**9TH ANNUAL SPARC MEETING
NEW DATES – 6-9 MARCH, 2004 (INCLUSIVE)**

Date: 20th December 2003

Dear Baba's Spiritual Scientists (SpARClers),

Om Shanti! Sweet remembrances of BapDada from Madhuban.

As we are all aware drama is evolving and we are moving closer towards BapDada's and our vision. The need to get focused is becoming more evident. During the course of the meeting conducted by SpARC, at Abu, twice a year, wherein opportunity is provided on a common platform to all participants to share, interact and collaborate on the various projects undertaken by participants. We are presenting herewith the invitation letter for the forth-coming Annual SpARC meeting. Final agenda will be zeroed down and handed over to participants before commencement of the Meeting.

We hope that the work that you had undertaken on the subject 'Disaster and Crisis Management' during the previous meetings is progressing as per the plan. Please do send the same to us at the earliest, so that we could consolidate all the materials available regarding 'Disaster and Crisis Management' and publish it as a book.

The Meeting will commence at 9.00am on 6th March 2004 and conclude at around 7.00pm on 9th March 2004. BKs irrespective of being a member of SpARC or not can attend the meeting. On receipt of this circular, kindly confirm your participation. The number of participants from Bharat is limited to 100. As far as Double Foreigners are concerned, any number can attend the meeting. The entire proceedings will be conducted in English, and therefore all non-English speaking Double Foreigners are requested to arrange their own translator in the event of their attending the meeting. We will all meet Sweet BapDada at Om Shanti Bhawan (Madhuban) on 5th March 2004.

Detailed discussion on various subjects shall be held and which will be segregated into Research Projects so that at Local Chapter level, work can be undertaken during the course of next year. We may add here that ongoing projects of Rajyoga Lab and other SIGs now being conducted by various Local Chapters (LCs) will continue. However participants from LC where no project is being undertaken can take-up new projects. Efforts will be made to include points from current season's Avyakt murlis and directions therefrom for future action plans. SIGs doing work for Natural Sciences, Values in Business and Value based Education would also continue their work.

You may send us your query, if any in case you require prior information.

With this, we take your sweet leave.

In Educational services,

BK Ramesh

Madhuban Newsletter – December 2003

To the extremely loving children of the Avyakt Image, the mother and Father, BapDada, to those who are constantly full of all treasures and who give a drop of happiness to everyone through their happy faces, to all the brothers and sisters who have pure and positive thoughts for others, to my sisters and brothers, the instrument teachers, please accept love-filled remembrance from your unlimited family in Madhuban, your home.

Hearing the sweet avyakt words of blessings and whilst filling and decorating yourselves with all powers, all of you must be flying with the intense effort of fulfilling BapDada's pure thoughts and also be experiencing God's blessings. This time, from beloved Avyakt BapDada's elevated versions filled with blessings, all of you must have experienced that Baba is now making us children full of all attainments and giving us the signal to become double-light angels through the concentration of the mind. Together with that, the children of the supremely pure Father should become completely pure and hoist the flag of world revelation of the Father and donate the treasures they have received to all souls and become world benefactors. Hearing such powerful inspirations, tell me, what enthusiasm do you feel in your heart? Every morning, the sound I hear in my ears from Baba is: Child, the time for revelation is now coming close. No corner of the world should be left out from receiving this message of God through which they would complain that you received so much and yet you didn't tell them about it. So, sweet BapDada has also put a stamp on this thought.

Therefore, it is suggested that all of you right-hand serviceable children of Baba should get together and make a beautiful plan amongst yourselves so that this year no village of Bharat is left out from receiving the message. In fact, last year, all of you held campaigns about everything and did very good service in many villages. Nevertheless, only 2 to 3% of the souls of Bharat have received the message. It is now suggested that each zone should now prepare a vehicle in which you can put up the exhibition pictures, and through the mikes, leaflets and video, enable the message to reach every village. Each zone should have the aim that they should give the message to at least 900,000 souls. When all the zones make such plans filled with enthusiasm, then, in a minimum of six months, at least ten million souls should be able to receive the message. Baba says that this message should reach the ears of 33 million souls. Together with that, not a single country in the world should be such that it doesn't receive God's message. Oh messengers! Now use your body, mind, wealth, time, breath and prosperity in a worthwhile way in this unlimited service and give everyone the message of God's incarnation so that the work of establishment can be completed and we all can become avyakt angels and fly to the subtle region with Baba and open the gates to the land of liberation. Tell me, Baba's co-operative right hands, all of you also have this pure enthusiasm, do you not? So, make such plans and give Dadi the good news that you have started such service in your own zones. We will definitely enable this message to reach all souls in this much time.

Now, each one of you has the enthusiasm to celebrate a personal meeting with Avyakt BapDada and to fill your apron with all blessings and all powers. All of you will of course come when it is your turn. All of you are welcome with a big heart to the home of the greatest of all Baba. This year, not a single child who has firm faith in the intellect should be deprived of having a meeting with Baba. Each one should definitely come at least once during the whole season, no matter how large the numbers are. Unlimited Baba's lap is able to accommodate everyone. So, since Baba has invoked all the children, and made 7 to 8 turns, the teachers should definitely give everyone this golden chance to come in their turn. According to the drama, nature is also co-operating with water. In spite of that water is still brought in the tankers. Therefore, a request is definitely being made to all the brothers and sisters who come to only bring enough clothes for 4 to 5 days so that you don't have to wash them here and everyone is able to at least have the facility for bathing and drinking water. All of you are Baba's constantly co-operative and yogi, wise and sensible children. Achcha.

Lots of love and remembrance to all,

B.K. Prakashmani

Control your mind and increase the power of concentration.

1. Only concentration of the mind will give you the experience of a constant stage. With the power of concentration, you can easily experience the angelic stage. The power of concentration and the power of being a master will easily free you from obstacles. Concentration means to be able to stabilize your mind where you want, how you want and for however long you want. It means your mind is under your control.
2. In order to experience the angelic stage in the corporeal form pay attention to concentration of the mind. Keep your mind in order (control). Remain set on the seat of the stage of a master and of the different elevated seats. When any weak thoughts arise in your mind, end them there and then and become powerful. Make the foundation of thoughts strong and you will develop avyakt attraction.
3. For concentration of the mind, continue to move along on the rails of the drama second by second. In whatever way the drama is moving, let the stage of your mind continue to move along the same lines. It should not fluctuate even slightly. You should have the power to apply a brake or to steer your mind, that is, to use your power of thought. By doing this, the power of your intellect will not go to waste, and energy will be accumulated. The more you accumulate the power of your mind and intellect, the more your power to discern and take decisions will increase.
4. In order to control your mind, surrender your mind and become completely surrendered. Then, you won't be able to create any thoughts in your mind for your own self. Those who have even given their mind to the Father can easily become manmanabhav. By being manmanabhav, you will easily become a conqueror of Maya. To surrender your mind means to surrender your waste and negative thoughts.
5. When any thoughts arise in your mind, let there be honesty and cleanliness. Let there not be any rubbish of sinful actions, nature and old sanskars within. Those who are honest in this way will be loved by all. Even the Lord is pleased with such honest children.
6. In order to create whatever stage you want at any time, let your mind perform the drill. Come into sound in a second and go beyond sound in a second. For performing a task, come into physical awareness in a second and then become bodiless in a second. When this drill becomes firm, you will be able to face any situation.
7. Now, according to the time, imbibe the power to pack up your thoughts. Continue to pack the baggage of the expansion of thoughts, for only then will you be able to read the thoughts of others. You will be able to understand the motives in someone's mind with signals of the eyes. Just as when you come in front of BapDada, Baba knows the thoughts and feelings in your mind without you telling Baba about them. In the same way, you children also have to study this final course.
8. Your mind should stabilize where you want it to stay and not be used anywhere else. You should not be defeated by Maya even in the thoughts of your mind. In order to create such a stage, keep your mind busy with pure thoughts in advance. When your mind is full of pure thoughts, there cannot be any waste thoughts and you cannot be defeated. With the power of pure and concentrated thoughts, you can transform any type of atmosphere.
9. People keep pictures from their childhood memories to decorate their home. In the same way, keep in the temple of your mind an idol of your perfect form, and the idols of your many future births, and then your thoughts will not go towards anyone else; they will automatically be concentrated.
10. When it is a special day, they stop for three minutes silence and even the traffic is stopped from any kind of movement. They stop all the tasks that may be taking place. In the same way, when you are performing a task or speaking to anyone, then, every now and again, practise stopping the traffic of your thoughts. Stop the thoughts in your mind for even a minute, or stop for a while the task you may be performing through the body and practise this, and your thoughts will become powerful.
11. Only those who remain beyond the confusion or punishment of their thoughts are able to pass with honours. The question of punishment from Dharamraj is something else. Some children punish

themselves for their own mistakes. They create a creation of waste thoughts and become confused in that and then call out. Now, practise remaining beyond this too.

12. The complaint from the majority of you is that storms of waste thoughts create obstacles to becoming complete. This complaint will end when every day at amrit vela, you make an appointment in your diary. When you keep your mind busy with an appointment for every moment, waste thoughts will not take up any of your time in-between. So learn the method to book your time.
13. The closer you come to becoming equal to the Father, the more you will be able to catch the thoughts in the mind of all souls. For this, there mustn't be any mixture of your own thoughts. There has to be controlling power over your thoughts. Just as you can control your external activities, in the same way, control the activities of your mind. For this, constantly be aware at every moment, at every second and in every action, I am on a stage. What is my present and future status?
14. According to the present time, now become great donors through your mind, for only then will you be able to become victorious over the thoughts in your mind in a second. No matter how mischievous the thoughts of others may be, if their mind is not able to remain stable in one thought for even a second, then, with the power of your victory, make them peaceful and still from mischievous for a short time.
15. When there is concentration in your thoughts, you will be able to call anyone through your thoughts, you will be able to inspire anyone to carry out a task through your thoughts. Just as when you press a button, the whole scene comes on the TV screen, in the same way, whenever you have a thought for anyone, a clear picture will be drawn in that one's intellect. For this, continue with the discipline of shrimat you have received for your thoughts. Nothing else should be mixed into them.

