

Today, I reached BapDada carrying the remembrances of both Dadis and the service news of this land and abroad. As I reached there, I saw BapDada standing in front of me and giving me very sweet drishti. However, today, there was a lot of newness in Baba's drishti. The drishti from both of BapDada's eyes was like a magnet which pulls you towards itself. My experience was that I was not moving, but that the sakaash of Baba's drishti was pulling me. I came personally in front of Baba in a second. BapDada merged me in His arms of love and spoke sweet words: Child, now according to the time, every child with the magnet of his or her own powers, has to enable all souls to receive their inheritance of liberation and liberation-in-life from the Father, because day by day, souls are becoming weaker through their own distressful situations. You are the support of such souls who are without any support. At present, these are the days of the worship of the goddesses and the atmosphere is of calling out. Can you children not hear the call of the devotees and the call of the time? Do you not feel mercy in your heart for the devotees? Saying this, BapDada took on a very powerful form of the powers of peace and love. The atmosphere became so powerful, it was a beautiful experience. After some time, Baba said: Child, now spread such an atmosphere through the vibrations of all powers so that weak souls receive the wings of power and courage. Such is the need of the present time.

After this, Baba asked me what news I had brought. I replied: Today, I have especially brought remembrances and service news from both Dadis and the children. Dadi Janki, as the ruler of the globe, is touring around everywhere. Dadiji has also been on a tour of London and has now come back to our Madhuban, the place of unlimited service. Through Dadiji's visit, all the brothers and sisters of UK and Europe were very refreshed having experienced such closeness. Even now, they are all remembering their experience of love and closeness. Dadiji says: Baba had become my backbone and had taken me and made me do service that was free from obstacles. She was giving many, many thanks. The whole group that went with Dadiji is giving You lots of thanks, Baba. Even now, Dadiji's health is fine. Baba said: All your Dadis are those who have become instruments through sakar Baba – the sakar symbol. Everyone becomes so happy on seeing the Dadis. They are giving everyone the experience of love that they have received from sakar Baba's sustenance. Give all the Dadis lots and lots of love and remembrance. Give the group that went with Dadiji personal love and remembrance by name.

After that, today, Baba remembered Diamond House of London and asked about news of it. I told Baba: It is now completely ready and Dadi Janki has also reached London having been on tour somewhere. Smiling very significantly, Baba said: London and the children there have shown very good wonders. Seeing the method of these children creating their fortune, BapDada is very pleased: You have given the co-operation of having a lot of courage, determined thought and enthusiasm at the right time and have become the stars of success. It is the secret of the drama that whoever uses everything in a worthwhile way with a big heart, at the time of need, receives a lot of success, a thousand-fold success. The attainment is very incognito. Seeing such lucky and lovely children, BapDada is pleased and sings praise from His heart: Wah, My sensible and serviceable children, wah! All of you have given very good co-operation with a big heart. This is why a very good big place has been created and success of service with a big heart is also merged in this. Saying this, it was as though Baba reached London and was very pleased on seeing each child. He also told me: Give special remembrances to all the stars of success.

After this, Baba especially made both the Dadis emerge and all the other Dadis and children. Then, Baba went on a mountain with both Dadis and everyone else. The mountain of light was very high. We were all standing with Baba at the very peak of the mountain in the form of a half-moon. We saw that down below, there were millions of souls, but each one was engaged in their own situations of distress. Baba said: Child, did you see what the condition of all the souls is? They don't even have the power to raise their eyes up above. To give those weak souls a drop through your elevated stage is the duty of you souls. Only then will the world be transformed. Saying this, BapDada gave all of them a vision of all of us with Baba and this was very impressive.

*After this, Baba heard the service news and Dialogue news of the different wings. Baba also heard the service news of the children abroad and said: In both places, they have very good enthusiasm for service. Success of service is the birthright of you children. Baba especially remembered all the double-foreign children individually and said: You have made easy effort and attained success easily. You are the lovely and lucky children who constantly glorify the Father's name. As well as this, I also gave Baba news of Guhati and Calcutta. Baba said: The children from Guhati demonstrated being Arjuna, the ones who take the initiative. With courage, success is guaranteed. They demonstrated by being an example. Give everyone special love and remembrance. Calcutta is the father's throne of the establishment. It already has blessings. Give remembrances to everyone. Baba especially remembered ParDadi (Dadi Nirmala Shanta) and her companions.*

**\*\*\* O M S H A N T I \*\*\***

**Essence:** Sweet children, remember the unlimited Father. All three - knowledge, bhakti and disinterest - are included in this. This is a new study.

**Question:** How is it that, at the confluence age, knowledge and yoga continues with bhakti (devotion) at the same time?

**Answer:** In fact, yoga can also be called bhakti because you children stay in unadulterated remembrance. Your remembrance includes knowledge and this is why it is called yoga. From the copper age, they have simply been performing bhakti; there is no knowledge. This is why that bhakti is not called yoga. There is no *aim* or *objective* in that. You now receive knowledge, you have yoga and you also have disinterest in the unlimited world.

**Song:** Someone made me belong to Him and taught me how to smile...

Om shanti. The unlimited Father explains that the study of the scriptures is not really a study because there is no *aim* or *objective* in the study of the scriptures. In the scriptures, you don't know anything about the world. You can't tell from the scriptures where America is or who discovered it. They say that So-and-so discovered it. They go and discover other places so that you can go and stay there. They recognize that human beings are many and that they need more land. All of those things are studied. That is called an *education*. Yours is also an *education*. This can be called an ashram, an *institution* or a *university*; everything is included in this. The maps of that study are something else. There isn't enlightenment through the scriptures; enlightenment is received by studying. Yours is also a study. Which place is called Paradise? This is neither mentioned in worldly study nor in the study of the scriptures. This is new *knowledge* which only the one Father tells you about. People say that heaven and hell are both here. Only the Father explains what heaven is and what hell is. These things are neither mentioned in the scriptures nor in that *education*. Because these things are new people become confused. They say that they have never heard such knowledge before. These are new *wonderful* things which no one else has ever told them about. In fact, they truly are new things. Neither the people who teach that education nor the sannyasis can tell you about these things. This is why only the Supreme Father, the Supreme Soul, is called the Ocean of Knowledge. He also explains to you the unlimited *history* and *geography*. He explains the details of heaven and hell with knowledge. These are new things, are they not? Everything is included in this study: it has knowledge, yoga, an education and also bhakti. Yoga can also be called bhakti because to have yoga with the One means to remember Him. Those devotees also remember Him, worship Him and sing songs of Him. Performing that type of bhakti is not called yoga. For instance, Meera used to have yoga with Shri Krishna, she used to remember him, but that is called bhakti. She didn't have any *aim* or *objective* in her intellect. This is called knowledge and also bhakti. You have yoga, that is, you remember the One. In the golden age, there is neither bhakti nor knowledge. At the confluence age, there is both knowledge and bhakti and from the copper age, just bhakti has continued. To remember someone is called bhakti. Here, there is knowledge, yoga and also bhakti. You can understand that those people are just devotees and that they have yoga with the elements. However, their yoga is with many others and this is why they are called devotees. Yours is unadulterated yoga. The Ocean of Knowledge Himself sits here and teaches you. You have to have yoga with Him. Those people don't even know about the soul. We do know this. By connecting our intellect's yoga to the Supreme Father, the Supreme Soul, we will go to the Father. Those people remember Hanuman etc. and so they have a vision of them. Those people are called adulterated. This is unadulterated yoga. You simply have to remember the one Father. So knowledge, bhakti and disinterest, all three, are combined in this. There, everything of theirs is separate. Bhakti is separate, the knowledge they have is just of the scriptures and their disinterest is limited. Here, it is a matter of the unlimited. We know the unlimited Father and this is why we remember Him. Although those people remember Shiva, their sins are not absolved through that because they don't know His *occupation*. They don't even have the knowledge of sins being absolved. Here, your sins are absolved with remembrance of the Father. There, they sacrifice themselves at Kashi and their sins are thereby absolved. They have to experience the suffering of karma. However, it isn't that they gradually become karmateet like you. No,

their sins are finished by their experiencing punishment. They are not forgiven. So this is study, knowledge and also yoga, everything is included in this. It is only the one Father who teaches you everything. This is called an ashram and an *institution*. It looks very good in writing. The previous name, "Om Mandli," was *wrong*. You have now received the understanding that this name is absolutely good. You can explain to others that they too are Brahma Kumars. The Father is the Creator of all. First of all He has to create the subtle region. Brahma, Vishnu and Shankar are residents of the subtle region. A new world is created and so Prajapita Brahma is definitely needed. The one from the subtle region cannot come here. That one is the perfect Brahma. A corporeal Brahma is needed here. Where would he come from? People cannot understand these things. There are the images. Brahmins are created through Brahma, but where would Brahma come from? So *adoption* takes place. Just as a king who doesn't have a child would *adopt* a child, so the Father also *adopts* this one and then changes his name to Prajapita Brahma. The one up above cannot come down here. The one down below has to go up above. That one is avyakt and this one is vyakt. So this secret also has to be understood very clearly because everyone has this question. They say that you sometimes call Dada Brahma, sometimes God and sometimes Krishna. However, this one cannot be called God, but he can be called Brahma and Krishna because Krishna then becomes ugly. So when it is the night, he is called Brahma and when it is the day he is called Krishna. This is the final birth of the Krishna soul and the form of Shri Krishna is the first birth. This has to be written very *clearly*. The 84 births of Radha and Krishna or Lakshmi and Narayan have to be shown. Here, this one is *adopted*. So there is the day of Brahma and the night of Brahma which then becomes the day and night of Lakshmi and Narayan. The same thing happens to their dynasty. You now belong to the Brahmin clan and will then belong to the deity clan. So, it is also the day and night of the Brahma Kumars and Kumaris. These things have to be understood very well. It is also *clear* in the pictures (of the tree) that they are doing tapasya below and that it is their final birth. Where did Brahma come from? Through whom is he created? So, Brahma is *adopted*, just as a king *adopts* someone who is then called the prince. He is *transferred* to the position of: *Prince* of So-and-so. Previously, he wouldn't have been a *prince*. When the king *adopted* him, he received the title of *prince*. This custom and system has continued. This should enter the children's intellect. The world doesn't know how the Father carries out destruction of the old world and establishment of the new world. You children have this enlightenment. It is also numberwise amongst you. As you progress further, the little daughters will become very clever because they are kumaris. It is written that the arrows of knowledge were shot by the kumaris. The wonder of the kumaris is *number one*. Mama too was a kumari. She went ahead of everyone. It is said that a *daughter shows* (reveals) the *mother*. The *mother* would not sit and talk to anyone. This mother is incognito, that Mama is visible. It is the duty of you Shaktis, you children, to *show* the *mother*. There are many good daughters who make good effort. Amongst the Kaurava community too, there are some whose names are the main ones mentioned; they are the maharathis. Here too, there are the names of the maharathis. Shiv Baba is the greatest of all. God is the Highest on High. His place of residence is the highest. In fact, the place of residence of us souls is also the highest. People simply continue to sing praise but they don't know anything. We souls are also residents of that place. However, we have to go through birth and rebirth and play our *part*. He doesn't come into birth and death. He too has a *part*, but only you know what it is. You children now understand that this is the chariot of Shiv Baba. There is also the horse, but it isn't that horse and carriage. To forget this is also fixed in the *drama*. We have now become completely lost by forgetting for half the cycle. We have now received enlightenment and so we have become very cautious. We know that this old world is to end and that we have to become conquerors of attachment. Whilst living like a lotus at home with the family, we have to make effort to become destroyers of attachment. We have to fulfil our responsibility to everyone and also live with them. This bhatthi (furnace) had to be created, just as it was created in the previous cycle. You are now told to make effort whilst living at home with your family. Here, there is no question of leaving your home and family. We are sitting at home, are we not? There are so many children. Baba also had his lokik family. He didn't renounce anything. Sannyasis go away into the forests, whereas we are living in the cities. So, we have to fulfil our responsibility to everyone. The creation is the father's creation. The father earns and

