

**Essence:** Sweet children, you souls have to charge your battery of your soul with the power of knowledge and yoga, and thereby make the soul satopradhan, not by bathing in water.

**Question:** Who makes all human souls wander aimlessly at this time? Why does he make you wander?

**Answer:** It is Ravan that makes everyone wander aimlessly because he himself is wandering aimlessly. He doesn't have a home of his own. No one would call Ravan, Baba. Baba comes from His home, the Supreme Abode (Paramdham), in order to show you children your destination. Now that you know your home, you are no longer wandering. You say that you separated from the Father first and that you will therefore return home first.

Om shanti. Sweetest children, you know that no matter what happens, Shiv Baba, who has entered this one, will definitely take us back home with Him. That is the home of souls. Children should definitely be experiencing happiness because the unlimited Father has come to make us beautiful. It's not that He makes us wear beautiful clothes. He does this with the power of yoga, the power of remembrance. Whatever status a *teacher* has claimed, he enables his pupils to claim a status accordingly. *Students* can understand from their study what they are being taught to become by their teachers. You too understand that your Baba is also your *Teacher* as well as your Satguru. This is a new aspect. We also remember our Baba as our *Teacher*. This is what He is *teaching* us to become. Our unlimited Baba has come in order to take us back home with Him. Ravan has no home of his own. Rama has a home. Where does Shiv Baba reside? You would quickly say: Paramdham! Ravan wouldn't be called Baba. Where does Ravan live? No one knows. You wouldn't say that Ravan lives in Paramdham; no. It is as though he has no destination. He simply continues to stumble along and makes you stumble along too. Do you remember Ravan? No! He makes you stumble so much: Study the scriptures, do bhakti, do this and that etc. Baba says: This is called the path of bhakti, Ravan's kingdom. Gandhi too used to say that there should be the kingdom of Rama. Our Shiv Baba has entered this chariot. He is the senior Father. He talks to us souls and says: Child, child. The spiritual Father is now in your intellect and you spiritual children are in the intellect of the spiritual Father. Our *connection* is with the incorporeal world. Souls remained separated from the Supreme Soul for a long time. Souls reside there with the Father. Then they leave Him in order to play their *parts*. There has to be an account for that long period of time. Baba sits here and explains this. You are now studying this study. Those of you who study well are also numberwise. They are the ones who left Me first of all. They are also the ones who then remember Me a great deal and who will also come back to Me first of all. Baba sits here and explains to all you children the deep secrets of the whole world cycle which no one else knows. This can be called the profound knowledge and it can also be called the most profound knowledge. You know that Baba doesn't sit up there whilst explaining to us. You know that He comes down here to explain all of this. I am the Seed of the kalpa tree. This human world tree is also called the kalpa tree. People of the world know nothing of this. They are sleeping in the slumber of ignorance (Kumbhakarna), and so Baba has come to awaken them. He has awakened you children whereas everyone else is still sleeping. You too were sleeping like Kumbhakarna in that devilish sleep. Baba came and woke you up. He said: Children, wake up! You have become careless and are still sleeping. That is called the sleep of ignorance. Everyone has the other type of sleep. They do also sleep in the golden age. At present, all of you are sleeping in the sleep of ignorance. Baba has come to awaken you all by giving you knowledge. You children have now been awakened. You know that Baba has come and that He will take us back home with Him. Neither this body nor this soul is of any use now. Both have become impure. Alloy is mixed in them. You could call it nine *carat* gold, or very little gold. Real gold is twenty-four *carat*. Baba now wants to make all of you become twenty-four *carat* gold. He truly makes you souls *golden-aged*. Bharat was called The Golden Sparrow. You would now call it an iron sparrow, a sparrow of pebbles and stones. It is still living. All of these things have to be understood. Just as souls can be understood, in the same way, the Supreme Soul can also be understood. They speak of a sparkling star. It is a very tiny star. *Doctors* have made great efforts to try and see it. However, without having divine vision no one can see it; it is so very subtle. Some say that the soul leaves through the eyes and some say that it leaves through the mouth. Where does a soul go when he leaves his body? He goes and enters another body. You souls are now about to go up, to the land of peace. You are very sure that Baba has come and will take you back home. On the one side, there is the