**Importance of amrit vela, the method of sitting in remembrance and its benefits
(workshops conducted in Madhuban)**

1. By having yoga at amrit vela every day, the soul receives power.
2. Sanskars of laziness and sleep gradually finish and you become alert, active and a conqueror of sleep.
3. By waking up at amrit vela, the soul feels content in following Baba's shrimat and His directions and because of this, you remain light throughout the day. Otherwise, your conscience bites that you didn't have yoga at amrit vela, you didn't celebrate a meeting with Baba, you didn't have a heart-to-heart conversation with Baba. Then there is repentance.
4. By having yoga at amrit vela, you receive special help to remove the big and small weaknesses within.
5. If I have true, deep love for Baba, then I don't feel I have to labour in anything. Then yoga is also easy and natural.
6. By having a heart-to-heart conversation with Baba at amrit vela, the heart that is burdened due to any reason becomes light and empty.
7. A peaceless mind becomes peaceful. Confusion is removed. You easily find a solution to a problem.
8. By having yoga at amrit vela, you receive power to attain victory over the weak elements. Or, even though the elements are weak, you can receive co-operation from them.
9. By having yoga at amrit vela, your churning power is awakened.
10. Because of celebrating a meeting with the Father, the soul experiences supersensuous joy.
11. You are able to catch many types of inspirations for the present and the future.
12. You receive power to imbibe all the virtues.
13. At amrit vela, you can make up to Baba in any way you want, you can relate to Him through whatever relationship you want, whatever thought you want to attain success in, you can do whatever you want.
14. At amrit vela, whatever blessings or treasures you wish to attain from the Father, the Bestower of Blessings can be attained easily.
15. BapDada has kept the time of amrit vela for us children. Therefore, each one of you can talk to the Father to your hearts content. You can tell Him your complaints. You can have any type of sin forgiven by asking for forgiveness. You can be playful with the Father because at that time, the Father is present in the form of the Innocent Lord.
16. At amrit vela, none of the Father's treasures are under lock and key. And it doesn't take the key of labour either.

17. At amrit vela, the tamoguni atmosphere and the influence of negativity is suppressed.
18. The atmosphere of amrit vela can change attitudes and this is why attitudes can be changed easily.
19. This period is also called the time of brahm muhurat, because the Father, the Sun of Knowledge, the Resident of brahmlok is especially giving special blessings in the form of light and might.
20. At amrit vela, the call of the devotees can easily be heard and therefore, this is why it is easy to uplift them.
21. It is easy to receive blessings and also to make donations.
22. If you remain stable in your original stage at that time, then your stage at that time is the same as that of the Father, complete, and that of a Bestower.

The method of sitting for amrit vela meditation:

1. Get ready and specially sit for meditation in the classroom, Baba's room or the place that is specially fixed for yoga.
2. Even if you are unable to have yoga, sit with one thought: whatever I am, however I am, I am Yours.
3. Baba says: Come and sit here! Give to the Father the thoughts in your mind and your intellect.
4. In order to celebrate a meeting with the Father, I have to leave the corporeal world and go to the subtle region. So, at the time of meeting, renounce body consciousness and become an obedient angel.
5. At amrit vela, practice having thoughts of the original self.
6. Make it a daily discipline to sit and revise your own praise, the Father's praise, your task and the Father's task at amrit vela.
7. At amrit vela, be careful and set the seat of awareness accurately and it will continue automatically throughout the day.

Why is the early morning time called amrit vela? Vela means time and amrit means nectar with which you become immortal. Nectar is pure, and so this is the time when the elements are satopradhan. The atmosphere is also pure and satopradhan. At such a pure, satopradhan time, with the flow of the nectar of remembrance of our Beloved Baba, all the treasures make us immortal and we attain the immortal status, that is, we claim a right to all rights. We become the masters for birth after birth, that is, for all time.

The benefits for sitting at amrit vela:

1. At amrit vela, you can receive the benefit of easy attainment.
2. You can fill your apron of the reward from the open treasure-store.
3. You can easily make the Father, the Bestower of Blessings and the Bestower of Fortune draw your elevated line of fortune.
4. At that time Baba is loveful and therefore, you can loot as much love as you want.
5. Whatever you want, for however many births you want, you can attain whatever attainments you want.
6. Because that is the satopradhan time, you can easily make your stage satopradhan and you can also claim a high status in the future satopradhan world.
7. By having remembrance at amrit vela, you automatically experience happiness throughout the day. Throughout the day, you automatically have remembrance of Baba and in every task, you easily receive help from Baba.

Loss of not waking up at amrit vela:

1. You lose the golden chance of all attainments and are deprived from attainments.
2. The foundation for the whole day becomes weak.
3. Throughout the day, you have to work hard in whatever effort you make and you receive less attainment.
4. Whilst moving along, you experience tiredness and you also become disheartened.
5. Many different types of waste thoughts continue to circle around.
6. There isn't constant happiness and intoxication.
7. By being attacked by Maya, there is the experience of defeat sometimes and victory sometimes. You are unable to be constantly victorious.

Essence: Sweet children, you are Raj rishis. You have to make effort to attain a kingdom, and together with that, you also definitely have to imbibe divine virtues.

Question: What effort do you have to make to become an elevated human being? To what do you need to pay a lot of *attention*?

Answer: If you want to become an elevated human being, never sulk with your study. Fighting and quarrelling have no connection with the study. Those who study will become lords. Therefore, always be concerned about your progress. You need to pay a lot of *attention* to your behaviour. You have to become like deities and so your behaviour has to be *royal*. You have to become very sweet. Let only words that everyone finds sweet and that don't cause sorrow for anyone emerge through your mouth.

Om shanti. The Father explains to you sweetest spiritual children and asks you: Where is your intellect focused? The intellect of human beings wanders, sometimes to one place, sometimes somewhere else. The Father explains: Your intellect should stop wandering. Focus your intellect on one thing. Only remember the unlimited Father. You spiritual children know that the whole world is now tamopradhan. Souls were satopradhan according to the effort they made and have now become tamopradhan. The Father says: You have to become satopradhan. Therefore, connect your intellect to the Father. You now have to return home. No one else knows that they have to return home. No one else would receive the *direction*: Children, remember Me, your Father. The Father explains such easy things to you. Simply remember the Father and your sins will be absolved. No one else can explain in this way. Only the Father explains this. The One whom He has entered also hears Him. The Father gives the best directions for becoming pure from impure and for following those directions. The Father says: Children, you were satopradhan and you now have to become that again. You belonged to the original eternal deity religion, you then took 84 births and have now become like shells. You were like diamonds, and you have to become like that once again. The Father tells you something very *simple*: Consider yourself to be a soul. The soul now has to go back home. The body will not go back. You have to go with the Father in happiness. Only by following the shrimat that the Father gives you will you become elevated. Pure souls will go to the incorporeal world and then, when they return, they will adopt new bodies. You have this faith. Therefore, you should have just this one concern. You also have to imbibe divine virtues so that there will be a lot of benefit. Students who study very well claim a high status. This too is a study. You study in the same way every cycle. The Father also teaches you in the same way every cycle. The *time* that *passes* is said to be the drama. The *act* of the Father and the children continues according to the drama. The Father gives you accurate advice. Children say: Baba, we repeatedly forget You. Those are the storms of Maya. Maya extinguishes your light. The Father is also called the Flame. He is also called the Almighty *Authority*. He tells you the essence of all the Vedas and scriptures. He is *knowledge-full* and explains to you the secrets of the beginning, middle and end of the world. Father Brahma says: I too explain to you children. The Father would say: I explain to you children, and Brahma is also included in this. There is no need to be confused about this. This is very easy Raja Yoga. You are Raj rishis. Pure souls are called rishis. There cannot be any rishis like you. The soul, not the body, is called a rishi. The soul is a rishi, a Raj rishi. Where does you claim your kingdom from? From the Father. So you children should be so happy. We are claiming our fortune of the kingdom from Shiv Baba. The Father has reminded you: You were the masters of the world, and then you continued to come down whilst taking rebirth. There are the images of the deities. People think that a light merged with the Light. The Father has explained to you: Not a single human being merges with the Light. No one can attain liberation or liberation-in-life. So, throughout the whole day, you children should have these thoughts inside. The more you stay in remembrance, the more happiness you will experience. Look who it is that is teaching you. They even call Krishna, *Lord* Krishna. God would never be called *Lord*. He is only called *God*, the *Father*. He is *Heavenly God*, the *Father*. It touches your heart that He is *Heavenly God*, the *Father*, who is establishing the deity kingdom. In the golden age there were no other religions. There are the images of these deities. They are called the original eternal deities. They were the masters of the world. They are called golden-aged and you are confluence-aged. You know that Baba is making you *righteous*. You continue to become *righteous*. Those who are vicious are called *unrighteous*. Those deities are pure.

They have shown the *light* of purity. *Unrighteous* means not a single step is *right*. They descend from Shivalaya and come into the brothel. Those who are new here cannot understand these things until you give them the Father's introduction very clearly that He is *Heavenly God*, the *Father*. There are the two words: *heaven and hell*, happiness and sorrow, heaven and hell. You know that there was happiness in Bharat and that there is now sorrow. The Father comes and gives you happiness. The time of sorrow is now to end. The Father brings the gift of happiness for you children. He gives happiness to everyone and this is why everyone prays to Him. Even sannyasis etc. do tapasya. They too definitely have one desire or another. There are no such things in the golden age. There is no one of any other religion there. You are now making effort to go to the new world. You know that that is the land of happiness, the other is the land of peace and this is the land of sorrow. You are now at the confluence age. You are making effort to become elevated human beings. You have to make effort very well. You must never sulk with the study. If you don't get on with someone, you mustn't stop studying. Fighting and quarrelling have no connection with the study. Those who study will become lords. If you fight and quarrel, how would you become lords? When you do that your behaviour becomes tamopradhan. Each one of you has to be concerned about your own progress. The Father says: O souls, remember the Father and your sins will be absolved. You also have to imbibe divine virtues. If you want to become like Lakshmi and Narayan, it was the Father who made them become like that. The Father says: You were the ones who ruled this kingdom. You are the ones who now have to become like them again. The Father teaches you Raja Yoga at the confluence age. You become this every cycle. It isn't that the iron age will continue all the time. After the iron age, there is the golden age. This cycle definitely continues to turn. There were few people in the golden age, and so there will now definitely have to be few people again. These are easy matters to understand. Baba is telling you the story of the past. It is a short story. In fact, it is long, but it is short to understand. There is the secret of 84 births. Previously, you too did not know this. You now understand that you are studying. This is the study of the confluence age. The drama has now been around the cycle. Then it will begin again with the golden age. This old world has to change. The iron-aged forest will end and then there will be the golden-aged garden of flowers. Those who have divine virtues are said to be flowers. Those who have devilish traits are said to be thorns. You have to check to see that there are no defects in you. We are now becoming worthy of becoming deities, and so we definitely have to imbibe divine virtues. The Father comes as the Father, *Teacher* and Satguru and so you definitely have to reform your *character*. People say: Everyone's *character* is spoilt. However, they also don't know what good *character* is. You can explain that the *character* of those deities was good. They never caused anyone sorrow. When someone's behaviour is good, they say: This one is like a goddess. Her words are so sweet! The Father says: I am making you into deities, and so you have to become very sweet. Divine virtues have to be imbibed. Whatever someone is, he would make you the same. All of you have to become *teachers*. The children of the *Teacher* are *teachers*. You are the Pandava army. The duty of guides is to show everyone the path. Divine virtues have to be imbibed and you also have to live at home with your family. You can also do service at home. Those who come will be *touched*. There are many who open a Gita Pathshala at their place and continue to serve many. It isn't that you have to come and sit here. This is very easy for kumaris. You can tour around for a couple of months and then return home. You don't have to renounce your home and family. When your family calls you, you are not forbidden to go there. There is no question of any loss in this. In fact, there would be greater enthusiasm: I too have now become clever. I will make my family members the same as I and bring them with me. There are many who live at home and do *service* and become very clever. The Father explains the main thing: Consider yourself to be a soul and remember Me, your Father. You have to benefit yourself. Those who live at home can make even better progress than those who live here. You are never forbidden to go home. You also have to benefit them. Those who have developed the habit of benefiting others cannot stay without doing service. If you have good knowledge and yoga, no one can be disrespectful to you. If there isn't yoga, Maya slaps you. So, you definitely have to live at home and become as pure as a lotus. Baba gives you *freedom*: You may also live at home. How could everyone come and stay here? However many people come here, just as many buildings have to be built for them. Whatever happened in the previous cycle will continue to *repeat*. The number of children will also continue

