Morning Murli

Om Shanti

BapDada

Madhuban

Essence: Sweet children, this is the most *valuable* time for you. At this time become Baba's complete helpers. It is the ones who become helpers who claim a high status.

Question: What excuses can the *serviceable* children not make?

Answer: You *serviceable* children can never make the excuse: Baba, it is cold here! Or: it is hot here and therefore I cannot do *service* here. Do not become delicate when it is a little hot or a little cold. It shouldn't be that you're unable to tolerate anything. You have to tolerate everything in this land of sorrow: happiness and sorrow, heat and cold, praise and defamation. Don't make excuses.

Song: Have patience oh mind, your days of happiness are about to come.

Om shanti. Only children know what happiness and sorrow are. Only you Brahmins know, numberwise, according to the effort you make, about when you receive happiness and when you receive sorrow in this life. This is now the world of sorrow. You have to tolerate happiness and sorrow, praise and defamation, everything, for just a short time longer. You have to go beyond all of that. When one feels a little hot, they say: I want to be where it is cooler. Children, you have to do *service* whether it's hot or cold. This little discomfort at present is nothing new. This is the land of sorrow. Now, you children have to make full effort in order to go to the land of happiness. This is your most *valuable* time. Excuses cannot be made. Baba is speaking to you *serviceable* children. Those who don't know how to do *service* are of no use at all. Baba has come here to make, not just Bharat, but the whole world into the land of happiness. So, you Brahmin children have to become Baba's helpers. Baba has come and so, you must follow His directions. Bharat that used to be heaven is now hell. It has to be made into heaven again. You now know this too. The golden age was the kingdom of pure kings. They were very happy. Later on, they become impure kings by donating in the name of God. They also receive strength. At present, it is the kingdom of the subjects. None of them can serve Bharat. Only the one unlimited Father serves Bharat and the whole world. Baba now says to the children: Sweet children, become My helpers! He explains with such a lot of love! The children who are soul conscious understand Him. How could body conscious children help Him? They are trapped in the chains of Maya. Baba has now given you the *direction* to liberate everyone from the chains of Maya, from the chains of the gurus. This is your business. Baba says: Those who help Me well will claim a good status. Baba Himself personally says: Because I am ordinary, no one knows Me accurately as I am or what I am. Baba makes us into the masters of the world. They don't know this. No one else knows that Lakshmi and Narayan were the masters of the world. You now understand how they gained that kingdom and how they then lost it. The intellect of people is totally degraded. Baba has now come to open the lock on everyone's intellect; to change everyone's intellect from stone to gold. Baba says: Now become My helpers! The Muslims speak of God's helpers, but they themselves don't become God's helpers. God tells whomsoever He makes pure to make others pure like they are themselves. Follow shrimat! Baba has come to make you into the pure residents of heaven. You Brahmin children know that this is the land of death. Suddenly, just whilst sitting somewhere, people die. And so, before that happens, why should we not

make effort to claim our full inheritance from Baba and make our future? When people reach their age of retirement, they believe that they should become engaged in bhakti. Until the time they reach their stage of retirement they want to earn a lot of money. Now, all of you have reached your stage of retirement. Therefore, why should you not become Baba's helpers? Ask your heart whether you have become Baba's helper! *Serviceable* children are very well known. They make efforts very well. By staying in yoga, you are able to do service well. You have to purify the whole world with the power of yoga. You have become the instruments to purify the whole world. A pure world is definitely needed for you. Therefore, the old world is to be destroyed. Now tell everyone: Renounce body consciousness! Only remember the one Father! He is the Purifier. Everyone remembers Him! The sages and holy men etc. signal with a finger saying that there is only one Supreme Soul, and that He bestows happiness on everyone. Although people speak of God or the Supreme Soul, none of them know Him. Some continue to remember Ganesh (elephant god), some Hanuman (monkey god) and some their own guru. You now know that all of that belongs to the path of bhakti. The path of bhakti continues for half the cycle. The great rishis and munis have all been saying, "neti, neti" (neither this, nor that). We neither know the Creator nor the creation. Baba says: They are not trikaldarshi (the knowers of the three aspects of time). Only One is the Seed, the Ocean of Knowledge. He comes into Bharat. People celebrate Shiv Jayanti (the birth of Shiva) and also Gita Jayanti (the birth of the Gita). They remember Krishna, but they don't know Shiva. Shiv Baba says: Only I am the Ocean of Knowledge, the Purifier. No one would claim this for Krishna. A very good picture of who the God of the Gita is has been made. Baba has all of these pictures created for the benefit of all His children. Write the *complete* praise of Shiv Baba. Everything depends on this. Everyone who comes down from up above is pure. No one can return before becoming pure. The main thing is to become pure. That is the pure land, where all the souls reside. Whilst playing your *part* here, you became impure. Those who were the most pure then became impure. All name and trace of the deity religion has disappeared. The name of the deity religion was changed to the Hindu religion. Only you claim the kingdom of heaven and then lose it. It is a game of defeat and victory. Those who are defeated by Maya are defeated by everything, and those who win over Maya win everything. Baba sits here and explains these things. So many great kings still have blind faith. They spend so much money in creating a huge effigy of Ravan. Then, they destroy it in one day. He is the enemy, isn't He? This is like playing with dolls. They also create an image of Shiv Baba. They worship it and then break it. In the same way, they create images of the deities and then sink them. They have so many images already, but they don't sink them! They especially spend money on making new ones. They understand nothing. You children now know the unlimited *history* and *geography* and how this world cycle turns. No one else knows about the golden and silver ages. The statues they have created of the deities are defamatory. Baba explains: Sweet children, in order to become the masters of the world, you must follow the precautions that Baba gives you. Prepare food in a state of yoga! Eat it in remembrance! Baba Himself says: Remember Me and you will, once again, become the masters of the world. Baba has also come once again. You must now become the masters of the world. Follow the mother and father; it cannot be just the father. Sannyasis say that all of them are the Father. They do this by saying that the soul is the Supreme Soul. That is *wrong*! Both the mother and father here

