

Essence: Sweet children, you have now been heard. At last the day has come when you are becoming the most elevated human beings at this most elevated confluence age.

Question: What corrupt activity, that is also connected with winning and losing, makes human beings unhappy?

Answer: Gambling. Many people have the habit of gambling. This activity is corrupt, because when someone loses there is sorrow and when he wins there is happiness. You children have been given the Father's orders: Children, perform divine actions. Don't perform actions that *waste* your *time*. Constantly make effort to attain infinite victory.

Song: At last the day has come for which we had been waiting...

Om shanti. *Double* Om shanti. You children have to say "Om shanti" and here it is *double* "Om shanti". The *Supreme* Soul, who is called Baba, says it and you children also say it. You children also say: We souls are embodiments of peace. We are residents of the land of peace. We have come to this physical world to play our role. Souls have forgotten this. At last the day has come when you have been heard. What has been heard? You said: Baba, remove our sorrow and give us happiness. All human beings like peace and happiness. The Father is the Lord of the Poor. At this time, Bharat is completely poor. Children, you know that you were very wealthy. Only you Brahmin children know this. Everyone else is in the forest. You children have faith numberwise, according to the effort you make. You know that this One is Shri Shri and that His directions are the most elevated of all. These are God's versions. People chant the name "Rama, Rama" like playing a harmonium. However, Rama was the king in the silver age. He was praised a great deal. He only had 14 degrees – 2 degrees less. It is of him that it is sung: As the king, so the subjects. You are those who become wealthy. Lakshmi and Narayan would be wealthier than Rama. Rama was the king and Rama's subjects... A king is like a bestower. He is said to be the bestower (provider) of food. The Father too is the Bestower; He gives you everything. He makes you children into the masters of the world. Nothing is lacking there for which someone would have to commit sin. There is no mention of sin there. For half the cycle it is the divine kingdom and for the other half it is the devilish kingdom. Devils are those who have body consciousness and the five vices. You have come to the Boatman and the Master of the Garden. You know that you are sitting *directly* in front of Him. Even you children forget this whilst you are sitting here. You must listen to what God says. First, He gives you shrimat in order to make you into the most elevated souls of all. Therefore you must follow His directions. The first and foremost direction He gives is: Become soul conscious! Baba is teaching us souls. Remember this very well! If you remember this word, your boat can go across. It has been explained to you children that only you take 84 births. Only you become satopradhan from tamopradhan. This world is impure and sorrowful. Heaven is called the land of happiness. You children know that Shiv Baba, God, is teaching us. We are His *students*. He is the Father and also the *Teacher*. Therefore we should study well. Divine actions are also needed. Don't perform any corrupt actions! Gambling is included in corrupt actions. That too causes sorrow. When someone loses he experiences sorrow, and when he wins he becomes happy. Now you children have suffered infinite sorrow from Maya. This is a play about infinite victory and infinite defeat. You have been completely defeated by Ravan, the five vices, and you now have to conquer them. You were totally defeated by Maya. You children now have to gain victory over her. You now have to give up gambling etc. Now pay full *attention* to attaining infinite or unlimited victory. Don't perform such activity! Don't *waste* your *time*! Make effort to attain infinite victory over this. The One who inspires you to do this is the powerful Father. He is the Almighty Authority. You have been told that it isn't just the Father who is the Almighty Authority. Ravan too is an almighty authority. For half the cycle it is Rama's kingdom, and for the other half it is Ravan's kingdom. You are now conquering Ravan. Now renounce everything limited and become engaged in the unlimited. The Boatman has come. At last the day has come, has it not? Your call has been heard by the highest-on-high Father. The Father says: Children, you have been stumbling a great deal for half the cycle and have become impure. Pure Bharat was Shiva's Temple. You used to reside in Shivalaya and you are now in the brothel. You worship those who reside in Shivalaya. There is now so much chaos

