

Today, I reached the subtle region carrying the love and remembrance of all of you and saw that together with Baba, there was Mama, Didi, Chandermani Dadi, Brijindra Dadi and many other Dadis and senior brothers such as Dada Vishwa Kishor, Dada Anand Kishor, Jagdishbhai etc. sitting in a circle and Mama and Baba were sitting on one side. It felt as though they were discussing something amongst themselves. So, when I reached there, I began to look at all of them. Baba said: Today, you have come to meet Mama, so you can meet her. When I looked at Mama, she gave me very loving drishti and passed her hand over my head.

I said: Mama, today, everyone has especially given you lots of love and remembrance. Today, everyone is remembering you a lot, and Mama smiled. Then I asked Didi: Didi, what was happening? Didi said: Today, Baba has called all of us and we were having a meeting. I asked: Baba, what meeting was taking place? Baba replied: Ask your friends. Saying this, Baba disappeared, but all the sisters, brothers and Mama were still there in front of me, and so I began to ask: Mama, what was happening today? Baba has especially called you today. Mama said: Look, Baba was asking all of us if we were all ready. Didi replied: Yes, we are all ready, now we are just waiting for you. Those who are instruments for destruction are preparing such inventions underground that people don't face difficulty in dying at the time of destruction. They are making preparations so that people are easily able to leave their body. What special preparations are you children who are instruments for the establishment making? What special invention are you creating through which everyone is easily able to receive the Father's message, and are able to go beyond with a glance, as is remembered, and are able to recognise the Father and claim their right. And it should emerge from everyone's lips: Baba has come! Baba has come!

I said: Mama, this time, Dadi has inspired everyone to make a lot of effort in giving the message to so many souls. So many souls have received the message and, everyone has done a lot of service and are still doing service in the villages. Mama smiled and said: That's all, you have given the message to that many souls! You have done service in so many villages, but how many children of the Father emerged through that? How many children emerged who are able to go beyond with a glance? How many heirs emerged? Have you created the rosary of yours that is remembered of 108, 16,000 and 900,000? I began to smile. Mama said: They receive the message, but the arrow hasn't yet hit that the Father (God) has come and is making us pure from impure and will take us home.

So Mama was looking at me and giving drishti with a lot of love and at the same time, it was as though she was also thinking about something. Then she said: Look, Baba always continues to give us signals about everything. He continues to call us from time to time, and He also asks for the chart from all of the advance party that is instrumental for the establishment. He also tells us about the future plans, whereas for all of you, Baba comes in the corporeal form and explains everything to you, He teaches you everything and also gives you the experience, and yet, why is there so much delay in the task of the establishment? Do you know the reason for this? I remained silent and then Mama said: Until children become free from the bondage of "I, mine, nature and attachment", they are unable to create the impact that they should be able to create. People become influenced for a short time, but they go back to that world and become the same as they were. I said: Mama, what should we all do now? Mama said: Just as the scientists who are instruments for destruction create inventions, have programmes and put everything into practical form, in the same way, you who have the power of silence should also have meetings amongst yourselves of how to give others the experience of peace. Just as a lighthouse gives light, you too should become mobile lighthouses so that others who see you receive inspiration and have an experience. At the time of Baba's final stage, when someone came in front of Baba, that person would fly, experience supreme peace and experience becoming detached from the body. You are Shiv Shaktis. When souls come in front of you they should be able to go beyond with a glance and become bodiless. Now make a programme for this, and when you do this in a

*practical way, all of you who have the power of silence will also be revealed. So now emerge your power of silence, increase it, experience it and create programmes for it. Together with programmes of service, also create programmes for your original stage.*

*It was as though Mama was giving very sweet and loving teachings with a very merciful form and feelings of benevolence. Mama has a lot of love for everyone and she wants that all her companions, the Shaktis, also become ready. Your final stage and the revelation of all of you should take place at the same time. Then Didi and Dadi Chandermani said: All of us are so ready that as soon as Baba tells us, we can begin our task. Why are you all not getting ready? What has happened? Dadi is inspiring so many programmes and all of them are successful, so why don't all of you become Dadi's arms? You have become her arms in just one form of service. Just as Dadi has become loving and detached in her stage, in the same way, all of you also become just as loving and detached. Now, become free from the limited bondages, limited relationships and nature and come into the unlimited. We were having this chit-chat and then Baba came.*

*Baba said: Oh child, you are still having chit-chat. Child, today, you have brought bhog, so didn't you feed it to everyone? I replied: Baba, how can I do that without you? Baba said: Today, you have come to meet Mama. What did you speak about to Mama? I said: Baba, today, Mama has given us a very sweet signal. Baba said: It is the mother's duty to explain to the children. So tell everyone about what Mama has told you and tell everyone: Now, according to the time, let your stage be that of being beyond and practice being bodiless. Tell them to become Shiv Shaktis and come onto the field. Now, you just appear to be Brahma Kumaris, the name of the Brahma Kumaris is glorified, but the name of the Shiv Shaktis is not glorified so much.*

*Then I said: Baba, today, there is 16 types of fruit that Dadi has especially sent for You and Mama. Baba said to Mama: Your most favourite fruit is grapes. You had fed everyone grapes and so today, Baba is first feeding you. Then Mama also fed grapes to Baba. Baba said: Look, today, Baba is especially remembering grapes. Having such chit-chat, Baba fed us bhog with His hands and then all the Dadis and brothers gave special love and remembrance to Dadi and Madhuban niwasis and said: Give lots of love and remembrance to all our friends. Now, quickly become lighthouses and Shiv Shaktis. Take every step with us and hoist the flag of revelation. Saying this, I came back to the corporeal world.*

**\* \* \* Om Shanti \* \* \***

Today, I reached BapDada carrying the love and remembrance from everyone's heart. As I continued to come close to Baba from a distance, very lovely and beautiful rays of light were emerging from Baba's eyes. Experiencing this light, I came close to Baba. Baba said: "Come, My self-sovereign child, come!" As soon as Baba said this, I saw that Baba had invoked all of you children and all of you reached there and were standing in the formation of a heart. Baba was giving everyone drishti, and as our drishti met, there was a shower of colourful diamonds. The diamonds were very light like flowers, and a very beautiful song was also playing at the same time: Congratulations (Badhaai, badhaai), sometimes mubarak (congratulations) and sometimes Congratulations (in English). On hearing the music and experiencing the shower of diamonds, it was as though you all began to dance in your own minds. The atmosphere became one of great happiness and everyone's faces were very happy. In this way, Baba congratulated all the children with the diamonds in the Diamond House.

After this, Baba said: Child, today Baba will show you children a new scene. So, we went off with Baba. What did we see as we moved further? There were circles of light, and the newness of these was that the light was like the light of Paramdham. Generally, you see the light of Paramdham and souls within that light. In the light of Paramdham, normally, all souls are seen as groups, but now, each soul was individually visible as a separate entity, and what appeared from each soul was a circle of light in the shape of a CD. I was seeing circles of light that looked like CDs. These were CDs of light. Normally, CDs are recorded with sound, but here, these CDs had tracks of light on them. I began to look at this scene carefully to understand what Baba was showing me. Then, the words appeared from above in light: "Controlling power and ruling power!" I began to look at Baba and Baba asked: Child, do you understand what this is? The centre point of the circle of light was the soul, and the rest of it was the mind (CD). Baba said: I am showing this to all the children because now, as time is coming close, you need to have a lot of controlling power and ruling power over your mind. This scene disappeared, and I then appeared again in this form.

Then Baba asked: Which children have total control over their mind, their power of thought, and to what percentage? Everyone's face began to give the response. Although no one gave the response in words, Baba caught the response from each one's faces and eyes. Baba said: If you children don't become self-sovereigns, how can you become world sovereigns? Just as a king has authority and says: This is an order. This is the law. In the same way, keep the mind within the law and make it function with order. Baba now wants that all of you children become the masters of the mind, that you are not dependent. You have a right to the inheritance and so you mustn't be dependent on the mind. Baba said: Even now, Baba has seen the result that some children have many waste thoughts, waste vision and attitude. Baba asked: Are you able to stop these now? In order to put a stop, first of all, check whether you have a stock of all powers. By having a stock of all powers, you will be able to put a stop to all waste. This is Baba's desire. All of you children are the lamps of Baba's hopes. So, fulfil this desire.

All the time Baba was talking to the children, all of you were with me. After that, all of you became merged and then Baba emerged both Dadis. I was also there. Both Dadis were on Baba's shoulders, so where was I? So Baba put me on His heart. Then Baba asked both Dadis about the condition –what is the condition of all the children, what is the condition of service? When will all of you become complete and open the gates to the land of liberation with Brahma Baba? The Dadis began to tell Baba that He had the key in His hands. Then Baba asked about the service news. I said: Baba, Dadi Janki has asked: What are the next directions for service? Baba replied: Wherever the children are serving, Baba is happy with them, but as yet, the sound has not spread. So, the media is the means to spread the sound. You have to serve the media with greater attention, so that they speak on your behalf what task you are carrying out.

*Secondly, Baba said: Serve the heads of big organisations. By serving the head, you automatically serve the whole company. Spread the sound such that the sound emerges, "This is the One! This is it". Now, they say, "This is good! This is good!" Now the sound should emerge, "This is it! This is the only One. This is the only One." Their vision should go towards the One. Now, they mix us up with others, but when there is just this One, this is the only One, then everyone's attention will be drawn to the One.*

*Then Baba made both Dadis dance on the palm of His hands. He gave lots and lots and lots of congratulations for service to both Dadis. Baba always garlanded Me with His arms and bid me farewell. Then, I came back in front of all of you. Om Shanti.*

**Essence:** Sweet children, in order to become pure, stay in your original religion, become bodiless and remember the one Father.

**Question:** With what method can new *students* be coloured with the colour of knowledge?

**Answer:** First of all make them sit in a bhatti (furnace) for seven days. It is the custom when anyone comes, to make them fill in a *form*. Only when they first stay in a bhatti for seven days can they be coloured fully. You buzzing moths buzz knowledge and make them the same as yourselves. You know that the *sapling* of the deity religion is now being planted. Those who are the souls of this clan will become engaged in the effort of changing from being greatly diseased to becoming free from disease.

