

Today, I went to BapDada carrying love and remembrances of our sweet instrument teachers. What did I see as soon as I reached there? BapDada, from a distance, was celebrating a meeting through His drishti, through His very loving form. As I moved closer, I too just merged in BapDada. Baba said: Come, My children seated on the Trimurti throne, come! What news have you brought? I replied: Baba, seeing the gathering of teachers, our Dadi is feeling of lot of enthusiasm and love. Everyone is enjoying very good silence bhatthis.

BapDada smiled and said: Baba surrenders Himself to the courage of these young kumaris. You have become free from all the attractions of the world and have saved your life. BapDada is also very pleased. However, BapDada sees that together with renouncing the world, according to the memorial of renunciation, tapasya and unlimited service, there is still a percentage in keeping the balance of the three subjects. According to the time BapDada wants each of His children to become number one victorious in all three. BapDada wants to see each child in the Shiv Shakti form. This has to happen according to the drama, because time has to come close.

After this, Baba said: These daughters have also sent their love and remembrance to BapDada with a big heart and so Baba, the Comforter of Hearts, emerges the children in the subtle region and celebrates a meeting with them. As Baba was saying this, what did I see? The whole group became emerged in a garden in the subtle region, and all of them were seeing all the alokik fruit and flowers all around with a lot of love and were very happy whilst walking around there. After some time, BapDada clapped and all of them came in front of BapDada. Baba said: Children toured around the garden. Now, Baba will make you children do spiritual exercise. All the teachers stood in four lines and BapDada was in front of them. While giving everyone drishti, Baba said: Look daughters, according to the closeness of the last period, all of you become stable in whatever form you want to in a second. This practice is essential. BapDada wants to see your practice: whether you are able to stabilise yourself whenever, wherever and for as long as you want, in any stage that you want, or whether you have to make effort. Saying this, Baba made us perform the exercise of four forms:

First was the form of spiritual intoxication of all the attainments of the elevated Brahmin life, then from Brahmins into angels, and then from angels into jyoti-bindu, the residents of the supreme abode and then the deity form. Baba made us do the exercise of these four forms numberwise. All the teachers were performing this drill according to their courage. After this drill ended, BapDada smiled and said: Children, now make this practice constantly powerful. As yet, it is only up to capacity. Some children have to make effort and therefore, now make your mind such real gold that you are able to mould it as and when you want, that is, you are then able to stabilise yourself in that stage. In just a short time, that scene ended and I saw myself with Baba. Baba said: Now, it is essential for the children to repeatedly practice this in order to pass with honour because very delicate times are to come. Everything is going to go into the extreme. At such a time, a very powerful stage is required. Children jokingly say: We always have to die! Baba says: To die is to fly! Self-transformation is perfection. In this, you shouldn't consider "You first", become an instrument thinking "I first". The account of accumulation of such effort-making children continues to increase with BapDada in an incognito way. No matter what someone understands in a gathering, or however they make you move, marks for remaining detached in an unlimited way and being loving to the Father are accumulated in BapDada's account a thousandfold and the reward is being created according to that. Understand this secret of the incognito accumulation and continue to move along with spiritual power. Whatever you are, however you are, you are revealed to the Father. If you have to tolerate, then tolerate as an embodiment of knowledge and the fruit of the power of tolerance is great. Therefore, understand this incognito significance, be knowledge-full and powerful and continue to fly ahead. BapDada

loves every child, young and old with His heart. Every child has a full right to the Father, and so claim your right and become perfect.

After that, BapDada emerged both of our lovely Dadis and with very loving drishti and with a smile, gave very loving blessings and said: BapDada is very happy that you are playing your part very well. As BapDada was giving loving drishti, both Dadis became merged in Baba's lap and Baba also merged me in His lap. After some time, Baba said: Child, you came having brought love and remembrance, and so what will you take back as a return for remembrance? In a short time, BapDada made many gifts emerge, and what were those gifts? There were alokik keys on a key chain and the word "Baba" was written on the key in diamonds. There was a picture of Shiv Baba and Brahma Baba on the key ring. Baba gave such a beautiful gift to everyone and said: This is the key to every problem and so continue to use this key from time to time and continue to become an embodiment of success. With love in the eyes, and blessings of the heart, BapDada gave love and remembrance to all the teachers and also bade me farewell.

***** Om shanti *****

Essence: Sweet children, become fragrant flowers. Shri Krishna is the *number one* fragrant flower. This is why he is loved by everyone. Everyone places him on their eyes (has deep regard for him).

Question: Which worldly relationship is sweet and who would you call the *sweetest*?

Answer: In worldly relationships it is the *father* who is said to be *sweet*. You children also say that your *Father* is extremely *sweet* and *most lovely* and you are His *lovely* children. The *Teacher* is then said to be the *sweetest* because the *Teacher* teaches you. *Knowledge* is your *source of income*. You also receive *knowledge* first. Whilst living at home with the family, you have to imbibe this *knowledge* and inspire others to imbibe it.

Song: To live in Your lane and to die in Your lane...

Om shanti. Children heard the song. When a person dies, he takes birth to another set of parents and the father is congratulated. You children now know that souls are imperishable. That song refers to the body. You shed a body and take another, that is, you leave one father and go to another father. You have had 84 corporeal fathers. In fact, you are the children of the Incorporeal Father. You souls are residents of the land of nirvana, the land of peace, where everyone resides with the Father. That is called the world of souls. You souls reside there and the Father also resides there. Here, you forget Him because you become children of a worldly father. In the golden age, no one remembers the Father; their intellect is already down. When they remember Him, they say: Oh Baba! This one is also called Baba. This one is also a *father*. You see the worldly father here. When you call out to the parlokik Father, you look upward. You now belong to that Baba. You know that, at first, you were pure and had your fortune of the kingdom and that your 84 births are now coming to an end. You have become unhappy and this is why you remember the Father. This costume (body) has now become tamopradhan by wearing it all the time. At first, both the soul and body were satopradhan. Then the soul went through the stages of sato, rajo and tamo. At first it was *golden*, and then it went through the stages of *silver, copper and iron*. It is also called jewellery. Alloy is mixed into gold. The Father explains: You souls have now become impure and the gold has become tarnished. You have become ugly and *impure*. At first, you souls were *pure* and you had *pure* bodies. How will you now receive *pure* bodies? Is it by bathing? Nothing happens just by bathing. The soul calls out: Oh Purifier Baba! The word "Baba" is so sweet. It is very good. The word "Baba" is only used in Bharat. Children continue to say, "Baba, Baba!" You children know that you have now become soul conscious and belong to the Father. The Father says: I first of all sent you to heaven. Having played your *part*, you have now reached the end. Continue to say "Baba, "Baba!" internally. You children know that Baba has come. Everyone remembers Him: Oh Purifier Baba, come! Come and make us impure ones pure. Everyone calls out in their own language. When the world becomes old they call out so He would surely come at the confluence age. Only you know this. They have written many confusing things in the scriptures. You children have the firm faith that Baba is *your most beloved, most lovely* Baba. Baba too says: *Sweet children. Sweet, sweeter, sweetest*. Who is *sweet*? In worldly relationships it is the *father* who is *sweet*. Then the *teacher* is said to be the *sweetest*. The *teacher* is good because he teaches you. It is said: *Knowledge* is a *source of income*. Therefore, this *knowledge* is also your *source of income*. Yoga is said to be remembrance and gyan is called *knowledge*. You children know that you were made into masters of heaven. This is why people celebrate the birthday of Shiva. However, no one knows how Shiv Baba came. The Trimurti is shown in the pictures and Shiva is shown up above. Who carries out establishment through Brahma? Shiv Baba is Karankaravanhar. Shiva is above Brahma, Vishnu and Shankar. That is the creation and their Creator is Shiva. That is the incorporeal world and this is the corporeal world. The world cycle continues to *repeat*. The subtle region is not called the world cycle. It is the human world that goes around. However, there is no question of a cycle in the subtle region or the incorporeal world. It is now the iron age, hell, and the golden age is heaven. Who would make the residents of hell into residents of heaven? As soon as they go onto the path of sin they become impure. Day by day they continue to become more unhappy. When the world becomes tamopradhan, it is said: This is a totally tamopradhan intellect. That is a totally