to grow. Nothing is going to happen without the drama. All the wars that take place and all the people that die are fixed in the drama. Whatever has become the *past* will *repeat*. Whatever I have explained to you every cycle, I will explain the same things now. No matter what people think, I will play the same part that is fixed for Me. It cannot be any less or any more in the drama. Those who studied in the previous cycle are the ones who will study again. You continue to have visions of everyone's activities as to how much everyone is studying and what status they will claim. If someone is doing good *service* and suddenly has an *accident*, he will go and take birth in a good home. He will remain very happy. To the extent that he has given happiness to others, accordingly he will also continue to receive that much happiness. This income is never lost. Where there is victory, there will be birth in the golden age. If you have given happiness to many, you will receive a *golden spoon in the mouth*. If there is less than that, there will be *silver*. If less than that, then copper. You understand, do you not, how much yoga you have? There will be kings, queens and subjects; all have to be created. If you don't study well, if you don't imbibe divine virtues, your status will be reduced. Your good and bad actions will definitely appear front of you. The soul knows to what extent he is doing service and what status he would receive if he were to leave his body now. You are now studying and reforming yourselves. Some even get spoiled and so it is said: It is not in his fortune. Baba is making you so elevated. No one should go empty-handed from the home of the Lord. The Lord is now personally in front of you. If you even speak a few words of knowledge to someone, that one will definitely become part of the subjects. Those of the deity religion continue to come even now. However, because they are now impure, they call themselves Hindus. You have this knowledge in your intellect just as Baba has. The Father is the Ocean of Knowledge. He tells you how this *history* and *geography repeat*. Teachers also know, from how much the students are studying, with how many *marks* they will *pass*. Each one also knows this for himself. Some are weak in divine virtues, some are weak in yoga and some are weak in knowledge. Because of being weak, they fail. It isn't that if they are weak today, they can't become strong in that tomorrow. They can continue to *gallop*. You yourself *feel* that you *fail* in every subject, and that So-and-so is cleverer than you, and therefore, you too can study and become clever. If you have body consciousness, what would you be able to study? Make it very firm: I am a soul. The Father has reminded you. The Father says: Remember Me and your sins will be absolved. Then you will also be able to imbibe divine virtues. Check your pulse as to what extent you have become worthy. You are now receiving the knowledge of the beginning, the middle and the end of the world. No one apart from the Father, can teach you the knowledge of Raja Yoga. Children, continue to study this. Children ask: How many Brahmins are there in our clan? How can we tell? They continue to come and go. New ones will now continue to emerge. Achcha. To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Make your *character* divine. Imbibe divine virtues and benefit yourself and everyone else. Give everyone happiness.
2. In order to become satopradhan, engage your intellect with the one Father. Don't allow your intellect to wander. Become a teacher, the same as the Father, and show everyone the path.

Blessing: May you be a courageous soul who becomes strong from weak and makes the impossible possible.

On the basis of the blessing, "When the child maintains courage, the Father helps", you first had the determined courageous thought that you definitely have to become pure. Then, the Father helped you multimillionfold saying: You souls are originally and eternally pure. You have become pure countless times and will continue to become pure. You have become powerful with the awareness of "countless times". From being weak you have become so strong that you issue the *challenge*: We will even demonstrate this by making the world pure. The rishis, munis and great souls think that it is difficult to remain pure whilst living in a household. You say that it is extremely easy.

Slogan: To have a determined thought is to take a vow. True devotees never break their vow. * * *

Essence: Sweet children, become soul conscious and all your negative thoughts will end. You will not fear anything. You will become free from worry.

Question: In what way does the new tree grow and how?

Answer: The new tree grows very slowly, at the speed of a louse. This *drama* moves like a louse. In the same way, according to the drama, this tree grows slowly because you have to face great opposition from Maya. It takes effort for you children to become soul conscious. You would experience great happiness if you became soul conscious and there would also be expansion in *service*. Your boat goes across if you remember the Father and the inheritance.

Om shanti. The spiritual Father sits here and explains to the spiritual children. The spiritual Father is the Immortal Image. The spiritual Father is called the Supreme Father, the Supreme Soul. You children are also immortal images. You can explain very well to the Sikhs. In fact, you can explain to those of any religion. The Father has also explained that this tree grows slowly. Just as the *drama* moves like a louse, in the same way the tree also grows at the speed of a louse. It takes a whole cycle for it to grow. This is now your new tree. You children exist throughout the whole cycle. You have been moving around the cycle for 5000 years. This cycle continues to move like a louse. Firstly, you have to understand the soul. This is a *difficult* aspect. The Father knows that, according to the drama, the tree grows gradually because there is opposition from Maya. At this time, it is her kingdom. Then later, even Ravan will not remain. You children first have to become soul conscious. Soul-conscious children do good *service* and they remain in great happiness. They do not have useless negative thoughts in their intellect. It is as though you are attaining victory over Maya, so that no one can shake you. There is the example of Angad. This is why you are also given the name “Mahavir” (Great warrior). Now there is not a single mahavir. You will become mahavirs later on and that too will be numberwise. Those who do good *service* will be placed in the *line* of mahavirs. You are now warriors and will later become great warriors. You should not have the slightest doubt. Many become very arrogant. They don’t care about anyone. You need to explain to others with great humility. You can serve the Sikhs in Amritsar. You only have to give the one message to everyone: By remembering the Father the alloy in your soul will be removed. Those people say: Remember the Lord. There is also the praise of Sahib (Lord): The Incorporeal One is the Truth, the Lord of Immortality. Now, who is the Immortal Image? They say: The Satguru is the Immortal One. The soul is the immortal image. Death never comes to the soul. Souls have received a *part*. Therefore, they have to play a *part*. And so how can death come to a soul? The soul is the immortal image. You can go to the Sikhs and give a lecture, just as those who study the Gita give lectures. You children know that there is so much paraphernalia of the path of devotion. They don’t have the slightest knowledge. Only the one Father is the Ocean of Knowledge. Human beings cannot be called knowledgeable. Deities are also human beings, but they have divine virtues which is why they are called deities. They too received their inheritance from the Father. You are also becoming the masters of the world through this Raja Yoga. They say: The Satguru is the Immortal One. Only that one Father is the Truth. He is the Purifier. You also have to give the introduction of the two Fathers. If you get two *minutes* to give a talk, that is also a lot. It is a lot even if you get one *minute* or one *second*. Those who were struck by the arrow in the previous cycle will be struck again. This is not a big thing. You simply have to give the message. Baba has explained: Just think; when Guru Nanak comes he does not give a *message* saying, “You have to return home and so become pure for that.” Those pure souls come from up above. Their religion continues to expand. They continue to come down. In fact, no human being can be the Bestower of Salvation. Only the one Father is the Bestower of Salvation. Human beings are human beings and it is explained that they belong to such-and-such a religion. The Father has explained: Consider yourself to be a soul. Become pure. Guru Nanak said: He washes the dirty clothes. This was written later by those who wrote the scriptures. At first there were very few. What would they sit and relate to those few people? It is now that the Father gives you this knowledge and the scriptures are then written later on. There are no scriptures in the golden age. First explain to them: Remember the Father and your sins will absolved. Destruction definitely has to take place. Ask them: Whom do you call omnipresent? The One whom you praise as “Ek Omkar” is the Father. We, His children, are also immortal

images. This is our throne. We leave one throne and go and sit on another. We sit on 84 thrones. This is now the old world. There is so much chaos. These things do not exist in the new world. There, there is only one religion. The Father gives you the kingdom of the world. No one can attack you. The religious founders come in the copper age to establish their own religions. Only when their religion increases and they have power is war then mentioned. There were very few of Islam at first. Your religion is established here. They come in the copper age. It is only at that time that their religion is established. Then, they continue to come down one after another. These are matters to be understood very well. According to the *drama*, some are not able to imbibe any of this. The Father explains that their status will definitely be low. This is not a curse. The rosary is created of those who are mahavirs (great warriors). According to the *drama*, not everyone can make the same effort. Even previously, they did not do this. They say: Why are we blamed? The Father also says: It is not your fault. What can the Father do if it is not in your fortune? He knows what status each and every one is worthy of receiving. Explain to the Sikhs: Remember the Sahib and you will receive peace and happiness. They receive happiness when their religion is established. Everyone has now come down. You believe that the Satguru is the Immortal One. So whom do you call a guru? There is only the one Guru who grants salvation. Many gurus are needed to teach bhakti. There is only the one Father who teaches knowledge. You mothers can explain to them: You wear a bracelet which is a symbol of purity. They will believe you mothers, because you are the ones who will open the gates to heaven. You mothers have now received the urn of knowledge through which there is to be salvation. You children now call yourselves mahavirs. You can tell them: We are living at home with our family and establishing the golden age. There is the difference of day and night. Those locks of hair are also a symbol of purity. You have to complete the praise of the Father, the Purifier; the Immortal Image. Sages and sannyasis say: We bow down to God. Then they say: He is omnipresent. That is *wrong*. You should sing a great deal of praise of the Father. You go across with the Father's praise. There is the story: By saying "Rama, Rama", your boat goes across. The Father also says: By remembering the Father, you will go across the ocean of poison. You all have to go into liberation. You can go to Amritsar and give a lecture. You call out: The Incorporeal One is the Truth, the Immortal Image. However, He now says: Renounce your body and all the bodily religions and consider yourself to be a soul. Remember the Father and your sins will be absolved. Your final thoughts will lead you to your destination. Shiv Baba is the Incorporeal One, the Immortal Image. You souls are also incorporeal. The Father says: I don't have a body. I take one on *loan*. I come into the impure world in order to conquer Ravan. It is here that I give *directions*, because impure ones exist in the old world. There is only the one deity religion in the new world. At that time, everyone else remains in the land of peace. Then, numberwise, they all pass through the stages of sato, rajo and tamo. Those who receive a great deal of happiness also receive a great deal of sorrow. You have to give the Father's message to everyone: Remember the Father and you will be able to go home. Everyone receives salvation when the tree becomes complete, when everyone has come down. In this way, you too can explain to anyone with a lot of love and patience. You don't even need to use any pictures. In fact, the pictures are for new ones. You can explain to those of any religion. However, children don't have enough yoga for the arrow to strike the target. They say: Baba, I was defeated. Maya makes their face totally ugly. They don't even realize that they were deities. They have now become devilish. Now, Baba says: Consider yourself to be a soul and remember the Father. Continue to give the Father's message to everyone. Write on the *slides* of the *bioscope*: The Trimurti, Supreme Father, Supreme Soul, Shiva, says: Constantly remember Me alone and your sins will be absolved. You will attain liberation and liberation-in-life. You have to give everyone the message. *Slides* should also be created. Through those, you can give everyone the mantra of manmanabhav that disciplines the mind. This study doesn't take long. As you go further, everyone will come to understand. There is nothing to worry about. You have to become free from worry. Just look, human beings are so afraid of death. Here, there is no question of fear. You also say that death should not come now. We have not yet completed our examination. We have not yet completed our pilgrimage, and so, why should we renounce this body? You should say such sweet things to the Father. It will instil a very good habit in you. You should come here and sit in front of the pictures. You know that

