

Bapdada's Message through Dadi Gulzar, 1st May 2003 - Sri Lanka

This morning at Amrit Vela I went to BapDada taking lots of love and remembrances from all of you and arrived in the subtle region . So who is the one who gave the most lots of love & remembrances this morning. Who gave the most remembrances .. Who ? Who is the one who gave the most ? Each one will say I am the one who gave lots and lots of love. Because each and every one says that Baba is mine. Baba belongs to whom ? Each one will say mine. My Baba (*Mera Baba*) isn't it.? Do you all say My Baba or do you all think its Dadis Baba ? Mera Baba. So when you say My Baba , you arrived in front of Baba already. When I arrived in subtle region I saw Baba was standing in front of me. Baba was like a light house giving dristi to the whole world. Who was the one who was very very close to Baba to receive the dristi. Who was there ? Were you there ? The ones who are sitting at the back, do you think you were close to Baba ? Baba gives Dristi to the whole world but who comes in front of Baba first ?. Those children who are Brahmins , They are always in front of Baba. So emerge this scene in front of you, Baba is giving Dristi to the whole world and we Brahmins are in front of Him and very close to Him. Emerge that scene. Did you arrive in front of Baba ? Are you receiving Dristi now ? After giving dristi, Baba asked " *Child what news have you brought today ?* " .I told Baba I have brought love and remembrances from all brothers and sisters from Sri Lanka. Baba said *Sri Lanka* ? Why did Lanka get this title Sri ? Baba was smiling and then Baba said why this title Sri is given to Lanka , Because they are My children who act according to Shrimat. Sri Lanka niwasis, the one who act according to Srimat. Yes? No dictates of your own Mind (Manmath) No dictates of others minds (Paramath). When I said I have brought love from Sri Lanka , as soon as He heard the word *Sri*, He was smiling a lot and He said " Sri Lanka - Sri " So always remember the word Sri. It means the one who always follow Shrimat. Then I shared the news with Baba, that I came to Sri Lanka for the Hindu Conference here and also because Baba's children have been remembering & calling me to come here. So because of this reason I am in Sri Lanka now. Those who call themselves Hindus are in fact the ones who worship the deities They have forgotten that they are members of the family of deities. So that is why you should remind them that you are the progeny of the original eternal deity religion. Then Baba said that "My children in Sri Lanka, all of them keep pure feelings in their heart" The fruit of that devotional feelings (*Bhavna*) is very great. So Baba said the Sri Lankan children who have a lot of bhavna, Baba has lots & lots of love for them. Is it true? Baba has special love for Sri Lanka? Do you feel that Baba has special love for all of you? Baba's wish is that each & every child of Baba become so powerful, just like Baba, standing like a light house and give drishti to the whole, let each of my children become so powerful that they become light house and might house and give dristi to the whole world. You children should now have the feelings that all children of the world are our brothers & sisters. But they are experiencing so much of unhappiness and going through so much of distress. You have been going in front of your own deity idols and asked for mercy. "Have mercy on me." Now you have to become such souls that you can show mercy on all others. Go and ask my children, are they becoming merciful & giving this merciful feelings to the souls of the whole world? Do you ask for mercy from Baba or do give others? Take from Baba & give others. Tell Sri Lanka children of mine that they should make such effort that they should be part of the 108 rosary. Will you come into the 108 rosary? Are you ready to be part of the 108 rosary? What do you need in order to part of the 108 rosary? Do you have all 8 powers in you? You have seen the picture of 8 powers and do you also have all 8 powers in you? In order to be part of the 108 rosary, first of all you need all 8 powers. Do you have it, or sometimes only? Baba said in order to be part of the 108 rosary always keep all the 8 powers with you and use them. Everybody knows that we need all 8 powers. One is to know what are the 8 powers. 2nd is to understand we need it. The 3rd is to use it according to the need of time. I see the Children all over the world in all 4 corners, instead of using the powers at the right time would think of it after the situation has passed. If I could have used this power that would have been nice. That should not happen.

The final paper is of only a second. So in the final paper if you have a situation where you have to use one particular power but you are not able to use that particular power in a second, how can you pass with honour. To be part of the 108 rosary means to pass with honour. So what will you do now ?. Keep all the 8

powers constantly with you . But of the 8 powers there is one particular power , *power to tolerate*. If you are able to keep the power to tolerate in front of you constantly and use it at the right time then all other powers will automatically come to you. When you have the power of tolerance, you will have concentration and stability of mind. Because there is concentration and stability of mind , then you are able to create the stage according to the time. Maya is also very clever . She is going to take a test paper from you about the particular power that you are lacking yourself. She is going to test you in that power . Then what will happen ? Will you be able to come in the 108 rosary ? So Baba says check yourself from time to time which is the power I lack in myself. Check and change. Don't just check . If you only check and don't change , then you can lose hope in yourself, thinking *may be it is not in my fortune* , But if you check and change at the same time then everything will be O.K. So keep Baba always with you , then you will be able to take help from Baba and you will become complete with all powers. Baba says don't have any complaints because, when you sit in the remembrances of Baba, you have many complaints . They keep remembering, asking Baba, Baba do this for me, give me this power. Baba please cooperate with me. Don't remember Baba like that Say with a **right**, Baba whatever power you have, I know that belongs to me. So do you want to become like that? The one with the right? Pass with honours. You like only to pass, or pass with honours? You have courage?

Baba said to give lots & lots of remembrances to all my children filled with many blessings from the heart. Baba has given blessings from this heart. Did you receive those blessings today? That means you have merged Baba in your heart. Wherever any things happens in your life, remember Baba's blessing. You have come to me from Sri Lanka for the first time. What gift are you going to take back from here for my children in Sri Lanka? Can you guess what gift Baba gave to give to all of you? Baba gave a big huge diamond. Within that diamond were 8 colours. Just like a lotus, Dadi was able to see the 8 colours within the diamond like a lotus flower. Baba said they all want to come within the 108 and so Baba is giving this gift of 8 colours representing the 8 powers. Tell the children to keep the 8 powers with them always. Did you receive the diamond of 8 colours? Can you visualise the gift in front of you? Don't lose it now. Keep it with you. Maya is very smart, she will try to snatch it away from you. Keep this diamond gift hidden in the treasure store of your mind. Do you know how to hide it in your treasure store of your mind? Make sure that you don't lose it. So Baba gave this gift to give to you and sent me back to the corporeal world.

Essence: Sweet children, whilst walking and moving around, churn the ocean of knowledge. This churning of knowledge is food for the intellect. Churn and invent new methods for doing *service*.

Question: Which children develop the power to imbibe and inspire others to imbibe the nectar of knowledge?

Answer: Those who make a firm promise of purity as soon as they belong to the Father. Baba says: Children, remember, if you don't become pure, even after hearing so much, your intellect will become locked. You will hear with one ear and it will flow out of the other. You belong to the Father and so you must remove the rubbish. If you perform wrong actions, your throat will choke and you won't be able to relate knowledge. Therefore, remain cautious.

Song: You wasted the night in sleeping and the day in eating...

Om shanti. The Father now sits here and asks you children: Children, do you now know the unlimited Father very well? He has to ask, but otherwise, it isn't the system to ask. Everyone knows that He is our Mother and Father. When you find the Mother and Father, you become theists. The Mother and Father are those from whom you receive plenty of happiness. In the golden age you have the reward anyway. There is no question of atheists or theists there. It is at the confluence that there are atheists and theists, knowing or not knowing. You children now know that those who were atheists yesterday and didn't know the Father or His creation have now become theists. You now know the Father and your 84 births. You didn't know this yesterday, but you know it today. It is said: Yesterday, today and tomorrow. Today it is the old world and tomorrow it will be the new world. Today it is the night and tomorrow it will be the day. In fact, the people of Bharat should know their Father. Somnath temple is in Bharat. People celebrate the birthday of Shiva, but no one knows when Shiv Baba came. The name, Somnath, has been given, but when did He come and give you nectar to drink? You children now know that you have become theists through Baba. The Father has sat and given you His introduction. You receive the introduction at the confluence age according to the predestined *drama*. You children know that today it is hell and that tomorrow it will be heaven. "Tomorrow" means your next birth will be in the golden age. We are making effort. Today this is the land of death and tomorrow; there will be the land of immortality. The world is changing. The golden age is being created from the iron age. Only the Father would make that. The Father is the Purifier. No one in the world knows about the confluence age. You have now become so enlightened. You have now renounced the path of devotion. Today there is devotion and tomorrow it won't exist. It isn't that today there is devotion and tomorrow there will be knowledge. No, devotion lasts for half the cycle. Knowledge is only received once and you then receive salvation. The Father only comes once and grants everyone salvation. This is why it is remembered: Oh Purifier, Bestower of Salvation! His birth takes place in Bharat, but the people of Bharat don't know that this is the temple of Incorporeal Shiv Baba. They have a temple of Jyoti (light). The brahm-samajis ignite a light because they believe that the Supreme Father, the Supreme Soul, is a form of light. There are many kinds of idea. Whatever someone explained, people have accepted that and begun to *follow* that person. You now know the Creator and the creation. You have to understand the secrets of the Creator and the beginning, the middle and the end of creation and then also explain them to others. The Supreme Father, the Supreme Soul, is the Truth, the Living Being and the Ocean of Knowledge. The praise of each *actor* is individual. By saying that God is omnipresent, there cannot be individual praise. A different *part* is recorded in each soul. If He were omnipresent, then the *part* of the Supreme Father, the Supreme Soul, would be playing in each one. There is so much darkness so this is why the Father comes and explains to you. You children know that the highest *part* of all truly is of the Supreme Father, the Supreme Soul. All devotees remember that One alone. All devotees are impure. People don't know who are called impure. Sannyasis know a little bit. They understand that they have become residents of hell through these vices. This is why they feel that by renouncing their home they will go and merge with the brahm element. The Father explains: This is the iron age. All are choking in the ocean of poison and this is why this is called the brothel. I come and create Shivalaya, the Temple of Shiva. In the golden age