**Song:** The Flame has been lit in the gathering for the moths...

Om shanti. The meaning of om shanti has been explained to you children. Om means I am. Who am I? I am a soul, and my body, the physical organs. The original religion of the soul is *silence*. Whose child is a soul? It would be said: A soul is a child of the Supreme Father, the Supreme Soul. He too is *silence*. Souls reside in the *silence world*, the land of peace. Then, in order to play their *part*, they enter the *talkie world*. The unlimited Father now says: O children, stay in your original religion. Sit in a bodiless stage. Remember the Father. That Father is also called the Flame. This is the gathering of impure human beings. At this time, the world is impure. All human beings are impure. It has been explained that Bharat was pure in the golden age. It was then the household religion, and called the land of happiness. Bharat was pure and is now impure. It is the land of sorrow. This cycle continues to turn. Now, this is the beneficial confluence age when the Father has to come into the impure human world in order to make it pure. Only the Father, who is called the Supreme Father, the Supreme Soul, the Creator, makes the old world into a new world. The God of all devotees is One. The Father says: I too have to enter the impure world and an impure body. I come from the supreme abode only once to make Bharat into the pure deity kingdom. No one knows the *history and geography* of this *world* because all are atheists. Not a single human being is a theist. Because of not knowing the Father, they have become orphans. They continue to fight and quarrel amongst themselves. So much peacelessness exists in every home. At the beginning of the golden age, there was the *one Almighty Authority* deity kingdom. It was the land of happiness. No one knows how that became the land of sorrow. Knowledge is the day of Brahma and devotion is the night of Brahma. Sannyasis speak of knowledge, devotion and disinterest. They leave their home and family and go away into the forests. They have disinterest. Their renunciation is rajoguni whereas this renunciation is satopradhan. In this world of sin, there isn't a single charitable soul. So this whole play is based on Bharat. Bharat was the Golden Sparrow. There used to be plenty of gold and diamonds in Bharat. Golden palaces were built and they were studded with diamonds and jewels. Bharat has now become like a shell. Only the Father makes it like diamonds. You know that you are changing from human beings into deities. That Father has now come into the gathering of impure ones. People believe that the Ganges is the Purifier and so they go there to bathe in it. In spite of that no one has become a charitable soul from a sinful soul. They still continue to go to bathe there year after year. At this time, no one is pure. Until the Father who purifies everyone comes, no one can become pure. The God of the Gita makes you pure. That God is the one Father of all souls. It isn't that all devotees are God or that God is omnipresent. This is defamation of God and this is why it is said: I come whenever there is extreme irreligiousness. This is sung about Bharat. People defame the Father so much, the One who comes and makes Bharat like a diamond. Rishis and munis have been saying: The Creator and His creation are infinite, that is, "Neither this nor that" (neti, neti), we do not know. And people today have been saying that God is omnipresent. The Father says: When they become like that, I come and change sinful souls into charitable souls, into deities. The Bestower of Salvation for All is One. He Himself comes and makes the impure ones pure and makes them worthy. He gives children an inheritance. You have been receiving from your physical father a temporary inheritance. The unlimited Father says: I give you the inheritance of purity, peace and happiness for 21 births. No physical father can give you this. He is the Father, Teacher and also the Ocean of Knowledge. The praise of the Father is very

elevated. He is the Seed of the human world tree. This is the tree of *variety* religions of the human world. The original eternal deity religion is the religion of the golden age. Then other religions *emerge* from that. You now belong to the Brahmin religion. Prior to that you belonged to the shudra religion. Now, from Brahmins, you will become deities and then warriors. You have to go around the cycle of 84 births. You are the first ones to come into the golden age. It is sung: Souls remained separated from the Supreme Soul for a long time. You also heard in the song: We went around in all four directions and yet always remained distant, that is, we couldn't find the Father. It is now the kingdom of Ravan. The kingdom of Rama is the *deity* kingdom. People believe that both heaven and hell are here now. However, that is not possible. When someone dies, people say that he has become a resident of heaven. Therefore, he was surely in hell. So, he also has to take rebirth in hell. People have so many different ideas: one cannot be the same as another. There are so many conflicting ideas. For half the cycle, there are the divine directions of the golden age. Now, there are devilish directions. The people of Bharat should know that parlokik Father whom they remember. Bharat is now like a shell. It has to be made like a diamond. Gandhiji and Nehru wanted there to be the *World Almighty Authority* kingdom of Rama in Bharat. They believed that it was like that at some point in Bharat. It doesn't exist now, for this is why they tried to bring about the Kingdom of Rama. However, that is not in the hands of human beings. You are Brahmins, children of Prajapita Brahma. Incorporeal souls are children of the Supreme Father, the Supreme Soul. The inheritance is for Brahma Kumars and Kumaris. Brahma too receives his inheritance from Shiv Baba. This one is also your brother. All the children are brothers and so there is surely one Father of all souls. Now, you mouth-born Brahmins, you children of Brahma, are brothers and sisters. You receive your inheritance from the Grandfather. All souls, whether they are in a male or a female costume, have a right to their Grandfather's inheritance. Only sons receive an inheritance from a physical grandfather. This One is the unlimited Father. In the golden and silver ages, the people of Bharat received a lot of happiness for 21 generations from the unlimited Father. You have now understood the cycle of 84 births. The Father says: I have come as your *Guide* to take all of you back. You are the ones who come here first, and you are the ones who are here at the end. Then you are the first ones who become deities from human beings. Only those who belong to the deity religion take 84 births. Then, numberwise, everyone continues to take fewer births. Those of other religions will definitely take fewer births. That original eternal deity religion doesn't exist now. It is being established once again. You know when Abraham will come again and how long after him Christ will come. Only human beings would know the *world history and geography*. The Father explains: When all souls become sinful, I come and make them charitable. I am planting the *sapling* of those who became this in the previous cycle. There was just the one religion in the golden age. Now, in the iron age, there are innumerable religions. There is the gathering of impure souls. The Father comes to purify everyone. He alone is the One who grants salvation. Maya, Ravan brings degradation. This is why they sing in front of the deity idols: I am without virtue, I have no virtues. The Father comes and makes impure ones pure and changes them into those who have divine virtues. You are now continuing to imbibe divine virtues. Then there will be the deity kingdom in Bharat. This world is now changing. You are unlimited sannyasis. Their renunciation is limited, whereas this renunciation is unlimited. You forget the whole of the old world and remember your Father and claim your inheritance. The Father says: If you remember Me, then through that remembrance, that is, through that yoga, that is, the fire of yoga, your sins will be absolved. Then you will become conquerors of sinful actions. Baba has explained that when a group of 4 to 5 people come, get each one to fill in a *form* individually, so that you can tell which religion each one belongs to. There are innumerable religions and innumerable directions. The arrow will only strike those who belong to the deity religion. In Karachi, they always explained to each one individually. The custom of getting them to fill a *form* is also necessary. They have to sit in a furnace for seven days because they are greatly diseased. (Example of the buzzing moth) You children are buzzing moths. You have to buzz knowledge and make others the same as yourselves. Only the *sapling* of those of the deity religion will be planted. You children have to learn different tactics. Tell them: When you first understand this for seven days, you will be able to meet Baba and you will then be coloured. All of you are Brahma Kumars and

Kumaris. People don't even ask what all you Brahma Kumars and Kumaris are about or who you are. Oh, but the children of Prajapita Brahma would surely be called Brahma Kumaris and Kumaris, would they not? There cannot be any *criminal assault*. This is Raja Yoga; it is the *God-Fatherly University*. God speaks: I make you into kings of kings. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. In order to become a conqueror of sinful actions, have unlimited disinterest in the whole of the old world. Forget it and stay in remembrance of the one Father.
2. Serve like a buzzing moth to colour others with knowledge. Use tact to make those who are greatly diseased free from disease and atheists into theists.

**Blessing:** May you be healthy in mind and with new types of new awareness of your fortune, experience enjoyment in your efforts.

Because the Brahmin birth is the *last* birth, no matter how weak or ill you are physically, everyone's mind is always healthy. You are those who fly with zeal and enthusiasm. The sign of a *powerful* mind is that it is able to reach wherever it wants in a *second*. For this, constantly continue to sing songs of your fortune and continue to fly. From amrit vela, bring new things relating to your fortune into your awareness. Sometimes keep one type of attainment in front of you, and sometimes, some other attainment in front of you and, through this, there will be enjoyment in your efforts. You won't get *bored*, but will experience newness.

**Slogan:** Perform every action after careful consideration of its past and future (from every angle) and you will continue to achieve success.

\* \* \* O M S H A N T I \* \* \*

**Essence:** Sweet children, don't commit a sin and then hide it. A lot of punishment is accumulated by those who hide their sins and secretly sit in a gathering. Therefore, remain cautious. Never make the gerat mistake of indulging in vice.

**Question:** By always keeping which aim in front of you will you continue to move forward in your effort?

**Answer:** Aim to become a worthy child of the Mother and Father and be seated on the heart-throne. *Follow the Father* at every step. Don't perform any such activity through which you become someone who defames the name of the clan. Such worthy children consider themselves to be pilgrims and constantly remain on the pilgrimage. Pilgrims never become impure on the pilgrimage. If someone is influenced by vice, he becomes totally crushed and all truth is destroyed and he becomes very unhappy.

