

Essence: Sweet children, Baba's shrimat gives you happiness for twenty-one generations. No one but Baba can give such unique instructions. You must continue to follow His shrimat.

Question: What is the easy way to give yourself a tilak of sovereignty?

Answer: 1) In order to give yourself a tilak of sovereignty, continue to follow completely all the teachings that Baba gives you. There is no question of blessings or mercy in this.
2) You must *follow* the *Father*, not look at others, and become manmanabhav. By doing this, you automatically receive your tilak. By studying this knowledge and remaining on the pilgrimage of remembrance you change from *beggars* to *princes*.

Song: Salutations to Shiva.

Om shanti. When Bap and Dada say, "Om shanti", they can also say it twice because they are two individuals in one. One is corporeal and the other is the Incorporeal. They can either say it both together or each can say it separately. This is a *wonder*. No one in the world knows that the Supreme Father, the Supreme Soul, sits in this one's body and gives knowledge. This has not been written anywhere. Just as Baba said a cycle ago, so He says now: I enter this one's ordinary body at the time of the final birth of his many births. I take the support of this body. There are some words in the Gita that are true (*real*). The words, "I enter this one at the time of the final birth of his many births when he is in his age of retirement", are *real*. It is accurate to say that for this one. This is the one who takes his first birth in the golden age and he is also the one whose final body Baba enters at the end. Therefore, it is said of this one that he doesn't know how many rebirths he has taken. The scriptures speak of 8.4 million births. All of that belongs to the path of bhakti. That is called a bhakti *cult*. What is done on the path of knowledge is distinct from what is done on the path of bhakti. Whilst bhagats are performing bhakti, they continue to descend. You only receive this knowledge once. Baba only comes in this one age to grant salvation to everyone. This is the only time that Baba comes to make you all create your future reward. You study now in order to go to the future new world. Baba comes to create your new kingdom. Therefore, this Raja Yoga is considered very important. People want to learn this ancient Raja Yoga of Bharat. Nowadays, sannyasis go abroad and claim that they have come to teach ancient Raja Yoga. Then, because people there believe that *Paradise* was created through yoga they feel that they want to learn it. Baba explains: It is through the power of this yoga that you become the masters of *Paradise*. Baba did create *Paradise*, but no one knows how He created it. Only the spiritual Father teaches this Raja Yoga. No corporeal human being can teach it. Nowadays, there is a great deal of *adulteration* and *corruption*. This is why Baba says: I am the One who purifies the impure. Therefore, there must certainly be someone that makes souls impure. Now, you must *judge* whether this is right or not. I am the One who comes and gives the essence of all the Vedas and scriptures. By studying this knowledge, you receive happiness for twenty-one births. On the path of bhakti there is only temporary, momentary happiness. Here, Baba gives you so much happiness that it lasts for twenty-one generations. Baba gives you shrimat so that you can be granted salvation. This shrimat is most unique. This Father is the One who wins everyone's heart. That is the non-living temple to Dilwala and this is the living Dilwala temple. Those images of your *activity* are *accurate*. It is at this time that your *activity* they portray takes place. You have found Baba, the One who wins your heart, the One who grants salvation to all, the One who removes your sorrow and bestows happiness on you. He is remembered as the most elevated One. God Shiva is praised as the most elevated One of all. Elsewhere, Shiva's oval image is kept in front of Shankar etc. In fact, it should be forbidden to keep Shiva's image in front of the deities because they don't do bhakti. Neither do the deities perform bhakti nor do the sannyasis perform bhakti. They just have the knowledge of the brahm element. Just as sky is one of the elements, in the same way, that is the brahm element, the element of light. They neither remember the Father nor do they receive the great mantra from Him. Baba only comes in this confluence age and gives you this great mantra. Baba, the One who grants salvation to all, only comes in this one age and gives the mantra of "Manmanabhav". He says: Children, renounce all bodily religions, and that includes the consciousness of your own body, consider

