise yourself that you will *follow* them completely.

**Song:** Since the day we met You...

Om shanti. You children feel that you are definitely listening to new things for the new world. This is our new love. No one else has personal love for the Supreme Father, the Supreme Soul. Therefore, this is a new aspect. You know that Baba is the Purifier. The old world is called impure and the new one is called the pure world. So your love is now for the new world. You understand that your love is for the new world of heaven. That is called the Shiva Temple, whereas this is called the brothel. There are definitely vicious human beings here. In the golden age they are viceless, and so it is called the Shiva Temple. It is Shiv Baba who establishes such a viceless world. You understand that in this old world there are definitely pictures of the deities who lived in the new world. The residents of Bharat have forgotten all of this, and they call it Hindustan. They say: Our Hindustan is lovely. Yes, it definitely was lovely, but the name is not in fact Hindustan. It is called the land of Bharat. So you children understand that these things definitely seem new. We have never heard such aspects. This knowledge is unique in the whole world. The people of Bharat have many varieties of temple. Christians only had one *church*, and they later created many more *churches*. In the golden age there are no temples because that is the kingdom of the living deities. The deities ruled in the new world, in the Shiva Temple. You now understand that you are about to go the new world. Don't even think that Baba has had these new buildings built. In fact they are old in this old world. Our love is now for the new world. Souls have love for the Supreme Soul, the One who is sitting here in person. Human beings think that Brahma Kumars and Kumaris have love for Brahma, but you understand that your love is only for one Shiv Baba and none other. Although your name is Brahma Kumars and Kumaris, your love is not for Brahma. This Brahma is a bodily being. He takes birth and rebirth. You should not form any relationship with bodily beings. Those gurus adopt names for themselves such as Satchitananda (the truth, the living being and the embodiment of bliss). However, it is only the Supreme Soul who can be called the Truth, the Living Being and the Embodiment of Bliss. Souls were the truth, living beings and embodiments of bliss, embodiments of peace and embodiments of knowledge. You are now becoming this again at the confluence age. Just as the Father's praise is: The Ocean of Knowledge and the Ocean of Peace, so you too are embodiments of truth, living beings and embodiments of bliss. By remembering the Seed and the tree, the entire knowledge enters your intellect. There are exactly 5 ages. It is now the confluence age. The world does not know of this confluence age. They might know about it, but they don't know the *details* such as who ruled in the golden age and how they claimed that kingdom. You are now claiming your kingdom. You definitely have to come into the cycle and take rebirth. No one can remain in the golden age for ever. It is now that you receive recognition of heaven and hell. It is now the iron age and then the golden age will definitely come. Therefore, it must definitely have been at the confluence age that the Supreme Father, the Supreme Soul came. His praise is distinct. It is not that the praise of one can be the same as that of another. Each one has his own sanskars and activities; they cannot be the same as those of another. Each soul has his or her own *part*. It has been explained to you children that you souls take 84 births. You are listening to new things. The world thinks that Krishna is the God of the Gita. Now, the Father says that Krishna is not the God of the Gita. God speaks: I teach you Raja Yoga and make you into kings of kings, that is, I make you into Lakshmi from an ordinary woman and Narayan from an ordinary man. Baba also asks: Do you want to become Narayan of the sun dynasty or Rama of the moon dynasty? Children say: Baba, our *aim and objective* is to become the sun dynasty. All are numberwise. Some

*barristers* are very good, whereas others are incompetent. Some *surgeons* earn hundreds of thousands of rupees, whereas others earn very little. It all depends on their study. Amongst you also, there are many who will earn a great deal and claim the throne. This is a huge, unlimited, Godly *college*. There are limitations in other *college* - only so many will *pass*. This *college* is unlimited. Therefore, you are listening to new things. You now understand that it is the Supreme Father, the Supreme Soul, who gives you innocent ones power. You understand how much power you receive from the Supreme Soul. We are *warriors* standing on the battlefield. This is a new aspect. The war between the Pandavas and the Kauravas is mentioned in the Gita, but there is no question of a war. Every aspect is new. Krishna is not God, but he is the Alpha of the new world. All aspects are new, starting with Alpha. Lakshmi and Narayan are Alphas of the new world and their children come after them. Lakshmi and Narayan are Alphas of the golden-aged human world. Here, Brahma, Alpha, is the creator of the human world. First of all, the Supreme Father, the Supreme Soul, is Alpha. Later Brahma is made Alpha. Then, Lakshmi and Narayan are made Alpha. Here, you belong to the Brahmin clan. Brahma has been remembered as the head of the Brahmin clan. Although there are those other brahmins, they have never heard the name Brahma Kumars and Brahma Kumaris. This name is not even mentioned in the Gita. Therefore, these aspects are new. Because of calling Bharat "Hindustan", they speak of the Hindu religion. They have no knowledge of their ancient religion. It is as though the deity religion never existed. Because they don't know their own religion, they say that all religions are the same. People of all religions can come and stay here; they are *free* to do so. All religions are given regard, and so people of any religion can come and stay. Just look outside, how they continue to reject those of other religions. They continue to deport the Indians from Ceylon and Burma. Bharat is in fact, the land of the ancient deity religion, but they (the Government) say that anyone can come and live here. Not all can live together. Everywhere, there is so much conflict amongst the religions. It is said that Bharat will give *asylum* to all the religions; that is why Bharat is praised. You are now listening to new things. There is no one of the deity religion in Bharat at present. We are now making effort for the new world. Shiv Baba creates heaven. In fact, all are children of Brahma, but it is the Brahmins who have especially been remembered. When were they created? Surely, they must have been created at the confluence age. The different castes have also been shown clearly. We become the topknot Brahmins, then deities, warriors, merchants and shudras. Although this knowledge is very deep and entertaining, it hardly sits in anyone's intellect. You children should imbibe this knowledge very well and never become upset with the teacher. Don't sulk and stop studying. Otherwise, you will end up in the very depths of hell. The Father has come to relate this knowledge and so you should listen to it. On the path of devotion, so much discipline is maintained when listening to the Gita. They listen with great discipline. They also go the temple with that discipline. They follow firm disciplines every day. Your disciplines are extremely strict. Stay in remembrance for half a moment or one moment and then increase it. By remembering Baba the lock on your intellect will open. Shiv Baba does not churn the ocean of knowledge; He does not need to churn knowledge. It is you who need to churn knowledge in order to explain it to others. Therefore, you should never sulk, but have *regard* for each other. Some children don't know how to maintain *regard* for the maharathis. The teachers are still the main ones. They make 10 to 12 similar to themselves, and so they have to be given that *regard*. It is as though you are Shiv Baba's *agents*. Not all *agents* can be the same. They are all numberwise, yet they are all *agents*. Some have very good dharna. They remain on *service* day and night. Shiv Baba too has come here on *service*. Baba says: I perform a *double* task. I also *serve* the devotees. You know who performs the task of granting visions to the whole world. Although these things are predestined in the *drama*, they receive visions at that time. They think that *God*, the *Father*, granted them a vision through divine insight. Everywhere people receive visions. These visions are also fixed in the *drama*. You need an unlimited intellect in this. These aspects are new. The cycle of the world should spin in your intellect. Some spin the discus of self-realization very fast, and some slowly. You are spinners of the discus of self-realization. The intellect continues to work numberwise for *service*. Some are not able to spin the discus of self-realization. Although the wind blows the same way for everyone, the discus of some spins fast, whereas that of others spins slowly. The discus of some does not spin at all. What status

