

## **Brahma Kumaris Global IT Team**

**To All Centre Instruments,**

Om Shanti. Kindly accept loving Godly greetings from our sweet home Madhuban.

As you know, Baba has been blessing the scientist children for all their inventions that are helpful in Baba's service today, a prime example being BapDada Online (BOL).

A Global Information Technology (IT) Team has been formed for doing service in an unlimited way using computers. We would like to invite you to send copies of this mail to the brothers and sisters in your center who work as IT Professionals and encourage them to participate in this global service opportunity.

Below is a letter from Sister Mohini and Registration Form. This will also be sent to your NCO's in electronic form within the next few days, so that it can be completed and emailed.

Sister Mohini of New York, will be guiding the Global IT Team. Any specific queries can be sent to Sister Mohini at [mohini@bkwsu.com](mailto:mohini@bkwsu.com)

**In Baba's Yaad,  
BK Janki**

**Dear Divine Sister / Brother,**

Om Shanti.

Baba's service continues to grow all over the world. In order that we use all our resources within our global family more effectively and in order that we serve large numbers of people, across the world, in the shortest possible time, we need to utilize Information technology to the fullest extent possible.

The first Global IT Retreat took place in Madhuban in the month of October 2003, to strengthen the Global IT team to help in this endeavour.

This team has been blessed by beloved BapDada, respected Dadis and all the RCOs (Regional Coordinating Offices). To successfully carry forward the task we are looking for volunteers within our BK Global family who can work on specific projects that are important for spreading Baba's message across the world.

The skills and expertise we are looking for are primarily in web design (UI, Graphics, etc) and web-related technologies (HTML, XML, Scripting, etc.), Databases, Collaboration tools, Programming (Java, PHP, C, C++, etc.), Security, Telephony, Infrastructure etc. Please note as a Global Strategic direction we are committed to using Open Source tools and technology wherever possible (you do not need to have these but you should be willing to learn).

Project Management skills at any level would be an added advantage. If you know of BK brothers or sisters at your center who have any of these skills and can contribute to this service, please ask them to complete the registration form and send it to [bkitvolunteers@bkwsu.org.uk](mailto:bkitvolunteers@bkwsu.org.uk).

I thank you on behalf of Baba's Global IT team and know that your support and blessings will enable this team to achieve success.

**In Baba's Yaad,  
Sister Mohini  
Mohini@bkwsu.com**

**Brahma Kumaris Global IT Team**  
**Registration Form**

Please complete the form in CAPITAL LETTERS and return to  
[bkitvolunteers@bkwsu.org.uk](mailto:bkitvolunteers@bkwsu.org.uk) by 15<sup>th</sup> December 2003.

**Essence:** Sweet children, invent new methods for *service* to expand. Go and serve in every village. In order to do *service* you need the enlightenment of knowledge.

**Question:** What is the easy method to continue to remove the old world from your intellect?

**Answer:** Repeatedly remember the home. Let it remain in your intellect that you have to settle your accounts with the land of death and go to the land of immortality. Become a *beggar* in relation to your body; even that body doesn't belong to you. When you have such practice you will continue to forget the old world. Whilst living in this old world, you have to make your stage very firm. Make effort to have a constant and stable stage.

**Song:** Mother oh mother! You are the bestower of fortune for all...

Om shanti. There is a lot of praise of Jagadamba in Bharat. No one except the people of Bharat know Jagadamba. They have heard the name of someone called Eve or Bibi. It is now in the intellect of you children that creation cannot be created without Bibi or the Master. Jagadamba definitely has to appear. She definitely existed, for this is why she is remembered. There is a lot of praise of Bharat. They speak of heaven and they also know that Bharat is ancient. This is why there surely has to be *heaven*. No one, apart from you Godly children, can understand this. Only those who understood this in the previous cycle will continue to come. The exhibition is taking place. You understand that you also did this in the previous cycle. The words are very good for explaining to everyone. Pure souls, you receive the crown of light through purity. Secondly, a charitable soul is one who makes donations and performs charity. In English, such a soul is called a *philanthropist*. Those who are pure are said to be viceless. There are different words. There are a lot of donations made and charity done in Bharat, but generally donations are made to gurus. They may be called pure souls, but they cannot be called charitable souls. They don't make donations or perform charity. They accept donations and charity. In order for your intellect's yoga to break away from all of them and be connected to the Father, the Father has to explain: That is not good. I come to uplift all of them. You are the Ganges of knowledge who have emerged from the Ocean of Knowledge. In fact, Ganges is not the right word, but the memorial has continued and this is why the comparison has been made. The Father comes and makes the old things of the old world new. Heaven is something new. Only the Father knows the news of the new things. The world doesn't know it. There are the versions of God, but because Krishna's name was inserted, the intellect's yoga of everyone has broken. This is why they have said that God is omnipresent. The intellect's yoga of many is with Krishna. Wherever there is regard for the Gita, it is as though they also have regard for Krishna. In fact, they have put the hat of the Father's praise on the child. This too is fixed in the *drama*. The Father comes and explains this. Baba has repeatedly explained to you that when anyone comes, why should you ask each of them what their *occupation* is. Baba has had a good questionnaire made. Very good *service* can take place. Very good *service* can take place in the Jagadamba Temple. Go there and explain to the people: This is Jagadamba, the mother who creates the world. Which world does she create? She would surely create a new creation. Achcha, who is the Father of this mother? Who gave her birth? People don't even understand the meaning of "mouth-born creation". You know that the Supreme Father, the Supreme Soul has given her birth. You children have to explain that Jagadamba is a mouth-born creation, but how is she? The Supreme Father, the Supreme Soul, is incorporeal and He explains through the body of Brahma. It is as though the Supreme Father, the Supreme Soul, has come and *adopted* Brahma, and that He has adopted the daughter in the same way. These things don't stay permanently in everyone's intellect. You repeatedly forget. Children can do a lot of *service*. You should give the introduction in the Jagadamba Temple so that their intellect's yoga can be connected to the Father. Jagadamba has yoga with Him and so we too should have yoga with Him. Down below, Jagadamba is sitting doing tapasya and her temple is up above. Down below, they are doing the tapasya of Raja Yoga and then she becomes a princess, a master of heaven in the golden age. It is now the iron age. It is only when she sits in tapasya again that she can become the master of heaven again. All of this knowledge should remain in your intellect. People are given this true advice. You give each one's introduction. However, this cannot sit in the intellect of everyone that quickly. It can only sit in their intellect when they engage

themselves in *service*. Very good pictures have been created. You can also go to the Lakshmi and Narayan Temples and explain there. Baba says: Go and relate this to My devotees. You will definitely find devotees in the temples. Explain this picture of Lakshmi and Narayan to them with love. Everyone would say that they were the masters of heaven. Achcha, what is it now? It would surely be said to be the iron age now. In the iron age, there is nothing but sorrow, and so how did they receive the sovereignty? You know this and so you can tell everyone. When you explain to one, a whole gathering will gather there. Then everyone will ask you to go to them. A huge mela takes place in the temples. You can also go the Rama Temple and tell them his *occupation*. You should explain to them tactfully, gradually. Some children also write: Baba, we have explained in this way. When you explain to one person, others will also then invite you and say: It would be good if these lectures continued in my home for seven days. Then others would emerge from there too. When anyone invites you, you should explain in such a way that they don't leave you. When you give lectures, friends and relatives close by will also gather there. Growth takes place in this way. Not so many can come to the *centres*. This is a good yukti. You should make effort in this way. Hardly anyone knows the art of making effort for this. The enlightenment of knowledge is needed. Baba has come from so far away to teach us. If you don't do *service*, how would you claim a high status? In *schools*, children are very clever, and they have a lot of enthusiasm. This too is a study. This is a *wonderful* study. Young, mature, old people, all study here. The poor have an even better *chance*. In fact, even sannyasis are poor. So many wealthy people invite you to them. Sannyasis renounce their homes and become beggars. They don't have anything with them. You too are *beggars* now and then you become *princes*. They are also *beggars*. There is the question of purity in this. You don't have anything with you. You even forget your body. You renounce everything including your body and belong to the one Father. The more you remember the one Father, the more dharna there will be. You need to make effort to have constant dharna. We have to go to Baba and so why should we have thoughts of this old world? Until your stage becomes firm, you have to stay in this old world and in your old body. You now have to live at home with your family and remain pure. Your accounts with this land of death are now being settled and you have to go to the land of immortality. When you repeatedly remember the home, the old world will continue to be forgotten. Tell them: What did Baba say in the Gita? God is called Baba. Incorporeal Baba says: Constantly remember Me alone. Your sins will be absolved with the fire of yoga. Krishna cannot say this. The elevated versions of God are: Renounce this old world and old body. Become soul conscious and constantly remember Baba. God is Incorporeal. The soul takes a body and comes into "*talkie*". Baba doesn't take a body by taking birth. He only has the one name Shiva. There are the souls of Brahma, Vishnu and Shankar; they have their own subtle bodies. This One is always the Incorporeal Supreme Father, the Supreme Soul and His name is Shiva. He alone is the Ocean of Knowledge. Brahma, Vishnu and Shankar are not called the Creator. Only the one Incorporeal One is called the Creator. So, how does He then create the corporeal creation? He comes and speaks through Brahma. It cannot be Krishna who does this. Only in the hands of Brahma do they show the Vedas and scriptures. It is remembered: Establishment takes place through Brahma. He tells us the essence of all the scriptures through Brahma. The Incorporeal speaks this through the corporeal. These things have to be imbibed very well. God speaks: I teach Raja Yoga. Establishment is needed before destruction. First of all is establishment. Continue to write this very *clearly*: Establishment of the sun-dynasty kingdom through Brahma. When written the significance of this is very clear, but you have to make this effort and become busy in *service*. When you become busy in *service*, you will enjoy yourself. Mama and Baba also enjoy doing *service*. Children also have to do *service*. Mama would not be taken to the temples. There is great praise of Mama, but you children have to go there. Baba says: Go to those in their stage of retirement and ask them questions and then explain to them: Have you ever studied the Gita? Who is the God of the Gita? There is only one Incorporeal God. A corporeal being cannot be called God. God is only One. You should churn the ocean of knowledge a lot for doing *service*. If you want to *practise* this, you have to go and try it out. People go to have a glimpse of Jagadamba every day. People also go to the triveni of the rivers. If you go there and give lectures and do *service*, many will gather together. They will continue to give you invitations: Come to

