

Essence: Sweet children, the basis of a status is study. The old bhagats will study well and claim a good status.

Question: What are the signs of those who stay in remembrance of Baba?

Answer: Those who stay in remembrance will have good virtues. They continue to become pure and royal. They are sweet and like milk and sugar with one another. They don't look at others but they look at themselves. Their intellect retains the knowledge that whatever they do, they will receive the reward of that.

Om shanti. Children, you have been told that the scripture of the original eternal deity religion of Bharat is the Gita. However, no one knows who spoke the Gita. These are aspects of knowledge, whereas all of those festivals, such as Holi etc., don't belong here. They are all the festivals of the path of bhakti. The only festival we celebrate is of Trimurti Shiv Jayanti, that's all! Never simply say, "Shiv Jayanti". If you don't say the word, "Trimurti", people don't understand. At the bottom of the picture of the Trimurti, it should be written, "The deity sovereignty is your birthright". God Shiva is the Father. He definitely comes and makes us into the masters of heaven. We became the masters of heaven by learning Raja Yoga. There is a lot of knowledge in the pictures. You should make such pictures that people become amazed just by seeing them. Those who have done a lot of bhakti will take knowledge very well, whereas those who have done less bhakti will take less knowledge and also claim a lower status. It is also numberwise amongst the maids and servants. Everything depends on this study. There are very few of you who are able to speak on all of this very well and wisely. The behaviour of good children would be good. They would also have beautiful virtues. To the extent that you stay in remembrance of the Father, you will accordingly continue to become pure and your behaviour will be *royal*. In some cases, the behaviour of shudras is very good, whereas the behaviour of some Brahmins is such, don't even ask! Your behaviour should not be such that people ask: Is God really teaching them? You must remain very sweet like milk and sugar. Whatever you do, you will receive the reward of that. Those who do nothing will receive nothing! Baba continues to explain very well. First of all, continue to give the introduction of the unlimited Father. The picture of the Trimurti is very good. The two sides, heaven and hell are clearly shown in the picture of the cycle. You can explain to people of any religion using the picture of the cycle or the tree that, according to this, they cannot enter heaven, the new world. The highest religion, the religion of those who were the wealthiest, has now become the lowest. Those who have existed from the beginning should have the largest population. However, many Hindus have been converted into other religions. Because they didn't know their own religion, they were converted into other religions. Or, some simply say that they belong to the Hindu religion. They do not even understand their own religion. People call out to God: "Oh Bestower of Peace!". But they do not understand the meaning of peace. People continue to receive peace *prizes*. Here, Baba gives the *prize* of the kingdom of the world to you children who have become the instruments to establish world peace. You receive this prize numberwise according to the effort you make. The One who gives this prize is God, the Father. The prize is so great! It is the sun-dynasty kingdom of the world. The *history* and *geography* of the world are now in the intellect of you children. If you want to claim the kingdom of the world you do have to make some effort! These *points* are very easy. You have to do whatever work the Teacher gives you. Therefore, Baba the Teacher sees which children have the full knowledge. Some children do not even pay attention to the murli. They do not study the murli *regularly*. Some teachers are such that they never study the murli. Therefore, how can they benefit others? There are many children who do not benefit others. They do not benefit themselves or others. This is why it is said: There are the cavalry and the infantry. Some are maharathis. You can understand for yourselves who the maharathis are. Because some children are cavalry, they themselves say: "Baba, send Gulzar, Kumarka or Manohar", because they are maharathis. Baba knows all the children very well. There are bad omens over some of them. Sometimes, such storms of Maya come to good children that they go crazy, and become like aimless wanderers. They no longer pay *attention* to knowledge. Baba can understand from the *service* each one does. Those who do *service* continue to give all their news to Baba. You children know that the God of the Gita is making you into the masters of the world. There are many who earn thousands of rupees from

reciting the Gita. You are the Brahmin community who then become the divine community. Others call themselves the children of God. However, they say "I am God". They continue to say whatever enters their mind. What a state the people on the path of bhakti have reached! This world is *iron-aged* and impure. You can explain very well with this picture. Together with this knowledge, you also need divine virtues. There should be honesty inside and out. Souls have become false and the true Father is making them true. Only Baba comes and makes you into the masters of heaven. He inspires you to imbibe divine virtues. You children know that you have to become as virtuous as Lakshmi and Narayan. Continue to check yourself to see whether there any devilish qualities in you? Whilst moving along, Maya slaps you in such a way that you completely fall down. This is gyan and vigyan. This is Holi (burning of Ravan) and Dhuriya (a celebration after the burning of Ravan). None of the people who speak of Holi and Dhuriya know the meaning of that. In fact, it is gyan and vigyan (beyond sound) through which you make yourselves elevated. Just see what they continue to do! Because this world is extreme hell, they throw dust. The task of creating the new world and destroying the old world is now taking place. Maya punches God's children in such a way that they fall into the bog. Then it becomes very difficult to extract them from that. There is no question of blessings in this. It is difficult for them to walk on this path again. This is why you have to be very cautious. In order to be protected from any attack by Maya, never become trapped in body consciousness. Always remain cautious. All of you are brothers and sisters. Sisters teach you what Baba has taught them. Therefore, it is Baba's greatness, not the sisters! It isn't even Brahma's greatness. He too learnt this by making effort. He made effort well. He benefited himself and now he teaches you so that you can benefit yourselves. Today, it is Holi, and so you are now being given the knowledge of Holi. There is gyan and vigyan. Study is called knowledge. What is vigyan? No one knows this. Vigyan is beyond gyan. It is through the knowledge you receive here that you attain a reward. That is the land of silence. After you have played your part here you become tired. Therefore, you want to go into silence. The knowledge of the cycle is now in your intellect. You are now to go to heaven. Then whilst you are taking your eighty-four births, you enter hell. You will then reach the same state again. This continues to happen. No one can be liberated from this cycle. Some ask: Why was the drama created? However, this play about the old world and the new world is eternally predestined. It is very easy to explain this by using the picture of the tree. The main thing is to remember the Father and become pure. As you continue to progress, you will come to know which ones belong to this clan. Those who have been converted into other religions will also emerge. People will be amazed when they all come here. Tell everyone to renounce body consciousness and become soul conscious. This study is a great festival through which you earn a great income. Those people waste a lot of money in celebrating those festivals. There is so much fighting too. There is so much fighting within local government. They even try to bribe others to kill someone! There are many such examples. You children know that there are no upheavals in the golden age, whereas there are many upheavals in the kingdom of Ravan. At present, everyone is tamopradhan. There is so much fighting because of their different opinions. Therefore, Baba says: Continue to forget this old world, go into solitude and remember the home. Remember your land of happiness. Don't talk to others too much! Otherwise, you will lose. It is much better to speak sweetly and quietly with a lot of love. It is not good to speak a lot. It is best to remain in silence. You children attain victory through silence. You must have love for no one but the One Father. Take as much *property* as you want from the Father. There is so much fighting over the *property* of a physical father. There is no conflict here. You can take as much as you want by studying. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. The true Father has come to make you true. This is why you must be honest in your interaction with others. Check yourself: Are there any devilish qualities in me? Am I talking too much? Become very sweet and speak softly with a lot of love.