would you receive if you don't spin the discus of self-realization? Therefore, these are new aspects. Baba continues to explain: If you want to claim your inheritance, claim it now. Otherwise, later, you will regret it and also weep. You have to reveal the *Teacher*. This is a very big *college*. If you study well you will receive a good status. You should promise that you will *follow* the mother and father completely. It is not that the son of a *barrister* will become a *barrister*; no. Some will become a *doctor*, some an *engineer*. Some will even become like Satan and others can become robbers. Baba says: In order to reveal Me, change from an ordinary human into Narayan. My praise will be sung and your praise will also be sung. You will become deities. A temple will be built to Me and yours will also be built. The main temple should be to one Shiv Baba. Then, along with Him, there are the Brahmins and the children. There is *variety* in the Dilwala Temple. That is the greatest memorial. You are sitting here in the living form. They show idols of a Shakti riding a lion, and a maharathi riding an elephant. It is said that an elephant was swallowed by an alligator. If there isn't remembrance of Baba, then, Maya the alligator will swallow you. Maya, the alligator, even swallows good maharathis. Great maturity is needed here. There should be no arrogance of doing something. As much as possible, keep the mothers ahead in everything. Have *regard* for the mothers. All the keys should be with the mothers. All the news should come from the mothers. Yes, it is possible that some kumars are cleverer than the kumaris and the mothers, but they have to write to Baba for advice. "The king may issue the orders but it is the queen who rules the kingdom." First, it is the queen then the king. Firstly, the mother guru is needed. There is no system here for men to become gurus. The *law* here says that you have to keep the mothers in front. Although some men become instruments to bring mothers into gyan, the *majority* is mothers. You should not have any arrogance that you know everything, or that you are clever. It is the mothers who have to be made clever. The *centres* have to be run by the mothers. At the end, it is through the mothers that the arrows will hit the sannyasis. Therefore, everything has to run according to the law. Those who defame the Supreme Father, the Supreme Soul, cannot claim a high status. Baba cautions everyone. You have to become very sweet. If you hear something that you don't like, then listen with one ear and let it out of the other. Anger causes a great deal of damage. Some write and ask: Why is anger not said to be worse than lust? But no! Lust causes you sorrow from its beginning, through the middle to the end. Only one Purifier has been remembered. Sannyasis cannot purify anyone. Therefore, you are listening to new aspects that God, the Highest on High, sits here and teaches. He is called Shri, Shri. Then in the human world, it is said: Shri Lakshmi, Shri Narayan, Shri Rama and Shri Sita. Achcha, who made them elevated? It was Shri, Shri Shiv Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Live in harmony with one another. Give *regard* to one another. Never sulk and thereby stop studying.
2. Anger causes a lot of damage. Therefore, if you hear something you don't like, then listen with one ear and let it out of the other. Don't become angry, become very sweet.

**Blessing:** May you be an embodiment of all attainments and give everyone the experience of peace and power through your *vibrations* of spiritual happiness.

The faces of the children who are full of Godly attainments, and are an embodiment of all attainments, spread *vibrations* of spiritual happiness to many souls. Those who receive these *vibrations* experience peace and power. Just as a fruit-bearing tree gives shade to people and they become cool and happy, so too, the *vibrations* of your happiness from the shade of your attainments, gives others the experience of peace and power in body and mind.

**Slogan:** Those who are embodiments of remembrance experience every situation to be a game.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, this is the *Almighty Government*. Dharamraj is also together with the Father. Therefore, tell the Father about the sins you have committed and half will be forgiven.

