

Essence: Sweet children, Baba has come to remove the cries of pain and sorrow from the whole world and bring about victory. In the old world, there was only pain and sorrow whereas in the new world everyone is constantly happy and victorious.

Question: Which of God's regulations do only the poor follow and not the wealthy in order to take their full inheritance from Baba?

Answer: The regulations to become a complete beggar and renounce everything that you have from your intellect. Whereas the poor children are easily able to forget everything, the wealthy, those who consider themselves to be in heaven, are unable to remove anything they have from their intellect. This is why those who remember their wealth, property, friends and relations etc. cannot become true yogis and thus cannot claim a high status in heaven.

Om shanti. Sweetest children, you have firm faith in the intellect and can understand very well that Baba has come to remove all the quarrelling of everyone in the whole world. You children who are sensible and wise understand that that Baba, whose name is Shiv Baba has entered this body. Why has He come? To remove everyone's cries of sorrow and to bring about victory. There is so much quarrelling in the land of death. All souls have to settle their karmic accounts before they can return home. There is no question of any quarrelling in the land of immortality. There is so much chaos here. There are so many courts and judges etc. here. There is so much conflict here. Abroad also, wherever you look, there are only cries of pain and sorrow. There is conflict throughout the whole world. This world is called old and tamopradhan. There is nothing but rubbish here; it is just a jungle. The unlimited Father has now come to do away with all of it. Children, you must become very sensible and wise. If you children too are fighting and quarrelling amongst yourselves, how can you help Baba? Baba needs you children to become His helpers. Baba needs sensible and wise children, those who have no conflict with anyone. Children, you understand that there are many different religions in this old world. This world is tamopradhan and vicious. The whole world is impure. There is nothing but quarrelling in this impure old world. Baba has come to remove all of this and to bring about victory. Each of you understands that there is so much sorrow and peacelessness in this world and that this is why everyone in the world wants peace. How could those who say that the unlimited Father is in the pebbles and stones and everything else, bring peace in the world? This too is all in the play. Therefore, children, Baba says: Now, become alert! Become Baba's helpers and claim your fortune of the kingdom from the Father. This is not a small thing. You will have limitless happiness there. Baba says: Sweetest children, according to the drama, the unlimited Father has come to make you multimillion-times fortunate. When Bharat was heaven Lakshmi and Narayan ruled. Heaven is called the wonder of the world. This is not said for the silver age. Therefore, children, you have to make effort to go to such a heaven. In order to come there at the beginning you have to make effort. Children do have the desire to go to heaven and become like Lakshmi or

Narayan. There are now to be many cries of sorrow in this old world. Rivers of blood are yet to flow. After the rivers of blood, there will be rivers of ghee. That is also called the ocean of milk. Here too, they create huge pools, then they fix a day when they go and fill them with milk and bathe in that. They also offer milk to a Shivalingum. It has been remembered about heaven that there were rivers of ghee and milk. There is in reality no question of this. You become the masters of the world every five thousand years. At this time, you are slaves. Then you will become great kings and the whole of nature will be your slave. There, there will not be any untimely rain nor will the rivers overflow and flood. Such calamities will not take place. Look how many calamities take place here! There, they are pure Vaishnavs (completely pure and vegetarian), not Vaishnavs who indulge in lust. If someone becomes a vegetarian here, he is said to be a Vaishnav, but this is not so. People cause a great deal of sorrow for one another through lust. Baba explains everything very clearly. It has also been remembered that there was a village urchin... Krishna can't have been a village urchin. He was the master of Paradise. He took eighty-four births. You now understand how people have been stumbling along so much on the path of bhakti. They have wasted all their money. Baba asks: Where is all the wealth I gave you? Where has all your fortune of that kingdom gone? I made you into the masters of the world. What did you do? Baba knows that this is in the drama. The new world has to become old and that the old world has to be renewed again. This is a cycle; everything that has passed will repeat once again. Baba says: There is now little time left. So you have to make effort to accumulate an income for your future. Everything of the old world is to turn to dust. The wealthy do not take this knowledge. Baba is the Lord of the Poor. Those who are poor here become wealthy there, and those who are wealthy here become poor there. There are now many multimillionaires. Some of them will come to heaven, but they will be poor there. They consider themselves to be in heaven now. This cannot be removed from their intellect. Baba says: Forget everything! Just become beggars. They are now bringing in all sorts of things, such as the kilometres etc. (conversion). Whichever king sits on the throne, he uses his own language. They copy the things abroad and introduce them here. They don't have any wisdom themselves; they have become tamopradhan. Just look how much money America etc. uses in manufacturing all the equipment for destruction! They drop bombs from aeroplanes and set fire to everything. Children, you understand that Baba has come in order to bring about destruction and creation. Those of you who are able to explain are also numberwise! Not everyone has faith in the intellect to the same extent. You should follow Baba in respect of what he did. What are you going to do with all your pennies in the old world? Nowadays, they have banknotes of paper. There, there will be golden coins. Your palaces will also be made of gold. What would the value of gold coins be there? It will be as though everything is free because that land is satopradhan. It has now become old. That is the satopradhan new world. The earth will be absolutely fresh. When you go to the subtle regions you drink nectar there. However, there are no trees etc. there. Nor are there trees in the supreme region. It is when you go to Paradise that you receive all of those things. You have to use your intellect. There cannot be any trees in the subtle region. Trees grow in the ground, not in the sky. Although there is the term,