satopradhan intellect, just like that of the deities. In fact, deities should be worshipped. However, no one at this time is a deity because they don't have divine virtues. Christians know Christ and worship him. The people of Bharat cannot call themselves deities. Many people have the name, "Deity So-and-so", "Deity So-and-so." However, they don't have those virtues. It is sung: I am without virtue, I do not have any virtues. In front of whom do souls say this? They should say this in front of the Father. They have forgotten the Father and are chasing the brothers. Brahma, Vishnu and Shankar are also *brothers*. You are not going to receive anything from them. They continue to worship *brothers* and continue to fall. You are to receive your inheritance from the *Father*. No one knows the *Father*. They call the *Father* omnipresent. But what is the *Father's* name? They say: He is beyond name and form. On the one hand, you say that He is a constant form of light, and so how can you say that He is beyond name and form? You understand that, according to the *law*, everyone has to become *amopradhan*. Then, only when the Father comes can He make everyone satopradhan. Souls definitely have to become *pure*. All souls are going to reside with the Father. The new world had to become the old world. You know that you now belong to Baba and that Baba has come. He is carrying out establishment through Brahma. The Father says: I take support of the body of Brahma. I ride in the lucky chariot. There would definitely be a soul in the chariot. It is said that Bhagirath brought the Ganges. How could the Ganges flow through locks of hair? That is just sweet water that flows from the mountains. Clouds fill themselves from the ocean and then rain. Nowadays, *science* has the power to make water sweet. Clouds rain so much naturally. So much water comes from them that there are even floods. Where does so much water come from? The clouds draw up that water. There is no Indra, no the God of Rain, etc. Those are just the clouds that fill themselves and then rain. In fact, this is the rain of knowledge. This is *knowledge*, is it not? What happens through it? Impure ones become pure. The Rivers Ganges and Jamuna will also exist in the golden age. It is said that Krishna used to play games there. In fact, there was nothing like that. There, they take care of Krishna with a lot of love. He is a very good flower. A flower is so lovely. People take fragrance from a flower. Would anyone take fragrance from thorns? This is the forest of thorns. The Incorporeal Father says: I come and create the *garden of flowers*. This is why He is also called Babulnath (Lord of Thorns), the One who changes thorns into flowers. Babul changes the thorns into *flowers*. This is why His praise is sung: The Lord who changes thorns into flowers. So there should be so much *love* for Baba. Even though souls have a physical father, they remember the parlokik Father because they are very unhappy. This is also a game. You have been remembering the Father for half the cycle. It is because He comes that people celebrate the birthday of Shiva. You know that you have now become children of the unlimited Father. Your relationship is with that One as well as a lokik father. The unlimited Father says: You will become pure by remembering Me. The soul knows that this one is a physical father and that One is the parlokik Father. Souls only call out to their parlokik Father. Souls say: Oh God! Oh, *God*, the *Father*! If the *father* is sitting at home, why would they call out: *Oh Father*? Souls remember that eternal Father. It is now that you understand when He comes and makes the world new. It is said that He surely comes at the confluence of the end of the iron age and the beginning of the golden age. People have then said that the duration of the iron age is hundreds of thousands of years. People wander around so much in order to attain God. Who does the most bhakti? They should meet the Father first, should they not? The Father has explained: You are the ones who begin bhakti. You should receive knowledge first. At first you were those who had devilish traits. You are now becoming deities with divine virtues. You are becoming the masters of such an elevated heaven. There, everything is *first-class*. You become very important people. Palaces studded with diamonds and jewels will be built for you there. You cannot receive an inheritance from Shiv Baba until you become Brahmins. Shudras cannot claim an inheritance. This is a sacrificial fire in which Brahmins are definitely needed. A sacrificial fire is always conducted by a Brahmin priest. Shiva is also called Rudra. Therefore, this is the sacrificial fire of the knowledge of Rudra. Rudra Shiv Baba has created this sacrificial fire of knowledge. When devotion comes to an end, the sacrificial fire is created. Human beings create sacrificial fires on the path of devotion. In the golden age, deities never create sacrificial fires. However, this is the sacrificial fire of the knowledge of Rudra in which the horse is sacrificed to attain self-sovereignty. It is remembered by this name even in

the scriptures. Bhakti and gyan are half and half. Bhakti is the night and knowledge is the day. Baba explains this. Always continue to say, "Baba, Baba!" Baba is the One who makes us into the masters of the world. Baba is the *most beloved*. There cannot be anyone in the world lovelier than He is. You have been remembering the Father for half the cycle. You now know that you belong to that Father. The Father says: Whilst living at home with your family, remember the Father. Not everyone can stay here. Yes, you can all stay with that Baba. Where? Which Baba? What is His name? Where will you stay with Shiv Baba? In the supreme abode. All souls can stay there. They cannot all stay here. Only a few would remain here. You children have to take *knowledge* here. This is a study. When you meet anyone, you should tell him: There are two fathers: the lokik father and the parlokik Father. Everyone remembers the parlokik Father when they experience sorrow. That Father has now come. Shiv Baba is the *most beloved*. Krishna is also everyone's *most beloved*. However, Shiv Baba is incorporeal and Krishna is corporeal. Krishna cannot be called the Father of everyone. He is a master of the world. It was Shiva who made him that. Both are lovely, but which one is the lovelier of the two? It would be said to be Shiva. Shiva Himself makes Krishna like that. However, what does Krishna do? Nothing at all! Only the Father comes and makes the tamopradhan souls satopradhan. Therefore, He would be praised. Krishna is a child and they show his *dance*. What *dance* would Shiv Baba perform? The Father explains: All of you are Parvatis. Shiva, the Lord of Immortality, is telling you the story. There is no other Parvati. There is n't just one Arjuna. All of you are Arjunas. All of you are Draupadis. It is Dushashan who strips women. This is why they call out: Baba, protect us! Baba says: Children, never be stripped. It is shown that when Draupadi was going to be stripped, Shri Krishna provided her with 21 sarees. Would anyone be able to wear 21 sarees? That is just a play they have shown where Krishna is giving her sarees from up above. How could anyone wear 21 sarees? In fact, the meaning of it is that the Father protects you from being stripped and you are thus never stripped for 21 births. Achcha.

To the sweetest, *sweet* children, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, Father, BapDada. The spiritual Father says na maste to the spiritual children.

Essence for dharna:

1. Continue to internally say, "Baba, Baba" and become as *sweet* as Baba. Remain soul conscious. Pay full attention to the study.
2. Remember the *most lovely* Father and definitely become pure. Remove the alloy of vices with the fire of yoga and become real gold.

Blessing: May you be a *master* bestower of peace and become an instrument to establish the new world with the power of *silence*.

In order to accumulate the power of *silence*, go beyond this body and become bodiless. This power of *silence* is a great power. The new world is established with this power. Those who remain stable in *silence*, beyond sound, will be able to carry out the task of establishment. Therefore, become bestowers of peace, that is, embodiments of peace and give rays of peace to peaceless souls. Especially increase the power of silence. This is the greatest donation of all. This is something that is most loved and most powerful.

Slogan: To have good wishes for every soul and the elements of nature is to become a world benefactor.

*** OM SHANTI ***

Essence: Sweet children, you do not have say anything through your lips, just constantly remember the one Father with a true heart. The Lord is pleased with those who have an honest heart.

Question: Which are the best *manners*? Which divine *manners* do you have to imbibe?

Answer: The best *manners* are to remain constantly cheerful. Deities always remain cheerful; they never laugh loudly. To laugh out loudly is also a vice. You children should remain in the incognito happiness of remembrance. The sanskar of *familiarity* also causes a great deal of damage. In order to be successful in *service*, you need to have an attitude that is free from attraction. There should not be the slightest odour of being trapped by anyone's name or form. You need to have a very clean intellect. Your face remains cheerful when having imbibed these things you do *service* and make others similar to yourself.

Song: Neither will He be separated from us, nor will we experience sorrow.

Om shanti. You children understand numberwise, according to your efforts. It is said that the Lord is pleased with those with an honest heart. The heart is within the soul, too, isn't it? Therefore, remember the true Lord and you will receive happiness. Remembrance means to remember the Father internally. Chant the name of the Lord. To chant does not mean that you have to continue to say something; no. Just continue to have remembrance and you will receive a great deal of happiness. You also have to make others similar to yourself. It is very easy to explain to others. Just as a truly faithful wife does not *love* anyone except her husband, in the same way, you souls have to remember the unlimited parlokik Father with an honest heart. It is just as a lover and beloved love each other. They die because of each other's name and form. It is not a question of vice. The lover remembers the beloved and the beloved remembers the lover, that's all! Their intellect is not drawn anywhere else. Even though they are engaged in their business etc., their heart is connected to each other. That is pure remembrance. Their body and intellect do not become impure. Such souls are also praised, but there are very few of them. Even in this knowledge, there are very few such true lovers. Maya is such that she gets hold of you by the nose. The example of Angad has been given. Ravan said: See if he can be shaken or not. Maya tries to make the powerful maharathis fall. Just as when a mouse blows and bites you in such a way that you don't even feel it, in the same way, Maya is so powerful that if anyone behaves badly and unlawfully, then, in an incognito way, she locks their intellect. You need a deep intellect to understand these things. You need to have a great deal of practice of remembering Baba. There has to be full *love* for the Father. You have to do service without becoming attracted. No matter how good someone may be, you mustn't become trapped in his name or form. This causes a great deal of damage. The Father says: Consider yourself to be a bodiless soul and remember Me. Keep yourself very clean. You belong to Shiv Baba and He is making you clean. You have to remove the vices from within you. Your very name is Shiv Shaktis; you receive power from the Almighty Authority. Therefore, you have to have very good yoga with Him. Baba says: To have constant remembrance is not like going to your aunty's home! So much effort is made to stay in remembrance at the time of eating, yet still He is forgotten. Whilst eating, a great deal of effort is made to remember the Father the whole time. As He is our Beloved, why should we not eat in His remembrance? He would then remain with us. However, remembrance is still forgotten again and again. Even on the path of devotion, the intellect continues to wander in other directions. These are aspects of knowledge. Some children are also not able to understand these aspects properly and are still crawling on the floor. If your yoga were constant, it would be understood that your karmateet stage is coming close. However, remembrance doesn't remain, and so a great battle takes place within. Baba sees that there are many whose intellect wanders. It takes effort for them to become bodiless. There are very few who speak the truth. They are ashamed to speak the truth. Maya is very powerful. She doesn't take long to scalp you. You don't say: "We are His children anyway". You have also been shown yuktis. Firstly you have to reach the karmateet stage and then a status is received numberwise. Baba knows that Maya harasses the children a great deal. She doesn't allow remembrance to remain. It has been observed that many become trapped in someone's name and form. You have to practise considering yourselves to be bodiless, because for a very long time you have not considered yourself bodiless. In the golden age you will have the full knowledge that you are a soul and