**Question:** On what basis are masters of the kingdom and wealthy subjects created?

**Answer:** In order to become a master of the kingdom, pay full attention to the study. A status is attained on the basis of your study. Those who are to become wealthy subjects will take *knowledge*, sow seeds (become co-operative) and also remain pure. However, they will not pay full attention to the study. There can be attention paid to the study when you first have the faith that God Himself has come to teach you. If there isn't this faith, then, even whilst you are sitting here, it is as though you are dull. If there is faith, you will study *regularly* and also imbibe knowledge.

**Song:** Show the path to the blind, dear God...

Om shanti. The iron age is called the city of darkness because all souls have become dull. It isn't that their eyes are blind. In the city of darkness, all are blind children of blind parents, without the eye of knowledge. They have become tamopradhan. The Father of all of us souls is the Supreme Soul. When all of us souls reside there, in the supreme abode, we are ignited lights. At first we were satopradhan, real gold. Satyug is called the *golden age*. In Hindi, it is called Paraspuri (land of Divinity). It is now the iron age which is tamopradhan. Everyone has a stone intellect. In the golden age, there is light in every home. In the iron age, there is darkness in every home. The deity religion has vanished. All have become corrupt in their religion and action. They cannot call themselves deities because they are vicious. Baba has given the example of a person called Savarkar. He was told that the deity religion was the original and eternal religion. He was asked: Why do you say: The original eternal Hindu Mahasabha? He replied: Dadaji, we cannot call ourselves deities because we are impure. Therefore, the deity religion is now being established for this is the *missionary*. Just as when Christ came there were no Christians so at this time too, the deity religion doesn't exist. The Brahmin religion has now been established. The Brahmins will then become deities. The Supreme Father, the Supreme Soul, says: I am the One who establishes the deity religion. I am the parlokik Father of you souls and I sent all of you here. Just as that is the Christian *missionary*, so this is the *missionary* of the deity religion. The Parlokik Supreme Father, the Supreme Soul, Himself, says: Children, everything you have been hearing has been lies. Although it is all going to happen again according to the *drama*, I come every cycle to explain to you and liberate you from the *bondage* of this Maya, and I inspire the deity religion to be established through Brahma. Then, from the copper age onwards, many other religions are established. The deity religion doesn't exist at this time. This is the kingdom of Ravan. The Gita is the most elevated scripture of Bharat because it was spoken by God. All other scriptures are spoken by human beings. Krishna received his reward in the golden age. Baba says: I have now come to establish the kingdom of Lakshmi and Narayan in Bharat. None of the others who relate the Gita can say this. God alone says: Oh children, residents of Bharat, I have come to establish the deity religion through Brahma. First of all, Brahmins are needed through Brahma. Deities receive the reward. They don't benefit anyone. They themselves are royal people. There is a lot of wealth there. Maya doesn't exist there and that is why it is called heaven. Bharat is now hell. None of the others who relate the Gita can say that lust is the greatest enemy and that by conquering it you will become the masters of heaven. You might travel throughout the whole of Bharat, but no one would be able to say this because they themselves are vicious. The poor helpless people don't even know that this is everyone's final birth. Baba tells you that first it is this one's, the one whose body I enter, final birth of many, that is, it is now the end of the whole world. You take the responsibility of purity in this one birth. This is not a lie. You can also see the great war ahead. Small *rehearsals* will continue to take place. Children have had visions of establishment and destruction. This proves that this is the final birth. None of the others who relate the Gita would say that you have to take the responsibility of becoming pure because this is the final birth. This is your Raja Yoga. You are doing tapasya to claim the kingdom. You now have to earn this true income. From being lords of stone you are becoming the lords of divinity. You claim a very high status. I have come and awoken My old children who have been burnt by Maya. This one was beautiful. Now, all souls