you receive the kingdom of the world from Baba. Therefore, you should remember such a Father a great deal. If you don't remember Him, a lot of punishment will have to be endured. Baba remembers firmly that he is going to become this. Therefore, he experiences a lot of happiness that this is what he is to become. Simply seeing it his intoxication rises. You also have to become this. Baba, I will remember You and will definitely become this. If you don't have anything else do, then come and sit in front of these pictures. We receive this inheritance from the Father. Make this very firm. This method is no less. However, if it is not in your fortune, you don't have remembrance. Baba says: *Practise* this a great deal when you come here. Then, whatever bad omens there are will be removed. You should also think about the picture of the ladder. However, if it is not in your fortune, you will not be able to follow shrimat. Baba shows you the way and Maya interferes. Baba shows you many yuktis. Continue to remember the Father and the inheritance. He says: Ask the gopes and the gopis, those who have the faith that they will definitely claim their inheritance from the Father, about super sensuous joy. Baba establishes heaven and makes us the masters of that. The pictures have also been made in this way. You prove to them what the relationship between Brahma and Vishnu is. No one else knows this. People become confused on seeing the picture of Brahma. It takes *time* for establishment to take place. It also takes *time* to reach the karmateet stage. You repeatedly forget. You should instil this habit. Even those who do intense bhakti go and sit in front of the images and hope to get a vision. You are becoming this and so you should remember this. You also have a *badge*. Baba gives his own example of how he had a lot of love for the idol of Narayan. All of that was the path of devotion. The Father now says: Remember Me alone and do not do anything else. Baba says: I am your *obedient Servant*. Why do you bow your head in front of Me? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Imbibe the virtue of humility. You should not have the slightest arrogance. You should become such mahavirs that Maya cannot shake you.
2. Give everyone the mantra of manmanabhav that disciplines the mind. Relate knowledge to everyone with a lot of love and patience. Give the Father's message to those of all religions.

Blessing: May you be a special soul who constantly experiences pleasure and gives others the experience of pleasure by remaining under the canopy of God's protection.

Where there is the Father's canopy of protection, you are always *safe* from Maya. Maya cannot come under the canopy. You will easily stay in pleasure and away from labouring because labour doesn't allow you to experience pleasure. Such special souls, who remain under the canopy of protection, remain in pleasure even whilst studying such a high study because they have the faith that they become victorious every cycle and that they have already *passed*. Therefore, always remain in pleasure and continue to give others the message to stay in pleasure. This is service.

Slogan: Those who don't know the secrets of the drama become upset.

* * * O M S H A N T I * * *

Essence: Sweet children, people create ways for the progress of their bodies. Only the Father tells you the way for the progress or ascending stage for the soul. This is the *responsibility* of the Father alone.

Question: Which elevated directions does the Father give in order that you children constantly continue to make progress?

Answer: Children, in order to make progress: 1. Always stay on the pilgrimage of remembrance. It is only through remembrance that the rust on the soul will be removed. 2. Never remember the past or have any desires for the future. 3. You may perform actions for the livelihood of your body, but don't *waste* whatever *time* you have. Use your *time* in a worthwhile way in remembering the Father. 4. Do Godly service for at least 8 hours and you will continue to make progress.

Om shanti. The spiritual Father explains to you spiritual children, that is, to you souls. People say that God has the *responsibility* for souls, and that He alone can show all souls the way to make progress and have peace of mind. The soul resides in the centre of the forehead, detached from everything else. Generally, there is disease in the rest of the body, not in the forehead. Although you might have a headache, there would be no difficulty where the throne of the soul is because the soul is seated on that throne. There is only the one God who is the *Surgeon* who makes the soul progress and gives you peace of mind. Only when the soul progresses can the soul receive *health* and *wealth*. No matter how much you do to your body, there will be no progress through that. There continues to be one conflict of the body or another. No one apart from the Father can bring about progress of the soul. All others in the world find ways for progress of the body, but they have no progress or stage of ascending for the soul. Only the Father teaches you that. Everything depends on the soul. It is the soul that becomes sixteen celestial degrees full, and then it is the soul that becomes totally empty of degrees. The soul becomes sixteen celestial degrees full. Only the Father explains to you how the degrees of the soul decrease. The Father says: You had a lot of happiness in the golden age. The soul had been in the ascending stage. At other spiritual gatherings, they don't explain how there can be progress for the soul. They stay in physical intoxication. They are body conscious whereas the Father is making you soul conscious. Souls have become tamopradhan and have to be made satopradhan. Here, everything is spiritual, whereas there, everything is physical. Surgeons transplant *hearts*. That has no connection with the soul. Souls reside in the centre of the forehead. They don't have an *operation* etc. Achcha. The Father explains that the soul only progresses once. When the soul becomes tamopradhan, the Father who brings about progress for the soul comes. Without Him, no soul can go into the ascending stage. The Father says: Those dirty tamopradhan souls cannot come to Me. When people come to you they ask you how there can be peace or how there can be progress. However, they don't know where they will go after there has been progress or what will happen. They call out: Come to make the impure ones pure. Come and take us into the land of liberation-in-life. So He would take souls back with Him. The bodies would be destroyed here. However, these things are not in anyone's intellect. These are God's directions. All the rest are the dictates of human beings. Through following God's directions, you reach the sky, you reach the land of peace and the land of happiness. Then, according to the drama, you also have to come down. There is no *Surgeon* apart from the Father who can make the soul progress. The *Surgeon* then makes you the same as Himself. Some bring about very good progress in others, some to the *medium* level and some bring about the *third* level of progress in others. Only the one Father is responsible for the progress of souls. No one in the world knows this. The Father says: I come to uplift those sages etc. When souls first come down they are pure. The Father has now come to bring about progress in everyone. Look, you are continuing to progress, numberwise, according to the effort you make. There, you will receive a *first-class* body. The Father is the imperishable *Surgeon*. He alone comes and brings about progress for you. So you will then go to your highest-on-high *sweet home*. Those people go to the *moon*. In order for you to make progress, the imperishable *Surgeon* says: Constantly remember Me alone and your sins will be absolved. The Father liberates the children of the world. When you go to heaven, all the rest will be in the land of peace. The Father carries out such a *wonderful* task. It is the wonder of the Father!

This is why it is said: Only You know Your ways and means. The directions are given to the soul. If a soul were to become separated, he could not receive directions. There is the ascending stage through God's directions and the descending stage through human dictates. This is also fixed in the drama. Those people think that it has become heaven now. As you progress further, you will know whether this is hell or heaven. They make so much upheaval over language. They are unhappy. There is no sorrow in heaven. There won't even be *earthquakes*. The old world is now to be destroyed and then heaven will be created. Then, after half the cycle, even that disappears. They say that Dwarika went down below in the ocean. Things of gold have become buried down below. They would surely go down below in *earthquakes*. They do not dig under the ocean and bring them out. When they dig beneath the ground, they find treasures there. The Father says: I uplift everyone. Then everyone defames and insults Me. I even uplift those who defame Me. So there should definitely be praise of Me. Look how much respect they have on the path of devotion. You children too praise the Father so much. You have shown 32 virtues in the poster. You are now becoming as virtuous as the Father, and so you should also make as much effort. You shouldn't *waste your time*. The *highest* Father of all is teaching you and so you should study daily. This One is the imperishable Father and also the *Teacher*. Those who have come later are going ahead of the older ones. The whole world is now making progress through the Father. It was the Father who made Shri Krishna virtuous. He is the One who gives to everyone. All the others take. This dynasty is being created numberwise according to the effort you make. Look how sweet and lovely the unlimited Father is! All of you are now making progress through the highest-on-high Father. Everyone else has to come down the ladder. It is a wonder of the Father. You may eat, drink and do whatever else you do, but simply sing praise of the Father. It isn't that by staying in remembrance of Baba you are unable to eat. You have a lot of time available at night. You have at least 8 hours. The Father says: At least do a minimum of 8 hours service for this *Government*. Show anyone who comes here the way for the soul to progress. Liberation-in-life means to be a master of the world and liberation means to be a master of Brahmand. It is easy to explain this. However, if it is not in the fortune of some, what effort would they make? The Father explains: The rust on the soul cannot be removed without having remembrance of the Father. Even though you might give knowledge throughout the whole day, there cannot be progress for the soul without having remembrance. The Father explains to you children every day with a lot of love, but each one of you can understand for yourself whether you are progressing or not. It isn't just you children here who are listening to this, but children at all the centers hear this. This *tape* machine is kept here. It records the sound on itself and goes on *service*. It does a lot of *service*. Children understand that they are listening to Shiv Baba's murli. When they hear it through you, it becomes *indirect*, and then they come here to listen to it *directly*. Baba speaks it through the mouth of Brahma, that is, He gives the nectar of knowledge through the mouth. At this time, the world has become tamopradhan and so it needs to have the rain of knowledge on it. There is a lot of rainwater. No one can become pure through that water. All of this is a matter of knowledge. The Father says: Now wake up. I am taking you to the land of peace. There is progress for the soul in this. All the rest are physical things. Only you listen to spiritual things. Only you become multimillionaires and fortunate. The Father is the Lord of the Poor. Only the poor hear this. This is why the Father says: Give this knowledge to those who have a stone intellect and those who are without virtues. Such things do not exist in the golden age. That is the unlimited Shivalaya. It is now the unlimited brothel. It is completely tamopradhan. There is no more *margin* for it. This impure world now has to *change*. There is the kingdom of Rama and the kingdom of Ravan in Bharat. When there are innumerable religions, there is peacelessness. War continues to take place all the time. War is now to take place with great force. A very strong war will take place and then it will end because the kingdom will have been established and you will have reached your karmateet stage. No one can tell anything. When that stage comes, the study will end. Then you will be *transferred* according to the effort you made. This haystack will catch fire and destruction will take place instantly. This is said to be bloodshed without cause. Everyone will die unnecessarily. Rivers of blood will flow. Then rivers of ghee and milk will flow. After the cries of distress, there will be cries of victory. All the rest will die whilst sleeping in the sleep of ignorance. Establishment takes place very tactfully. There will also be obstacles

