

Essence: Sweet children, constantly maintain the happiness that you have completed the cycle of 84 births. You are now going home. Only a few more days of the suffering of karma now remain.

Question: What should the children who are going to conquer sinful actions pay a lot of attention to in order to remain safe from sinful actions?

Answer: Pay attention to never becoming body conscious. Body consciousness is the root of all sinful actions. Therefore, repeatedly become soul conscious and remember the Father. You definitely receive the fruit of good and bad actions. At the end, your conscience will bite you. Therefore, in order to lighten the burden of your sins of this birth, tell the Father everything very honestly.

Om shanti. The greatest destination is that of remembrance. Many of you are only interested in listening to the knowledge. It is very easy to understand this knowledge. You just have to understand the cycle of 84 births and become a spinner of the discus of self-realisation. There is nothing more to it than that. You children understand that you are all the spinners of the discus of self-realisation. It's not that you cut anyone's throat with the discus of self-realisation, as they have shown Krishna doing. Lakshmi and Narayan are the dual-form of Vishnu. Do they have a discus of self-realisation? So why do they show Krishna with a discus? There is a *magazine* in which there are many such pictures of Krishna. The Father has come to teach you Raja Yoga; He doesn't cut the throats of devils with the discus! A devil is one who has a devilish nature. But, otherwise, human beings are human beings! It isn't that He kills everyone with the discus of self-realisation. Look at all the different pictures they have created on the path of bhakti! There is the difference of day and night! You children have to know the world cycle and the complete *drama* because all are *actors*. Those limited *actors* know their *drama*. This *drama* is unlimited. This cannot be explained in *detail*. Those *dramas* last for two hours. The *details* of each one's *part* is known. Here it is a matter of knowing 84 births. The Father has explained: I enter the chariot of Brahma. There also has to be the story of the 84 births of Brahma. These things cannot enter the intellect of human beings. They don't even understand whether there are 8.4 million births or 84 births. The Father says: I tell you the story of your 84 births. If it were 8.4 million births, it would take many years to relate. You know everything in a *second*. This is the story of 84 births. How did we go round the cycle of 84 births? If it were 8.4 million births, it would not be possible to understand them in a *second*. There aren't 8.4 million births. You children should be happy that you have now completed the cycle of 84 births and that you are now to return home. Only a few more days remain of the suffering of karma. You have been shown the way to burn away your sins and how you can reach your karmateet stage. The Father explains: Give Baba in writing all the sins you have committed in this birth and your burden will be lightened. None of you can write about the sins of your many births. Sinful actions continue to be performed. Ever since Ravan's kingdom began, actions have been sinful actions. In the golden age actions are neutral. God speaks: I explain to you the philosophy of karma, vikarma and akarma. The era of the conquerors of sin begins with Lakshmi and Narayan. This is very *clear* in the picture of the ladder. These things are not mentioned in the scriptures. You children understand the secrets of the sun and moon-dynasty kingdoms and how you are those same ones. Many others make pictures of the variety-form but they don't understand the meaning of it. No one but the Father can explain it. There has to be someone above Brahma who would have taught him, has there not? If a guru had taught him, then that guru would not have just one disciple. The Father says: Children, you have to become impure from pure and pure from impure. This too is fixed in the *drama*. You have been through this cycle many times. You will continue to *pass* through it. You are *all-round* actors. No one else plays a *part* from the beginning through the middle till the end. The Father only explains to you. Then you also understand that those of other religions come at such and-such a time, whereas you have an *all-round part*. You wouldn't say that the Christians existed in the golden age. They come in the middle of the copper age.

• Words that Baba spoke in English are shown in italics.