are ugly and tamopradhan. It is the soul that becomes ugly and beautiful. It is clearly a lie to say that a soul is immune to the effect of action. Souls carry their sanskars. Baba says: You children are now following God's directions. *Europeans* say that there was the kingdom of *gods and goddesses* in Bharat. They speak of God Rama and Goddess Sita, but they cannot be called God. That is *deityism*. There is no God there. God is only One and there are three subtle deities. All the rest is the human world. Christ came and established the Christian religion. Christians didn't exist before that. In the same way, the deity religion has now vanished. The most elevated religion is that of the deities. Baba says: First of all I establish this spiritual Brahmin religion. You spiritual Brahmins show the way to the supreme abode. It is said that devotees find God whilst sitting at home. So, Baba says: Those who were deities would definitely become the first number devotees. They are the ones who started the path of devotion in the copper age. They first built the Somnath Temple. It is explained so clearly. Those who are to become the masters of the kingdom will take to this *knowledge*. Then, those who are to become wealthy amongst the subjects will also listen to this knowledge. They too will sow the seeds, but they will not study a great deal. They will remain pure. Baba says: Children, this is a study. Only by studying is a status received. The status is the highest to all. First of all let there be the faith that God, not Shri Krishna, has come to teach you children. However, we will become Krishna through this study. All of you will become *princes* and *princesses*. Those who don't have full faith sit in this *school* as though they are dull. If there is faith, you should study *regularly*. Otherwise, it is as though you haven't understood anything. You receive this imperishable reward from imperishable Baba. All the rest will be buried in the graveyard. However, until we become ready only a few will remain. Then, they too will finish. You and I saw all of this in the previous cycle. We are now seeing it again. It would now be said that I am once again establishing this religion after 5000 years because those people cannot have the knowledge of Brahmand or the beginning, middle and end of the cycle. Baba alone comes and gives you this knowledge. Brahmand is the place where souls reside egg-shaped. Those sannyasis say that the brahm element is God. However, brahm is an element whereas Shiva is the Supreme Father, the Supreme Soul. Those people say, "Brahmohum, Shivohum"(I am Brahm, I am Shiva). However, Shiva is the Creator of Brahma, Vishnu and Shankar. It is said that Bhagirath (the lucky chariot) brought the Ganges. That Bhagirath is this human being. Nandigan, the bull, is an animal. They have heard of the cowshed and so they have kept a bull. In the temples too, there are the *right* pictures of Lakshmi and Narayan and of Rama and Sita. They are the highest on high who experience their reward. Even subjects experience their reward. There are Lakshmi and Narayan *the First, the Second, the Third*. There are 8 dynasties. Children rule the kingdom. It is the same with Rama and Sita. It is then said: Jagadamba is Adi Devi and Brahma is Adi Dev. Adam and Eve are both ugly at this time and are to become beautiful. The world doesn't know these things. Kali, Durga, Amba are all names of the same one. Her real name is Saraswati. Therefore, it is the soul that becomes ugly. It isn't that someone dirties his face. At this time, all souls are ugly. We were all like monkeys. Baba has now made us His army. You are now conquering Ravan. Baba says: I tell you the essence of all the Vedas and scriptures through Brahma. They have portrayed scriptures in the hands of Brahma. There should only be one scripture. So now there is the most elevated Gita in the hands of Brahma. Baba sits here and tells you the essence of all the Vedas and the Granth etc. through Brahma. This is called the Gita but there isn't a scripture here. You have the Gita in your intellect. In the Gita, there are these elevated words God: Lust is the greatest enemy. Therefore this has to be told to those who relate the Gita: Conquer this and you will become the masters of heaven. They would never say this. They all continue to tell lies. We too used to tell lies. We also adopted many gurus. Arjuna was also told: Forget everyone else. I am the One who purifies all those gurus of yours. You now have to forget everything you have studied. I am now telling you things that you have never heard before. You are now becoming like diamonds from shells. All of that is now to end. You children have seen destruction and establishment and this is why you are making effort. Baba has everyone's chart. Some write this and give it to Baba: I was a sinner like this and I did this. Dharamraj Baba says: By telling Me about it, half will be forgiven. All of that stays *private*. Baba would read it and tear it up. This is the *Almighty Government*. The tree is very small as yet, and the Gardener of this is God Himself. Growth will

take place slowly. Maya quickly makes you wilt. They have taken the situation of one time and made it into a story of another time. Lakshmi and Narayan were the most elevated human beings who followed the highest code of conduct. They were extremely pure. Here, all are impure. That was the pure household religion of the ashram. Here, there is the impure household irreligion. People ask: How would the world then continue? Baba says: This world is not going to remain. It is to be destroyed. This is your final birth. This is why you have to stop using the sword of lust. You have been receiving the inheritance of poison from vicious parents for birth after birth. I now issue this *ordinance*: Stop giving the inheritance of poison. Otherwise, you won't be able to go to Paradise. By conquering the vices, you will go to heaven, otherwise, to hell. If the kingdom of Rama were in the sky, the kingdom of Ravan would be down in the depths of hell. This is the *drama*. At this time, those of the deity religion have been *converted* into other religions. They don't know their original religion. Once they experience a little happiness in another religion, they soon become *converted*. This is called *half-caste*. Here too, those who come into the Brahmin *caste*, but who just don't make effort will receive the status of subjects. Baba tells you everything very clearly. Rishis and munis used to say that they are trikaldarshi. Then, they also used to say that the world is an illusion, that it is false. Therefore how could they be trikaldarshi? They have told so many lies. When they say, "So-and-so went to nirvana, that too is a lie. They all have to play their *parts* and become present here. Baba is everyone's *Guide*. Baba doesn't tell anyone to renounce bhakti (devotion). Until they reach a mature stage, let them continue to perform bhakti. Remember, I (Brahma) am not anyone's guru. Just as you are listening to Shiv Baba, I too am listening to Shiv Baba. That one Incorporeal One is the Guru of all of us. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Make a promise for purity in this last birth and take that responsibility. Endeavour to make the soul beautiful and satopradhan from ugly.
2. In order to create your imperishable reward, have faith in your intellect and study *regularly*. Remove from your intellect everything you have studied so far.

**Blessing:** May you be constantly happy by merging all treasures in yourself and remaining free from becoming disheartened or jealous. BapDada has given all you children all the treasures equally. However, some are unable to keep those attainments in themselves or they are unable to use them at the time and they are therefore unable to see success. So they then become disheartened with themselves. They begin to think: Perhaps my fortune is such! Then, on seeing the speciality or fortune of others, they become jealous. Those who become disheartened or become jealous can never remain happy. In order to remain constantly happy, remain free from both of these things.

**Slogan:** Only those who do true service without any selfish motives are clean and pure souls.

\* \* \* O M S H A N T I \* \* \*

**Essence:** Sweet children, Baba, the Innocent Lord, has come to give you devotees the fruit of devotion. He has to tell you the secrets of coming and going and give you the inheritance of liberation and liberation-in-life.

**Question:** Which children attain a royal status for 21 births? Who becomes part of the subjects?

**Answer:** Those who become real children and totally surrender themselves to the Father attain a royal status. Those who are stepchildren, who don't surrender themselves, become part of the subjects for 21 births. You follow shrimat and, with your power of yoga, claim the tilak of a kingdom. Here, there is no question of weapons etc. You have to become conquerors of Maya and conquerors of the world with the power of your intellect's yoga.

