

Essence: Sweet children, the One who grants salvation and liberation-in-life to everyone has now become your Father. You are His children. Therefore you should have a great deal of intoxication.

Question: Which children are unable to have remembrance of Baba in their intellect constantly?

Answer: Those who don't have full faith in Him are unable to have remembrance of Him in their intellect. If you don't know who is teaching you, whom would you remember? The sins of those who recognise Him accurately and remember Him are destroyed. The Father Himself comes and gives you the accurate introduction of Himself and His home.

Om shanti. All you children constantly remember that the meaning of "om" is peace. I am a soul and my home is the land of nirvana, the incorporeal world. In spite of all the effort that people make on the path of bhakti, they still don't know where they have to go. They don't know what gives happiness and what gives sorrow. They have sacrificial fires, do tapasya, donate and perform charity etc., and yet they continue to come down the ladder. You have now received knowledge. Therefore, your bhakti has ended. The loud atmosphere of ringing of bells etc. has all ended. There definitely is a difference between the new world and the old world. The new world is the pure world. You children now have the land of happiness in your intellect. The land of happiness is called heaven and the land of sorrow is called hell. People want peace, but no one can go to the abode of peace. The Father says: Not until I come here in Bharat can you children return home with Me. The birthday of Shiva is only remembered in Bharat. The Incorporeal definitely comes into the corporeal form. Can a soul do anything without a body? Unless a soul has a body he continues to wander. He can even enter someone else's body. Some souls are good whereas some are very mischievous and can make another person go mad. A soul definitely needs a body. In the same way, if the Supreme Father, the Supreme Soul, didn't have a body, what would He do after coming in Bharat? Bharat is the imperishable land. In the golden age there is just the one land of Bharat. All the other lands will have been destroyed. It is remembered that there used to be the original eternal deity religion. Those people speak of the original eternal Hindu religion. In fact, there were no Hindus in the beginning, there were only deities. Those who live in Europe call themselves Christians. You wouldn't say that they belong to the *European* religion. The people who live in Hindusthan say that they belong to the Hindu religion. Those who belonged to the elevated deity religion have become corrupt in their religion by coming into the cycle of eighty-four births. Only those who belonged to the deity religion will come here. If they don't have faith, you can understand that they don't belong to this religion. Although they may be sitting here, this still doesn't enter their intellect. They may be those who will claim a low status amongst the subjects there. Everyone wants peace and happiness, but that only exists in the golden age. Not everyone can go to the land of happiness. All the religions come into existence at their own time. There are innumerable religions and the tree continues to grow. The trunk is the deity religion, and then there are the three tubes. Those other religions cannot exist in heaven. They start to emerge when the copper age begins. This is called the *variety human tree*. The variety-form image is different from this tree of the *variety* of religions. There are many types of human being. You know how many religions there are! In the golden age, when it was the new world, there was only the one religion. Those who live abroad also know that ancient Bharat was heaven and that it was very wealthy. This is why Bharat receives a lot of respect. When a wealthy person becomes poor, others have mercy for him. Look how poor Bharat has now become! This too is *part of the drama*. They even say: God is the most merciful One and He comes in Bharat. It is definitely the wealthy who have mercy on the poor. The Father is infinitely the wealthiest who makes us the highest on high. You should also have the intoxication of whose children you have become. We are the children of the Supreme Father the Supreme Soul, Shiva. He is also called the Bestower of Liberation-in-Life and the Bestower of Salvation. Liberation-in-life first exists in the golden age. Here there is bondage-in-life. People on the path of bhakti call out: Baba, liberate me from my bondage. You must no longer call out in this way. You know that the Father is the Ocean of Knowledge, He is explaining to you the essence of the *world history* and

• Words that Baba spoke in English are shown in italics.