and assaults. The gates of heaven are opening through the mothers. There are also many men, but because women give birth, they receive a greater reward than the men. Everyone will go to heaven numberwise. Some can even take birth as a *male* twice consecutively. Whatever account is fixed in the drama will take place. When there is progress for the soul, there is so much difference. Some become the very *highest* and some become the very *lowest*. There is a vast difference between the kings and the subjects. The Father explains to you sweetest children: Now make effort. Become pure through yoga and then dharna can take place. The destination is very high. You have to consider yourself to be a soul and remember the Father with a lot of love. The soul *loves* the Supreme Soul. This is spiritual *love* through which the soul progresses. The soul falls through physical *love*. When some don't have it in their fortune, they become those who run away. The yagya has to be looked after. The yagya is being served with every penny of the mothers. Here, it is the poor who then become wealthy. Everything depends on the study. You are now becoming those who have the fortune of being wed. All of you have this *feeling*. Those who are to become beads of the rosary need to have such a good *feeling*. Continue to remember Shiv Baba and do *service* and there can be a lot of progress. You should even surrender your body to Shiv Baba's *service*. To have that intoxication throughout the day is not like going to your aunty's home. You have to check how much progress you have made. Baba says: Do not remember the past and don't have any expectations of the future. You have to perform actions for your livelihood. Whatever *time* you have, remember the Father and your sins will be absolved. Baba even explains to those who are in bondage: You have to explain to your husband with a lot of humility and love. If he beats you, you have to shower him with flowers. You need great tact in order to save yourself. Your eyes need to be very cool. They must never fluctuate. There is the example of Angad in this. He was completely unshakeable. All of you are mahavirs. Whatever has happened in the *past*, you mustn't remember it. Always remain cheerful. Remain firm on the drama. The Father Himself says: I too am bound in the bondage of the drama. There is nothing else to it. It is written of Krishna that he killed devils with the discus of self-realisation. All of those are stories. The Father cannot commit violence. This Father is also the Teacher. There is no question of Him killing anyone. All of those things refer to the present time. On one side there are many human beings and on the other side there are you. Those who want to come will continue to come. They will continue to receive their status as they did in the previous cycle. There is no question of a miracle in this. The Father is merciful. He is the Remover of Sorrow and the Bestower of Happiness. Therefore, how could He give sorrow? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Do at least 8 hours service for the Godly *Government* and use your *time* in a worthwhile way. Become as virtuous as the Father.
2. Don't remember the past. Let the past be the past and always remain cheerful. Remain unshakeable on the drama.

Blessing: May you be an angel who remains free from all bondages by remaining beyond the awareness of the body and the bodily world.

Those who don't have any relationship with their body and bodily relations, that is, those who don't have attachment in their mind are angels. The feet of angels are always shown above the ground. To be above the ground means to be beyond the consciousness of the body. Those who remain beyond the awareness of the body and the bodily world become angels who are free from all bondages. Only such angels can experience the *double-light* stage.

Slogan: Together with your words, the virtues of being equal to the Father should also be visible through your behaviour and on your face for only then will revelation take place.

*** O M S H A N T I ***

Essence: Sweet children, here, you are in exile. You children should have no interest in eating good food or wearing good clothes. Pay full attention to the study and to your *character*.

Question: What is the way to remain constantly full of the jewels of knowledge?

Answer: Donation. The more you donate to others, the more you will remain full. Sensible ones are those who listen and imbibe and then donate to others. If there is a hole in the apron of the intellect, it flows away and you aren't able to imbibe. Therefore, study with discipline. Remain distant from the five vices. Become rup and basant.

Om shanti. The spiritual Father explains to you spiritual children. The spiritual Father speaks through the physical organs and the spiritual children listen through the physical organs. This is something new. No human being in the world can say this. Amongst you too, you explain this numberwise according to the effort you make. It is just like when a *teacher* teaches, the *register* of the students *shows* everything. From their *register*, you can tell about their behaviour and their study. The main thing is the study and *character*. This is God's study which no one else can teach. This is the *knowledge* of the Creator and the beginning, the middle and the end of creation, of the world cycle. No human being in the whole world knows this. Even the ancient rishis and munis, who were such well-educated *authorities*, used to say that they didn't know the Creator or the creation. The Father Himself came and gave His own introduction. It is remembered that this is the forest of thorns. A forest would definitely catch fire. A garden of flowers never catches fire because a garden is green. The whole forest is dry. A green and luscious garden would never catch fire; a dry forest would quickly catch fire. This is the unlimited forest that caught fire and the garden was also established. Your garden is being established in an incognito way. You know that we are becoming fragrant deities, the flowers of the garden. That is called heaven. Heaven is now being established. It is a *wonder* that no matter how much you explain to people, it doesn't sit in anyone's intellect. It will not sit in the intellect of those who don't belong to this religion. They listen through one ear and let it out through the other. There are so few people in Bharat in the golden and silver ages. Then there is so much growth in the copper and iron ages. There, they have one or two children, whereas here, they have four to five children. Therefore, there would definitely be growth. The people of Bharat are now called Hindus. In fact, they belonged to the deity religion. None of those of other religions forget their religion. It is the people of Bharat who have forgotten this. Look, there are so many human beings at this time. Not all of them could come here and take knowledge. Each one of you can understand your births. Those who have taken the full 84 births would definitely be the oldest devotees. You can understand how much devotion you have performed. If you have performed less devotion, you will take less knowledge and explain to less people. If you have performed a lot of devotion, you will take a lot of knowledge and explain knowledge to many others. If you don't take that much knowledge, you can't explain that much either. Therefore, you receive less fruit. There is an account. A child calculated how many births those of Islam will take and how many births Buddhists will take and sent that to the Father. Buddha too was a religious founder. There wasn't anyone of the Buddhist religion before him. The Buddha soul entered someone and then established the Buddhist religion. Then, from one, expansion took place. He too was a father of people (Prajapita). From one, so much expansion took place. You have to become kings in the new world. Here, you are in exile. You must not have any interest in anything. "I want to wear good clothes". That too is body consciousness. Whatever you receive is fine. This world is only going to last for a short time. If you wear good clothes here, that would be reduced there. You have to renounce that interest. As you children make further progress, you will automatically continue to have visions. You yourselves will say: This one is doing a lot of *service*. It is a wonder. He will definitely claim a high status. Then you will continue to make others similar to yourself. Day by day, the garden will grow. However many deities there are in the golden and silver ages, they are all sitting here in an incognito form and later they will be revealed. You are now claiming an incognito status. You know that you are studying in the land of death and that you will receive your status in the land of immortality. Have you ever seen such a study? It is a wonder how you study in the old world and receive the status in the new world. The One who is teaching you is the One who inspires establishment of the land of immortality and destruction of the land

of death. This most auspicious confluence age of yours is very short. It is in this age that the Father comes to teach you. Your study begins as soon as He comes. This is why the Father says: Write that the birthday of Shiva is also the birthday of the Gita. People don't know this One. They have mentioned Krishna's name. Now someone should at least understand this mistake. So many eminent people come to visit the *museum*. It isn't that they know the Father; not at all! This is why Baba says: Ask them to fill in the *form* so that you can tell whether they have learnt anything or not. However, what else would they do when they come here? Here, it isn't like there, where they go to sages, holy men and great souls. This one has the same ordinary form. There is no change in his costume. This is why no one is able to understand. They understand that he was a jeweller. He was first a jeweller of perishable jewels and now he is a jeweller of imperishable jewels. You are making a deal with the unlimited Father who is the great Businessman, Magician and Jewel-Merchant. Therefore, each one of you should consider yourself to be rup and basant. We have in us jewels of knowledge worth hundreds of thousands. Through these jewels of knowledge you become those with a divine intellect. This too is something to understand. There are some good sensible children who imbibe these things. If someone is unable to imbibe, he is of no use. Consider that one to have a hole in his apron through which everything flows away. The Father says: I give you the donation of the imperishable jewels of knowledge. If you continue to make donations, you will remain full. Otherwise you don't have anything, you are empty. You don't study and you don't move along with discipline. The *subjects* here are very good. You have to move away completely from the five vices. The Father has explained that the celebration of Raksha Bandhan also refers to this time. However, people don't understand why a rakhi is tied. They continue to be impure and yet still have a rakhi tied. Previously, brahmin priests used to tie the rakhis. Now, sisters tie it on their brothers in exchange for a gift (generally money). There is no question of purity there. They make very *fashionable* rakhis. This Diwali and Dashera etc. are all festivals of the confluence age. The *acts* that the Father enacted then continue on the path of devotion. The Father tells you the true Gita and makes you into Lakshmi and Narayan. You are now going to go into the *first grade*. After listening to the story of the true Narayan, you change from an ordinary man into Narayan. You children now have to awaken the whole world. You need so much power of yoga. It is only with the power of yoga that you establish heaven every cycle. Establishment takes place with the power of yoga and destruction takes place through physical power. There are just the two words: Alpha and beta. You become the masters of the world with the power of yoga. Your knowledge is completely incognito. You were satopradhan and have now become tamopradhan. You once again have to become satopradhan. Everything definitely becomes old from new. What would there not be in the new world? There is nothing in the old world; it is like an empty box. Previously Bharat was heaven and now Bharat is hell. There is the difference of day and night. They make an effigy of Ravan and burn it but they don't know the meaning of that. You now understand what those people are doing. You too had ignorance yesterday, whereas today you have knowledge. Yesterday you were in hell and today you *really* are going to heaven. It isn't as people of the world say, that So-and-so became a resident of heaven. If you go to heaven now, hell will no longer remain. These matters have to be understood. This is a matter of just a *second*. Remember the Father and your sins will be absolved. Continue to tell this to everyone. Tell them: You were like them (Lakshmi and Narayan) and then, having taken 84 births, you have become this. From satopradhan you have become tamopradhan and you have to become satopradhan once again. Souls are never destroyed, but they definitely do have to become satopradhan from tamopradhan once again. Baba continues to explain to you in many different ways. My *battery* never becomes old. Baba simply says: Consider yourself to be a point, a soul. They say: This one's soul has departed. Therefore, a soul sheds one body and takes another according to his sanskars. Souls now have to go back home. This too is the drama. The world cycle continues to *repeat*. Now, at the end, they calculate the population and say: There are this many people in the world. Why do they not say "There are this many souls?" The Father says: Children have forgotten Me so much. I then have to come and benefit everyone and this is why they call out to the Father. You forget the Father but the Father doesn't forget you children. The Father comes to make the impure ones pure. This one is Gaumukh (Cow's mouth). There is no question of a bull etc. This is the