that you have to shed your old costume and take a new one. You also receive a vision at that time. Whether you have a vision (in a practical way) or invisibly (just through feelings), you will understand that the life span of that body is about to end. When someone is about to die, he says: I feel that I am about to die, I am unable to live any longer. There, when your body has become old it is understood that you will have to shed it. They shed their body happily when it is their *time*. They have full knowledge of the soul but they don't have the slightest knowledge of the Father because that is not in the *drama*. Why should you remember the Father there? There would be no need. Here, human beings remember Him in sorrow whereas you have to consider yourself to be a soul and have yoga with the Father. This body is old. You should have total dislike for it. No matter how beautiful someone's body may be, everyone is ugly because according to the law every soul has become ugly. This is something for the intellect to understand. Not everyone looks the same. Therefore, the Father explains: Let your intellect's yoga be connected to the One. Just as people have *love-marriages*, so this is also a *love-marriage* for you souls. Then there is no *love* for this body. If there isn't *love* for your own body, why should there be love for the bodies of others? Everything in the world functions on the basis of beauty. Some couples get engaged without seeing each other; then when they do see each other, they don't like each other. Then, there is quarrelling and fighting: What would I do with money? I want someone beautiful. Now you understand that you are a soul. You should not have attachment to your old body. All of those relationships are vicious. Your things are different from those of the people of the world outside. You ugly souls have now become engaged to the beautiful Traveller. You understand that every soul in this world has become totally ugly. Make the soul beautiful by forging a connection with the Beautiful One. The one Traveller makes multimillions beautiful. Very good yoga is needed in order for ugly souls to be made beautiful. If you remain ugly, firstly, you have to experience punishment and secondly, your status is destroyed. Here you must not get caught up in the name or form of anyone. A great deal of *disservice* takes place when this happens. This is why Baba explains: Remain cautious. You get caught up in the web of Maya and yet you don't even understand. That destiny will not leave you. You destroy your own status. Baba says: With the power of yoga, you have to make your soul pure. This is a furnace (bhatthi). Have yoga with the Father. However, if your intellect wanders elsewhere your remembrance becomes adulterated. Then you will neither be able to do *service* nor will you claim a high status. Alloy can only be removed with the fire of yoga. If you have yoga, then knowledge will also remain in your intellect. Baba is Rup (the Embodiment of Yoga) and also Basant (the One who showers knowledge). The more rup (the embodiment of yoga) you children become the more you will be able to imbibe knowledge. Firstly, the soul has to be made pure. You continue to speak of yoga, but, even amongst you, there are many who don't understand the meaning of yoga. You cannot purify yourself or Bharat without yoga. Even though you do *service* and open *centres*, Maya can catch hold of you by your nose. Some become arrogant and say that they have opened this many *centres*. They become body conscious. The Father explains: Consider yourself to be a soul and have yoga with the Father. No sinful action should take place. If you forget the Father and then become trapped in someone's name or form, a great deal of damage is caused. The destination is very high. It's not a small thing to become a master of the world! The Father is praised a great deal. Many temples are built in His name. You know who built the Somnath Temple and when he built it. Temples are also built numberwise. After the Somnath Temple was built, the Lakshmi and Narayan Temple was built, and then the Jagadamba Temple. Human beings don't know who created the temple to Somnath. God is the incorporeal. Although worshippers of the Incorporeal worship incorporeal Shiva, they don't understand anything. You children are also numberwise. Day and night you should be concerned about *service*. Only when you stop being body conscious and become soul conscious will you have this concern. Have full yoga with the Father. To have total *regard* for Him is not like going to your aunty's home! The evil spirit of Maya breaks your yoga. Only the Father knows these things. There are some who are so sensitive that if they are told anything they become upset and quickly become *traitors*. They then destroy their own fortune. When they come to Baba they become amazed, they belong to Him and then run away and begin to do *disservice*. It is also mentioned in the Bhagawad that whilst drinking nectar some became *traitors* and caused harm. The Father has great concern that so-and-is weak

and can become a *traitor* at any time and cause harm. It has been seen how some become *traitors* and create a lot of harm and then innocent ones are beaten a great deal. Are there assaults in other spiritual gatherings? Here, the first aspect is renouncing poison. Some don't renounce it at all. People say that So-and-so has left for the heavenly abode, but no one knows what *heaven* is. It is as though they just speak without knowing the meaning of what they are saying. You have now received so much understanding. The Father knows who the good flowers are. There are some who don't have the odour of being trapped in anyone's name and form. They have no other interest apart from knowledge. You also need to have accurate yoga. Although some are already ugly, they become even more ugly. Within this army there is an army of elephants, lions and lionesses, and also horses and mares. There is a flock of sheep as well; there are all types. From the activity of some it is understood that they are goats; they don't understand anything, nothing sits in their intellect. Their intellect is like the intellect of a buffalo. Baba explains in such an easy way that you are a soul. Are you not able to remember the unlimited Father? O soul, remove your intellect's yoga from everywhere else and remember Me. Are you not able to remember Me? You remember your friends and relatives etc., so what's so difficult about remembering Me? Some say: Baba, Maya breaks my intellect's yoga. But you will lose your inheritance! If your intellect's yoga is forged completely accurately, you will become the masters of the world. How can the Father ever be forgotten? It is only when you become body conscious that you forget Him. You are repeatedly told to consider yourself to be a soul and constantly remember the Father. You don't have to chant. You don't need to make a sound. You have to go beyond sound. You will come into body consciousness if you say "Rama, Rama" through your mouth. Remember the Father internally. You simply have to take support of your *organs* and remember that you are a soul. Remain in silence and remember the Father. Baba is the Ocean of Knowledge, He is *knowledge-full*. He has full *knowledge* and He also teaches you. By remembering the Father you will become pure and will receive a *holy* crown and by knowing the cycle of the world you will receive a crown studded with jewels. You will become those with a *double* crown. It is through remembrance that your sins will be absolved. Otherwise, you will be punished by Dharamraj and your status will be destroyed. Therefore, remember the Father. Your happiness has to be incognito. You should not laugh loudly. Lakshmi and Narayan are called cheerful. To be cheerful and to laugh are two different things. There is incognito happiness in remaining cheerful. It is bad to laugh loudly. It's best to remain cheerful. To laugh loudly is also a form of vice, that vice also should not remain. Happiness should be visible on your face. That will be visible when you make others similar to yourself. Do *service* and more *service*. As soon as you are given *service* to do, you should run; nothing else. You children do *service* in order to transform thorns into buds. Baba continues to give you children very good *points*. You have to have the faith that it is Baba who is saying these things. This one also says: Don't praise me; all the praise belongs to Shiv Baba. By remembering Him, you will become conquerors of sin. It is a very easy thing. Remember Baba and spin the discus of self-realisation. It is at the end that you become complete spinners of the discus of self-realisation. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Create a method to keep the Father with you. Stay in remembrance at mealtimes. Practise becoming bodiless! Do not *love* your old body.
2. Have total *regard* for the Father. Don't be arrogant! Always stay far away from the sickness of becoming trapped in someone's name and form. Stay intoxicated with gyan and yoga.

Blessing: May you become equal and claim a *seat* that is close, and thereby become a victorious jewel who goes into the *first division*.

Together with the closeness of time, make yourself equal to the Father. To make your thoughts, words, deeds, sanskaras and service equal to the Father's means to come close to Him. Experience the Father's company, love and co-operation in your every thought. By keeping your hand in His hand, and always experiencing the Father's companionship, you will go into the *first division*. When you have constant remembrance and total love for the one Father you will become a victorious jewel in the rosary of victory. Even now, you still have a *chance* because the *board of "Too Late!"* has not yet been put up.

Slogan:

To become a bestower of happiness and serve all souls to liberate them from sorrow and peacelessness is to become Sukhdev (deity of happiness).

***** O M S H A N T I *****

Essence: Sweet children, become one who has a far sighted and a broad and unlimited intellect. Don't cause any *disturbance* in Shiv Baba's task. Those who cause a *disturbance* cannot receive a high status.

Question: What thoughts do people who live in this world have which the golden-aged deities would never have?

Answer: Here, people think that their sons and grandsons will eat from whatever they earn. The deities would never have such thoughts because their sons and grandsons take their inheritance with them from here. They believe that their kingdom is imperishable. Each one is making his own individual effort here.

Song: Mother oh mother, you are the fortune of tomorrow...

Om shanti. Children heard praise of the mothers. Children know which mothers are praised. Surely, it is the mothers who have been here and gone that are praised so much. They are not here now. On the path of bhakti there is praise of the one who was Jagadamba. You too didn't know what she did before she went. They go to the Jagadamba Temple and ask for something or other. Some would want a child and others would ask for blessings. Non-living images cannot do or understand anything, but that is devotion! You know that they existed in the *past*. There is praise of Jagadamba. She isn't the only one. All of you sustain the Brahmin clan and then you will sustain the divine clan. At this time, it is as though you are sustaining the whole world, but no one knows this. There is also a gathering for goddess Chandika, but the name Chandika is not so good. Baba says: Those who were amazed, and then ran away and divorced the Father will then go and take birth as cremators. If children cause mischief at home or are disobedient, they are called cremators. You can really see that some belong to Shiv Baba and yet they cause so much mischief. To cause mischief means to be disobedient. Those who cause *disturbance* in Shiv Baba's *service* would eventually leave. A Brahma Kumari at a *centre* causing mischief won't be able to explain to anyone. If she gets angry, everyone would say: She has a lot of anger. Chandika would not be just one; there are many of them. There is praise of the goddesses and also memorials of those who become like Chandika. They still belonged to God. Although some leave, they still go to heaven. They would still become masters. Although only the kings and queens become masters, the subjects would also say: We are masters. The Congress party say: Our Bharat is great. Nowadays, they even sing songs: Bharat was very good. Today, there are rivers of blood flowing. You have now become children of the unlimited Father. The gopes and gopis of Gopi Vallabh have been remembered. Vallabh is the Father. It is remembered that the one Gopi Vallabh has many gopes and gopies. In the golden age, there is no question of gopikas etc. You children now have a far-sighted and broad and unlimited intellect. The lock on your intellect has opened. You know very well the life story of this birth. Everyone has that intoxication. There is Birla who would have intoxication of his wealth. He would think that he is the wealthiest of all. However, you know that those who are wealthy today will then become poor. There is the difference of day and night between your intellect and that of the people outside. Some have intoxication of one thing and others have intoxication of another thing: I am So-and-so, I am like this.. This one (Brahma) also had the intoxication of being a great jewel-merchant. You now understand that all those types of intoxication are worth shells. The intoxication of you children is so high. Those people think that they will earn something and that their sons and grandsons will eat from that. It is not like that here. You know that by knowing the unlimited Father you are claiming your inheritance from Him, and we ourselves will receive the reward of that status birth after birth. All the sons and grandsons are making effort here. There, they don't think: Our grandsons will eat from this. They understand that that is the imperishable kingdom. Here, royal people think that their sons and grandsons will eat from their earnings. You are now claiming so much inheritance from the Father and performing such actions that you continue to receive the fruit of that for 21 births. You are not concerned about your sons and grandsons. All of them also claim their inheritance here. You have so much knowledge. People don't know anything. People would definitely receive so much happiness from *God, the Father*, whom everyone remembers so much. It is sung: O Supreme Father, Supreme Soul, have mercy! He is called the Supreme Soul. He is the *Supreme*. He is beyond birth and death and this is why He is

