Morning Murli

Om Shanti

BapDada

Madhuban

Essence: Sweet children, you now have to return home. Therefore, you should break all your threads of attachment. Do not do anything sinful that would defame the name of the Brahmin clan.

Question: Which children is Baba pleased to see? Which children are merged in Baba's eyes?

Answer: Baba is pleased to see those who inspire others to give happiness, those who are serviceable. The children whose intellect remains aware that they should speak and listen only to one Baba are the ones who remain merged in Baba's eyes. Baba says: I have a great deal of love for those children who do My service. I remember such children.

Om shanti. Sweetest, spiritual children you understand that you are sitting in front of the Father. He is the Father and also the One who takes the form of the Teacher to teach you. That same Father, the Purifier, is also the One who grants salvation. He is the One who takes you with Him. He also shows you a very easy path. He does not allow you to labour whilst you are changing from impure to pure. Wherever you go, even if you go abroad, as you walk and move you must simply consider yourself to be a soul. You understand that anyway. However, Baba still tells you to have the faith that you are a soul, to renounce body consciousness and become soul conscious. I am a soul and I adopt a body to play my part. After having played a part with one body, I leave it and take another. Some have the role of playing a part with a body for a hundred years, some for eighty and some for two years. Some play a part for six months and some die immediately at birth. Some even die in the womb before taking birth. The contrast between taking rebirth here and taking rebirth in the golden age is like that of night and day. Entering a womb now to take rebirth here is known as entering the jail of the womb. There is no jail of the womb in the golden age. There, there are no sinful acts performed: there is no kingdom of Ravan there. Baba explains every aspect. The unlimited Father is sitting here in this body and explaining to you. This soul is also listening through this body. The one who is speaking is the Ocean of Knowledge, the Father and He does not have a body of His own. He is always known as Shiva. He is beyond rebirth. He is also beyond adopting a name and form. He is constantly known as Shiva. His name is forever Shiva. His name does not apply to this body. Even though He enters the body of this one, the name of this one's body is not used for Him. Those sannyasis are limited renunciates whereas you have unlimited renunciation. They also change their names. Baba gave you also such beautiful names. According to the drama, many of those who were given names have gone away and disappeared. Baba thought that since they belong to Me, they will always remain Mine, that they will not divorce Me. However, they did divorce Me and so there was no benefit in giving them new names. Some sannyasis also return home and then start to use their old names again. They do return home; it isn't that just because they have become renunciates that they do not remember their friends and relatives etc. Some keep remembering all their friends and relatives. They remain trapped by their attachment. Their cords remain tied. Some are able to break their connections very quickly; they have to be broken. Baba has explained that you now have to return home.

Baba Himself is sitting here and explaining this. Baba was also telling you about this early this morning. There is a song 'my mind feels such happiness when I see you'. Why is this? Children you are merged in Baba's eyes. You souls are the light of the eyes. Baba is very pleased to see such children. Some are very good children who look after their centres very well. Some children indulge in vice even after becoming Brahmins. They are disobedient. This Baba is also pleased to see the serviceable children. The unlimited Father says: Some turn out to be those who defame the name of this family. They defame the name of the Brahmin clan. Children, Baba keeps explaining to you that you must not become trapped in anyone's name and form. Such souls are also known as those who semi-defame the name of the clan. Then, from semi, they become final (fall completely). They themselves write and say: Baba, I have fallen. I have made my face ugly. Maya deceived me. There are many storms of Maya. Baba says: To use the sword of lust also means to make one another unhappy. This is why Baba inspires you to take a pledge. Some even wrote a long letter to Baba in their blood. However, today they are no longer here. Baba says: Oh Maya! You are very powerful! You completely swallow the children who wrote this pledge in their own blood. Baba is powerful. However, Maya too is powerful. The inheritance of Baba's power you receive lasts for half a cycle. Then, for the other half of the cycle Maya makes you lose that power. This applies to Bharat. Those who belong to the deity religion change from solvent to insolvent. Now, you are amazed when you go to the temple of Lakshmi and Narayan, and think how you belonged to that clan! You are now studying. This one's soul is also studying with Baba. Previously, you used to bow your head everywhere. Now, you have knowledge. You know the biography of the eighty-four births of everyone. Each of you has to play your own part. Baba says: Children, always remain cheerful! You will take your cheerful sanskars with you. You understand what you are becoming and that it is the unlimited Father who is giving you this inheritance; no one else can give you this. Not a single human being knows where Lakshmi and Narayan went. They think that they went back to where they came from. Now Baba says: Use your intellect and decide for yourself. On the path of bhakti (devotion) you studied the Vedas and scriptures etc. Now, I am giving you knowledge. Now judge: is bhakti right or am I right? Baba is Rama; He is righteous and Ravan is unrighteous. Everything the devotees say about what they know is false. This refers to the things of knowledge. You understand that previously all of you also used to speak false things. Even whilst making donations and doing charity etc. you continued to come down the ladder. You donated to other souls. How can sinful souls giving to other sinful souls become pure, charitable souls? No exchange takes place between souls there. Here, people borrow hundreds of thousands of rupees from each other. People in the kingdom of Ravan experience sorrow at every step. You are now in the confluence, and there are multimillions in every step you take. How did the deities become multimillionaires? No one knows this. Heaven definitely did exist. The signs of that still exist, but no one knows what karmas they performed in the past to claim that kingdom. That is the new world. So there are no useless thoughts there. That is called the land of happiness. It is a question of five thousand years. You are studying this in order to experience happiness, in order to become pure. Many yuktis are invented. Baba explains everything very clearly. The land of peace is your original place of residence. It is called the sweet home. When people return