iron age and on the other side, there is the golden age. You are now at the confluence age. It is a *wonder!* There are billions of humans here, whereas in the golden age there are only nine hundred thousand. What happens to the rest of them? Destruction takes place! Baba comes to create the new world. Creation is accomplished through Brahma. Then, there is sustenance through the dual-form. It isn't that there is a human being with four arms. There would be no beauty in that. Baba explains to you children that the four-armed figure represents the *combined* forms of Shri Lakshmi and Shri Narayan. Shri means elevated. In the silver age there are two degrees less. You children must now remain aware of the *knowledge* you are now being given. The main thing is to remember the words: Remember the Father! No one else is able to understand this. Only Baba is the Purifier, the Almighty Authority. They sing: "Baba, You gave us everything, including the earth and the sky. There was nothing that You didn't give us! You gave us the kingdom of the whole world". You know that Lakshmi and Narayan were the masters of that world. The cycle of this *drama* continues to turn. You are becoming completely viceless, numberwise, according to the effort you make. You know that you became vicious from viceless and viceless from vicious. You have played your *part* of eighty-four births countless times; you cannot count it. You can count the population, but you can't count how many times you changed from tamopradhan to satopradhan or how many times you changed from satopradhan to tamopradhan. Baba says: This cycle is of five thousand years. This is the accurate length of time. If it were hundreds of thousands of years, you wouldn't be able to remember anything. You are now imbibing virtues. You have received the third eye of knowledge. You see the old world with your physical eyes. You have to use your third eye of knowledge that you have been given in order to see the new world. This world is of no use; it is an old world. Just look at the difference between the new world and the old world! You know that only you were the masters of the new world. Then, whilst taking eighty-four births, this is what you have become! You have to imbibe these things very well and then explain to others how you become this. Brahma becomes Vishnu, and then Vishnu becomes Brahma. You can see the difference between Brahma and Vishnu. Vishnu is sitting beautifully decorated, whereas Brahma is sitting in an ordinary form. You know that this Brahma will become that Vishnu. It is very easy to explain to anyone the connections between Brahma, Vishnu and Shankar. You know that Vishnu is the dual-form of Lakshmi and Narayan. The deity Vishnu then becomes the ordinary human Brahma. Vishnu belongs to the golden age and Brahma belongs here. Baba has explained that it only takes a *second* to become Vishnu from Brahma, and that it takes five thousand years to change from Vishnu to Brahma. The same applies to you too. It isn't only one Brahma who becomes this. No one but the Father can explain these things to you. There isn't anything about human beings or gurus here. This one's Guru is Shiv Baba, and the Guru of you Brahmins is also Shiv Baba. He is called the Satguru. Therefore, you children must remember Shiv Baba. It's easy to tell anyone to remember Shiv Baba. Shiv Baba creates the new world of heaven. God, Shiva, is the Highest on High. He is the Father of all souls. Therefore, God says to you children: Remember Me, your Father! It's so easy to remember! When a baby is born, the word "mother" soon automatically emerges from his mouth. He wouldn't go to anyone but his parents. Of course, it's a different matter if the mother dies. First come the mother and father. All friends and relations come afterwards. There are couples in that too; the paternal aunt and uncle. It is a play about couples. When a kumari becomes a woman, some will call her their maternal aunt and some a paternal aunt. Baba says to you: All of you are now brothers; all your previous relationships are *cancelled*. When you consider yourselves to be brothers you will remember the one Father. Baba also says: Children, remember Me, your Father! He is our most senior, unlimited Father of all. This senior Father has come to give you an unlimited inheritance. Baba repeatedly, says: Manmanabhav! Consider yourself to be a soul and remember the Father! Do not forget this! It is by becoming body conscious that you forget. First of all, you must consider yourself to be a soul. We souls are saligrams. We have to remember the Father. Baba has told you: I am the Purifier. By remembering Me, your *battery*, which has become empty will become full and satopradhan. You have been choking in the water of the Ganges for many births, but you weren't able to become pure. How could that water be the Purifier? It is only by imbibing this knowledge that you can have salvation. At present, the world is false and full of sinful souls. Your give and take is also with sinful souls. You became sinful souls through your thoughts, words and deeds. You children have now received

