

Essence: Sweet children, keep a chart of how much you study and how divine your character is. Check every day to see whether you have made any mistake.

Question: By making which effort can you children claim your tilak of sovereignty?

Answer: Make effort to remain constantly obedient. By giving yourself the tilak of obedience at the confluence age, you will receive the tilak of sovereignty in the golden age. Unfaithful ones, which means, disobedient ones, cannot claim the tilak of sovereignty. Do not hide your sickness from the Surgeon. If you hide it, your status is reduced. Become an ocean of love like the Father and you will claim the tilak of sovereignty.

Om shanti. The spiritual Father explains to you spiritual children that to study means to understand. Children, you understand that this study is not only very easy but is also very elevated. It enables you to attain a very high status. Children, you only know that you study this knowledge to become the masters of the world. This is a very elevated study. Therefore, those who are studying this should be very happy. This is the confluence age which is also the time of the Gita episode. Children, you have now woken up; everyone else is asleep. It has been remembered that people slept in the sleep of Maya. Baba has now come to wake you up and just explain one thing to you. He says: Sweet children, claim the kingdom of the world with the power of the pilgrimage of remembrance as you did a kalpa ago. Baba reminds you of this. Children, you also understand that you now have the remembrance of how you claimed your kingdom every kalpa with the power of yoga, and how you also imbibed divine virtues. Children, you do have to pay full attention to yoga because it is by gaining the power of yoga that you can imbibe the divine virtues automatically. This really is the examination you have to pass in order to change from an ordinary human being to a deity. You have come here to become a deity from a human being through your power of yoga. You also know that the world becomes pure through your power of yoga. The whole world used to be pure but has now become impure. Children, you now understand and keep in your heart all the secrets of the whole cycle. Even you newcomers find these things are very easy to understand. You were the worship-worthy deities. You then became tamopradhan worshippers. No one else can tell you this. Baba makes everything very clear for you. They belong to the path of bhakti.. You belong to the path of knowledge. Bhakti is the past. Do not think of those past things that made you fall. Baba now tells you things to make you climb back up. Children, you must also understand that you have to imbibe divine virtues. Keep your chart every day. "How long did I stay in remembrance of Baba? How many mistakes did I make?." Mistakes cause a great deal of damage. The character of a person can be seen in worldly study. Your character can also be seen in this study. Baba tells you these things for your own benefit. In a school, a register is kept of their character and how well they study. Here, you children should make your character divine. You should take care not to make any mistakes. Ask yourself: Have I made any mistakes? A court used to be held to check this. At school, they don't hold a court. You should just ask your heart! Baba has said that due to Maya, you make one or another mistake.

In the beginning, we would hold a court and children would speak the truth. Baba keeps telling you that if you don't tell the truth, your mistakes multiply and you will have to be punished. If you don't tell the truth, you are called disobedient. Then you won't be able to claim the tilak of sovereignty. Those who are disobedient and unfaithful cannot claim a kingdom. The Surgeon explains to you in various ways. If you hide your disease from the Surgeon, your status becomes lower. The Surgeon won't beat you if you tell the truth. Baba just draws your attention to show you that if you make this kind of mistake you harm yourself and you attain a very low status. When you are there, your activity is naturally divine. Here however, you have to make effort for this. You must not keep failing. Baba says: Children, stop making mistakes. Baba is the Ocean of great Love, so you have to become like Him. As is the Father, so should be His children. It is said: As are the king and queen, so are the subjects. Baba is not a king, but you know that He will make you become like Himself. Baba is highly praised. You children should become as praiseworthy as He is. You have to become like the Father but, Maya is very powerful. She stops you from keeping your chart. You have become so totally trapped by Maya that you are unable to escape from her jail. You don't tell the truth. Baba says: The chart of remembrance you keep must be accurate. Get up early in the morning and remember the Father. Sing His praise: Baba, You are making us into the masters of the world. We sing Your praise. He is given so much praise on the path of bhakti but the devotees don't know Him. There isn't this praise for the deities. In fact, it is you Brahmins who are worthy of praise. It's the Father who grants salvation to everyone. He is also the Creator and Director as well. He does service and also explains to you children. He speaks to you in a practical way. Others just hear the expression "God speaks" from the scriptures. They have been reading the Gita for so long, but what have they attained by doing that? They study the scriptures etc. with such great devotion. They do so much worshipping but they don't understand what the result of that is. They don't realise that they have been coming down the ladder; that day by day, they have been becoming more and more impure. This too is fixed in the drama. Only Baba can explain the secrets of the ladder. Shiv Baba explains these things through Brahma. This one, Brahma, also learns the things from Shiv Baba and then explains to you. As well as the Father, Shiv Baba is the great Teacher and the great Surgeon. You should remember Him. You shouldn't remember your teacher; you should only remember this One. You shouldn't be attached to anyone; you learn everything from this One alone. You have to conquer attachment. You have to make a great deal of effort for this. You should have total distaste for the whole of the old world. It is about to be destroyed, so you should have no love or attachment for it. There are so many big buildings. People don't understand how long this old world is going to last. Children, now that you are awake you wake others up as well. Baba comes to wake up all the souls. He repeatedly says: Consider yourself to be a soul. If you think of yourself as a body, it means that you are still asleep. Consider yourself to be a soul and remember the Father. When you souls are impure, you receive an impure body. Only pure souls can receive a pure body. Baba makes you understand that you used to belong to this divine clan and that you are going to become part of that clan again. It is so easy! Why should you not remember such an unlimited Father? Get up early in the morning