us and have these spiritual gatherings. Baba and Mama cannot go anywhere; children can go. You can also do a lot of *service* in the Kali Temple in Bengal. Who is Kali? Give a lecture on this topic. However, courage is needed. Baba knows who can explain this. What *service* will those who have body consciousness be able to do? They don't give the proof of *service*. If you don't do full service you defame Baba's name. A yogi has very good power. Baba continues to give you many *points* for explaining to them. However, even very good maharathis forget them. There is a lot of *service* to do. This is called unlimited *service*. They then also receive a lot of respect. The main thing is purity. Whilst moving along, some break. No one ever loses faith in his physical father. Here, you take birth to Baba. Then you repeatedly forget such a Father because He is without an image. There is no image of such a Father. The Father says: Remember Me and become pure and you will come to Me. The soul understands that he has played a *part* of 84 births. The *part* is fixed in the soul. The *part* is not in the body. There is such a huge *part* recorded in such a tiny soul. There should be so much intoxication in your intellect. Whilst fulfilling your responsibility of interaction with your worldly family (lokiks), you can also do this *service*. The mother and Father will not go anywhere. You children can go anywhere to do *service*. Only you children are called *lucky stars*. Achcha.

To the sweetest, beloved long-lost and now-found *lucky stars*, love, remembrance and good morning from the mother, Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Renounce body consciousness and do *service*. Churn the ocean of knowledge and give the proof of unlimited *service*.
2. All the old accounts with this land of death have to be settled. Continue to remove the old body and old world from your intellect.

**Blessing:** May you be a great renunciate who creates your imperishable fortune by renouncing the respect and position you receive through doing service.

The practical and instant fruit of the elevated actions that you children perform, that is, of the service you do, is the praise given by everyone. A server receives the *seat* of elevated praise. A server receives the *seat* of respect and position. This result is definitely received. However, this result of success is steps along the path. It is not the final destination. Therefore, become renunciates of it and receive the fortune of renunciation. This is called being a great renunciate. The speciality of an incognito great donor is to be a renunciate of his renunciation.

**Slogan:** In order to become an angel, observe the *part* of every soul as a detached observer and give them a current of power.

\*\*\* OM SHANTI \*\*\*

**Essence:** Sweet children, this is the new tree of you Brahmins. You have to look after it well and make it grow because sparrows eat away a new tree.

**Question:** Why do the new leaves of the Brahmin tree that emerge wilt? What is the reason and what is the solution for this?

**Answer:** When souls don't understand the *wonderful* secrets of knowledge that the Father explains, doubts arise in their mind. This is why new leaves wilt and stop studying. Very clever children are needed to explain to them. If you have any doubts about anything, ask the seniors. If you still don't receive an answer, you can ask the Father.

**Song:** Come and meet us, oh Beloved!...

Om shanti. You children have heard this song many times. Everyone calls out to God at a time of sorrow, whereas He is now sitting with you, and is *liberating* you from all sorrow. You understand that the Master of the land of happiness, the One who takes you from the land of sorrow to the land of happiness, is explaining to you. He has come and is sitting in front of you and teaching you Raja Yoga. This is not a task for a human being. You say that the Supreme Father, the Supreme Soul, taught you Raja Yoga and changed you from human into deities. Human beings cannot change humans into deities. "It didn't take God long to change humans into deities." Whose praise is this? It is Baba's praise. Deities definitely exist in the golden age. Deities do not exist at this time. Therefore, it is surely the One who creates heaven who changes humans into deities. The Supreme Father, the Supreme Soul, the One who is called Shiva, has to come here to purify the impure. Now, how can He come? He cannot have the body of Krishna in the impure world. Human beings are confused. You children are now personally listening to Him. You know the *history and geography* of this world. Together with the *history* there is definitely also the *geography*. *History and geography* exist in the human world. There can never be any *history* or *geography* of Brahma, Vishnu and Shankar of the subtle region. That is the subtle region, where there is "movie", and here there is "talkie". Baba now tells you children the *history and geography* of the whole world and also gives you news of the supreme region. He tells you everything about the 3 worlds. The new tree of Brahmins is now being planted. This is called the tree; other paths and cults are not called the tree. Although Christians believe that the *tree* of Christians is separate from this tree, they don't know that all the branches have emerged from this large tree. You have to explain how the human world is created. There is the mother and father and then the children, but they do not all emerge at the same time. Two leaves, then four or five leaves emerge and some are eaten by sparrows. Here too, sparrows eat them. This is a very small tree. Growth will take place gradually as it did in the previous cycle. You children now have so much *knowledge*! You are trikaldarshi, the ones who know the 3 aspects of time, and you are trilokinath, that is, the ones who know the 3 worlds. Lakshmi and Narayan cannot be called trilokinath or trikaldarshi. People call Krishna trilokinath. Those who do *service* will create their subjects. You have to create your heirs as well as subjects. It should remain in your intellect that you are trilokinath. These are such *wonderful* aspects! Some children are not able to explain accurately, and so, instead of *construction*, they cause *destruction*. They make the leaves that have emerged wilt. They then stop studying. One would say that this also happened in the previous cycle, and so, see this as *past* is *past*! You children have now come to know the beginning, the middle and the end and the *history and geography* of the whole world. However, people say and make up many things. They write books and create plays about all sorts of things. In Bharat, they believe many to be incarnations. Bharat has sunk its own boat. You children are now *salvaging* the boat of Bharat in particular and the world in general. The cycle of the world continues to rotate. When we are up above, hell will be down below. Just as when the sun sets, people say that it goes beneath the sea. However, that doesn't really happen. They think that Dwaraka sank beneath the sea. The intellect of human beings is so *wonderful*! You have now become so elevated. You should have so much happiness. You are winning a *lottery* at the time of sorrow. The deities already received it. Here, having experienced sorrow, you are now receiving limitless happiness. You have the great happiness that you are to become the masters of heaven for 21 births. People say that to listen to the knowledge of the Gita means to be in a satsang. There are countless satsangs such as those of Sai Baba etc. That is such a huge market whereas

this is only the one shop of the Brahma Kumaris. Jagadamba is a mouth-born child of Brahma. Saraswati, a daughter of Brahma, is very famous. You understand that you received limitless treasures through the mother and father. You have now found that mother and father. They are giving you many treasures of happiness. Achcha, who gave birth to the mother and father? Shiv Baba. We receive jewels from Shiv Baba. You are His grandchildren. We are now receiving unlimited happiness from that unlimited Father through Brahma and Saraswati, the father and mother. That One is the Bestower. This is such an easy thing. Then you have to explain how we are changing this Bharat into heaven and how we will receive the treasures of happiness there. We are servers of Bharat. We are serving through our mind, body and wealth. People used to help Gandhi too. You can explain what the Yadavas, the Pandavas and the Kauravas do. The Supreme Father, the Supreme Soul, is on the side of the Pandavas. At the time of destruction, the Pandavas have a loving intellect, whereas the Kauravas and the Yadavas have no love for God in their intellect. They are ones who don't believe in the Supreme Father, the Supreme Soul. They have put Him into the pebbles and stones etc. You do not have love for anyone except Him. Therefore, you should remain very cheerful. You should have happiness from the tip of your toes to the top of your head. There are many children. Those of you who listen through the mother and father experience happiness. There is no one in the whole world as fortunate as you. However, amongst you also, some are multimillion times fortunate, some are a hundred times fortunate, whereas others are just fortunate or even unfortunate. Those who are amazed and then run away are said to be greatly unfortunate. For some reason or another they divorce the Father. The Father is very sweet. He understands that, if He gives them certain instructions, they might divorce Him. He explains that if you indulge in vice, you defame the name of the clan and that if you defame the name of the clan, you will have to endure a great deal of punishment. Such a person is called one who defames the name of the Satguru. People have misunderstood this and think it applies to their physical guru. Men also frighten their innocent wives with this. Baba, the Immortal Lord, is telling you the story of immortality. Baba says: I am the *Teacher*, the *Servant*. Do students wash the feet of their *teacher* and then drink that water? Can I make the children, who are to become the masters of the world, wash My feet? No. The praise of this incorporeal and egoless One has been remembered. This one has also become egoless in His company. The beating of innocent ones has also been remembered. This assault also happened in the previous cycle. The urn of sin will become full and rivers of blood will flow. You now claim your unlimited kingdom with the power of yoga. You understand that you are claiming an unshakeable and immovable kingdom from the Father. We will definitely become part of the sun dynasty. Yes, courage is needed for this. Continue to check your face to see whether there are any vices in you. If you don't understand something, you can ask the seniors and have any doubts you have removed. If a teacher is not able to remove your doubts, then ask Baba. As yet, there are still many things that you children have to understand. Baba will continue to explain to you for as long as you live. To answer their question, you can tell them that you are still studying and that you will ask Baba about it. Or, tell them that Baba has not yet explained that point, that He will explain it in the future and they can ask about it then. Many *points* continue to emerge. Some ask what will happen about the war. Baba is Trikaladarshi. He can explain. However, tell them that Baba has not yet explained that aspect, that you will put in an application to Him, but that it is up to Him. You should free yourself in this way. Baba asked children a question in the *garden*: Baba is the Ocean of Knowledge so He has to dance the *dance* of knowledge. Achcha, when Shiv Baba plays the *part* of fulfilling everyone's desires on the path of devotion, does He think at that time that He has to go to Bharat at the confluence age and teach you children Raja Yoga and that He has to make you into the masters of heaven? Does this thought arise at that time or does it arise when it is the time for Him to come? Baba thinks there probably will not be this thought. Although this knowledge is *merged* in Him, it will only *emerge* when it is the time for Him to come, just as the *part* of 84 births is *merged* in you. It is said that God had the thought of creating the new world. That thought will come when it is the right time. He also is bound by the *drama*. These are very deep matters. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Night Class: 13<sup>th</sup> January, 1969