gives an inheritance to his sons. First of all he gives an inheritance of the vice of lust. So, to liberate you from that and to make you viceless is the task of the Father. In some cases, children give knowledge to their parents and in other cases the father gives knowledge to his children. This is Raja Yoga and that is hatha yoga. The soul receives *knowledge* from the Supreme Soul. I, Brahma, was the king of kings and have now become a beggar. It is remembered that a beggar was made into a king. You children know that you belonged to the sun dynasty that you then became the shudra dynasty. It also has to be explained that heaven and hell are separate. People don't know this. Amongst you also, there are so many children who don't know anything because it is not in their fortune. So, what effort would they make? Some children don't have anything in their fortune and some children have everything in their fortune. Their fortune inspires them to make effort. If it is not in their fortune, what effort would they make? The *school* is the same one, and that continues. Some children fall off half way and some die whilst moving along. There is a lot of taking birth and dying. This *knowledge* is so *wonderful*. Knowledge is very easy, but all the effort lies in attaining your karmateet stage. Only when your sins are absolved can you fly. Knowledge is more elevated than going into trance. There are many obstacles created by Maya in trance, and this is why knowledge is better than trance. It isn't that knowledge is better than yoga. This is said about trance. Those who went into trance are no longer here. There is an income earned in yoga and your sins are absolved. There is no income in trance. There is an income in yoga and knowledge. You cannot become *healthy and wealthy* without knowledge and yoga. A habit of touring around in trance is created. That too is not good. Trance causes a lot of damage. Knowledge is of just a *second*. Yoga is not of a *second*. For as long as you live, you have to continue to have yoga. Knowledge is easy. However, it takes effort to become *ever-healthy* and free from disease. There are many obstacles created in waking up early in the morning and sitting in remembrance. You extract *points* but, in spite of that, your intellect goes from one place to another. The one who is *number one* would have the maximum storms. They cannot come to Shiv Baba. Baba always explains that many storms will come. The more you try to stay in remembrance, the more the storms will come. You mustn't be afraid of them. Just stay in remembrance. You have to remain stable. None of the storms should be able to shake you. This is the stage of the final time. This is a spiritual *race*. Continue to remember Shiv Baba. These things have to be understood and imbibed. If you don't donate wealth, you won't be able to imbibe. You should make effort. It is very *easy* to explain the *point* of the two fathers to anyone. Only you know that the Father gives you an inheritance of 21 births. You would say that that Lakshmi and Narayan received their inheritance of 21 births from the Father. The Father taught them Raja Yoga. No one else can say that God gave them their inheritance. In the world, some people are happy with one thing and others are happy with another thing. No one knows about the things that make you happy. People celebrate in happiness for a temporary period. You are the true decoration of the Brahmin clan who are yogi and gyani. No one else can know about your supersensuous joy and happiness. They continue to beat their heads for so many things. They also make effort to go to the moon. They make very *difficult* effort. All their efforts will go to waste. You are making effort to go to such a place where no one else can go without any effort. You go to the highest-on-high supreme abode. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Whilst living at home with your family, you also have to become a conqueror of attachment. You have to fulfil your responsibility to everyone and live like a lotus flower.
2. In order to imbibe, you definitely have to donate the wealth of knowledge. Accumulate your income with knowledge and yoga, but don't have any desires for going into trance and having visions.

**Blessing:** May you be a powerful soul and transform wasteful into powerful by considering yourself to be confluence-aged.

This confluence age is the powerful age. Therefore, always have the awareness that you are residents of the powerful age, that you are the children of the powerful Father and that you are powerful souls and then all waste will end. The iron age is the age of waste. Since you have stepped away from the iron age and have become residents of the confluence age, you have also stepped away from all waste. If you simply remember the present time, your actions will also automatically be according to the time. For half the cycle you had waste thoughts, you did wasteful things, whereas now, as the time and as the Father, so the children.

**Slogan:** Those who constantly follow the spiritual laws are the ones who become *master* lawmakers like Father Brahma.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, the more you stay in remembrance and become pure, the more blessings you will receive from the parlokik Mother and Father. By receiving blessings you will become constantly happy.

**Question:** What advice does the Father give all of you children and thereby saves you from performing wrong actions?

**Answer:** Baba advises you: Children, keep all the wealth and prosperity you have with you, but live as a *trustee*. You have been saying: Oh God, all of this is Yours. God gave you a son, He gave you wealth and now God says: Remove your intellect's yoga from all of that and remain a *trustee*. Follow shrimat and you won't perform any wrong actions. You will become elevated.

**Song:** Take blessings from the Mother and Father...

Om shanti. Shiv Baba explains to the teachers at the centres how they should teach the children who say that their mouth doesn't open or that they are unable to explain. It is very easy to explain using the pictures. When you explain to little children you have to use pictures, do you not? It shouldn't be that as soon as everyone comes and sits in *class*, you begin the murli, no. You have to sit and explain to them from deep within. You children heard the song. One is the parlokik Mother and Father whom you continue to remember: You are the Mother and Father. He is the Creator of the World. The Mother and Father definitely create heaven. In the golden age, children are residents of heaven. Mothers and fathers here are themselves residents of hell and so they would create children who are residents of hell. In the song, it says: Take blessings from the Mother and Father. You know that the mother and father of this time don't give blessings. This Mother and Father give you blessings which then last for half the cycle. Then, after half the cycle, you become cursed. They themselves become impure and also make their children impure. That would not be called blessings. By continually giving curses the people of Bharat have become cursed. There is so much sorrow. This is why they remember the Mother and Father. Now that Mother and Father is giving blessings. He is teaching you and making you pure from impure. Here, it is the devilish community, the kingdom of Ravan, whereas there, it is the deity community, the kingdom of Rama. The birth of Ravan takes place in Bharat. Shiv Baba, whom you call Rama, also takes birth in Bharat. When you go onto the path of sin, the kingdom of Ravan begins in Bharat. So, Rama, the Supreme Father, the Supreme Soul, comes and makes Bharat pure from impure. When Ravan comes, people become impure. It is sung: Rama went and Ravan went and their whole family went. The family of Rama is very small. All the other religions end; all of them are destroyed. Then only you deities remain. You, who have now become Brahmins, are the only ones who will be *transferred* to the golden age. So you are now receiving blessings from the Mother and Father. The Mother and Father are making you into the masters of heaven. There, there is nothing but happiness. At this time, there is sorrow in the iron age, and so all religions are unhappy. Now, after the iron age, the golden age has to come. There are so many people in the iron age. There will not be as many people in the golden age. However many Brahmins there are, there will be that many deities there. Their number will continue to increase till the end of the silver age. They say that, 3000 years before Christ, there was the golden age. There is *before Christ (BC)* and AD (after Christ – Anno Domini). In the golden age there is just the one religion and one kingdom. There will be few people there. There will be just Bharat and there won't be any other religions. There will be just the sun dynasty; there won't even be the moon dynasty. The sun dynasty can be called gods and goddesses because they are perfect. You children know that the Purifier is only the one Supreme Father, the Supreme Soul. (Pointing to the picture of the cycle). Look, the Father is sitting up above. He is carrying out establishment through Brahma. You are now studying. When it is the kingdom of those deities, there are no other religions. Then, after half the cycle expansion takes place. Souls continue to come down from up above. The clans continue to change and the number of human beings continues to increase. There will be 900,000 in the golden age, and then there will be a million and then they will continue to grow in number. In the golden age, Bharat was elevated and now it is corrupt. It isn't that those of all religions will become elevated. There are so many human beings. Here also, it takes so much effort to become elevated from corrupt. After gradually becoming elevated, they fall into vice and become corrupt. The Father says: I have come to make

