

- Essence:** Sweet children, in order to become part of the rosary of victory, constantly remember the Father. Do not waste time. Pay full attention to this study.
- Question:** What *request* does Baba make to His children?
- Answer:** Sweet children, Baba *requests* you to continue to study well. Maintain the honour of the Father's beard. Do not perform any dirty action through which the Father's name would be defamed. Do not cause defamation of the true Father, the true Teacher and the Satguru. Promise that you will remain pure whilst you continue to study.
- Song:** Having found You, we have found everything; The earth, the sky, everything belongs to us.

Om shanti. Who sang: Having found You, we have found the kingdom, that is, the kingdom of the whole world? At present, you are *students* as well as children. You children know that the unlimited Father has come to make you into the masters of the world. You are sitting in front of Him and studying Raja Yoga. This means you have come here to study. You are studying to become *crowned princes* and *princesses* of the world. This song is sung on the path of bhakti. You children know with your intellect that you will become the emperors and empresses of the world. Baba is the Ocean of Knowledge. He is the *supreme* spiritual Teacher and He sits here and teaches you spirits. You souls understand through the senses of your body that you are sitting in this place of study in order to become world *crowned princes* and *princesses*. You should have so much intoxication! Ask your heart: Do I, this *student*, have such intoxication? This is not a new matter. We come to the Father every cycle in order to become the *crowned princes* and *princesses* of the world. As well as being the Father, He is also the *Teacher*. When Baba asks you what you will become, you all say that you will become the sun dynasty *crowned princes* and *princesses* or Lakshmi and Narayan. Ask your own heart: Am I making such effort for that? The unlimited Father has come to give us our inheritance of heaven, He is our Father, *Teacher* and Guru. Therefore, He would definitely give an elevated inheritance. See whether you have the happiness of studying today and becoming the *crowned princes* and *princesses* tomorrow. This is now the confluence. At present, you are on this side and studying to go across to the other side. You will go there when you have become complete with all virtues, sixteen celestial degrees complete. Ask yourself: Have I become worthy enough? It isn't a matter of just the one bhagat Narad; you were all bhagats. Baba has now liberated you from bhakti. You know that you have become Baba's children in order to claim your inheritance from Him. You have come here to become *crowned princes* of the world. Baba says: Stay living in your household. Those who are in the stage of retirement do not have to live in a household. Kumars and kumaris do not have a household; they have a student life. Students remain celibate whilst studying. This study is very elevated and you have to remain pure in this for all time. After having studied whilst remaining celibate, they then indulge in vice. Here, you remain celibate and study the complete study. Baba says: I am the Ocean of Purity and I make you this too. You know that you remained pure for half a cycle. You made a firm promise to the Father. Baba, why shouldn't we become pure and become the masters of the pure world? He is such a great Father, even though the body He takes is so ordinary! The soul has intoxication. Baba has come to make you pure. He says: You have been indulging in vice and have now ended up in a brothel. In the golden age, you were pure. Radhe and Krishna were a pure *princess* and *prince*. Look at

