

**Essence:** Sweet children, break all your connections with others and form a connection with One. Look at everyone you see with the vision of brotherhood. By not looking at the body and allowing your vision to be spoilt, there will be power in your words.

**Question:** Children, are you in debt to the Father or is the father in debt to you?

**Answer:** Children, you have a right; Baba is in debt to you. For each donation you children give, Baba has to give a hundred-fold return. You receive in your next birth the *return* of whatever you give now, in the name of God. In return for the handful of rice you give, you become the masters of the world. Therefore, have a generous heart, but never think that you are giving to Baba.

Om shanti. Explain this knowledge at the *museums* and exhibitions because everyone at this time is senseless. Children, you understand that this is the most auspicious confluence age. Only you are sensible, and so you have to explain to others that this is the most auspicious confluence age. *Museums* are the places where the most *service* can take place. Many people go there, but there are very few good, *serviceable* children. All the *centres* are *service stations*. It is written at the place you have in Delhi that it is a *spiritual museum*. However the meaning of that is not accurate. Many people ask you: What service are you doing for Bharat? God says: This is a forest. At this time you are at the confluence. You are neither in the *forest* nor are you in the *garden*. You are now making effort to go to the *garden*. You are changing this kingdom of Ravan into the kingdom of Rama. When they question you as to how all the expenses are met, tell them: It is we Brahma Kumaris who pay for everything. The kingdom of Rama is now being established. Come for a few days and understand what we are doing. Come and understand our *aim* and *objective*. Those people do not believe in monarchy and this is why they have ended that system of government. However, at this time, the kings too have become tamopradhan and this is why no one likes them any more. However, according to the *drama*, it is not their fault. Whatever *part* they have to play in the *drama* is the *part* they play. The *part* that Baba plays of creation, is the *part* He plays cycle after cycle. You children pay the expenses for your own selves. On the basis of *shrimat* you are creating your kingdom of the golden age by paying the expenses. No one else knows this. You are the *unknown warriors* whose name is well known. In fact, there are no *unknown warriors* in an army. A *register* is kept of their soldiers. It is not possible for a soldier's name or *number* not to be in the *register*. You, in fact, are the *unknown warriors*. Your name is not in any *register*. You don't carry any weapons. No physical violence takes place here. You conquer the world with the power of yoga. God is the Almighty Authority and you are taking power from Baba by having remembrance of Him. You are having yoga with Baba in order to become satopradhan. A satopradhan kingdom is needed for when you become satopradhan and you are creating that kingdom on the basis of *shrimat*. Anything that exists but is not visible is said to be *incognito*. You are not able to see Shiv Baba with your physical eyes. You are *incognito* and the power you are taking from Him is also in an *incognito* way. You understand that you are changing from impure to pure. There is power in purity. In the golden age, all of you will be pure. Baba tells you the story of your eighty-four births. You are becoming pure by taking power from Baba and you will then rule your pure kingdom. The world cannot be conquered with physical power. Here, it is a question of the power of yoga. Others will fight one another and the kingdom will come into your hands. Baba is the Almighty Authority and you must take power from Him. You know Baba and you also know the beginning, the middle and the end of His creation. You also understand that you are the ones who spin the discus of self realisation. Not everyone remembers this. Children, you must stay aware of this, because it is you children who receive this *knowledge*. People of the world outside do not understand this, which is why they are not allowed to sit in this gathering. They all call out to Baba the Purifier, but none of them consider themselves to be impure. They just keep singing: Oh Purifier Rama who belongs to Sita, come! All of you are *brides* and Baba is the *Bridegroom*. He comes to grant salvation to everyone and to adorn you children. You have now received a *double engine*. Just as the *engine* of a Rolls Royce is very good so Baba is the same. They say: Oh Purifier, come! Purify us and take us with You! All of you sit here in silence. There is no question of ringing any bells here. There is