you beautiful from ugly. You repeatedly fall down. The unlimited Father tells you everything in a straight-forward manner. He says: You become those who defame the name of the clan. You are dirtying your face. Will you not become beautiful? You were elevated for half the cycle and then your degrees continued to decrease. By the end of the iron age, the degrees have completely finished. In the golden age, there was just the one Bharat. Now, there are so many religions. The Father comes and once again establishes the elevated golden-aged world. You should also become elevated. Who comes and makes you elevated? The Father is the Lord of the Poor. This is not a question of money. You come to the unlimited Father to become elevated but nevertheless people ask: Why do you go there? They create so many obstacles. You know that there are many obstacles by the devils to this sacrificial fire of the knowledge of Rudra. Many innocent ones are beaten. Some women also cause a lot of trouble. They get married for vice. The Father now removes you from the pyre of lust and sits you on the pyre of knowledge. This is a *contract* for birth after birth. At this time, it is the kingdom of Ravan. The *Government* has so many celebrations. They burn Ravan and they go to watch those games. Where did this Ravan come from? It is 2500 years since Ravan came. Ravan has made everyone sit in the cottage of sorrow. Everyone is now totally unhappy. In the kingdom of Rama, everyone is totally happy. It is now the end of the iron age. Destruction is just ahead. If so many millions of people are going to die, then war will surely take place, will it not? Everyone will be crushed like mustard seeds. You can see how preparations are now taking place. The Father is establishing heaven. No one else can give this knowledge. Only the Father comes and gives you this knowledge and makes you pure from impure. It is only the one Father who grants you salvation. In the golden age, there is salvation. There is no need for gurus there. Through this *knowledge* you are now becoming trikaldarshi. In the golden age, Lakshmi and Narayan will not have this knowledge at all. So, how could this knowledge have continued from time immemorial? It is now the end of the iron age. The Father says: Remember Me! Remember the Father who carries out establishment of the kingdom of heaven and also remember the inheritance. You definitely do have to remain pure. That is the pure world and this is the impure world. Kans, Jarasaghi, Hirnakashapa do not exist in the pure world. They have taken the things of the iron age into the golden age. Shiv Baba has come at the end of the iron age. Today, Shiv Baba has come and tomorrow, Shri Krishna will come. So they have mixed up the *parts* of Shiv Baba and Shri Krishna. God Shiva speaks: The Shri Krishna's soul studies with Him and attains that status. They have then inserted Krishna's name in the Gita by mistake. This mistake will take place again. Only when people become corrupt can the Father come and make them elevated. Only those who are elevated take the full 84 births and then become corrupt. It is very easy to explain using this picture of the cycle. It is also shown in the picture of the tree: Down below, you are doing the tapasya of Raja Yoga and up above, there is the kingdom of Lakshmi and Narayan. You are now sitting beneath the trunk and the *foundation* is being laid. You know that the sun-dynasty clan will then go to Paradise. The kingdom of Rama is not called Paradise. Paradise is the kingdom of Krishna. Many people will now come to you. Your name will be glorified through the *exhibitions* etc. Seeing one another come, there will be a lot of expansion. The Father comes and explains all of these things. It is very easy to explain to anyone using these pictures. Only God comes and carries out establishment of the golden age. And, He comes into the impure world. He makes ugly ones beautiful. You are part of the dynasty and also the subjects of the kingdom of Krishna. The Father explains to you very well. Incorporeal Shiv Baba sits here and explains to you souls: Remember Me! This is the spiritual pilgrimage. O souls, remember your land of peace and the land of liberation and you will receive the inheritance of heaven. You are now sitting at the confluence age. The Father says: Remember Me and your inheritance and you will come to heaven. The more someone stays in remembrance and remains pure, the higher the status he will claim. You are receiving so many great blessings. May you be wealthy! May you have a son! May you have a long life! The life-span of deities is very long. They have visions that they now have to shed their body and become a child again. So, this should enter you. I, the soul, will shed this old body and go and reside in a womb. Your final thoughts will lead you to your destination. Instead of being old, why should I not become a child? When a soul is in a body he experiences difficulty. When a soul is separate from the body, he doesn't experience any difficulty at all.

As soon as a soul separates from his body, everything is over. We now have to return. Baba comes from the incorporeal world to take us back. This is the land of sorrow. We are now to go to the land of liberation. The Father says: I take everyone to the land of liberation. Those of all religions have to go to the land of liberation. They make effort to go to the land of liberation. The Father says: Remember Me and you will come to Me. Eat food in remembrance of Baba and you will receive strength. If you remain bodiless and walk down to Abu Road, you won't feel any tiredness. Baba used to make the children *practise* this in the early days. They used to think: I am a soul. They used to be very light and would walk down. They didn't have any tiredness at all. Without a body, you souls can reach Baba in a *second*. You shed a body here and in a *second*, you go and take another body in London. There is nothing as fast as a soul. So the Father now says: Children, I have come to take you back. Now remember Me, your Baba. You are now receiving unlimited blessings of the parlokik Father in a *practical* way. The Father is giving you children the most elevated of all directions. You can keep all the wealth and prosperity you have with you. Simply live as a *trustee*. You have been saying: O God, all of this is Yours. God gave a child. God has given this wealth and prosperity. Achcha. God then comes and says: Remove your intellect's yoga from all of that and live as a *trustee*. Follow shrimat and the Father will know whether you are performing any wrong actions. Only by following shrimat will you become elevated. By following devilish dictates, you have become corrupt. It has taken you half the cycle to become corrupt. From being 16 celestial degrees, you become 14 degrees and that takes *time*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Whilst walking and moving around, practise being bodiless. Eat food in remembrance of the one Father.
2. Take blessings from the Mother and Father. Remain a *trustee*. Don't perform any wrong actions.

**Blessing:** May you be a *master* bestower of fortune and become a *right hand* of the Father and always remain *ever-ready* for every task.

The children who become *right hands* and always co-operate in the Father's every task, those who are always *ever-ready* and obedient and always say, "Yes, Baba, I am ready to do this" are called by Baba such co-operative children, His constantly specially beloved children, worthy children, children who are the decoration of the world. He gives them the blessing of being a *master* bestower of blessings and a *master* bestower of fortune. Whilst living at home with their family, such children remain beyond the influence of the household. Whilst having worldly interaction, they also constantly pay attention to their alokik interaction.

**Slogan:** Let there be cleanliness and honesty in every word and action and you will become a jewel who is loved by God.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, it is now extreme darkness. The fearsome night is coming to an end and you have to go into the day. This is the story of the unlimited day and night of Brahma.

**Question:** What is the basis of attaining liberation-in-life in a *second* and a life as valuable as a diamond?

**Answer:** The true Gita which is the elevated versions spoken by God. The *directions* that the Father is personally giving you are the true Gita with which you attain the status of liberation-in-life in a *second* and you become as valuable as a diamond. Bharat has become worth a shell through that Gita because they have forgotten the Father and falsified it.

**Song:** Oh traveller of the night, do not become weary, the destination of dawn is not far...

Om shanti. You children did not compose this song. The *film* people had this song composed, but they don't understand the meaning of it. Because of not knowing the real meaning of everything, it all becomes meaningless. They sing it but they don't understand it. You children have now received shrimat. Whose? God's. Devotees don't know God and so how can those devotees attain salvation? God is the Protector of the devotees. People ask for protection, and so they definitely must be experiencing some sorrow. "Protect us!" They sing this a great deal, but they don't know at all who God is and who it is He protects them from. Because the devotees and the children don't know their Father they have become very unhappy. You children now understand the meaning of this. It is now the extremely dark fearsome night, the night of half the cycle. None of the scholars, teachers or pundits know what is called the night. In fact, even animals know that the night is for sleeping and the day is for remaining awake. Even birds go to sleep at night, and as soon as morning comes, they begin to fly. That night and day is *common*. This is the unlimited night and unlimited day of Brahma. The unlimited day is the golden and silver ages and the unlimited night is the copper and iron ages. It has to be half and half. The duration of the day is also 2500 years. No one knows about this day and night. You children now know that the night is coming to an end, that is, your 84 births are coming to an end, that is, the cycle of the *drama* is ending and the day is beginning. No one knows who changes the night into day and the day into night. They don't even know God, so how could they know these things. People worship but they don't know who it is they are worshipping. The Father sits here and explains to you: The first and foremost thing is of falsifying the Gita. They say: Shrimad Bhagawad Gita. The Husband of the Gita is God and not a human being. Brahma, Vishnu and Shankar are called deities and human beings of the golden age are called deities with divine virtues. The elevated beings of the deity religion are called deities. The people of Bharat were elevated. They then became those with devilish traits. There are four main religious scriptures. There are no other religious scriptures. Even if there are, they are those through which many small sects have been established such as the sects of sannyasis and Buddhists. Buddha established the Buddhist religion. He would say: Such-and-such is our religious scripture. The people of Bharat have one religious scripture. The golden-aged deities have one religious scripture and that is called the Shrimad Bhagawad Gita. The Gita-Mata (Mother Gita) and its Creator is the Supreme Father, the Supreme Soul. When the Krishna soul completes his 84 births, he then studies easy Raja Yoga and knowledge from the God of the Gita, the Ocean of Knowledge, the Supreme Father, the Supreme Soul, and claims a high status. They have falsified the highest-on-high religious scripture, due to which Bharat has become as worthless as a shell. The one mistake in the *drama* is that they have falsified the Gita. The true Gita that the Father is speaking should be published. The *Government* should have the true Gita printed. These are the elevated versions of God. The Father gives *directions* to the children. You should write them down very well in *short*. You know that you receive liberation-in-life in a *second* from the true Gita. You have to belong to the Father and claim your inheritance from Him. You have to understand the Seed, the tree and the cycle of the *drama*. It is sung: The beginning of the golden age is the truth; it is the truth and it will remain the truth. It is easy to know the tree. Its Seed is up above. This is the tree of the *variety* of religions. Everyone is included in it. There are many smaller branches and twigs. There are many sects and cults. Who established the original eternal deity religion of Bharat? God. It was not a human being who established it. Shri Krishna was a human being with divine virtues. He has completed his 84 births and is now in the final birth. As you go through the stages of the sun dynasty, the moon dynasty and then the merchant dynasty, your degrees continue to decrease. The sun-dynasty kingdom that was elevated in the