the rosary of Rudra and the rosary of Vishnu. After the rosary of Rudra comes the rosary of Vishnu. Baba explains: In order to enter the rosary of victory, first of all, constantly remember the Father. Do not *waste* your *time*. Do not become monkeys chasing after these shells. Monkeys eat chick peas. Baba is now giving you jewels. So what would your state become by continuing to chase after shells or chick peas? You would go to Ravan's jail. Baba has come to liberate you from Ravan's jail. He says: Your intellect must renounce all bodily relations, including your own body. Have the faith that you are a soul. Baba says: I enter Bharat every cycle. I come and make the people of Bharat into *crowned princes* and *princesses* of the world. He teaches you so easily. He doesn't say: You must come and sit here for four to eight hours. No; whilst living at home, consider yourself to be a soul and remember Me, the Father. Then you will become pure from impure. Those who indulge in vice are called impure. It is because the deities were pure that their praise is sung. Baba explains: Other happiness is temporary and short-lived. Sannyasis rightly say that happiness is like the droppings of a crow. However, they don't know about how much happiness the deities have. The very name is the land of happiness. This is the land of sorrow. No one else in the world knows about these things. Only Baba comes every cycle to explain to us and make us soul conscious. Consider yourself to be a soul. You are a soul, not a body. You are the master of your body. Your body is not your master. Whilst taking eighty-four births you have now become tamopradhan. Both you, the soul, and your body have become impure. By becoming body conscious you committed sins. You now have to become soul conscious. You have to return home with Me. Baba says: In order to make both yourself the soul, and your body pure and clean, remain manmanabhav. Baba released you from Ravan for half a cycle and you are now being given that *freedom* again. For half a cycle you can rule freely. There isn't even the name of the five vices there. Now follow shrimat and become elevated. Ask yourself: To what extent do I have vices? Baba says: First, constantly remember Me alone. Do not fight or argue etc. Otherwise, how would you become pure? You have come here to make effort to be threaded in the rosary. If you fail, you will not be threaded in the rosary. You will lose the kingdom every cycle. Then you will also have to repent a lot at the end. A *register* is kept for other studies too. One's character is also examined. This too is a study. Wake up early in the morning and study this in solitude. You have to go to work during the day and so you don't have time then. People perform bhakti early in the morning. This is the path of knowledge. In bhakti, whilst worshipping, their intellect remembers one or another bodily being. Here, you remember the Father and then you start remembering your business etc. Your sins will be absolved according to how much you remain in remembrance of Baba. When, through your efforts, you children become totally pure, the rosary will then be created. If you do not make full effort, you will become part of the subjects. If your yoga is good, if you study well, and you *transfer* your *bags* and *baggage* for the future, you receive the return of that in the future. When someone makes a donation in the name of God, he receives the return of that in his next birth. Baba says: I have now come to you *directly*. Whatever you do now is for yourself. People make donations and perform charity *indirectly*. This is how you have helped the Father. At this time, you help the Father the most. You know that all your money will be destroyed. Therefore, why not use it instead to help the Father? How would Baba establish the kingdom otherwise? We have neither an army, nor any weapons. Everything here is incognito. Some people give an incognito dowry to their daughter. They lock the suitcase and put the keys in her hand. Some give a dowry with a lot of external show, and some give it privately. Baba says: You are brides. I have come to make you into the masters