Only you children have this *knowledge* in the intellect and you are able to explain it to anyone. No one else knows the beginning, the middle and the end of the world. They don't know the Creator. Therefore how could they know about creation? Baba has told you to print these *righteous* things and drop them everywhere from an *aeroplane*. Sit and write about these *points* and *topics*. Some children say that they have no service to do. Baba says: There is a great deal of *service* to do. You can sit here in solitude and do this work. You have to awaken all the big organisations and Gita Pathshalas. You have to give everyone the message: This is the most elevated confluence age. Sensible ones will understand very quickly. The establishment of the new world and the destruction of the old world must definitely take place at the confluence age. In the golden age human beings are elevated. Here, human beings are impure and have a devilish nature. Baba has also explained that many people go to bathe at the Kumbha mela. Why do they go to bathe there? Because they want to become pure. Go to wherever people go to bathe and do *service* there. Explain to people that that water is not the Purifier. You also have the pictures. Go to the Gita Pathshalas and distribute these leaflets. Some children ask for *service* to do. Sit and write that the God of the Gita is the Supreme Father, the Supreme Soul Shiva, and not Shri Krishna. Write the praise of his *biography*. Write Shiv Baba's *biography*. Then they can *judge* for themselves. Also, write *points* as to who the Purifier is. Then show the difference between Shiva and Shankar. Baba has also explained how Shiva is separate from Shankar. The cycle is 5000 years. People take 84 births and not 8.4 million births. Write these main things briefly so that the leaflets can explain these things that can be dropped from an *aeroplane*. It is *clear* in the picture of the cycle that such-and-such a religion is established at such-and-such a time. You should also have the picture of this cycle. Therefore, you can have *calendars* printed with 12 main pictures in which all the knowledge can be given and then *service* can take place easily. These pictures are absolutely essential! Sit and write what pictures you have to create and what *points* you have to write in them. You are transforming this old world in an incognito way. You are the *unknown warriors*. No one knows you. Baba is incognito and the *knowledge* is incognito. No scriptures are created out of it. Other religious founders have their Bible etc. printed which people have continued to read. Each one has his own scripture printed. Yours is printed on the path of bhakti. It is not printed at the present time because all the scriptures etc. now are to be destroyed. At present, you must simply have remembrance in your intellect. The Father has knowledge in His intellect. He doesn't study scriptures etc. He is the *Knowledge-full One*. People think that "the *knowledge-full One*" means the One who knows what is in the heart of each one, that God sees everything and that this is why He gives the fruit of actions. The Father says: This too is fixed in the *drama*. Whatever sins you commit in the *drama*, you continue to accumulate an account of punishment for them. You definitely have to receive the return of good and bad actions. There is nothing in writing about all of this. Human beings understand that they definitely receive the fruit of their actions in the next birth. In their final moments, their conscience bites them a great deal for the various sins they committed. They remember everything. As your actions so the birth you receive. You are now becoming conquerors of sin. Therefore no such sins should be committed. The greatest vice is to become body conscious. Baba repeatedly tells you to become soul conscious and remember the Father. You have to remain pure. The greatest sin is to use the sword of lust. This causes sorrow from its beginning through the middle to the end. This is why sannyasis say that happiness is like the droppings of a crow. There is no mention of sorrow there. Here there is only sorrow. This is why sannyasis have disinterest. However, they go away into the forest. Their disinterest is limited, whereas your disinterest is unlimited. This is a dirty world. Everyone says: Baba, come and remove our sorrow and grant us happiness. Only the Father is the Remover of Sorrow and the Bestower of Happiness. Only you children understand that in the new world it was the kingdom of deities. There was no type of sorrow there. Although when someone leaves his body people say that he has become a resident of heaven, they don't believe themselves to be in hell or that they can go to heaven when they die. Did the one who died go to heaven or did he come back here to hell? They don't understand anything! You children can explain the secret of the 3 fathers – the lokik, the parlokik, and this alokik One – to everyone. Everyone can understand about the 2 fathers – the lokik and the parlokik. The third one – the alokik

Prajapita Brahma – exists at the confluence age. Brahmins are also needed. Those brahmins are not the creation born through the mouth of Brahma. They do understand that Brahma existed, which is why they say, “Salutations to the brahmins who are to become deities!” They neither know to whom they say this nor to which brahmins they refer. You are the Brahmins who belong to the most elevated confluence age. They belong to the iron age. This is the most elevated confluence age when you change from ordinary human into deities. The deity religion is now being established. You children must imbibe all of these *points* and then do *service*. At the time of worshipping and offering food to a departed spirit they invite a brahmin priest. You can have a chat with them and tell them: “We can make you into true Brahmins!” It is now the special month of feeding departed spirits. This has to be done with tact. Otherwise it will be said that when people go to the Brahma Kumaris they stop doing everything. You mustn't do anything to upset anyone. Give this knowledge with tact. Those brahmins will definitely come. It is only at that time that you can give them this knowledge. You can do a lot of *service* of worldly brahmins in this month. Tell them: “You Brahmins are the children of Prajapita Brahma. Tell us, who established the Brahmin religion?” You can benefit them whilst sitting at home. People who go on pilgrimage to Amarnath will not be able to understand as much from the writing. Explain to them whilst sitting there: We are going to tell you the true story of Amarnath. Only the One is called Amarnath. Amarnath means the One who establishes the land of immortality. That land is the golden age. Serve them in this way. You have to go there on foot. Go there and explain to good and eminent people. You can also give this knowledge to sannyasis. You are benefactors for the whole world. Your intellect should have the intoxication that you are bringing benefit to the whole world by following shrimat. Achcha.

Essence for Dharna:

1. When you have time to sit in solitude, churn the good *points* of knowledge. Then write about them. Think of ways to give everyone the message and how to benefit everyone.
2. In order to remain safe from sinful actions, be soul conscious and remember the Father. You must no longer perform sinful actions. Tell BapDada honestly about the sins you have committed in this birth.

Blessing: May you be a master creator and sit on the *seat* of the stage of the original self and gain victory over adverse situations.

An adverse situation comes through nature. That is why adverse situations are creation and someone who has the original stage of the self is a creator. It is impossible for a *master* creator, a *master* almighty authority, ever to be defeated. It is when you leave your *seat* that you are defeated. To leave your *seat* means to become powerless. You automatically receive power on the basis of this *seat*. Those who come down from this seat are affected by the dust of Maya. BapDada's beloved Brahmin children who have died alive must never play with the mud of body consciousness.

Slogan: The right seat to make accurate decisions is the stage of a detached observer.