**Song:** No one is as unique as the Innocent Lord...

Om shanti. Look at what they say! The One who protects the devotees. Therefore, the devotees must surely be facing some calamities. The Protector of the devotees. Who is protected? Those who are trapped by calamities. Shiv Baba is the Protector of those devotees. Devotees definitely receive the fruit of their devotion. They do make effort. The law says that you receive your reward by making effort. In this world, all those who inspire you to make effort are those of the devilish community. In fact, you need someone good who can inspire you to make effort. Only the one Innocent Lord inspires you to make real effort. Worldly *teachers* and parents make you make limited effort. None of them can give you unlimited *knowledge*. Although some might become *barristers* or *judges*, they would have to make effort in their next birth once again to become that. They would not remain *barristers* all the time. They didn't create any reward. Their gurus teach them something and relate scriptures to them, but that too is only temporary happiness that they receive. There is no reward created. Then, in their next birth, they have to adopt a guru again. The Innocent Lord is the Satguru. The Satguru always speaks the truth. He alone comes and tells you the true story. These are the directions of the Satguru through which you receive liberation and liberation-in-life. These are the directions to change from an ordinary human into Narayan. The Innocent Lord sits here and tells you the secrets of the coming and going and of the beginning the middle and the end. No one else knows the land of liberation or the land of liberation-in-life (heaven). Only the Supreme Father, the Supreme Soul, is the Master of the land of liberation and He resides in the supreme abode. You children now receive directions. Baba has repeatedly explained to you that He is the Father, *Teacher* and Guru. If Krishna had been God, then did He just play a flute? Is that all He did? No one would call Shri Krishna, the Father, *Teacher* and Satguru. Now that Baba is showing you the true path, you should stop following the wrong path. They started adopting gurus from the copper age. There are no gurus in the golden and silver ages. The Mother Guru gave you the nectar of knowledge and created heaven. Then there was no need for gurus there. Now, look, I give you children such good directions. Baba has made you all stand on the battlefield and told you to conquer the five vices and then become a deity like Shri Krishna. We know that Shri Krishna became a conqueror of Maya and a conqueror of the world, that is, he became the *prince* of the world. (Explain using the picture of Shri Krishna in your hands.) You daughters know that you are on the battlefield. You have to become conquerors of Maya and conquerors of the world. Just as Krishna became Narayan, and then there was also the rest of the kingdom with him, so they would all definitely be on the battlefield and conquer Maya. 5000 years ago this Shri Krishna was also on the battlefield in his final birth. In the same way, he is also now on the battlefield. You too are on the battlefield. You have to conquer the 5 vices and become this. This is called the intoxication of becoming Narayan. You have to become conquerors of Maya and conquerors of the world. This is such an easy thing. There wasn't just one Draupadi. All mothers are Draupadis. Baba saves everyone from being stripped in heaven. There, no one indulges in vice. They say: If that's so, how will children be created? However that world is pure. When you sannyasis leave your home and family, does the world end then? The world continues to grow. Sannyasis know that purity is good, and that it is good to renounce the vices. Those who don't have renunciation bow down to those who renounce everything and make them their gurus. These mothers become gurus through that true Satguru, and the rosary of victory is created of them. Baba says: Children, study and claim a status. The Father has now made you stand on the battlefield to make you become like

Shri Krishna. The whole kingdom is his. There will be *princes* and *princesses*. None of them now can be called kings or emperors or *princes* and *princesses*. You are now receiving divine directions from the Father. The mothers have now received the urn of knowledge. These daughters give devils nectar to imbibe and make them into deities. Deities are not going to rule in the old world. The new world is being created. So children, now be quick. One is the bondage of vices and then there are karmic bondages. You have to follow shrimat in order to become free from those. Baba says: Remember Me and become bodiless. It isn't that souls merge in the Supreme Soul and become one. No one becomes merged in the light, and no one merges in Him. If a soul were to merge, he would become non-living. Souls are imperishable. The bodies are said to be perishable. Souls have yoga with Me and become pure. Then they receive a pure body. The soul will become pure and then this body will finish. Then, a pure body will be created of pure elements. This body doesn't become worthy to be worshipped. Only deities are worthy of worship. You can offer flowers to them. They are called Shri Shri, that is, the most elevated of all. Why is Shri, Shri said twice? Because the sun-dynasty Lakshmi and Narayan are the highest of all; both the souls and their bodies are pure. They are called 16 celestial degrees full. The moon dynasty is just 14 degrees and so they are called just Shri. Lakshmi and Narayan receive an elevated *title*: Shri Shri Lakshmi and Shri Shri Narayan. They are an emperor and empress whereas Rama and Sita are a king and queen. It is numberwise. Whatever each one becomes, he receives a *title* accordingly. Here too, there are emperors and kings. Those who are senior are called emperors. Kings bow down in front of emperors. The emperors are first and the kings come after them. Therefore, you now have to follow shrimat. Shri Shri Jagadguru. There is the rosary of Rudra. He is also the Master of the World. He is the *Teacher* and also the Guru. You have to remember such a Baba. People say that they have a bondage and that someone should liberate them. (The example of the parrot.) Oh! But God is saying that He has come to take you. You just have to hold His finger. Just do that which He tells you to do. You definitely have to become pure. Why should you remember this graveyard? Although you have to live here, simply let your intellect's yoga be connected there. This is called remembering the land of peace and the land of happiness. You also have to become a destroyer of attachment. He is the Husband of all husbands, the Father of all fathers, and the Guru of all gurus. Therefore, you need to make effort in order to become like that (Shri Krishna). You made effort in the previous cycle and the kingdom of the golden age was established. It is happening once again. You have to remain pure for this. Do whatever service your husband asks you to do, but just remain pure. If you don't remain pure, you won't become a master of Paradise. The Father has now come and is making you children residents of heaven. He is the One who purifies the impure. He is also the Master of the World. You daughters are now making human beings into deities with the wealth of knowledge. This is *knowledge*. You have taken so much enlightenment into your intellect. No one else has this *knowledge*. All are wandering from door to door. Here, Baba has made us sit in so much *silence*. Baba says: Even if you are about to die, sit and listen. Let there be the nectar of knowledge on your lips, and remembrance of Shiv Baba when the life force leaves your body. Then, your final thoughts will lead you to your destination. Otherwise, neither will your sins be absolved, nor will you become a conqueror of attachment. You will lose your fruit of bhakti unnecessarily. All are devotees and are trapped in the bondage of Maya. Shiva, the Innocent Lord, is the Protector. He has come to protect you and so you have to follow His advice. You have to go into Shri Krishna's clan. Shri Krishna is *full pass*, the full moon. When the time for those of the moon dynasty comes, they take their kingdom. So why should you fail? If you want to *pass fully*, make effort. This is not something to be afraid about. Become fearless and free from animosity. You will have to explain that God is only the one Innocent Lord, who protects all the devotees. Krishna who was worthy of worship has now become a worshipper. The Krishna soul is now here. Now understand something. This is a very big *lottery*. This is a horse race. We have to run with the yoga of our intellect. The more we run, the quicker we will reach Baba and our sins will be absolved. Baba has repeatedly explained to you: You are standing on a battlefield. People would ask: Where are your weapons etc. that you would be victorious over the whole world? (Baba demonstrated by acting.) We are becoming conquerors of Maya and the world with the power of our intellect's yoga. We are sitting in meditation, that is, we are in remembrance of