of the world. You help in an incognito way. Your souls know that external splendour is worth nothing. This world is vicious and impure. The world population has to grow. Souls definitely have to come down. Because the birth rate is increasing, they calculate that there won't be enough food. They have devilish intellects. Your children have now received a divine intellect. God is teaching you! Therefore, you should have so much *regard* for Him! You should study so well! There are many of you children who have no interest in studying. Children, at least make your intellect remember that you are being made into *crowned princes* and *princesses* by God. Baba says: Now, follow My directions! Remember the Father! You repeatedly say that you forget. If a student repeatedly says that he forgets his lesson, what would the teacher do? If you do not remember Baba, your sins can't be absolved. Would a teacher have mercy or give blessings to all his students so that they can all pass? There is no question of mercy or blessings here. Baba says: Study! Carry on with your business etc., but it is also essential for you to study. Become *satopradhan* from *tamopradhan*. Show this path to others too. Ask your heart: How much am I helping the Father? How many others have I made similar to myself? The picture of the Trimurti is in front of you. This is Shiv Baba and this is Brahma. This is what you become through this study. You will become this again after eighty-four births. Shiv Baba enters the body of Brahma and creates Brahmins. You have now become Brahmins. Now, ask your heart: Have I become pure? Am I imbibing divine virtues? Have I forgotten the old body? This is the old shoe. When your souls become pure, you will receive a *first-class* shoe. You leave your old costume and put on a new one. This cycle continues to turn. Today, he is in an old shoe and his wish is to become a deity tomorrow. You become *crowned princes* of the world for the future half cycle. No one can snatch away the kingdom that we receive from the Father. Therefore, follow the Father's *shrimat*. Ask yourself how much you remember Baba, and for how long you spin the cycle of self-realisation and enable others to do that. Those who do something will receive the reward of it. Baba teaches you every day. Everyone receives *murlis*. *Achcha*, even if you don't receive them, you have been given the seven days' course. This knowledge has entered your intellect. At the beginning, a *bhatthi* was created. Some were strong, but others were weak and so they left because of their storms of *Maya*. Some remain pure for six to eight months and then they become body conscious and destroy themselves. *Maya* is very powerful. You were defeated by *Maya* for half a cycle. If you are defeated now, you lose your status. The status is numberwise. Some will become kings or queens, some will become advisors, and some will become subjects. Some subjects will also have palaces of diamonds. Even some subjects are very wealthy. They have palaces of diamonds and jewels. Here too, the Government are in debt to the people. Therefore, so are the people wealthy or is the government wealthy? The saying, "In the land of darkness, the blind are the rulers", applies to this time. Your children should now have the faith that you are studying to become the *crown princes* of the world. Does one forget at college whether one is becoming a barrister or an engineer? Some have storms of *Maya* as they continue to move along and therefore, stop studying. Baba *requests* you children: Sweet children, study well and claim a good status. Maintain the honour of the Father's beard. If you perform any dirty actions you defame the name of the Father. Those who cause defamation of the true Father, the true Teacher and the Satguru can never claim a high status. At present, you are becoming like diamonds. Therefore, stop chasing after shells! When Baba had a vision, he quickly discarded all the shells. He thought: If I am to receive the kingdom for twenty-one births, what would I do with these? So he gave them away. We are

claiming the kingdom of the world. You also know that destruction has to take place. If you do not study now, it would become too late and you would have to repent. Children will have visions of everything. Baba says: You called out: Oh Purifier, come! I have now come into the old world for you and I am telling you to become pure. You fall into the dirt again and again! I am the great Death of all death. I will take all of you back with Me. Baba comes and shows you the path to heaven. He gives you the *knowledge* of how this world cycle turns. This is the knowledge of the unlimited. Those who studied in the previous cycle will study again. You will also have visions of that. You should have the faith that the unlimited Father has come, that God the Father, whom we worshipped so much, has now come and is teaching us. We should at least meet God our Father. If you had this firm faith, you would come running to meet Him with so much happiness and enthusiasm. This is not a matter of cheating. There are many who do not become pure or study. They simply want to go to Baba. They come here just to look around. Children, Baba says: You children have to establish your kingdom in an incognito manner. Become pure and you will change from tamopradhan to satopradhan. Only Baba teaches you Raja Yoga; all the rest are hatha yogis. Baba says: Consider yourself to be a soul and remember Me, the Father. Have the intoxication that you have come to the unlimited Father to be made into a *crown prince* of the world. Therefore, follow shrimat! Maya is such that she breaks the yoga of your intellect. Baba is powerful, but Maya too is powerful! For half the cycle there is the kingdom of Rama and for the other half there is the kingdom of Ravan. No one knows this. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Essence for Dharna:

1. Maintain the intoxication that today you are studying and tomorrow you will become the *crown princes* and *princesses*. Ask your heart: Am I making enough effort? Do I have *regard* for the Father? Do I have the interest to study?
2. Become an incognito helper in Baba's task. *Transfer your bags and baggage* for the future. Do not waste time chasing after shells but make effort to become like a diamond.

**Blessing:** *May you receive the certificates of unity and contentment and thereby become a constant embodiment of success in service.*

In order to become an embodiment of success in service, pay attention to two things. First, have unity and harmony in your sanskars. Second, remain content yourself and also make others content. Always have feelings of love when you come into contact with others and consider them to be elevated. Then, you will receive both these certificates. Your life will become a practical mirror to reflect the Father's character. The Father will be visible as He is and what He is through the mirror of your life.

**Slogan:** *To constantly remain angelic as you move and walk along is the gift that Brahma Baba likes.*