are making effort. The saying, "Follow the mother and father", refers to here. You now know that those who were the masters of the world were pure, and that they are now impure. They are becoming pure once again. We are also following His shrimat and attaining that status. He is giving *directions* through this one. We have to follow them. Some of you don't *follow* them but simply sweeten your mouths by saying, "Baba, Baba". Only those who follow His directions are called worthy children. You know that, by following Mama and Baba, you will come into the kingdom. This is a matter of understanding. Baba simply says: Remember Me and your sins will be absolved. That's it! Simply explain to others how they became impure whilst taking eighty-four births, and, that they now have to become pure again. The longer you stay in remembrance, the purer you will become. Those who stay in remembrance a great deal will go to the new world first. You also have to make others similar to yourself. Mama and Baba cannot go to explain at the exhibitions. When an important visitor comes, so many people gather to see who has come. This One is so incognito! Baba says: I speak through the body of Brahma. I am responsible for this child. You must always consider that it is Shiv Baba who is speaking and teaching you. You have to only see Shiv Baba, not this one. Consider yourself to be a soul and remember the Father, the Supreme Soul. I am a soul. The soul has the entire *part* within it. Turn this *knowledge* around in your intellect. If they only have worldly things in their intellect, it means they are unable to understand anything. They are totally degraded. However, even such people still have to be benefitted. They will go to heaven but they won't claim a high status. They will first experience punishment and then return home. Baba has explained how you can claim a high status. First, become those who spin the discus of self-realisation and also make others do that. Become firm yogis and also make others that. Baba says: Remember Me! You then say: Baba, We forget!. Aren't you ashamed? There are so many who don't speak the truth. They totally forget Baba! Baba has explained: Give anyone who comes the Father's introduction. The cycle of eighty-four births is now ending, and we have to return home. It is said, "When Rama went, Ravan too went". The meaning of this is also so simple! It must definitely be at this confluence age that there are the families of both Rama and Ravan. You also know that everyone is to be destroyed and that only a very few will remain. As you continue, you will come to know how you are to receive your kingdom. You would not be told everything at the start, would you? It wouldn't be a play otherwise. You have to watch it as a detached observer. You will continue to have visions. No one else in the world knows the cycle of eighty-four births. You children now have it in your intellects that you are to return home. You are now taking leave from Ravan's kingdom. Then you will go into your own kingdom. Very few days remain. This cycle continues to turn. You have been around this cycle many times. Baba now says: Forget all the karmic bondages in which you have been trapped. Whilst living at home with your family, continue to forget them. This play is now coming to an end. We now have to return home. Only after the Mahabharat War do the *gates* of heaven open. This is why Baba said: The name, "*Gateway to Heaven*", is very good. Some say that these wars have always existed. Ask them: When did the war with missiles take place? This war of the missiles is the last one. This sacrificial fire was also created when this war took place five thousand years ago. This old world is now to be destroyed. The new kingdom is being established. You are studying this spiritual study in order to claim your kingdom. Your business is spiritual business. Physical

knowledge is not going to be of any use to you. Even the scriptures will be of no use to you. Therefore, why not occupy yourself in this business? Baba is making you into the masters of the world. Think about which study you should occupy yourself in studying? Those people study just to obtain a degree, whereas you study for a kingdom. There is the difference of day and night! In those studies too, you don't know whether you will receive even a few peanuts or not. When someone leaves his body he also leaves the peanuts behind. This study will go with you. Death is circling over your heads. Therefore, before that happens, we should earn a full income. As you continue to earn your income this world is destroyed. When your study finishes, destruction will take place. You know that all human beings only have a few peanuts in their hands. They are holding onto them like monkeys. You are now claiming jewels. Renounce your attachment to those few peanuts! When they clearly understand everything they let go of the handful of peanuts. Everything here is to be turned to dust. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. You must study and teach this spiritual study! Fill your hands with the imperishable jewels of knowledge! Do not waste time chasing after a few peanuts!
2. The play is now coming to an end. Therefore, liberate yourself from your karmic bondages. Become the ones who are the spinners of the cycle of self-realisation and make others the same. Follow the mother and father and claim a right to the royal status.

Blessing: *May you become a real image of tapasya by renouncing all limited desires.*
Renounce all limited desires and become a real image of tapasya. To be a real image of tapasya means to be completely ignorant of any limited desire. Those who have the thought of receiving now are only receiving for a limited period, but will make a loss for all time. It is your temporary desires that obstruct you from becoming a tapaswi. Therefore, now prove that you are a real image of tapasya. That is, renounce all desires of being given limited name or honour and become a bestower. When your sanskars of a bestower emerge, all other sanskars will automatically disappear.

Slogan: *Make the Father your Companion and you will become full of all attainments.*