Shiv Baba. Our intellect is dangling there. The Husband of all husbands has said: You have to become faithful to your Husband and not remember anyone else. You have to reach the stage of maturity by having yoga. A kumari remembers her husband-to-be. That one is a bodily being. God is bodiless and so you can keep Him in your intellect. You will then break body consciousness and become soul conscious. The cycle continues to turn in your intellect. We will definitely go to our land of heaven. You will become the sun dynasty, then the moon dynasty, then the merchant dynasty and then the shudra dynasty. Then Baba will come and change you from shudras to Brahmins. Talk to yourself in this way. Children go and study in the gardens. You can also sit in solitude and remember Shiv Baba. Our past accounts will be settled and then we will rule. We are now on the battlefield. Then, we will rule in Bharat the unshakeable, immovable kingdom of happiness and peace. “*We are at war!*” We are all on the battlefield. This is a matter of the power of yoga. There is no question of difficulty in this. You simply have to follow Baba’s shrimat. Then the tilak of the kingdom will *automatically* be applied. You receive a blessing: May you have a long life! May you have a child! There, there is plenty of wealth. They have a vision in advance when they are to have a child. There, there is pure love. There is no question of vice there. That is the viceless world. Look how *first-class* and sweet Shri Krishna is. We now have to become like that. Meera was a servant. You have to become a queen. Meera did not find God. That is the path of devotion. Meera is also somewhere now. She would also have taken knowledge, if she were a true devotee. We have been doing bhakti from the copper age onwards. Understand with your intellect: Shiv Baba, I belong to You. I will claim the full inheritance from You. I surrender myself to You. Then Baba will also surrender Himself to you 21 times. If you don’t surrender yourself, if you become a stepchild, you will go amongst the subjects 21 times. Baba says: Remember Me and I will help you. He would surely help those who are His children. Why should He help others? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. We have to conquer Maya and become conquerors of the world like Shri Krishna. Become constantly victorious on this battlefield. Never be defeated.
2. By following shrimat, liberate yourself from the bondage of the vices and karmic bondages. Practise being bodiless. Race with your intellect’s yoga.

**Blessing:** May you be full of all specialities by knowing your speciality in your Brahmin life and using that.

At the confluence age, according to the principle of the *drama*, every Brahmin soul has received one speciality or another. Even the *last* bead of the rosary has one speciality or another. Therefore, recognise the speciality of the fortune of Brahmin life and use that. By using one speciality, other specialities will automatically develop. By adding zeros to one, you will become full of all specialities.

**Slogan:** Let there always be the awareness of the mantra of manmanabhav and the wandering of your mind will end.

\*\*\* O M S H A N T I \*\*\*

**The most elevated, easy and clear path.**

Today, BapDada is especially seeing His loving companions who always fulfil the responsibility of companionship. A companion means someone who is always with you, someone who fulfils the responsibility of companionship in every action and every thought, someone who moves forward placing each footstep on every step, someone who doesn't take a single step according to the dictates of his own mind or the dictates of others. Those who fulfil the responsibility of constant companionship always experience this to be an easy path because the Father and the elevated companions make this path clear and clean by placing their steps on it. You simply have to continue to move along placing your footsteps on His footsteps. There is no need even to think whether the path is right, easy and clear. Where the Father has placed His footsteps is anyway an elevated path. Simply place your footsteps on that and receive multimillions at every step. It is so easy. The Father incarnates in the corporeal world and becomes your Companion in order to fulfil the responsibility of companionship and places the foot of His actions through the corporeal medium to demonstrate to you. He has made the corporeal one His medium in order to make it easy for you. It is easy to follow and place your footsteps on His footsteps in the corporeal form, is it not? The elevated Companion has shown His companions such an easy path because the Father, the Companion knows that the companions whom He had made His companions have wandered around a great deal and have thereby become weary. They are disheartened and powerless. They have become disheartened thinking it was difficult. That is why this is the easiest of all. Simply place your step on His footstep. Baba shows you this easy method. It is your duty simply to place your footsteps on His. To make you move, to make you go across, to fill you with power at every step and to remove your tiredness is the duty of your Companion. Just don't place your footsteps anywhere else. Simply to place your step on His footstep is not difficult, is it? To place your footstep means to have a thought. Whatever the Companion says, however He makes you move, you will move in that way. You will not use your own head. To use your own head means to cry out in distress. So, you know how to place your footsteps in this way, do you not? Is this difficult? The One who takes all responsibility is taking the responsibility. So, do you not know how to hand over the responsibility to Him? Since He has kept the corporeal medium as a *sample* to show you the path, why is it difficult to follow the path? The easy method is a method of just one *second*. What Father Brahma did in the corporeal form, and how he did it, is all you have to do. You simply have to *follow the father*.