there was one religion. Those deities have taken 84 births, but now they don't call themselves deities. Those who were worthy-of-worship deities fell and went through the clans of deities, warriors, merchants and shudras and have now become impure worshippers. Bharat was the most pure and has now become impure. Sannyasis too cannot be called completely pure because they are sitting in the impure world. No one who has renounced his home and family can go to the golden age. You have to forget this world and go to the golden age. You are making identical effort to the effort you made in the previous cycle in order to go to heaven. Bharat has become a worshipper from being worthy of worship and it will now once again become worthy of worship. Those who are long-lost and now-found will understand this *knowledge*. Those who don't belong to the deity religion will not be able to retain this knowledge in their intellect. The people of Bharat take 84 births. None of those of other religions can take 84 births. Amongst you too, it is numberwise. Not everyone will come down together. The secret of the cycle has been explained to you children. How is the genealogical tree created? The genealogical tree of souls is also created and that is called the spiritual genealogical tree. You children know that you reside in Brahmand. The first *number* is Shiv Baba, then Brahma, Vishnu and Shankar, then Lakshmi and Narayan and then their dynasty. It is numberwise. At this time, you have the whole tree in your intellect. There, you won't have the knowledge of who will come or what will happen. However, there, you wouldn't even say that there is ignorance. That is the reward, which you receive through this knowledge. It is now the stage of ascent and later it will be the stage of descent. In 1250 years, there are two degrees fewer. You continue to come down little by little. You can now calculate everything. First there is the trunk and then the *foundation* emerges (expansion). You now know the Seed and the tree very well. You have now become theists from atheists through the Father. Baba has explained: *Father shows son. Teacher shows students. First of all the guru shows his followers and then his followers show the guru.* Here, the Father is all three. He is the Creator. He definitely creates the new world. Lakshmi and Narayan used to rule in heaven. From where did they receive their inheritance? Who taught them how to perform such actions that they claimed such a high status? The Father says: I am now teaching you such actions that you will also become deities. You were very prosperous in heaven. You received your inheritance from the Father. Therefore, the Father definitely came and made Bharat into heaven. The Father says: Children, whilst walking and moving around, churn the ocean of knowledge in this way. This is *food* for the intellect. Baba's desire is that a very big picture of the cycle should be made. It would be very good to explain the cycle to anyone. Just think about how to explain to human beings. You have to explain that it is now the confluence age and the world is changing. There are innumerable religions here, whereas there, there is just the one religion that the Father establishes. The ancient yoga of Bharat is very well known. You know that you are once again studying Raja Yoga with God. God alone would teach you unlimited *history* and *geography*. Human beings cannot teach this to human beings. This Baba says: I too didn't know anything. Baba is not praising himself that he was like this or like that. The Father says: Now stop the activities and rituals of the path of devotion. Devotion now has to end. After night, the day will come. You children are now at the confluence age. It is only at the confluence age that you receive *knowledge* of how the Father first creates the subtle region. Then He creates the new world through Prajapita Brahma. The human genealogical tree is of this one. They are called Adi Dev and Adi Devi. They are also called Adam and Eve. They are now the mother and father. So how did they create the world? Adam is also called Adi Dev Brahma, but he is not the Creator. They don't understand that the Supreme Father, the Supreme Soul, did this through Adam. Surely, God is the Creator of heaven. He is Incorporeal Baba. We souls are also incorporeal. We adopt a body and take rebirth to play our *part*. The Incorporeal Father is remembered on the path of bhakti. He resides in the supreme abode. He is the Purifier. He comes into the impure world, educates you children and takes you to the pure world. This is why He is the Father and also the *Teacher*. He teaches you unlimited *history* and *geography*. You are now becoming *master knowledge-full*. The Father now says: Children, remember, if you don't become pure, then, no matter how much you listen to, you will hear through one ear and it will flow out through the other. First of all, make a promise for purity; otherwise, the burden of sins will not be reduced. If you don't become pure, you will fall even more forcefully. The Father says: Remember, if you don't become pure now, there will have to be great punishment. There isn't as much punishment received

on the path of ignorance. However, if after coming to Me, making a promise to Me, you don't become pure, and you secretly continue to come into the Court of Indra, there will have to be a lot of punishment and your intellect will turn to stone even more. Then you will become part of the ordinary subjects. Status is also numberwise. You become the highest of all and also the lowest of the low. Here, everyone has sorrow. Death takes place suddenly. In fact, death should come at the end of a long life. Truly, in Bharat, life used to end systematically after a long time. When they became old, they would have a vision that they were going to become a child. Here, you know that you will shed your body and go to the Father. You have to shed your old costume. Repeatedly remember the Father. Baba, I am now about to come to You. You purify the soul with the power of yoga. There is just one method for this and that is to have yoga with the Father. Then you will become pure and satopradhan. By having yoga, the result of that yoga has to be seen. Baba says: This is My chariot. You can call him the *landlady or landlord*; he is very unique. See how Shiv Baba comes. He says: This one is a *landlady* and also Prajapita. I, the Incorporeal One, definitely need a body. Each one has his or her own chariot. How can I become the Charioteer? I have to enter the impure world. Krishna was pure. This chariot is fixed in the *drama*. I come only in Bharat. It isn't that one cycle I will come in Bharat and the next cycle I will come in Germany. The Father explains: You are karma yogis. You have to perform actions. In the early days, men used to earn an income and women would look after the homes. Women didn't study as much. It is now that they have started to educate themselves. Women too do business. You children now have to earn this imperishable income. Each one has to claim his or her inheritance from the unlimited Father. Those who do so will claim their own status. The status of this study lasts for 21 births. No one except the Father can teach you this study. *God, the Father*, is also the Purifier. He alone teaches you Raja Yoga and makes you worthy to go to heaven. Your 84 births have now come to an end. We are now going home. Even if you were to remember this much you would remain cheerful. Baba shares his experience. He tries to remember Baba, but he then forgets. Therefore, Baba says: Stay awake at night and *practise* this, and then your stage will become this permanently. This is why it is said: O children, who are conquerors of sleep, earn an income. You don't have to do anything with your hands and feet or say anything through your lips. Previously, you used to turn the beads of a rosary and chant Rama's name. You now understand the significance of the rosary. There is the rosary of victory and the rosary of Rudra. All of you are now effort-makers. This is not called a rosary. By staying awake at night, you will enjoy yourselves a great deal. The time between 9 and 12 midnight is very dirty. Amrit vela is from 2.00 am. Here, you have to remove all the rubbish completely. After listening to so much, if you don't become pure, your intellect becomes locked. Then you won't be able to give knowledge to anyone. For instance, in Vrindavan (the place where Krishna used to dance) there is a memorial of the dance. This is a matter of the *dance* of knowledge. If you listen to knowledge here and see everything here and then go outside and say wrong things, your throat will choke. This is why you have to remain cautious. You definitely have to become pure, for only then will you be able to have yoga. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remain a karma yogi. Whilst performing actions, remember the Father and make effort to become satopradhan.
2. Show the Father, *Teacher* and Guru through your every activity. Constantly remain cheerful with the awareness that you are now going home.

Blessing: May you be a constantly powerful soul and with the awareness of the one word "Baba", end the word "weakness".

When you speak of any weakness, whether it is of thoughts, words, nature or sanskars, you say: This is my thought; my sanskars are like this. However, the Father's sanskars and thoughts should be "mine". The sign of being powerful is being equal to the Father. Therefore, let the word "Baba", be *natural* in every situation in your thoughts and words. Whilst performing actions, have the awareness of Karavanhar, for neither Maya nor weakness can come in front of Baba.

Slogan: Those who have the speciality of maturity automatically achieve success in every task. * * * *

Essence: Sweet children, in order to take care of yourself, bathe in knowledge twice a day. Maya makes you make mistakes and the Father frees you from making mistakes.

Question: On the basis of which faith and effort do you receive full help from the Father?

Answer: First of all, there has to be the firm faith that mine is one Shiv Baba alone and none other. Together with this, surrender yourself completely to the Father, that is, become a *trustee* and serve with love. Such children receive full help from the Father.

Song: We have to follow the path on which we may fall and have to get up again.