here caused by all the innumerable religions. The Father says: I destroy all of them. Every one of them has to be destroyed. None of the other religious founders destroys anything. They are not even gurus. They can't grant salvation. Only through knowledge can there be salvation. The Bestower of Salvation for all and the Ocean of Knowledge is only the one Father. *Note* down these words very carefully. There are many who listen to everything, but then as soon as they go outside they leave everything here. It is like when a baby is in the womb's jail, he says: I won't commit any sin. However, as soon as he comes out he leaves behind everything he promised there. As soon as the child grows up he begins to commit sin. He uses the sword of lust. In the golden age even the womb is like a palace. The Father sits here and explains: At last the day has come. Which day? The day of the most elevated confluence age, the age no one knows anything about. You children *feel* that you are becoming the most elevated human beings. We were the highest-on-high beings when it was the most elevated religion. Even our actions were the most elevated of all. There was no kingdom of Ravan there. At last the day has come when the Father has come to teach us. He is the Purifier. Therefore you should follow the shrimat of such a Father. It is now the end of the iron age. A little *time* is needed to become pure. It is said to be the age of retirement after the age of 60, that as soon as one becomes sixty, one needs a stick. Look at people today! Even when they are 80 years old they won't give up vice. The Father says: I enter this one's body in his stage of retirement and explain to him. Souls become pure and go across. It is souls that fly. Now the wings of souls are broken and so they cannot fly. Ravan has cut off those wings; they have become impure. Not a single soul can return home. First of all the Supreme Father goes back. "The procession of Shiva" has been mentioned. There is no procession of Shankar. All of us children follow the Father. The Father has come to take us back. He won't take us back with our bodies. All souls are impure. They cannot return home unless they become pure. When there was *purity*, there was also *peace* and *prosperity*. Only you people who belonged to the original eternal deity religion were there. Now there are those of all the other religions. *Deityism* doesn't exist any more. This is called the kalpa tree. This tree is compared to a banyan tree. Just as that tree has no trunk but the rest of the tree still stands, in the same way, the *foundation* of the deity religion doesn't exist but the rest of the tree still exists. It definitely did exist, but has now disappeared. This will then *repeat*. The Father says: I have come once again to establish the one religion and have all the other religions destroyed. Otherwise how would the world cycle turn? It is said: "The *history* and *geography* of the world *repeat*". It is now the old world, and the new world has to *repeat*. The old world will change and the new world will be established. It is this Bharat that becomes new and old. It is said that Paristhan (Land of Angels) used to be on the banks of the River Jamuna. Baba says: By sitting on the pyre of lust you have become residents of the graveyard. You are now being made into residents of Paristhan. Shri Krishna is called the Ugly and Beautiful One (Shyam Sundar). Why? This doesn't enter anyone's intellect. Their names - Radhe and Krishna - are very good. They are the *princess* and *prince* of the *new world*. The Father says: By sitting on the pyre of lust, the world has become iron-aged. It has been remembered that the children of the ocean burnt away on the pyre of lust. The Father is now raining knowledge on everyone. Then everyone will go to the *golden age*. It is now the confluence age. You are receiving the donation of the imperishable jewels of knowledge. Through these you become wealthy. Each of these jewels is worth hundreds of thousands of rupees. Those people believe that the *versions* of the scriptures are worth hundreds of thousands of rupees. You children are becoming multimillionaires through this study. This is your *source of income*. You are imbibing these jewels of knowledge and also filling your aprons. Those people then say to Shankar: Oh great deity (Mahadev), fill our aprons! They have accused Shankar of so many things! Brahma and Vishnu play their *parts* here. You know and also say that there are 84 births for Vishnu and also for Lakshmi and Narayan. You also say this for Brahma. The Father sits here and explains what is *right* and what is *wrong* and also what role Brahma and Vishnu play. You were deities. You went around the cycle and have become Brahmins. You are now becoming deities again. The whole role is performed here. You see the fun and games of Paradise. Paradise doesn't exist here now. Meera used to *dance*, but all of that is called visions. There is so much respect for her! She had a vision that she was *dancing* with Krishna. But so what? She didn't go to heaven,

did she? It is only at the confluence age that liberation and salvation can be received. You now understand that this is the most elevated confluence age. We are now being changed from ordinary human beings into deities by the Father. You have to understand the *knowledge* of the variety-form image. Those people have these pictures but they don't understand anything about them. The names "Akasur, Bakasur" (names of devils mentioned in scriptures) all come from the confluence age. There is also the name Bhasmasur (devil who burnt himself to death). He burnt away by sitting on the pyre of lust. The Father says: I now enable everyone to sit on the pyre of knowledge and take them back home. All souls are brothers. They say: Hindus and Chinese are brothers, Hindus and Muslims are brothers. However, even brothers are now fighting amongst themselves. It is the soul that performs actions. The soul fights through the body. Sins are accumulated by the soul, and this is why it is said, "A sinful soul". The Father sits here and explains with so much love! Both Shiv Baba and Brahma Baba have the right to say, "Child, child!" The Father says through Dada: Hey children! Do you understand that you souls come here and play a *part* and that at the end Baba comes to purify everyone and take them back with Him? Only the Father comes and gives *knowledge*. He has to come here. People celebrate the birthday of Shiva. After the birth of Shiva, there is the birth of Krishna. Krishna then becomes Narayan. Then, by the end, by going around the cycle, he becomes impure. The Father then comes and makes him beautiful. You Brahmins are now becoming deities. Then you will come down the ladder. This calculation of 84 births is not in the intellect of anyone else. Only the Father can explain to you children. You heard in the song: At last the devotees were heard. They call out: Oh God! Come and grant us the fruit of our devotion! Bhakti doesn't give you any fruit. It is God who gives fruit. He makes devotees into deities. You have done a lot of bhakti. You are the ones who worshipped Shiva first. You *feel* that those who understand these things very well belong to your clan. When it doesn't sit in someone's intellect, you can understand that that soul came later and hasn't done very much bhakti. He will not come here early either. There is the calculation. Those who have done a lot of bhakti will receive a lot of fruit; less bhakti - less fruit. They cannot experience the full fruit of heaven because they didn't worship Shiva from the beginning. Your intellect is now working. Baba is showing you many different methods. Achcha.

To the sweetest, beloved, long-lost now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Fill your apron with the imperishable jewels of knowledge, each one of which is worth multimillions. Imbibe this knowledge in your intellect and then donate it to others.
2. Fully *follow* the elevated directions of Shri Shri. In order to make the soul satopradhan, make full effort to become soul conscious.

Blessing: May you be a tireless destroyer of obstacles and experience all relationships with the one Father.

The children who have all relationships with the Father experience all other relationships to be in name only. They constantly dance in happiness and never experience tiredness. They are always tireless. They remain absorbed in love of the Father and service. Instead of coming to a halt because of obstacles, they are always destroyers of obstacles. Because of experiencing all relationships with the one Father, they remain *double-light* and never have any burden.

Slogan: When there is co-operation of the body, mind and wealth of Brahmins, there is always success.

*** OM SHANTI ***