**Song:** Do not forget the days of your childhood...

Om shanti. This song is only for you children. If, after saying "Mama, Baba" you fall into vice, then understand you have died. This is a destination where great caution is needed. I am a child of that Supreme Father, the Supreme Soul, and I am without an image. In fact, I do not have an image whilst I am there. Then I adopt an image and experience 84 births and then become an adopted child of God. If an adopted child develops faith and then indulges in vice, he dies. You understand that the Father is the One who gives happiness, but then He is also the One who takes the full account through Dharamraj. The Father doesn't cause sorrow. He is the Bestower of Happiness, but Baba has explained that just as the *Government* has Dharamraj with it in the form of the *Chief Justice*, who makes people take an oath, so too here, God Himself says: If you fall into vice and become impure and don't tell Baba about it, there will continue to be one hundredfold punishment. If after becoming a child of the Father, you secretly go through the door to hell, and don't tell Baba about it, you will die completely. Then no matter how much effort you make, you won't be able to gain victory. Baba is warning you. There are many children who hide things from Baba. It is a great sin to indulge in vice. When you hide this, you die. It would be better if such ones didn't become the children. When a child is unworthy, his father would say: The child is better dead. No one should think that Baba doesn't know anyway. Yes, this Brahma is baharyami (the one who knows everything external) and he doesn't know, but that Baba knows very well. The Father says: I have to give happiness. Everyone receives punishment according to his actions. Baba tells everyone. In that too, the women have to remain very cautious. You must never tell lies. Baba is more merciful towards women than men because the women have been harassed a lot. The Father comes and places the urn on the mothers and therefore the mothers have a great *responsibility*. Baba doesn't emphasise anger as much as He does lust. In fact, no one impure can sit in this gathering. Sometimes, Baba has to go and meet impure ones. Eminent people are more impure because they have a lot of wealth. This is why the mothers called out to be protected from being stripped. All are unhappy. Having heard the call of the mothers the Father has come. Mothers should remain very cautious. The names of the mothers are Pukhraj pari, Neelam pari (angels of different jewels). Baba cautions you: Here, you become deities from devils. Impure ones are called devils. This whole world is impure and devilish. Not a single person in the impure world is pure. It is explained about sannyasis that they are not as pure as deities; they still reside in the impure world, and they belong to the path of isolation. In the golden age, all were pure and completely viceless. You have come here to become completely pure because this world is completely impure. Not a single one is pure. The silver age is said to be two degrees less. In the golden age, they are 16 celestial degrees, and then in the silver age there are two degrees less. So, towards the end (of the golden age), they have two children and this is why they are called warriors. Because two degrees have reduced there is a lack of something. In fact, the silver age cannot be called heaven. Heaven is the golden age. You children have to make preparations for the golden age. If you fall into vice, you cannot go to heaven. The main thing is not to become impure. Shiv Baba knows, but how much can He ask each one? After becoming impure, if you hide it, there will have to be severe punishment. The *tribunal* will sit and this Baba will also sit. Dharamraj too will sit. Then Dharamraj will tell you: At that time you indulged in vice and then came and sat in the gathering. You didn't tell Baba.

Now there has to be punishment. Therefore, Baba says: Remain very cautious. You cannot indulge in vice and then sit here. Many such people come and sit at the *centres*. Baba knows, but if He were to tell them not to sit here, then, at some point, they would become devilish and create obstacles. They become *traitors*. They begin to cause an upheaval. This is called the impure kingdom, the world of thorns. There are no kings or queens. As the senior *ministers*, so the people. They would not understand these things. You should remain honest with the true Baba. The Lord is pleased with an honest heart. He will open the lock on your intellect. If the heart is not honest, the lock will not open. Then you will continue to wilt. There will continue to be obstacles and this is why Baba explains to you in advance. It is also written in the scriptures: Devils would come and secretly sit in Indraprasth. People come and sit just like that here and at the *centres*. They come to see what we do and then sit there looking at the kumaris and cause mischief. The unlimited Father now comes and explains to you children. The world doesn't know that they have put Krishna's name instead of the Father's in the Gita. God Himself is the Ocean of Knowledge and He Himself sits here and explains. You have to remember that Father because you now have to return home. You are now on the pilgrimage of remembrance. No one indulges in vice whilst on a pilgrimage. This is a long journey. You are on the pilgrimage for as long as you live. If you indulge in vice whilst on the pilgrimage, you become totally crushed. Always remember that you are on a pilgrimage and mustn't indulge in vice. The world nowadays is very dirty. Even guides on a pilgrimage are very dirty. Baba is very experienced. The Father comes and makes mostly the kumaris and mothers belong to Him. The name Jagadamba Shakti Army is remembered. Baba explains: You have to remember that whatever actions you perform, others who see you will do the same. If BKs have any vices, body consciousness or greed etc., they won't be able to serve. They will fail and then their students will become upset. If a BK is good, she will definitely manage a shop well. Those who serve well become emperors and empresses. Less *service* and you would become maids and servants of the emperors and empresses. Lakshmi and Narayan will have maids and servants. They live with the *kings* and *queens*. Here, you are changing from human beings into deities. You are on a pilgrimage. If you forget the pilgrimage, if you forget Shiv Baba and the *sweet home*, you will be slapped very heavily by Maya. You have to make a lot of effort. Remain safe from the vices. Nothing can remain hidden here. Nothing can remain hidden from Shiv Baba. He has to give punishment. It is said: *Follow the Mother and Father*. The *Father* would not do anything like that. Many children come to Baba and, from their conversation, Baba can tell that someone is impure or that he hardly remains pure. Baba has doubts and then He has to explain in the murli. Many hide this. It is very bad to indulge in vice on a pilgrimage. You will then not be able to be threaded in the rosary of victory. If you wish to become part of the sun dynasty, then whilst on the pilgrimage never become impure. Children continually forget that they are on a pilgrimage. Some don't remember Baba for even an hour or half an hour throughout the day. It is very difficult for them to stay in remembrance of Baba. Then, they go into a *royal* clan but claim the status of maids and servants. Definitely make effort and become seated on the throne of the mother and father. Otherwise, the Father would say that you are an unworthy child who is not progressing well. You Brahmins are on a pilgrimage. If you behave badly and defame the name of the clan, you will experience a lot of punishment. You have been *jailbirds* in the womb for birth after birth. At this time, all human beings are *jailbirds*. They repeatedly continue to experience punishment. You now have to go in the palace of a womb. Therefore, you should make so much effort. No matter where you may be sitting, in a *train* or anywhere else on a pilgrimage, you have to stay in remembrance. You all say that you will marry Lakshmi or Narayan. Therefore, first become like that. If you don't attain a status, what did you do? Baba continues to caution you. When you come to Baba, Baba makes you laugh and entertains you very well. Some are insects of attachment to such an extent that they are like monkeys. Their intellect's yoga with their friends and relatives doesn't break at all. Those who become impure even write to Baba: Baba, I was defeated. I fell into the *gutter* of vice. They become totally crushed. Baba continues to caution you: You are on a pilgrimage. There shouldn't be the vice of lust here otherwise you will become very unhappy. You have to claim your inheritance of Paradise from the Father and so don't ruin everything you have even by mistake. Lust is the greatest enemy. It causes you sorrow from its beginning through the middle to the end. In the

land of death, everyone continues to experience sorrow from the beginning through the middle to the end. The golden age is called the land of immortality. You receive the sovereignty by listening to the story of immortality from Shiv Baba, the Lord of Immortality. The old mothers and the kumaris have been saved from vice and the widows are very fortunate. Shiv Baba is the Husband of all husbands. If you come to God's school and listen to the murli, you will hear new things. The unlimited Father makes you into the masters of heaven, the pure world, and so you should instantly become pure. If you continue to choke and drink poison, you won't be able to imbibe. A golden vessel is required. The Father has to become egoless and come into the impure world. Only the children know Me. Amongst them too, Maya catches hold of some of them by their nose and makes them fall. They don't have *regard*. Oho! God is teaching us! We are so fortunate. Baba is sitting in such an ordinary body. You children also have to become egoless. He is the Incorporeal. He cannot have arrogance of body. You too become egoless. When you die, the world is dead for you. We now have to go to Baba. Why should you remember this graveyard? If you continue to talk to yourself in this way, your mercury of happiness will rise and you will remain constantly cheerful. We are on a pilgrimage with Baba. Baba has come to take us back home. It should not be that Maya cuts off your ears. Then, even though you listen, you won't be able to imbibe knowledge. Your mercury of happiness will not rise. If you donate to many, you will continue to receive blessings from many. The path of knowledge is to remain very sweet with everyone. You mustn't become salt water. Fulfil your responsibility to the vicious relationships and the divine relationships. Become loving to both sides. The Father is pleased to see His worthy children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. We are now on a pilgrimage, and we therefore have to move along very cautiously. We definitely have to remain pure.
2. Become egoless, like the Father. We have to go to Baba. Therefore, remove your attachment to everyone. Have *regard* for everyone.

**Blessing:** May you be a world benefactor and, with your pure and powerful feelings, bring about world transformation.

You children always have the pure feelings in your mind of benefiting everyone, for every soul to become happy for many births and become full of attainments. The fruit of your pure and powerful feelings is the transformation of souls of the world. As you progress, even the elements of nature will be transformed because, according to the *drama*, you confluence-aged elevated souls have received the blessing of receiving practical fruit. Therefore, all the souls who come into relationship and connection with you will experience the fruit of power and love at that time.

**Slogan:** Take decisions while stable in the trikaldarshi stage and there will be success in every action.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, in order to claim your inheritance of liberation-in-life from the Father, become free from all the bondages of Maya. Only those who are liberated in life here can claim the status of liberation-in-life there.

**Question:** How is the seed of this knowledge imperishable?

**Answer:** The sun and moon dynasty kingdoms are established through this knowledge. The kingdom is very big. Souls who have taken knowledge, even though they might have left the path of knowledge in the middle, still come back at the end because they too have to come into the kingdom. Those who have even the slightest knowledge sown in them will come. They cannot go anywhere else. This aspect proves knowledge to be imperishable.