Om shanti. Who is saying this in the song? The Supreme Father, the Supreme Soul, the Ocean of Knowledge, says: Children, on the path that I am now making you follow, and in the directions and advice that I am now giving you to conquer Maya, this will happen – some will fall and some will get up and some will remain careful. They will continue to remain conscious or unconscious. This is the life-giving herb to remain conscious. The life-giving herb of the Supreme Father, the Supreme Soul, is knowledge. There is the story in the Ramayana of how there was a battle between Rama and Ravan and how Lakshman became unconscious and then Hanuman brought the life-giving herb to make him conscious again. In fact, the Ramayana was written later. There are no such things. Nor did God sit and speak the Gita that human beings have written. The Father is the Ocean of Knowledge. Knowledge of what? He gives you the knowledge of the beginning, the middle and the end of the world. Human beings then wrote the Gita from this and named it as though it was spoken by Krishna. What would happen if someone were to print the name of the child in the biography of his father? In the same way, Shiv Baba gave birth to the Gita, but they put Krishna's name in it, and this is why it has become meaningless. Because the Gita has been falsified, the yoga of the intellect of every human being has been broken away from God. So, how can human beings become pure? We become pure with this fire of yoga, not with the water of the Ganges. Baba is the Ocean of Knowledge. He changes human beings into deities with the nectar of knowledge. However, water is not called nectar. This is a study. Study means *knowledge*. The people of Bharat have written the scriptures from the copper age. They say that the scriptures are eternal and we say that the *drama* is eternal. It isn't that the scriptures began from the golden age. To say that all of them are eternal means that they are fixed in the *drama*. People have been writing them from the copper age. The unlimited Father has now told you His whole biography. He says: I play no *part* in the golden and silver ages. The world continues according to the *drama*. My *part* is also fixed in the *drama*. I am bound by the bondage of the drama. I have no *part* in the golden and silver ages, just as Christ and Buddha have no *part* in the golden and silver ages. All of those souls reside in the land of liberation. It isn't that all the souls of the deity religion also come down at that time. No, they too come down gradually, numberwise. Then they change from satopradhan and go through the *stages* of sato, rajo and tamo. Then those of the sun dynasty become part of the moon dynasty and expansion continues to take place. This has to be understood fully. You know that those who become half pure will receive an incomplete kingdom. Those who become clever (go ahead) in knowledge and yoga are the ones who will become kings first. A kingdom is being established. Full effort has to be made. Shiv Baba explains: You have to become like a diamond. I am the Ocean of Knowledge, the Ocean of Peace. You have to become *master* oceans of knowledge. Sannyasis believe that they have to do breathing exercises etc. It isn't like that here. Here, Baba pulls the strings (of the yoga of your intellect). Baba pulls the strings of even the young daughters and so they go into trance. This is called a Godly blessing. There are visions on the path of bhakti too. No one except the Father has the power to grant divine visions. The Father is now personally in front of you. He says: God has to come to the devotees to *liberate* them from the chains of Maya. Baba says: I know that there is a war with Maya. Sometimes you will ascend and sometimes you will fall. When your yoga breaks, you make mistakes through your thoughts, words and deeds. Everyone faces tests. If you were not to have any attacks from Maya, you would leave your body. No one has yet become perfect. This is a horse race. It is called the sacrificial fire in which the horse is sacrificed. In order to attain the kingdom, you have to sacrifice the horse, that is, the chariot, to Shiv Baba. That is, you have to become His child and serve all the time. Become a *trustee* and make effort and you will receive help. You need to have firm faith: Mine is one Shiv Baba and none other. Everyone has to die.

Each one of you has a right to claim your inheritance from the Supreme Father, the Supreme Soul, who is the Father, *Teacher* and Satguru. It is everyone's stage of retirement. Everyone has to die together. When calamities come, so many people die together. When a few bombs are dropped, all the buildings will be destroyed. So now there is to be death for everyone. This is why you have to make your children earn an income. This is the true income. Those who do something will receive the return of it. It isn't that when the father earns an income, the children will receive from that. No. Children also have to be made to earn this true income. This is something to be understood. A lot of precautions have to be taken for this. We are becoming deities and so we cannot eat anything impure. Some think that it isn't wrong to eat fish, and they even feed brahmin priests that. All the customs and systems have become wrong. The Father says: You have to become totally pure. First of all sit on the pyre of knowledge. No matter how many sinful thoughts you have in your mind, you mustn't put them into practice through the physical organs. When you belong to Baba, the war with Maya begins. Maya doesn't wage war so much on those who are going to become subjects. You have to become conquerors of Maya and thus conquerors of the world. Subjects don't become conquerors of the world. To become a conqueror of the world means to become part of the sun and moon dynasties. Some make effort, remain pure for 3 to 4 years and are then slapped. Then they write to Baba: Baba, forgive Me! There are rules and regulations here. When you belong to the Father, you have to write about all the sins you have committed in your life. "Dharamraj, Shiv Baba, I have committed these sins in this birth." Then half of them will be forgiven. This is the *law*. Earlier, when someone confessed in front of a *judge*, his punishment would be reduced. If you make a mistake and then don't write to Baba about it, there will be one hundredfold punishment. There are many precautions that you children have to observe. There aren't as many for people outside. This is why they are afraid. You belong to the unlimited Father and the Bridegroom who makes you 100 times fortunate. Of course you make mistakes but, eventually, you definitely have to become free from making mistakes. Many precautions have to be observed here. When you hold onto the hand of the Powerful One, that Father will also look after you. He would not look after the stepchildren as much. There are very few real children, but nevertheless, there are many children who write to Baba. So much *post* comes to Baba every day. Baba has only one hand and if each child were to write that Baba should send them a personal letter... There will be a lot of expansion now. No one else would have such a big *bag* of *post*. This is the incognito *Government*. It is *underground*. It is *religio-political*. There are no weapons etc. The destination is high. Those who climb taste the sweetness of heaven, and those who fall become subjects. Do you understand? You children know that Bharat that was like a diamond has become like a shell. You would say that you are now making effort to change from a resident of hell into a resident of heaven. We have come here to become 100 times fortunate for all time. Baba is making us pure from impure. Then this kingdom of Ravan will go down below. This cycle continues to turn. When the kingdom of Ravan goes down, the kingdom of Rama comes up. You have to take care of yourself very well. Only those who bathe in knowledge every day will be able to take care of themselves. *Royal* people bathe twice a day. Here too, you definitely have to bathe in knowledge twice: at amrit vela and in the evening at dusk. The first time, study for an hour and then the second time, definitely revise the murli. You have to imbibe knowledge and inspire others to imbibe it. Enable your wife and children to earn the true income. To claim the fortune of a kingdom for 21 births is not like going to your aunty's home! It can be understood which ones are making intense effort. If someone is ill, you can carry that person on a stretcher and bring him here. Let that person leave the body with the nectar of knowledge on his lips. A deaf or blind person too can earn this income. Knowledge is very easy. You have to claim your inheritance from the Father. Only once does the Father personally come and give you the sovereignty. When children become happy, their father goes away into retirement. The unlimited Father makes everyone happy and then He goes and sits in the supreme abode. Then souls continue to come down from there numberwise. It isn't that He sends anyone down; that is just said. However, this *drama* continues *automatically*. They have to come to establish their religion at their own *time*. You know that you Brahmins are the clan of Brahma. The whole world is part of Shiva's clan. Then the corporeal father is Brahma. We children of Brahma are brothers and sisters. We now belong to the Godly religion and in the

golden age we will belong to the deity religion. We have now taken birth to God. We now belong to Him. Because of not knowing the Creator, people don't even know the beginning, the middle or the end of creation. They are called atheists, worth shells. We have now truly become theists and so we become worth diamonds. By knowing the Creator and the creation, we receive the kingdom. Baba is making us *worth a pound* and so we should become that, should we not? He is making us into emperors of the land of truth, the masters of the land of truth. It is said: Leather costume (story of a king who went in disguise to see the condition of his kingdom). There is also the story of God, the Friend. That God is now our Friend. The stories of God, the Friend, Allah-Avaldin, and Hatamtai (bead in the mouth) are all of this time. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Earn a true income and inspire others to do the same. Even though tests and storms come, don't make any mistakes through the physical organs. Become a conqueror of Maya and a conqueror of the world.
2. In order to become deities, maintain full precautions with your food and drink. Don't eat any impure food. Definitely bathe in knowledge twice a day.

Blessing: May you be a *double-light* angel, who transforms "mine" into "Yours", and always remain light.

Whilst walking and moving along, always have the awareness: I am an angel. Let it always be in your awareness what the form of an angel is, what the words and actions of an angel are. This is because when you came to belong to the Father, you made everything that belonged to you belong to the Father and you thereby became light (angels). In order to fulfil this aim constantly, simply remember one expression: Everything belongs to the Father, nothing is mine! Where you would previously have said "Mine" say "Yours" and you won't *feel* any burden. You will constantly continue to fly in the flying stage.

Slogan: Wear the garland (haar) of surrendering yourself to the Father and you won't be defeated (haar) by Maya.

* * * O M S H A N T I * * *

Essence: Sweet children, clean the dirty clothes of the soul with Lux soap (laksh – aim). Imbibe and also inspire others to imbibe the *manners* of purity.

Question: Which magic is *first-class* magic and how?

Answer: God's magic is *first-class* because through it you change from residents of hell into residents of heaven, from impure to pure. Only the Father teaches you this magic. Baba says: Children, simply *follow* Me and you will become kings of kings. Make the soul pure and you will receive a pure body. *Insure* your old body, mind and wealth and you will receive everything new. Only the Father teaches you to make such a bargain at the confluence age.

Song: People, today, are in darkness.