golden age has now become corrupt in the iron age. It is now once again becoming elevated. Your intellect is aware who has the highest-on-high *part*. You now know this. The main thing is: Salutations to Shiva. The praise that belongs to Him cannot be sung for Brahma, Vishnu or Shankar. Would you give the praise of the *President* to the *Prime Minister* or anyone else? No. They are separate *titles*. Not all can be the same. You children have now received an intellect. You know that Christ too received his *part* to establish the Christian religion. A soul is just a point. That soul has that *part* recorded in him. He has to establish the Christian religion. Then, by taking rebirth and sustaining it, he goes through the stages of sato, rajo and tamo. At the end, the whole tree has to reach a state of total decay. You know how much of a *part* each one has received and for how long Buddha has to carry out sustenance. They continue to take rebirth with a different name and form. Baba is now making your intellect so broad and unlimited. However, some are not even able to remember Shiv Baba. The unlimited Father is giving you the inheritance of unlimited heaven. You are not even able to explain this. Baba has explained this to you many times that souls have their imperishable *part* fixed in them. They leave one body and take another. These are such deep matters to be understood. Only those who study at *school* every day would understand. Some become tired whilst moving along. You sing: You are the Mother and Father and we are Your children. The Father says: I am inspiring you to make effort to give you the limitless happiness of heaven. You mustn't become tired. You stop studying such an elevated study. Some stop studying and then even go into vice. They become what they were before they came here. Whilst moving along, they fall. What else could happen? Although they may be happy there, there would be a difference in their status. Here, all are unhappy. There, the kings and the subjects all have happiness. However, you should still claim a high status. If you stop studying, the Mother and Father will say: You are not worthy. Some children become tired whilst receiving their inheritance of heaven from the Father. Maya attacks them as they move along and so they turn back. Whatever they had accumulated is then lost. So, what would they become? They would go to heaven, but they would become completely ordinary subjects. The Father says: If you belong to Me, and then sit down having become tired, or if you become a *traitor*, you will become a cremator of the subjects. All types are needed. If whilst becoming the masters of heaven, they stop studying, then there is no greater fool in the world than they. Some write: You are the Mother and Father and I am Your child and with Your grace I receive a lot of happiness of heaven. Have mercy! The Father says: There is no question of mercy. I am the *Teacher* and so I would teach you. Make effort to *pass* with good *marks*. I would not sit and give blessings to everyone. Stay in yoga and you will receive strength. Not everyone will sit on the throne. Would you sit on one another's head? So, there are four main religions and four scriptures. Amongst them, the Gita is the main one. All the rest are its children. Only from the Mother and Father do you receive the inheritance. The Father is now personally explaining to you. One cannot become a king of kings simply by studying the Gita. Baba also studied the Gita. However, nothing happened through that. All of those are the scriptures of the path of devotion. You have to make effort and become sixteen celestial degrees full. You now don't have any degrees or virtues. You even sing: I am without virtue, I don't have any virtues. Have mercy on me! Make me sixteen celestial degrees full again. Make me what I was again. You now know that the Father comes and personally explains to you. They have also formed an organisation called "Nirgun" (Without Virtues). People don't even know the meaning of Nirgun and Nirakaar (without form). Shiva too has a form. Anything that has a name definitely does exist. The soul is so subtle, but it still has a name. The brahm element, where souls reside, is also a place with a name. Nothing without a name or form can exist. They say that God is beyond name and form. They then say that He is omnipresent. This is such a big mistake. Only when people understand these things can they have that faith. Baba, I now know You. I have been claiming my fortune of the kingdom from You every cycle. Only when you have such faith can you study. As soon as you leave here, you forget. This is why you should first of all make them write: Truly, Shiv Baba has come to teach us Raja Yoga. They put this in writing and then they don't study. Some even wrote this in blood, but are no longer here today. Maya is so clever. The Father sits here and explains to you so much. Service will take place at a fast speed when such letters are sent. It is numberwise amongst your Shakti Army too. Someone is the *Chief Minister*, someone is a *Captain* and someone is a

*Major.* There are also some who carry the burden along with the soldiers. There is the whole army. Baba inspires you to make effort. It can be understood from each one's efforts whether he will become a king or queen, a good wealthy subject or an ordinary subject, a maid or servant. This is very easy to understand. So, the first and main thing should be taken up. Baba challenges the maharathis so much. Therefore, you should have thoughts for doing fast service. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Don't become tired of studying. Definitely study and teach every day the most elevated study of all.
2. Create methods to do fast *service*. Stay in yoga and take power from the Father. Don't ask for mercy or blessings.

**Blessing:** May you be an image that has received blessings of experiencing the Incorporeal, the subtle and the corporeal through the lesson of One.

Simply make the lesson of One firm and please the Bestower of Blessings and then from amrit vela until night time, you will continue to with every act of the day's timetable whilst being sustained, moving along and flying with blessings. That lesson of One is: One faith and one Support, the direction of One (ek mat), a constant and stable stage (ek ras), unity (ekta) and one who has love for solitude (ekantpriya). The Father loves this word "ek" (one). Those who make the lesson of One firm don't experience anything to be difficult. Such blessed souls receive special blessings and this is why they experience the Incorporeal and the subtle in the corporeal form.

**Slogan:** Instead of creating your stage by stepping away from everyone, become a support for everyone.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, from being worshippers you are now becoming worthy of worship. From paupers you are becoming princes. Therefore, you should be dancing and jumping with happiness. You should never cry.

**Question:** In order to make Bharat wealthy, in what aspect does the Father make you equal to Himself by showering the imperishable jewels of knowledge on you?

**Answer:** Baba says: Just as I am Rup Basant, so I also make you rup basant. Imbibe the imperishable jewels of knowledge you have received and donate them through your lips. It is by making this great donation that Bharat will become wealthy. Just as you are claiming your inheritance from the Father, in the same way enable others to receive it. It is your duty to show the path to everyone and become those who bestow happiness.

**Song:** On the path of justice....

Om shanti. This song applies to the Congress Party and it also applies to you children, because they also endured difficulties and liberated Bharat from the Christians. Therefore, this song was composed in that happiness. They continue to celebrate in happiness, but no matter what they have accomplished, the old world has not changed. The world is as old as it was before. You children know that we are changing this world by following shrimat. That cannot be called shrimat. Shrimat only comes from the one God. You are now following the Father's most elevated shrimat, but those people have put Shri Krishna's name. You children now know that these are Shri Shiv Baba's directions. It does not seem right to call Krishna "Baba". These directions are from Shri Shiv Baba. They cannot be called the directions of "Shri Krishna Baba". You are making this Bharat pure again. The land of Bharat is important because it is the *birthplace* of the unlimited Father. This is the *birthplace* of the Father of all human beings of the whole world, the One who is the Bestower of Salvation for All. This is called the highest and most elevated pilgrimage place of all. There is no other pilgrimage place as elevated as this one. However, they have changed the name in the Gita. The residents of Bharat themselves don't know that Bharat is the *birthplace* of the unlimited Father. Although they celebrate Shiv Ratri, they don't know who Shiva is, when He came or what His name and form are. You have now come to know this. You show a white *star* in the picture of the Shivalingam, so that people can *clearly* understand what the form of the Supreme Soul is. However, because they do not know how they can worship Him, they have created a large form. In fact, He is a *star*. Baba was a jeweler. Baba knows that there are gems called "Star Ruby", "Fine Star Ruby", sapphires etc. That is the *most valuable* one. It appeared in the newspaper that the largest *star* of all was stolen from a particular treasure. So this Shivalingam is red with a white *star* in the centre, a *starlight*. It is very easy to explain this. A *star* is white. Souls seen in divine visions also appear to be white. It is the same thing, but you just need to put a *star*. You don't need to write anything else. It will be very easy to explain. In any case, there is an explanation at the bottom. The kingdom of heaven is your birthright because it is given by our *Heavenly God the Father*. Therefore, you should put a *starlight*. Baba is now giving you *directions*, so you must do the work quickly. There are some gems in which a *first-class star* can be seen. They have great *value* here, whereas in the golden age, these pictures will have no value. Jewels there are considered to be stones; they are fixed onto the palace walls. This world is now changing. You children know that you are now studying in order to claim your inheritance of becoming the masters of heaven from the Father. The more you study, the more elevated a status you will claim. You have to study and also teach others, that is, you have to make others like yourself. Only then will you be able to claim a high status. You children know that you are Brahmins, and that you have to teach others this true pilgrimage. You have to give everyone the Father's introduction. No human being knows the Father. There is only one Father. Everyone else has received their own individual *parts*. The *part* of one soul cannot be the same as another's. Souls are imperishable and there cannot be any difference in their form. Everyone's body is different and there is a difference in the *part* of every soul. Each soul, which is like a *starlight*, is filled with an imperishable *part*. It is an *imperishable part*. Only you understand these aspects, numberwise, according to your efforts. As for the soul, it has been praised as being a unique star sparkling in the centre of the forehead. It is such a tiny *star* and it is filled with a *part* of 84 births. When people hear these things, they will give you many

thanks and say: It is truly the Supreme Soul who is teaching them. You have to teach everyone. Although Christians only know English, you can speak in Hindi and an *interpreter* can *translate* it into *English* simultaneously. They will have their own *interpreters*. You have to give the Father's introduction. Just as the Father is the Bestower of Happiness and the Remover of Sorrow, so you children also have to become the same. You have to show the path to each and every one. It is the duty of you children to make others happy. Since you yourselves are claiming such a huge inheritance from the Father you also have to enable others to claim it. This is the greatest donation. Each *version* is worth hundreds of thousands of rupees. If the *versions* in the scriptures are worth hundreds and thousands of rupees, why is Bharat so poverty-stricken? Therefore, you children have to explain to others and give the Father's introduction as the Supreme Soul. He is Rup as well as Basant (The Embodiment of Yoga and the One who Showers Knowledge), but how can He shower these imperishable jewels of knowledge? He definitely needs a body. Therefore, the Father comes and makes you children, that is, you souls, rup basant. You have to imbibe these imperishable jewels of knowledge. Donate them through your lips. No one can place a value on such jewels. There is a story about this as well. So, you should imbibe this. People pray to Shiv Baba and say: Innocent Lord, fill everyone's apron with jewels. You have to fill your apron with these imperishable jewels of knowledge. Then, when you are there, the walls of your palaces will be embedded with diamonds and jewels. Therefore, you have to explain this to each and every one. The land of nirvana, that is, the land of liberation, is the place where the Father resides. For Buddha etc. they say they went beyond or to nirvana. That is everyone's *home*. That is the Father's *home* too. The Father has now come to take everyone back home. He is giving you limitless wealth. So if you don't give the Father's introduction, who would? The Father says: When someone says: "I am a Christian", or "I am such-and-such", all of those are bodily religions. You have to renounce all of those and remember Me, your Father, the One whom you have been remembering on the path of devotion. It is said: Your final thoughts will lead you to your destination. It is mentioned in the Granth too that if you remember your wife at the end, that will be your destination. Now, you cannot become a cock or something like that, but everyone does take rebirth. Here, the Father says: Become soul conscious and remember Me. You have forgotten your Father and your home. The play is now about to end and it will then have to *repeat*. Those of Islam, Buddhists and Christians have all been *repeating* their *parts*. This *drama* has *repeated* innumerable times. There is no beginning or end to it. There is a beginning and an end to the *drama* but it continues to *repeat automatically*. Those who have understood these aspects should tell others to come and know the Father. Because of not knowing the Father, they have become *orphans*. Now, imagine, if the *Pope* says "Do not fight" would they accept that? The *Pope* is the head of the Christians. He is their guru. So why do they not follow their guru's directions? Those people are not likely to accept anything said by anyone. The Father comes and gives directions, and so you have to explain this to others. Gradually, people of all religions will come to understand this. At first, there were just a few of you Sindhis, and now many have started to come. You should even give the Father's introduction to the Christians so that they too can claim a right to the Father's inheritance. You must not tire of doing this. These exhibitions must continue with full force. There is a great responsibility for *service* on the *serviceable* children. They are the ones who will be seated in the heart-throne and then be seated on a physical throne. You have to become great donors and remember the Father. People *insure* themselves for their next birth; they donate in the name of God or in the name of Krishna. In fact, Krishna was already wealthy; he had already received the donation; he had claimed his inheritance from the Father. Since he became the *Prince* of Heaven, he must have claimed his inheritance from the One who created heaven. Nevertheless, how he claimed it does not enter anyone's intellect. It is the Father who gave Krishna his inheritance. The inheritance is also known as the donation. People donate their daughter (when she marries). The Father says: I have now come to give you the donation of the imperishable jewels of knowledge, and so arrangements have to be made for this. Even if it does incur expenditure, there is no harm in that. Children have seen visions with Me here. Abraham, Buddha and Christ etc., all of those important souls, come at the end. Surely, they will hear this knowledge; only then could they claim their status. You children should become happy. The Christians have a lot of *connection* with Bharat. They took

