

Essence: Sweet children, the unlimited Father is teaching this *wonderful* study. There should be no doubt in Him or the study that He is teaching. The first faith should be in the One who is teaching you.

Question: Why have you children been given the shrimat to stay constantly on the pilgrimage of remembrance of Baba?

Answer: Because, even now, the enemy that made you fall is still chasing you. He will not stop chasing you. Therefore, do not be careless. Even though you are now at the confluence age, you have still belonged to him for half the kalpa and so he will not let go of you easily. As soon as you forget to have remembrance of Baba, Maya makes you commit sin. Therefore, be careful that you do not follow any of the devil's directions.

Om shanti. At the moment the children and the Father are here. Baba says: "Oh child!" to many children, then all the children say "Oh Baba!" There are many children. You understand that this knowledge is for you souls. This one Father has so many children! Children, you understand that Baba has come to teach you. First of all, He is the Father, then the *Teacher* and then the Satguru. The Father is the Father. He comes and teaches you this pilgrimage of remembrance in order to make you pure. Children, you understand that this is a *wonderful* study. No one else can explain the secret of the beginning, the middle and the end of the *drama*, and this is why He is called the unlimited Father. Children, you must definitely have this faith and not have any doubts at all. No one but the unlimited Father can teach such an unlimited study. Because this is an impure world, devotees call out: Baba, come and take us to the pure world. It is the Father who takes us to the pure world. There, you will not call out to Baba to take you to the pure world. Children, you understand that this is the Father of souls, and so all your consciousness of the body has to be renounced. You souls say: This is my Father. You should now have the faith that definitely, no one but Baba can give us so much *knowledge*. First of all, you should have this faith in your intellect. You souls have this faith in your intellect. You souls are given the knowledge that this is your Father. The children should have this very firm faith. There is no need to say anything out loud. I, the soul, shed the present body and take on the next. All the sanskars are contained within the soul. You now understand that Baba has come and is teaching us in this way. He teaches us how to behave in such a way that we will not return to this world. People think that they have to return to this world. You do not think this. You are listening to the story of immortality in order to go to the land of immortality. The land of immortality is the place where you remain immortal. The land of immortality exists in the golden and silver ages. Children, you should experience so much happiness! No one but the Father can give you these teachings. Baba is teaching us. All other *teachers* are *ordinary* human beings. Here, the One to whom you called out as the Purifier, the one to whom you say: "Baba, come and remove our sorrow and grant us happiness!" is that Father who is personally teaching you. How could He give you the teachings of Raj Yoga unless He came in front of you? Baba says: *Sweet* children, I have to come here to teach you. I enter this one in order to teach you. These are the exact words spoken by God. And so He definitely needs a body. He doesn't just need a mouth, but an entire body. He Himself says: Sweetest spiritual children, I come here at the confluence of every kalpa, and enter this ordinary body. He is not one who is very poor, nor very wealthy; he is ordinary. Children, you should have the faith that He is our Father and that we souls are His children. He is the Father of us souls. He is the Father of all human souls. This is why He is called the unlimited Father. People celebrate Shiv Jayanti (Shiva's birthday) but they do not know the meaning of it. Ask anyone when Shiv Jayanti started to be celebrated, and he will say that it has continued from the beginning of time. But since when? A *date* is definitely needed. Although the *drama* is eternal, the fixed date and time are still needed for the *activity* of the drama. However, no one knows that it is our Father who comes. They do not celebrate Shiv Jayanti with that love. They definitely celebrate the birthday of Nehru with that love and even shed tears. However, no one knows about the birth of Shiva. Children, you now experience this. There are innumerable human beings who do not know anything. So many fairs take place. Those of you who go there can tell what is really true, just as Baba gave the example of Amarnath. He went and saw what really happens there. Other people simply tell you what they themselves have heard from others. When someone says that the lingam of ice there created itself naturally, others agree, and say it is true. You children now know what is *right* and what is *wrong*. All the things you heard and studied on the path of bhakti were *unrighteous*. There is the song: The body is false, Maya is false, and the whole world is false. This is the land of falsehood and that is the land of truth. The golden, silver and copper ages have gone by, and it is