called the Supreme Soul, that is, God. The form of all souls is the same. Whatever effort each of you makes, so accordingly is the status you claim. This one's soul studies well and thus becomes Narayan. Someone who *fails* will become Rama. It is the soul that becomes that. You souls understand that you are studying Raja Yoga with the Supreme Father, the Supreme Soul. The soul then comes and wears a new costume and plays his *part*. He will change from an ordinary man into Narayan. This is in the intellect of you children numberwise according to the effort you make. This knowledge will then vanish. There won't be anyone impure there. Whom would you give knowledge to? The Purifier is remembered here. OK, just think that the Ganges is the Purifier. However, that would not be able to teach you Raja Yoga. The Father teaches you Raja Yoga. All the secrets of the *drama*, from the beginning to the end, are in the intellects of you children. All of you are studying in the one *class*, but you are numberwise. At the beginning, there was a bhatthi of 300. If there were thousands of cows in a cowshed to be looked after, no one would be able to look after all of them. A bhatthi of only a few had to be created. Amongst them too, some are still continuing to move along and some have broken away. Some children think that it would have been better if they had been here from the beginning. However, that is not so. So many of the old ones have run away. Even those who have been here for 25 to 30 years don't even remember that He is the unlimited Father from whom they receive an inheritance. Baba makes you into the masters of heaven; it is a matter of a *second*. The Father says: By belonging to Me, you will become the masters of heaven. Kings and queens and also the subjects receive liberation-in-life. "Liberation-in-life in a *second*" has been remembered. What would the children who are not studying fully be doing? Causing mischief. Some children are very obedient. They claim an even better status than their father. Their father would be earning a 100 or 200 and the child would become a millionaire. So, it is the same in alokik relations. A child who is seven days old would go quickly ahead of someone who has been here for 25 years. It is numberwise. In fact, all of you are brides and you remember the one Bridegroom. You know that the Father comes and gives us the inheritance of the land of happiness. All women have their lokik husbands, and yet everyone remembers the Husband of all husbands. The parlokik Bridegroom gives you nectar to drink and this is why He is remembered. Then you become the masters of heaven. You don't remember anyone there. Through your efforts of the present time, you claim a reward for 21 births. Your intellect has opened so much. That is numberwise and so the sovereignty you claim is also numberwise. Everything has been explained to you. By studying well here, you will also claim a high status. Otherwise, uneducated ones will have to bow down in front of educated ones. You have to make very good effort in this. The *time* now is very good for making effort. You know that you have to drink the nectar of knowledge whilst you are alive, that is, you have to continue to study. *Saplings* continue to be planted. For those who understand quickly, it is obvious that he or she will receive a good status. He is a flower who is very close and has surrendered himself in body, mind and wealth and has become engaged in *service* very well. He understands that however much time he gives for *service* is beneficial. Just as Baba has become the Stick for all of us who are blind, without the eye of knowledge, so we also have to become the same. You continue to become the stick for one another. It is Ravan who has made you blind. It is explained to you that at this time the whole world is Lanka. All are in the cottage of sorrow. They have the name "Ashoka (without sorrow) Hotel", and they have great pleasure there. Those who helped the Congress Party are now receiving a lot of happiness. You know that Baba has now come. The Mahabharat War is just ahead. It has to take place because the *gates* have to open. There is no question of this happening in the copper age. There is extreme darkness now. The night of Brahmins has now come to an end and Baba has come. Only you children know these things. When studying at *school*, some claim very good *marks* whereas others *fail*. The sign of *failing* is becoming part of the moon dynasty. Rama has been given the symbol of a warrior. They don't understand the meaning of that. They sit and relate so many stories about Luv and Kush (children of Rama). They make so many false allegations. It is sung: The King is Rama and the people are those who belong to Rama; there is mercy because of righteousness. So where did all those things come from? All of these things have to be understood. You know that this *knowledge* is in your intellect numberwise. *Students* should make very good effort. We are *God-Fatherly students*. Who would not remember their *teacher*? We are the *students of God*, the *Father*, the Purifier.

The Father, *Teacher* and Satguru are all included in this. All of you are Sitas. You are sitting in Ravan's cottage of sorrow. *Incorporeal God, the Father*, is the Ocean of Knowledge, *knowledge-full*. You would not say this of Krishna or Lakshmi and Narayan. Their praise is completely different. In the song, it is sung: The praise of the One who makes us like that is limitless. You say: Baba, I will claim the full inheritance from You. You are so sweet! You are so lovely! Lakshmi and Narayan are so sweet and lovely. Look at the picture of Lakshmi and Narayan. They are always shown smiling. You know that deities used to stay in this Bharat. Where are they now? You can tell everyone: This is your final birth and you have to become like Krishna once again. The land of Krishna is now being established. The Krishna soul is also studying Raja Yoga. If you want to go to the land of Krishna, then study Raja Yoga. When you speak of Lakshmi and Narayan, they become confused. Krishna is rocked in a cradle and they worship Lakshmi and Narayan. There are not shown in any childhood activities. Where did Radhe and Krishna go and what happened to them? They don't know anything. Radhe and Krishna were not brother and sister. Now, there is no kingdom of Radhe and Krishna. No one in the copper age knows about their kingdom. A very good intellect is needed to understand all of these things. It takes effort to write *literature*. They portray the ornaments on Vishnu, but, in fact, Vishnu doesn't have those ornaments. Neither Vishnu nor Lakshmi and Narayan have the conch shell. So what should we write? People cannot understand anything. You have the conch shell so the ornaments surely have to be given to Brahmins. They would say: Where did these Brahmins come from? They wouldn't be able to understand anything. You can explain that we Brahmins are the spinners of the discus of self-realisation. A very broad and unlimited intellect is needed to explain all of these things. Those who have a gross intellect and are to become subjects won't be able to understand anything. They find it very *difficult* to explain. Baba writes: Sweetest, beloved, long-lost and now-found spinners of the discus of self-realisation, mouth-born creation of Brahma. However, you don't have those ornaments. In the pictures, they have shown the goddesses with a third eye, but they don't have a third eye. Your third eye has now opened. There is praise of you Shaktis. Since there is Jagadamba, the children would also be with her. Mothers are in the *majority*. The mothers are lifted up high. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Use your time in a worthwhile way in *service*. Surrender your body, mind and wealth and continue to study for as long as you live.
2. Sustain one another with knowledge. Don't perform any task through which you would be disobeying the Father.

Blessing: May you be a spiritual server who has enthusiasm within the self every day and also gives enthusiasm to everyone.

BapDada gives all you spiritual serviceable children the gift of love: Children, have enthusiasm within the self every day and celebrate a festival of giving enthusiasm to everyone. Through this you will become free from the effort you make of harmonising sanskars and ending sanskars. Celebrate this festival at all times and all problems will end. Then you won't have to spend time or use your powers on that. You will become angels who dance and fly in happiness.

Slogan: Those who understand the secrets of the *drama* and make the lesson of "*nothing new*" firm are carefree emperors.

* * * O M S H A N T I * * *

Essence: Sweet children, this old world is to turn to dust and become completely useless. Therefore, remove your intellect's yoga from the world that is going to turn to dust.

Question: What desire do people have that only the one Father can fulfil?

Answer: People desire peace, but they don't know who made them peaceless. You tell them that the five vices have made them peaceless. When there was purity in Bharat, there was peace. The Father is now once again establishing the pure family household path where there will be peace, happiness, everything. No one except the Father can show the path to liberation and liberation-in-life.

Song: Take us away from this world of sin to a place of rest and comfort...

Om shanti. Whose spiritual gathering (satsang) is this? When people go to a spiritual gathering, there is always one or other holy man or great soul sitting on a gaddi speaking knowledge from the scriptures, etc. However, there, they have no *aim* or *objective*. No one knows what attainment they can have from a spiritual gathering. It isn't just the guru's *followers* who go to him. No, anyone can go and sit there. They can be *followers* or anyone else of any religion. They believe that such-and-such a great soul has come and so they quickly run there. That is called a spiritual gathering. The mahatma would explain something from one or other Veda or scripture. In fact, the Truth, the Supreme Soul, is only the One. All the rest is the company of human beings. Only the Supreme Soul, the Truth, tells you the true story of becoming Narayan from an ordinary man. The true story of Narayan is told on the day of the full moon. You now know that the true full moon is when night changes into day. You become sixteen celestial degrees full. In fact, the Sun of Knowledge can never become eclipsed. It is this sun and moon etc. that give light to the earth that become eclipsed. The Sun of Knowledge is the One who gives light to everyone. His praise is sung: When the Sun of Knowledge rises, the darkness of ignorance is dispelled. All of you sitting here are the children. Outsiders are not *allowed* here. They wouldn't understand anything. The Father says: I only come in front of you children personally and change you from sinful souls into charitable souls and make you worthy of living in a temple. That is the pure world, Shivalaya (Temple of Shiva). Shiva created heaven. Who resides there? The deities, whose images are placed in the temples. You know that 5000 years ago those deities lived in Bharat and they ruled heaven. No one in the world knows when they ruled the kingdom or how they attained their kingdom. You children know that that was the new world and that this is the old world. The people of Bharat say: There should be a new world and a new Bharat. There should be a *World Almighty* kingdom. It enters the intellect of the soul that it used to be the kingdom of deities here. However, those poor people have forgotten when and who established the kingdom of the *Almighty Authority*. It definitely existed at some point in time. You know that Bharat was the Golden Sparrow. In whose company are you now sitting? Which Great Soul has come? Shri Krishna would not say: God speaks: I teach you Raja Yoga. The lock on the intellect of you children has now opened. You know that the whole of this old world is to turn to dust and become completely useless. People want peace, but who can establish peace? First of all ask them: Who made you peaceless? They won't be able to tell you anything about how the five vices made them peaceless. There was peace in Bharat when there was purity. People were very, very happy on the pure family household path. It has now become the impure household path. There are its signs. They sing praise in the temples: We are degraded sinners. We are without virtues, we do not have any virtues. People sing this, but they don't know anything. When the Father comes, He makes effort for you children. The Father comes to you children. This isn't a sage or holy man sitting here. They are bodily beings. Your vision is up above. We are listening to Shiv Baba. Our sight is not on any bodily being. Krishna too was a child, a bodily being who took birth through a womb. Each and every soul has his own body. Shiv Baba doesn't have a body of His own. The name is given to the body. The name of the soul is soul. It is said: A great soul, a sinful soul. It would never be said: Supreme sinful soul. In that case, how can they call themselves God? The Supreme Father, the Supreme Soul, is only One. He is the *Supreme* Father who resides in the supreme abode. You say: The Supreme Soul. The *Supreme* is the Incorporeal One. They have confused this and given Him the name, Supreme Soul. Everyone remembers Him. Show the path to the blind ones... Your intellect goes up above to the Supreme Father.