geography. He is *knowledge-full*. This one himself says: I am not God. Remain detached from your body and become soul conscious. Forget the whole world including your own body. This one is not God. They are called BapDada. The Father is the Highest on High. This is an old impure body. There is praise of just the One. You have to have yoga with Him. Only then will you become pure. Otherwise, you can never become pure. Then, at the end, there will be punishment through which your sins are settled and you will return home. On the path of bhakti, you listened to the mantra "Hum-so, so-hum". I, the soul, am the Supreme Father, the Supreme Soul, who is the soul. That *wrong* mantra diverted you from God, the Supreme Soul. The Father says: Children, it is completely *wrong* to say "I, the soul, am the Supreme Soul". The significance of the different clans has also been explained to you children. We are Brahmins and we are making effort to become deities. Then, after we become deities, we go into the warrior clan. No one else knows how we take eighty-four births and in which clan. You now understand that you are Brahmins. Baba is not a Brahmin. Only you go into those clans. You have come into the Brahmin religion. You have become the children of Shiv Baba through Prajapita Brahma. You also know that incorporeal souls originally belong to God's family. We souls are residents of the incorporeal world and then we come into the corporeal world. We have to come here to play our *part*. When we come from up there, we take eight births in the deity clan. Then we go into the warrior clan and then the merchant clan. The Father explains: You took this many births in the deity clan and then this many births in the warrior clan. The cycle is of eighty-four births. No one but you can receive this knowledge. Those who belong to this religion will come here. The kingdom is being established. Some will become kings and queens and others will become subjects. The sun dynasty is a dynasty of eight – Lakshmi and Narayan *the First*, then Lakshmi and Narayan *the Second* etc. Then there will also be the *First*, the *Second* etc. in the warrior religion. The Father explains all of these things. When the Ocean of Knowledge comes, bhakti comes to an end. Night comes to an end and it becomes day. There is no type of stumbling there. There is nothing of upheaval there. There is only rest and comfort and nothing but comfort. This *drama* is predestined. The Father comes at the time of the bhakti *cult*. Everyone definitely has to return home. Then you all come down numberwise. After Christ comes, those who belong to his religion also continue to come. Look how many Christians there are! Christ is the seed of Christianity. The Seed of the deity religion is the Supreme Father, the Supreme Soul, Shiva. Your religion is established by the Supreme Father, the Supreme Soul. Who brought you into the Brahmin religion? The Father *adopted* you. Therefore the small Brahmin religion was created through that. "The top-knot of Brahmins" has been remembered. The top-knot is just a symbol. As you come down, the body continues to grow. Only the Father sits and explains all of these things. The Father is the Benefactor and He comes to benefit Bharat. He brings the most benefit to you children. Look at what you become from what you were! You become the masters of the land of immortality. You are now attaining victory over lust. There is no untimely death there. There is no question of dying there. However, you do change your costume just like a snake sheds its skin and takes another. You shed your old skin here and take a new skin in the new world. The golden age is called the *garden of flowers*. There are never any bad words spoken there. Here there is only bad company, because there is the company of Maya. That is why this is called the extreme depths of hell. When a building becomes too old, the municipality orders it to be vacated. The Father says: I come when the world becomes old. There is salvation through knowledge. You are being taught Raja Yoga. There is nothing in bhakti. Yes, by donating and performing charity you receive temporary happiness. Sannyasis inspire the kings to have disinterest in the world. The happiness here is like the droppings of a crow. You children are now taught to have unlimited disinterest in this old world. Now remember the land of happiness! Then you will come here (in the new world) *via* the land of peace. Your accurate memorial of this time is in the Dilwala Temple. You are shown sitting in tapasya, and above you heaven is portrayed. Otherwise, where else would heaven be shown? When a person dies, they say that he has gone to heaven, because they consider heaven to be up above. However, there is nothing up above. Bharat becomes heaven and Bharat becomes hell. This temple is an accurate memorial. All of those temples are built later. There is no bhakti in heaven. There, there is happiness and only happiness. The

Father comes and explains all the secrets to you. The names of all souls keep changing; the name of Shiva never changes. He doesn't have a body of His own. How would He teach without a body? There is no question of inspiration in this. Inspiration means thoughts. It isn't that He gives inspiration from up above and that they reach you. There is no question of inspiration in this. The children who don't have full recognition of the Father, those who don't have full faith are unable to have remembrance of Him in their intellect. They don't know who is teaching them therefore whom would they remember? It is only by having remembrance of the Father that your sins can be destroyed. People have been remembering the oval image for birth after birth because they consider that to be God. That image symbolises Him being incorporeal and not corporeal. The Father says: I too have to take the support of matter. How else could I explain the secrets of the world cycle to you? This is spiritual *knowledge*. Only you spirits receive this *knowledge*. Only the one Father can give this *knowledge*. You have to take rebirth. All *actors* receive their own *part* to play. No one can return to the land of nirvana. No one can attain eternal liberation. Those who become the *number one* masters of the world are the ones who go around the cycle of eighty-four births. They definitely have to go around the cycle. Human beings believe that they can receive eternal liberation. There are so many different opinions! The tree continues to grow. No one can return home. The Father tells you the story of eighty-four births. You children have to study and then teach others. No one but you can give this spiritual *knowledge*. Neither shudras nor deities can give this knowledge. There is no degradation in the golden age. Therefore no one receives this *knowledge*. This *knowledge* is for receiving salvation. The Bestower of Salvation, the *Liberator* and the *Guide* are all One. No one can become pure except through the pilgrimage of remembrance. Otherwise, there definitely has to be punishment and the status is destroyed. Everyone's accounts have to be settled. The Father tells you everything about yourself. What is the need to go into the depths of other religions? Only the people of Bharat receive this *knowledge*. The Father only comes in Bharat and establishes three religions. You are now being taken out of the shudra religion and into an elevated clan. That is the degraded impure clan. You Brahmins now become instruments to purify everyone. This is called the sacrificial fire of the knowledge of Rudra. Rudra Shiv Baba has created this sacrificial fire. The whole of the old impure world will be sacrificed in this unlimited sacrificial fire. Then the new world will be established. The old world has to be destroyed. You are taking this *knowledge* for the new world. Even the shadow of the deities cannot fall onto the old world. You children know that those who came in the previous cycle will come again and take this *knowledge*. They will study this numberwise, according to the effort they make. Human beings want peace here. However, souls are residents of the land of peace. How can there be peace here? At this time there is peacelessness in every home. This is Ravan's kingdom. In the golden age there is the kingdom of total peace. There is one religion and one language there. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father and BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Have unlimited disinterest in this old world and even forget your own body and remember the land of peace and the land of happiness. Have faith in the intellect and stay on the pilgrimage of remembrance.
2. You Brahmins must accurately understand the mantra of "Hum so, so hum" and make effort to change into deities. Tell everyone the accurate meaning of this mantra.

Blessing: May you have as many forms as the Father and receive the accurate *response* of a heart-to-heart conversation with the Father by celebrating a meeting with God.

The Father has many forms so that He can adopt a subtle costume in a *second* from His incorporeal form. In the same way, you should also renounce your *dress* of mud and put on the shining *dress* of your subtle angelic form. Then you will easily experience a meeting and be able to understand *clearly* the *response* in your heart-to-heart conversation with Baba. This is because such a *dress* is beyond the attitude and *vibrations* of the old world and is *waterproof* and *fireproof* against Maya. Maya cannot *interfere* in this.

Slogan: Perform every action whilst remaining in the Father's company and you will remain *double-light*. * *