“brahm element”, it is just empty space. You tiny souls hang up there just like the stars hang in the sky. The stars just look large but the souls in the brahm element are not large. You have to use your intellect in this. You have to churn the ocean of knowledge. And so, souls are tiny dots and reside up above. Only when you have imbibed all of these things; will you be able to inspire others to imbibe them. A teacher must definitely know the things he is teaching others. Otherwise, how could he be a teacher? However, you teachers here are also numberwise. Children, you know about Paradise. It's not that you haven't seen Paradise. Many of you children have had visions and seen everything. You have seen how marriage ceremonies take place and what kind of language they use. Towards the end, those of you who remain yog-yukt will have visions. Those who continue to remember their friends, their relatives, their wealth and property will not see anything. Those who are real true yogis will remain until the end. They will be the ones whom Baba is pleased to see. A garden of flowers is being created. There are many who study for ten to fifteen years and then leave. They would be known as uck flowers (poisonous). Many good children, who used to bring back directions (via trance) for Mama and Baba, who used to teach drill to others, are today no longer here. Children, you know and Baba also knows that Maya is very powerful. Your war with Maya is incognito. Your storms are also incognito. Baba says: Maya will harass you a great deal. This is the drama of victory and defeat. You do not use physical weapons in your war. This is that famous ancient yoga of Bharat. It is by gaining this power of yoga that you become deities. No one can claim the kingdom of the world by using physical power. This play is wonderful! It is like the story of two cats who fought for the butter. It has been said that the kingdom of the world can be claimed within a second. Some children have had visions in which they saw Krishna with butter in his mouth. In fact, what they saw was in the mouth of Krishna was the new world. He claims the butter of the kingdom of the world through the power of yoga. A huge world war takes place before this kingdom is claimed. Many will die in this war. Everyone in this old world has to settle their karmic accounts. Nothing of this old world will remain. Baba's shrimat is: Hear no evil! See no evil! There is the image of the three monkeys. This image is even made nowadays with human features. Previously, things made of ivory would come from China. Even glass bangles would be worn. Here, the nose and ears have to be pierced in order to be able to wear jewellery. In satyug, there will be no need to pierce your nose or ears. Here, Maya is such that she cuts off everyone's nose and ears. Children, you are now becoming clean. There will be natural beauty there. There will be no need to put anything false on. The bodies here are made of tamopradhan matter and this is why sicknesses emerge. None of these things happen there. You souls are now full of joy because the unlimited Father is teaching you and changing you from ordinary humans into Narayan. He is making you into masters of the land of immortality. The saying “If you want to know about supersensuous joy, ask the gopes and gopis” has been remembered of this time. The devotees don't understand these things. There are very few children who have such joy inside them and who continue to remember all of these things. Innocent ones are beaten a great deal. The story of Draupadi, that has been remembered, is now also taking place in a practical way. People don't understand why Draupadi called out. Baba has explained

that all of you are Draupadis. It is not that a soul always remains a female. That soul may take a female body twice in succession; no more than that. Mothers are calling out: Baba, protect me! Dushasan (a prince of the Kauravas who harrassed Draupadi) is harrassing me for lust. This world is called a brothel. Heaven is called the Temple of Shiva. This brothel is created by Ravan and the Temple of Shiva is created by Shiv Baba. He gives you knowledge. Baba is also known as the Knowledgeable One. The meaning of knowledgeable is not that He knows what is in the heart of everyone. What benefit would there be in that? Baba says: No one but I can give you the knowledge of the beginning, the middle and the end of the world. I sit here and teach you. Only Baba is the Ocean of Knowledge. You receive the reward of bhakti, there. There is no bhakti in the golden and silver ages. This kingdom is being created on the basis of this study. Presidents etc. have so many advisors. People have advisors to advise them. There is no need to have advisors in satyug. Baba is now making you very wise and sensible. Lakshmi and Narayan were very sensible. You receive the unlimited kingdom from Baba. The birth of Shiva is celebrated for Baba. Shiv Baba definitely comes in Bharat and makes you into the masters of the world. It is not a question of hundreds of thousands of years, it is a question of yesterday. Achcha. What more can Baba explain? Baba says: Manmanabhav! In fact, this study only requires a signal. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. In order to help Baba completely you must become sensible and wise. Let there be no conflict.
2. Understand the tasks of creation and destruction and develop full faith in the intellect. Follow the father in removing all the pennies of the old world from your intellect and become a complete beggar. Forget your friends relations, wealth and property, everything!

Blessing: *May you become completely full of the power of remembrance and stabilise your mind and intellect in a second no matter what types of circumstances you are in.*

BapDada has given all you children your inheritance of all the powers. Your power of remembrance means you should be able to focus your mind and intellect wherever you want. No matter what the atmosphere is like, you must be able to stabilise your mind and intellect within a second. Even though the situations may be of adversity or upheaval, even though the atmosphere may be impure or Maya may be trying to make you hers, you must still become stable within a second. Only when you have such controlling power can you be said to be completely full of all the powers.

Slogan: *When you have merged all the treasures within yourself you will continue to experience yourself to be completely full.*

* * * O M S H A N T I * * *