**Song:** No one is as unique as the Innocent Lord...

Om shanti. You children are now sitting in front of the Innocent Lord, Praneshwar (the Bestower of Life), and you know very well that you are once again receiving your inheritance of heaven from the unlimited Master, the Innocent Lord. Your intellect goes there. Truly, you go back to the Father's home with the Father. The Father has come to collect you just as a bridegroom comes to collect his bride. The one Bridegroom comes and makes all brides beautiful. His name is the Purifier. However, children forget the Father. It is in the *drama* for them to forget. The Father comes and explains all the secrets to you. The status of you *lucky* stars is even higher than that of the Father. Just as the Father is the Master of Brahmand, in the same way you too are masters of Brahmand. You used to reside with Me, your Father. Then, you children definitely had to play your *part*. You know that you have come to Trilokinath (Master of the Three Worlds) in order to become the lords of Paradise. The Father says: Children, at this time, you are the masters of the three worlds and I am also the Master of the Three Worlds. Then, when the golden age comes, you become the masters of it; I don't become that. I come to liberate you souls from the sorrow of Ravan. You have received a lot of sorrow from Ravan. You children have understood the *drama*. It doesn't have four ages; it has five ages. The four ages are long ages whereas the confluence age is a *leap* age. You children should pay attention to this *knowledge* because you have become the children of the Ocean of Knowledge. He is praised on the path of bhakti (devotion). You are the Ocean of Knowledge and the Ocean of Peace. This cannot be the praise of the lords of Paradise. They are said to be full of all virtues, sixteen celestial degrees full. There is no one like that in this iron age and so, surely, someone who made them like that must have come. Therefore, only you become the masters of heaven. Brahma, Vishnu and Shankar, who are the deities of the subtle region, are also shown with a partner in order to depict the family path. So heaven also exists here. From the Brahmin clan you will go into the deity clan and then into the warrior clan. Sensible children pay very good attention to their studies. On the path of ignorance too, when someone has a son, they believe that an heir has come. You too say "Mama, Baba" and so you are heirs. Gandhiji was called Bapuji. In fact, in Bharat, they call many "mother and father". People call an elderly person "Pitaji" (father). They say that just for the sake of saying it. This one is the Bapuji of all anyway. The Father is Praneshwar, that is, God of all souls. When you say "Father" your heart experiences the happiness of an inheritance and you have that feeling. The feeling that you children have is also numberwise according to your efforts. Truly, the unlimited Father comes and teaches you Raja Yoga. Brahma, Vishnu and Shankar cannot teach Raja Yoga. God speaks: Deities are human beings with divine virtues. Parmeshwar means *God, the Father*. In Bharat, they speak of *Supreme God, the Father*, and so your intellect goes up above because you know that the Father resides up above. You children now understand that you are residents of that place. We are now sitting personally in front of that Praneshwar. The Father personally reminds you and you therefore have the faith that you are truly not sitting in front of a sage or great soul, but in front of the Mother and Father. Why do you belong to Him? To claim your inheritance for your future 21 births from the Mother and Father. If you don't have faith, why are you sitting here? There has to be a reason. No one can sit in front of someone without recognition. In the world, people recognise one another: This one is a sannyasi, this one is a *Governor*. Here, this Father is incognito, but you understand that the Supreme Father, the Supreme Soul, is the Resident of the supreme abode. Then the question of omnipresence doesn't arise. Souls remember "Oh *God, the Father!*" If they

themselves are God, why do they call out? This is something that needs little understanding. However, Maya makes you such that you don't understand at all. One can't trust what people speak about. Maya makes their intellect doubtful. They call out: "Oh God, the Father!" and then they say that they are the *Father*. So why do they call out? Only a child would say "Father". You only have to remember One. You are now sitting in front of the Father in person. You know that you now belong to the Supreme Father, the Supreme Soul. You are claiming an inheritance from Him. You will now not forget Him. The Father says: Children, become bodiless! Become pure! I have come to take you back. People sing in front of the deity: I am without virtue, I have no virtues. They sing praise of the deities. They consider themselves to be degraded sinners. The world was definitely completely viceless at the beginning. That was called heaven, Shivalaya. It was heaven established by Shiv Baba. The people of Bharat know that heaven exists, but they have forgotten that Bharat was heaven, and that the original eternal deities used to rule there. When someone dies, people say that he has gone to heaven. Heaven exists in the golden age. It cannot exist in the iron age. When people print in the papers that someone has gone to heaven, ask them where heaven is. They believe that that person went to God in the supreme abode, and that that is heaven. Or they say that he has gone to the land of nirvana or they say that he has merged with the light. There is so much difference in the terms they use. That is called the great element of brahm. This is the element of the sky. This cannot be called the great element. That is the great element of brahm, Brahmand, where we souls reside egg-shaped. The Father too resides there. That is called the supreme abode. However, no one can merge with the element of brahm. Many *points* are explained to you children because you are sitting in front of the Father. Devotees continue to look for God. You know who does the most bhakti on the path of bhakti. Definitely those who were worthy of worship at the beginning then became the first worshippers, devotees. Only you children know this. It is sung: You are worthy of worship and you are worshippers. However, those people think that God, the Father, Himself, becomes worthy of worship and a worshipper. That is *wrong*. The Father comes and makes you children worthy of elevated praise. However, not everyone will receive the liberation-in-life of heaven. Liberation-in-life will be received when you become free from the bondages of Maya. Liberation-in-life means to be free from the bondages of Maya. It isn't that everyone will come in the golden age. Only those who study Raja Yoga will come in the golden age. On the path of knowledge, you have to become free from so many bondages. Meera didn't have that many bondages. She simply used to say that she wanted to meet Krishna and would therefore remain pure. You have to go to the land of Krishna. Meera was one of the main, important devotees. You are part of the rosary of victory that is worshipped. The rosary of the devotees is not worshipped. The rosary of those who make Bharat into heaven is worshipped. Devotees worship the rosary of you children. First of all, there is the rosary of Rudra and then it becomes the rosary of Vishnu. No one knows who the rosary represents, they simply continue to turn its beads. You will now no longer turn the beads of the rosary of devotees. Devotees turn the beads of the rosary of you children. You know that your rosary of victory is being created. Then we ourselves will become worshippers and turn the beads of a rosary. You rule the kingdom and you will then become the first ones to turn the beads of a rosary. Others will learn devotion from you. You make the world into heaven. The Father is teaching you Raja Yoga and it is named the Gita. There has to be a name for a religious scripture. Although the knowledge disappears, the scriptures will be created. They have made it into a scripture and called it "Shrimad Bhagawad Gita". They wrote the Gita for the path of devotion. That Gita is not for the path of knowledge. They relate so many different types of Gita. They never say: I am teaching you Raja Yoga. They would say: God left having taught Raja Yoga. Then they sit and study the scriptures of that. We are now listening to that same Gita from God in person and becoming the masters of heaven. The Father says: I only come once to teach you children Raja Yoga and to make you into kings of kings. Until the Bestower of Salvation comes, there will definitely continue to be praise of the path of devotion. Those who came in the previous cycle will come and listen to this again. Many are yet to become this. The sun and moon dynasty-kingdoms are being established and therefore, very many people will come. This is why knowledge is never destroyed. Wealthy subjects, ordinary subjects, maids and servants are all needed. Such a big kingdom is being established. People don't know how the golden-aged

kingdom is established. If they were to know this, they would tell you about it. They have forgotten the Father. Instead of writing “Incorporeal God Shiva speaks” they have written “God Krishna speaks”. Immediately after Shiva Jayanti, there is Krishna Jayanti. Krishna is the Lord of Paradise. This One sits here and makes you into lords of Paradise. They have then shown Krishna in the copper age. The thread of knowledge of Bharat is so entangled. You now have to imbibe this very well and become *knowledge-full*. You have to see with how many *marks* you *pass*. If you *pass* now, you will pass every cycle. You have to study whilst living at home with your family. Nowhere else do old men and women, husband and wife, daughter-in-law etc. all study together. They don’t even study the scriptures like that. They tell women that they mustn’t study the scriptures. Only men become pandits. Here, just look at who is studying. It is a *wonder* at the variety of old women who come here. Whilst living at home, you have to remain pure and study Raja Yoga. You have to become *God-Fatherly students*. This is called the Godly *college* of the Brahma Kumars and Kumaris. God is teaching through Brahma. Brahma didn’t emerge from the navel of Vishnu. It would be said to be the navel of the Supreme Father, the Supreme Soul. Shiv Baba is the Seed. Brahma, Vishnu and Shankar emerged from Him. The meanings of all three are different. You children now understand that Vishnu is always shown with Lakshmi. There is the Nar-Narayan temple (ordinary human and Narayan), and so they have also made him four-armed. If they have Narayan, Lakshmi would surely also be with him. Nar (male) is Narayan and nari (woman) is Lakshmi. They show Nar-Narayan with four arms. They should show Narayan and Lakshmi separately with two arms each. Such an accurate temple should be built. However, people don’t understand anything from the Nar-Narayan temple. Together with Nar-Narayan, they also show Lakshmi. Mahalakshmi is worshipped at Deepmala (festival of lights). Mothers are praised so much. There is great praise of Jagadamba. Amba is very sweet because she is a kumari. This one is a half kumar. There is a lot of praise of kumaris in Bharat. However, they don’t know the importance of that. Jagadamba is praised a lot; the Father isn’t praised as much. The Father has come and uplifted the mothers and so you should become brave and courageous. One has to be courageous to ride a lion. There will be assaults, but now that you belong to the Father, you mustn’t let go of your religion, no matter what happens. Become pure and definitely claim a high status. Meera also became pure. The Father tells you kumaris: Say that you want to become pure and the masters of Paradise. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to become true heirs, you have to become sensible. Imbibe the study very well and become *knowledge-full*. Become praiseworthy, like the Father.
2. In order to become the most elevated in the rosary of victory, continue to cut away the bondage of Maya. Become very, very brave and courageous and definitely become pure.

#### Blessing:

May you be a true server who does subtle service at a fast speed by paying *attention* to solitude and concentration.

In order to serve the unlimited souls of the world from far away, your mind and intellect have to be constantly *free*. Don’t keep your mind and intellect *busy* in trivial, ordinary matters. In order to do fast subtle service, pay special *attention* to solitude and concentration. Even though you are *busy*, every now and again, take a few moments to experience solitude. Although the situations outside may be ones of upheaval, whenever you want, concentrate your mind and intellect in the depths of One within a *second*, for only then will you be able to become a true server and an instrument for unlimited service.

#### Slogan:

A gyani soul is one who understands every secret of knowledge, and performs actions whilst raazyukt (one who knows all secrets), yuktiyukt and योग्य.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, sustain one another with knowledge by exchanging jewels of knowledge. Live with one another with great love.

**Question:** On what basis can you maintain limitless happiness whilst ill or when going through the suffering of karma?

**Answer:** Instil the habit of churning the ocean of knowledge. If any suffering of karma comes or an illness occurs, tell yourself: I have now completed my *part* of 84 births. This is an old shoe through which I have to settle my old karmic accounts. Then, for 21 births, I will become free from all types of illness. There is great happiness when one becomes free from any type of illness.