Om shanti. Children heard a *line* of the song. On the one side are all those people of the world on the path of devotion and on the other side are you children of the path of knowledge. They continue to climb the ladder of devotion and you children continue to climb the ladder of knowledge and come down the ladder of devotion. You children know that you have to climb the ladder of devotion for half the cycle. To the extent that you climb the ladder of devotion, to that extent you come down. Then, to the extent that you climb the ladder of knowledge, to that extent you will receive salvation. Devotees are at first unadulterated. Then they become adulterated and finally they have complete blind faith; they don't understand anything at all. They sing: We are in complete darkness. There is complete darkness without the Satguru. There are many gurus here. Now who is the true Guru? Sages, great souls, holy men and devotees all make spiritual endeavour, that is, they remember God. They study the scriptures, Vedas and Upanishads and yet they say: When God comes He will grant us salvation. Only the Bestower of Salvation is called the Purifier. You children have now been enlightened. You know the Purifier Father and you remember Him. However much a child remembers the Father and imbibes knowledge, to that extent his darkness of ignorance is dispelled. Only the one Father takes you into the light. This is why it is said: When the Satguru gives you the ointment of knowledge, the darkness of ignorance is dispelled. This is not eye make-up etc. This is a matter of knowledge. Together with knowledge, there is also yoga. The intellect's yoga of you children is now connected to the Incorporeal Supreme Father, the Supreme Soul. However, it is also numberwise amongst you. No other human being has yoga with the Almighty Authority, the Supreme Father, the Supreme Soul. You have to have yoga with the Father and also the lands of liberation and liberation-in-life. You need to have divine *manners* for liberation and liberation-in-life. At this time, everyone's *manners* are devilish. The praise of the Supreme Father, the Supreme Soul, is sung: He is the Seed of the human world tree, the Truth, the Living Being, the Ocean of Bliss, the Ocean of Knowledge and the Ocean of Purity *forever*. This status of His is imperishable. No human being has an imperishable status. Although you become oceans of knowledge and oceans of purity, you become this in a *limited* way. The Father says: I am *unlimited*. I cannot make you *unlimited*. Otherwise how would the play continue? You cannot become this *for ever*. You become this for 21 births. 21 generations are remembered. It is not the law that you become this *for ever*. I alone am *ever-pure*. I reside in the supreme abode. I have knowledge and purity etc. You forget it. Therefore the Father comes at this time, removes you children from extreme darkness and purifies you with knowledge and yoga. No one else can say: I have come from the supreme abode, remember Me, your Father. Although sannyasis have themselves called the Supreme Soul, they cannot say: I have come from the supreme abode and so remember me." No one can *copy* these elevated versions. The Father says: I come to make you into kings of kings. Only those who became this in the previous cycle will become this now. You know how many children become pure and how many also become impure and dirty. The Father comes and washes the dirty clothes. Souls become dirty. He explains to you souls: Maya has made you so dirty. It is not a matter of one birth, but a matter of birth after birth. The Father has now come and is giving you Lux soap with which to clean the soul. He says: Remember Me so that the light of you souls that has become extinguished will become ignited with yoga. He reminds you: You were sent to heaven and then Maya made you dirty. I have now come to make you into the masters of heaven. I am giving you teachings through this mouth of Brahma. He says to souls: Forget your body including all bodily religions, remember Me, your Father, and the soul will become clean. Then, in the future, you will receive a new body. All the

elements also become satopradhan. The Father says: Forget this old world. Remember Me and you will come to Me. When someone creates something in this old world, it is given a new name. For instance, they call Delhi, New Delhi, but the world is still the old world. The intellect's yoga of you children should now be totally removed from the old world. You souls have to go to your *sweet home*. You now have to have the faith that you are a soul and remember the Father, then your final thoughts will lead you to your destination. People remember many others; some remember their guru and others remember Krishna. However, they don't know where Krishna etc. went. They don't even know that everyone definitely has to take rebirth. This system has continued from the beginning of the world. The deities existed at the beginning of the golden age and so rebirth would surely have started at that time too. The *first* pure human being is Shri Krishna. There is greater praise of him. There isn't as much praise of Lakshmi and Narayan because children are pure and satopradhan. However, they don't know where the land of Krishna is. They speak of Paradise, but no one knows about the golden age. They have portrayed Krishna in the copper age. That same name and form cannot exist in another birth. Krishna existed in the golden age. You know that Jagadamba and Jagadpita then become Lakshmi and Narayan. The golden age is called the land of Krishna and this is now the land of Kans. There, there is the deity community and this is the devilish community. This name is just in the Gita. It cannot exist in any other scripture. The Father sits here and explains to you at the confluence age. So the Father is the Creator and He is called the Seed of the human world. You sing: Baba, You are the Purifier. Come and purify this impure world. Create the pure world and inspire the destruction of the impure world. Truly, He creates the pure world through Brahma, and then He destroys the impure world through Shankar. No one else knows these things. You children now have to have yoga with the Father. You can see that when dirty clothes are beaten with a stick, some tear apart. There are some who are as sinful as Ajamil, so that they do not become clean at all. Baba explains to you very clearly: Children, remember the *most beloved* Father and the *most beloved* land of happiness. This is the land of extreme sorrow. All are crying out in distress. They beat one another and then say: God, protect us! The Father is the *Liberator*. You know that Baba has come for us children *in particular* and that He takes everyone *in general* back to the land of peace. Amongst you children also, you have this intoxication numberwise. This study is no less. Look whom He is teaching! He makes souls as sinful as Ajamil into the masters of heaven. He repeatedly tells you children: You have to imbibe divine virtues. You have the *aim* and *objective* in your intellect. No one else tells you about the *manners* for purity. Sannyasis make you leave your home and family. You don't have to leave your home and family. However, you do have to leave the old world. Their renunciation is limited whereas this is unlimited. Sannyasis receive a lot of respect. Here, when a sannyasi comes, he is told to change his costume first and then go and give knowledge to a woman. Many will come and fall at your feet. They cannot be uplifted without you mothers because you give *knowledge*. However, there is no question of falling at anyone's feet. When someone says "Namaste" or "Rama, Rama" you have to respond. The Father also says: Children, namaste. I make you even higher than Myself. I make you into the masters of both Brahma and the world and I then go away into the stage of retirement. However, you also have to follow shrimat. You have to turn your face away from this old world. There is the image of Rama and Ravan. There is also the image of Krishna kicking away hell and holding the globe of heaven on his palm. Baba explains to you very clearly, but scarcely any do this business. You give your body, mind and wealth to Baba and receive everything new. This is a *first-class insurance*. The Father says: When you purify the soul, you will receive a pure body. Then you will rule in heaven. This is why He is also called the Businessman and the Magician. To make impure ones pure is God's magic. The Father says: Make the residents of hell into residents of heaven. This is *first-class* magic. There is a lot of attainment. The Father says: Become kings of kings. *Follow* the father. This father (Brahma) is a half-kumar; Mama was a kumari. Therefore, you have to *follow* them. You would say: We brothers and sisters are claiming our inheritance from the Father. In the world outside a sister (daughter) doesn't receive an inheritance but the brother (son) does. Here, everyone receives it because all of you are souls. The Father says: All of you have to come to Me and then this relationship of brother and sister is broken. There, there is the relationship of Father and children. This is why you say: We

are all brothers. This is a brotherhood. There is no Fatherhood. The notion of omnipresence has caused a lot of damage. You children now have to remember the Father. You mustn't think that someone should especially make you sit in yoga. You have been given an aim. Listen to the murli and then stay in yoga whilst walking and moving around. This is a pilgrimage and you are going back. You are free to do your work for 8 hours, but you then have to give time here. The main thing is purity. They have made one another impure and caused sorrow from its beginning through the middle to the end. The tree is now totally decayed. Baba comes and makes the decayed tree divine. Now follow shrimat. Shiv Baba is speaking and Brahma is also speaking. However, you know that Shiv Baba is your Father, Teacher and Satguru. You are children and students and He guarantees: I will take all of you back home. No one else can give such a guarantee. They simply give themselves big titles. You have now received authority. You can explain: There is only one Jagadguru and He alone grants everyone salvation. No one knows such a Father, the Bestower of Happiness. If they were to know the Father, they would also know His property. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. For your final thoughts to lead you to your destination remove your heart from this old world and turn your face away from it. Remember your *sweet home*.
2. Make a true bargain with Baba, the Businessman. *Insure* your body, mind and wealth, everything, and *follow the Father*.

Blessing: May you be a *hero* actor and always play an elevated role by considering yourself to be on the unlimited *stage*.

All of you are *showpieces* who stay in the *showcase* of the world. In the midst of unlimited souls, you are on the biggest *stage* of all. Create every thought, speak every word and perform every deed with the awareness: The souls of the world are watching us. When you do this, every *part* will be elevated and you will become *hero* actors. Everyone desires to attain something from you instrument souls. Therefore, children of the Bestower, constantly continue to give and fulfil everyone's desires.

Slogan: When you have the power of truth, you will continue to attain happiness and power.

*** O M S H A N T I ***

Essence: Sweet children, elevated directions are of the one Father. Constantly continue to follow them. Become real children and claim your full inheritance from the Father.

Question: Due to not having faith in which aspect do step children not become the Father's full helpers?

Answer: Step-children don't have the faith that they will become masters of the pure world by becoming pure now. Without becoming pure, the pure world cannot be established. If they had this faith, they could become full helpers. Real children recognise the Father fully and make effort to become worthy. They follow the Father's shrimat and become elevated.

Song: I have come having awakened my fortune...