nothing difficult here. Just remember Baba as you walk and move around. Show the path to whomsoever you meet. Baba says: Donate to those who are My devotees and also to the devotees of Lakshmi and Narayan, Radhe and Krishna etc. Don't waste anything! Only give this donation to those who are worthy of it. Impure human beings give donations to other impure human beings. Baba is the Almighty Authority. You take power from Him and become the most elevated. When Ravan comes, it is the confluence of the silver and the copper ages. This is the confluence of the iron age and the golden age. You know for how long this knowledge lasts and for how long worshipping lasts. Therefore, you must understand it and explain it to others. The main thing is to remember the unlimited Father. Destruction also takes place when the unlimited Father comes. When did the Mahabharat War take place? At the time God taught Raja Yoga. You understand that destruction takes place between the end of the old world and at the beginning of the new world. Everyone in the world is now in immense darkness. You now have to wake them all up! People have been sleeping for half a cycle. Baba explains: Consider yourself to be a soul and look at everyone you see with the vision of brotherhood. Then, when you give knowledge to those whom you meet, there will be power in your words. It is souls that become pure and impure. When you souls become pure you can receive a pure body; you cannot receive that yet. You all have to become pure. Some become pure through the power of yoga and others are purified by punishment. It is the pilgrimage of remembrance that takes effort. Baba inspires you to practise this. Wherever you are, remain in remembrance of Baba. When priests walk around in silence they remain in remembrance of Christ. The people of Bharat remember so many different ones. Baba says: Remember none but One! You claim your right to liberation and liberation-in-life from the unlimited Father. You receive liberation-in-life within a *second*. Everyone in the golden age was liberated-in-life, whereas everyone in the iron age is living in bondage. No one else knows any of this. Children, it is Baba who explains all of this to you. Then you children have to reveal the Father. You must tour everywhere. It is your duty to give to all human beings the message that this is the confluence age and that the unlimited Father has come to give the unlimited inheritance. Baba says: Remember Me alone and your sins will be destroyed; your sins will be cut away. This is the true Gita taught by Baba. By following the directions of humans, people have been continuing to fall. You are claiming your inheritance by following the directions of God. The main thing is that as you walk and move around, you must continue to remember Baba and give everyone His introduction. You have the *badge*. There is nothing wrong in giving them away *free*, but you first have to see whether the person is worthy. Children, Baba complains to you: You remember your physical father but you forget Me, your Father from beyond! Aren't you ashamed of yourselves? You were the ones who belonged to the pure household path. You now have to become pure once again. You are the ones who make a deal with God. Look inside yourself and check: Does your intellect wander anywhere? For how long do you remember Baba? Baba says: Break all your connections with others and form a connection with this One. You must not make any mistakes. You have been told that when you look at everyone you see with the vision of brotherhood, you won't see the body and so your vision won't be spoilt. This destination is very steep. It is only at this time that you receive this knowledge. Everyone speaks about brotherhood. It is right for people to speak of *brotherhood*. All of you are the children of the Supreme Father, the Supreme Soul. Baba creates heaven. So, why are you all sitting here then? Explain in this way and continue to make progress. Baba needs many *serviceable* children for the *centres* that continue to open. Children, you must have the interest to serve! You understand that you have to bring benefit to many. Many good maharathi *teachers* are needed in order to look after everything. *Teachers* too are numberwise. Baba says: You should do *service* at the temple to Lakshmi and Narayan, the temple to Shiva and on the banks of the Ganges or anywhere huge crowds gather. Explain: God says that lust is the greatest enemy. You should keep doing *service* according to *shrimat*. This is your family of God. Come and stay here with your family for seven days for a *bhatthi*. Children, you should experience a great deal of happiness. The unlimited Father is the One through whom you become multimillion-times fortunate. No one else in the world knows that God also can teach us. You are studying here and so how much happiness should you be experiencing? You are studying in order to go to the most elevated of all places. Therefore, you must have a generous heart. Baba is in debt to you. You

give now in the name of God and receive the *return* of that in your next birth. When you give everything to Baba, Baba has to give you the return of everything you give. Never think that you have given something to Baba. You must never think such a thing! Many have such thoughts as, "I have given so much and yet I'm not being given special hospitality!" You give a handful of rice and claim the kingdom of the world in return! Baba is the Bestower. Kings have royalty. When you are first introduced to a king and offer him a gift, he never accepts anything from you with his own hand. He simply signals towards his *secretary*. Shiv Baba, the One who is the Bestower, cannot accept anything from you. He is the unlimited Father! You place a gift in front of Him, but Baba gives a hundred-fold *return* of that. Never think that you have given to Baba. Always remember that you are taking from Baba. There, you will be multimillionaires; you become multimillion-times fortunate in a *practical* way. There are many children who do have a generous heart but there are also some who are misers. They don't understand that they are to become multimillionaires, that they are to become very happy. When the Supreme Soul, the Father is absent, you receive in an *indirect* way the reward of what you give and then, only for a short time. When He is present, He gives you for twenty-one births the return of what you give. It has been remembered that Shiv Baba's treasure store is always overflowing. Just look, Baba has countless children and yet what they give is all incognito. Only Baba and Brahma, the bag in which Baba lives, know. The bag is very ordinary and this is why, the intoxication of children disappears when they leave here. If there is no gyan and yoga, there is conflict. Maya even defeats good children; Maya turns them away from Baba. Are you not able to remember Shiv Baba, the One to whom you have come? You should have limitless happiness inside you. That day for which you have been waiting has now come. You used to say: When you come, I will belong to You. God has now come and *adopted* you. Therefore, you are very fortunate. You should be experiencing so much happiness! However, Maya makes your happiness vanish. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for Dharna:

1. God has *adopted* you. He is also your *Teacher* and is now teaching you. Therefore, you are very fortunate. By remembering your multimillion-times fortune you will remain happy.
2. Keep the vision of seeing every soul as your brother firm. Do not see the body. After having made a deal with God, do not allow your intellect to wander elsewhere.

**Blessing:** May you be a *lighthouse* who dispels darkness by having a *direct connection* with the *light* of God.

You children have a *direct connection* with the *light* of God. *Switch* on your awareness of self-respect and receive *light* through your *direct line*. No matter how thick the dark clouds hiding the light of the Sun may be, even these will be dispersed. By having this connection, not only will you yourself remain in the *light*, but you will also become a *lighthouse* for others.

**Slogan:** Those who stabilise in their elevated *position* and finish all *opposition* become victorious souls.