When the children come and sit here, Baba asks them: Children are you remembering Shiv Baba? Then, do you also remember the kingdom of the new world? The name of the unlimited Father is Shiva. Many different names are given to Him, because of many languages. For example, there is a temple called Babulnath (Lord of thorns) in Bombay, because He transforms thorns into flowers. There are flowers in the golden age, whereas here all are thorns. Therefore, Baba asks the spiritual children: For how long do you stay in remembrance of the unlimited Father? His name is Shiva, the Benefactor. The more you remember Him, to that extent your sins of innumerable births will be absolved. There is no sin in the golden age. That is the world of pure charitable souls whereas this is the world of sinful souls. It is the 5 vices that make you commit sin. Ravan does not exist in the golden age. He is the enemy of the whole world. At this time, it is the kingdom of Ravan over the whole world. All are unhappy and tamopradhan. This is why Baba says: Children, remember Me alone. These words are from the Gita. The Father Himself says: Renounce the consciousness of your body and bodily relations and remember Me alone. At first, you were in relationships of happiness and then you came into the bondage of Ravan. Now, once again, you have to come into relationships of happiness. Consider yourself to be a soul and remember the Father. The Father gives these teachings at the confluence age. The Father Himself says: I am the Resident of the supreme region. I have entered this body in order to explain to you. The Father says: You cannot come to Me without first becoming pure. Now, how will you become pure? Simply remember Me. Even on the path of devotion, there were those who only worshipped Me. That is called unadulterated worship. Now, I am the Purifier. Therefore remember Me and the sins of your innumerable births will be absolved. There are the sins of 63 births. Sannyasis can never teach Raja Yoga. Only the Father can teach it. In fact, all of those scriptures, devotion etc. are for householders. Sannyasis go and sit in the *jungles* and remember the brahm element. Now, the Father says: I am the One who grants salvation to all. Therefore, remember Me and you will become like Lakshmi and Narayan. The *aim* and *objective* is in front of you. The more you study and teach others, the higher the status you will claim in the kingdom of deities. Alpha is the one Father. A creation cannot receive an inheritance from a creation. This is the unlimited Father and He therefore gives an unlimited inheritance. In the golden age, you will be in salvation whereas all the rest of the souls will have returned home. The words “liberation”, “liberation-in-life” and “salvation” are for the land of peace and the land of happiness. You cannot go back home without having remembrance of the Father. Souls definitely have to become pure. Here all are atheists. They do not know the Father. You have now become theists. It is said that those whose intellect has no love for God are destroyed. It is now the time for destruction. The cycle definitely has to turn. Those whose intellect has love for God become victorious. The Father explains everything in a very simple manner, but Maya, Ravan makes you forget. It is now the end of this old world. That is the land of immortality; there is no untimely death there. We say to the Father: Come and take us all back with You. Therefore, He is the Death of all Deaths. The tree is very small in the golden age. Now the tree is very big. What is the *occupation* of Brahma and Vishnu? Vishnu is called a deity. Brahma does not have any jewellery etc. There is no Brahma, Vishnu or Shankar there. The Father of Humanity, Brahma, is here. You only receive visions of the subtle region. There is the corporeal, the subtle and the incorporeal. There is “*movie*” in the subtle region. This is something to be understood. This is the Gita Pathshala where you study Raja Yoga. It is Shiv Baba who is teaching you and so it is surely Shiv Baba who should be remembered. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good night. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. You have received the *lottery* of limitless happiness at the time of sorrow. Have true love for the one Father. Remember Him and remain constantly happy.
2. Become as incorporeal and egoless as BapDada. Have courage and conquer the vices. Claim your kingdom with your power of yoga.

**Blessing:** May you be a successful server and constantly remain carefree by giving all your burdens of responsibility to the Father.

The lighter you children remain, the more you yourselves are able to progress and also make service progress. Therefore, hand over all your burden of responsibilities to the Father and make yourself free from worry. There should be no type of burden of the consciousness of “mine”. Simply remain in the intoxication of remembrance. Remain *combined* with the Father, because, where the Father is present, service is already accomplished. Karavanhar Baba is inspiring everything to happen. Therefore, remain light and you will also be successful.

**Slogan:** Constantly remain carefree by realizing that every scene of this unlimited *drama* is fixed.

\*\*\* OM SHANTI \*\*\*

**Essence:** Sweet children, nothing except Shiv Baba belongs to you here. Therefore, go beyond even the consciousness of the body. Become as empty as a *beggar*. It is a *beggar* that will become a *prince*.

**Question:** Which thoughts do you stop having when you have accurate *knowledge* of the *drama*?

**Answer:** “Why has this sickness come?” “If I hadn’t done this, this would not have happened.” “Why has this obstacle come?” “Why has this bondage come?” All of these thoughts end when you have accurate *knowledge* of the *drama*, because whatever had to happen according to the *drama* had to take place. It also happened a cycle ago. This is an old body and so there will be many patches. This is why there should not be any unnecessary thoughts.

**Song:** We have to follow that path where we may fall and rise...

Om shanti. You have to follow that path. Which path? Who shows you the path? You children understand whose advice you are following. Call it advice or the path or *shrimat*, it is the same thing. You now have to follow *shrimat*, but, whose *shrimat*? It has been written: *Shrimad Bhagawad Gita*. Therefore, the intellect’s yoga would surely be drawn towards *shrimat*. Now, in whose remembrance are you children sitting? If you say: “Shri Krishna’s”, then you have to remember him there. Do you children remember Shri Krishna or not? Do you remember him in his form of the inheritance? You understand that you are to become *princes*. It is not that you become Lakshmi or Narayan from the moment of birth. You definitely remember Shiv Baba because He gives *shrimat*. Those who say “God Krishna speaks” will remember Krishna. If Krishna is remembered, where should he be remembered? He is remembered in heaven. Therefore, Krishna cannot use the word “Manmanabhav”. He can say “Madhyajibhav” (see the one in the middle - Vishnu). He cannot say: “Remember me” because he is in heaven. The world does not know these things. The Father says: Children, all of those scriptures belong to the path of devotion. The *Gita* is included with all the religious scriptures. The *Gita* is definitely the religious scripture of Bharat. In fact, it is the scripture of everyone. It has been said that the *Gita* is the highest scripture, the jewel of all scriptures, which means it is the most elevated. Shiv Baba is the most elevated of all. He is Shri, Shri, the most elevated of all. Krishna cannot be called Shri Shri. “Shri Shri Krishna” or “Shri Shri Rama” cannot be said. They can only be called Shri. The One who is the most elevated of all comes and once again makes you elevated. God is the most elevated of all. Shri Shri means the One who is the most elevated of all. The names of those who are elevated are famous. Surely, the deities are called the most elevated ones, but they do not exist at the moment. Who is considered to be elevated nowadays? *Leaders* of today etc. are given so much respect. However, they cannot be called Shri. The word “Shri” cannot be applied to the mahatmas either. You are now receiving knowledge from God, the One who is the Highest on High. The highest of all is the Supreme Father, the Supreme Soul. Then these are His creation. Amongst that creation, Brahma, Vishnu and Shankar are the highest of all. Here too, status is numberwise. The highest of all is the *President*, then the *Prime Minister* and then the *Union Minister*. The Father sits here and explains the significance of the beginning, the middle and the end of the world. God is the Creator. When you use the word “Creator” people ask: How was the world created? This is why you definitely need to say that Trimurti Shiva is the Creator. In fact, instead of using the word “Creator” it is better to say: “The One who inspires creation”. He inspires the establishment of the Brahmin clan through Brahma. What is established through Brahma? The deity community. Shiv Baba says: You are now the Brahmin community that belongs to Brahma. The other is the devilish community. You are the Godly community who will later become the deity community. The Father explains the essence of all the Vedas and scriptures through Brahma. Human beings are very confused and continue to beat their heads so much. They say that there should be *birth control*. The Father says: I come and do this *service* of Bharat. Here, human beings are tamopradhan. They give birth to 10 to 12 children. The tree definitely has to grow. Leaves will continue to emerge. No one can *control* this. There is *control* in the golden age. There is one son and one daughter, that’s all. Only you children understand these aspects. As you go further, more will come and they will continue to understand. It has been remembered that, if you want to know about supersensuous joy, ask the gopes and the gopis. When you listen to Baba personally here, you experience happiness. Then, when you get involved with

your business etc. you don't experience as much happiness. Here, you are made trikaldarshi (seers of the 3 aspects of time). Those who are trikaldarshi are also called spinners of the discus of self-realisation. Human beings say that such-and-such a mahatma was trikaldarshi. You say that the masters of heaven, Radha and Krishna, did not have *knowledge* of the discus of self-realisation or the three aspects of time. Krishna, the one who is loved by all, is the *first prince* of the golden age. However, because of not understanding this, people say: "You do not accept Shri Krishna as God and you are therefore atheists". Then they create obstacles. There will be obstacles in this eternal sacrificial fire of knowledge. The kanyas (kumaris) and mothers also experience obstacles. Those who are in bondage have to tolerate a great deal, and so they should understand that, according to the *drama*, this is their *part*. When obstacles come, don't have such thoughts as, "If I hadn't done that, this would never have happened." "If I had not done that, I would not have had a fever". You cannot say these things now. According to the *drama*, you did that, you also did it in the previous cycle; this is why there is some difficulty. There will definitely be patching up of this old body. Repairs will continue take place until the end. This is also the old home of the soul. The soul says: I have also become very old; I have no strength left. By having no strength, a weak person experiences sorrow. Maya gives a great deal of sorrow to those who are weak. Maya has definitely made us people of Bharat very weak. We were full of strength and then Maya made us weak. Now, when you try to conquer Maya, she becomes your enemy. It is Bharat that receives the most sorrow. Bharat is in debt to everyone. Bharat has become completely old. It used to be very wealthy, and but it has now become a *beggar*. From a *beggar* it has to become a *prince*. Baba says: Go beyond the consciousness of your body and become empty. Nothing here belongs to you except one Shiv Baba and none other. Therefore, you have to become complete *beggars*. You are being shown many yuktis. There is also the example of Janak. Whilst living at home with your family, remain as pure as a lotus flower and follow shrimat. You have to *surrender* everything. Janak gave everything, and then he was told to look after his own property and live as a *trustee*. There is also the example of Harish Chandra. The Father explains: Children, if you don't sow a seed for yourself, your status will be reduced. *Follow the father*; this Dada is in front of you. He made Shiv Baba and the Shiv Shaktis complete *trustees*. However, Shiv Baba will not sit and look after anything. He will not surrender to Himself. He has to surrender Himself to the mothers. It is the mothers who have to be placed in front. The Father comes and gives the urn of nectar of knowledge to the mothers to enable them to change humans into deities. It was not given to Lakshmi. At this time, she is Jagadamba. In the golden age, she will be Lakshmi. There is a very beautiful song about Jagadamba. People believe in her a great deal. How is she the bestower of fortune? From where does she receive her wealth? Was it from Brahma? Was it from Krishna? No. Wealth is received from the Ocean of Knowledge. These are very incognito things. God speaks to everyone. God belongs to everyone. He says to those of all religions: Remember Me alone. Although there are many worshippers of Shiva, they don't know anything. Therefore, that is devotion. Who is now giving you knowledge? The *most beloved Father*. Krishna would not be called this. He is called the *prince* of the golden age. Although people worship Krishna, they don't think about how he became the *prince* of the golden age. Previously, we too didn't know. You children now understand that you will once again definitely become *princes* and *princesses*. Only then, when you grow older, will you become worthy to marry Lakshmi or Narayan. This *knowledge* is for the future. You receive the fruit of this for 21 births. It cannot be said that Krishna gives the inheritance. The inheritance is received from the Father. Shiv Baba teaches Raja Yoga. Thousands of Brahmins take birth through the mouth of Brahma. They are the ones who receive these teachings. Only you are the Brahmins of the confluence age of the cycle, whereas the rest of the world belongs to the iron age. They all say that they are now in the iron age, and you say that you are at the confluence age. These aspects are not mentioned anywhere. Keep these new things in your heart. The main thing is to remember the Father and the inheritance. If you do not remain pure, you will never be able to have yoga. The *law* says this. Therefore, you will not claim a high status either. By having even a little yoga, you will go to heaven. The Father says: If you do not become pure, you will not be able to come to Me. Even if you stay at home, you will still be able to go to heaven and claim a good status, but only if you stay in yoga and remain pure. Without

purity, you will not be able to have yoga. Maya will not allow you to have yoga. The Lord is pleased with those who have an honest heart. Those who continue to indulge in vice and say “I remember Shiv Baba” are only pleasing their own heart. The main thing is purity. People say: There should *birth control*. Do not give birth to any more children. This is the tamopradhan world. Baba is now making *birth control* possible. All of you are kumars and kumaris, and so there is no question of vice. Here, the daughters have to tolerate so much because of vice. Baba says: You must take great precautions. Is there anyone here who drinks alcohol? The Father is asking you children. If you tell lies, you have to experience severe punishment from Dharamraj. You should speak the truth in front of God. Do you drink any alcohol at all, even as medicine? (None raised their hands). You definitely have to speak the truth here. If you make a mistake, you should write to Baba: Baba, I made this mistake; Maya slapped Me. Many write to Baba: Today, the evil spirit of anger came. I slapped someone. Your directions are that you should not slap anyone. It has been shown that Krishna was tied to a tree. All of those things are false. Children should be taught with a great deal of love, they should not be beaten. Stop a meal, don't give them sweets; you can reform them in this way. To slap them is a sign of anger, and you would be getting angry with a great soul. Little children are like great souls. Therefore, you must not slap them. You cannot even insult them. You should never perform any such action that would give rise to the thought that you did something sinful. If you do, you should instantly write to Baba: Baba, I made this mistake. Forgive me. I will not do it again. Then you should repent for it. There too, when Dharamraj gives punishment, they say that they are sorry and that they will never do it again. Baba says with great love: Beloved, worthy children, lovely children, do not ever tell lies. Ask for advice at every step. Your money is now being used to change Bharat into heaven, and so every penny of yours is worth diamonds. It is not that you are donating and doing charity for the sannyasis etc. What do people receive when they build *hospitals* and *colleges* etc.? If they open a *college*, then, in their next birth they receive a good education. If they build a dharamshala, they receive a palace. Here, you receive unlimited happiness from the Father for birth after birth. You receive an unlimited life span. No one of any other religion has such a long life span as yours. There is a short life span here. Therefore, as you walk, as you move, remember the unlimited Father and you will remain in happiness. If there is any difficulty, then ask. However, this does not mean that anyone who is poor can say to Baba: Baba, I belong to You and I will stay with You. There are many poor ones like that in the world. Everyone would say: Let us stay in Madhuban. In that way, hundreds of thousands would congregate here. That too is not the law. You have to stay at home with your family; you cannot stay here like that. People in business always put one or two paisas aside in the name of God. Baba says: Achcha, if you are poor, don't put anything aside. Understand *knowledge* and become Manmanabhav. What did your Mama give? She still became clever in knowledge. She is doing service with her mind and body. There is no question of money in that. If, at the most you give one rupee, you receive as much as a wealthy person. First of all, you have to look after your household. You children shouldn't be unhappy. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and namaste from the mother, Father, BapDada. Good morning. Salutations to the mothers. Salutations to the masters. May you be victorious.

#### **Essence for dharna:**

1. Don't perform any action for which you would have regrets afterwards and have to repent. Never tell lies. Remain honest with the true Father.
2. Use every penny you have in a worthwhile way in order to change Bharat into heaven. *Surrender* yourself like Brahma Baba and become a *trustee*.

**Blessing:** May you be full of many specialities and attain the blessing of being an easy yogi by constantly co-operating in service.

Brahmin life is a life filled with specialities. To become a Brahmin means to attain the blessing of an easy yogi. This is the first blessing of this birth. To keep this blessing constantly in your intellect is to put it into your practical life. The easiest way to keep your blessing for all time is to use that blessing to serve all souls. To co-operate in service is to become an easy yogi. Therefore, remain aware of this blessing and become full of all specialities.

**Slogan:** To become a *lighthouse* is to grant a vision of your own form and of the most elevated destination through the jewel on your forehead.

\*\*\* OM SHANTI \*\*\*

**Essence:** Sweet children, renounce your attachment to the old world and have zeal and enthusiasm for *service*. Never become tired of *service*.

**Question:** What are the signs of children who have intoxication of knowledge?

**Answer:** They have a lot of interest in doing *service*. They always remain engaged in service through the mind and words. They give everyone the Father's introduction and give the proof of it. Whilst establishing the kingdom, if they have to tolerate anything, they do so. They are complete helpers of the Father and do the service of making Bharat into heaven.

**Song:** Mother, oh mother! You are the bestower of fortune for all...

Om shanti. You children now know the mother, numberwise, according to the effort you make. You know the mother and so you would also surely know the father. This mother and father are the bestowers of a hundredfold fortune and the bestower of fortune. The ones with a hundredfold fortune are those who make effort and create their full fortune. They claim their inheritance in the sun and moon dynasties, and that too is numberwise. There are many who are like the natives. They will go and take birth amongst the very ordinary subjects. They cannot claim a status. The Father definitely tells you: Children, don't have attachment to this old world. The poor world is crying out. There has to be the interest and enthusiasm in children to do *service*. Although some have enthusiasm to do service, they don't have the art for doing *service*. You receive many *directions*. The writing has to be very *refined*. The pictures of the Trimurti and the tree should be 30" x 40". These are very *useful* things. However, children have little value for them. Although there is a lot of respect for Sanjay, that praise is of the end. It is said, "Ask the gopes and gopis about supersensuous joy", so that praise too is of the final stage. No one has that happiness now. Now, they continue to cry and fall. Maya slaps them. Although some come every day, they don't have that intoxication. You receive many *chances* to do *service*. People now continue to say that there should be *one religion*. There used to be *one Government* in Bharat. It was called heaven, but no one knows that. It was 5000 years ago when there was the *one government*. You can even say that until 2500 years ago, there was *one government* because even in the kingdom of Rama there was *one government*. For 2500 years, in the golden and silver ages, there was the *one government*. There weren't two for there to be any conflict. Here, they continue to say that the Chinese and Hindus are brothers, and then look what they continue to do! They continue to shoot each other. The world is such. Even husband and wife fight between themselves. A wife doesn't take long to slap her husband. There is a lot of fighting in every home. The people of Bharat have forgotten that it is only a matter of 2500 years ago when there was *one government*. Now there are many *governments* and many religions and so there would definitely be fighting. You tell them that there was *one government* in Bharat. That was called the *Government* of gods and goddesses. The path of devotion came later. There is no devotion in the golden and silver ages. People show their arrogance a great deal, but the knowledge they have isn't worth a shell. They have a lot of other knowledge, the knowledge for becoming a *doctor*, the knowledge for becoming a *barrister*. The Father says: Those who call themselves *Doctors of Philosophy* don't have this knowledge at all. They don't even understand what is called a *philosophy*. Therefore, you children should have an interest in doing *service* and becoming helpers in establishment. You have to make something good and give that. As the status of a person, so the invitation given to him. For example, there are many *officers* in the *Government*. There is the *Education Minister* and the *Chief Minister*. There should be an *office* here too. You should put whatever *directions* are given into practice. They have now written the Gorakhpuri Gita, and they are all ready to distribute it *free* of charge. All the institutions have many *funds*. When the Maharaja of Kashmir died, the Arya Samaj received all his property because he belonged to the Arya Samaj. Even sannyasis have a lot of money. You are using all the money you have for this service so that Bharat can become heaven. You are helping to make it into heaven. There is the difference of day and night. Day by day those people continue to become residents of hell whereas the Father is now making you into residents of heaven. All are poor. It isn't that we continue to accumulate money. You say: Baba, use these few pennies I have for the yagya for *service*. At this time, all continue to fight and quarrel amongst themselves. There cannot be *one government*. So you should tell the *Government* that there definitely was the *one* sun and moon dynasty *Government*. You

also desire that and it will definitely happen. The Father is establishing heaven. He is *Heavenly God the Father*. We are establishing the *one deity Government*. The *devilish Government* doesn't exist there. All of them will be destroyed. You have very good *knowledge* and a lot can be achieved with that. Delhi is the *head office*. They can do a lot of service. The children there are very good too. There is Jagdish, Sanjay. However, all are Sanjay, there isn't just one Sanjay. Each one of you is Sanjay. Your duty is to show everyone the path. The Father continues to explain to you very well, but children are trapped in their own business and in looking after their children etc. Whilst living at home with the family, they don't become helpers of the Father. Here, you have to demonstrate this by doing *service*. How is the *one government* being established? This cycle and *drama* are showing you the time. Just as the picture of Ravan has been created, in the same way, create a big picture of the cycle and write on it: The hand has now reached the time. There now has to be the *one Government* once again. Baba gives you *directions*. Shiv Baba will not go into the streets and wander around. If this one goes, it means that Shiv Baba has to stumble around. You should have *regard* for Baba. It is the children's duty to do *service*. You should write: The *one Government* that existed in Bharat is once again being established. This sacrificial fire was created 67 to 68 years ago. All the rubbish of this world is to become merged into it. It is very easy, but everyone needs time to explain. There are no kings now. Everyone will not believe just one person. Previously, when a new *invention* was created, they would get the word spread through the king because the king had that power. One becomes a *king* either through Raja Yoga or by donating a lot of wealth. Here, it is rule of the people. There isn't the *one Government*. There is also a government of the spies (fakir spies). They don't take long to dishonour anyone. Many such activities continue to take place. Give them a little money and they will even kill big *ministers*. So, you children have to take the *chance* of doing service and not go to sleep. Just as the people who go to hear stories at religious gatherings go back home and become the same as they were and don't have any enthusiasm, similarly, children too lack that enthusiasm. *Government* gardens would have many very good *first-class* flowers. Their *department* is separate. When anyone goes there, they are first of all given *first-class* flowers. This too is the Father's flower-garden. If someone were to come here, what would you show them? You would tell them the names. These are very good flowers. Tanger and uck flowers are also sitting here. They don't sparkle, they don't do any *service*. Every day, you definitely have to give someone the Father's introduction. You are incognito and you have so many obstacles. You haven't become worthy of doing *service*. Baba repeatedly tells you to go to the temples, to go to the cremation grounds. You should go and give lectures. You children have to give the proof of *service*. A few will emerge out of hundreds. You should also explain this to your friends and relatives. When people are afraid to come here, you should go to their homes and explain. They will become very happy when they receive the Father's introduction. Baba says: There shouldn't be any tiredness whilst doing *service*. Out of a hundred one will emerge. You definitely have to tolerate something whilst establishing a kingdom. Until you have taken insults, you cannot become Kalangidhar (one who is worshipped because of having taken insults). Your intoxication of knowledge is high. However, where is the *result*? OK, you gave knowledge to 10 or 20, so if one or two awaken from that, you should tell Baba. Only when you have an interest in doing *service* will Baba give you a prize. Give the Father's introduction: Who is your Father? Only then can the intoxication of the inheritance rise. You can give a lecture: No one in the whole *world*, apart from the Brahma Kumars and Kumaris, no one knows the *history* and *geography* of the *world*. Issue this *challenge*. Baba has mentioned the cremation grounds and so you should go there and do *service*. You do your business etc. for 6 to 8 hours. So, where does the rest of your time go? You won't be able to claim a high status just like that. Baba would say: You have come to marry Lakshmi or Narayan, but first of all look at your own face. What Baba explains is right. Just take up the one *topic*: Come and understand how the *history* and *geography* of the *world* repeat. Print this in the newspapers. Try and hire a *hall*. You don't even receive three square feet of land. They don't recognise you. You are *foreigners* from the supreme abode. There are no other *foreigners* from the supreme abode. Baba and you children are *foreigners*. No one understands your language. Here, in the corporeal form, you are not told to touch anyone's feet or to do things like that, such as kissing the feet of sages and great souls and then

washing the feet and drinking that water! That is called worship of the elements. The body is made of 5 elements. Look what the condition of Bharat has become! Therefore, the Father says: Give the proof of *service*. Give everyone happiness. Here, you should have just the one concern or worry: to connect your intellect's yoga to the Father. Song: Mother, you are the bestower of fortune for all. Mother Jagadamba is the bestower of fortune. It is the mother who attains her status. She too says: Remember Shiv Baba. I imbibe knowledge from Him and then also inspire others to imbibe it. I make you fortunate. You are the bestowers of fortune for Bharat, so you should have so much intoxication. Whatever is Mama's praise is praise of the Father and also of the Grandfather. You children should do physical service of the sacrificial fire and definitely do spiritual service too. Give everyone the mantra of manmanabhav. Manmanabhav means to serve through the mind and madhyajibhav means to serve through words. Serving through actions is also included in that. You kumaris should become engaged in *service*. Very good *service* takes place in the villages. There is a lot of fashion in the big cities. There is a lot of *temptation* and so what can they do? Should we leave out the big cities? We can't do that. The sound will spread in the big cities through the wealthy ones. However, the world has to be made into heaven with the magic of manmanabhav. The Father sits here and explains who this Jagadamba is. She is the bestower of a hundredfold fortune for Bharat. Her Shiv Shakti Army is also well known. Jagadamba is the *head*, that is, she is the *head* who establishes the *one Government* in Bharat. The incarnation of Shaktis, the mothers of Bharat, established the *one Government* in Bharat by following shrimat. Achhca.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Keep your intellect's yoga connected to the one Father. Make this world into heaven with the magic of the mantra of manmanabhav.
2. Never become tired of *service*. Together with physical service, also do spiritual service. Remind everyone of the mantra of manmanabhav.

**Blessing:** May you be a *master* bestower and create a spiritual atmosphere with the good wishes of co-operation.

Just as nature gives you an experience of its influence through the atmosphere – sometimes it is hot and sometimes it is cold – in the same way, you conquerors of matter, you cooperative and easy yogi souls always have to co-operate in creating a spiritual atmosphere with your good wishes. Don't think: This one is like this or this one is doing that. No matter what the atmosphere or the person is like, I have to give co-operation. Children of the Bestower always give. So, whether you become co-operative with your mind, through words or through your connections and relationships you definitely must have the aim of being co-operative.

**Slogan:** To fulfil the desires of everyone with your stage of being ignorant of all desires is to become Kamdhenu (the cow who fulfils everyone's desires).

\* \* \* O M S H A N T I \* \* \*

**Essence:** Sweet children, imbibe knowledge here and also enable others to imbibe it. In order to *pass*, you have to become like the mother and father. Tell others whatever you hear here.

**Question:** Which pure desire arising in the children is also a sign of good effort?

**Answer:** If children have the pure desire to *follow* the mother and father and to become seated on their throne, that is also a sign of good courage. Those who say, “Baba, I will *pass* the examination fully”, are speaking with hope. For that, you also surely have to make such fast effort.

**Song:** Our pilgrimage is unique...

Om shanti. All here are sinful souls. Only in heaven are there pure and charitable souls. This is the world of sinful souls. Here, there are sinful souls like Ajamil whereas that is the world of the deities of heaven, the pure and charitable souls. The praise of both is separate. All of those who are Brahmins send to Baba their biography of this birth of how many sins they have committed. Baba has everyone's biography. You children know that you have to listen to the things here and then tell others about them. Very many are needed to tell others. Until you become someone who relates this knowledge to others, you cannot *pass*. In other spiritual gatherings, they are not bound to listen and then relate that to others. Here, you have to imbibe knowledge and then inspire others to imbibe it; you have to create *followers*. It isn't that only one pundit would tell you a story. Here, each and every one has to become like the mother and father. Only when you relate knowledge to others will you *pass* and be able to be seated in the Father's heart. Everything about *knowledge* is explained to you. There, everyone would say: God Krishna speaks. Here, it is said: The Ocean of Knowledge, the Purifier, the Bestower of the Knowledge of the Gita, God Shiva, speaks. Neither Radhe and Krishna nor Lakshmi and Narayan can be called God and Goddess. That isn't the law. However, God gave them a status and so He would definitely make them into a god and goddess. This is why they are given that name. You are now making effort to be threaded in the rosary of victory. A rosary is created, is it not? There is Rudra at the beginning. There is the rosary of Rudraksh beads. The rosary of God is being created here. You say: Our pilgrimage is unique. Those people stumble about so much on pilgrimages. Everything of yours is unique. Your intellect's yoga is with Shiv Baba. You have to become a garland around the neck of Rudra. People don't understand the secret of the rosary. At the beginning is Shiv Baba, the Tassel, and then there is the dual-bead, Jagadamba and Jagadpita, and then their creation of 108. Baba has seen the very long rosary that they have and how everyone pulls its beads whilst chanting the name, “Rama, Rama!” They don't have any aim. They turn the beads of the rosary of Rudra and also chant the name of Rama. All of that is the path of bhakti. That is still better than other things; for that duration they wouldn't be committing sin! Those are methods to be saved from committing sin. Here, there is no question of turning the beads of a rosary. You yourselves have to become beads of the rosary. So, our pilgrimage is unique. We are unadulterated travellers going to our Shiv Baba's home. All of our sins of many births are being burnt through yoga. Even if someone were to remember Krishna day and night, his sins could not be absolved. When they chant the name of Rama, they don't commit sin at that time. Then, afterwards, they begin to commit sin. It isn't that their sins are cut away or that their life-span increases. Here, with the power of yoga, the sins of you children are burnt and your life-span increases. Your life becomes imperishable for birth after birth. To change from a human being to a deity is said to be making your life. There is so much praise of the deities. People call themselves degraded sinners and so everyone would surely be like that. They even sing: I am without virtue, I have no virtues. Have mercy on me! They praise God in this way. He makes you full of all virtues, the same as Shri Krishna. You are now becoming that. This one doesn't have any virtues. There is an organisation called “Nirgun Balak” (children without virtue). They also don't understand who is called nirgun (without virtues). You children know that it is Shri Krishna and Lakshmi and Narayan who are praised as: Full of all virtues... You are now once again becoming that. There isn't any other gathering where they would say this. Here, the Father asks you if you will marry Lakshmi and Narayan or Rama and Sita. You children are not senseless. You instantly reply: Baba, we will *pass* the examination fully. They are speaking with hope. However, it is not that everyone will become the same. At least you show courage. You say: Mama and Baba are Shiv Baba's specially beloved children. We will *follow* them fully and be seated on their throne. This pure desire is

good. Then, you also have to make that much effort. The effort made at this time will become the effort of every cycle. This will be a *guarantee*. From the effort someone makes at this time, you can tell that he did the same in the previous cycle, and that same effort will continue for cycle after cycle. When examination time comes, you can tell to what extent you will *pass*. A *teacher* would also instantly know. This is the Gita Pathshala to change from an ordinary man into Narayan. In other Gita Pathshalas, they would never say that they went there to become Narayan from an ordinary man nor would the *teacher* there say that he will make them into Narayan from an ordinary human being. First of all, the *teacher* would have to have the intoxication that he will become Narayan from an ordinary man. There are many who give lectures on the Gita. However, they would never say that they are studying with Shiv Baba. They study with human beings. You know that the Highest on High is the Supreme Father, the Supreme Soul, Shiva who, is the *knowledge-full* Creator of heaven. He comes and makes impure ones pure. Guru Nanak too sang His praise: Remember the Lord and you will receive happiness. You now know that that One is the Highest on High, the true Lord. He Himself says: Remember Me, your Father. I am telling you the true story of immortality and the story of the third eye. Therefore, this is the *knowledge* of receiving the third eye or of becoming Narayan from an ordinary man. O Parvatis, I, the Lord of Immortality, am telling you the story of immortality. Shiv Baba is the Highest on High, then there are Brahma, Vishnu and Shankar, and then Lakshmi and Narayan in heaven. Then the moon-dynasty clan. Continue to come down numberwise in this way. Time also goes through the stages of sato, rajo and tamo. No one knows these things. Baba is telling you many deep things. There is an imperishable *part* in the soul. There is a *part* of each birth recorded. It is never destroyed. The Father says: My *part* is recorded. When you reside in the land of happiness, I reside in the land of silence. You have happiness and sorrow in your fortune. I have also explained to you how many births you take in happiness and how many in sorrow. I am your altruistic Father and I make all of you into the masters of heaven. If I too became impure, then who would make you pure? Who would listen to everyone's call? Who would be called the Purifier? This Father explains that none of the scholars of the Gita are able to explain like this. They explain the meaning of the three worlds in many different ways. People say that you can find the way to meet God through the Vedas and scriptures. The Father says: All of those scriptures are for the path of devotion. The scriptures are not for those on the path of knowledge. I am the Ocean of Knowledge who speaks the knowledge. Everything else is the paraphernalia of the path of devotion. I Myself come and grant everyone salvation with this knowledge. Those people think that a bubble emerges from the water and then merges with it again. However, there is no question of merging. Souls are *immortal*. They are never burnt, cut or reduced. The Father gives you an explanation of all of these things. You children should have happiness from the top of your head to your toes that you are becoming the masters of the world through the power of yoga. This happiness is also numberwise. It cannot be constant or the same for everyone. Although it is the same examination, at least all should be able to *pass*. A kingdom is being established and so He gives you a *plan* for that. There will be this many thrones (dynasties) in the sun dynasty and this many in the moon dynasty. Those who fail become maids and servants. The maids and servants also later become kings and queens numberwise. Those who are uneducated receive a status at the end. Baba explains a lot, but if you don't understand anything, you can ask. Reasoning says: Where would someone then take birth? There too, there isn't any less happiness. There too, they have great regard. They stay in big palaces. There are huge gardens there. There is no need to build two- or three-storey buildings there because there is a lot of land. There is no lack of money and they have great interest in constructing buildings just as people here have that interest. When they built New Delhi, they thought that it was New Bharat. In fact heaven is called New Bharat and hell is called the old Bharat. However much any of you want there, you can have it even though it would all be according to the *drama*. The palaces that were built in the previous cycle will be built again. No one else can understand this knowledge. It will sit in the intellect of those who have it in their fortune. You children have to make effort to stay in yoga fully. On the path of devotion, people have been staying in yoga with Shri Krishna, but they haven't become the masters of heaven. Now, heaven is just in front of you. You know the *biography* of the Supreme Father, the Supreme Soul and of Brahma, Vishnu and Shankar. You know how

many births Brahma takes. The Father says: You mothers are the ones who open the gates to heaven. All the rest remain in hell. Only the mothers will uplift everyone. We praise God. You understand and then say: Shiv Baba, namaste to You. You come and make us into heirs, into the masters of heaven. Namaste to such a Shiv Baba. Children say namaste to the Father anyway. Then the Father replies: Namaste. You make Me into the Heir of a few pennies. You make Me into the Heir of shells and I make you into heirs of diamonds. You make Shiva, your child, your Heir, don't you? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning, namaste, salutations to the masters and salutations to the mothers from the Mother, the Father, BapDada.

**Essence for dharna:**

1. Become an unadulterated traveller to Shiv Baba's home and have your sins burnt with the power of yoga. Churn knowledge and stay in limitless happiness.
2. Whilst having the pure desire to be seated on the throne the same as the father *follow* the father fully.

**Blessing:** May you become an image of experience and with, the unlimited form of remembrance, end all limited situations.

You elevated souls, the trunk, have a *direct* and close relationship with the Trimurti, the Seed and the main two leaves. Remain stable in this elevated *stage*, become an embodiment of remembrance in an unlimited way and all the wasteful things of the limited will end. Come into your unlimited stage of maturity and you will constantly become an image of all experiences. Always keep in your awareness the *occupation* of being an unlimited ancestor. The duty of you ancestors is to become an immortal light and take souls who are wandering around in the darkness to their destination.

**Slogan:** Instead of becoming confused about anything, to experience pleasure is to be an intoxicated yogi.

\* \* \* O M S H A N T I \* \* \*

**Essence:** Sweet children, have true love for the one Father and He will take you back home with Him. He will liberate you from all your sins and make you into the masters of heaven.

**Question:** What main dharna is needed in order to keep yourself happy?

**Answer:** Only when you know how to have a spiritual conversation with yourself can you remain happy. Let there not be attachment to anything. Your stomach only needs two chappaties, that's all. Only when you have the dharna of an attitude that is free from attraction can you remain cheerful. Churn knowledge and keep yourself happy. You are karma yogis. Whilst doing karma, performing your household chores and eating, remember the Father. Let the discus of self-realisation continue to spin in your intellect, and there will be a lot of happiness.

**Song:** Neither will He be separated from me, nor will the love in my heart disappear...

Om shanti. Sweetest children heard the song. This is the spiritual love of you children, that is of you souls, for your Supreme Father, the Supreme Soul. Only you Brahmin children have this spiritual love. You have the faith that you are souls. However, when they say that the soul is the Supreme Soul, whom would the soul love? It is the children who love their Father. It isn't the Father's love for the Father. You understand that you souls are now connecting your love to the Supreme Father, the Supreme Soul. It is this love that will take you with Him. You have spiritual love for the Father and so you also have to face difficulties. The whole world and members of your family all become your enemies. It has been explained to you children that the Ganges is not the Purifier. People go to the banks of the River Ganges and the River Jamuna with the thought of becoming pure; they go and sit at Haridwar and Kashi. Those are the two main places. They say: Oh Purifier Ganges! However, that Ganges does not listen to them. It is only one Purifier Father who listens to them. You are now sitting in front of that Father. The Father is telling you how you can become pure. The water of the Ganges does not say: Constantly remember me alone and your sins will be absolved. The Father says: I promise you that if you remember Me, the Father, your sins will be absolved. I *guarantee* this. The Ganges cannot *guarantee* this. Just as people have been burning an effigy of Ravan every year but he doesn't die, in the same way, people have been bathing in the Ganges for birth after birth, but no one has become pure from impure. They go to bathe there again and again. Once they have become pure, why do they go there again? There are so many melas. No one would call them the meeting of souls with the Supreme Soul. On the path of devotion, there are huge crowds at the melas. You now connect your intellect's yoga to the Father. You souls know that you have become the lovers. It is souls who remember God through the body. The Father says: I am also teaching you through this body. This is why you constantly have to continue to remember Baba. When you say "Baba" you would definitely remember heaven and also your home, the land of liberation. Liberation is also called the land of nirvana. This is the corporeal world. How could the corporeal world's population increase unless souls came here? Souls come from the incorporeal world and the human world continues to increase. Some think that it continues to increase *naturally*. You know that souls come here and that the world population continues to increase. You children now know that the *sweet home* is the land of peace. Many people like peace. You know that the land of peace is your *sweet God-Fatherly home*. When the people of Bharat are returning from abroad, they say: We are going back to our *sweet home* of Bharat. They love the land where they took birth. They say: Take us back to our *sweet home* of Bharat. OK, if the person dies and the soul has departed they bring the body here and finish it off here. They believe that the soil of Bharat should come back to Bharat. When Nehru died, they scattered his ashes in so many places. They scattered them in the fields. They thought that the land would become fertile. However, no matter how much respect someone gives to anything, it definitely has to become old. They are facing so many difficulties. They don't know the Father. You know the Father and are claiming your inheritance from Him. Therefore, your heart's desire is to make your friends and relatives into residents of heaven too. When you tell them to become a resident of heaven, they say: Do you want to kill us? You children know that you are becoming the elevated residents of heaven by following shrimat. It takes a lot of effort to become soul conscious. You repeatedly become body conscious and forget the Father. You are now sitting personally in front of Him. You know that you have come to your Supreme Father, the Supreme Soul. Baba asks: Have we met before? So, you instantly reply: Yes, Baba. We met 5000 years ago. These are your incognito words. No one else can *copy* you. Although

some adopt the costume of Krishna and say that they have come to establish heaven, they cannot say that they also established heaven 5000 years ago. You alone say: Baba, we also came 5000 years ago to claim our inheritance from you. You taught us Raja Yoga. The soul says this through the body. Have the faith that you are a soul and remember the Father. There is no question of omnipresence in this. They don't even understand that the Brahma through whom the Supreme Father, the Supreme Soul, creates the world, would surely have to exist in the corporeal form. The Purifier Father comes and makes you into pure deities. The Father alone is the Creator of heaven. Therefore, surely, human beings are needed in heaven. The Father comes and shows you the gates of heaven. You try to change the residents of hell into residents of heaven. If you told an eminent person directly that he was an impure resident of hell, he would get upset. You now know that you are coming out of hell and going to heaven. We are now residents of the confluence age. Having renounced our body we souls are now going to Baba's home with Baba. This is your spiritual pilgrimage. You have to stay in remembrance of Baba. You understand that the pilgrimage will continue for as long as your body remains. You also have to perform actions. Although you may eat, drink and cook, you definitely have to remember the Father whenever you have time. Whilst you are at work, when you see that you have some time, sit in remembrance of Baba. There is a lot of income in that. When travelling by *train*, you don't have to do anything at that time. So whilst sitting there, continue to remember Baba. We are now going to Baba. Baba has come from the supreme abode to take us back. Achcha, when you are cooking for the family in the evening, remind one another of Baba. Come and we will sit in remembrance of our Father. Tell these *points* to one another. We are spinners of the discus of self-realisation. Baba says: You are also *lighthouses* who show the path to others. You are *lighthouses* whilst sitting, standing and moving around. You have liberation in one eye and liberation-in-life in the other eye. Heaven used to be here, but it is not here now. This is now hell. Baba is once again establishing heaven. The Father says: I make you into very beautiful flowers. You will then become empresses and queens. You mustn't become a coarse hand-spun cotton queen. You have to become sixteen celestial degrees full, not fourteen degrees. Shri Krishna was sixteen celestial degrees. You children used to have so many fasts and disciplines etc. You even used to stay without water for seven days. You used to make so much effort. However, you did not go to the land of Krishna. You are now making effort to go to the land of Krishna, heaven in a *practical* way. Because Krishna has been shown in the copper age, no one knows about heaven. In fact, you now know what the seven days mean. You mustn't remember anyone except the Father. However, there is no question of staying without water etc. By remembering Baba you will go to Baba. The Father will then send you to heaven. You starved yourself for so many days observing fasts and disciplines etc. You made so much effort for birth after birth. There was no attainment through any of that. You have now been liberated from all of that and brought onto the path of salvation. You say: Baba, we also met you in the previous cycle and claimed our inheritance of heaven. The Father says: Continue to take advice at every step. Ask about all your accounts and Baba will continue to advise you. You may continue with your business etc. and even then Baba will continue to advise you. When He sees that you have been caught up too much in your business, He will advise you: Why do you beat your head so much with that? How long are you going to live for? The stomach only asks for one or two chappatis. The wealthy as well as the poor can live on that. Wealthy people eat very well and yet they still become diseased. Look how strong the natives are, and look what they eat! They work so hard. They remain happy in their huts. Therefore, at this time, you should renounce all other desires. Take two chappatis and your stomach will become full. That's all. You then have to remember the Father. You are spiritual children and have become lovers of the Beloved, the Supreme Father, the Supreme Soul. The more you remember Baba, the more your sins will be absolved and you will go and meet the One whom you remember. Some of you have the desire for visions. Baba says: You can have visions whilst sitting at home. By remembering Shiv Baba you will have visions of Paradise and you will see the land of Krishna. Here, Baba makes you into the masters of Paradise. It is not a question of just visions. Remember Me because I have come to take you back. You have to remember Shiv Baba. He alone is the One who makes you into the masters of the land of Shri Krishna. Krishna would not make you that. By remembering Shiv Baba you receive the sovereignty of Paradise. He has now come from the supreme abode. He definitely did come at some time for this is

why the temples have been built as memorials. There is the Shiva Temple and people also celebrate the birthday of Shiva. However, no one knows how He comes in Bharat. He doesn't enter the body of Krishna. Krishna only exists in the golden age. There is a very big temple to Shiva, but the temple to Krishna is not as big. The Somnath temple is so big. In the Krishna Temple, they show Radhe and Krishna wearing many ornaments. You will never see ornaments in the Shiva Temple. Shiv Baba doesn't reside in huge palaces. It is Shri Krishna who resides there. Baba says: I don't stay in palaces. However, on the path of devotion, they have built such a grand temple studded with diamonds and jewels. It was those who received the inheritance of heaven from Shiv Baba who built such a high temple. They built such a big temple as a memorial. Therefore, they themselves would also have been so wealthy. They still build very good temples. In Bombay, there is a temple to Shiva, Baburinath (the Lord who changes thorns into flowers). There is a temple to Lakshmi and Narayan in Madhavbaag. The Father says: I make you into the masters of heaven, and so you build such a big temple on the path of devotion. And look, how I am now sitting in a hut. Your name will also be glorified. You know that your temple will be built again. It is a wonder that there are also many temples to our Father Shiva. Those who built the Somnath Temple would have been so wealthy. Now He is so incognito that no one knows Him. You now know how the temple to Shiv Baba will have to be built. You will then have gone onto the path of devotion. Mama and Baba, who become the most worthy-of-worship and the masters of Paradise will then become the first worshippers, and they will be the ones who have to build the temple. So they would say in their heart: We will become worshippers and build the temples. By entertaining yourself with these things the old world will be forgotten. You should talk about such things amongst yourselves and you will remain very happy. Have a spiritual conversation with yourself. The *Supreme* Spirit sits here and consoles you souls. He makes you cheerful with this knowledge. You say: We have come once again after a cycle. We have met the Father many times and received our inheritance. You should talk amongst yourselves in this way. Then, you are also karma yogis. Although you may prepare food at home, you will remain happy. You know the *history* and *geography* of 84 births. We have now become Brahmins and will then become deities and rule the kingdom. From being worshippers we will become worthy of worship then build palaces etc. Continue to relate your own *history* and *geography*. How our *history* and *geography* goes around the cycle is called the discus of self-realisation. You are the ones who know all three worlds. Your eye of knowledge has now opened. By remembering this cycle you should have a lot of happiness. The Father too become pleased. You are now engaged in service. Temples to you servers will be built later on the path of devotion. I have now come to serve you children. I have come to give you your full inheritance of heaven. The more effort each of you makes, accordingly you will become a master of heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Whilst walking and moving around be *lighthouses* and show everyone the path. Renounce all desires and stay in remembrance of the one Father. Continue to take advice from the Father.
2. Entertain yourselves with things of knowledge. Talk to yourself. Spin the discus of self-realisation and constantly remain cheerful.

**Blessing:** May you be a master creator and use your subtle powers in the task of establishment. Just as your creation, the scientists, are making the expansion merge into its essence, and preparing extremely subtle and powerful tools for destruction, in the same way, become *master* creators and use your subtle powers for the task of establishment. You have the greatest powers of all – the power of elevated thoughts, the power of a pure attitude and the vision of love and co-operation. Therefore, ignite the lamp of hopes of your clan with these subtle powers and enable them to reach their real destination.

**Slogan:** Where there is cleanliness and sweetness, there is success in service.

\*\*\* OM SHANTI \*\*\*

**Essence:** Sweet children, together with knowledge and yoga, your behaviour too has to be very good. Let there not be any evil spirits inside you because you are exorcists who remove evil spirits.

**Question:** Which intoxication can the worthy and obedient children experience permanently?

**Answer:** We are claiming from Baba our inheritance of becoming *double*-crowned masters of the world: Only worthy and obedient children can experience this intoxication permanently. However, if there is an evil spirit of lust or anger inside you, there cannot be this intoxication. Such children cannot even have *regard* for the Father. This is why you first of all have to chase away the evil spirits and make your stage strong.

**Song:** Who has come to the door of my mind with the sound of ankle-bells?

Om shanti. No one except you children can understand the meaning of this. That too is numberwise according to the effort you make, because there is neither a physical nor a subtle image of the Supreme Father, the Supreme Soul. The deities are subtle and there are just three of them. And even very much more subtle than them is God. Now, who says: Oh Supreme Father, Supreme Soul? Souls. The Supreme Father, the Supreme Soul, is called God. A soul cannot call his physical father, the Supreme Father. When you remember the parlokik Supreme Father, the Supreme Soul, that is called being soul conscious. You remember the father who has a relationship with the body. The other is the Baba who has a relationship with the soul. He has now come here. The soul knows with the intellect because the soul has an intellect. Therefore, the Supreme Father, the Supreme Soul is surely the parlokik Father. He is called God. Baba has now had this questionnaire made. It will be easy for you children to explain with it. Just as *forms* are filled in, in the same way, you can get them to fill in the questionnaire. Definitely, the one who asks these questions is *knowledge-full* and so would surely be a *teacher*. It is the soul that takes a body and explains with the *organs*. Therefore, this questionnaire has been created so that it is easy for you children to explain. However, the stage of the children who relate knowledge also has to be very good. Although some of you may have very good knowledge and your yoga too is very good, together with that, very good behaviour is also required. The behaviour of those who don't have the evil spirits of lust, anger, greed, ego and attachment would be divine. Those are very big evil spirits. You children should not have any evil spirits in you. We are exorcists who remove evil spirits. Impure souls that wander around are called ghosts. The exorcists who remove those ghosts are very clever. No one apart from the Supreme Father, the Supreme Soul, can remove the evil spirits of the five vices. Only the One removes the evil spirits in everyone. There is just the One who grants salvation to all. The one who *liberates* you from Ravan is only the One. Those are big evil spirits. It is said: This one has the evil spirit of lust, this one has the evil spirit of attachment and impure arrogance. The Liberator, the Supreme Father, the Supreme Soul, is the only One who can liberate everyone from those evil spirits. You know that, at this time, the most *powerful* are the Christians. The words of their English language are also very good. Whoever the king is, he uses his own language. No one knows the language of the deities. My daughters would go and come back and tell us everything (they saw in trance). They used to stay in trance for two to four days. There should be a clever trance-messenger who would be able to speak in the language that she sees there. You children should tell everyone the story of Bharat. Bharat was satopradhan but it has now become tamopradhan, worshipping from being worthy of worship. In Bharat, there are many images of the deities. People worship them with blind faith because they don't know their *biography*. We are all *actors*, and so we should know the *Director* etc. of the *drama*. This is why the questionnaire has been prepared. You should also write to the Pope: You are telling your *followers* to stop manufacturing those things for destruction. So, why don't they all listen to you? You are the guru of everyone and you are praised a great deal, so why don't they all listen to you? You don't know the reason for this and so we will tell you. They are not following your directions. They are manufacturing everything according to God's directions. Heaven is being established through Adam and Eve. *God* is *knowledge-full* and He is incognito. Surely His army would be following His directions. You should explain in this way. However, children don't have such a broad and unlimited intellect. Therefore, the *screw* has to be *tightened*. When an *engine* cools down, they put in more coal to heat it up. These are the coals of knowledge. The Supreme Father, the Supreme Soul, is the greatest of all and everyone will come to

salute Him. Everyone considers the Pope to be *powerful*. People don't give as much regard to anyone else as they do to the Pope. They don't know the Father. He is incognito. Only you children know Him and give Him that importance. However, Maya is such that she doesn't even allow His children to have *regard* for Him. As soon as you go outside, the intoxication you have that Baba is making you into the masters of the world ends. Why would we not claim our inheritance of becoming *double-crowned*? This is the intoxication of the worthy and obedient children. However, there are many children who have the evil spirits of lust, anger and greed. Baba speaks the murli and you then feel inside: I still have a slight influence of lust inside. If one side is strong, then nothing can happen. Sometimes, the wife is strong and sometimes the husband is strong. Baba receives all types of news. Some write with an honest heart. There has to be great honesty and cleanliness internally and externally. Some are honest externally, but are false within. Many experience storms. They write: Baba, today, I experienced the storm of lust, but I was saved. If they don't write, then, firstly, punishment is experienced, and secondly, that habit increases. Eventually, they fall. Baba has these hopes in the children. When there are even a few bad omens, they can be removed. There are many children who are moving along fine today. However, tomorrow, they would become unconscious or their throats would choke. Definitely, they are being disobedient about something. You should remain honest in every situation, for only then will you become the masters of the land of truth. If you tell lies, the illness will increase and cause damage. You children should write the questionnaire very tactfully: What is your relationship with the Supreme Father, the Supreme Soul? Since He is the Father, there is no question of omnipresence. He is the Bestower of Salvation for All, the Purifier and the God of the Gita. Therefore, He would surely have come at some time and given knowledge. If this is right, then, do you know His biography? If you don't know it, you cannot receive an inheritance. You would definitely receive an inheritance from the Father. Then, ask the second question: Do you know Prajapita and his mouth-born creation? The one who is called Saraswati is the goddess of knowledge. She is called the *goddess of knowledge*. This one is Jagadamba. So, surely, there would be her children and also her Father. He is the One who gives *knowledge*. So who are this Prajapita and Jagadamba? She is also called the goddess of wealth. At that time, she is not the goddess of knowledge. This Brahma and Saraswati then become the king and queen. Therefore, their children must surely also become the masters of heaven. This is now the confluence, the kumbh. Look at what happens at that Kumbha mela. There is the difference of night and day between its meaning on the path of devotion and its meaning here. That is the confluence of the rivers of water and the ocean. This is the mela of the *human* Ganges who emerge from the Ocean of Knowledge. This question can also be asked: Who is the One who makes you pure from impure? This is something to know and this is why we are asking you. You can become kings and queens through having the knowledge from this Mother and Father. Would your mouth be sweetened by saying that God is omnipresent? You are now receiving knowledge, the fruit of devotion. God is now teaching you and so you have stopped wandering around. Baba says: Children, may you be bodiless! The soul has received knowledge. The soul now says: We now have to return home to Baba. Then there is the reward. The kingdom is being established. These matters have to be understood. This questionnaire is very good. It should remain in everyone's *pocket*. Only *serviceable* children would think about these things. Baba has to make so much effort for you children. Baba says: Children, make your future elevated. Otherwise, your status will be reduced for cycle after cycle. Just as this Baba and Mama become the emperor and empress, so too, children should become the same. However, there has to be faith in the self. A king also has a lot of power. There, there is nothing but happiness. Others who become kings become that by making donations and performing charity in the name of God. All the subjects live under the *orders* of the king. At this time, the people of Bharat have no kings. It is the rule of the people over the people so they have become so weak. Baba knows that many children experience storms, but they don't give this news to Baba. You should write to Baba: I experience such storms, so please give me some advice! Baba would advise you according to your situation. You don't write and your companion doesn't write either, saying: Baba, this is the condition of my companion. The news should be given to Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Night Class: 11<sup>th</sup> January 1969

The unlimited Father comes and explains to you. He makes you belong to Him, gives you teachings for royal status and also makes you pure. The Father gives you the introduction of Himself and the inheritance in a very easy way. You would not be able to understand it by yourself. You would surely receive an unlimited inheritance from the unlimited Father. Only those with a very good intellect would understand what inheritance the Father gives. He gives you the inheritance of the home, the study and the sovereignty of heaven. Those who become the pure deity community are the ones who come into the kingdom. Those who study and teach others will accordingly claim a high status. There are so many children and they are claiming their inheritance from the Father. The Father makes you into the masters of heaven, into Narayan from an ordinary man. This one is the master of the kingdom. So, the unlimited Father is the Creator of heaven and we, His children, will claim the sovereignty of heaven from Him. As the king and queen, so the subjects. To the extent that you make effort, accordingly, you will claim a high status. This is effort for the kingdom. Not everyone receives a kingdom in the golden age. To the extent that you make effort, accordingly, you will receive a high status. Your reward depends on the effort you make. You children know that according to however much effort you make, you will receive a sovereignty. If you consider yourself to be a soul and remember the Father, you will become satopradhan from tamopradhan and become *pure* gold. You will also receive a kingdom. Here, people say that they are the masters of Bharat. All of you will become the masters, but what status will you then claim? What will your status in heaven be after the study? You are now studying at the confluence age. Then you will rule in the golden age. The Father teaches you yoga and also teaches the study. You understand that we are studying Raja Yoga. We also become pure by having remembrance of the Father. Then our rebirth will not be in the kingdom of Ravan, but in the kingdom of Rama. We are now studying – manmanabhav, madhyajibhav. It is now the end of the iron age and then the golden age, heaven, will definitely come. The Father only comes at the confluence age and opens this unlimited *school* where there is the unlimited study to claim the unlimited sovereignty. You know that you will become the masters of the new world. The new world is called heaven. You feel intoxicated about this, do you not? Truly, after the old world, there is the new world. Children remember this. It is in the hearts of all the children that the Supreme Father, the Supreme Soul, is teaching us in order to make us into the masters of heaven. You children should remember that God is teaching you. We are becoming the highest-on-high kings and queens of heaven. We receive the kingdom through Raja Yoga, and there is purity, peace and happiness in that. There is everything. Shiv Baba has now entered this Baba. He is the Highest on High. The soul carries that experience with himself. When he goes there, the way of sitting there will be elevated. All the *students'* seats will be individual. A student wouldn't sit in another student's place. No two souls can have the same *part*. The Father has explained: Souls have a *record* recorded in them. Our efforts are continuing according to the *drama-plan*. Some will become kings and others will become queens. At the end, the *results* of effort will be announced so that the rosary will be created. Those who are to claim a high *number* will definitely know. When someone dies, you can tell that the soul will go and take another body according to his karma. Those who have performed good actions will receive a good birth with the power of yoga. If one doesn't make effort, one receives a low status. Happiness will be experienced by thinking in this way. As the maharathi, so his or her praise. Not everyone's way of speaking knowledge is the same. Each one's way of speaking is also different. This play is predestined. You children are now paying attention to your karma. Whatever the father or mother does, you children learn that. You are now performing elevated actions. One can understand this from the *service* you are doing. The effort that the maharathis make cannot remain hidden. You can understand who is making effort to claim a high status. All the children have a *chance*. In order to claim a high status, you have also received the *lesson* of manmanabhav, together with its meaning. You children understand that the *Knowledge-full* Father Himself comes and gives you the *knowledge* of the Gita, and so He would surely give

you *accurate knowledge*. Then how much you continue to put whatever you hear into a *practical* form depends on how much you imbibe. It is not *difficult*. You have to remember the Father and know the cycle. This is the study of your final birth. You will *pass* and then go to the new world of the golden age. It is remembered: There is victory in faith. So, you children have understood with your loving intellect that God is teaching you. You children know that you are souls and that you are imbibing this. The soul is studying through this body; he is doing a job. These matters have to be understood. You remember the Father and Maya, Ravan breaks your intellect's yoga. You have to remain cautious of Maya. The more you progress, the more your influence will spread and the mercury of your happiness will also rise. When you take a new birth, you will *show* this very clearly. Achcha.

To the sweetest spiritual children, love, remembrance and good night from the spiritual BapDada.

**Essence for dharna:**

1. Remain honest and clean internally and externally. Give the Father your news with an honest heart. Do not hide anything.
2. You now have to return home. Therefore practise remaining bodiless. Remain in silence.

**Blessing:** May you be a *master* teacher who while moving around gives teachings to every soul through your every action and word.  
Just as nowadays you have mobile *libraries*, in the same way, you are *master* teachers who are mobile. Always see *students* in front of you. You are not alone. You are always in front of *students*. You are always *studying* and always enabling others to study. Worthy teachers would never be careless in front of *students*; they would pay *attention*. When you sit, wake up, walk or eat, at every moment, think that you are sitting in a big *college* and that *students* are watching you.

**Slogan:** To purify your sanskars completely with faith in the soul is elevated yoga.