**Song:** Mother oh mother! You are the bestower of fortune for all.

Om shanti. This is praise of the mothers. Salutations to the mothers! O mothers, you sustain everyone from Shiv Baba's treasure-store. You receive jewels of knowledge from Shiv Baba's treasure-store, that is, you are being sustained from this urn of the nectar of knowledge. In fact, this praise belongs to Shiv Baba, because He is Karankaravanhar, whereas Jagadamba is the mother. Surely there must be other mothers; this is why mothers are praised. The mothers give very good sustenance. Those who live in Shiv Baba's yagya are sustained physically and are also sustained with the imperishable jewels of knowledge. Of those who sustain everyone mothers are in the *majority*. There are many brothers who also sustain sisters. It is not only that sisters sustain brothers. Both sustain one another by exchanging jewels of knowledge. Brothers sustain sisters and sisters sustain brothers. You children should live with one another with great love. People in this world only give poison to one another and it is as though they are each other's enemy. Here, you give the treasures of the imperishable jewels of knowledge. Because they have stone intellects, it is as though they throw stones at one another. It is not that they literally throw stones, that is just an analogy. You are brothers and sisters, Brahma Kumars and Kumaris. Your name is very important. There are Brahma Kumars as well as Kumaris. There is Prajapita Brahma and so there must be Brahma Kumars and Brahma Kumaris as well. They should not become afraid on reading the *board*. The children of Prajapita Brahma must be Brahma Kumars and Kumaris. You have to make your intellect work on this. The mothers have been praised in the song. Jagadamba is Saraswati. There must be sons and daughters as well. There must be a *family*. This is also something to be understood. People understand that it is written: Prajapita Brahma is called "Prajapita Brahma". He is the father of the corporeal world. It is said that the Brahmin clan was created through Prajapita Brahma. Brahmins are the original and eternal clan. In fact, it is *wrong* to say that the deity religion is the original and eternal one. That is the religion of the golden age. The original eternal religion of Brahmins has disappeared. The Supreme Father, the Supreme Soul, establishes the Brahmin religion through Prajapita Brahma. Therefore, this confluence age is even higher than the deity religion. First there is the Brahmin religion, which is called the topknot. It is called the original eternal confluence-aged Brahmin religion. It is such a beautiful secret to understand. Baba has explained: First of all, give the Father's introduction to anyone who comes. This is the main thing. The Brahmins do not have a kingdom. It is written: The golden-aged *deity world sovereignty* is your Godly birthright. The deity religion definitely did exist. However, how and when did they receive that kingdom? This too has to be explained. This is why you definitely have to keep the picture of the Trimurti in front of you. On it is written: The kingdom of heaven is your birthright. You also have to write: Through whom? Make this *board* and each of you should put one up at your home, just as *government officers* have *boards*. Some have *badges* (medals). Just as each one has his own sign, so you should also have a sign. Baba gives *directions*, and it is the task of the children to put them into practice so that *service* can take place at a fast speed. This is something very important. *Doctors, barristers* etc. all have *boards* put up outside their homes. Baba gives *directions*: You should also have a *board* put up: "Come and understand how Shiv Baba gives the kingdom of heaven through Brahma". People will be amazed on seeing it and will come inside to understand more. You can even put up a *board* outside your *flat*. They put up a *board* indicating what their business is. You should learn from one another. However, Maya attacks the children a great deal. They do not have the faith that they are going to Baba. The *part* of 84 births is over and you will go to the new

world of heaven to receive your inheritance. However, you are not able to remember this. Baba says: By all means perform actions, but remember Baba in whatever time you have. Continue to beat the drums that this is the last birth of everyone. You will no longer take rebirth in this land of death. You also understand that this land of death is about to end. First, you have to return to the land of nirvana. You should talk to yourself in this way. This is known as churning the ocean of knowledge. The Father says: You are karma yogis. Don't you have as much wisdom as even a tortoise? They eat grass for their livelihood and then sit down peacefully and withdraw their physical organs. You children have to stay in remembrance of Baba, spin the discus of self-realization and consider yourself to be a *master* seed. The whole knowledge of the tree is merged in the Seed: how it is created, how it is sustained and how the cycle of 84 births of the *drama* spins. The picture of the cycle of 84 births has been created. Human beings think that souls take birth in 8.4 million species. However, the Father has explained that you only take 84 births. Those who belong to the original eternal deity religion, that is, those who become deities from Brahmins, are the ones who take 84 births. You understand these 84 births. It is said: The day of Brahma and the night of Brahma. 84 births are included in this. Make a *board* of the Trimurti and write: This is your Godly birthright; if you wish to claim it, claim it now. *Now or never!* Make effort before the Mahabharat War takes place. You understand what Rama (Shiva) gives and what Ravan gives. For half a cycle it is the kingdom of Rama and for half a cycle the kingdom of Ravan. It is not that God gives sorrow. It is Ravan, the 5 vices, that gives sorrow and makes you *vicious*. You children continue to receive different types of explanation every day and you should therefore remain in happiness. You understand that Shiv Baba teaches every day. It is not that you have to remember the corporeal one. Shiva is teaching you easy Raja Yoga through Brahma Baba. Shiv Baba enters into Prajapita Brahma. No one else can be called Prajapita Brahma. Brahmins are also definitely needed. It has been remembered: Claim your inheritance of liberation and liberation-in-life, that is, your fortune of the kingdom, within a *second*. Children say that they are the children of Shiva Baba. He is the Creator of heaven, and so He will definitely give them the kingdom of heaven. Baba is so *wonderful!* Janak received liberation-in-life in a *second*. This too has been remembered. You understand that you now belong to Shiv Baba. You definitely have to remember Shiv Baba. When children are adopted, they are aware that they were previously children of So-and-so, and that they are now children of someone else. Their heart moves away from their real parents and becomes attached to the parents who adopt them. Here, too, you would say that you are the *adopted* children of Shiva Baba. In that case, what is the benefit in remembering the physical father? The *most beloved* Father gives you such great wealth. The Father makes effort with you children and makes you worthy. You forget such a Father again and again. Everyone else gives you sorrow and yet you remember them and you forget Me, your Father. By all means, live at home, but remember Baba. This requires effort. Simply belong to Me and constantly remember Me and the new world. The whole world is to become a graveyard. If you belong to Me, you will become the masters of the new world. You know that you now belong to Baba and that, in the future, you will become the masters of heaven. Your degrees of happiness should rise. You also understand that your body is old. You have to endure the suffering of karma. Mama and Baba also remain happy whilst experiencing the suffering of karma. There will then be great happiness for the future 21 births. This body is an old shoe and you will continue to endure the suffering of karma. Then you will be liberated from this for 21 births. You become happy when you are freed from an illness. There is happiness when a calamity is removed. You understand that calamities will be removed for several births. We are now returning to Baba. This is churning the ocean of knowledge and extracting *points*. Baba advises you to talk to yourself in this way: I have completed the cycle of 84 births and am now going to Baba. Then I will receive my inheritance from Baba. You also have visions. At this time some of you have visions and some of you don't. For example, Mama never had any visions, whereas Baba had visions. He had visions of destruction and establishment. He had an *accurate* vision of the future. However, he did not initially understand that he was to become Vishnu. He understood later that he was to leave the vicious household religion and go to the viceless household religion. The same applies to you. You also become the same through Baba's study. You have to *race* ahead. However, in the song, Mama is praised. You have come to know who is called Jagadamba. In fact,

who are the Mother and Father? By saying “Mother and Father” Jagadamba will not be remembered. This applies to the Incorporeal One. This is in only your intellects. It is accurate that *God, the Father*, is the Father. He is incorporeal. The mother cannot be incorporeal. Since the *Father* is incorporeal, He would surely have to come here in order to introduce Himself and give you your inheritance. Therefore, He definitely needs a mother. This Brahma is the senior mother and the Grandfather is incorporeal. This is such *wonderful knowledge*. However, this one is a *male* because he is the mouth-born creation. This is *wonderful knowledge*. The Father says: I explain such deep secrets to you. It cannot sit in anyone’s intellect who the Mother and Father is. They think it applies to Krishna. This is the only difference. This is called the one mistake. Someone has to become an instrument. What mistake was made that Bharat became so unhappy? You understand who made you forget Baba. What made you forget Him? It was definitely Maya, Ravan, who made you divorce Him. Just as Baba is Karankaravanhar, so Maya too is Karankaravanhar, the bestower of sorrow. She is karankaravanhar, the bestower of sorrow and Baba is Karankaravanhar, the Bestower of Happiness. Maya turns you away from the Father. The Father Himself says: O souls, now constantly remember Me, your Father. You are My children and you have to claim your inheritance. Simply remember Me and your sins will be absolved. You receive instructions from the unlimited Father through Brahma. It is said: Guru Brahma. This praise belongs to the path of devotion. Guru Brahma is very well known. However, they say that God is omnipresent. Previously, we also used to think that what they said was right. You now understand that Maya made them say this. Maya causes you to make mistakes to bring you down and Baba makes you go beyond making mistakes in order to uplift you. The Father makes your fortune very good. You have to remember the Father; that is very easy. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Consider yourself to be a *master* seed, withdraw from your sense organs and practise sitting in silence.
2. Churn the ocean of knowledge. Stay happy whilst settling your karma. Talk to yourself: I have completed eighty-four births and am now to return home to Baba.

#### Blessing:

May you be a carefree emperor and make yourself *valuable* by having all specialties. Baba Himself *offers* to make you children into His *right hands*, into souls who are serviceable and worthy. Those who are worthy become carefree emperors. No matter whether your specialty is something physical or is knowledge, it makes you *valuable*. If you have no specialty, you have no *value*. The specialty of spiritual service is the greatest. Nothing can stop such a worthy soul. To become worthy means to have just the one Father in your intellect; nothing else.

#### Slogan:

In order to have a constant and stable stage, experience the sweetness of all relationships with the one Father.

\* \* \* O M S H A N T I \* \* \*

**Essence:** Sweet children, the Sustainer of the whole world is the one Father. He never takes sustenance from anyone. Explain and prove to everyone that He is always incorporeal.

