

Essence: Sweet children, become introverted and churn the ocean of knowledge then you will remain in a state of great happiness and intoxication. You will become a teacher like the Father.

Question: On what basis do you stay constantly happy inside?

Answer: If you constantly benefit others and make them happy, you remain constantly happy. By staying merciful, you stay happy. The intellects of those who are merciful remember that the Father of all souls is teaching us and making us pure and that we are to become the emperors of the world. Children donate this happiness that they receive.

Om shanti. Children, the spiritual Father asks: Who said, "Om shanti"? (Shiv Baba). Yes, Shiv Baba said, "Om shanti". Children, you are aware that He is the Father of all souls. When He comes, He Himself says: I come every cycle and enter this chariot to teach you. So, He is the Teacher. When a teacher comes, he says, "Good morning", and the children then respond with "Good morning". Children, you are aware that here it is the Supreme Soul saying "Good morning," to souls. Ordinarily, everyone says "Good morning" but this is the unlimited Father who comes and teaches us children, and explains to us all the secrets of the whole world *drama* tree. You know that the Father of all souls has come. Your intellects should have the faith throughout the whole day that the unlimited Father is teaching us. He is our Father, *Teacher* and Guru. He is also called the Creator, but you have to understand that He does not create souls. Baba explains: I am the Seed. I give you all the *knowledge* of the human world tree. Although no one except the Seed can give this *knowledge* of the tree it doesn't mean that He creates the tree. Baba says: Children, this tree is eternal. Otherwise, I would have told you the dates of when and how it was created. However, this creation is eternal. Baba is known as the Ocean of Knowledge. It is said that He knows everything. He knows all the secrets of the tree, from when it begins, through the middle and right to the end of it. Baba is the Seed of the human world tree. He is the Ocean of Knowledge. He comes and teaches us children all the *knowledge* He has. People ask how there can be *peace* in the world. So, you can tell them that the Father, the Ocean of Peace, is the One who creates *peace* in the world. He is the Ocean of Peace and Happiness, as well as the Ocean of Knowledge. Which knowledge? The knowledge of the beginning, the middle and the end of this world. Devotees think that it is the scriptures that contain knowledge. There are many people who relate such scriptures. The unlimited Father Himself comes to introduce Himself and gives you the *knowledge* of the beginning, the middle and the end of the world. You understand that it is when He comes that *peace* is established. *Peace* exists there in the land of *peace*. No one knows that everyone in the land of *peace* were in *peace*. People keep asking how there can be *peace* in the world. It definitely did exist at one time. The *peace* of the kingdom of Rama is required. However, no one knows when the kingdom of Rama existed. Baba knows that there are so many souls and that He is the Father of all of them. This wouldn't be said for anyone else. It is at this time that all the souls are present here. Originally, they are in the land of *peace*. Then, they go to the land of happiness and then the land of sorrow. It is a story of happiness and sorrow, but no one knows it. They just say that you have to play your part of coming and going. Children, your intellects are aware that He is the Father of all souls and that He is teaching us *knowledge*. He comes and creates heaven. He teaches us this. He says: Children, you were deities. No one else would say that it is the Father of all souls who teaches you. This unlimited story is so huge that they think that it lasts for hundreds of thousands of years, but you can tell them that the duration of this story is only 5,000 years. Now, you understand that there are two types of *peace*: Firstly, there is the *peace* of the land of *peace* (*shantidham*), and then the *peace* of the land of happiness (*sukhdham*). Children, you do understand that the Father of all souls is now teaching us. None of this is mentioned in the scriptures. This is the unlimited Father whom all the people of all religions remember. Some call Him Allah, some call Him *God*, *Father* and some call Him Prabhu, (the Lord and Master). The knowledge He gives must definitely be elevated. You must always keep this knowledge in your heart. Baba says: Everyday I tell you new things in a new way. You then teach it to others. Those on the path of devotion pay so much respect to the idols of the goddesses. In fact, this Brahma is the senior mother and Shiv Baba is the Father. This One is the Mother and Father. He *adopts* you through this mother and says: "Child, child." Baba says: "I come every five thousand years to teach you this *knowledge*." Your intellect now has the knowledge of the cycle. Ever