Om shanti. Children heard the song. Children say that they have come to school. This is not called a *common* spiritual gathering. Only you have the company of the Truth. The Supreme Father, the Supreme Soul, is called the Truth. You children are now sitting in the company of that Truth, that is, the One who is the unlimited Father. There are in fact two fathers; a limited father and the unlimited Father. One is the incorporeal Father of all souls and the other is Prajapita Brahma. You children have now found both fathers. Only the unlimited Father, who is called the Supreme Father, the Supreme Soul is the God of all devotees. There are many devotees but only one God. He is the incorporeal unlimited Father. The other is Prajapita Brahma, the unlimited father and the third is your physical father. Bodies are born through vice. Such children are called a physical creation. This world of the iron age is called the world of sinful souls. The other world is the *viceless world* of charitable souls, the new world. There is just one world, not two. There is only one home, not two. In the beginning, it is called the new home and then it becomes old. When Bharat was new it was called the golden age. It has now become old and so it is called the iron age. This is called the vicious world that gives sorrow. When the world was new, Bharat too was new. Now that the world has become old, Bharat too has become old. There was no religion other than the deity religion, in new Bharat. There was only the kingdom of Lakshmi and Narayan. There were no other lands at that time. It is a matter of 5000 years. Bharat was called heaven. When there was a reduction of two degrees in the silver age, there was the kingdom of Rama and Sita. The deities then went into the warrior religion. The golden and silver ages together are called the land of happiness. When the land of sorrow begins in the copper age, the path of devotion begins. Bharat that is in salvation then goes into degradation. First of all, there is 16 degrees salvation, then 14 degrees salvation and then in the copper age, the path of sin begins and so the people of Bharat begin to become unhappy. It is Ravan who makes you unhappy. Now all are following the dictates of Ravan. No one knows God. His directions are remembered as the highest of all. You have now come to awaken your fortune for the new world. People all make effort for the old world. You know that now there is to be the Mahabharat War in this old world. However, before destruction takes place the new world is needed. The Father is now also making the world new. All of you are children of God. Previously, you were devilish children, and you have now become the children of the One who is ever-pure in order to claim your inheritance of the land of happiness, that is, to claim a deity status. You have come to make your fortune with the unlimited Father. The Father has come once again to give you children unlimited happiness. The people of Bharat have become completely like shells. There are no kings now. It is the rule of people over people. The deities who were pure have now become impure. They sing: Oh Purifier, come! They burn an effigy of Ravan, but Ravan doesn't burn. You will not burn him in the golden age. In the golden age, there was the kingdom of the *world almighty authority* deities. At this time, all have become residents of hell. You now have to go from this side across to the other side. There is just the one Boatman. He comes and takes you from the ocean of poison to the ocean of milk. Wealthy people here believe that they are in heaven and that those who are poor are in hell. They don't know what is meant by heaven. You know that there was the kingdom of lords and ladies of divinity in the golden age. You recognise the unlimited Father and call Him Baba and so you will surely receive your inheritance. You have to remember that you are residents of the land of peace. You have come here from the supreme abode to play your *part*. The Father sits here and explains the full account of how you take 84 births. The Father says: Children, it is now the end of the iron age. You are studying easy yoga here with the Father. You say: Baba, we will definitely go into the sun-dynasty clan. This is your *aim* and *objective*. This is God's school.

God speaks: Children, I have come to change you from humans into deities. Become kings of kings. Become real children and claim your full inheritance. If you follow shrimat, you will become the most elevated. The Father is the Highest on High. Incorporeal God is neither subtle nor corporeal. The deities Brahma, Vishnu and Shankar are subtle. They cannot be called God. God is only One and devotees are many. Baba asks: How many devotees are there? 5 to 6 billion. Devotees are now stumbling around on the path of devotion. Some are stumbling at one place and others somewhere else. All of you are *actors* in the *drama* and so you should know the *Creator* and *Director* of the *drama*. However, you don't know anything. In the golden age there were sun-dynasty deities. Their praise is sung. Both are human beings, so why are they praised? Because God made them like they are. The Father is now changing you from human beings into deities. Then, from deities, you will become warriors etc. Deities reside in the new world and then they become tamopradhan and impure in the old world. The Father comes and makes you worthy once again. He changes you from shells into diamonds. Some of you recognise Him well, whereas other *semi* recognise Him. Those who *semi* recognise Him are called step-children. They don't have the faith: Baba, I will definitely become pure and become a master of the pure world. They don't become His helpers. First of all, you have to belong to the Mother and Father. Baba, I belonged to You. Then I forgot You for half the cycle and I was then influenced by Maya. I now belong to You once again. Only impure ones are respected in this impure world. There are no such things in the golden age. Baba has explained that when people shed their bodies in the golden age, they have a vision beforehand: I will now shed this body and become a baby again. The age of the body has now come to an end. There, there is no untimely death. They shed their old body and take a new one. There are the examples of the snake and the buzzing moth. Even a buzzing moth has that wisdom. People of today don't have that wisdom. You are the true buzzing moths. You buzz knowledge to a *variety* of insects and change them from human beings into deities. The Father has come to make you happy. He has come to teach you easy yoga. No one knows when the Father taught you Raja Yoga. This is why the Father says: Children, follow My directions and become elevated. At this time, all are giving devilish directions. Human beings don't know anything about who God is or where He resides. He is the Incorporeal, so why are you looking for Him here? God says: You say that you are *followers* of Shivananda, but you are not *following* him. Nowadays, they are given so much respect. However, only the shrimat of the one Supreme Father, the Supreme Soul, is remembered. You have now come here to follow God's directions and claim your inheritance from Him. The Father says: Those who stumble around don't know Me. They don't know that God teaches you, gives you your inheritance and makes you into the masters of the world. You have now become free from stumbling around. God speaks: I have come to make you into deities. You BKs know that God comes and gives you children the inheritance of the mastery of the world. You become masters of the world by making effort. The Father is the Creator of the world. You no longer have to stumble around. Those who stumble around don't find God. You are claiming your inheritance of happiness from the Father. All the rest will receive their inheritance of the land of peace. You now end the account of sorrow and are accumulating your account of happiness. All the rest will experience punishment and go to their own *sections*. Children heard the song. You have come here to make your new fortune for the new world. Then, when you have taken 21 births that fortune becomes old. Whether you claim the sun-dynasty kingdom, whether you become wealthy subjects or poor subjects, you now have to make effort. Some subjects too are very wealthy. Some kings even take loans from them. Even now, some subjects are wealthy. It will not be like that in the golden age. The subjects there are a lot wealthier than those who become kings and queens later. They live in big palaces. You can become whatever you want. Everyone is now unhappy. Baba has come to make you constantly happy in heaven, that is, to make you into residents of heaven. At this time, the residents of hell will take birth again in hell. You are making effort to become residents of heaven. Baba has no bodily name. Human beings receive 84 names in 84 births. There are different names, forms, lands and time periods. Shiv Baba receives neither a subtle body nor a corporeal body. He says: I take this one on *loan*. I come when it is this one's stage of retirement. This *drama* continues to be *shot second by second*. You and I met in the previous cycle, we meet now and we will meet again. Each *second* that passes by is the *drama*.

The Father too is bound by the bondage of the *drama*. The Father says: I come and make you children become like diamonds. I am your *most obedient* and *most beloved* Father. I also become your *Teacher* and *Satguru*. I don't have a Father, *Teacher* or *Guru*. I Myself am the Father of all. I am *knowledge-full*. I don't have a guru. I Myself am the Bestower of Salvation for All. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Buzz knowledge like a buzzing moth and do the service of changing human beings into deities. Follow the Father's shrimat and become constantly happy and make others the same.
2. In order to make your fortune elevated, definitely become pure. In order to take everyone from the ocean of poison to the ocean of milk, become a boatman, the same as the Father.

Blessing: May you be a spinner of the discus of self-realisation and, by becoming *master knowledge-full*, know the horoscope of 5000 years.
Those who become spinners of the discus of self-realisation now claim a right to the fortune of the kingdom and become rulers of the globe in the future. To be a spinner of the discus of self-realisation means to know your different *parts* in the whole cycle. You children especially know your horoscope of 5000 years now and have become *master knowledge-full*. All of you now know the special thing, which is, by making your life like a diamond in this final birth, you will become someone who plays a *hero part* throughout the cycle.

Slogan: Colour your companions with the Father's company and you will not be coloured by their company.

*** OM SHANTI ***

Essence: Sweet children, first of all have mercy on yourself. Then it is your duty to show your family the true way to go to heaven. Therefore, make full effort to make them worthy too.

Question: On the basis of which *race* will you become the masters of Shivalaya?

Answer: Run the *race of following* the Mother and Father. Make a promise for purity for one birth. Remove your heart from hell. Shiv Baba is establishing Shivalaya for you where you will rule in the living form. By remembering the Father and heaven whilst at your business you will receive the tilak of sovereignty, that is, you will become the masters of Shivalaya.

Song: You are the Mother and Father...