yourself to be a bodiless soul and remember Me, your Father. He explains this in a very easy way. Because this is Ravan's kingdom you have all become body conscious. Baba is now making you soul conscious. He says: Consider yourself to be a soul and remember Me, your Father, so that the alloy that is at present mixed in you can be removed. When you came down from your satopradhan stage to your sato stage, your celestial degrees were reduced. The purity of gold is indicated by how many *carats* it has. Now, at the end of the iron age, there is no gold visible. In the golden age, there are palaces built of gold. The contrast is like that of day and night. That is called the *golden-aged world*. There is no need there for bricks or stones. There is no rubbish used in the *buildings* that are built there, just gold and silver. They have a great deal of happiness from *science* there. This too is predestined in the *drama*. People of this time have arrogance of *science*. In the golden age, there is no arrogance of science. When you are there, you only receive the happiness of *science*. Here, the happiness is only temporary and there is also a great deal of sorrow through science now. *Bombs* etc. for destruction are being made. They tell others not to make *bombs*, but they themselves still continue to make them. Even though they know that they will all die through these *bombs*, they still continue to make them. Therefore, their intellects are already dead. All of this is predestined in the *drama*. They cannot stop making them. They do understand that they will die through these *bombs*, but they don't understand who is inspiring them to carry on making them. They cannot stop making them. These bombs definitely have to be made. Destruction too is predestined in the *drama*. No matter how many *peace prizes* someone is given, only Baba creates *peace*. He is the Ocean of Peace. He is the One who gives you your inheritance of peace, happiness and purity. In the golden age, there is limitless wealth. There are rivers of milk flowing. Vishnu is portrayed floating in the ocean of milk. That picture is to show the comparison of the vast difference between that ocean of milk and this ocean of poison. On the path of bhakti, they make ponds etc., and position a statue of Vishnu on a stone plinth in them. They spend so much money on bhakti! It is such a *waste of time* and a *waste of money*! They spend so much on creating statues of goddesses. Then they go and sink them in the ocean! Therefore, that money is *wasted*. It is just the worship of dolls. None of the worshippers know the *occupations* of those they worship. You now know the *occupation* of whoever's temple you go to. There are no objections; you children are not forbidden to go anywhere. You previously used to go without understanding anything. You now go having become *sensible*. You say that you know about their eighty-four births. The people of Bharat don't even know about Krishna's birth. All the *knowledge* of that is in your intellect. This *knowledge* is your *source of income*. There is no *aim* or *objective* in studying the Vedas and scriptures etc. There would always be some *aim* and *objective* in studying something in a *school*. You become very wealthy through this study. You receive salvation and you also become wealthy through studying this *knowledge*. You can understand very quickly whose memorial it is whatever temple you go to. That temple to Dilwala is non-living, whereas this is the living one. Just as you are portrayed here in the picture of the tree, so that temple has been created in the same way with you shown sitting down in tapasya and with the whole of heaven shown above on the ceiling. It must have cost a great deal of expense to create. Here, you have no expense. When Bharat was pure, it was also one *hundred per cent solvent*. Now that Bharat is one *hundred per cent impure*, it is totally *insolvent*. Everyone here is born through the vice of lust. There, there is no question of dirt. Fearsome stories have been written in the Garud Purana to make people change their behaviour, but it is not in the *drama* for people to change at that time. God's creation is now taking place. God is the One who creates heaven. He is called *Heavenly God*, the *Father*. Baba has explained that other soldiers fight for their rulers whereas you soldiers are now conquering Maya for your own benefit. The more you do, the more you will receive. Each one of you has to use your mind, body and wealth to change Bharat into heaven. The more you do, the higher the status you will claim. Nothing is going to remain here. The saying "The wealth of some will remain buried" of this time in the cycle has been remembered. Baba has now come to enable you to receive your fortune of the kingdom. He says: Now use everything you have, your mind, body and wealth, for this. This one, Brahma, surrendered everything he had. He is called a great donor. As well as giving eternal wealth, he also donated his perishable wealth. Each one of you can give as much as you choose. Well-known donors are also called great *philanthropists*. They make a name for themselves. They