lucky chariot. Baba says to you children: Shiv Baba is decorating you. Remember this firmly. There is a lot of benefit in remembering Shiv Baba. Baba is teaching you through this one (Brahma), but you mustn't remember this one. Only the one Shiv Baba is the Satguru. You have to surrender yourself to Him. This one also surrendered himself to Him. The Father says: Constantly remember Me alone. You children are going to the golden-aged world of flowers. So why should you have attachment to thorns? For 63 births you have been studying the scriptures of bhakti and worshipping. You first worshipped Shiv Baba. This is why you built the temple to Somnath. There were temples in the palaces of all the kings; there were so many diamonds and jewels. Then, later, they were looted. They took away so much gold etc. from the one temple. You are becoming the masters of such a wealthy world. They were wealthy and the masters of the world, but no one knows how long it has been since their kingdom was established. The Father says: It has been 5000 years. They ruled for 2500 years and during the remaining 2500, all the sects and cults continued to grow. You children should be very happy that the unlimited Father is teaching you. You receive a lot of wealth. They portrayed deities emerging from the ocean with platefuls of jewels. You are now receiving platefuls of jewels of knowledge. The Father is the Ocean of Knowledge. Some fill their plate very well, whereas everything flows away from the plate of others. Those who study well and teach others will definitely become very wealthy. A kingdom is being established. This is fixed in the drama. Only those who study well receive a *scholarship*. This is the imperishable Godly *scholarship*, whereas others are perishable. The ladder is very *wonderful*. It is the story of 84 births. The Father says: Make such a large *translight* picture of the ladder that it can be seen clearly from a distance. The people who see it will be amazed. Then your name will continue to be glorified. Those who circle around now will come back again at the end. They circle around for two to four times, and then, if it is in their fortune, they will stay. There is just the one Flame; where else can they go? You children have to become very sweet. You will only become sweet when you stay in yoga. Only through yoga will there be the pull. Until the rust is removed, no one will be pulled. Tell all souls the secrets of this ladder. Gradually, numberwise, everyone will come to know. This is the drama. The *history* and *geography* of the *world* continue to *repeat*. You should remember the One who explained this. They call the Father *omnipresent*, but here it is Maya that is *omnipresent*. Here you have the Father because He can come here in a *second*. You should understand that Baba is always sitting in this one. He is Karankaravanhar. He does everything and also inspires everything to be done. He gives you children *directions* and He also continues to act Himself. Judge what He can do and what He cannot do whilst sitting in this body. Baba doesn't eat, He just takes the fragrance. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become rup and basant and always keep the apron of your intellect full of the imperishable jewels of knowledge. Let there be no hole in the apron of your intellect. Imbibe the jewels of knowledge and donate them to others.
2. In order to claim the *scholarship*, study very well. Stay in complete exile. Don't have any type of interest. Become a fragrant flower and make others the same.

Blessing:

May you be loved by God and become a gyani soul by knowing the cycle of the self. To know what *part* the soul has in this world cycle is to be a spinner of the discus of self-realisation. For your intellect to imbibe the knowledge of the whole cycle accurately is to spin the discus of self-realisation. To know the cycle of the self means to be a gyani soul. Only such gyani souls are loved by God. Maya cannot stay in front of them. This discus of self-realisation makes you the future rulers of the globe.

Slogan:

When each child becomes the practical example like the father, the subjects will be prepared very quickly.

*** O M S H A N T I ***

Essence: Sweet children, make full effort at this most auspicious confluence age to become the most elevated human beings. Pay as much *attention* as possible to remembrance and the study.

Question: You children are very big businessmen. Therefore, what should you always pay attention to and think about?

Answer: Always think about profit and loss. If you don't think about this, you will have to become maids and servants. You will then lose your inheritance of the kingdom for 21 births that the Father gives you. Therefore, make a good deal with the Father. The Father is the Bestower and you children give a handful of rice, as Sudama did, and claim the sovereignty of the world.

Om shanti. Children are sitting here. This is a *school*. This is not a spiritual gathering. It isn't a head of an ashram or a sannyasi who is sitting in front of you. There is no question of fear of the swami becoming upset with you. On the path of devotion, when they invite a sage or sannyasi to their home, they wash his feet and drink that water. This One is the Father. Are children at home ever afraid of their father? You eat, drink and play with your Father. Do you do that with sannyasis or gurus etc? There, throughout the whole day you say, "Guruji, guruji!" Here, you don't have to do that. This One is the Father. You receive the teacher's inheritance from the Teacher and the Guru's inheritance from the Guru. From the Father, you receive *property*. As soon as a child is born, he becomes an heir. Here too, you become a child of the Father when you recognise Him and you then become a master of heaven. The Father is the Creator of heaven. No one knows how and from whom this Lakshmi and Narayan claimed the kingdom of heaven. You understand that you were that and are once again becoming that. People don't think at all about who that One is or who it is they are worshipping. They go to the Shiva Temple and simply pour water over the Shivalingam and return home. They don't know anything at all. You now have the *feeling* that you will shed that body of the land of death and go to the land of immortality. The attainment is very big. On the path of devotion there is no attainment at all. Baba himself says: I adopted 12 gurus. He now understands that that was a *waste of time* and that, in fact, he continued to come down even more. However, that too is fixed in the drama. We don't have any enmity for anyone. We have love for only the one Father. When you come into the *classroom*, you should become very happy seeing these pictures, because that is what you are studying and becoming. You know how this kingdom is being established. The Father says: Children, don't be confused. The Father explains so clearly, and yet some become those who are amazed by the knowledge when they hear it, relate it to others and then run away. They then belong to Maya. They are called *traitors* who have their kingdom and go and belong to another kingdom. The Father inspires you so well to make effort. On the path of devotion people stumble around so much. They make many donations, perform a lot of charity, go on pilgrimages and also observe fasts. OK, so what if someone has a vision? They didn't go into the ascending stage. In fact, they came even further down into the descending stage. For you, each day is the ascending stage. For all the rest, it is the descending stage. Gurus say that knowledge is the day of Brahma and devotion is the night of Brahma. There is the difference of day and night between knowledge and devotion. You receive happiness through knowledge. The Father tells you such easy knowledge: You were the masters of the world and then you continued to come down. The Father now says: Simply consider yourself to be a soul. The soul is imperishable. The soul says: O imperishable Father, come and purify us. Liberation and liberation-in-life are both included in that. You now understand that you didn't know anything at all on the path of devotion. You were still searching. You used to sing: Oh God, have mercy! It isn't very *tasteful* and you don't remember your inheritance when you say "God". As soon as you say "Highest on high Shiv Baba", you instantly remember your inheritance. You now understand that this is the kingdom of Ravan. The kingdom of Rama exists in the golden age. It is now the iron age. There were very few human beings in the golden age. There was just the one original eternal deity religion. There was peace and happiness. Here, people continue to wander around searching for peace. They spend so much money on *conferences* etc. You can write to them: That One is the Ocean of Peace, the Ocean of Purity and also the Ocean of Prosperity. Everything is received from that One. You now know that you were very wealthy in the golden age. There was peace in the world there. However, souls experience peace in their home, the supreme abode. When we were alone in the world, there was

everything, including peace and happiness. Therefore, you children should be very happy. Look at what they have written in the scriptures for such a heaven! The Father now says: I explain to you so much that there is no need for you to ask any questions etc. First of all, constantly remember Me alone. You call out: Come and purify the impure ones, that is, come and make the old world new. However, you don't understand the meaning of that at all. The thread is all tangled up, and it now has to be sorted out. In devotion, they have created so many images. They have given the discus to Krishna and shown that he killed Akasur, Bakasur (devils) etc. with that. Was he violent? Then they say that he abducted So-and-so. They have made him *doubly* violent. It is a *wonder*. It is a wonder of the intellect of those who have written the scriptures. Then they call that one God Vyas. The Father now says: Remember Me and imbibe divine virtues. There is nothing else to do. You are made to sit in yoga because there are many who don't remember Baba. They remain engaged in their own business. They don't have any time at all. However, here, you have to remember Baba with your intellect even whilst doing your work. You are lovers of Me, the Beloved. I now tell you: Break away from everyone else and connect yourself to Me alone. Whilst eating and drinking, simply instil the habit: I am a soul, and remember the Father. The Father is making you so elevated. You don't accept these things worth a few pennies (of remembrance being so simple) and you don't remember Me! You remember your children etc., but you cannot remember Me. In fact, it is *wrong* to say: Make someone conduct meditation for me specially. Baba *directly* comes and says: Constantly remember Me alone. The Father also personally explained to you in the previous cycle. He now says: Sweetest beloved children, who have met Me again after a cycle, your 84 births are now coming to an end. You now definitely have to become pure in order to go back home. It is because of indulging in vice that you have become very impure. If you don't become pure, you will receive a low status. Consider yourself to be a soul and remember the Father and also remember the cycle of 84 births. This is the discus of self-realisation. No one understands the meaning of this. You have to blow the conch-shell. These are aspects of knowledge. This is your unlimited Father, the Creator of heaven. Remember the Father and you will go into the ascending stage. This is such an easy thing. You children now understand that this drama is predestined. The Father comes here every 5000 years. You now have to make effort very well. Why do you chase after wealth? Achcha, even if you earn 100,000 or 200,000 a month, all of that is to end. Even your children won't remain to use that. There is the greed that your sons, grandsons and great-grandsons to eat from that. It isn't that all of them would take rebirth in the same family. You can't tell where they will take rebirth. You receive an inheritance for 21 births. If you make less effort, you will become maids and servants of the subjects and you will incur so much loss. So, you also have to think about profit and loss. Businessmen commit a lot of sin and so they definitely put something aside for charity. This is the business of the imperishable jewels of knowledge which scarcely any people do. You have to make this deal *directly* with the Father. The Father gives you jewels of knowledge. He is the Bestower. You children give a handful of rice whereas the Father gives you an unlimited sovereignty. In comparison to that, this is a handful of rice. All of you are Sudama. What do you give and what do you receive? You claim the sovereignty of the world and become the masters of the world. Your intellect says that there will only be the one land of Bharat. The elements will also be new. Souls will be satopradhan. When you were deities in the golden age, you were *pure* gold. Then, in the silver age, there was a little alloy of silver mixed into souls, and that was called the *silver age*. You continued to come down the ladder. At this time, you are very elevated. There is also the image of the variety-form, but people don't understand the meaning of that. There are so many images. Some keep a picture of Christ and others keep a picture of Sai Baba. Some even make those of Islam their gurus. They go there and have a party where they drink a lot of alcohol. The Father says: There is so much darkness of ignorance. All of that is the darkness of devotion. You have to be very cautious about the company you keep. It is said: Good company takes you across and bad company drowns you. Bad company is the five vices of Maya. You have now found the company of the true Father with which you are going across. The Father alone speaks the truth. You receive the company of the Truth every cycle. Then, after half the cycle, you receive the company of Ravan. You also understand that the kingdom will definitely be established as it was in the previous cycle. You will definitely become the

masters of the world. Here, because *partition* took place, there is so much fighting. There, there is just the one religion. There was peace in the world when there was the one kingdom of undivided deities. There was just the one religion. Where could peacelessness come from there? That was God's kingdom. God established that kingdom with spiritual knowledge and so there would definitely have been happiness there. Baba loves you children. The Father says: I know how much you have had to stumble around. People understand that God will definitely come in one form or another. Sometimes they show Him riding a bull. Could anyone ride a bull? There is so much darkness. So you children should now tell everyone: The Father has come to give everyone an inheritance. The new world is being established through Brahma. Baba always gives the example of the banyan tree. In fact, its *foundation* is being established once again. No other religion will remain. Bharat is the imperishable land and the imperishable pilgrimage place. It is the Father's *birthplace*. Baba explains to you sweetest children with so much love. In the form of the *Teacher*, He teaches you. You children study and go ahead of Me. I do not claim the kingdom. Have you ever invited Me to heaven, saying, "Come here." I send you to heaven. This is such a wonderful play. The Father says: Achcha, children, may you have a long life! I will go and stay in the stage of retirement. The Father says: There are now calamities over your head. This is why you have to make full effort to become the most elevated human beings at this most auspicious confluence age. Continue to make effort to remember the Father and your sins will be absolved. To the extent that you study, accordingly, you will go into an elevated clan. The Father says: Grind your own ingredients and your intoxication will rise. Children always receive an inheritance from the Father. In the world outside, only sons receive it, and daughters are donated (married off). Here, all souls receive an inheritance and that too is an unlimited one. So you have to pay full attention to this. God is teaching you and so you mustn't *miss* a single day. Some say to Baba: I don't have time. Oh really? Aren't you ashamed to say that you, the soul, don't have time to study with Me? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Be very cautious about the company you keep. Keep the company of the one true Father. Remain very distant from the company of Maya, the five vices.
2. Pay full attention to your study. Remain lost in your own intoxication. It is said: Grind your own ingredients and you will feel intoxicated. Don't *miss* the study for even one day.

