

**Essence:** Sweet children, only the one Father has the *responsibility* of making you souls progress. Human beings make arrangements for their body to progress. Baba teaches you souls how to progress and make your stage ascend. Baba is the spiritual *Surgeon*.

**Question:** Which different aspects of shrimat does Baba give you children in order to make you constantly progress?

**Answer:** 1) Children, in order to progress, constantly stay on the pilgrimage of remembrance. It is only by having remembrance that you souls can remove the rust on yourselves. 2) Forget the past and have no desires for the future. 3) By all means, work for your livelihood, but don't waste any spare *time* you have. Make use of your *time* in a worthwhile way by having remembrance of Baba. Do God's service for at least eight hours and you will continue to progress.

**Om shanti.** Children, the spiritual Father sits here and explains to you children, that is, to you souls. It is said that the Supreme Soul is *responsible* for souls. He is the One who shows souls the way to progress and have peace of mind. A soul resides in the centre of the forehead. Each soul is unique. It experiences sickness through its body. Even if you have a headache, the pain is not at the centre of the forehead because the soul is seated on its throne. Only the one Supreme Soul is the *Surgeon* who can make souls progress, that is, who can make them peaceful. Only when you souls have progressed can you receive *health* and *wealth*. You can never make your body progress no matter what you do for it. It will continue to cause one or another complication. No one but Baba can bring about progress in the soul. Everyone else makes arrangements to make this body progress. Those souls don't progress or experience their stage ascending. Only Baba teaches you how to do that. Everything depends on the soul. It is the soul that becomes sixteen celestial degrees complete and it is the soul that becomes completely worthless. Baba explains how it becomes sixteen celestial degrees complete and also how those degrees reduce. Baba says: In the golden age, you had a great deal of happiness; the stage of you souls had ascended. No one at other satsangs explains how souls can progress. They simply remain in physical intoxication; they are body conscious. Baba makes you soul conscious. You souls have become *tamopradhan* and you have to be made *satopradhan*. All these matters are spiritual. Elsewhere, there are only physical matters. *Surgeons* can replace someone's *heart*, but they have no connection with the soul. The soul resides in the centre of the forehead. It cannot be *operated* on. Achcha. Baba explains that progress of the soul can only take place at this one time. When the souls have become *tamopradhan*, Baba has to come to make it progress. No one other than Baba can take the souls into the stage of ascent. Baba says: Dirty, *tamopradhan* souls cannot come to Me. When people come to you, they ask how one can receive peace, that is, how one can progress. They don't know where they will go after progressing or what will happen at that time. They pray: Oh Purifier, purify us and take us to the land of liberation in life. Therefore, it must be the souls that are taken there, because the bodies are destroyed here. However, none of these things are in the intellect of anyone. The directions given here are from God. All others receive directions from human beings. God's directions are those that make you ascend beyond the sky into the land of peace and then to the land of happiness. Later, according to the drama, you have to descend again. Only Baba and no other *surgeon* can bring about progress in the soul. That *Surgeon* then makes you similar to Himself. Some *surgeons* can benefit your body very well; some can benefit it to a medium level and some to a third level. Only Baba is responsible to for making souls progress. No one else in the world knows this. Baba says: I come in order to uplift all these sages etc. When souls first come, they are pure. Baba has now come to make you souls progress. Just look how much you are all progressing, numberwise, according to the effort you make. There, you will receive a *first-class* body. Baba is the eternal *Surgeon*. He is the One who comes and makes you progress. Then you will return to the highest and *sweetest home*. Those people go to the moon. In order to make you souls progress, the eternal *Surgeon* says: Remember Me alone and your sins will be destroyed. Baba liberates all the children of this world. When you go to heaven, all other souls will remain in the land of peace. Baba carries out such a *wonderful task*! It is Baba's wonder! This is why it is said to God: Only You know Your ways and means. It is the soul that takes the instructions. Once a soul has separated from its body, it cannot receive instructions. By following God's instructions your stage ascends, whereas by