and remember the Father: Baba, it's so wonderful how You make us into such elevated deities! After doing this, You will go and sit in your abode beyond sound (nirvana). No one else can make us so elevated! You make everything so easy for us! Baba says: Whatever time you get, whatever you are doing, remember the Father. It is through this remembrance that your boat will go across. It is remembrance that takes you across from this brothel (vaishyalaya) to the temple of Shiva (Shivalaya), the land of purity. You should also remember Shivalaya, the heaven that is created by Shiv Baba Himself. So, in this way, you are able to remember both. By remembering Shiv Baba, you become the masters of heaven. This study is for the new world. Baba comes to create the new world. Certainly, Baba has come to do some service. You can see that I am playing My part according to the drama. Children, I explain to you how you went on this pilgrimage of remembrance five thousand years ago and all the secrets of the beginning, the middle and the end of the world cycle. You know that I come in person every five thousand years. It is the soul that speaks, not the body. Children, it is Baba giving you these teachings. It is souls that have to be purified. It is only once, at this time that souls become pure. Baba says: I have taught you many times and will be teaching you again. Sannyasis wouldn't say this. Baba says: Children, according to the drama plan, I have now come to teach you and I will come again in the same way in five thousand years. I taught you in the previous kalpa and created your kingdom. I have taught you and created your kingdom many times before. The things Baba explains are so wonderful! Shrimat is very elevated. By following His shrimat you become the masters of the world. You attain a very high status. If someone wins a big lottery, he goes crazy. However, there are some who whilst going along, become hopeless. They say: I can't study. How can I claim this sovereignty? Children, you should be very happy. Baba says: If you want to know what happiness and supersensuous joy are, ask My children. You have to tell everyone these things of happiness. You were the masters of the world and then, whilst going through eighty-four births, you became slaves. On the path of bhakti, they say: I am Your slave! I am Your slave! They believe that it's good to consider oneself to be insignificant. Look! Who is the Father? They don't know the Father. Only you know Him. Look how Baba comes, calls you His child and explains to you! This is the meeting of the souls and the Supreme Soul. This is called the mela. It is through this meeting that you claim the kingdom of heaven. You don't claim the kingdom of heaven by bathing in the Ganges. You have been bathing in the Ganges for so long! In fact, the water comes from the ocean. It is a wonder of nature how the rain falls. It is at this time that Baba explains everything to you. It is the soul that imbibes knowledge, not the body. You can feel how Baba has totally transformed your life. Baba says: Children, have mercy on yourselves! Don't be disobedient! Don't become body conscious! Otherwise you will lessen your status for nothing. It is the Teacher who explains these things. You know that Baba is the unlimited Teacher. There are so many languages in the world. When we have things printed, they should be printed in many languages. When you print some literature, you should send a copy to everyone, and you also should send a copy to the library. Don't worry about the expense. Baba's bhandara will stay full. What else would you do with the money by just keeping it? You won't be able to take it home. If someone steals it, he is stealing

from Shiv Baba's yagya. Let no one have the mentality to steal from Baba's home! Those who steal from the house of God are extremely sinful and degraded souls. Baba says: All of this is the part in the drama. When you rule your kingdom such souls will become your servants. How could there be a kingdom without servants? It is now being created as it was a kalpa ago. Baba says: If you want to uplift yourself, follow shrimat and imbibe divine virtues! Anger is not a divine virtue. It is called a devilish trait. If someone gets angry with you, you should keep quiet and not respond. Everything can be understood about someone from his behaviour. Everyone has defects. When people get angry their face looks like copper and bombs explode from their mouths. They harm themselves and they lose their status. You should understand that Baba says: If you commit any sins, write and tell Baba. When you tell Baba, you can be forgiven and your burden can be reduced. You have been indulging in vice for so many births. If you are still committing sins at this time it multiplies a hundred-fold. If you make a mistake in front of the Father you receive a hundred-fold punishment. If you have committed a mistake and haven't told Baba, that mistake multiplies. Baba explains: Do not harm yourselves. Children, Baba is making your intellects completely pure. He knows what status you will attain. It is a matter of twenty-one births. The nature of serviceable children should be very sweet. When some children make a mistake they tell Baba immediately. Baba becomes pleased with them. When God is pleased, what else do you need? This One is the Father, Teacher and Guru. All three become pleased! Otherwise, , all three become displeased. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Follow shrimat and make your intellect pure. Make it good! Don't be disobedient! Don't get angry and allow your mouth to let off bombs. Remain quiet.
2. Sing the praise of one Baba from your heart. Have no love or attachment for this world. Have unlimited disinterest for this world and conquer attachment.

Blessing: *May you be a constant yogi and karma yogi soul whose every thought, word and action are elevated.*

Every action of a karma yogi soul would be yogyukt and yuktiyukt. If you perform any action that is not yuktiyukt you must understand that you are not yogyukt. If your actions are ordinary or wasteful, you are not a constantly yogi soul. To be a karma yogi means that your every second, thought and word are constantly elevated. The result of elevated action is that you and others are constantly content. Only such a soul can become a constant yogi.

Slogan: *Remain under the canopy of protection of Baba's love and no obstacle can come to you.*