**Question:** What are the first and foremost signs of *Godly students*?

**Answer:** *Godly students* can never stay without hearing the murli. They would never say: I don't have time to listen to the murli. Wherever they are, they would ask someone for *points* and study them. So many *points* are given. If you don't hear the murli, how can you imbibe knowledge? This is a study. The *Supreme Teacher* is teaching you children and so you should never *miss* the murli.

**Song:** Having found You, we have found the whole world. The earth and sky all belong to us. Om shanti. You souls now know the Father. You children know that Shiv Baba alone is the One who doesn't have a subtle or physical body. The subtle bodies of Brahma, Vishnu and Shankar are shown. They are also given names. You children understand that those subtle bodies have a soul in them. At this time, you children become lords of the three worlds. No one would say that Lakshmi and Narayan are lords of the three worlds. Lakshmi and Narayan do not know the three worlds (incorporeal world, subtle region and the corporeal world). You have to discern everything with your intellect as to whether it is *right* or *wrong*. Simply to say that whatever you hear is the truth is the path of devotion. Here, you have to understand very clearly. Brahma, Vishnu and Shankar truly have subtle bodies. Shiva alone is Incorporeal. Many types of temple have been built to Him and He has also been given many different names. There are many temples where they have a lingam image. The temple in Bombay is called Baburinath Temple (Lord of Thorns). They are all the one Shiva. People abroad too have given Him many names. You children now know that you are souls. The Supreme Father, the Supreme Soul, is explaining to us children. He is giving us the knowledge of the three worlds. At this time you are the lords of the three worlds because you know them. Unless someone knows the three worlds, how could he be a lord of them? Krishna too cannot be called a lord of the three worlds. Only Brahmins, the children of Brahma, are lords of the three worlds; they have *knowledge* of the three worlds. The Father is *knowledge-full* and *blissful*. That Incorporeal Father is giving us *knowledge*. No corporeal human being can be called *God*. People here call Him omnipresent. You children now understand that *God, the Father*, is the one and only Incorporeal Shiva who is never sustained. All others receive sustenance. A soul enters a tiny body. Whilst in the womb, a soul sucks his thumb. Shiv Baba doesn't have a thumb to suck. Shiv Baba says: I don't even enter a womb, whereas everyone else enters a womb. They are then also sustained. When an expectant mother eats something sour, it harms the child. Shiv Baba asks: How would you sustain Me? I am called the Sustainer of the whole world therefore there is no one higher than Me. You have to understand these things very clearly. Churn the ocean of knowledge and extract *points*. Shiv Baba is truly the Father. He is also called the Beloved. All human beings are lovers of that Beloved. All of you are brides and He is the Bridegroom. The Bridegroom is the Incorporeal One. No corporeal or subtle being can be called the Bridegroom. The Beloved of all is the one Incorporeal Baba. Incorporeal souls remember their Beloved. Why do they remember Him? There is definitely one difficulty or another. All devotees remember God. This lover and Beloved are incorporeal. Those corporeal lovers and beloveds are also praised, but there are very few of them. They surrender themselves to one another with their body. Their love is not for vice. They simply continue to gaze at one another. They don't feel happy without seeing one another. They remember the body. No matter where they are sitting, they would imagine that their beloved is standing in front of them. They have visions because their love is based on purity. There is beauty of the body too. They don't love one another because of vice, but they are happy when they see each other. Whilst eating they remember their beloved and they forget to eat. They continue to see one another. There are only a few like them. Here, all are lovers of the one Beloved. However, very few become real lovers who *pass with honours*. The eight beads are praised so much. So, now that the devotees have found God, they should remember Him very much. The Father says: Children, constantly remember Me, the Father, because you receive a lot of happiness from Me. There, you receive temporary happiness and they have a lot of *love* for one another. Here, you have unlimited *love* for the unlimited Father. There is unlimited love for the One. You children know that He

doesn't have a bodily name. There must definitely be a *dynasty* of the dual form of Vishnu - Lakshmi and Narayan. There is the kingdom of Lakshmi and Narayan at the beginning of the golden age and so there would surely also be subjects. The intellect says that there will be a particular number of souls at the beginning of the golden age and then that number will continue to expand. There used to be the kingdom of Lakshmi and Narayan at the beginning of the golden age. There truly was the kingdom of Radhe and Krishna by the banks of the River Jamuna. There are many rivers such as the River Ganges and the River Jamuna. They used to reside by the banks of the rivers. There is nothing like the things that have been portrayed such as Dwarka sinking beneath the sea, nor are there any villages of the deities on the shores of the ocean. This Bombay will not exist. This is now in your intellect. *God, the Father, is the most beloved.* Christ is not called *God the Father*. You know that Christ is a *messenger*, and that the Supreme Father, the Supreme Soul, sent him. He came from the incorporeal world. People don't consider him to be *God, the Father*. They consider him to be a *Preceptor*. Hindus don't know who established the Hindu religion or when. There is no Hindu religion. There is the original eternal deity religion. If people ask us our religion in the census, we say that we are Brahmins. At this time, we are not Hindus. At this time we are Brahmins, the mouth-born creation of Brahma. However, when you put yourselves down as Brahmins, they put you in the column for Hindus. There, in the golden age, there is no census taken because there is just the one deity religion. Therefore, there is no need to ask anything. Here, there are many religions and this is why people are asked. The Father sits here and explains all of these things. Therefore, keep the Father in your intellect. He is the Incorporeal and He only has one name. You can also see the subtle images of Brahma, Vishnu and Shankar. Where is the form of Shiva? People understand that that is God. We cannot call ourselves God. Souls take rebirth. It isn't that the Father also takes rebirth. You now know the three worlds and this is why your name is Trilokinath (the Lord of the three worlds). Only those who know about them could be their lords. You now have knowledge of the three worlds. Only you Brahmins know this. No one else can know it. Krishna is not a lord of the three worlds either. This knowledge doesn't exist there. Only you receive it and this is why your name is glorified. Shiva, Adi Dev, Adi Devi and you children are in the Dilwala Temple because you are now doing *service*. The Father comes to make the impure ones pure and He therefore takes the help of you children. The Father says: I know those who become My helpers and, in return, I make them into the masters of heaven. Anyone can understand this. Not all *students* are the same. Shiv Baba's shop is to change human beings into deities, and they are numberwise. A *centre* of maharathis must definitely be functioning well. They would be considered to be good *salesmen*. All the shops (centres) belong to Shiv Baba. You do the business of the imperishable jewels of knowledge. This Father is so ordinary. There is so much difference between truth and falsehood. Only the one Father tells you the truth. All the rest is nothing but falsehood. The biggest lie is to call the Supreme Father, the Supreme Soul, the One who gives you shrimat, omnipresent. Previously, people used to say that He is infinite. No one knows who Ravan is or when he came into existence. Those people have shown Ravan in the silver age and taken Krishna into the copper age. They don't even know the golden age. Rama and Sita used to exist in the silver age. There can be no question of Ravan existing in the silver age. All of that applies to here. They have just told a lie. When you explain to people, they say that that is just the imagination of the BKs. This has now been explained to you children. You have to imbibe the *points* you are given. Wherever you are, you should ask for *points* and study them. Don't say that you don't have time. What would you call *Godly students* who say that they don't have time? How would you be able to inspire others to imbibe? So many *points* are given. If you don't hear or study the murli, how would you be able to imbibe it? This is an *education*. The *Supreme Teacher* who teaches is just the One. If you don't listen to the murli, how would you be able to relate the *points*? You children understand that the Father is beyond birth and death. He doesn't take rebirth, but people celebrate His birthday. They are even beginning to stop celebrating the birthday of Shiva. Who can tell you how Shiva takes birth or what He must have done? In the Gita they have mentioned the name of Krishna, but he cannot come here in that form. Krishna can be called the lord of Paradise, but not the lord of the three worlds. So Paradise, that is, heaven, existed here. Krishna also existed here. Radhe and Krishna were not sister and brother. Both were in their own separate kingdoms.

Children have had visions of how marriage takes place there. Baba entertained you a lot at the beginning. You were in the bhakti by yourselves. You didn't meet your friends or relatives, and so Baba showed you a lot and you will again see many things at the end. You will feel as though you are sitting in Paradise. People will be distressed at the final moments. Many calamities are to come. They are called extreme bloodshed without cause. The world doesn't know this. It isn't that that *Government* will take directions. Everyone is now to be destroyed. You are claiming an imperishable status from the eternal Father. Even if someone becomes part of the subjects, that is great fortune. There, there is nothing but happiness whereas here, there is nothing but sorrow. The Father has now come to teach you and so you should study. Although you might have work to do, let your hands do the work and your heart be in remembrance. Let your intellect's yoga be connected to the Father. Whilst living at home, remember that One. The Father is making you into the masters of heaven. That is not a small thing! You rule the kingdom for 21 births. There is nothing to worry about. Here, look how many worries people have. There, there are no worries. You experience the reward there. However, you won't know this. At this time you have the *knowledge* that you are claiming your inheritance from the eternal Father. Then, you will *automatically* continue to receive your inheritance of the kingdom. It isn't that you will become a king by making donations or performing charity. That is the reward of the effort you make at this time. Therefore, you should make so much effort through which a reward of 21 births is created. There, there is no question of effort or reward. There, there is nothing unattained for which you would have to make effort. All are wealthy. Here, people study to become *judges* and *doctors*. There, there are no *judges* or *doctors* etc. No one commits sin there. There are no thieves etc. there. You are becoming the masters of the whole world. You don't need to be concerned about anything. Food etc. doesn't cost anything. Here too, in Baba's days, you could get 20 kgs of grain for 8 to 10 annas (8 annas = half a rupee). So what would there have been before that? Now everything is so expensive. It will continue to become more and more expensive. Then it will become cheap. According to the *drama*, you are going to receive everything. You are to receive the kingdom with their help. The two monkeys fight and you take the butter. The world doesn't know who is teaching you. He is in an incognito form. He gives you the kingdom of Paradise in a *second*. There is the story of God, the Friend. That is the Father's praise. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Become a good, clever *salesman* and do the business of the imperishable jewels of knowledge. In order to create an imperishable reward, connect your intellect's yoga to the one Father.
2. In order to *pass with honours*, become a true lover. Constantly stay in remembrance of the one Beloved.