this kingdom and they are also giving the *return* of that. They have to take great care of Bharat, because if Bharat were to be attacked, all the money invested by them would be lost. They have given a lot of money to Bharat and so all of their income from that would be lost. This is why they try to save Bharat in every possible way. They definitely need help but they also want a *return*. Therefore, they have to look after Bharat. Baba knows that Bharat is poor and therefore He inspires them to help from abroad and also comes here to help. They are helping now and the Father gives help for the future. So, a very good marquee should be erected and all the Christians should be invited. There are very good pictures which contain the whole *knowledge*. Day by day, the lock on the intellect will continue to open. You know that such a huge *part* is recorded in such a tiny soul! Scientists too will be *wonder*-struck by these things. Scientists understand that someone is inspiring them. Destruction will definitely take place. This is fixed in the *drama*. Destruction has nothing to do with Shankar; they have just used his name. *Natural calamities* will also take place. They will be very happy when they hear these things. They will give you many *thanks*. Many *foreigners* will come. They will come to you whilst you sit at home, and so you must definitely donate to them. At this time Baba sees all of them as poverty-stricken *orphans*. People of the whole world have become orphans because they do not have the introduction of the *Mother* and *Father*. You children are becoming the masters of the world, and so you should have intoxication of *service*. Send them telegrams that say: Come and learn how the Father has come to take all souls back home. The soul becomes happy that truly the play is now coming to an end, that Baba has come to take us back and that we will then go to the land of happiness. For half the cycle, as worshippers, we remembered the Father. We now have to become worthy of worship again. Therefore, you should be dancing and jumping with happiness. By not having happiness you continue to weep. Those who weep, lose. Yes, if you shed tears of love whilst in remembrance of the Father who gives you happiness, they (the tears) become beads of the garland. By following the Father's *shrimat*, you will become elevated. This father also tells you to follow Shiv Baba's directions at every step. *Shrimat* is the most elevated of all directions. This is a very elevated study. When people go on pilgrimages, they have to face many difficulties. Previously, they used to go on foot. The *Government* has now made it easy for them. Therefore, the Father says: Follow *shrimat* at every step. If you climb carefully, you will taste the nectar of heaven, but if you fall, you are totally crushed. You should take advice at every step. Write a letter to Shiv Baba, *c/o* Brahma and the Brahma Kumaris, and then you will remember Shiv Baba. However, many children forget to write this. One day, the lock on everyone's intellect will definitely open. Children should have a great deal of interest in *service*. You have to do a lot of *service*. This too is fixed in the *drama*. All the expenses will automatically be met. Everything will happen suddenly. The Father says: It is difficult for you to find even 3 feet of land. Nevertheless, you still made Bharat into heaven a cycle ago. Achcha, a great deal has been explained to you, but it also has to be imbibed. When you eat very rich food, it is difficult to digest it. Although many come to the exhibitions, none of them have the faith that the Father is the One who teaches you people Raja Yoga. First of all, inspire them to have this faith. You can explain that you are the Prajapita Brahma Kumars and Kumaris, and that only the Supreme Father, the Supreme Soul, is the Creator. The inheritance can only be received from the Father. Until you become a child of the Father, you cannot receive your inheritance. The Father is the One who gives the fruit to the devotees. There are so many Brahma Kumars and Brahma Kumaris. Prajapita Brahma is also called a *creator*. Creation of the new world is now taking place. God speaks: I teach you Raja Yoga. Achcha.

To the sweetest, *lucky* stars, love, remembrance and good morning from the Sun and the Moon of Knowledge. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to sit on the Father's heart-throne, take responsibility for *service*. You definitely have to become great donors. There is no harm if some expense is incurred in donating knowledge.

2. This is a very steep ascent and you must therefore be very cautious. Continue to take shrimat at every step.

**Blessing:** May you constantly be personally in front of and close and like a sunflower, sparkle with the light of the Sun of Knowledge.

Just as a sunflower is always surrounded by the light of the sun and is always facing the sun, and its petals are always in a circle like the rays of the sun. In the same way, children who constantly remain close and in front of the Sun of Knowledge, who never become distant always sparkle with the light of the Sun of Knowledge, just like a sun flower and also make others sparkle.

**Slogan:** By remaining constantly courageous and also encouraging others to be courageous, you will constantly receive God's help.

**\*\*\* OM SHANTI \*\*\***

**Essence:** Sweet children, instead of allowing your intellect to wander here and there, remember the Father in the home. Take your intellect far, far away. This is called the pilgrimage of remembrance.

**Question:** What are the signs of the children who remember the Father with a true heart?

**Answer:** 1. The children who remember the Father with a true heart can never perform any sinful actions. They never perform any actions that would defame the Father. They have very good *manners*.

2. They stay in remembrance even when eating meals. They awaken from their sleep naturally, at the right time. They are very tolerant and very sweet. They never hide anything from the Father.

**Song:** Our pilgrimage is unique...

Om shanti. The Father sits here and explains to you children. Some understand the incorporeal Father, some understand the corporeal father and some understand the mother and Father. This mother and Father explain and even then the mother is separate and the Father is separate. If the Incorporeal is explaining, the Incorporeal is separate from the corporeal. However, it is the Father who is explaining this. Only you children know that there are physical pilgrimage places and the spiritual pilgrimage place. Those physical pilgrimages last for half the cycle. If you say that they have been continuing for birth after birth, it would then be understood that they have been continuing from the beginning and that they are eternal. It is not like that. This is why it is said that they have continued for half the cycle. The Father has now come and explained to you the secrets of those pilgrimages. "Manmanabhav" means the spiritual pilgrimage. He definitely explains to souls, and the One who is explaining is the Supreme Father. No one else can explain it. Each one goes to the pilgrimage place of their religious founder. This is also the custom and system of half the cycle. They go to all the pilgrimage places, but these places cannot grant anyone salvation. They themselves repeatedly go on pilgrimages. They go on pilgrimage to Amarnath and to Badrinath every year and then they also go to the four pilgrimage places. Now, only you know about this spiritual pilgrimage. The spiritual *Supreme* Father has explained: Manmanabhav. Renounce all the physical pilgrimages and remember Me and you will go to the true heaven. A pilgrimage means coming and going. That only happens at this time. There are no pilgrimages in the golden age. You will go and sit in the ashram of heaven for all time. Here, they just give that name to a place. In fact, there is no swarg-ashram (heavenly ashram) here. The golden age is called the swarg-ashram. Hell cannot be given this name. The residents of hell reside in hell and the residents of heaven reside in heaven. Here, people go to physical ashrams and then come back. The unlimited Father explains all of this. In fact, there is only one truly unlimited Guru. The unlimited Father is also only the One. Although they speak of Guru Aga Khan, he is not really a guru. He is not a bestower of salvation. If he were a bestower of salvation, he himself would be able to go into liberation and salvation. He cannot be called a guru. They have simply given him that name. Sikhs say: Satguru Akal (The Immortal One). In fact, only the one Supreme Soul is Sat Shri Akal who is also called the Satguru. He alone is the One who grants salvation. Those of Islam, the Buddhists and Brahma etc. cannot do this, even though they speak of Guru Brahma, Guru Vishnu. Although Brahma can be called a guru, there cannot be Guru Vishnu or Guru Shankar. There definitely is the name Guru Brahma. However, there must also be the Guru of Guru Brahma. Sat Shri Akal has no guru. He is the only Satguru. There are no gurus or *philosophers* etc. who give *spiritual knowledge* except the One. Buddha etc. brings everyone else down with him. He has to go through the stages of rajo and tamo. He doesn't come to grant salvation. The name "Bestower of Salvation" is only known for the One but then He has also been called omnipresent. In that case, what is the need to adopt a guru? I am a guru, you are a guru, I am Shiva, and you are Shiva...No one would be satisfied with this. However, yes, because they are pure, they are given regard, but they cannot grant salvation. It is only the One who is called the true Guru. There are many types of guru. Even a master who teaches you is called a guru. This one is also a Master. He teaches you how to battle with Maya. You children have the *knowledge* of being trikaldarshi with which you become rulers of the globe. Only those who know the world cycle become kings who are rulers of the globe. To know the