Blessing: May you be a world server and sow the seeds of love of God's family through out the world. You world server children are sowing the seeds of love of God's family throughout the world. No matter whether someone is an atheist or a theist, to give everyone the experience of alokik love, God's love and altruistic love is to sow the seeds. These seeds make the tree of co-operation grow automatically so that you are able to see the fruit of others becoming easy yogis at the right time. It is just that some fruit emerges earlier and other fruit emerges at its own time.

Slogan: To know, recognise and become the *direct* children of the Bestower of Fortune is the greatest fortune.

*** OM SHANTI ***

Essence: Sweet children, if you remember Alpha and beta, the Father and the inheritance, your mercury of happiness will remain high. This is an easy matter of just one *second*.

Question: Which children have limitless happiness? What is the method to make the mercury of happiness always remain high?

Answer: Children who practise being bodiless, those who imbibe very well whatever the Father tells them and who inspire others to imbibe it experience limitless happiness. In order for your mercury of happiness to remain constantly high, continue to donate the imperishable jewels of knowledge. Bring benefit to many others. Always have the awareness that you are now going to the peak of happiness and peace and you will remain happy.

Om shanti. BapDada has the thought that He should get you children to write down in a *second* whose remembrance you are sitting in. It doesn't take *time* to write this down. Each one of you can write it in a *second* and come and show it to Baba. (Everyone wrote it and showed it to Baba. Then Baba also wrote it down. No one had written what Baba wrote.) Baba wrote: Alpha and beta. It is so easy! Alpha means Baba and beta means the kingdom. Baba is teaching you and you are attaining your kingdom. There is no need to write anything more. You took more than two *minutes* to write this. To write Alpha and beta is a matter of a *second*. Sannyasis only remember Alpha. You also remember your sovereignty. You have to instil the habit of remembrance. When this sits in your intellect, your mercury of happiness remains high. The meaning of Alpha is that He is the *Highest Peak*. There is nothing higher than that. The place of residence is also the highest of all. No one knows the meaning of liberation or liberation-in-life in a *second*. That too must definitely have a meaning. When a child is born, they write: He was born at this hour, *minute* and *second*. The needle continues to *tick* away. In one *tick*, you can say: Alpha and beta. It doesn't take even a *second*. There is even no need to say it; you remember it anyway. You children should have a very good stage. However, that can only happen when you have remembrance. Whilst sitting here, you should remember the Father and the kingdom. When the intellect sees, it is called divine insight. The soul also sees. It is the soul that must be remembering the Father. When you remember the Father, you also remember the kingdom at the same time. How long does it take? Here, when you sit in remembrance, you would also experience deep happiness. Baba too is sitting here in this happiness. The father doesn't remember anything of here. Baba remembers the things of there (the new world). It is as though Baba and the kingdom are standing on your doorstep. The Father says: I have brought the kingdom for you children. It is just that you don't have remembrance and this is why your happiness doesn't remain. Whilst sitting and moving around, consider yourself to be a soul, and remember Me, your Father, and your inheritance. The place where you reside is so high. The world doesn't know this. People beat their heads so much in order to go into liberation. But where is the land of liberation? You understand that a soul is a *rocket*. Those people go to the moon, but then, after that, there is just space. You go even beyond that space. The moon exists in this world. It is said: Beyond the sun and moon, beyond even sound. You have to shed your body. You come here from the *sweet silence home*. It doesn't take time to come and go. That is your home. Here, wherever you go it takes *time*, When a soul sheds his body, he goes so far away in a *second*. The soul sheds one body and goes and enters another one. So, you have to consider yourself to be a soul. You are going to the very highest peak. People want peace. The *highest* peak of peace is the incorporeal world and the *highest* peak of happiness is heaven. The highest on high is called a *tower*. Your home is also so high. People of the world never think about these things. There is no one to explain these things to them. That is called the *tower* of peace. People continue to say that there should be peace in the world. However, they don't know the meaning of that as to where there is peace. Lakshmi and Narayan exist in the *tower* of happiness; there is no greed or temptation there. Their food, drink and way of speaking etc. are all very *royal*, and they experience the *highest* happiness. Look how much they are praised through having made a lot of effort. They are not the only ones; a whole rosary was created. In fact, nine jewels are remembered. Surely, they must have made incognito effort. Only when you remember the Father and the inheritance will your sins be absolved. However, Maya doesn't allow you to stay in remembrance. Sometimes lust and sometimes anger bring many storms. You have to feel your own pulse. Narad was also

told to look at his face in the mirror. So, you don't have that stage now; it has to be created. Baba would definitely show you your *aim* and *objective*. Continue to make effort internally. As you make further progress, you will have that stage. You have to practise being bodiless. You now have to return home. Baba said: Remember Me. If you don't remember Me, there will have to be a lot of punishment and the status will also be reduced. These matters are very subtle. Those people go so *deep* into *science*. Look at what they continue to create! Those sanskars are also needed so that they can go there and create these things. It is just that this world has to change. They will all go from here and take birth according to their sanskars of the present time. Those who fight in an army have sanskars of battling in their intellect. So, they carry those sanskars with them. They cannot stay without fighting. An *officer* would always have a *queue* in front of him. At the time of registering everyone, they check that they don't have any illness. They check that their eyes, ears etc. all function well. They have to function well to be in an army. Here too, it is seen which ones will become the beads of the rosary of victory. You have to make effort and attain your karmateet stage. The soul came here bodiless and has to return home bodiless. There is no bondage with the body there. You now have to become bodiless. Souls come from there and adopt a body here. So many souls continue to come. Each one of you has received your own *part*. New pure souls definitely receive happiness at first. This is why they are praised. The tree is big. There are so many very well-known people. All of you will be in a lot of happiness, according to your own strength. So, you children now have to make a lot of effort. You have to become pure and go back in your karmateet stage. You have to examine your own behaviour: Am I causing anyone sorrow? The Father is so sweet. He is the *most beloved*. So, you children have to become the same. You children know that the Father is here. People don't know that the Father is carrying out establishment here. Nevertheless, they continue to remember Him for birth after birth. They go to the Shiva Temple and worship Him so much. They go to such a high peak, to the temple of Badrinath. There are so many melas that take place (in His name) because He is very sweet. They sing: God is the Highest on High. They would only retain the Incorporeal One in their intellect. There is always the Incorporeal One, and then there are Brahma, Vishnu and Shankar. They cannot be called God. You children now understand that you too were satopradhan deities. When you are the masters of the world, there aren't so many human beings. It will be their kingdom in just Bharat. All the rest will go away to the land of peace. You continue to observe all of this. A very broad and unlimited intellect is needed for this. There, you won't need to go to the mountains. There will be no *accidents* etc. there. That is the *wonder of heaven*. When it is not the *wonder of heaven*, it becomes the *wonder of Maya*. People of the world cannot understand these things. You are now making effort to go to heaven. That is the *tower of happiness* whereas this is the *tower of sorrow*. So many people die in battle every day, and so they must also take birth somewhere. It is remembered: You cannot reach the end of God. God is just a Point. What end could you reach? The Father says: No one knows the beginning, middle or end of this creation. Sages and holy men cannot reach the end of the Creator or the creation. The Father is teaching you. This is called a study. Only you children now come to know the secrets of the world cycle. Those people say: We do not know. Or they speak of hundreds of thousands of years. The Father has explained that everything you see now will not exist there. Heaven is the *tower of happiness*, whereas here, there is nothing but sorrow. Death will suddenly come in such a way that everyone will die. To witness death is not like going to your aunty's home! This is called the peak of sorrow and that is called the peak of happiness. There is no other word. Amongst you too, there are many who listen to this, but are unable to imbibe it. Dharna can only take place when your intellect becomes *golden-aged*. If there is no dharna, you cannot experience happiness. There are those who study at the *highest* level and there are also those who study at the *lowest* level. There is a difference in how they study. No matter how much the unlimited Father explains to them, they would never understand. You will never be able to become pure without remembrance. The Father Himself is like a magnet. He is the One with the *highest power*. He can never become rusty. All others are covered in rust. You have to remove that and become satopradhan once again. The Father says: Constantly remember Me alone. Let there be no attachment to anyone else. Wealthy ones keep seeing their wealth in front of them throughout the day. Poor ones don't have anything, but if they are sensible, they can imbibe.

How can the rubbish be removed without remembrance? How can we become pure? You have come here to go to the highest peak. You know that by following the Father's teachings, you will go to the highest peak of happiness. This requires effort. The Father comes here to take to you to the *tower*. So you have to follow shrimat. Lakshmi and Narayan are remembered as number one. They would be in the highest *tower*, and others would be lower than them. Only the new world is called the *tower* of happiness. There is nothing dirty there. There is no such dust or air there such as there is here that would spoil the buildings. There is a lot of praise of heaven. You have to make effort for that. Lakshmi and Narayan are so high. As soon as you see them, your heart becomes happy. As you make further progress, many will continue to have visions. There were so many visions given in the beginning. Baba showed so much splendour. You used to come wearing crowns etc. You cannot find those things here. Baba was a jewel-merchant. Jewels that used to cost 50,000 in earlier days cannot be bought for even 5 million today. You are making effort for heaven. There is limitless happiness there. The Father teaches you so much, but there is still the difference of day and night amongst the children. There is a vast difference between the kings and queens and the maids and servants. Those who study well and teach others cannot remain hidden. They would instantly say: Baba, I am going to go to such-and-such a place to do *service*. There is a lot of *service* to be done. You have to change this *jungle* into a temple. Whether you have eaten a piece of bread or not, just run and do *service*. This is what businessmen do. When a good customer comes, they run, whether they have finished eating or not. They have an interest in earning money. Here, you receive limitless wealth from the unlimited Father. Even though there is still a little time, there is no guarantee about anything because you might leave your body tomorrow. Destruction has to take place. It is for you that it is said: Death to the prey and happiness for the hunter. There is no limit to your happiness. You should have limitless happiness. You have to benefit many others. At the end, you will reach your karmateet stage. Through having remembrance, when you become bodiless, you will suddenly fly. This requires a lot of effort. Some do a lot of service. They stand at the *museum* explaining all day long. They remain engaged in service day and night. Hundreds of *museums* will open. Hundreds of thousands of people will come and you won't even have time. You will have the maximum number of shops of these imperishable jewels of knowledge. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to imbibe knowledge, first of all, make your intellect *golden-aged*. Do not have any attachment to anything except remembrance of the Father.
2. In order to attain the karmateet stage and return home, practise being bodiless. Examine your behaviour to see that you are not causing sorrow for anyone. Have I become as sweet as the Father?