The One who tells you all the secrets is the Supreme Father, the Supreme Soul. The land of nirvana is called the land of liberation. The souls who come first have liberation-in-life and then from a life of liberation they go into a life of bondage. You children know that there is purity, peace and happiness in the golden age when there is one kingdom. That is called the undivided kingdom. Then, there is the divided kingdom, that is, the *devil's* kingdom. First of all there was just the one religion and now there are innumerable religions. You children know this whole world cycle very well, numberwise, according to your efforts. Nowhere else do they have an *aim or objective*. You children know that the Seed of this tree, the Supreme Soul, is up above. First there is the creation of the golden age. Then from the golden age it becomes the silver age. The whole world has to become old and tamopradhan. You are now in the old world. It would not be called new. The golden age was the new world. The iron age is called the old world. It takes *time* for it to become old. At first it was new and now it is old. Nowadays, everyone in Bharat wants there to be a new world and a new Bharat within it, a *World Almighty* kingdom. The *Almighty Authority* established the kingdom of deities. At that time, there was no other kingdom. Not every human being can be the *Almighty Authority*, that is, human beings cannot be the Ocean of Knowledge. The praise "Ocean of Knowledge, Ocean of Happiness" is only of the one God. It is from Him alone that you receive an inheritance. The Father Himself says: I come every cycle. I come and make this Bharat into heaven. Then, after half the cycle, you lose your fortune of that kingdom. You are then defeated by Maya. It is not a question of your mind being defeated. The mind becomes completely like a horse. Maya blows away the mind. Maya too says: It is a wonder! How can anyone from my army go to the other side? She even conquers very good maharathis. You battle with Maya. This is not a question of a battle with physical weapons. This is the battle to conquer Maya. Those battles have always gone on. At first they battled with swords and then guns were invented and now there are *bombs*. It is now in the intellect of you children that you were deities. No one in other spiritual gatherings would say that they were deities and that they took 84 births, that they have now become impure and are now once again becoming pure. You too were without sight. This is not a question of physical eyes. This is a matter of the divine eye of knowledge. Souls have forgotten their Father. Sannyasis have said that the soul is the Supreme Soul. The Father Himself comes and opens your third eye. They have then portrayed deities with the third eye. Just as they have shown Vishnu with the ornaments, similarly they have shown deities with the third eye. However, their third eye of knowledge never opens. If in the golden age they had the knowledge of how they will descend and how they will then become residents of hell, they would lose the happiness of their fortune of the kingdom. This *knowledge* only exists at this time. You sweetest, beloved, long-lost and now-found children know that you have come to Baba after 5000 years to claim your fortune of the kingdom once again. We will then come again after 5000 years. We are *all-round actors*. We became deities and then we became warriors. We have now become Brahmins once again. No one has this knowledge. Gita Pathshala means God's pathshala. There are the versions of God. Those people have then inserted Krishna's name. At this time there cannot be versions spoken by God Krishna. He was a small child. People have accused him of so many things: He had so many children, he abducted so many queens etc. All of you came running here by yourselves; no one abducted you. If anyone in the *Government's* kingdom were to abduct anyone, there would be a *case* against that one. It was a *wonder* that so many children came. A bhatthi had to be created. Old people, young people, children, all *varieties* came running here by themselves. Some whole trees (families) came. They have confused the things that happened here with Krishna and written all wrong things. It was sensational news in the newspapers. It was printed in the newspapers in America that a jeweller in Calcutta said that he wanted 16,108 queens and that he had so far found 400. All of this is a game. *Nothing new!* The same thing will happen after a cycle. Your bhatthi will be created in the same way. You can see how establishment is taking place. You are changing from human beings into deities. By making the Bestower of Liberation-in-Life belong to you, you claim a right to attain your inheritance in a *second*. Janak also had a vision in a *second*. People say: Give us knowledge, just as Janak received it. Janak attained his kingdom in the silver age. Baba first of all explained to you: It is now in the intellect of you children who is sitting in front of you. They have placed a bull in front in the Shiva temple. A human

being would sit on a bull; how could Incorporeal Shiva ride it? Therefore, they have shown Shankar sitting on it. They don't understand anything. You heard in the song: Show the path to the blind, dear God. All are blind, without an intellect. It is the rule of the people over the people. In the earlier days, the kingdom was ruled by a king. When anyone committed a great crime, the king would pass judgment. It is now the rule of the people over the people. They are all *judges* of one another. It is a *wonder*. This is an unlimited play. Only you know this; no one else can say this. This *drama* continues to move like a louse. It continues to *tick* away. The world cycle continues to turn. No one knows the *world history and geography*. They say that even a leaf moves on the directions of God. However, that is the *drama*. If a fly *passes* through here, that will *repeat* after a cycle. The *drama* has to be understood. Only human beings would understand. Baba explains so clearly. Baba is the *World Almighty Authority*. He says: I too am bound by the bondage of the *drama*. I Myself come and make impure ones pure. You now receive power from the Father in order to conquer Maya. Maya, the enemy has made you completely poverty-stricken. There is no *health* or *wealth*. You now understand that you are becoming the masters of the world. There, you will have *health, wealth* and *happiness*. You will have everything. You say to God: Come and show us the path. Have mercy. Come and give us liberation and liberation-in-life. The soul calls out: Oh Baba! Come and liberate us from sorrow and make us happy in heaven. He is remembered as the Remover of Sorrow and the Bestower of Happiness. The Father gives you happiness. Then there is no need to remember Him in heaven. He makes all the children happy. In earlier days, they would give everything to their children when they reached the age of 60 and went into retirement. The unlimited Father says: I know that Ravan has made you very unhappy. So I have now come to take you back. The land of nirvana and the stage of retirement are the same thing. The stage of retirement, that is, beyond sound is the *sweet silence home*. Then you will go into your *sweet* kingdom. It is now the land of sorrow. You say that you are becoming spinners of the discus of self-realisation and are continuing to make others that too. Only at the end will you become perfect. They say that Vishnu and Shri Krishna are spinners of the discus of self-realisation. How can this be possible? Only you can understand these things. Those who are spinners of the discus of self-realisation should have the intoxication: Shiv Baba is making us into the spinners of the discus of self-realisation. We will become perfect at the end. It is because you have not yet become perfect that the ornaments have been given to the deities. It wouldn't seem right to give you the ornaments at this time. Deities are perfect and this is why the ornaments have been given to them. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Keep the secret of the unlimited *drama* in your intellect and make the lesson of “*nothing new*” firm. Stay beyond sound and go into the stage of retirement.
2. In order to conquer Maya, the enemy, take power from the Almighty Authority Father. Give the eye of knowledge to souls who don't have the eye of knowledge.

Blessing: May you be a conqueror of obstacles and attain the perfect *stage* by wearing the armour of the power of tolerance.

In order to attain your perfect *stage*, renounce the mischief of carelessness and strengthen the power of tolerance. The power of tolerance is the armour to remain safe from all obstacles. Those who don't wear this armour become sensitive. They then tell Baba the very things that Baba tells them. Sometimes they have a lot of zeal and enthusiasm and sometimes they become disheartened. Now, leave aside the ladder of going up and coming down and constantly have zeal and enthusiasm and your *stage* of perfection will come close.

Slogan: To have mercy for many souls with the power of remembrance and service is to be merciful.

*** O M S H A N T I ***

Essence: Sweet children, the Father has come to fulfil your desire for peace and happiness. If you want peace, *detach* yourself from your bodily *organs* and stabilize yourself in your original religion.

Question: What effort is required in order to become worthy of worship? Why are you worshipped?

Answer: In order to become worthy of worship, become helpers in the service of purifying the world. The human souls who help the Father are worshipped along with the Father. You children are worshipped with Shiv Baba in the form of saligrams. Then your corporeal forms of the deities Lakshmi and Narayan are worshipped. You have understood the deep secret of worshippers and those who become worthy of worship.

Song: Mother, oh Mother, you are the bestower of fortune for the world.

Om shanti. It is definitely the Father who makes the mothers a hundred times fortunate. The praise is sung of only the One. The Bestower of Salvation for All is One. It is that One who has to be remembered. This is the praise of you children. You know that it is the Father who makes you fortunate from unfortunate. Bharat was 100% fortunate and then became 100% unfortunate. The story is based on Bharat. It is the Father, the One you children know, who makes you mothers fortunate. Your yoga is connected to Him. You understand that all of this is His creation. No other human beings know the Creator or creation. Who had these pictures etc. made? You would say: Shiv Baba. Through whom? You would say: Through the corporeal mother and father. You children now have the whole world tree in your intellect. How big the world is! Vasco de Gama sailed round the whole earth. All around, there is just the ocean and the sky everywhere; there is nothing else. You must have studied all of this at *school*. However, Baba explains everything in a *nutshell*. You know that 5000 years ago there was definitely the golden age in Bharat. In the golden age, there was only Bharat and the population must have been very small. You would now say that you belonged to the kingdom of the sun dynasty. It is remembered that the kingdom of Krishna existed by the banks of the River Jamuna. Delhi was also called Paristhan (the land of angels). It definitely must initially have been someone's kingdom. You say that you belonged to the kingdom of the sun dynasty. The kingdoms become separate later. In fact, the impact would be where you rule your kingdom. Bharat has a lot of influence. All of these things should trickle into your intellect. You have to imbibe these aspects. Shiv Baba, the Ocean of Knowledge, is also called Somnath. It was the worshippers who gave Him the name "Somnath". His real name is Shiv Baba. Who is the One called Shiva? The Father of all souls. The soul is a dot. It is remembered that the Supreme Father, the *Supreme Soul*, is God. A *soul* is a soul. Souls cannot be bigger or smaller. The Father says: When I enter this one no realizes it. However, they do understand that there is a tiny *star* sparkling in the centre of the forehead. They say: The jewel on the forehead. There is a jewel on the forehead. The soul is called the jewel. It is said that there is a jewel on the forehead of a snake. In fact, all of those things belong to this time. The soul in the form of a jewel sparkles and resides in the centre of the forehead. The Father explains new aspects to you children every day. The main thing to understand is: I am the spinner of the discus of self-realisation. The Father says: I, the soul, am the Supreme Soul and I am beyond birth and death. I definitely do come. Temples are built to the Incorporeal One. Previously, you did not have this knowledge. Surely, the Incorporeal One came and did something. The Incorporeal One comes into a *family*. The souls of Lakshmi and Narayan also come. They are shown with bodies. Only Shiva is shown in the form of a lingam. In the Shiva's temples, together with the Shivalingam, there are also saligrams. Saligrams are not shown in the temples to Krishna or Lakshmi and Narayan. This proves that all are the children of the one Father. You are worshipped as souls and you are also worshipped as deities. People speak of the sacrificial fire of Rudra. The Father created this sacrificial fire through human souls. Just as the Father is worshipped, in the same way, you souls should also be worshipped. Then the corporeal form of those who become Lakshmi and Narayan are worshipped. Those names continue. You children are doing *service* here, through your body. This is why you souls are worshipped. Shiv Baba says: I also carry out a lot of important *service* through this one. This is why I am worshipped first. Then the souls through whom I do the *service* of making the whole world pure should also be worshipped. Every one of you is worshipped. At least 100,000 saligrams are made. When businessmen create a sacrificial fire of Rudra, some have 5000 saligrams made, some 10,000 and some have 100,000