cycle of the *drama* and to know the beginning, middle and end of the kalpa tree is the same thing. The symbol of the cycle has been mentioned in many scriptures. The books of *philosophy* are separate. There are many types of books. Here, you don't need any books. You have to understand that which the Father is teaching you. All the children have a right to the Father's *property*. However, not everyone would have the same *property* in heaven. The kingdom belongs to those who belong to the Father. When you say Baba and listen to even a little knowledge, you claim a right, but it is numberwise. There is a lot of difference between the Emperor of the World and the subjects and maids and servants. A whole kingdom is being established. By belonging to the Father, you definitely receive the inheritance of heaven. You receive an inheritance from the Father. Because these things are new, people don't understand. The Father explains that there are no vices in the golden age. Maya herself doesn't exist there, so where could the vices come from? The kingdom of Maya begins in the copper age. These are the five chains of Ravan. They don't exist there. You don't have to go into a lot of *discussion*. That is the totally viceless world. However, whatever the customs and systems are of giving birth to children, the coronation ceremonies and building palaces etc, they will definitely be good, because that is heaven. The Father explains: Children, you constantly have to connect your intellect's yoga to this spiritual pilgrimage. This is very easy. People wake up early on the path of devotion. So even on the path of knowledge, you have to wake up early and remember the Father. You mustn't study any other books etc. The Father says: Remember Me alone because the death of everyone, young and old, is now just ahead. When a person is dying, other people say to that person: Remember God. If you don't remember God in your final moments, you won't be able to go to heaven! So, the Father also says: Manmanabhav. You mustn't even remember this body. I, the soul, am an *actor*, a child of Shiv Baba. You have to stay in remembrance constantly. Generally, you wouldn't tell little children to remember God. Here, you have to tell everyone because everyone has to go to the Father. You have to connect your intellect's yoga to with the Father. You mustn't fight or quarrel with anyone. That is very damaging. When someone says something, just ignore it as though you haven't heard it. You shouldn't create any opposition that begins a fight. You have to be tolerant in every situation and you also have to understand that the Father is the Father and also Dharamraj. If anything happens, simply *report* it to the Father. Then, that would reach Dharamraj anyway, and that person would be subject to punishment. The Father says: I give happiness. It is Dharamraj who gives sorrow, that is, punishment. I don't have a right to give punishment. You tell Me and then Dharamraj will give the punishment. By telling Baba about it you will become light because He (Dharamraj) is still the *right hand*. Those who defame the Satguru cannot reach their destination. Only Dharamraj would pass the *judgment* as to who is to be blamed. Nothing can remain hidden from Him. It would be said that a mistake was made according to the *drama*, but it would also have been made in the previous cycle. However, this doesn't mean that you can continue to make mistakes. In that case, how would you become free from making mistakes? If you make a mistake you have to ask for forgiveness. In Bengal, if someone accidentally touches someone's foot, he instantly asks for forgiveness. Here, people continue to insult one another. One should have very good *manners*. The Father teaches a lot, but when someone doesn't understand, it is understood that his *register* is bad. If someone continues to be an instrument to cause defamation, his status is destroyed. There is the burden of sin for birth after birth anyway. Punishment has to be experienced for that. Then, if someone stays here and performs sinful actions, there would be a hundred-fold punishment received for that. Punishment has to be experienced. Baba explains about sacrificing oneself at Kashi. That is of the path of devotion. This refers to the path of knowledge. Firstly, there are the sins of the past, and secondly, whatever wrong you do at this time, you accumulate a hundred-fold punishment for that. Very severe punishment would have to be experienced. The Father explains about everything. Don't commit any sin. Become a destroyer of attachment. It takes so much effort. You mustn't remember this Mama and Baba. You won't accumulate anything by remembering them. Shiv Baba enters this one and so you have to remember Shiv Baba. It isn't that because Shiv Baba comes in this one, you have to remember this one. No, you have to remember Shiv Baba up there. You have to remember Shiv Baba and your *sweet home*. Keep this in your intellect like a genie: Shiv Baba resides up there. Shiv Baba comes here and speaks to us, but we have to remember Him

up there, not down here. Your intellect should go far away, not remain here. Shiv Baba will go away anyway. Shiv Baba only enters this one. You cannot see Him in Mama. You know that this is Baba's chariot, but you mustn't see his face. Let your intellect dangle up there. You won't enjoy yourself as much by keeping your intellect down here. This is not the pilgrimage. The limit of your pilgrimage is up there. It isn't that you continue to look at Baba because Shiv Baba is in him. In that case, your habit of going up above would be broken. The Father says: Remember Me up there. Connect your intellect's yoga there. Some buddhus think that they should just sit here and continue to look at Baba. Oh, but you have to connect your intellect to the *sweet home*. Shiv Baba cannot be constantly sitting in the chariot. He simply comes here and does *service*. He takes His chariot, does *service* and then comes out of the chariot. One cannot always be riding a bull. So, your intellect should remain there. Baba comes, speaks the murli and then leaves. This one's intellect also remains up there. You should follow the right path. Otherwise, you will repeatedly fall off-track. That One is here for only a short time. If Shiv Baba were not in him, why would you remember this one? Even this one can speak the murli. Sometimes He is in this one and sometimes He is not. Sometimes, He takes a *rest*. You have to remember Him there. Sometimes Baba has the thought: According to the *drama*, I will go and speak the same murli that I spoke on this day in the previous cycle. You can also say that you will claim as much inheritance from the Father as you did in the previous cycle. You definitely have to mention the name of Shiv Baba. However, no one would know how to say this. You should definitely remember the Father. You just have to give the Father's introduction. It isn't that you just have to sit and look at this one. Baba has explained: Remember Shiv Baba. Otherwise sins will be committed. You constantly have to remember the Father. Otherwise, your sins will not be absolved. The destination is very high. This is not like going to your aunty's home. It shouldn't be that when you begin to take your meal, you remember Baba, and then that's it! That you begin to eat just like that! No, you have to remember Him the whole time you are eating. This requires effort. You cannot receive a high status just like that. This is why you can see that, out of millions only eight jewels *pass*. The destination is very high. You have to become a master of the world; this would not be in anyone's intellect. It wasn't even in this one's intellect. Just think about it: who would receive 84 births? Definitely those who come first are Lakshmi and Narayan. All of these are things that you have to churn. The Father explains: Let your hands do the work whilst your heart stays in remembrance. You may continue to do your business etc. but you constantly have to continue to remember the Father. This is the pilgrimage. You don't have to go on those pilgrimages and then come back. Many people go on pilgrimages, but now, it is very dirty even there. There should never be a brothel at a pilgrimage place. Now, there is so much corruption. There is not one master there. They quickly begin to insult one another. Today, someone may be a *Chief Minister* and tomorrow they would throw him out. They become slaves to Maya. They accumulate money and build palaces etc. They even steal for money. You are now making preparations to go to heaven. You should only remember that. You also have to imbibe everything. You should write down the murli and then *revise* it. You have a lot of time available. At night, you have a lot of time. Stay awake at night and that habit will be instilled. The eyes of those who truly remember Baba will open naturally. Baba tells you his own experience of how he awakens naturally at night. Nowadays, people make so much extra effort to fall asleep. Yes, of course the body gets tired by doing a lot of physical work. Look how old Baba's chariot is. Just think about it: Baba comes into the impure world and makes so much effort. He used to make so much effort on the path of bhakti and even now, He makes so much effort. The body is impure and the world is also impure. Baba says: I have a lot of rest for half the cycle. I don't have to think about anything. I have to think a lot on the path of devotion. This is why the Father is remembered as the Merciful One and the *Ocean of Knowledge*. There is just one ocean and it is then divided up. That same Father is teaching us. No one else can teach us. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Don't oppose anyone. If someone says anything, just ignore it as though you haven't heard anything. You have to become tolerant. You mustn't have the Satguru defamed.
2. You mustn't allow your *register* to be spoiled. If you make a mistake, tell the Father about it and ask for forgiveness. Instil the habit of remembering Him up there.

**Blessing:** May you be a *master* bestower of happiness and give the experience of constant happiness to souls who come into contact with you.

You are *master* bestowers of happiness, children of the Bestower of Happiness. Therefore, continue to accumulate in your account of happiness. Don't just *check* whether you gave sorrow to anyone throughout the day or not, but, *check* how many people you gave happiness to. Any person who comes into contact with you *master* bestowers of happiness should experience happiness at every step. This is called divinity or spirituality. Let there be the awareness that you have to accumulate for 21 births in this one birth.

**Slogan:** Make the one Father your world and you will continue to have imperishable attainments.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, you have found a very unique Master. Follow His shrimat and you will become *double*-crowned deities.

**Question:** What is the easy method for you not to become tired of the study?

**Answer:** Let your stage remain in equanimity in praise and defamation, regard and disregard that happens in the study. Consider all of that to be a game and you will never become tired. Krishna has been defamed the most. People have accused him of so many things and yet they also worship such a Krishna. Therefore, receiving insults is not a new thing, so, never become tired of the study. Continue to study for as long as the Father teaches you.

**Song:** Oh Dweller of the Forest, Your name is the support of my life...

Om shanti. Who said this? Who spoke and to whom? Only you children, who are called gopes and gopis, know this. So, they remembered their Father, Gopi Vallabh. No one, apart from the Supreme Father, the Supreme Soul, can be such a Father. So, they remember those who have come and gone. They are later praised. For example, Christ came, but, having established the Christian religion he didn't go away anywhere. He definitely had to sustain it; he had to take rebirth. However, every year people celebrate the birthday of those who leave having established their religion. They are remembered on the path of devotion. In the same way, people celebrate the festival of Dashera nowadays. It is celebrated, so it must definitely be something auspicious. When someone leaves having done something good, his festival is celebrated. Even the festival of Deepmala is celebrated. The birthday of Krishna is also celebrated. They celebrate a festival of those who have come and gone. The people of Bharat don't know why the festival of rakhi etc. are celebrated. What happened? They know that Christ and Buddha came to establish their religions. At this time, all are the devilish community whereas you are the Godly community. The Father, Rama, has now come and is making you divine and elevated. Or, it can be said that the Supreme Father has come and is having heaven inaugurated, that is, He is laying the *foundation* for it. It can also be called the *opening ceremony*. The elevated emperors and empresses who existed in Bharat have now gone. The golden-aged deities were *double* crowned. They had the crown of purity and also a crown studded with jewels. Vicious kings only have the crown studded with jewels. Those with a *single* crown worship those with a *double* crown. However, no one knows when they came and went or how they received their kingdom. Lakshmi and Narayan were such elevated *double*-crowned deities. The Father sits here and explains who made them so elevated. People celebrate Dashera. You know that something must have happened that caused people to celebrate Dashera and burn an effigy of Ravan. However, he is not something that will get burnt. His kingdom is now coming to an end. Until the kingdom of Rama is established, the corrupt kingdom has to continue. People continue to celebrate the *ceremony* of when the kingdom of Ravan ended and the kingdom of Rama was established. They burn an effigy of Ravan which proves that this truly is the corrupt devilish kingdom. There are also *grades* of corruption. Corruption begins in the copper age. At first there are two degrees of corruption, then 4 degrees, then 8 degrees, then 10 degrees and whilst gradually increasing, it has now become 16 degrees of corruption. Now, to change those who are 16 degrees corrupt to 16 degrees elevated is the task of the one Father alone. The Father explains: At this time, it is the kingdom of Ravan. There used to be the elevated kingdom of Rama. That has now become corrupt. The elevated Bharat is called heaven. That same kingdom has now become corrupt. The Father says: I have now come to make the corrupt kingdom into the elevated kingdom. There are the Yadava and Kaurava clans. There are innumerable religions in the Yadava clan. Those who belonged to the elevated deity religion have become corrupt in their religion and their actions. The Father now teaches them how to perform elevated actions. They have been celebrating festivals on the path of devotion. Definitely God came. It is a matter of 5000 years. The Father came and made the corrupt beings elevated. It is the Father's task alone to make the whole world elevated. Then He sends you down from above to sustain it: Go and sustain the deity religion that you established. It isn't that anyone says this; this happens *automatically* according to the *drama*. When you become elevated, even the world will become satopradhan and elevated. Now even the five elements are tamopradhan. There is so much upheaval and people are so unhappy. Damage costing millions is caused. In the golden age, there won't be any of these