understanding. You say that you are making effort to become like Lakshmi and Narayan. You have now stopped doing bhakti. Only through knowledge can there be salvation. Those deities were in salvation. Baba has explained that this one is in the last of his many births. Baba explains everything so easily! You children have to make plenty of effort. You make this effort every cycle. You have to change the old world into the new world. They say that God is the Magician, the Jeweller and the Businessman. He is the Magician. He changes the old world of *hell* into *heaven*. Therefore, a great deal of magic is performed. You are now becoming the residents of *heaven* and you know that you are at present residing in *hell*. *Heaven* and *hell* are both separate. This cycle is of five thousand years; it cannot be a question of hundreds of thousands of years. You must not forget the things that God says. There definitely has to be someone who is beyond rebirth. Krishna has a body of his own whereas Shiva does not. Therefore, He definitely needs someone's mouth with which He can give you this knowledge. He comes here to teach you. According to the *drama*, the Father has all the *knowledge*. He only comes in this one age of the whole cycle in order to change the land of sorrow into the land of happiness. You definitely did receive your inheritance from the Father and this is what you people want again. This is why you remember God. Just see how easily Baba gives you this knowledge! Whilst you are sitting here remembering the Father, you should also remember this somersault, for this too is manmanabhav. Baba is the only one who gives this knowledge. You tell others that you are going to see the unlimited Father, that Baba is showing us the path to the land of peace and the land of happiness. Whilst you are sitting here, you should also remember that land. You have to consider yourself to be a soul; you have to remember the Father, the home and the new world. This old world is definitely going to be destroyed. As you make progress, you will remember heaven a great deal. It will be as though you go to heaven again and again. At the beginning, the daughters used to sit together and go to Vaikunth. When people from the important families saw this, they sent their children. It was called Om Nivas at that time. So many children came that there was upheaval. He used to teach children and they would automatically go into trance. The part of visions and trance has now been stopped. They would pretend it was a graveyard. Everyone was made to lie down and told: Remember Shiv Baba! They would then go into trance. You children too are now magicians. Anyone you look at will also quickly go into trance. This magic is so wonderful! Only when the people who perform intense bhakti are ready to sacrifice their lives do they have a vision. Baba Himself has come here. He educates you children and enables you to claim a high status. You children will have many visions. If you were to ask the Father now, He could tell you who is going to become a rose, who is going to become jasmine, and who will become a flower with no fragrance at all. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for Dharna:

1. *Cancel* all your bodily relations and have the faith that all souls are brothers. Remember the Father and claim a right to your full inheritance.
2. You give and take must now no longer be with sinful souls. Wake everyone up from their sleep of ignorance and show them all the path to the abode of peace and the abode of happiness.

**Blessing:** May you be a soul who experiments with the power of silence and easily attains success in every task you do.

Now, according to the changing times, become a soul who experiments and experiment with the power of silence. Just as you create feelings of love and co-operation in souls with your words, in the same way, stabilise in the stage of benevolent wishes and pure feelings and make the feeling in them elevated. Just as a lamp can be ignited with another lamp, in the same way, your powerful good wishes should make the feelings in others become very elevated. When you have this power, you can very easily attain success in every physical task you do. Simply experiment on yourself and see.

**Slogan:** In order to be loved by everyone, become a rose in full bloom, not one that has wilted.