**Blessing:** May you be one who knows all secrets and please the Father with your honest heart and remain constantly happy.

BapDada gives the children who please the Father with their honest heart the blessing to remain constantly happy with their own sanskars and the gathering, that is, the blessing to constantly know all secrets. To understand the secrets of your own sanskars and the sanskars of one another and to know the adverse situations is the stage of knowing all secrets. By giving your account to the Father with an honest heart and having a loving conversation with the Father, you constantly experience closeness and the account of the past ends.

**Slogan:** Those who please the Bestower (Data), the Bestower of Fortune (Vidhata) and the Bestower of Blessings (Vardata), with their honest heart remain in spiritual pleasure.

\*\*\* O M S H A N T I \*\*\*

**Essence:** Sweet children, keep a picture of Shiv Baba in a little room. Go there again and again and sit in front of it and talk to Baba and your remembrance will then remain throughout the whole day.

**Question:** What new and unique type of love can only be experienced at the confluence age?

**Answer:** To love the Father who has no image is a new type of love. You understand that Incorporeal Baba, the One without an image, has come into the corporeal one. You are sitting in front of Him. At the confluence age, you receive love *directly* from God. This love is new and unique. You have loved bodily beings throughout the whole cycle. Now love the bodiless Father. Such love can only exist at the confluence age.

**Song:** Who has come to the door of my heart...

Om shanti. You children understand that the unlimited Father is without an image. We have now come to Baba and are sitting with Him with this new type of love. This is known as new love. Children only receive God's love once. You children can understand that we all definitely remember the Supreme Father, the Supreme Soul. He sits and teaches us children. That Incorporeal Baba, the One without an image has entered this one. The Supreme Father, the Supreme Soul, is the Father of us souls. We have now come to know and recognise Him. This love is totally unique. In fact, love also exists between bodily beings but this One is bodiless, without a body. You are sitting in front of Him. He comes and teaches you with great love. Therefore, this is a new aspect. Previously, all the desires you had were to receive wealth or a palace. All of those desires have now changed. Compared to the whole world your desires have changed. We are now making effort to become the masters of the world through Baba. You are now sitting personally in front of Him. You understand that He is Shiva, the Father of all souls, the Purifier. It is that One whom you have to remember. You are now sitting personally in front of Him. You have enthusiasm in your heart that you are to claim your unlimited inheritance from the unlimited Father. Baba is so unique. He is without an image and so *wonderful*. No one else knows this. Only you know how the Father comes and makes you belong to Him and teaches you. So what method can you create so that you continue to remember the Father again and again? Baba gives this advice: Each of you should keep a picture of Shiv Baba in your home. On seeing Shiv Baba's picture, you will understand that the unlimited Father, the Purifier, has come to establish the pure world. We are claiming our inheritance of self-sovereignty of heaven, from Him as we did 5000 years ago. Souls understand that they will go to heaven and rule their kingdom through a body. This is something we never even dreamt of. That One has now come. Therefore, make a little room and keep a picture of Shiva there and write: Baba has come. He has to come to change the residents of hell into the residents of heaven. If you continue to look at Shiv Baba again and again, you will remember Him. Some people put a portrait around their neck. They even put a portrait of their husband around their neck. A similar thing is also being prepared for you children. To remember the parlokik Father is something unique. Stop remembering everyone else and remember the one Father. Just as on the path of devotion, people make a little room or a temple in their home for worship, in the same way, on the path of knowledge, make a small room and just keep a picture of Shiv Baba there. Human beings believe that the murli of the Brahma Kumaris frees you from vice. Oh! but this is very good! Vice definitely has to be renounced in order to become pure. They become upset and ask: Why do you renounce bhakti? Achcha, we do bhakti, but only of the One and none other. Break your intellect's yoga away from the company of others. Your war is with Maya. You remember the Father and Maya tries to break the connection. We receive our inheritance from Shiv Baba. Continue to have remembrance in this way. If you continue to look at Shiv Baba, your little room will become Paradise. Meera too had visions of Paradise when she did bhakti. It was Shiv Baba who granted her visions. It has now entered your intellect that we are becoming masters of the world through Shiv Baba. People on the path of devotion don't know what Shiva does or why they sacrifice themselves to Him. You understand that Shiv Baba is the highest of all, and that He is called the Supreme Soul. Surely, something new would be received from God. He is called *Heavenly God, the Father*. Shri Krishna exists in heaven. He cannot be called a father; he is a child. The incorporeal Father is the One who establishes heaven. He is not a bodily being. In fact, nowadays, they call everyone '*father*'. They even called Gandhi "Bapuji" (father). However, those of other religions would not call him that. They don't

understand the meaning of that. You understand that the Bapuji of everyone is Shiv Baba. Shiva is not Dada, He is Baba and He resides in the incorporeal world. People remember Krishna, but he is a resident of Paradise. All bodily beings, rishis and munis etc. have been here. God is incorporeal; He doesn't have a body. Because of the concept of omnipresence no one's intellect works. Baba comes and opens the lock of your intellect. This is a new aspect here. In other spiritual gatherings, they do not understand that Shiv Baba is giving them *knowledge*. Only bodily beings are sitting there. You have the faith that you are listening to the incorporeal Father. Surely, it is only when the Incorporeal One comes into the corporeal that He can introduce Himself. The Father comes every cycle. He comes and makes you into the masters of the world. However, Maya still harasses you a great deal; she creates obstacles. Devils create obstacles in the sacrificial fire of knowledge. Obstacles come when you become body conscious. Baba says: Consider yourself to be bodiless. We belong to Baba. Baba has come to take us back home. You have to shed your body and return home. Talk to yourself in this way. Renounce remembering subtle and physical bodily beings. Let there be this firm faith: We souls have come from Paramdham (the supreme abode). We are residents of that place. We ruled a kingdom in the golden age for so many births. We have taken 84 births and the drama is now coming to an end. We have to return home. If there is any disturbance in your home, keep a picture of Shiv Baba in a little room. Brahmin priests tell women that they shouldn't worship Shiva. However, Shiv Baba comes especially for the mothers. Many offer vessels of water to Shiva. The priests become very happy, because it is the mothers who give the most money. It is the innocent mothers who have true feelings of devotion, whereas men are very unstable, they repeatedly go away. Their intellect's yoga wanders a lot. However, a wife has a lot of attachment for her husband. You children understand that this is the land of sorrow. Baba has now come in order to create the land of happiness. You have to invent methods for remembering the Father. He cannot be seen with these eyes. It is the soul that says: Shiv Baba is our Father. You will experience great happiness on seeing the picture of Shiv Baba. The yoga of you children has to be unadulterated. Keep a picture of Shiva and remember Him again and again. Baba has also given you his own example of how much love he had for the picture of Lakshmi and Narayan. Then, one day, I thought: Why is Lakshmi massaging his feet like a maid? That is not right. So an *artist* was told to liberate Lakshmi from that. However, the picture of Narayan was kept in his *pocket*. One was kept in the *pocket* and another in the cash box. Baba would look at the picture again and again and become intoxicated. However, he would do this secretly, so that no one could see him. Otherwise, they would say: What is this person doing? First, he had love for Krishna and then he left him and had love for Vishnu. Just as there is intense devotion, so your remembrance should be just as intense. There is great attainment through this, whereas they attain nothing by doing that. They only attain a little happiness for a temporary period. Then they again have to make effort in their next birth. Devotion and business both require effort. First earn, only then can you spend. Baba inspires you to make so much effort in this one birth that you experience its reward for 21 births. There will be no need to make effort there. You will remain constantly happy for 21 births. Therefore, you should remember such a Father who teaches you to make such effort. He says: Stay in remembrance with every breath. Gurus tell their followers: Rotate the rosary and continue to chant, "Rama, Rama". That's all! By chanting Rama's name, they have goose pimples. Whilst chanting "Rama, Rama" they start swaying with intoxication. It is as though they go to the land of Rama. Baba says to you: Let there be the soundless chant of remembrance of one Shiv Baba and nothing else remembered. However, Maya also opposes you. Maya doesn't oppose you on the path of devotion. This is the war between Maya and you children of God. Plays are also created in which they portray what God says and what Maya says. It is now the confluence age. Impure and vicious thoughts of Maya will continue to come. Some storms come with such great force that they blow human beings over and throw them far away. These storms are of Maya, Ravan. Baba continues to tell you methods to save yourself from them. You say: The Supreme Father, the Supreme Soul, is teaching us Raja Yoga. If anyone asks you who inspired you to have renunciation and who your guru is tell them: It is the Supreme Father, the Supreme Soul. There is no one else whom God can come and inspire to have renunciation. Elsewhere, it is human beings who inspire other human beings. Here, Baba comes and tells you: Renounce all the relations of the body, including your own body. Renounce this old world and remember the new world. Sannyasis cannot say this. The old world is

now to be destroyed in a *practical* way. Therefore, remove everyone from your intellect and link your intellect to the one Father. You are now engaged. If you remember a bodily being, your engagement is weakened. Renounce all other religions such as: I am So and so, or I am this or that. Renounce all of that and consider yourself to be a soul. You have now come to know about your 84 births. You should applaud because you are now to return home in great happiness. You shed a body and take another. Consider yourself to be a soul. Previously, I, the soul, was beautiful and then I took 84 births. Now I will return home and then come back to rule in the kingdom of heaven. It is so easy to spin this discus of self-realisation. Keep a picture of Shiv Baba in your *pocket*. Talk to Him in this way: Baba, you have come. You are so sweet. You are our Baba. You used to talk to Krishna in this way on the path of devotion. *First-class lockets* etc. of Shiva will be made of gold and silver. Poor ones will be given lockets of gold and wealthy ones of silver. These mothers are very sweet. Villagers have very good feelings of devotion. Baba also becomes pleased on seeing His ordinary children. Krishna is known as a village urchin. In fact, Krishna cannot become a village urchin. He is the master of heaven. They have *mixed* up things of this one and Krishna. It is this one who has fully experienced village life. Therefore, neither Shiv Baba nor Krishna can be village urchins. Yes, this Dada was an urchin in his childhood. He grew up in a village. The Father has come once again and entered this ordinary body. Baba has explained the main aspect of how everything depends on remembrance. You should never forget remembrance. A lokik child would never say that he forgets his father. Does a bride ever forget her bridegroom? It is *impossible*. This is the effort you children have to make. It is only by constantly practising remembrance that your sins will be absolved. Otherwise, you will have to experience punishment and you will not become part of the rosary of victory. It is Baba's wonder how He comes and uplifts the old, the poor, the uneducated and downtrodden ones etc. and makes them all belong to Him. In fact, there is no need for a picture, but, Maya makes you forget and this is why a picture is kept. It should remain in your intellect that you are going to Shiv Baba. We have seen the path to liberation and liberation-in-life. There are no other guides who can take us there. This is also known as Indraprasth (Court of Indra). If anyone impure comes and sits here secretly, he will become one with a stone intellect. Baba is the One who knows all the secrets. This Baba (Brahma) knows all the external things. That Baba (Shiv Baba) is able to know straight away whether anyone impure is sitting here secretly. Therefore, both, the one who brings an impure person and the impure person who comes and sits here, will experience punishment. Therefore, you must never bring impure ones here. The *laws* are very strict. Dirty and impure ones should not be allowed to sit here. Otherwise, you will have to experience very severe punishment. No cheating or stealing can carry on here. Both accounts of sin and charity remain with Dharamraj. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Stop remembering everyone. Disconnect your intellect's yoga from everyone and stay in remembrance of the one Father. Make a little room for Shiv Baba and sit in unadulterated remembrance of Him.
2. Tell yourself these sweet things: Previously, we were so beautiful. We have now completed 84 births and are going to return home in happiness. Talk to yourself in this way and spin the discus of self-realisation.

**Blessing:** May you die alive and transform your attitude, awareness and vision by remaining aware of your alokik life.

Brahmin life is called an alokik life. Alokik means something that is different from this world. Your vision, awareness and attitude should all be transformed. Constantly remain aware that other souls are your brothers and have the awareness of brothers and sisters. Remain aware that we all belong to one family and look at the soul, not the body. Only then will you have died alive. You have now received such an elevated life that you cannot even remember your old life.

**Slogan:** Constantly have pure *feelings* and the *flu* of impure *feelings* cannot come to you. \* \* \* \* \*

### The power of truth.

Today, the Almighty Authority Father is especially looking at two authorities. One is the ruling authority and the other is the Godly authority. The special *parts* of both authorities are being enacted now at the confluence age. The ruling authority is in upheaval. The Godly authority is constantly unshakeable and imperishable. The Godly authority is called the power of truth because the One who gives that authority is the true Father, the true Teacher and the Sat-Guru (True Guru). This is why the power of truth is always elevated. You are establishing the golden age, the land of truth, with the power of truth. Truth also means imperishable. Through the power of truth, you receive an imperishable inheritance. This is a study that enables you to attain an imperishable status for which you have attained imperishable blessings. No one can take away this attainment. From the beginning to the end of the path of bhakti, the whole world has been praising and worshipping you, who have the power of truth. This means that your praise and worship also become imperishable. The truth means the truth (imperishable). So, what did you come to know first of all? You knew yourself to be a true (imperishable) soul. You knew the true introduction of the true Father. From this true recognition, with true knowledge, the power of truth is inevitably the truth. With the power of truth, the darkness of falsehood and the darkness of ignorance automatically end. Ignorance is always untrue (false). Knowledge is true; it is the truth. This is why devotees sing this praise of God: Satyam (truth), Shivam (Benevolent), Sundaram (Beautiful One). The power of truth automatically makes you a conqueror of matter and a conqueror of Maya. Now, ask yourself: Since you are a child of the true Father, to what extent have you imbibed the power of truth?

The sign of someone having the power of truth is that that person will always be fearless. You heard in the murli, "Where there is truth, the soul dances". This means someone with the power of truth is constantly carefree, free from worry and fearless, and therefore that soul continues to dance in happiness. Where there is fear or worry, one cannot dance in happiness. There is worry of even your own weaknesses. When your sanskars and thoughts are weak, then, because this is the path of truth, your mind definitely has thoughts of those weaknesses. Weaknesses definitely bring about a state of upheaval in your mind. No matter how much you try to hide, or put on an *artificial* smile for a temporary period according to the time or the circumstances, the power of truth will definitely make you realise your weaknesses. Nothing can remain hidden from the Father or your own self. It can be hidden from others. Perhaps you might have realisation, you might make yourself move along, but because of carelessness, the power of truth definitely comes in the form of confusion in the mind, in the form of unhappiness or waste thoughts, because falsehood cannot stay in front of the truth. On the path of bhakti, they have shown a picture of him (Krishna) dancing on a snake in the middle of the ocean. It is a snake, but with the power of truth, even the snake becomes a *stage* on which to dance. No matter how fearsome a situation might be, how fearsome the form of Maya might be, how much distress your relations and connections might cause, how polluted the atmosphere might be, someone who has the power of truth makes all of those a *stage* on which to dance in happiness. So, whose image is this? It is the image of all of you, is it not? All of you are going to become Krishna. This is what you raise your hands for, is it not? Such things are not mentioned in the divine activities of Rama. In that, there is separation at one moment, and happiness the next moment. So, souls who are to become Krishna constantly continue to dance on the *stage* of such situations. None of the elements of matter, Maya, people or physical comforts can shake such souls. They would make Maya their *stage* or their bed. You have seen that picture, have you not? He made the snake into a bed, that is, he became victorious. Therefore, the sign of truth is that when there is truth, the soul dances. That is the picture. Those with the power of truth can never drown. The boat of truth can play games of rocking, but it cannot sink. Even the rocking will be experienced as a game. Nowadays, they purposely create games where you go up and down, do they not? It is a matter of falling, but because it is a game, they experience themselves to be victorious. No matter how much upheaval there is, the one playing the game would consider himself to have gained victory. Therefore, do you consider yourselves to have the power of truth that is, to have received the blessing of

victory? Do you always experience your victorious form? If, even now, there is upheaval or fear, then together with truth, there is also falsehood, for this is why upheaval is created. Therefore, *check*: Is there the unshakeable power of truth in your thoughts, vision, attitude, words and relationships and connections? Achcha. Today, there are many children to meet and therefore BapDada will tell you at some other time about the expansion of the power of truth and how you can move along in Brahmin life filled with specialities. Do you understand?

Did the *double*-foreign children celebrate Christmas? Or, is it also Christmas today? For Brahmin children, the confluence age is the age to celebrate. Therefore, dance, sing and celebrate in happiness every day. In terms of the cycle, the confluence age is equal to only a few days. Therefore, every day of the confluence age is a big day. Achcha.

To all those who are embodiments of the power of truth, to those who receive a true blessing and inheritance from the true Father, to those who are victorious souls with the power of truth, to those who are constantly conquerors of matter and conquerors of Maya, to those who dance in happiness, to such true children of the true Father, Teacher and Satguru, love, remembrance and namaste.

### **Dadi Chandermani is taking leave from BapDada to return to Punjab:**

All children who are residents of Punjab and therefore residents of Madhuban, please accept love and remembrance. All of you children are constantly becoming carefree emperors, are you not? Why? Yogyukt children are always under the canopy of protection. Yogi children are not living in Punjab, but under the canopy of BapDada's protection. Whether you are in Punjab or anywhere else, children who remain under the canopy of protection are constantly *safe*. If they come into upheaval, they would be hurt in one way or another. However, when you remain unshakeable, then, even if you are in a harmful place, nothing could happen to even a single hair of yours. This is why, since you have BapDada's hand and His company, remain a carefree emperor and spread many rays of peace into a peaceless atmosphere. Give the hope of support from God to those who have become hopeless. Remind those in upheaval of the imperishable support and make them unshakeable. This is the special service that those from Punjab have to do. You were told earlier also, that those from Punjab have a very good *chance* to glorify the Father's name. People cannot see any support in any direction. At such a time, let them experience that the ones who give rest to the heart and the ones who give the support of peace to the heart are you elevated souls. Peace is given importance at a time of peacelessness. So, to give them this experience at such a *time* is a means of revelation. So, those from Punjab should not be afraid. At such a time, people there should experience that all others make them afraid, whereas you are the ones who give them support. Make such a *plan* in a *meeting* to go to a gathering of peaceless souls and give them an experience of peace. If you give an experience of peace to even one or two souls, a wave will spread through those one or two, and the sound will be heard loudly. It is very good that you are holding *meetings*. You are courageous and enthusiastic. You have always been co-operative, loving and united in every task and will always remain so. Punjab is not at the back, numberwise; it is in the front. Punjab is said to be the lion, and lions don't stay at the back, they stay at the front. Say, "Ha ji, ha ji" in whatever *programmes* you are given and the impossible will become possible. Achcha.

**After meeting all the children, BapDada gave love and remembrance on the day of the Satguru at 5.30am:** To the extremely close, loving and constant companion children of the true Father, the true Teacher and the Satguru, accept lots and lots of love and remembrance on the day of the Satguru. Today, on the day of the Satguru, BapDada says: May you always be an embodiment of success, may you always maintain zeal and enthusiasm, may you always remain *safe* under the canopy of BapDada's protection, may you constantly remain a detached observer with one faith and one support and remain cheerful whilst observing every scene. BapDada is giving blessings filled with such special love. Always keep these

blessings in your awareness and remain constantly powerful. Always remember this and always stay in remembrance. *Good morning* to everyone and greetings for every day.

**Blessing:** May you be worthy of respect by renouncing body consciousness and constantly remaining stable in the stage of self-respect.

The children who renounce body consciousness in this one birth and remain stable in their self-respect, receive from the Father, the Bestower of Fortune in return of their renunciation, the fortune of being worthy of respect throughout the cycle. For half the cycle they receive respect from the subjects and for half the cycle they receive respect from the devotees, and at this time of the confluence age, God Himself gives respect to His children who are worthy of respect. Self-respect and respect have a very deep connection with one another.

**Slogan:** Continue to receive blessings from the Father and the Brahmin family at every step and you will constantly continue to move forward.

\*\*\* O M S H A N T I \*\*\*