from abroad they are happy because they are returning to their sweet home. Your sweet home is the land of peace. Baba is the Ocean of Peace. He stays in peace for a long time and then comes at the very end and plays His part. Baba's role is very small. Your role is of heroes and heroines. You become the masters of the world. No one else can experience this intoxication. The happiness of heaven is not in the fortune of anyone else. Only you children receive this. Baba is pleased to see the children who say: Baba, I will only speak to You. Therefore, Baba says: Children I am also pleased to see you. Children, I have come after five thousand years to take you from this land of sorrow to the land of happiness. By constantly climbing onto the pyre of lust you have been completely burnt. I have now come to take away all the souls from their graves. All the souls are now present here. They all have to be purified. Baba says: Children, just remember the one Satguru in your intellect and forget everyone else. Keep connected to this One alone. You used to recite: When You come, we will follow no one else, we will only follow Your instructions and become elevated. Devotees sing that God is the Highest on High and that His instructions are the highest of all. Baba Himself says: The knowledge I give you will later vanish. They say that the scriptures of bhakti have continued since the beginning of time and that Ravan has also always existed since then. You can ask them: For how long have you been burning Ravan and why do you burn him? They don't know anything. Because they understand none of the significance of Dashera, they celebrate it with so much splendour. They invite many visitors to come and see that ceremony of burning Ravan. They are not able to know when they started creating an effigy of Ravan. Day by day, they make the effigy larger and larger. They say that he has existed since the beginning of time. However, that's not possible. For how long are they going to continue to burn Ravan? You understand that there is very little time left. His kingdom will not exist afterwards. Baba says: This Ravan is the greatest enemy. You have to conquer him. There are many different things in the intellects of human beings. You know that everything that has continued in this drama, second by second, is fixed. You can account for all the parts that have been played, for how many hours, how many years and how many months with the times and dates. All of this knowledge should be in your intellect. Baba explains all of this to you. Baba says: I am the Purifier. You have been calling out to Me, to come and purify you. The land of peace and the land of happiness are both pure worlds. Everyone here is now impure. Keep calling out: Baba, Baba. You must not forget this word 'Baba' and then you will always remember Shiv Baba. This is your Baba. First of all, it is this unlimited Baba. By using the word 'Baba', you become aware of the happiness of your inheritance. You will not have such thoughts simply by using the word 'Bhagwan' or 'Ishwar'. Tell everyone that the unlimited Father is explaining through Brahma. This is His chariot. He says through this one: I make you children into deities. All the knowledge is contained in this badge. All you will remember at the end is the land of peace and the land of happiness. You will forget the land of sorrow. You also understand that later, everyone will come numberwise at their own particular time. This is why there are now many Christians and Buddhists etc. There are many languages. To begin with, there was only the one religion. Many others have now emerged. So many wars etc. take place. Because everyone has become an orphan they are all fighting one another. Now Baba says: No one can snatch away the kingdom that I give you. Baba gives you your

inheritance of heaven which cannot be snatched away by anyone. You have to remain unshakeable and immovable. The storms of Maya will definitely come. The one who is ahead will experience everything first. Then sickness etc. will finish for all time. This is why you should not be afraid of settling your karmic accounts if your illness becomes more serious etc. All of this does come at the end but, afterwards, none of it will remain. At this time they will all erupt. Maya even makes old ones youthful again. When men renounce everything and retire, they do not have females there. Sannyasis go and live in the forests. There are no females there either. They won't even look at anyone. They just take their alms and leave. Previously, they would never even look in the direction of a woman. They thought that their intellect would definitely be pulled. Even with a relationship of brother and sister the intellect is pulled. This is why Baba says: Make your vision that of brotherhood. Don't even think of the body's name. This is a very steep destination. You have to climb to the absolute top. It is a kingdom that is being created; it requires a great deal of effort. They say: We will become Lakshmi and Narayan. Baba says: Follow shrimat and become this. Storms of Maya will come, but you must not do anything sinful through your sense organs. People go bankrupt anyway! It isn't that you went bankrupt because you came into gyan. These things do happen. Baba says: I have come to purify you. Sometimes, some do good service and explain this knowledge to others and then they go bankrupt. However, Maya is so powerful that she makes even very good ones fall. Baba sits here and explains: It is children who do My service that are the ones I love. They give happiness to many. I keep remembering such children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Do not become trapped in anyone's name and form and thus defame the name of this family. Don't be deceived by Maya and make one another unhappy. Claim your inheritance of power from Baba.
2. Instill the sanskar of remaining cheerful here. Don't have any interaction with sinful souls. Don't be afraid of sickness etc. Settle all your karmic accounts now.

Blessing: *May you be a self-transformer who has a powerful brake to change negative into positive within a second.*

The speed of negative and wasteful thoughts is very fast. When your speed is too fast, you must practise changing it by applying a powerful brake. Before you drive up a steep hill, you first have to check your brakes. Similarly, in order to make your stage more elevated, practise applying a brake to your thoughts within a second. By having self-transformation through changing your thoughts and sanskaras from negative to positive within a second, the task of world transformation will be fully accomplished.

Slogan: *Become an enlightened soul by imbibing the treasures of knowledge and you will perform every act at every moment with understanding.*