word you are listening to is new. Baba is the Ocean of Knowledge. The *knowledge* He has is spiritual. The Spirit, the Father, is the Ocean of Knowledge. It is the soul that says, "Baba". Children, have to understand these things very clearly and imbibe them. When you become introverted you are able to churn this knowledge, and then become greatly intoxicated and happy. Shiv Baba is the greatest *Teacher*. He makes you into *teachers*. Such *teachers* are also numberwise. Baba knows which of you children are able to teach others very well. When others are made happy through you, they say: "Take us very quickly to meet such a Baba who has made you as you are." Baba says: I enter this one's body at the end of the last of his many births. I enter this Bharat at the end of each cycle so many times. When you hear these new things you become amazed that it is the unlimited Father who is teaching us! Those on the path of devotion remember Him by many names. Some call Him the Supreme Soul, some call Him Rama, some call Him Prabhu and some call Him Allah. Just see, there is only one *Teacher* and yet He is remembered by so many names. The *Teacher* should only have one name. Can He have so many names? There are so many languages. Some use the word *God*, and some say Khuda. Children, He Himself says: "I have come to teach you." After you study and become deities, destruction will take place. The world is now old, so who will make it new? Baba says: "It is My role to make it new. I am also bound in the bondage of the *drama*. Children, you understand that there is so much expansion of bhakti." This too is in the play. The path of devotion lasts for half a cycle. Now, once again, Baba has come to teach us. He comes to create peace. There was peace at the time of the kingdom of Lakshmi and Narayan. Now there is only peacelessness. There are so many souls, and the Father of all of them is One. This is such a *wonderful* play! Baba, the Father of all souls, is teaching us! You should experience so much happiness. You understand that we are the gopes and gopis, and that Baba is the Father of us gopes and gopis. It is not just the souls that are called gopes and gopis. It is when we souls are in our bodies that we are called gopes and gopis. Gopes and gopis are also brothers and sisters. They are the children of Shiv Baba, the Father of the gopis. The expression, "gopes and gopis" is very sweet. So much praise is sung of God in so many different names for Him. All of this praise belongs to this time. So many names are used for Him. However, because they don't know who He is, they have mixed everyone up and created confusion. Baba now explains to you the *history* and *geography* of the world. People are only aware of these lands. They neither know how long the golden age lasted for, nor do they know who ruled there. The reason why everyone is in such immense darkness is that the duration of the cycle has been elongated into hundreds of thousands of years. Baba has come to give you the *knowledge* of the world cycle. It is by studying this knowledge that you become the seers of the three aspects of time. You are becoming trinetri (those who have the third eye). This is an education. Baba says: I Myself, come at the confluence of every kalpa and make you into the most elevated human beings. You are becoming the most elevated human beings, numberwise! You attain your status according to how much you study. You know that it is Baba who is teaching you. Some people say that God has no name or form. Then others say that He is in the pebbles and stones. So many different things are said of Him. Goddesses are portrayed with so many arms! Ravan is portrayed with ten heads. Children, it should have now entered your heart that the Father of all souls is teaching us; He is purifying us. Your heart should feel so intoxicated inside. However, this happiness will only emerge when you become merciful and benefit everyone and make them happy. You now feel, "Oho! Baba is making us into emperors". The kings, queens and subjects, all will become masters. In the golden age, there are no councillors. However, at this time when there are no kings, there are councillors everywhere. Now, it is the government of the people by the people. Again and again, your intellect must repeatedly remember that the unlimited Father is teaching us. Those who study very well will come first and attain a high status. How did Lakshmi and Narayan become so wealthy? What did they do? Some on the path of devotion become very wealthy, so one can understand that they must have done something elevated previously. People believe that in return for donating something in the name of God they will receive a great deal; that in their next birth they will become wealthy. However, theirs are *indirect* donations. The reward they receive in return for those is only a short-lived one. Baba has now come to you *directly*. Everyone is still remembering Him and praying "Oh Purifier, come." However, they do not pray to Him to come and give them knowledge or make them