made. That worship is of the souls with the Supreme Soul. The Father explains: You souls are doing service through your impure body. Shiv Baba does the most *service* and He also inspires you to do service so you souls are also worshipped. Together with the Father's praise, there should also be your praise. No one knows anything. They neither know Rudra nor do they know the saligrams who attained the kingdom. You are now attaining that kingdom. The main ones worshipped are Lakshmi and Narayan and their *dynasty* is also remembered. They must have claimed that kingdom with someone's help. That kingdom is established with the help of you children. These are very sweet things. Baba continues to explain everything in a *nutshell* so that you are able to imbibe it. The main aspect you have to imbibe is to remember the Father. The *knowledge* of the tree and the cycle is within you souls. The *number one* worthy-of-worship is Shiv Baba, the Father of all souls, the One who sits here and makes you souls so worthy of worship. You soul are worshipped. You now understand how you become worthy of worship and how you become worshippers. It is the people of Bharat who become worthy of worship and worshippers. Now all are worshippers and then they will become worthy of worship. There, there will be no devotees or worshippers. It must definitely have been God who made them into gods and goddesses. Now, is God incorporeal or corporeal? In the corporeal form, the highest of all are Lakshmi and Narayan. It is the Incorporeal One who made them like that. This is why the Incorporeal is worshipped. All of these things are being explained to you children. First of all you have to have faith in the Father. He is truly the Father of us souls. When someone says: "Oh God! Oh Supreme Soul!", ask them: Who is remembering and whom are you remembering? You should catch them out and ask them: How many fathers do you have? Who are you calling out to? Who are you calling God? They would say: *God the Father*. So, you definitely have 2 fathers. The soul remembers *God the Father*. You are a soul and you have a body. The body has a physical father. Who is the Father of you, the soul, the One whom you call the Supreme Father, the Supreme Soul? Who is calling out and to whom? You have to give the introduction of that unlimited Father, the One from whom you receive your inheritance. This one also remembers Him. Many different names are given in many different languages. Some say "*God*", some say "Supreme Soul" and some say "Khuda". People of all religions definitely remember the One. He is the Father of all souls. It is from the Father that you receive an inheritance. You souls call out to Him. You have to give the introduction of the two fathers: the limited father and the unlimited Father. On the path of devotion, devotees remember God. Therefore, God says: I come and give you peace and happiness. Then you will no longer have any need to remember Me again. It is the people of Bharat who become worshippers and worthy of worship, pure and impure. In-between, other religions are established. Then, as the population grows, everyone gradually becomes tamopradhan. By the end, the whole tree will have come down. Only when it becomes empty up there will everyone go back. So this world is now impure. They sing: Oh, Purifier! Therefore, surely, they must be impure. Bharat was pure and it has now become impure. Shiv Baba definitely comes, but people have forgotten how He comes and when He comes. Krishna doesn't say: I adopt a body in order to explain to you. It is the incorporeal Father who says: I explain to you through this one. Therefore, He is separate. You yourselves used to believe that Krishna was the God of the Gita. This One says: I enter the ordinary body of this one in his stage of retirement. The Father says: I know your births. Shiv Baba enters this one. Krishna cannot be called God, the Purifier, or the Ocean of Knowledge. Although people hold the Gita in their hand, they still say: The Purifier is the Rama of all Sitas. They do not say that it is the Krishna of Radhe. Rama means the Supreme Father, the Supreme Soul. If they are referring to the Rama of the silver age, then Lakshmi and Narayan are higher than He is, so why do they not mention their names? However they don't, because they are referring to the Supreme Soul. Only the Incorporeal One is called *Heavenly God*, the *Father*. The Father is called the *Liberator* and the *Guide*. Christ cannot *liberate* everyone. You cannot say that about anyone else. Only the Father comes and *liberates* everyone from sorrow. He becomes your *Guide* and says: I show you the path. The Father has come and made you belong to Him. This is your Godly birth. You receive power from Shiv Baba. You have the power of *silence* and they have the power of *science*. They do everything with their intellect. Therefore, they have a lot of arrogance of *science* and it is through that that destruction takes place. *Science* gives a great deal of happiness but then it also brings

about destruction. There, you will have *aeroplanes* etc. These skills will also exist there. All these things will be useful to you later on. Abroad, they have such lighting that you can't even see the light bulbs, but only light is visible everywhere. The lighting in the golden age is also like this. All the physical comforts you have here will also exist there. You have also had visions of all of that. There is no question of *accidents* etc. there. There is no question of sorrow there. The Father comes and fulfils your desire for peace and happiness. Human beings wander around looking for peace. Therefore, you should ask them: Who made you peaceless? You know this. It is the five vices that make you peaceless. However, they do not understand this. They have forgotten that the soul is an embodiment of peace. O soul, you came from the land of silence and adopted those physical *organs*. Now separate yourself from those physical organs; *detach* yourself! There is no question in this of doing breathing exercises etc. For how long would you remain sitting in a cave? The soul says: I am *detaching* myself from these *organs* because I am tired. I am now forgetting this body. The Father now says: Remember your original religion and your original land. Originally, you were residents of that place. Remember your home. You have to perform actions. You cannot live without performing actions. Sannyasis think that they are renunciates of karma because they don't prepare their food with their own hands. However, it is not possible to renounce karma. Their religion dictates that they have to eat food provided by householders. This is why they take birth again to householders and then leave to go onto the path of isolation in order to purify Bharat. Only in Bharat was there *purity*. Everyone was *pure*, whereas now everyone is impure. The Father sits here and explains this secret. He says: Children, if you don't do anything else, just simply continue to remember the Father and your sins will be absolved and you will return with Me. This *drama* is about to end. Everyone has *passed* through the stages of *sato*, *rajo* and *tamo* and everyone now has to go back. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Consider yourself to be a jewel sparkling in the centre of the forehead. Spin the discus of self-realisation.
2. Remember your original religion and original land and experience peace. Do not allow your intellect to wander. Practise becoming *detached* from your body.

Blessing: With the speciality of being humble and an instrument, may you be an embodiment of success who goes *fast* in service and claims a *number* in the *first* division. Whilst moving forward in service, remain aware that you are a humble instrument and you will become an embodiment of success. Just as you are clever in running around to serve, similarly, become clever in having these two specialties (humility and being an instrument). Through these specialties you will be able to do *fast* service and claim a number in the *first* division. By remaining within the line of the Brahmin code of conduct and serving whilst considering yourself to be a spiritual server, you will become an embodiment of success. You will not have to labour.

Slogan: Those who constantly imbibe the jewels of knowledge in their intellect become true holy swans.

* * * O M S H A N T I * * *

(These elevated versions were spoken on the 25th June 1965 when the body of Mateshwari was kept in the History Hall. BapDada was filling the children with power.)

Essence: Sweet children, the confluence age is beneficial for Brahmins. Therefore, always have spiritual intoxication. Don't worry about anything.

Question: What are the signs of those whose stage is good?

Answer: They never cry about anything. They never wilt. They never feel sorrow or regret. They watch every *scene* as a detached observer. They never ask "Why?" or "What?" They never remember the name or form of anyone. They remain cheerful in remembrance of one Baba.

Song: Mother, oh Mother, you are the bestower of fortune for the world....

Om shanti. You sweet children have been given an order to continue to remember the unlimited Father. Listen to this knowledge and yoga from all the children with a name and form who are engaged in the Father's *service*. They too will tell you: Remember the Father because you receive an inheritance from Him. This too is what Mama said. Children also say: Remember Shiv Baba. You children are sitting here in remembrance of Shiv Baba. You don't have to worry about anything because you are receiving your inheritance from the unlimited Father. When anyone sheds his or her body and goes away, we would say that that was destined. It also happened in the previous cycle. You have to move along with the *drama* so that there are no worries. Today, Mama has gone and tomorrow, someone else would go, but the Father definitely has to speak the murli. Baba continues to tell you children new *points* and explain their meaning. He tells everyone: Children, remember the Father. Don't become trapped in anyone's name or form. This knowledge is for all children. As you progress further, you will see many *wonderful* things. At this time, there are things of sorrow. However, we are not worried about that sorrow. Look, this Baba (sakar Baba) doesn't have any worries because he knows that he has to remember Baba alone and claim his inheritance from Baba. Baba has explained that no inheritance is received from the *creation*. The *creation* is to receive their inheritance from the *Creator*. Therefore, all the *creation* (sons and daughters) have to remember the one *Creator*, no matter what happens. When any such obstacle comes, there is no question of doubt about that because you only have to remember one Shiv Baba. It is in this that there is benefit for you children. If someone goes away having done good *service*, it should be understood that whoever goes away has to go and play his *part* somewhere else. All of this happens for one benefit or another because the Father is the Benefactor and this confluence age is also beneficial for Brahmins. Maintain spiritual intoxication by knowing there is benefit in everything because we are the children of God. We are claiming our inheritance from God. If they go away whilst claiming their inheritance, they must definitely have another *part* to play. They have to carry out a greater task. It is our great fortune that we have the *part* to become the Father's helpers as we did in the previous cycle. Even whilst being a helper, an ordinary person can die. We understand that all of this happens according to the *drama*. So what if someone has gone? We don't have to do anything for that person. Everything of ours is incognito. In fact, those who never have tears have a good stage. Never think: Mama has left her body and so what will happen now? If you have tears, you fail. The Father who is giving all of us an inheritance is sitting here. He is immortal and so there is no need to have any tears for Him. We ourselves are making effort to shed our body in happiness. Mama had to go somewhere else for a particular task and that too was in the *drama*. There is benefit for anyone who leaves his or her body according to their stage. They will take birth in a very good home and give them happiness. Even little children make everyone happy. Everyone praises such children. So, everything of the children depends on the *drama* and the Father. Always consider that whatever happens, *second by second*, is also fixed in the *drama* and always remain happy and cheerful. We people must never become trapped in anyone's name or form. We know that this is a body and that it has to go at some point. Each one's *part* is fixed. If we cry, would that person's *part* be changed by our crying? This is why you children have to remain absolutely bodiless, peaceful and cheerful. If you want to claim the unshakeable immovable kingdom, you have to become like this. When any incident takes place, it would be said to be the destiny of the *drama*. There is nothing to regret in that. The same thing also happened in the previous cycle.