now the end of the iron age. Very few people know this. You have all these thoughts in your intellect. Baba has all the *knowledge*, and so He is called the Ocean of Knowledge. Whatever *knowledge* He has, He gives us through this body and makes us similar to Himself. Just as a *teacher* makes his students similar to himself, so this unlimited Father also makes effort to make us children similar to Himself. Your physical father would not make you similar to himself. You have now come to the unlimited Father. Children, He knows that He has to make us like Himself, just as a *teacher* would make others like himself, but that would be numberwise. This Baba too says the same thing: Everyone will be numberwise. Whatever I teach you in this study is imperishable. No matter how much you study, none of it will go to waste. In future, some will come and say that they had heard this knowledge four or eight years ago and have now come again. Then they will cling to this. There is the Flame, and whereas some sacrifice themselves completely like a moth, others simply circle around and then fly off. In the beginning, many moths sacrificed themselves to the Flame. The bhatthi had to be created according to the *plan* of the *drama*. The same thing has been happening every kalpa. Whatever happened in the *past* also happened in the previous kalpa, and the same thing will happen again. However, you must have the firm faith that you are a soul and that Baba is teaching you. This faith must remain firmly in you. You must not forget this. There is no human being who wouldn't call his father "father". Even if he divorces his father, he would accept that that is his father whom he divorced. This is the unlimited Father. We will never leave Him. We will remain with Him till the end. This Father grants salvation to everyone. He comes every five thousand years. You understand that in satyug there are very few human beings. Everyone else stays in shantidham (land of peace). Only Baba can give you this *knowledge*. No one else can relate it. It would not stay in anyone else's intellect. He is the Father of you souls. He is the conscious Seed. What *knowledge* does He give you? The knowledge of the world tree. He gives you the *knowledge* of the Creator and creation. Did you know before when satyug existed and where has it now gone? You are now sitting in front of Baba and Baba is telling you these things. You have the firm faith that this is the Father of all souls and that He is teaching you. This is not a physical *teacher*. Incorporeal Shiv Baba is now present in this body and is teaching you. Even though He is incorporeal, He is the Ocean of Knowledge. People just say that He has no form. Even though they sing His praise and sing that He is the Ocean of Knowledge and the Ocean of Happiness, they do not understand anything. According to the *drama*, you went very far away. Baba now brings you all very close. This is a question of five thousand years. You understand that Baba comes to teach you every five thousand years. This *knowledge* cannot be given by anyone else. This *knowledge* is for the new world. No human being can give this knowledge because all human beings are tamopradhan. They cannot make anyone satopradhan. They continue to become more tamopradhan. You now understand that Baba enters this one in order to explain to us. He says: Children, do not be careless! The enemy that made you fall is still chasing you. He will not stop chasing you. Although you are now at the confluence age, you belonged to him for half a kalpa, and so he won't let go of you that quickly! If you do not remain cautious, if you do not stay in remembrance of Baba, your enemy makes you perform further sins and slaps you in one way or another. Just see how people have been slapped by following the devil's directions! They say that Shiva and Shankar are the same. There is such a difference between the *occupation* of this One and that of the other one. Shiva is God, the Highest-on-High, whereas Shankar is a subtle deity. So, how could Shankar be merged together with Shiva? Their roles are different. Here too, many have such names. They put two names together: Radhekrishna, Lakshminarayan, Shivshankar. So children, you understand that everything Baba has explained to you up to now will *repeat*. Only a few days are now left. Baba will not stay here. You children will study and numberwise become karmateet. The rosary will also be created according to the *drama*. Which rosary? The rosary of all souls will be created. Then, everyone will return home. Your rosary is the first rosary. Shiv Baba's rosary is very long. Souls have to come down numberwise to play their role. All of you say: Baba, Baba. All are beads of the same rosary but not everyone will become a bead of the rosary of Vishnu. Baba sits here and explains that. You have to belong to the sun dynasty. The sun and moon dynasties that existed in the *past* are being created again. You claim that status by studying. You cannot claim that status without studying Baba's teachings. None of the *activity* that is shown in those images would enable them to become deities. People listen to the story of becoming true Narayan, and to all the stories that have been written in the Garuda Purana. Baba says: That river of poison, the very depths of hell, is here in this world. This especially applies to Bharat. The omens of Jupiter are now coming over Bharat. The Seed of the human world tree teaches the people of Bharat. The unlimited Father sits here and explains these unlimited matters. There are the good omens, and there are also the omens of Saturn. This is why it has been said: Give a donation so that all your bad omens can be removed. Baba also says: At the