calamities. Calamities take place in hell. Even the calamities are at first only 2 degrees whereas now they have become 16 degrees. All of these things have to be explained in *detail*. They are very easy, but people are unable to understand them or explain to others. So, this burning of Ravan began in the copper age. You cannot say that it started 5000 years ago. When the path of devotion begins, all of these calamities also begin. You now know how the kingdom of Ravan is destroyed and how the kingdom of Rama is established. People don't know what Ravan is. The Father says: There wasn't anything such as Lanka. There is no Lanka in the golden age. There are very few people there. They live by the banks of the River Jamuna. In Ajmer, they show a *model* of Paradise, but they don't understand it. It doesn't take long to build golden palaces there. They use the *machinery* to quickly melt the gold and makes *tiles* etc. You children know that this *science* through which destruction takes place will be useful to you later on. Now they make *aeroplanes* etc. for great happiness, but they will also carry out destruction through them. So, these *aeroplanes* are for sorrow as well as happiness. That is temporary happiness. All of these things have been invented in the last 100 years. So, all of this has happened in the last 100 years. So, just think, when destruction takes place, all of these things will be created in such a short time in the new world. There, the golden palaces are built very quickly. In Bharat, so many palaces are studded with gold and silver. They have big royal courts there. Royal people would meet there. That would not be called the Pandava gathering. That would be called the gathering of the kingdom of Lakshmi and Narayan. All the *princes* and *princesses* also go and sit there. When it was the *British Government*, there used to be great royal court gatherings of *princes*, *princesses* and Maharajas. All the kings would be sitting there wearing their crowns. When Baba used to go to Nepal, they would hold the gathering of the Rana (king) *family*. The kings with big crowns would sit there. They are called emperors and empresses, and it is numberwise amongst them. The queens don't sit there. They remain behind the curtains. They sit with a lot of grandeur. We used to say that was the Pandava Government. They called themselves the sun dynasty. They used to exist here too. However, they had a *single* crown for it was before them that there were those with a *double* crown. They have written so many things about Krishna: He abducted So-and-so and did such and such. However, there was nothing like that. People continue to celebrate the festivals of things that took place in the *past*. They also celebrate the festival of when the kingdom of Ravan ended and the kingdom of Rama was established. They celebrate it every year. So, this proves that the devilish kingdom of Ravan also existed 5000 years ago. The Father came and inspired the destruction of the kingdom of Ravan. That same Mahabharat War is just ahead. However, there is no such thing as Ravan. They show Madodri as the wife of Ravan. However, they don't show her with ten heads. They show Ravan with ten heads. They show Vishnu with four arms: two arms of Lakshmi and two arms of Narayan. They show Ravan with ten heads, five vices of his and five vices of Madodri. They have also shown the significant of the four-armed image of Vishnu. They also worship Mahalakshmi. They never show Mahalakshmi with two arms. At Deepmala, they invoke Lakshmi. Why? Did Narayan commit any crime? After all, Lakshmi gets her wealth from Narayan anyway. She is a *half-partner*. In fact, wealth is not received from Lakshmi. Wealth is received from Jagadamba. You know that Jagadamba then becomes Lakshmi. So, they have separated the two of them. They ask for everything from Jagadamba. If they have any sorrow, if their son dies, they ask Jagadamba: "Protect us". "Give me a child." "Remove this illness of mine." They have many such desires. They go to Lakshmi placing only one desire in front of her and that is for wealth. That's all. Jagadamba is the one who fulfils all your desires. She is the one who makes you wealthy. At this time, all your desires are being fulfilled. Some don't give wealth. They simply teach you through which you become great from nothing. Then, when you become Lakshmi, you become wealthy. At this time you have the power to fulfil all desires. Jagadamba gives donations. Lakshmi does not give donations. Donations are not given there. There is no starvation there. No one is poverty-stricken there. Ravan doesn't exist in the golden age. Here, they burn Ravan. After Dashera, they celebrate Deepmala. They celebrate in happiness. The kingdom of Ravan has been destroyed and the kingdom of Rama established and so there would be happiness. There is light in every home. You souls receive enlightenment. The things that exist at the confluence age do not exist in the golden age. You are trikaldarshi and you experience the reward there. You forget all of this

*knowledge* there. At the confluence age, there is establishment and then destruction. Once establishment has taken place, that's it. Only you know about all of those festivals. Ignorant people don't understand anything. They make much out of nothing. You can see in a *practical* way that those things do not exist in the golden age. The story of Narad is also mentioned in the scriptures. When you are asked, you say: Baba, I will marry either Lakshmi or Narayan. So, the Father says: Check yourself to see that you don't have any vices. If you have anger etc., how would you be able to marry him or her? Yes, no one has yet become perfect, but you do have to become that. You have to chase away these evil spirits, for only then will you be able to claim a status. You have found a very unique Master. The Father is full of all virtues. He is the Ocean of Knowledge and the Ocean of Bliss and so He also makes those who come and become His children full of all virtues and *double-crowned* deities. You are truly becoming that. Deities have both crowns. You have come here to claim your inheritance from the Father. You have to claim your inheritance; you have to study. Many *points* continue to emerge. If you don't study, how would you be able to explain to others? The *drama* is *repeating* identically. You understand this *knowledge* at this time and then it will disappear. The Lanka etc. that they show doesn't really exist. When was Ravan born? It is written that the deities go onto the path of sin in the copper age, and that they begin to become vicious. Devotion was at first unadulterated and then it became adulterated. People have now begun to have themselves worshipped. The Father says: I come to carry out establishment of the elevated world and destruction of the corrupt world. Surely, the establishment would be carried out first and then destruction. This is *My part* every cycle. It takes *time* to make it elevated from corrupt. You have to study for as long as the Father teaches. However much those who studied in the previous cycle studied, they will study the same now. Whilst moving along, many children say: That's it. I am not able to continue any more. Ah! There will be praise and defamation, regard and disregard. Why do you stop studying because of that? It was Krishna who was defamed the most. He was accused of so many things. So, why do people then worship such a Krishna? In fact, it is this one (Brahma) who takes all the insults at this time. He was defamed throughout the whole of Sindh, and was unable to do anything about it. All of this is a game. It is nothing new. He took insults in the previous cycle too. He crossed the river. You came away from Sindh to this side of the shore. It wasn't Krishna, but this Dada, who used to come and go. You know that you are now claiming a kingdom and that you will then lose it. This too is a game. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. You have to become Kamdhenu (Jagadamba) who fulfils everyone's desires. Continue to donate.
2. You have to keep your stage in equanimity in praise and defamation. Whilst all of that happens, you mustn't stop studying. Go across considering all of it to be a game.

**Blessing:** May you be an easy yogi and bid farewell to Maya by forging all relationships with the one Father.

Where there is a relationship, remembrance is natural and easy. To have all your relationships with the one Father is to become an easy yogi. When you are an easy yogi, Maya is easily bade farewell. Once you have bade farewell to Maya, the congratulations from the Father make you move forward a great deal. Those who continue to receive God's blessings and the blessings of the Brahmin family at every step are easily able to fly.

**Slogan:** Become *businessmen* who always remain *busy* and you will receive an income of multimillions at every step.

\*\*\* O M S H A N T I \*\*\*

**The confluence age is the age to use your body, mind, wealth and time in a worthwhile way.**

Today, the World Benefactor Father is looking at His co-operative children. Every child has the deep desire in his or her heart to reveal the Father. Everyone has the one elevated thought and everyone is engaged in this task with zeal and enthusiasm. Because of having love for the one Father, they also have love for service. Day and night, in their physical actions and also in their dreams, they only see the Father and service. The Father has love for service and this is why the loving, co-operative children also have love for service. This is the proof, that is, the example, of love. The Father is pleased to see such co-operative children. You are using your body, mind, wealth and time in a worthwhile way with so much love. You are changing it from going into the account of sin to go into the account of charity and making your present elevated and also accumulating for your future. The confluence age is the age to accumulate multimillion-fold of one; to receive a body completely free from disease for 21 births by using your body for service. No matter how weak your body may be, how ill it may be, and you are unable to serve through words or actions, at least you are able to serve through the mind till the final moment. You are able to reveal the power of your supersensuous joy and peace through your face and your eyes, so that those who are in contact with you and see you would say: This one is a *wonderful patient*. Even the *doctors* will become cheerful on seeing the *patient*. Generally, *doctors* give happiness to *patients* and they make others give that to patients, but instead of them giving it, let them experience receiving it. No matter how ill any of you may be, if your divine intellect is healthy, you are able to serve till the last moment because you know that you will continue to eat the fruit of service done by that body for 21 births. Just as with your body, similarly with your mind, become an embodiment of peace in your mind, always be powerful with every thought. And, by becoming a bestower of your good wishes and pure feelings, continue to spread the rays of the power of happiness and peace into the atmosphere. When your creation, the sun, spreads its rays of light everywhere, can you *master* creators, you *master* almighty authorities, law-makers, bestowers of blessings and fortunate ones not spread rays of attainment? With your thought-power, that is, with your mind, you can create an atmosphere everywhere through your *vibration* even though you may be sitting in one place. By doing this type of service with the mind for a short time in this birth, the mind will always be in a state of peace and happiness, of pleasure, for 21 births. Then, for the other half cycle, you will become instruments to give peace of mind through bhakti and your images. Even the images will be such that they give so much peace and power. So, by serving with your mind for one birth, you will become an embodiment of peace for the whole cycle, either in the living form or through your images.