Incidents will take place. *Earthquakes* take place as you move along. It isn't that any one of you is not going to die. No. Anyone can die. Any incident can take place. This is why Baba explains: Children, always stay in remembrance of the Father and maintain your spiritual intoxication. Whatever *part* each one has received, he plays that part. What do we have to do with that? Our knowledge is such that even if your mother dies you have to eat halva, which means you have to give the jewels of knowledge. For instance, Baba says: This Baba might also go away. Nevertheless, you children have already received the *knowledge* that you have to claim your inheritance from Shiv Baba, not from this one. The Father says: All of these children of Mine are claiming their inheritance from Me and showing the path to others. You children have to become a stick for the blind. Give the Father's introduction. Have mercy for everyone. Your effort is that when you see someone is unhappy, you show that person the path to happiness. No one in this world, apart from the one Father, can show you the path to happiness. The *Liberator* and Remover of Sorrow and Bestower of Happiness is only the One. You have to remember Him alone. No matter what happens there can be no question of sorrow here. We know that our Mama is remembered as the *number one serviceable* child. She has been portrayed with a sitar in her hands. Truly, Jagadamba, that is, Mateshwari used to explain very well. She also used to say: Remember Shiv Baba. Don't remember me. Manmanabhav, madhyajibhav, these two terms are very well known. The rest is *detail*. No matter what circumstances, if any of you have doubts as to what happened or why it happened, you are only bringing loss to yourselves. You children should not experience sorrow in any situation. Even if you are ill, or if there is something else, that is the suffering of karma. Some ask Baba: Baba, what is this? Baba would reply: That is the suffering of your karma. If something in the *drama* is not to be told to you in advance, how can I tell you that? This Baba also watches everything as a detached observer. So, you children also have to watch everything as detached observers and stay in remembrance of the Father with spiritual intoxication: I am a child of God. We are God's grandsons and granddaughters. We are claiming our inheritance from God. We know that Mama left her body whilst claiming her inheritance from God. Each one of us has to remember the Father and the inheritance. Everything depends on effort. You children can also realise that to the extent you study, you can claim a high status and become elevated *princes*. There are the sun-dynasty *princes* and *princesses* and the moon-dynasty *princes* and *princesses*. Therefore, you children have to study. No matter what happens, you definitely have to study. It isn't that if someone's mother or father dies, he stops studying; no. So, you too have to study every day. You mustn't miss the study for even one day. You definitely also have to do *service* under all circumstances. Just keep Baba alone in your intellect at every moment. He alone is teaching you and you have to claim your inheritance from Him alone. He has opened the lock on our intellect. We have the knowledge of Brahmand, the subtle region and the beginning, the middle and the end of the world in our intellect. Through this knowledge we become the rulers of the globe. Simply stay in this pleasure and intoxication and tell everyone this knowledge in the same way because you children who have become firm Brahmins don't have any worries. There is nothing to make you wilt or worry about in this. You need to have a good stage. You understand that at the end you are definitely going to gain victory. Many people will come to claim their inheritance. No matter what happens, your *service* will continue to grow. Just let your *activity* be divine. There mustn't be any devilish traits here. If you fight or quarrel with anyone, or say bitter words to someone or are tempted or have greed or anger etc., there will have to be very severe punishment. Therefore, you mustn't cause sorrow for anyone. Show everyone the path to happiness. Even if a small child is causing mischief, you mustn't smack him. Interact with him too with love. In your home, be very tactful with everyone. There are some who understand everything very well here, but as soon as they go home, Maya distresses them. The Father understands: Children, storms will continue to come forcefully. Day by day there will continue to be storms and obstacles. You mustn't be afraid. The Father says: There will be many obstacles in this sacrificial fire of knowledge of Mine because this is new *knowledge*. When someone asks if you believe in the scriptures, tell him: Yes, we believe in them. All of those scriptures are of the path of devotion whereas this is the path of knowledge. The Father, the Lord of Knowledge (Gyaneshwar) says: Remember Me. That's all! I also tell you: Remember the Father. Whether you do it or not is up to you. It is now hell, the kingdom of Ravan.

Now remember the Father and heaven. You have been bathing in the Ganges for birth after birth. In spite of that the world has continued to become impure. The Father now says: Simply remember Me. You will see those sanskars in those who belong here. They will understand very quickly. You now have an unlimited intellect. Those who are sensible are called those with a wise intellect. So you have to maintain that intoxication. There is no question of sorrow etc. We now know that the *drama* is being enacted. You would say: Wah! Mama left! That *actor* went to perform another *act*. There is no need to be confused, to cry or experience sorrow. She has gone to do elevated *service*. Day by day you become elevated. Even if someone sheds his or her body, they will go and do elevated *service*. This is why you children should not feel any sorrow. Not just Mama, everyone will go. We too have to go to Baba. Our connection is with Baba. Everyone is only concerned with Baba. Mama was also concerned with Baba. She took that *knowledge* from Him, did *service* and has now gone to play another *part* for some other *service*. We observe all of this as detached observers. You shouldn't feel: Mama has gone. So-and-so has gone. This one has gone. The soul has gone to do *service*. All the bodies are going to turn to dust anyway. Therefore, you children should not worry about anything. Yes, it is true that this *student* of Baba was very good. It is remembered that she used to explain very well. If any type of doubt arises, then everything is over. Your status will be destroyed. This is why Baba continues to explain to you children: Children, don't worry about anything. Continue to put into practice the *directions* you receive. Don't think: What happened? Those who forget the Father and the *knowledge* will worry. All of you children are *master knowledge-full*. Whatever *part* each one has, what can we do about that? Achcha.

All of you sat in remembrance during the night and you earned a good income. Baba comes here and sees the children. He is pleased that a garden is being created. You are now Brahmins and then the garden of deities will be created. Here, all of you are effort-makers. You are trying to become good flowers. There will be a *show* of thorns transformed into flowers. You have to sit here whilst being very stable. Look how Baba is making you so strong. You have received Baba's order: Simply remember Me alone. If someone cries, Baba would say: Those who cry lose out. Baba is seeing whether someone is a wilted flower. No. All of you are mahavirs. Such obstacles will come. This is the *drama* and this is destiny. Achcha.

To the sweetest, beloved, long-lost and now-found children, the stars of knowledge, love, remembrance and good morning from the Mother, Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Make your *activities* divine. Never fight or quarrel. Don't speak bitter words. Don't have any temptation or greed. Don't cause anyone sorrow. Show everyone the path to happiness.
2. Don't have doubts when obstacles come. Understand the guaranteed destiny of the *drama* and maintain your spiritual intoxication. Don't worry about anything.

Blessing: May you be a *master* almighty authority and end the account of waste with the method of paying *attention* and *checking*.

In Brahmin life, wasteful thoughts, wasteful words and wasteful actions make you waste a lot of time. You are then unable to earn as much income as you want. The account of waste doesn't allow you to become powerful. Therefore, always have the awareness: I am a *master* almighty authority. When you have power, you can do whatever you want. Just repeatedly pay *attention*. Just as you pay *attention* during *class* and at the time of remembrance at amrit vela, in the same way, adopt the method of paying *attention* and *checking* yourself and the account of waste will end.

Slogan: To become a Raj Rishi, make your stage free from obstacles with the good wishes of Brahmin souls.

*** OM SHANTI ***

The attainment of the inheritance and blessings from God in the age of fortune.

Today, the Father, the Seed of the world tree is looking at His children who are the *foundation* of the tree, the *foundation* from whom the whole tree grows. He is looking at the special souls who are the embodiment of essence and who bring about growth, that is, He is looking at the souls who are images of support of the tree. He is looking at the special souls who have imbibed all the powers they have received *directly* from the Seed. Out of all the souls of the world, only a few souls have received this special *part*. There are so few souls who have received the *part* of elevated attainment through their relationship with the Seed.

Today, BapDada was looking at the fortune of such elevated fortunate children. Children should simply remember two words: Bhagwan (God) and bhagya (fortune). Everyone receives fortune according to their karma. Even you souls have to come into the account of karma and fortune from the copper age onwards, but in the present age of fortune, God gives you fortune. He gives you children the method of drawing an elevated line of fortune, which is the pen of elevated actions. And, with this pen, you can draw as elevated and clear a line of fortune for birth after birth as you want. No other time has this blessing. It is only this time that has the blessing for you to attain whatever you want and however much you want. Why? God is giving you children the treasures of fortune with a generous heart and without you having to make any effort. It is an open treasure-store; there are no locks and keys. It is such an overflowing, unending treasure-store that you can take as many treasures as you want. It is an unlimited, overflowing treasure-store. Every day, BapDada reminds you children: Take as much as you want. Don't take according to capacity, but take with a big heart, take from the open treasure-store, from the overflowing treasure-store. What would the Father say if any of you take according to your capacity? The Father also remains the detached Observer and smiles as He watches: Children are so innocent that they become happy with just a little. Why? Because for 63 births you have had the sanskars of devotees who become happy with just a little. Instead of taking the full attainment, you consider a little to be a lot and become satisfied with that.

You forget that this is the time to take all attainments from the eternal Father. Nevertheless, BapDada reminds you children: Be powerful. It is still not *too late*. You have come *late*, but it is not yet the time for "*too late*". This is why, even now, it is the time to take from both forms of the Father: an inheritance from the Father and blessings from the Satguru. Therefore, create your elevated fortune easily in the form of blessings and an inheritance. Then you won't have to think: The Bestower of Fortune distributed fortune, but I only took this much. The children of the Almighty Authority Father cannot be according to capacity. You now have the blessing that you can take whatever you want from the Father's treasure-store as your right. Even if you are weak, with the Father's help, you can make your present and future elevated because when a child maintains courage, the Father gives help. There is very little time left for you to receive the Father's co-operation and the Father's open treasure-store of fortune.

Now, because of love for you, the Father is your Companion at every moment and in every situation, but in after a little while, instead of being the Companion, His *part* of watching everything as the detached Observer will begin. Whether you become full of all powers or you become full according to your capacity, He will observe both these stages as the detached Observer. Therefore, at this elevated time, claim the attainment of the inheritance, blessings, co-operation and company that you are receiving from BapDada. Never become careless in your attainments: There are still so many years left! Don't confuse the time period of world transformation with the time period of attainment. Don't be left behind by just thinking such thoughts of carelessness. In your Brahmin life, constantly remember the words for all attainments and attainment over a long period of time: "If not now, then never". This is why you were told to remember just two words: Bhagwan and bhagya. Then you will always remain multimillion times fortunate. Bap and Dada were having a heart-to-heart conversation between themselves: Why are children compelled by their old habits? The Father makes you strong and yet you children then become compelled. He gives you the

legs of courage and wings, and also makes you fly with Him, and yet why do you come up and go down, come up and go down? You continue to remain confused in the age of pleasure. This is known as being compelled by your old habits. Are you strong or are you compelled? The Father makes you *double-light* and gives you His co-operation by lifting all the burdens Himself. However, because you have the habit of picking up burdens, you take that burden. Do you know what song you then sing? You sing the song of “K”, “kya? (what?), kyu ? (why?) and kese? (how?). You also sing another song: ge, ge (leave it to some time in the future!) Those are songs of devotion. The song of someone who has a right is, “I have attained!” So which song do you sing? Throughout the day, check what song you were singing today. BapDada loves you children and because of this love, He always thinks: Every child should always be full, powerful and multimillion times fortunate. Do you understand? Achcha.

To those who, according to the time always have a right to the inheritance and blessings, to those who create their full fortune from the open treasure-store of fortune, to those who transform from according to capacity (yata-shakti) to being full of all powers (sarv shakti), to those who draw the complete line of fortune with the pen of elevated actions, to the elevated souls who are embodiments of all attainments and who know the importance of this time, BapDada’s love, remembrance and namaste to make you full.

BapDada meeting groups:

Do you always remember your alokik birth, alokik life, alokik Father and alokik inheritance? Just as the Father is alokik, so your inheritance is also alokik. A physical father gives you a limited inheritance and the alokik Father gives you an unlimited inheritance. So, let there always be the awareness of the alokik Father and the inheritance. You don’t sometimes go into the memories of your lokik life, do you? You have died alive, haven’t you? Just as those whose body dies physically never remember their previous birth, in the same way, those with an alokik life and an alokik birth can never remember their lokik birth. Now, even the age has changed. The world is iron-aged and you are confluence aged; everything has changed. You don’t sometimes go into the iron age, do you? This too is a *border*. As soon as you *cross* the *border*, you end up in the hands of the enemy. So, you don’t *cross* the *border*, do you? Let there always be the awareness that you are a confluence-aged elevated soul with an alokik life. What will you now do? Become the biggest of all *businessmen*. Become such a *businessman* that in one step you accumulate an income of multimillions. You always belong to the unlimited Father. Therefore, continue to move forward in the unlimited service with unlimited zeal and enthusiasm.

Do you constantly experience the *double-light* stage? The sign of a *double-light* stage is to be constantly in the flying stage. Those who are in the flying stage can never be attracted by Maya. Those who are in the flying stage are constantly victorious. Those who are in the flying stage constantly have faith in the intellect and remain carefree. What does it mean to be in the flying stage? The flying stage means the highest-on-high stage. When you fly, you go up above, do you not? Consider yourself to be the highest souls who remain stable in the highest-on-high stage and continue to move forward. To be in the flying stage means the feet of the intellect are not on the ground. The ground means beyond the awareness of the body. Those who remain beyond the ground of the awareness of the body are constant angels who have no relationship with the ground. You now know about the awareness of the body and you also know the soul conscious stage. When you know the difference between the two, you cannot become body conscious. You only do that which you like doing, don’t you? Therefore, always maintain the awareness that you are an angel. With the awareness of an angel, you will constantly continue to fly. When you go into the flying stage, the ground down below cannot attract you. Just as when you go into *space*, there is no pull of gravity from the earth, in the same way, when you have become an angel, the earth of the body cannot attract you.

Do you constantly experience the stage of being co-operative karma yogis, natural yogis and constant yogis? When something is easy, it becomes constant. If it is not easy, it is not constant. So, are you constant yogis

or is there a difference? Yogi means to remain constantly absorbed in remembrance. When you have all relationships with God, then because of all relationships, there will be natural remembrance, and when there are all relationships, there will be the remembrance of One. Since there is just the One there would be constant remembrance. So, belong to the one Father and none other in all relationships. To belong to the one Father in all relationships is the easy way to become a constant yogi. When you don't have any other relationship, where would your remembrance go? Always have the awareness that you are easy yogi souls by having all relationships. By constantly being equal to the Father and having the *balance* of love and power at every step, success automatically comes in front of you. Success is your birthright. You have to work in order to remain *busy*, but one is laborious work and the other is just like a game. Since you have received the blessing of powers from the Father, then, where there is power, everything is easy. Let there just be *balance* between the family and the Father and you will automatically receive *blessings*. Where there are *blessings*, there is the flying stage. Even against your conscious wish, there is easy success.

Do you always have the awareness of the Father and your inheritance? The awareness of who your Father is and what inheritance you have received automatically makes you powerful. You have received such an imperishable inheritance that in one birth it can create a reward for many births. Have you ever received such an inheritance before? You receive this now, but never in the rest of the cycle. Therefore, constantly continue to move forward with the constant awareness of the Father and your inheritance. By remembering your inheritance, there will be constant happiness and by remembering the Father, you will constantly remain powerful. A powerful soul will always remain a conqueror of Maya and where there is happiness, there is life. What is life when there is no happiness? In that situation, although having a life, it is equal to not having a life. Whilst living, it is like being dead. The more you remember your inheritance, the more happiness there will be. Do you constantly have happiness? Only a handful out of multimillions receive such an inheritance, and you have received it. Never lose this awareness. The more remembrance there is, so accordingly there is the attainment. There is constant remembrance and the constant happiness of attainment.

BapDada meeting kumars: A kumar life is a powerful life. So Brahma Kumars means spiritually powerful. Not physically powerful, but spiritually powerful. You can do whatever you want in kumar life. So, all of you kumars have created your present and future in your kumar life. What have you created? You have made it spiritual. When you became Brahma Kumars with a spiritual life, you became those with such an elevated life. Your life became so elevated that you stepped away from sorrow, deception and wandering around for all time. Otherwise, kumars with physical strength continue to wander around. They just fight, quarrel, give sorrow and deceive others. So you have been saved from so many things. Just as you have been saved, so you also have the enthusiasm to save others. You are those who constantly save your equals. Also give to others the powers that you have received. You have received limitless powers, have you not? So, make everyone powerful. Serve whilst considering yourself to be an instrument. Not: I am a server. Baba is making me do it and I am just an instrument. You are not those who have the consciousness of "I". Those who don't have the consciousness of "I" are the true servers.

BapDada meeting couples:

Are you constantly souls who are masters of the self? To rule over the self means constantly to have a right. Those who have a right can never be dependent. If you are dependent, you cannot have all rights. When it is night, it is not day and when it is day, it is not night. Similarly such souls who have all rights can not be dependent on any of the physical senses, people or material comforts. Do you have such rights? When you have become *master* almighty authorities, then what does that make you? Those with all rights. So, with the powerful awareness that you are the souls who are masters of the self, you will easily continue to be victorious. Let there not be the slightest thought of defeat even in your dreams. This is called being constantly victorious. Has Maya run away or are you chasing her away? Have you chased her away to such

an extent that she doesn't come back? When you don't want someone to come back, you leave him somewhere far away. So, have you chased her that far away?

BapDada meeting a group from Mauritius: All of you are *lucky* stars, are you not? How much fortune have you attained? No one else can have fortune greater than this because the Father, the Bestower of Fortune Himself, has become yours. You have become His children. Since the Bestower of Fortune Himself has become yours, what could be a greater fortune than this? So are you such elevated fortunate sparkling stars? You are those who make everyone else fortunate, because when you have found something good, you cannot stay without giving that to others. Just as you cannot stay without remembrance, in the same way, you cannot stay without serving. Each child will ignite the light of many others and create a rosary of lights. Deepmala (rosary of lights) is a sign of the tilak of sovereignty. So those who create the deepmala receive the tilak of sovereignty. To serve means to be one who has the tilak of sovereignty. Those who have zeal and enthusiasm for service can also give wings of zeal and enthusiasm to others. Achcha.

Blessing: May you be a conqueror of nature by staying beyond the influence of the elements of nature by remaining in an elevated stage.

You are becoming conquerors of Maya, but now also become conquerors of the elements of nature because there is now to be a lot of upheaval of nature. Sometimes the water of the ocean will show its influence and sometimes the earth will show its influence. If you are a conqueror of the elements of nature, none of the upheaval of the elements will be able to shake you. You will then constantly observe all the games as a detached observer. Just as angels are always shown on a high mountain, in the same way, when you angels remain in a high *stage*, then to the extent that you are high, accordingly, you will be beyond all upheaval.

Slogan: To give all souls an experience of co-operation with your elevated *vibrations* is also tapasya.