like Lakshmi and Narayan. They only keep Krishna in the intellect. Because of not knowing the Father they are suffering so much. Baba is now making you into those who belong to the divine community. You will first go to the land of peace and then the land of happiness. Baba explains everything very clearly. Although they listen to this, it is as though they don't hear. Their intellects don't change from stone and become pure and divine. Remember Baba all day long. A wife has so much love for her husband that she would die for him. Here, all of you are Baba's children, but numberwise! You do understand that you repeatedly forget to remember such a Baba. Baba says: By remembering Me your sins will be destroyed but then you forget! Children, why do you forget such a Baba who makes you into the masters of the world? Maya's storms will come. However, you must still continue to make effort and try your best to remember the Father, then you will receive your inheritance. All of us become deities and live in heaven but some have to suffer punishment before they become deities. This why they have a lower status. All these things are new. It is only when you remember the Father and the Teacher that you can imbibe these things. However, you forget the Teacher. Baba says: This study will continue throughout the period that I am present here, until the time of destruction and until everything has been sacrificed into this sacrificial fire. Perhaps you would say that Baba has taught everything and so what else could He teach? Baba says: New points will continue to emerge. By listening to these things you will become very happy. Study very well and transfer everything like Sudama did (he gave a handful of rice and received a palace in return). Continue to transfer everything. This is also a huge business. When Brahma Baba was in business, he was very generous. He used to donate one tenth of his income. Even though he might have made no profit, he would still feel that he had to donate first. He would say: If others see me donating generously, perhaps they too would be inspired to do the same so that many more can take benefit. That was on the path of bhakti. Here, everything was offered to Baba: Baba, take everything! Baba says: I give you the kingdom of the whole world. Baba had a vision of destruction, and also a vision of the four-armed image. At that time I was made to understand that after destruction, I was to become the master of the world. When Baba entered me and showed me the scene of destruction, I realised that the world was going to end and asked Baba: Why should I carry on doing business? I told myself to forget this donkey-work; I am to receive the kingdom. Baba is now also explaining to you that this old world is going to be destroyed. Although He is making so much effort to awaken you from the sleep of Kumbhakarna why are you still asleep? So children you must only remember the one Father. By giving everything to the one Father alone, you will definitely only remember the one Father. Children, you can remember Baba more than this one can. This Baba has so much responsibility! It has been said: How can someone who has so much responsibility on his head sleep comfortably? So much news comes from those in bondage. Baba is concerned about the poor mothers who are being beaten so much. The devils are causing them such distress. However, it is understood that it is happening according to the drama. What could we do about it anyway? Those innocent mothers were beaten in the last cycle as well. The new world has to be created. Baba says: I enter this one's body at the end of the last of his many births. So we must definitely have been the beautiful ones who have now become ugly. I will take the first number. I will go and become Krishna. When I see this picture, I think, I am to become this! Children, Baba explains everything very clearly to you. Children, it is now your task to understand everything very well and then to explain it all to others. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from your Mother, your Father, BapDada. Your spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. We are the gopes and gopis of the Father of the gopis. Remain in this happiness and intoxication. Become introverted and churn the ocean of knowledge and thereby become a teacher like Baba.
2. Become like Sudama and transfer everything you have. Study very well and claim your full inheritance from Baba before destruction. Awaken everyone sleeping in the sleep of Kumbhakarna.

Blessing: May you be detached from everyone and loved by everyone and thus transform any bondage or karma into a relationship of service.

God's love is the basis of your Brahmin life. Only when you become loving and detached can you receive this love. Whilst living at home with your family, you must realise that you are there for service. Never think that you are there because of your karmic accounts or bondage. No! You are there for service. By being bound in service, your karmic bondages are cut. It is when you don't feel bound to service that your karmic accounts pull you. Where there are bonds of karma there are also waves of sorrow. Where there is the bond of service, there are also waves of happiness. Therefore, transform any bond of karma into a bond of service and remain loving and detached. Then you will be loved by God.

Slogan: In order to remain *double-light*, give the burden of all your responsibilities to Baba.