Om shanti. You have to say something or other: Om shanti or Salutations to Shiva. They say “Salutations to the Supreme Soul” whereas we say “Om shanti”. This is giving the introduction of the self and the Father. Those people sing the praise: “You are the Mother and Father...”, and you are the children. The Father, whom devotees praise on the path of devotion, is personally sitting here in front of you today. He definitely was in front of you and is now once again sitting personally in front of you. Only you children now know these things. Devotees don’t know this. You children know that there is only the one Father who is praised. That Father is giving you children so much happiness that you won’t become unhappy again for 21 births. You are personally sitting in front of such a Father. You know that He is your unlimited Father and that He is now serving to give us the happiness of heaven. The Father always creates the children, serves them and makes them worthy. It is as though the Father becomes a slave of the children. A physical father also makes so much effort to sustain the children. Day and night he is concerned to serve the children and make them worthy. He is the slave of a limited creation whereas this One is the unlimited Father. This One also says: Children, *follow* fully and become the masters of heaven by claiming your full inheritance. You always have to have mercy for children. A *sensible* father would say: Why should I not enable the children to earn this true income with me? Physical sustenance has been given to the physical children for half the cycle. He created the children, brought them up and made them worthy. He made a *will* for the children, shed his body and then took another birth. He is a limited father whereas this One is the unlimited Father. That one is a limited Brahma. He creates a creation and then becomes their slave. He has to work very hard to ensure that children don’t become spoilt through bad company and defame his name. However, that is temporary happiness. They don’t know whether their child will turn out to be worthy or unworthy. Some are so unworthy that they completely ruin everything. They completely waste their father’s wealth. This is why there has to be great caution. The unlimited Father is concerned so much. He says: You too claim your inheritance and also give the inheritance to your creation. However, even then, if the children are unworthy, they disobey the Father. The Father says: “Study” but they don’t study. They don’t become pure. Scarcely a few, a handful out of multimillions, emerge who are obedient. You receive shrimat here. “You are the Mother and Father.” This is praise of just the One. However, because of not knowing, people say in front of Krishna and Lakshmi and Narayan: You are the Mother and Father. That too is blind faith. Lakshmi and Narayan experience their reward. They have their own children. How can they be called the Mother and Father? In fact, this praise belongs to only the One. You heard in the song: The Highest on High is Shiv Baba. He is the Bestower of Salvation for All. He is the One who takes everyone to the land of peace and the land of happiness. Therefore, you must definitely follow the shrimat of such a Father. They understand that it is only from the Mother and Father that they receive a lot of happiness for 21 births. However, hardly anyone follows such shrimat. You receive a very elevated inheritance. The Father says: I have brought heaven on the palm of My hand for you children. You will become worthy when you follow shrimat. You have to take shrimat at every step. If you don’t follow His directions, you won’t be able to claim a high status. There was the kingdom of Lakshmi and Narayan in heaven. No one knows this. Previously, we also used to say: So-and-so became a resident of heaven. Or, when a sannyasi dies, they would say that he merged with the light. However, no one goes there. Only the one Father is the Bestower of Liberation and Liberation-in-life. No one can go back until He comes. That is the incorporeal world. Incorporeal souls and the incorporeal Father reside there and that is also called the supreme abode. Those who have arrogance of *science* understand that they

take birth here and die here too, just like mosquitoes. No one knows about the world cycle. No one can understand anything with the notion of omnipresence. You have now found the Father. He says: Children, now return home. I have come to take everyone back exactly as in the previous cycle. You souls have a lot of alloy in you. Everyone's soul and body have become *iron-aged*. They have to become satopradhan once again. When you souls were satopradhan, the *world was golden-aged*. Pure souls had bodies that were like pure gold. They were called real jewellery. Look at what they have become now. Not even 1% real gold remains now. Alloy has been mixed in. The Father now says: Simply remember Me, your Father and you will continue to become real gold and the soul will begin to fly. Now the wings have been broken. You will attain a status according to how much effort you make. This study is so elevated. God speaks: I teach you Raja Yoga through which you become kings of kings. You will become worthy of being worshipped by even the kings who are worshippers and who indulge in vice. It is remembered: You are worthy of worship and become worshippers yourself. You know that you were worthy-of-worship deities, and then you became moon-dynasty worthy of worship. We become worthy-of-worship and worshippers. The Father comes and makes us worthy of worship from worshippers. There is now victory for knowledge. The night of Brahma and the Brahma Kumars and Kumaris is now coming to an end. Those who study the scriptures do not know when the night begins. The day of Brahma is the golden and silver ages. The night begins from the copper age. All of these things are in the intellect of you children. Having completed our 84 births we will once again experience our fortune of the kingdom. This knowledge will not remain in the golden age. There, there is the reward. There too, you receive your inheritance from your father. However, that is the reward of this time that you receive for 21 births. The whole play is based on Bharat. The kingdom of deities that existed in the golden age has now become devilish. There is the rule of the people over the people. The Father says: Children, *hear no evil, see no evil...* They show an image of monkeys. At present, humans have become like monkeys. This is why they show the faces of monkeys, but it applies to this time. This is called the extreme depths of hell. They continue to sting one another like scorpions etc. Children kill their father. Maya has made everyone *dirty*. Bharat was *heaven* and now it is *hell*. The 84 births are of the people of Bharat. The Father says: I explain so much to you. He says: *I am your most obedient Father, Father-Servant, Teacher-Servant and Guru-Servant*. I have now come. Guides too are *servants* of the pilgrims; they show them the path. I have now become the *Guide* to take you children to heaven. *I liberate* you. *History* will definitely *repeat*. In the Granth, it says: I am the Truth and that which is true will take place... God is incorporeal. This is the praise of God. On the one hand they say that He is beyond birth (ajoni) and on the other hand they say that He is omnipresent. Wherever I look, I only see You. We have come here to enjoy ourselves. Many people say this. The Father now says: Children, all of those things will make you drown. The notion of omnipresence drowns you. The Father explains so much to you. Some very quickly have the faith that they have to claim their inheritance from the Father. You cannot find another *Father* as *sweet* as this One. It is the Father who establishes heaven. Only when we find the Father do we become the masters of heaven. You should quickly make such a Father belong to you. I want the children who belonged to Me in the previous cycle; they are the ones who will come and become worthy or unworthy as they did in the previous cycle. The responsibility of the mother and the children is with the Father, the *Creator*. It is His duty to also make the children into the masters of heaven. First of all have mercy on yourself. It isn't that Baba gives blessings, otherwise everyone would become Lakshmi or Narayan. This is a big examination. Only 8 win the *scholarship*. Then there are the 108. There is a *lottery*. The Father says: Forget your body and all bodily relations. Consider yourself to be a bodiless soul and have the faith that you are a soul. It isn't that you are God. They say that the soul is the Supreme Soul. They believe that a soul will merge with the Supreme Soul and until he merges in Him, a soul cannot be called the Supreme Soul. However, no one merges in Him. This *drama* is eternally predestined. All *actors* have received their own *part* which they have to play. Every soul has an *immortal part* recorded in him. No one but the Father can explain to you. The Father comes and gives you children the knowledge of the beginning, the middle and the end and makes you trikaldarshi. In pictures, they show deities with the third eye. In fact, neither deities nor shudras have the third eye. Only you Brahmins have the third eye of

knowledge with which you know the *occupation* of everyone. You know the condition of the land of truth and the land of falsehood. Amongst you too, it is numberwise according to the effort you make. This is a school. There is no question of blind faith here. Continue to do your business etc. Simply remember your Father and heaven and the tilak of the kingdom will be applied on you. It is the soul that remembers. The sanskars are in the soul. Baba says to souls: I am your Father. You claimed your inheritance in the previous cycle too. You ruled the sun-dynasty kingdom and then you went into the moon dynasty. The degrees continued to decrease and then you became merchants and then shudras. You have now remembered that the play is coming to an end. Constantly remember Me alone and your sins will be absolved. If you don't follow shrimat but become body conscious, you will be hurt. Then the omens of Jupiter will change and bad omens will come. If you divorce the Father, you will become a resident of extreme hell. The Father says: If you want to claim a high status, then *race*. If you claim a high status now, you will claim it every cycle. Simply promise to remain pure for one birth and you will become a master of heaven for 21 births. Now remove your heart from hell. Shiv Baba is establishing Shivalaya for you where you living deities will rule. So, do you want to become a master of Shivalaya? *Follow the mother and father*. Whatever they have is all for you children. You are the ones who will become kings. You were that. You have now become beggars. It is not a question of those of other religions. It is those who belonged to the deity religion who have been *converted* into other religions. This is why the population of Hindus has declined. Otherwise, the population of Bharat should be the largest. God is teaching you. Therefore, you should pay so much attention. This is a very *wonderful* study. Old ones, children and young ones are all studying here. Even those who are ill can study. If you don't remember the Father and the inheritance, Maya will slap you. You should write in *blood*: I will remember Baba day and night. I will hold onto Baba's hand very tightly. I will do whatever Baba says. Shiv Baba says: Look after your children. Out of whatever is left, give two handfuls for Shiv Baba's *service* and in return for that, the reward you will receive will be equal to what a wealthy person would receive by giving a hundred thousand. You receive the instant practical fruit. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Forget your body and all bodily relations and practise becoming a bodiless soul. Take shrimat from the Father and follow it at every step.
2. Pay full attention to the study. Have a determined thought: I will remember Baba alone day and night and I will definitely do that which Baba tells me to do. *Hear no evil, see no evil..*

Blessing: May you be an embodiment of remembrance and maintain happiness and intoxication by keeping both your forms of the beginning and the end in front of you.

Just as Adi Dev Brahma and the first soul, Shri Krishna, are both shown as different and together, in the same way, keep both your Brahmin form and your deity form in front of you and see how much of an elevated soul you have remained from the beginning to the end. You attained your fortune of the kingdom for half the cycle and also became respect-worthy and worship-worthy for half the cycle. By maintaining this intoxication and happiness, you will become an embodiment of remembrance.

Slogan: Those who have a lot of wealth of knowledge experience being complete.

*** O M S H A N T I ***

Essence: Sweet children, you are spiritual *social workers*. You have to serve to make Bharat into heaven and make the land of sorrow into the land of happiness.

Question: In which aspect do you Brahmin children become *experts* at the confluence age?

Answer: You have now become *experts* in fulfilling the desires of all human souls. Human beings desire to attain liberation and liberation-in-life and you have to fulfil that desire. You show everyone the path to peace. Peace is not found in the forests, but the original religion of the soul is peace. Become *detached* from your body and remember the Father and you will receive the inheritance of peace and happiness.

