

Essence: Sweet children, only Baba is the Bestower of Salvation to all. No one else can serve altruistically like Baba does.

Question: What effort does Baba have to make in order to create the *new world*?

Answer: Baba has to make the effort of changing those who are totally impure like Ajamil into deities who are worthy of being worshipped like Lakshmi and Narayan are. Baba makes the effort to change you children into deities. All other souls return to the land of peace. All of you have to become worthy. You settle your karmic accounts and then return home.

Song: Take us away from this world of sin to a place of rest and comfort....

Om shanti. Sweetest, spiritual children, you heard the song. Children, you understand that this is the world of sin. The new world is the sinless world of charity. That is the kingdom of Rama (God) and this is the kingdom of Ravan (Devil). Everyone in this kingdom of Ravan is impure and unhappy and therefore, calls out to the Purifier to come and purify them. People of all religions call out: *Oh God the Father! Come and liberate us. Become our Guide.* When Baba comes, He takes the people of all the religions of the world back home. At this time, all are in the kingdom of Ravan. Baba takes the people of all the religions back to the land of peace. Everyone's body will be destroyed. Baba enters Bharat and makes the people of Bharat worthy of heaven. He brings benefit to everyone. This is why only this one is known as the Bestower of Salvation and the Benefactor of all. Baba says: You now have to return home. People of all religions have to return to the land of peace, the land of nirvana, the place where all souls reside in peace. The unlimited Father, the Creator, comes and grants liberation and liberation-in-life to all. So, only that one *God, the Father, the One* who comes and serves all, should be praised. He alone should be remembered. Baba Himself explains: I am the Resident of the far-away abode. The original eternal deity religion no longer exists. This is why they call out aloud to Me to come. I come and take all the children back home. There is no such religion as Hinduism. Originally, it was the deity religion. However, because they are not pure, they can't be called deities. Instead, they call themselves Hindus. No one creates the Hindu religion. The Gita is the jewel of all the scriptures. This Gita is sung by God. Only this One should be called *God, the Father*. Krishna and Lakshmi and Narayan shouldn't be called *God, the Father*, or the Purifier. They were a king and queen. Who made them that? Baba! Baba first creates the new world and they become the masters of that world. No human being knows how they become this. Ask the great millionaires who build temples to them how they claimed the kingdom of the world, how they became the masters of the world and none of them will be able to answer you. What type of actions did they perform that they received such fruit? Baba now explains: You have forgotten your own religion. Because people do not know the original eternal deity religion, they have been converted to other religions. They come now to return to their own religion. Those who belong to the original eternal deity religion will return to their religion. The souls that belong to the Christian religion, will return to Christianity. The *sapling* that is being planted here is of the original eternal deity religion. Whichever religion souls belong to, they will have to return to that particular religion. This is a tree. It has three branches. Then all the growth takes place from them. No one else can give you this *knowledge*. Baba says: You now have to return to your own religion. Some say that they belong to the sannyas religion. Some people say that they are the *followers* of Rama Krishna Paramhans (name of a guru). Sannyasis belong to the path of isolation, whereas you belong to the household path. How can those who belong to the household path be *followers* of those who belong to the path of isolation? To begin with, you were pure on the household path. Later, you were made impure by Ravan. Baba explains these matters. You belonged to the religion of the pure household. Then you became devotees who worship. Baba has now come to grant you salvation as the fruit of your devotion. It is said that *religion is might*. Baba creates *religion*. You are becoming the masters of the whole world. You receive so much *might* from Baba. Only Baba, the Almighty Authority, comes and grants salvation to all. No one else can grant salvation nor can anyone take it from elsewhere. The population continues to expand here; no one is able to return home yet. Baba says: I am the *Servant* of all the religions. I come and grant salvation to everyone. Salvation means the golden age. Liberation is attained in the land of peace. So, who is the greatest of all? Baba says: *Oh souls, all of you are brothers*. Every soul receives his inheritance from Baba. I come and make them all worthy to return to their particular *section*. If they do not become worthy, they