Similarly, those who become instruments to serve with their wealth become the masters of countless wealth for 21 births. As well as that, such souls will never be beggars of wealth from the copper age until now. They will claim their fortune of the kingdom for 21 births, and that wealth will be considered to be like dust, that is, they will attain so much of it so easily. The subjects of your subjects, that is, even the servers of your subjects, will be masters of limitless wealth, so that they will never become beggars of wealth in any one of their 63 births. They will become those who eat dal and roti in great pleasure. They will never have to beg for bread. So, by using your wealth for the Bestower in this one birth, what will the Bestower do? He will use it for service. You put it into the Father's bhandari and the Father then uses it for service. So, to use that wealth for service or for the Bestower means to be saved from being a beggar for the whole cycle. The more you use now, the more you will be able to eat comfortably in the copper and iron ages. So, you have to use your body, mind, wealth and time in a worthwhile way.

Those who use their time for service first come at the most elevated time of the world cycle, the golden age. They come in the satopradhan age, the period for which devotees have continued to sing praise even till this time. They sing praise of heaven, do they not? So, coming in the satopradhan period, they come at the time of 1-1-1, that is, they come in the first birth of the golden age. They would claim a right to such an elevated time. They would be the ones who spend the time of their life with such *number* one souls. They would be

those who study with those souls, who play and tour around with such souls. Those who use their time in a worthwhile way at the confluence age receive the elevated fruit of a right to the perfect, golden, beautiful time. If you remain careless in using your time, then, instead of coming with the *number one* soul, that is, in the first year of heaven with Shri Krishna, you will follow later, numberwise. This is the importance of giving your time. What do you give and what do you receive? Therefore, *check* all four things all the time: Are you using all four, your body, mind, wealth and time as much as you are able to? It isn't that you are not using these things as much as you are able to, is it? By using them according to your capacity, your attainment will also be according to capacity. It will not be complete. What message do you Brahmin souls give everyone? Complete happiness and peace are your birthright. You do not say that it is your birthright according to your capacity. You say that it is your full right. Since you have a full right, then to have full attainment is truly to have a Brahmin life. If it is not full, you are a warrior. The moon dynasty comes halfway through. So, to be according to your capacity means to be not full whereas Brahmin life means to be full in every aspect. So, did you understand? BapDada was looking at the children's *chart* of their giving co-operation. All of you are co-operative. It is when you have become co-operative that you become easy yogis. All of you are co-operative, easy yogis, elevated souls. BapDada makes each child a soul who has all rights. So then, why do you become one who is according to capacity? Or, do you think that someone else will become that? There are many who are going to become that. Are you not that? It is now the time to claim your full rights. You were told that the *board* of "too late" has not yet been put up. Those who have come *late*, that is, those who have come later, can move forward. This is why you have a *golden chance* even now. When the *board* of "too late" has been put up, then, instead of the *golden chance*, you will have a *silver chance*. So what should you do? You are those who will take the *golden chance*, are you not? If you don't come into the *golden age*, then what have you done having become a Brahmin? This is why BapDada is still reminding you loving children that because of the Father's love, at the present time you have a *chance* of receiving multimillion-fold in return for one. At the moment, it is not that you receive according to how much you give; it is multimillion-fold for one. Later, the account will be of however much you do, you will receive accordingly. However, at this time the overflowing treasure-store of the Innocent Lord is open. As many of you can take as much as you want. Later, you will be told that the *number one seat* of the golden age is not empty. Therefore, become full, the same as the Father. Know the importance and become great. You *double* foreigners are those who claim a *golden chance*, are you not? Since you are moving forward with so much love, you are loving and co-operative, then have the aim of imbibing perfection in everything by having the full aim. If you didn't have love, how would you have reached here? Just as you have reached here flying, in the same way, constantly continue to fly in the flying stage. You also have the practice of flying with the body, do you not? Let the soul constantly remain flying. This is BapDada's love. Achcha.

To those who are constantly embodiments of success and who use their thoughts and time in a worthwhile way, to those who have zeal and enthusiasm for service in every action, to those who make themselves perfect and attain their full rights, to those who always take the *golden chance* they have been given, to such worthy children, who *follow the Father*, BapDada's love, remembrance and namaste to the *number one* children.

### **BapDada meeting a group from Kathmandu and double foreigners:**

Do all of you always experience yourselves to be special souls? How many such special souls would there be in the whole world? There is the praise of a handful out of multimillions. Who are they? It is you, is it not? So, do you always consider yourselves to be such elevated souls who are a handful out of multimillions and a few out of that handful? You would never even have thought in your dreams that you would become such elevated souls. However, you are experiencing that in the corporeal form. So, does this elevated fortune always remain in your awareness? "Wah, my elevated fortune!" God Himself has made your fortune. God Himself has *directly* drawn your line of fortune. So, your fortune is that elevated. When

you are aware of this elevated fortune, then the foot of your intellect doesn't remain on the ground. Don't you think so? In any case, angels don't set foot on the ground. They always remain above it. So where does the foot of your intellect stay? It is not down below on the ground. Body consciousness is the ground (earth). You are those who remain above the ground of body consciousness. This is called being an angel. So, how many *titles* do you have? Fortunate, angels, long-lost and now-found. All the elevated *titles* are yours. So continue to dance in this happiness. The long-lost and now-found ones don't set foot on the ground. They always stay in the swings because they have had the practice of being down below on the ground for 63 births. Having experienced that you have seen how being on the ground and in the dust, you became dirty. Now that you have become the long-lost and now-found ones, always remain above the ground. Don't become dirty, always remain clean. The children with an honest heart and a clean heart always remain with the Father because the Father too is always clean. So, those who remain with the Father are also always clean. It is very good that you have reached the gathering of celebrating a meeting. Your love enabled you to arrive here to celebrate a meeting. BapDada is pleased to see the children because if it weren't for the children, what would the Father do by Himself? You are welcome in your own home! When devotees go on a pilgrimage, they have to *cross* so many difficult paths. You have come from Kathmandu by bus. You reached here whilst enjoying yourselves. Achcha.

### **London group:**

All of you are the beads of the Father's rosary tied in the thread of love, are you not? Why is there so much importance of the rosary? Because the thread of love is the most elevated thread. So, all of you now belong to the Father in the thread of love and the memorial of this is the rosary. Only those who belong to the one Father and none other are the ones who become threaded in the one thread of love as a bead of the rosary. There is just one thread but many beads. So, this is the sign of love for the one Father. So, you consider yourselves to be beads of the rosary, do you not? Or, do you think that very few will come within the 108? What do you think? That the *number* 108 is just in name? All those who are merged in the Father's love are the pearls of the garland around Baba's neck. You are those who remain absorbed in the love of One. So this stage of being absorbed makes you free from obstacles and it is only the souls who are free from obstacles who are praised and worshipped. Who sings the most praise? If Baba were not to praise even one child, that child would sulk. Therefore, Baba praises every child, because each child considers it to be his right. Because of having that right, they definitely think it is their right. The Father's speed is so *fast*. There is no one else with such a *fast speed*. He can please very many in one *second*. So, the Father remains *busy* with the children and the children remain *busy* with the Father. The Father's *business* is with the children.

You have become imperishable jewels, and so congratulations! Congratulations because you have remained victorious over Maya for 10 or 15 years. However, now remain alive for the whole of the confluence age. All of you are strong. Therefore, BapDada is pleased to see such firm, unshakeable children. Each child's speciality has made him belong to the Father. There isn't a single child who doesn't have a speciality. This is why BapDada is pleased to see the speciality of each child. Otherwise, why would it be just you who become the handful out of multimillions and a few out of that handful? You definitely do have a speciality. Some are jewels of one type and others are jewels of another type. Nine jewels of different specialities are remembered. Each jewel is a special a destroyer of obstacles. So, all of you are also destroyers of obstacles.

### **BapDada giving a response to the love, remembrances and letters of the double-foreign brothers and sisters:**

Baba has received the love of all the loving children. The zeal and enthusiasm in each one's heart reaches the Father, and just as you are moving forward with zeal and enthusiasm, so you receive special blessings from BapDada and the family for constantly moving forward. You will continue to move forward with

these blessings and you will also continue to make others move forward. You are *racing* well in service. Just as you are *racing* with zeal and enthusiasm, so too, continue to have imperishable progress. So, you will claim a good *number* ahead. All of you accept remembrances personally by name and speciality. Even now, all the children are personally in front of BapDada with their own speciality. Therefore, multimillion-fold love and remembrance.

**Dadi Chandermani taking leave to go to Punjab:**

Give all the children love and remembrance and also give them a special message to go into the flying stage. In order to make others fly, imbibe a powerful form. No matter what the atmosphere is like, you can give many souls the experience of flying with your flying stage. Therefore, especially remind everyone that remembrance and service should continue together. They are all long-lost and now-found special children. They are souls with good specialities. Let each one of them accept love and remembrance with their own speciality. It is good that you are playing a *double part*. The sign of a soul who is unlimited is to reach wherever there is a need at that time. Achcha.

**Blessing:** By having an honest heart may you please the Lord by becoming one who knows all secrets, who knows all the methods and is always accurately linked in yoga.

BapDada's *title* is the Conqueror of Hearts and the Comforter of Hearts. The Lord becomes pleased with the children who have an honest heart. The children who remember the Father with their heart easily become the point-form. They become worthy of special blessings from the Father. With the power of honesty, their head automatically works in an accurate way according to the time. They have pleased God and, therefore, their every thought, word and action is accurate. They become those who know all secrets, who know all the methods and who are accurately linked in yoga.

**Slogan:** Always remain lost in the love of the Father and you will become free from the many types of sorrow and deception.