following the instructions of human beings your stage descends. This too is fixed in the drama. Wealthy people think that they are now living in heaven. As you progress, they will come to understand whether this is hell or heaven. Because of all the different languages there is so much chaos and unhappiness. There is no sorrow in heaven. There won't be any *earthquakes* there. Once heaven is created, the old world has to be destroyed. Then, after half a cycle, that will disappear. It is written that Dwaraka and all its gold sank beneath the sea. Earthquakes must have caused this. It isn't possible to excavate the sea. It is land that is excavated in order to reveal all its treasures. Baba says: I uplift everyone and then everyone defames Me. They insult Me! I uplift even those who defame Me, and so I should definitely be praised. Just look how much respect is given to Me by those on the path of devotion! Children, you too praise Baba so much! You have written thirty-two of His virtues on His picture. You now have to become as virtuous as Baba. Therefore, how much effort should you make? You must not waste time. The highest Father is teaching you and so you should study what he teaches every day. Your eternal Father is also your Teacher. Those who have come later are going ahead of even the older ones. The whole world will be made better by Baba. It is Baba who makes Shri Krishna virtuous. He is the Bestower who bestows to everyone. All the others receive from Him. This clan is created numberwise according to the effort you make. Just look how sweet and loving the unlimited Father is! All of you are being made to progress by the highest-on-high Father. Everyone else has to descend the ladder. This is the wonder of Baba! By all means, eat and drink and carry on with everything. You should simply sing Baba's praise. It isn't that you can't eat because you have to stay in Baba's remembrance. You have a great deal of time at night. Baba says: You must serve this government for at least eight hours. Show the way to make souls progress to whoever comes. To have liberation-in-life means to be a master of the world and to have liberation means to be a master of Brahmand. It is very easy to explain this to others, but if it is not in their fortune they will be unable to make effort. Baba says that even if you give knowledge to others throughout the whole day, unless you also have remembrance of Baba, the rust cannot be removed from your soul. There is only remembrance and no other way to make soul progress. Children, Baba explains to you every day with a great deal of love. However, each of you can understand for yourself whether you are progressing or not. It is not only you who listen to this; those in all the centres also listen. The sound is recorded on the *tape*, and then that is sent on service. It does a lot of service. Children, you understand that you are listening to Shiv Baba's murli. When they hear it through you, it is *indirect*; they come here to hear it *directly*. Baba speaks to you here through the mouth of Brahma, that is, He gives you the nectar of knowledge through the mouth of Brahma. The world has now become tamopradhan and so it has to be showered with knowledge. There are a great many showers of water, but that water can make no one pure; it is all a matter of knowledge. Baba says: Now wake up! I am going to take you to the land of peace. Only here can you souls make progress for the soul. All other things relate to physical matters. Only you listen to the spiritual matters. Only you become multimillion times fortunate. Baba is the Lord of the Poor. Only the poor listen to Baba. This is why Baba says: I explain even to those who have a stone intellect and those who have no virtues. Such things don't happen in the golden age. That is the unlimited temple of Shiva. This is now the unlimited brothel, in which everyone is completely tamopradhan. There is no further margin for this. This impure world now has to be transformed. The kingdom of Rama and the kingdom of Ravan exist in Bharat. When there are countless religions, there is constant peacelessness and war. A war is soon to take place with great force. After this huge war has taken place, all war will end, because your kingdom will have been created and you will have reached your karmateet stage. No one can yet claim to have reached that stage. When you reach that stage you will have completed your study. Then you will be *transferred* according to how much effort you made. Once this haystack has been set ablaze, destruction will take place very quickly. That is called bloodshed without cause. Everyone will die without cause. Rivers of blood will flow, and then there will be rivers of ghee and milk. After the cries of sorrow there will be cries of victory. Everyone sleeping in the sleep of ignorance will be destroyed. Creation is accomplished very carefully with great tact. Many obstacles will come. There will also be many beatings. The majority who cause distress are men. Sometimes women too cause distress. The gates of heaven are now being opened through the mothers. In

fact, all souls are male. Because the wife gives birth, she receives a greater prize than the husband. All of you will be numberwise in heaven. Some become *males* for two births. The calculation is exactly as it is fixed in the drama. There is such a difference in the way souls make progress. Some become the absolute *highest* and some the *lowest*. There is such a contrast between the king and his subjects. Sweetest children, Baba now says: Make effort. When you become pure by having yoga, you will also be able to imbibe this knowledge. The destination is very high. You must consider yourself to be a soul and remember Baba with a great deal of love. Souls *love* the Supreme Soul. This is spiritual *love* through which souls make progress. It is through physical love that souls fall. If it is not in their fortune, they run away. We have to take great care of the yagya. The service of the yagya is taking place with the pennies of the mothers. The poor ones here will be worthy there. Everything depends on how much you study. All of you now feel that you are married. Those who are going to become part of the rosary should feel this very well. Continue to remember Baba and do service and you will make a lot of progress. You even have to sacrifice your body in Shiv Baba's service. Let there be intoxication throughout the whole day. This is not like going to your aunty's home! You have to check how much progress you are making for yourself. Baba says: Don't remember the past, and don't have any desires for the future. You have to work for your own livelihood, but then you must also stay in remembrance of Baba for whatever time you have, so that your sins can be destroyed. Baba says to those in bondage: You must explain to your husband with a great deal of humility and love. If he beats you, then shower him with flowers. You need to be very tactful in order to save yourself. Your eyes should remain very cool; you must never fluctuate. There is the example of Angad. He was unshakeable. All of you are mahavirs, and so don't remember the *past!* Always remain cheerful. Remain unshakeable in your faith in the drama. Baba Himself says: I am also bound by the bondage of the drama. There is nothing else. It has been written that Krishna killed the demons with the swadarshanchakra. All of those things are stories. Baba does not cause violence. It is not a question of the Father or the Teacher beating you. They have invented everything from this time. On the one side, there are all the human beings and on the other side, there are you. Whoever has to come will continue to come. They will claim the same status as they did in the previous cycle. There is no question of miracles in this. Baba is the One with a merciful heart. He is the Remover of Sorrow and the Bestower of Happiness, and so how could He hurt anyone? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for Dharna:

1. To serve God's government for at least eight hours means to use your time in a worthwhile way. Become as virtuous as Baba.
2. Don't remember the past. Let the past be the past and remain cheerful. Remain unshakeable about the drama.

**Blessing:** May you be an intense effort-maker and constantly remain *ever-ready* by considering every moment to be your last moment.

There is no guarantee when your final moment will come. Therefore, constantly consider every moment to be your last moment and remain *ever-ready*. To be *ever-ready* means to be an intense effort-maker. Don't think that there is still some time before destruction comes, and that you will be ready by that time. No; consider every moment to be your final moment, and thereby remain constantly free from attachment and any sinful or wasteful thoughts. Only when you don't have the slightest wastage can you be called *ever-ready*. No matter what task still remains to be done, your stage should remain constantly beyond, and then whatever happens will be good.

**Slogan:** By making the snake of the vices your bed, you become an easy yogi.