end of kaliyug, everyone is under the omens of Saturn. Now, I, the Seed of the Tree, have brought the omens of Jupiter over Bharat. In satyug, the omens of the Seed of the Tree were over Bharat. Now, there are the omens of Saturn. This unlimited aspect is not written anywhere in the scriptures. Those who first understand a little will be able to understand what is written in the *magazines* etc. Then, after reading the magazines they will come running here to understand further. Others will not understand anything. If, after studying a little, someone leaves, it is still possible to re-awaken him by pouring a little of the oil of knowledge. Knowledge is also called oil. Baba comes and pours oil into the lamps that have almost extinguished. Baba says: Children, many storms of Maya will come to extinguish your lamp. Some moths sacrifice themselves on a flame, and others circle around and fly away. That is now taking place here in a *practical* way. All of you moths are numberwise. At first, everyone became a moth and immediately left home. It was as though you had won a *lottery*. All that happened then will happen again. They may have left but don't think that they won't go to heaven. They became moths; they became Baba's lovers, but were then defeated by Maya. Therefore, they will come, but will only claim a low status. All are numberwise anyway. None of the people of any other satsang (gathering) have these things in their intellect. It is in your intellect that you are studying for the new world, but it is numberwise according to the effort you make. You are sitting in person with the unlimited Father. You also understand that that Soul is not visible. He is subtle. He can only be seen through divine vision. I, a soul, am also a tiny point. However, to renounce all consciousness of your body and consider yourself to be a soul is a very elevated study. When people experience *difficulty* in their study, most of them fail. This *subject* too is really very easy, but some find it *difficult*. You now understand that Shiv Baba is sitting in front of you. You also understand that you are incorporeal souls and are sitting in your body. Only the unlimited Father can explain all of this. No one else can tell you about this. So then, what will you do? Will you give Him *thanks*? No! Baba says: This *drama* is eternally created. I am not doing anything new. I teach you according to the *drama*. People on the path of bhakti give *thanks*. A *teacher* thinks that if his *students* study well, his name can be glorified, and so he gives *thanks* to his *students*. *Thanks* are given to those who study well and teach well. Then, *students* give *thanks* to the *teacher*. Baba says: Sweet children, may you live forever! Keep doing *service*! You did this in the previous kalpa as well. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Constantly have the faith and intoxication of knowing who it is that is teaching you. It is not a physical teacher teaching you. It is the Ocean of Knowledge Himself who is teaching you. You have to become satopradhan through this study.
2. Pour the oil of knowledge into the lamp of the soul every day. Constantly remain ignited through the oil of knowledge so that no storm of Maya can make you flicker. Become a complete moth and sacrifice yourself to the Flame.

Blessing: May you move away from the shadow of Maya and remain under the canopy of protection of remembrance and become a carefree emperor.

Those who constantly remain under the canopy of protection of Baba's remembrance constantly experience themselves to be *safe*. The way to remain safe from the shadow of Maya is to remain under the Father's canopy. Those who constantly stay under this canopy remain carefree emperors. When you have any worries, you lose your happiness, and when you lose your happiness you become weak. Then, you become influenced by Maya because weakness invites Maya in. When Maya casts a shadow in your dreams, she distresses you a great deal. Therefore, constantly remain under Baba's canopy of protection.

Slogan: Only those who become masters of the self at the confluence age can claim a right to the kingdom of the world.