Song: Look at your face in the mirror of your heart, oh man...

Om shanti. The unlimited Father is explaining to His long-lost and now-found children, the ones who know the Father and have taken refuge with Him. It is said: God, I have come to seek refuge with You. Refuge is taken when the Father comes and explains to you children. Devotees seek refuge with God because, here, everyone is unhappy. Bharat is the land of sorrow. They continue to cause one another sorrow. The Father has explained that this is your gathering of swans. No one except pure children can come here. The Father explains: Children, pure Bharat is called the land of happiness. No other land can be called the land of happiness. Bharat becomes the land of happiness and Bharat becomes the land of sorrow. People of Bharat are very unhappy because they are impure. However, no one explains these things to them. The Father explains: Sannyasis are pure and they leave their home and family but they themselves sing: The Purifier is Rama who belongs to Sita. You have now come to the Purifier Father. The one Supreme Father, the Supreme Soul, purifies the whole world. Human beings cannot purify human beings. This is the impure world. Not a single person is pure. They say: Oh Supreme Father, Supreme Soul! Then they say that God is omnipresent. Shivohum, tattvam! (I am Shiva, and the same applies to you.) All the poor helpless people have forgotten the Father. When a person is drunk, then, although he may have become bankrupt, he becomes very deeply intoxicated because of the alcohol. In the same way, people don't know that it is these vices that make them impure. This is why, in order to become pure, sannyasis leave their home and family. However, that is the path of isolation. The Father has come here. Those who have been unhappy for half a cycle come here and take refuge. It is Maya that makes you unhappy. Everyone is greatly diseased with the 5 vices. Ravan has made human beings into complete devils. When this land completely becomes the land of sorrow, the Father comes and establishes the land of happiness. You are spiritual *social workers*. The Father makes you do service: Children, make this Bharat into heaven. Everything depends on yoga. If someone stays in yoga very well for 7 days, it would be a wonder. Generally, hardly anyone is able to stay in yoga. They remember their home or their mind wanders everywhere. Seven days are very well-known. They hold readings of the Gita, Bhagawad, Granth etc. for 7 days. This system is of this confluence age. You have to stay in a bhatthi for 7 days. No one should be remembered. Your yoga should be connected to the one Father alone. It is very difficult to stay in this stage constantly for 7 days. The memorial of you children is also here. You are now sitting beneath the tree and doing the tapasya of Raja Yoga. There is Jagadamba and also you children. You are the ones who will fulfil all the desires of all human beings for heaven, that is, you are those who give the fruit of liberation and liberation-in-life. You are *experts*. No one in the world knows what liberation and liberation-in-life are. They don't know who gives it or who can make everyone in the impure world pure. Sannyasis leave their home and family for peace and they go into the forests, but they cannot find peace. The original religion of souls is peace and yet people search for it outside. No one knows that the original religion of the soul is peace. (The example of the queen's necklace.) These are your *organs*, and you can make them work or not. I, the soul, *detach* myself from this body, just as the soul becomes *detached* at night. The soul forgets everything. That is called sleep. Here, you simply sit in peace. The soul says: Having made the physical organs work I have become tired. Achcha. *Detach* yourself from the body. These are your *organs* to work with. Only the Father gives you this *knowledge*. *Detach* yourself and sit down. Don't say anything. However, for how long would you sit *detached* in this way? You know that no one can stay without performing actions. You become *detached*, but you also need the benefit of that. If you only *detach* yourself, there will not be that much benefit. *Detach* yourself and remember Me and you will be benefited and receive power. The Father explains to His

children: Children, this is the court of the knowledge of Indra. All of you sitting here are jewels. If anyone with a stone-intellect sits here, he will spoil the atmosphere because he will not stay in remembrance of Shiv Baba. He will continue to remember his friends and relatives. You have to remember your Father constantly. This is not a *common* spiritual gathering. This is a big *university*. If an uneducated person sat in a *medical college*, he wouldn't understand anything. He wouldn't be *allowed* in. He wouldn't be able to understand anything by simply observing. Impure, vicious human beings too cannot understand this *knowledge*. This is why such people are not *allowed* here. When someone asks to come to *class* to listen to a *lecture* they wouldn't be able to understand anything. This is a *university* to change from dirty beings into clean and pure deities. No such beings are *allowed* here just like that. They cannot know the Father. The Father is incognito. You know that you have taken refuge with the unlimited Father in order to claim from the Father the inheritance of constant happiness. The Father Himself says: This body of Brahma is the last one of many births and in its stage of retirement. This one has also studied many scriptures. I am now telling you the essence of all the Vedas and scriptures through this one. They have shown the scriptures in the hands of Brahma. They show Brahma emerging from the navel of Vishnu. It has been explained how Brahma emerges from the navel of Vishnu and how Vishnu emerged from the navel of Brahma, how Brahma and Saraswati become Lakshmi and Narayan, and then, having completed their 84 births, how they become Brahma and Saraswati at the end. They have then shown Nehru emerging from the navel of Gandhiji. There is no ocean of milk here. This is the ocean of poison. They show an ocean of milk in the golden age. You know that Maya made you unhappy for half the cycle. No other place is as unhappy as Bharat. No other place can be as happy as Bharat either. The Father says: The deity religion has to disappear. Only then do I come and once again establish the new religion. It is truly being established now. You children have come and are claiming your inheritance from the Father. You know who rules in heaven. In their childhood, they are Radhe and Krishna and they then become Lakshmi and Narayan. The Father has now come. Lakshmi and Narayan are studying with a different name and form. The ugly form of Shri Krishna is sitting here. The Father takes this one across to the other side. In the scriptures, they have shown Krishna being carried in a basket across to the other side. Shiv Baba has now come. He sits you children on His eyes and takes you to His home and then sends you to heaven. The Father teaches the whole clan and then takes them from the land of Kans to the land of Krishna. It is not a question of just one. He removes all of you from the land of Ravan, sits you on His eyes and takes you to the land of happiness. I have come to enable you children to reach heaven. Then, this old world will be destroyed. They have mentioned the war in the scriptures. However, they don't understand anything. This Dada also studied many scriptures. Baba says: Now forget all of them and constantly remember Me alone. I am the Satguru of all. The iron age is called the land of Kans and the golden age is called the land of Krishna. I am now taking you from the land of Ravan to the land of Rama, the land of Krishna. Will you go to the land of happiness, the land of Krishna? They sing: Chant the name of Radhe-Govinda. That is the path of bhakti. You are now once again becoming Radhe and Govinda. Now you have neither of the two crowns - neither the crown of *light* nor of the kingdom. Only those who are pure are given the crown of *light*. Lakshmi and Narayan are ever-pure. They never have to renounce anything. Sannyasis take birth, then renounce their home and family in order to become pure. You have renunciation in this one birth for 21 births. They don't become pure for 21 births. They take birth to vicious ones, they become impure and then they leave home in order to become pure. That is rajoguni renunciation. The Father says: I am *knowledge-full*. *Knowledge-full*, *blissful*. I alone have the *full knowledge*. I give you children the *full knowledge* of the subtle region, the incorporeal world and the corporeal world and the beginning, the middle and the end of the world through which you become *full*. Deities are *full*. You children have come into the lap of the Father. You know that you are following shrimat and once again claiming your fortune of the kingdom. This is a game of victory and defeat. Those who are defeated by Maya are defeated by everything. Those who conquer Maya conquer everything. You have yoga with the Almighty Authority Father, take power from Him and gain victory over Maya. You understand that your *drama* of 84 births is now coming to an end. We are once again claiming our fortune of the kingdom. Lakshmi and Narayan are shown in an ocean of milk. This is the ocean of poison. Radhe and Krishna are young children. People rock Krishna in a cradle with a lot of love

because they believe he was the *prince* of heaven. Krishna is said to be 16 celestial degrees full and Rama 14 degrees. That same Krishna also becomes 14 degrees from 16 celestial degrees full. He has to take rebirth. Baba has explained that not everyone takes the full 84 births. Those of other religions do not take 84 births. These things have to be understood. You have to definitely receive your inheritance from the *Father*. He is the Creator of heaven, and so He would surely make you into the masters of heaven. That *Father* resides in the supreme abode. We too come from there. You have to remember Baba very well. You will receive peace through remembrance. People ask: How can we have yoga with God? They become confused. You have received this full understanding. The Father comes at the confluence of the land of sorrow and the land of happiness. The end of the iron age is the land of sorrow, and the beginning of the golden age is the land of happiness. Only the Father removes you from the land of sorrow and makes you sit in the land of happiness. This is a matter of understanding. No one without purity can study this knowledge. This is why impure ones are not allowed to sit here. You have to explain: You have been greatly diseased for half the cycle. Maya has made you greatly diseased and this is why you are first kept in a bhatthi. You children know the *occupation* of everyone. When you go to the Shiva Temple, you understand that that Baba is the Bestower of Liberation and Salvation. Bharat is the greatest pilgrimage place. However, they have put Krishna's name in the Gita. They have made Shiv Baba's name disappear. Shiv Baba Himself comes and liberates everyone from sorrow. The water of the Ganges is not the Purifier. That comes from the mountains. How can that be called the Purifier? That is called blind faith. Look what human beings continue to do! It is sung that no other birth is as valuable as a human birth. Your present birth, when the Father has come, is valuable. This is your most valuable birth. You become pure and make Bharat into heaven. This is why you Shiv Shaktis, you mothers of Bharat, have been remembered. You know that with the help of purity, Baba makes not only Bharat, but the whole world, pure. Those who give their finger of purity and who remain manmanabhav are helpers. You understand the meaning of this. This Dada didn't understand at first either. He adopted many gurus and studied many scriptures. This is why Baba says: Constantly remember Me alone. I alone am your everything. I am the Bestower of Liberation and Liberation-in-Life. Human beings are impure. You have now come to Shiv Baba to claim your inheritance through Brahma. No one can come here without this faith. If they did, they would spread even more peacelessness. You take Bharat into *supreme* peace. This is the task of establishment which human beings cannot carry out. You are doing this with Shiv Baba's help. What *prize* do you receive? You become the masters of heaven. If, after belonging to such a Baba, you don't have faith in the intellect, then Maya swallows you totally. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Renounce the old world in this one birth and become the Father's complete helpers. Give your finger of purity and remain manmanabhav.
2. Do the service of taking Bharat into *supreme* peace. *Detach* yourself from this body, stay in the Father's remembrance and take power from Him. Give the donation of peace.