*Verify* every thought. Is my thought the same as the Father's thought? Do you not know how to *copy*? People in the world stop you from *copying*, whereas here, you simply have to *copy*. So, is this easy or difficult? Since you have found the easy, simple and clear path, simply *follow* that. Why do you go onto other paths? Other paths are paths of waste thoughts. They are paths of thoughts of weakness. They are paths of the different thoughts of iron-aged attractions. By following those paths, you end up in a forest of confusion, and because of having so many thorns all around, you are unable to come out of it when you try. What are these thorns? Sometimes, you are pricked by the thorn of "What will happen?" Sometimes you are pricked by the thorn of "Why?" Sometimes you are pricked by the thorn of "How?" Sometimes, you are pricked by the thorns of your own weak sanskars. Everywhere you look, only thorns are visible. Then, you cry out: Companion, now come and save me! Then the Companion also says: Instead of placing your steps on My footsteps, why did you go onto another path? Since the Companion Himself is *offering* you His companionship, why do you leave that Companion? To step away means to let go of the support. Why do you become alone? The attraction of limited company, of any relationship or any facility attracts you towards itself and because of this attraction, you make the facility or perishable relationship your companion or your support, and then you step away from the eternal Companion, and the support is lost. For half the cycle, you considered those limited supports to be your support. You experienced whether they were true supports or quicksand. Did it trap you, make you fall or did it enable you to reach your destination? You experienced that very clearly, did you not? You have not experienced that for just one birth, but you have

experienced it for 63 births. Do you still want one or two more births? Those who are deceived once cannot be deceived a second time. Those who are repeatedly deceived are said to be unfortunate. Now, the Bestower of Fortune and Father Brahma himself has drawn the long line of elevated fortune in the horoscope of all Brahmins. The Bestower of Fortune has created your fortune. Because the Bestower of Fortune is your Father, He has given every Brahmin child the inheritance of the full treasure of fortune. Therefore, just think about it: what could be missing for someone who is a child of the Master of the treasure-store of fortune?

You don't even need to think, "What is my fortune?" because the Bestower of Fortune has become your Father and so what would a child be lacking in terms of the property of fortune? You have become masters of the treasures of fortune, have you not? Those who are so fortunate can never be deceived. This is why the easy way is to place your step on His footstep. You make yourself confused and let go of the company of your Companion. Simply always remember this one thing: I am in the company of the elevated Companion. *Verify* this and you will always remain *satisfied* with yourself. Do you understand the easy path? Don't make easy things difficult. Don't experience anything to be difficult even in your thoughts. You know how to have such determined thoughts, do you not? Or, when you go back to your respective places, will you say that it is difficult? BapDada sees that even though you are called easy yogis, you experience things to be difficult. You consider yourselves to be those who have a right and yet you become dependent. You are children of the Bestower of Fortune and you question whether you have fortune or not. "Perhaps just this much is my fortune!" Therefore, know yourself and always move along whilst considering yourself to be a companion at every moment. Achcha.

To those who place their steps on His footsteps at every step, to those who *follow the father*, to those who constantly experience the company of the Companion in every thought, to those who fulfil the responsibility of love and always belong to the one Companion and none other, to those who are easy yogis, to the elevated fortunate special souls, BapDada's love, remembrance and namaste.

### **Avyakt BapDada having personal meetings with kumaris:**

Kumaris are those who perform wonders. You are not ordinary kumaris, you are alokik kumaris. What do lokik kumaris of this world do and what do you alokik kumaris do? There is the difference of day and night. They stay in body consciousness and make others fall into body consciousness, whereas you constantly remain soul conscious and fly and make others fly. You are such kumaris, are you not? Since you have found the Father, you have all relationships with the one Father. Previously, it was just for namesake, but now it is *practical*. On the path of bhakti too, you used to sing: We have all relationships with the Father. However, we are now receiving the sweetness of all relationships from the Father in a *practical* way. You are those who have such an experience, are you not? When you receive all sweetness from the one Father, your thoughts cannot go anywhere else. Those who are the victorious jewels with such faith in the intellect are always remembered and worshipped. Do you have the awareness that you are victorious souls, that you are souls who always have the tilak of remembrance? What wonders will so many of you kumaris perform? You will constantly reveal the Father through your every action. Let the Father be visible in your every action. Even let the words you speak be such that the Father is visible in them. In the world, some speak very well. Everyone then wonders who taught that person. Their vision goes towards that person. In the same way, let the Father be revealed in your every action. Your speciality is being an embodiment of dharna, an embodiment of divinity. All become those who give lectures, but only a handful out of multimillions become those who give a lecture through their actions. So you will reveal such a speciality, will you not? Show the image of the Father through your activity. Achcha.