have to experience punishment. After settling their accounts, everyone returns home. That is the abode of peace. The other is the abode of happiness. Baba says: I come and create the *new world*. This requires effort. I have to come and change those who are total sinners like Ajamil into those who are like Lakshmi and Narayan. Ever since you fell onto the path of sin you have been coming down the ladder. You descend this ladder of eighty-four births. You change from satopradhan to sato, then to rajo and then tamo. Baba says: I only come once and that is now in this confluence age. I do not enter the body of Abraham or Buddha. I only come in this most auspicious confluence age. You are now told to *follow the Father*. Baba says: All of you souls have to follow My Directions. You have to remember Me alone. Only with this power of yoga will your sins be destroyed. This is called the fire of yoga. You are the real Brahmins. You have got off the pyre of lust and are sitting on the pyre of knowledge. Only this one Baba can explain this. Christ and Buddha etc. remember the One, but none of them knows Him accurately. You have now become theists. Baba has given you the recognition of the Creator and His creation. Sages and holy men just say: *Neti, neti* (He is neither this nor that). Heaven is the land of truth where there is no trace of sorrow. There is so much sorrow here, and the life-span is short as well. The life-span of the deities is very long. They are pure yogis. Here, there are bhogis (impure people who indulge in sensual pleasure). As souls continue to descend the ladder, the span of each birth reduces. Untimely death also takes place. Baba transforms you to such an extent that for twenty-one births you never suffer any illness. Therefore, you should claim your inheritance from such a Father. Your souls should become very sensible. Baba gives you such an inheritance that you have no more unhappiness. All your tears and crying end. You are all actors. Your souls leave your body and enter your next one. This too is in the *drama*. Baba also explains the philosophy of good karma, bad karma and neutral karma. The soul of Krishna has taken eighty-four births and is now in his last birth and being given this same knowledge again. "The night and the day of Brahma" has been remembered. "The night and the day of Brahma" also means the night and the day of you Brahmins. Your day is now about to dawn. They speak of Maha Shivratri (The Great Night of Shiva). The long night of worship is at an end and it is now the dawn of knowledge. It is now the confluence of the two and you are once again becoming the residents of heaven. You have been stumbling in the dark night along the path of worship. You wore out your forehead and you also used up all your money. Baba says: I have now come to take you to your abode of peace and then your abode of happiness. You used to reside in the land of happiness. After eighty-four births you have ended up in the land of sorrow. Then, you call out: Baba, come into this old world. This is not your world. You are now creating your world with the power of yoga. You now have to become *doubly non-violent*. You must not use the sword of lust nor should you fight or quarrel with anyone. Baba says: I come every five thousand years. This cycle is of five thousand years, not hundreds of thousands of years. If it were of hundreds of thousands of years, the population here would be greater. They keep telling tall stories. This is why Baba says: I come cycle after cycle. I also have to play *My part* in the *drama*. I cannot do anything unless it is in *My part*. I am also bound by the *drama*. I come at the accurate *time* and say: *Manmanabhav!* However, no one understands the accurate meaning of this. Baba says: By breaking your connections with all your bodily relations and remembering Me alone you will become pure. Children, you must continue to make effort to remember Baba. This is the Godly world spiritual university. There can be no other such university. God, the Father has come here to transform the whole world. He transforms it from *hell* to *heaven*, the world which you rule. Baba says: Now remember Me and you will change from tamopradhan to satopradhan. This body is the lucky chariot that Baba enters. No one knows about the birth of Shiva. They simply say that He is beyond name and form. Oh! There can be nothing that is beyond name and form. They speak about the sky. Although it is empty space, it still has a name. So Baba too has a name: The Benefactor. They give Him many names on the path of devotion. They also call Him Babulnath, (the Lord of Thorns). He comes and liberates souls from the sword of lust and purifies them. Those who belong to the path of isolation consider the brahm element to be God. They only remember that. They are known as those who have yoga with the element of brahm. However, that is the place of residence which is also called Brahmmand. They then consider the brahm element to be God. They believe that they will merge with that. That would mean that the souls are perishable. Baba says: Only I can come and grant salvation to all. This is why only the birth of Shiv Baba is as valuable as a

diamond. All other births are only worth shells. Only Shiv Baba grants salvation to all. This is why He is as valuable as diamond. Only He takes you into the golden age. Only Baba can come and teach you this *knowledge*. By studying this *knowledge* you become deities and it then vanishes. Lakshmi and Narayan neither have the *knowledge* of the Creator nor His creation. Children, you heard the song in which they sang: Take us to a place of rest and comfort. That is the land of peace and then there is the land of happiness. Untimely death never takes place there. Baba has come to take you children to that world of rest and comfort. Achcha.

Night Class.

Both your sun and moon dynasties are now being created. No one else can know all of this and become pure to the extent that you know all this and become pure. When others hear that Baba has come, they will begin to remember Him. In the future, because the atmosphere will be such, you will see how hundreds of thousands will come to understand this. At the end when the war starts everyone will feel *hopeless*. Everyone will be *touched* and your name will spread. Heaven is being created. Death is ready for everyone. However, that time will be such that you won't have time to choke. As you progress, all of you here will understand all of this. It is not that all of you who are here now will be here then. Some will have died. Only those who were here in the previous cycle will be here then. At that time they will remain in remembrance of the one Father and there will be no noise. They will then begin to consider themselves to be souls and remember the one Father. You will watch everything that happens as detached observers. There will be many painful situations as everyone comes to realise that destruction is going to take place and that the world is going to be transformed. Reason says that destruction will take place when the bombs are dropped. At the moment, they keep on putting conditions and making promises to stop them dropping bombs. However, all of those weapons have been invented for destruction. Children, you should be experiencing a lot of happiness. You know that the new world is being created for you. You understand that only Baba can establish the new world. There will be no mention of sorrow there. The very name of that place is *Paradise*. Just as you now have faith, in the future, many more will also have faith. Whoever is to experience this will experience this. At the end many will stay on the pilgrimage of remembrance. At the moment there is still time. If you do not make full effort you will claim a low status. By making effort you will claim a good status. At that time your status will be very good and you will have visions. Destruction will take place as it has done every cycle. Those who have faith in the knowledge of the cycle will remain happy. Achcha. Good night to the spiritual children.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become *doubly non-violent* and with your power of yoga change this *hell* into *heaven*. Make effort to change from *tamopradhan* to *satopradhan*.
2. Follow the one Father accurately. Be a true Brahmin and incinerate your sins in the fire of yoga. Inspire everyone to get off the pyre of lust and sit on the pyre of knowledge.

Blessing: May you be an image absorbed in love of the one Father and thus be liberated from all attractions and reach your destination.

BapDada has seated you children in His lap of love and co-operation and is taking you to your destination. This path is not a laborious one. However, when you turn into a side street instead of staying on the *highway*, or you go past the sign of your destination, you have to make effort to turn around and come back. The way to save yourself from labouring is to remain lost in the love of One. Perform every action whilst merged in the love of the one Father and you will not see anything else; you will be free from all attractions.

Slogan: In order to claim number one, transform anything wasteful into something powerful.

*** OM SHANTI ***
