

31/03/99

Morning Murli

Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, recognise the difference between the activity of the Father and that of the children. Children, understand how Baba can play games with you but cannot eat with you.

**Question:** "The company of the Truth takes you across and bad company makes you drown". What is the true meaning of this saying?

**Answer:** You now have the company of the Truth. When you fix your intellect in yoga with Baba, you are able to go across. However, because you are always coloured by the company you keep, you are gradually brought down by being influenced by bad company, the company of the false body. The company of the Truth takes you across. Therefore, forget your body and all your bodily relations and remain in the company of just one Baba. Remember Baba and you will become as pure as Baba.

**Om shanti.** Children, you have two classes. The first class is the pilgrimage of remembrance where sins can be cut away and the soul gradually made pure. The second class is that of knowledge. Knowledge is also easy; there is no difficulty in this. However, there is a difference between being here and being at your centres. Baba is sitting here with the children. Here, it is the gathering of the Father and the children that takes place whereas at your centres it is just a gathering of children.. The reason children come here is to sit personally in front of the Father. Even though you do have remembrance there, you are able to see Baba here. "I want to sit with You. I want to speak with You." Baba has explained that there is a difference in the activity of the Father and the activity of the children. Just think about it! What is Baba's part in this and what is the chariot's part? Is Baba able to play games with you through the chariot? Yes, He can play games. You say: I want to sit with You, I want to eat with You, but Baba Himself does not eat. Yes, children, it is possible to play games with you. The Father Himself is aware that it is as though both are playing together with you. Everything done here is done together with you. This One is also the Supreme Teacher. It is also the task of a teacher to entertain the children; they have indoor games. Nowadays, there are many different varieties of games. The most famous is chopar (dice). That form of gambling is mentioned in the Mahabharata. It is against our law to gamble. You know all of those things emerged from the scriptures of the path of bhakti. Fasts and austerities belong to the path of bhakti, where they eat nothing at all and even go without water. Even if they attain anything on the path of bhakti, it is only temporary. Children, everything is explained to you here. Everyone stumbles so much on the path of bhakti. The path of knowledge is the path to happiness. You understand that you are claiming your inheritance of happiness from the Father. In bhakti, they also have remembrance of the One. To worship the One is unadulterated worship, which is good. Bhakti also passes through the sato, rajo and tamo stages. The most satoguni and highest bhakti of all is to Shiv Baba. Shiv Baba comes here to take all you children to the land of happiness. The One who has served you children the most, the One who purified you, is the One to whom you have been calling out. Yet you then say again that He is in the pebbles and stones! That is defamation. Children, you had received your fortune of the kingdom from the unlimited Father; you definitely have to receive it again.. You can now understand that knowledge is separate from bhakti. You also understand, numberwise, according to the

effort you make now, how the kingdom of Rama is ruled and the kingdom of Ravan is ruled.. You print leaflets etc. for others to be given the true explanation. Everything here is the truth. Children, you also have to do service; there is so much service to be done. This badge is a very good tool to use for service. The greatest scripture of all is this badge. All of our things are of knowledge. They all need to be explained. The pilgrimage of remembrance is a separate subject. That is the soundless chant, where you don't make any sound at all. You don't even have to keep repeating Shiva's name to yourself. You must just simply remember Baba. You understand that Shiv Baba is the Father and that we souls are His children. He comes here personally and says: I am the Purifier. I come every kalpa to purify you. Shed the consciousness of your body and all the bondages of the body. Consider yourself to be a soul and remember Me, your Father, and you will become pure. My part is to purify the impure. This happens when your intellect has yoga, that is, keeps company with the Father. You are coloured by the company you keep. It has been said that good company takes you across and bad company makes you drown. By keeping your intellect in yoga with the Father, you are able to go across. However, later, you start to descend again. This is why it is said that the company of the Truth takes you across. Those on the path of bhakti do not understand this. You souls understand that you have become impure and that now, by keeping your intellect in yoga with the One who is ever-pure, you too can become pure again. Therefore you souls have to remember Baba, the Supreme Soul. When you souls become pure you will receive a pure body. You have to become like pure gold. This is the pilgrimage of remembrance. This is the fire of yoga in which your sins can be burnt away and all your alloy removed from you. You understand that in the new world of satyug you were pure and completely viceless. You were fully sixteen celestial degrees complete. There are no more celestial degrees left now. This is the stage of the bad omens. There are bad omens over the whole world in general, and over Bharat in particular. This is why everyone's body has also become ugly. Everything you can see with your physical eyes has become ugly. The rulers as well as the subjects are the same. No one understands the significance of Shyam Sundar (Krishna, the ugly and the beautiful one). So many different names have been given of which Baba explains the meaning. You are the ones who were so beautiful at first and who have become ugly. Now, by sitting on the pyre of knowledge, you become beautiful again. This is what you must now become. You change from ugly to beautiful and then from beautiful to ugly. Baba has explained the meaning of this to you souls. You souls must remember the one Father. Your intellect is now aware of being a soul, a dot. This is the realisation of the self as a soul. You gain insight to see this. All of these things have to be understood. You have to understand the soul: I am a soul, this is my body. I have taken this body to play my part here. According to the drama-plan, you are the very first ones who come. All souls are the same and yet every soul has a different role latent within it. Some have a lengthy role and some have a short role. This drama is huge and unlimited. You now understand how souls come numberwise to play their part. First, it is the deity family. You are given this knowledge now at the most auspicious confluence age. Later, you won't be able to remember any of these things. Baba Himself says: This knowledge vanishes. No one knows how the deity religion is created. They still have the images of them but they don't know how or when it was created. Children, you understand this and so you now have to make others become like yourselves. When there are many of you we will have to use a loud-speaker. Other