Blessing: May you be full of success by transforming souls with the co-operation of good wishes and pure feelings.

When all Brahmin children collectively give their co-operation of good wishes and pure feelings in their mind for any task, then through this co-operation the atmosphere becomes a fortress and transforms souls. Just as a big task becomes easy with the co-operation of the five fingers, in the same way, the co-operation of each and every Brahmin child makes service successful. The *result* of co-operation is success.

Slogan: Only those who accumulate an income of multimillions at every step are the wealthiest of all.

*** O M S H A N T I ***

The power of truth

Today, the true Father, the true Teacher and the Satguru is looking at His children who are embodiments of the power of truth. You are souls who have experienced how great the true knowledge and the power of truth are. Why have all of you children, residing in faraway lands, coming from different religions and having different beliefs, customs and systems, been attracted to this World Spiritual University and to this Raja Yoga? You received the true introduction of the true Father, that is, you received true knowledge, you found the real family, you found true love and experienced real attainment. This is why you were attracted to the power of truth. You had life, you had attainment, you also had knowledge according to your capacity, but you didn't have true knowledge. This is why the power of truth made you belong to the true Father.

The word "truth" has two meanings. Truth is truth and truth is also imperishable. So, the power of truth is also imperishable. This is why you have imperishable attainment, imperishable relationships, imperishable love and the imperishable family. You will continue to have the same family in different names and forms for 21 births. You won't know them. At present, you know that you are the ones who will become part of the same family through different relationships. Even though living in faraway lands, this imperishable attainment and recognition has pulled you towards the true family, the true Father and the true knowledge. Where there is truth and it is imperishable, that is the recognition of God. So, just as all of you were attracted on the basis of this speciality, in the same way, you have to reveal the power of truth and this true knowledge to the world. You have been preparing the field for 50 years, you gave people love and brought them into contact. You attracted them to Raja Yoga. You attracted them to the experience of peace. So, what else now remains? Just as all the different religions believe that God is One, in the same way, until this loud sound has spread that this accurate and true knowledge is only from the one Father, and that there is just this one path, souls will not stop wandering to the support of straws. At present, they think that this too is one of the paths, and that it is a good path. However, eventually, they should think: This is the only introduction of the one Father, this is the only path. For the illusion of many to end is the basis of world peace. Until this wave of the introduction to the Truth and of the power of real knowledge has spread everywhere, all souls will not be able to receive support under the flag of revelation. So you are especially inviting souls to the Father's home with a special invitation for the *Golden Jubilee*, that is, to your *stage*. There is the elevated atmosphere, there is the influence of a clean intellect. There is the field of love and pure sustenance. To reveal your true knowledge in the midst of such an atmosphere means for revelation to begin. Do you remember what you used to do when you began service at a fast speed by serving at exhibitions? You used to ask them to fill in a *form* of the main questions: Is God omnipresent or not? Who is the God of the Gita? You used to ask them to fill in those *forms*, did you not? You used to ask them to write their *opinions*. You used to ask them riddles. So you began that first, but then, as you moved along, you gave them the answers to these questions in an incognito way and brought them into connection and brought them close by giving them love. This time, when they come to this land, give them the true introduction very clearly. When they say, "This too is good", that is just to please you. However, the one accurate introduction of the one Father should clearly enter their intellect: You now have to bring about that time. You simply tell them directly that the Father is giving this knowledge and that He has come. However, when they go away, do they go away believing that this is God's knowledge and that God's task is being carried out? Do they experience the newness of this knowledge? Have you ever held such *workshops* where you ask them if God is omnipresent or not, or if He comes just once or repeatedly? They should receive such a clear introduction that they understand that here, they are hearing things that they have never heard in the world outside. When you speak of these secrets of knowledge with the main *speakers* who come, this should enter their intellect. Together with that, in the lectures you give, each *speaker* should clarify one aspect of this new knowledge whilst relating experiences of your own transformation. Don't have a *topic* directly stating: God is not omnipresent, but tell them the special attainments you have received by knowing the one Father in one form and you can clarify the aspect of omnipresence. Tell them how the

intellect can become stable and concentrated by remembering the Father through considering yourself to be a resident of the supreme abode. Or what attainments you experience by having a relationship with the Father. With this method, you can prove this with both truth and humility so that they don't feel you are arrogant and that you people only speak of your own praise. When they feel your humility and compassion, they won't feel you are arrogant. For example, when you hear murlis, none of you would say that that is arrogance. You would say that it is spoken with *authority*. No matter how strong the words may be, you wouldn't call that arrogance. *Authority* is experienced through that. Why does this happen? To the extent that there is *authority*, there is just as much humility and compassion. The Father speaks in that way in front of His children, and all of you can clarify this on stage with this speciality. You are told how to do it. So, take up the aspect of omnipresence. Secondly, take up the aspect of being beyond name and form. Thirdly, keep the point of the drama in your intellect. Keep the new specialities of souls in your intellect. Keep in mind whatever the special *topics* are and continue to clarify them on the basis of your experience and attainment, through which they will understand that the golden age is being established with this true knowledge. What are so special about the versions of God that no one except God can speak them? There are special *slogans* which you can tell them directly: A human being cannot be the Satguru of human beings. He cannot be the true Father. Human beings cannot be God. You have been hearing such special *points* from time to time. Create those types of slogan through which the true knowledge can be clarified. This is new knowledge for the new world. Let them experience both newness and truth. For instance, when you hold *conferences*, very good service takes place. You also adopt ways to followup the *conferences* through the *charter* or something else. You adopt various means to keep in touch. Those are also good methods because you then have a *chance* to keep in touch with those people. However, just as people who come here now say that this is very good, that it is a very good *plan*, it is a very good *charter*, and that this a very good means of service, in the same way, they should now go back saying: This new knowledge was clarified today. If you prepare even five to six such special souls... because you cannot have this type of conversation in the midst of everyone, but only with those few who come here specially. You provide a ticket for them to bring them here. They also receive special sustenance. Have these heart-to-heart conversations with the well-known ones that come and definitely let it enter their intellect very clearly. Create such *plans* where they don't feel that you just have a lot of your own intoxication, but they should feel that this is the truth. It is said: Strike the target and let no pain be felt. They should not cry out, but dance in happiness. Find a new way of giving lectures. Many lectures have been given for world peace. There is a need for spirituality. Nothing can happen without spiritual power. This is printed in the newspapers, but what is spiritual power? What is spiritual knowledge? Who is the *Source* of it? They haven't yet reached this far. They should understand that God's work is being carried out. At present, they say that the women are doing very good work. According to the time, this land (field) also has to be prepared. Just as *son shows Father*, similarly, *Father shows son*. Now, it is *Father shows son*. So this loud sound will enable the flag of revelation to be hoisted. Do you understand?

You have understood what you have to do for the *Golden Jubilee*, have you not? At other places, you still have to consider the atmosphere, but the Father's home is your home and it is your stage, and so at such places, you can make a loud sound of this revelation. If even a few have faith in the intellect about this aspect, they will spread the sound. What is the *result* now? The ones who came into contact and felt love are the ones who are doing service. They are bringing others into contact and giving them love. To the extent that they themselves have become this, they are accordingly doing just as much service. This is also called success. However, now you have to move forward. From having a bad name, your name has been glorified. Previously, they used to be afraid whereas now they want to come. So, there is this much difference. Previously, they didn't want to hear your name, whereas now they want to mention your name. This too is the success you have attained in 50 years. It takes time for the field to be prepared. Don't think that it has taken you 50 years to achieve only this much and so what more can happen? First of all, it takes time to plough the field and make it worthy. It doesn't take time to sow the seeds. Powerful fruit emerges

from powerful seeds. Whatever has happened up to now had to happen, whatever happened was right. Do you understand?

(Seeing the children from abroad): You are very good chatraks. Father Brahma gave you birth after invoking you for a long time. You have been born through special invocation. Your birth definitely took a long time, but you have been born healthy and good. The Father's sound was reaching you, and you came close at the right time. Father Brahma is especially happy. If the Father is happy, the children would also be happy, but Father Brahma has special love. This is why, even though the *majority* of you haven't seen Father Brahma, your experience is as though you see him. You experience life in the picture. This is a speciality. Your souls have the special co-operation of love for Father Brahma. The people of Bharat question, "Why Brahma? Why this particular one?" but you children from abroad are attracted to Father Brahma as soon as you come and are bound to him with love. So this is a special blessing of co-operation. This is why, even though you haven't seen him, you experience receiving greater sustenance from him. You say "Brahma Baba" from deep within your heart. This is a *connection* of special subtle love. It isn't that the father thinks: Why have they come after me (after becoming avyakt)? You don't think this and Brahma doesn't think this. He is just in front of you. The subtle form is giving sustenance just like the corporeal form did. You experience this, do you not? So many good *teachers* have become ready in such a short time. How long has it been since service started in the foreign lands? How many teachers are ready? It is good. BapDada continues to see the love for service you children have because of the special subtle sustenance you receive. What was the special sanskar seen in Father Brahma? Could he stay without doing service? Because those who are living far away abroad have the co-operation of special sustenance, they have zeal and enthusiasm for service.

What else did you do for the *Golden Jubilee*? You yourselves are *golden* and the *Jubilee* is also *golden*. It is good. Definitely pay attention to keeping a *balance* of the self and service. Self-progress and progress in service. By keeping a *balance*, you will become instruments to give *blessings* to yourself and to other souls. Do you understand? Whilst making plans for service, first of all pay attention to your own stage, for only then will there be *power* in the *plans*. The *plans* are the seeds. If the seeds don't have power, if the seeds are not powerful, then, no matter how much you labour, they won't give elevated fruit. Therefore, together with making *plans*, definitely fill them with the *power* of your own stage. Do you understand? Achcha.

To those who reveal the truth, to those who constantly keep a balance of truth and humility, to those who prove the introduction of the one Father through every word, to those who attain success through self-progress, to those who hoist the flag of the Father's revelation in service, to the true children of the Satguru and the true Father, BapDada's love, remembrance and namaste.

Blessing: May you be a true server who makes all the authorities co-operate to open the curtain of revelation.

The curtain of revelation will open when those of all the authorities together say, "If there is an elevated authority, Godly authority, spiritual authority, it is this one God's authority. All should come together on one *stage* and have a *sneh-milan* (a loving meeting). For this, tie everyone in the thread of love, bring them close and make them co-operative. This love will become a magnet which will bring everyone together on the Father's *stage*. Therefore, now do the service of being an instrument, of playing a *hero part* in the final revelation, for only then will you be called a true server.

Slogan: To receive everyone's blessings through service is the *lift* with which to move upwards.