This is a big group of kumaris. An army is being prepared. Those people do *left, right* and you always do that which is *right*. This army is so elevated. You become victorious through peace. You attain self-

sovereignty through peace. You don't have to create any upheaval. So, you are the Shaktis of the very strong Shakti Army. You are not those who will leave the army and go away. No one can shake you even in your dreams. You are not those who are ever influenced by anyone's company. Those who constantly stay in the Father's company cannot be influenced by any other company. Therefore, the whole group of you is a brave group, is it not? What do those who are brave do? They go onto the battlefield. So, all of you are brave, but you haven't come onto the field as yet. When brave ones go onto the battlefield, you must have seen how the *band* plays when brave ones show such bravery. When you come onto the field, *bands* of happiness will be playing. Kumaris always have an elevated fortune. Kumaris have a very good *chance* for serving. There are going to be more chances too, because there is a lot of service and few servers. When servers go out on service, how much service will get done? We shall see what wonders the kumaris perform. You kumaris of Bombay will drop *bombs* in Bombay, will you not? Everyone carries out an ordinary task, but you have to carry out a special task. Kumaris are the decoration of the home. No matter what they consider kumaris to be in a worldly way, in the parlokik home, kumaris are great. There is beauty of the *centre* when the kumaris are there. There is also a special *lift* for the mothers. First is the mother guru. The Father has placed the mother gurus ahead and this is why in the future, the name of the mothers (women) is first. Achcha.

### **BapDada meeting teachers:**

*Teachers* mean those who are equal to the Father. As is the Father, so are you instrument servers. The Father becomes the Instrument and so servers too are instrument souls. By considering yourself to be an instrument, you automatically develop sanskars of being equal to the Father in a *practical* way. If you don't consider yourself to be an instrument, then you can't become equal to the Father. Therefore, first is to be an instrument and the next is to be constantly detached and loving. This is the speciality of the Father. He becomes loving and also remains detached. He is loving whilst detached. So, to be equal to the Father means to be extremely detached and extremely loving, to be detached from others and loving to the Father. This is being equal. These are the two specialities of the Father. So, servers equal to the Father are also like that. Whilst constantly keeping this speciality in your awareness, you will easily continue to move forward. You won't have to make effort. Where you are an instrument, success is guaranteed. There cannot be the consciousness of "mine" there. Where there is the consciousness of "mine", there isn't success. To have the feeling of being an instrument is the key to success. Since you have let go of the limited worldly "mine", where did any other "mine" come from? Instead of saying "mine" say, "Baba, Baba!", and you will be constantly *safe*. It is not my *centre*, but Baba's *centre*. Not my student, but Baba's student. "Mine" finishes and, instead, it becomes "Yours". To say, "Yours" means to fly. So the instrument teachers mean the *example* of the flying stage. Just as you become an *example* of the flying stage, in the same way, others also become that. Even against your conscious wish, those for whom you become an instrument, automatically receive those vibrations. So, instrument teachers, servers, are constantly detached and constantly loving. You are those who will *pass* any *paper* that comes. You are the victorious ones who have faith in the intellect.

All of you are spiritual roses, are you not? Are you jasmines or are you roses? Just as roses are said to be the most elevated of the flowers, in the same way, spiritual roses means the most elevated souls. Spiritual roses are those who always maintain their spirituality, those who always maintain spiritual intoxication, those who always do spiritual service. You are such spiritual roses. According to the present time, there is a need for spirituality. It is because of not having spirituality, that there is all that fighting and quarrelling. So, become spiritual roses and spread spiritual fragrance. This is the *occupation* of Brahmin life. Always remain *busy* in this *occupation*.

**Meeting a group:**

Do you constantly experience yourselves to be a *double-light* angel? An angel means one whose world is the one Father alone. Such angels are always loved by the Father. Angels means those who don't have attraction to the body or bodily relationships. You are in the body in name, and you interact with bodily relations, but not with attachment because angels don't have a relationship with anyone else. Angels only have a relationship with the one Father. You are such angels, are you not? One minute you come into the body to perform actions and the next moment you become detached from your body. Angels are here one *second* and somewhere else in the next because they are the ones who make others fly. They take the support of a body in order to perform actions and then they go up above. Do you experience this? If there is attachment anywhere, if there is a bondage, then those with a bondage cannot fly. They will come down. Angels means those who are constantly in the flying stage, not those who fluctuate. You are those who constantly stay in the stage above, the ones who stay in the world of angels. So, when you become angels, embodiments of remembrance, all other relationships end. You have such practice, do you not? You perform actions and become detached. What do you do in a *lift*? One minute you are down and the next minute you go up. You come down, perform your actions and then press the *switch* and go up again. Have such practice. Achcha.

**Blessing:** May you be seated on the immortal throne and thus the heart-throne and, by being the master of yourself, make your physical senses work under your *orders*.  
I am a soul seated on the immortal throne, that is, I am a king who is the master of the self. When a king is seated on the throne, all his workers work according to his *orders*. In the same way, by being seated on the heart-throne, all your physical senses always work according to your *orders*. Those who remain seated on the immortal throne always have the Father's heart-throne because by considering yourself to be a soul, you remember the Father. Then, there is no body, no bodily relations, and no physical comforts. The Father is your whole world. Therefore, those who are seated on the immortal throne automatically become seated on the Father's heart-throne.

**Slogan:** To have the powers to discriminate, to recognise and to imbibe is to become a *holy* swan.

\* \* \* O M S H A N T I \* \* \*