methods will emerge. We will also need to have very large halls. Whatever happened in the previous kalpa will happen in the same way again. You have to understand all these things. The number of you children will gradually grow. Baba has said that you should explain to those who build the halls for wedding ceremonies; they also have special guest houses (dharmashalas) for people attending wedding ceremonies. Anyone who belongs to this clan will understand this knowledge instantly. If they don't belong to this clan they cause obstacles. Those of this clan will accept the things you tell them and will reply: Yes, this is the truth. Those who don't belong to this religion will argue with you and say: But this has been the system from the very start of the world. However, the family path is now impure and Baba has come to purify it. Because you emphasise purity there are so many obstacles created. There is a great deal of praise and regard for the Aga Khan and for the Pope. However, you know what the Pope comes here to do. Hundreds of thousands of wedding ceremonies are arranged to take place together at the same time. The Pope comes and performs many marriages! He ties all of those souls in bondage and those people believe that to have him perform that ceremony is very respectable. They also invite mahatmas and holy men to perform the wedding ceremonies. Nowadays, they also perform engagement ceremonies. Baba says: Lust is your greatest enemy. It is not such an easy task to carry out this ordinance that Baba has issued and so you must be very tactful when you explain this. As you proceed, they will gradually come to understand this. Explain to those who belong to the Adi Sanatan religion. They will agree that at the beginning it was the deity religion and not Hindu. Just as all of this has been explained to you by Baba, so you can explain it to others so that our number's can grow. You also have absolute faith that the sapling will continue to be planted, that you are now becoming deities by following Baba's shrimat. You will be the ones who live in the new world. Previously, you didn't know that Baba would come at the confluence age to transfer you. You weren't even vaguely aware of these things. You now understand that this is the most auspicious, true, confluence age, that it is the time when you become the highest of humans. What each of you becomes is in accordance with the effort you make. Each of you has to look within your own heart. When school children are weak in a subject, they understand that they will fail. This too is a school; it is a place of study. The name Gita Pathashala (a study place for the Gita) is very famous. You can adjust that name a little and write that this is the study place of the true Gita. However, they become angry even with this. Of course, there will be conflict, but there is nothing to be afraid of. It has become a fashion to set fire to buses and burn everything. They learn from whatever others do. They have learnt a great deal; more now than previously. They continue to picket etc. Each year the Government becomes more and more insolvent and keeps increasing taxes. A day will come when they will open all the safety deposit boxes in the banks and take everything. They also keep a check on how much food is being stored so that no one can hoard too much. You have been freed from all of these things. The main thing for you is the pilgrimage of remembrance. Baba says: I have no connection with any of those things because My task is simply to show you the path. Your sorrow will then be removed. At this moment, you are settling your accounts of all your karma. Whatever little sickness remains, it will all erupt and have to be settled. Whatever karmic accounts remain in the end will have to be settled. You must not be afraid of that. If you have an illness, you can also remind human beings of God. If you have to go to hospital you should give people there this knowledge: Remember the Father and your

sins will be destroyed. This isn't just for one birth, but you are guaranteed that for your future twenty-one births. You will have no more sickness. Simply remember the one Father and your life-span will also increase. Everyone in Bharat used to have a very long life-span. They were completely free from disease. Baba now gives you children shrimat in order to elevate you. Never forget this word: Purushottam (the age for becoming the highest of humans). Every kalpa you are the ones who become this. No one else could make such a statement. You can serve many souls in this way. You can also make appointments to see doctors and tell them these things. Those who work in hospitals can also do a great deal of this service there. Tell those patients that our Doctor is the greatest Doctor of all. He is the eternal, unlimited Surgeon. Because we now belong to Him we have become free from disease for our next twenty-one births. Explain to the Health Minister: You labour so hard to ensure people have good health. In satyug, there were just a few human beings. There was peace, happiness and purity; there was everything. You are the guides who have to benefit the whole world. You belong to the Pandava community. These things are in no one else's intellect. Explain also to the Food Minister that Shiv Baba is also the greatest Food Minister. He gives so much that no one ever lacks anything in heaven. You are now at the confluence age. The whole cycle is now in your intellect. This is why you are called swadarshanchakradhari. Bharat is now insolvent. You children understand that those who are clever (in a worldly way) come and teach their cleverness to others. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Make one Baba your only Companion and experience sitting with One, speaking with One and eating with One. Renounce bad company and stay in the company of the Truth.
2. Settle all your karmic accounts through the pilgrimage of remembrance and by settling through physical suffering and become completely pure. Transfer yourself completely at this most auspicious confluence age.

**Blessing:** *May you be an embodiment of remembrance and put an end to all name and trace of sorrow and peacelessness by destroying all attachment.*

The stage of those who constantly stay in the remembrance of One remains constant and steady. To have a constant and steady stage means to experience the sweetness of having all relationships with One and receiving all attainments from One. Those who belong to the one Father in all their relationships and who remain embodiments of His remembrance can easily destroy all attachment. Those who have destroyed all attachment never experience any waves of sorrow whilst earning wealth, looking after it or when someone falls ill. When you are a destroyer of attachment it means that you keep no name or trace of sorrow or peacelessness, but remain constantly carefree.

**Slogan:** *Those who donate their time and happiness to others, and also donate their desire for attainment, are great donors.*