Blessing: May you be a jewel of the forehead (mastakmani) and constantly keep the awareness of the Father *emerged* in the centre of your forehead.

A jewel of the forehead is someone who constantly has remembrance of the Father in his forehead. This is called a high *stage*. Consider yourself to be an elevated soul who has such a high *stage* and continue to move forward. Those who remain in this high *stage* easily overcome many different situations down below. The problems remain down below and they themselves go up above. The place of a jewel of the forehead is high on the forehead. Therefore, don't come down, always remain up above.

Slogan: In order to experience the stage of a carefree emperor, transfer "mine" into "Yours".

*** OM SHANTI ***

The easy way to make your thoughts fruitful.

Today, the World Creator, the World Benefactor Father, went everywhere in order to tour around the world and in order to look after all the special children. He saw the gyani souls and also the loving and co-operative children. He saw the devotee children and also the children who have no knowledge. He saw all the various souls totally absorbed in their own love. Some were lost in carrying out a particular task, some were absorbed in the task of breaking something, and others were absorbed in the task of mending, but all were definitely absorbed. The thought in everyone's mind was: Let me find something. Let me take something. Let me attain something. Each one was engaged in his own task with that aim. Although they had limited attainments, Baba saw in all directions that everyone had the same thought: I should find something, let me become something. In the midst of this Baba especially saw the Brahmin children. Whether in this land or abroad, Baba saw the same thought in each one: Let me now do something. Let me do something special for the unlimited task. Let me imbibe a speciality in myself and become a special soul. Baba saw such enthusiasm in the *majority* of children. Baba saw in each one's efforts, and also the atmosphere of the time, the practical form of the seed of zeal and enthusiasm. In order to again and again make this seed of enthusiasm constant, it has to be watered with *attention*, and *checking*, that is, the way to make it grow is to continue to give it sunshine. It is in this that you become numberwise. Everyone knows how to sow seeds, but the difference is created in sustaining it and making it bear fruit.

Every day at amrit vela, BapDada sees this game or effort of love that you children make throughout the day. Each one of you has the best of all thoughts of enthusiasm for the self and for service: "From now on, I will do this and I will do this. I will definitely do this. I will definitely do this and show everyone." You continue to sow seeds of such elevated thoughts. In your heart-to-heart conversations with BapDada, you say very sweet things, but what happens when you sustain that thought, that is, that seed, to put it into a *practical* form? In one thing or another, either in the method of making it grow, or in the speciality of making it fruitful, you become numberwise according to your capacity. The easy way to make the seed of any thought fruitful is just one thing: Constantly continue to fill that seed with the strength of all powers from the Father, the Seed, at all times. Through the Seed form, the seed of your thoughts will easily and automatically grow and become fruitful. However, because of not having a constant *connection* with the Seed, you make other souls or other facilities the method of growth. And, because of this, you take more time and effort in the expansion of "Should I do it like this or like that? I should do it like this." You make another soul or another facility your support. Instead of receiving water and sunshine from the Ocean and the Sun, you water it with all the other facilities and give it sakaash by considering souls to be your support, and thus the seed cannot become fruitful. This is why, even after making effort, even after giving your time, when there isn't the attainment of visible fruit, your enthusiasm decreases as you move along, and you become disheartened with yourself, with your companions and with service. The waves of sometimes happiness and sometimes sadness make the boat of Brahmin life sometimes rock and sometimes move along well. Nowadays, this is the condition of the lives of some of you children. You are moving along, you are carrying out a task, but you are not having the experiences that you should and therefore, although there is happiness, you are not dancing in happiness. You are moving along but not at a fast speed. You are content that you have become those who have an elevated life, that you now belong to the Father, that you are now servers, and have moved away from the world of sorrow and suffering. However, in the midst of contentment, even against your conscious wish and without your understanding why it happens, waves of discontentment emerge. This is because although knowledge is easy, and remembrance is easy, it is sometimes easy and sometimes difficult to be loving and detached in your relationships and connections and to fulfil that responsibility.

The Brahmin family and the household of service are called relationships and connections. It is in this that you don't have the experiences that you should of something or other. This is why there are both types of

wave. Now, because of the closeness of time, this speed of effort will not enable you to reach your final destination according to the time. It is now time to become a destroyer of obstacles and to enable unhappy souls to experience happiness and comfort in the midst of the obstacles of the world. Only someone who has the stage of a destroyer of obstacles over a long period of time is able to carry out the task of destroying obstacles. If you are even now still busy in ending the obstacles that have come in your life, and you use your energy for that, how would you be able to become instruments to give power to others? Become free from obstacles and accumulate a *stock* of powers, for only then will you become an embodiment of power and be able to carry out the task of a destroyer of obstacles. Do you understand?

Baba saw two things especially. The children in Bharat who don't have knowledge are busy taking a *seat* or in helping someone else to take a *seat*. Day and night, and even in their dreams, they only see the *seat*, whereas Brahmin children are engaged in *setting* themselves. You have received the *seat*, but you are *setting* yourselves. Abroad, they are engaged in finding a method to protect themselves from the destructive force that they themselves have created. The life of the *majority* is not a life, but a *question mark*. Those without knowledge are searching for their protection whereas the gyani children are engaged in hoisting the flag of revelation. The condition of the people of the world is: "Now, save us from this distress!" Give souls who are wandering in many types of distress the destination of peace. Achcha.

To those who are always *set* on their *seat* of the stage of perfection; to those who are destroyers of obstacles of the self and the world; to those who make every seed of elevated thought fruitful by having a relationship with the Father, the Seed, and who eat the practical fruit of that; to the children who always remain content and are jewels of contentment, BapDada's love, remembrance and namaste.

BapDada meeting the kumaris of the *Hostel*:

1. You remain happy on seeing your fortune, do you not? You have been saved from taking the wrong path. Instead of losing, you have made your life one in which you earn. In worldly life, without knowledge, there is nothing but losing, whereas in gyani life, at every *second*, there is nothing but earning. All Brahmins are fortunate anyway, but kumaris are *doubly* fortunate. And to become a Brahma Kumari in a kumari life, to become a Brahmin, is very great. It is not a small thing. It is a very big thing. Do you have the intoxication of what you have become? From being an ordinary kumari, you have become a Shakti form. You are the Shaktis who destroy Maya, are you not? You are not those who are afraid of Maya, but those who destroy Maya. You are not weak, you are courageous. You aren't afraid of small things, are you? If you always remember your elevated attainment, those small things will seem like nothing. Now, have you made a deal for your whole life or only for the time that you are in the *hostel*? Whilst having this understanding, no one can ever go from an elevated life into an ordinary life. If you ask a millionaire to become poor, would he become that? If someone becomes that due to his *circumstances*, they don't like it. So, this life is that of having self-sovereignty. You cannot go from this into an ordinary life. So, having become sensible, are you experiencing everything or are you moving along with one another's company? Have you decided with your own intellect? You have created this life with the *judgement* of your own conscience, have you not? Or, have you just come along because your parents asked you to? Achcha.

2. Did you kumaris *offer* yourselves? Will you go on service wherever you are sent? Have you made a firm deal or a weak deal? If it is a firm deal, then are you ready to sit wherever you are made to sit? If you have any bondage, then it is not a true deal. If you yourselves are ready, no one can stop you. A goat can be bound and kept anywhere, but no one can bind a lion. So how can a lioness be bound to anyone? They are free even when they are living in a jungle. So who are you? A lioness. A lioness means one who comes onto the field. When you have one faith and one strength, then, when you children have courage, the Father helps. No matter how strong a bond may be, on the basis of courage, even that strong bond can be easily broken. For instance, it is shown that the locks on the *jail* were opened; similarly, your bonds will

also break. Therefore, become like that. If there is the slightest bond, burn it with the fire of yoga. When it is burnt, no name or trace of it will remain. By breaking it, it can still be tied again with a knot. Therefore, don't break it, but burn it and you will become free for all time. Achcha.

Blessing: May you become immortal by being constantly loving and co-operative and receive the *title* of an imperishable jewel.

Those who always remain loving and co-operative in the task of establishment receive the *title* of an imperishable jewel. They become such imperishable jewels that no one can ever shake them and no obstruction can stop them. Only such imperishable jewels receive the blessing of being immortal. They are *real gold* and the Father's companions and they consider the Father's task to be their own. They constantly remain with the Father and this is why they become imperishable.

Slogan: When you have the accurate dharna of purity, then every action will be accurate and yuktiyukt.