give *indirectly* in the name of God but their kingdom is not being created. It is your kingdom that is now being created. Therefore, you must become *complete philanthropists*. On the path of bhakti, they say that they will sacrifice themselves. There is no expense incurred here. That *Government* has to spend so much! Whatever you do here, you are doing it for yourself. It depends on you whether you become part of the rosary of eight, the rosary of one hundred and eight or the rosary of sixteen thousand one hundred and eight. You do have to *pass with honour*. You should earn such an income through yoga that you reach your karmateet stage and don't have to experience punishment. All of you are *warriors*. Your war is with Ravan, not with human beings. There are two degrees less for those who fail. The silver age is known as heaven with two degrees less. You have to make effort to *follow* Baba completely. However, for this, you also have to *surrender* everything with your mind and intellect. You would say: "Baba, all of this is Yours". Baba would then reply: Use it for *service*! Carry out your task according to the instructions I give you. Open a *university*, open *centres*, so that many can benefit. Simply give this *message*: Remember Baba and claim your inheritance. You children are called *messengers*. Therefore, give everyone this *message*: Baba says through Brahma: Remember Me and your sins will be absolved. You will receive liberation in life. You now have a life of bondage but you will then have a life of liberation. Baba says: I only come in Bharat. This *drama* is eternally predestined. The questions of when it was created and when it will end cannot arise. This *drama* continues eternally. Souls are such tiny points and each one has an eternal *part* fixed within them. These are very deep matters. Each soul is a tiny point like a *star*. Mothers put a tilak (dot) on their forehead. By making effort now each of you children gives yourself a tilak of sovereignty. If you follow Baba's teachings accurately, you give yourself a tilak of sovereignty. There is no question of mercy or special blessings in this. You have to give yourself a tilak of sovereignty. That tilak refers to this original tilak of sovereignty. You have to make so much effort now and *follow* the *Father*. You must not look at others. This is what it means to become manmanabhav. It is through this that you automatically receive your tilak. Baba does not give you this. This study is Raja Yoga where you have to change from a *beggar* to a *prince*. Therefore, you have to make very good effort accordingly and also *follow* this one. You have to understand this aspect. Through this study you earn an income. The more yoga you have, the more knowledge you will imbibe. It is yoga that takes effort. This is why the Raja Yoga of Bharat has been remembered. However, you can spend your whole life bathing in the Ganges etc., and you still won't be able to become pure. People on the path of bhakti give to the poor in the name of God whereas God Himself comes here and gives the kingdom of the world to the poor! He is the Lord of the Poor. Bharat that was one *hundred per cent solvent* has now become one *hundred per cent insolvent*. It is always the poor who are given donations. Baba makes you so elevated, and yet you defame such a Father! Baba says: When you defame Me in this way, I have to come. This too is predestined in the *drama*. This is your Father and also your *Teacher*. The Sikhs speak of the immortal Satguru but there are many gurus on the path of bhakti. This is the throne that the immortal One takes. He also *uses* the thrones of you children. He says: I enter this one's body in order to benefit everyone. This is His *part* at this time. These matters have to be understood. A new person won't be able to understand these things. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. You have to become great donors by donating the eternal wealth of knowledge. Just as Father Brahma used everything he had for service, *follow* the *father* in the same way and claim a high status in that kingdom.
2. In order to be freed from punishment, earn such an income through yoga that you reach your karmateet stage. Make full effort to *pass with honour* and don't look at others.

Morning Murli Om Shanti BapDada

Madhuban

Blessing:

May you be a satisfied soul who follows the Father and thereby creates a constant and steady stage.

Brahma Baba's life was an *accurate computer* for you children. Just as you can find the answer from a computer to every question you have, in the same way, when any question arises in your mind, then instead of asking, "What?" or "How?", look at the *computer* of Brahma Baba's life. The question of "What?" and "How?" will change into "Like this". Instead of being full of questions, you will become fully satisfied. Constantly continue to follow the Father and your stage will become constant.

Slogan:
