

Essence: Sweet children, just as the Father is the *Guide*, so too, you must become *guides* and show everyone the path home. Become a stick for the blind.

Question: What secret in this eternal predestined *drama* do only you children know?

Answer: No *actor* in this eternal predestined *drama* can either be *added* or taken out. No one receives eternal liberation. Some say: We don't want to enter into this cycle of coming and going. Baba says: Yes, this is possible for some of the time, but no one can be completely freed from playing his *part*. Only you children know this secret of the *drama*.

Om shanti. You sweetest children know who is called Bholanath. Only you confluence-aged children can know Him. Iron-aged people don't know Him even slightly. The Father is the Ocean of Knowledge. He is the One who gives the knowledge of the beginning, the middle and the end of the world. He gives His own introduction. You children now understand this. However, previously, you didn't understand anything. The Father says: I come and make Bharat into heaven; I give you your unlimited inheritance. I give the unlimited inheritance which you are now claiming. You know that you are now claiming your unlimited inheritance of happiness from the unlimited Father. This *drama* is predestined. Not a single *actor* can be *added* or taken out. Everyone has received his own *part*. There cannot be eternal liberation. Whatever religion someone belongs to, he will go into that religion again. Although Buddhists and Christians may want to go to heaven, they cannot go there. Their *part* only begins when their religious founder comes. This is in the intellects of you children. At this time, all the human beings of the world are atheists because they do not know the unlimited Father. It is human beings who should know Him, is it not? This is a theatre of human beings. Each soul comes from the land beyond sound to play his *part*. Those people make effort to go to the place beyond sound (Nirvana). It is said that Buddha went to Nirvana. However, it isn't the body of Buddha that goes there, it is the soul that goes. The Father explains: No one can go there yet because no one can come out of the *drama*. No one can receive eternal liberation. This is predestined in the *drama*. Some human beings say that there is liberation, and it's for liberation that they continue to make effort. Similarly, the Jains continue to make effort. They have their own customs and systems and they have their own guru in whom they believe. However, no one receives eternal liberation. You know that we are all actors in this *drama*. No one knows when they came or how they will return. Animals will not know this. Human beings say: We are *actors* who are playing our *part*. This is the field of action where souls live (in their body). The other place isn't called the field of action. That is the incorporeal world. There are no fun and games there; there are no *acts* performed there. You come down from the incorporeal world to the corporeal world to play your *part*. Your part continues to *repeat*. Annihilation never takes place. The Mahabharat War is portrayed in the scriptures. It is written that the Yadavas and Kauravas died and that only the five Pandavas remained. Then even they melted away and died in the mountains and nothing remained. They believe from this that annihilation took place. They just made up these stories. Then they show how a child came sucking his thumb on a pipal leaf in the sea. Now how can the world be created through him? Human beings say, "It's true! It's true!", to whatever they hear. Now you children know what sort of things have also been written in the scriptures. All of the scriptures belong to the path of bhakti. There is only one God, the Father, who gives the fruit of bhakti to bhagats. Some have liberation, others, liberation-in-life. When it is time for the *part* of each soul to start, that soul will come down again. No one but you children knows the secret of the *drama*. It is said: We neither know the Creator nor creation. It is said of someone who is an *actor*, that doesn't know the beginning, middle or end of the *drama* or its *duration*, that he has no understanding. Even when you explain to them they don't understand. Because they believe in 8.4 million years they say that the *duration* of the cycle is millions of years. Now you understand that we come to Baba cycle after cycle in order to claim the kingdom of the world. You say: We also met You 5000 years ago to claim our unlimited inheritance. Everyone, the kings and queens, as well as the subjects, all become masters of the world. The subjects too say: We are the masters of the world! The moon dynasty kingdom doesn't exist when you become masters of the world. You children know the whole cycle of the beginning, middle and end of the drama. Human beings don't even know the ones they worship on the path of bhakti. They ought to know the *biography* of those whom they worship! You children now come to know everyone's

biography from the Father. You now belong to the Father. You know the Father's *biography*. That Father is the Purifier, *Liberator* and *Guide*. He calls you Pandavas. You become *guides* for everyone. You are the stick for the blind and show everyone the path. Just as the Father is the *Guide*, so you too have to become the same. You have to show everyone the path. You are souls and He is the Supreme Soul. You receive an unlimited inheritance from Him. There was the unlimited kingdom in Bharat, but that no longer exists. You children know that you claim your inheritance of unlimited happiness from the unlimited Father, that you are becoming deities from ordinary human beings. We were deities and then, having taken 84 births, we became shudras. The Father has come to change us from shudras to Brahmins. Brahmins are definitely needed for a yagya (sacrificial fire). This is the sacrificial fire of knowledge. In Bharat they create many sacrificial fires. In this, it is especially the Arya Samaji's community who create many sacrificial fires. This is the sacrificial fire of Rudra in which the whole of the old world is to be sacrificed. Now you have to use your intellect for this. In the iron age, there are so many human beings. It is such a big old world and it will all be destroyed. Nothing will be of any use. In the golden age everything will be new. Here there is so much filth! Human beings too are dirty! The wealthy live in very nice palaces. Poverty-stricken people are stuck in squalor, in huts. These huts are now being *destroyed*. They are being given other places in which to live, and they (the Government) continue to sell that land. When they don't leave, they are forced to. The poor have a lot of sorrow. Even the happiness of those who are happy isn't permanent. If there were happiness, why is it said that happiness is like the droppings of a crow? God Shiva speaks: I am opening the gates of heaven through these mothers. The urn of knowledge is placed on the head of the mothers. They then distribute the nectar of knowledge to everyone. However, yours is the family path. You are true Brahmins, so you enable everyone to sit on the pyre of knowledge. You are now to become part of the deity community. The impure community is the kingdom of Ravan. Gandhi used to say that there should be the kingdom of Rama. Although they call out, "Oh Purifier come!", they don't consider themselves to be impure. The Father has awakened you children. You have come from extreme darkness into total light. Human beings think that they will become pure by bathing in the Ganges. All the waste of Haridwar is dropped into the Ganges. In some places all of that waste is taken to farmland. That doesn't happen in the golden age. There, there is so much grain, there is no need to spend money. Baba is experienced. Previously, grain used to be so cheap. In the golden age, there are very few people and everything is cheap. Therefore, Baba says: Sweet children, you now have to change from impure to pure. He shows us a very easy way: Consider yourself to be a soul and remember the Father. It is because impurity is mixed in the soul that it becomes *guided*. Those who had a divine intellect have now become those with a stone intellect. You children have now come to the Father to change from lords of stone to lords of divinity. The unlimited Father is making you into the masters of the world and that too of the *golden-aged* world. This is the *iron-aged* world. The Father sits here and makes you children into the masters of the divine world. You know that all the palaces etc. here will be of no use. All of them will be destroyed. What is there here anyway? America has so much gold! Even the little gold here that the mothers have, will be taken away because gold has to be used to clear debts. There, you have only gold and more gold! Here there are shells and there, there will be diamonds. This is called the *iron age*. Bharat is the imperishable land; it is never destroyed. Bharat is the most elevated land. You mothers uplift the whole world. A new world is definitely needed for you. The old world has to be destroyed. These matters have to be understood. You also have to work for your livelihood. You don't have to renounce anything. Baba says: Whilst doing everything, continue to remember Me. Even on the path of bhakti you were remembering Me, the Beloved. You said: Come and make us beautiful from ugly. He is called the Traveller. You are all travellers, are you not? Your home is there, where all souls reside. You enable everyone to sit on the pyre of knowledge. You will return home having finished all accounts. Then you will come again and start anew. To the extent that you stay in remembrance, so you will become pure and claim an elevated status. The mothers have time. The intellect of *males* keeps turning to their business etc. This too is why the Father has placed the urn on the head of the mothers. Here the wife is told that her husband is her god, her guru, her everything and that she's his servant. Now, once again, the Father makes you mothers so elevated! It is you women who uplift Bharat. Some of you ask Baba if it is possible to be freed from this coming and going. Baba says: Yes, for some of the time. However, you children play an *all-round part* from the beginning to the end. The others stay in the land of liberation. They only have a small *part* to play. They are not going to go to heaven. Liberation from the coming and going is only said of those who just come at the end and return. They cannot listen to knowledge etc. It is those who play a *part* from the

beginning to the end who listen to this knowledge. Some souls say that they only like it there, that they just want to stay up there. How can that be? It is fixed in the *drama* that, after going there, they definitely come at the end. For the rest of the time, they stay in the land of peace. This *drama* is unlimited. Achcha!

To the sweetest, beloved, long-lost, now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Be a true Brahmin and distribute the nectar of knowledge to everyone. Enable everyone to be seated on the pyre of knowledge.
2. Whilst doing everything and carrying on with your business for your livelihood, stay in remembrance of the Father and change from impure to pure, and remind everyone of the Father.

Blessing: May you be a subtle effort-maker who creates an economical budget for all treasures. In a worldly way, if a household isn't run economically it isn't run well. In the same way, if the children who are instruments for a centre are not economical, then the centre cannot run very well. That household is limited, whereas this household is unlimited. Therefore, check what extravagance there has been in your thoughts, words and powers. Only those who budget all their treasures economically and use them accordingly are called subtle effort-makers. Nothing of their thoughts, words, deeds or their power of knowledge can be wasted.

Slogan: Those who are constantly absorbed in yoga experience co-operation, and become victorious.
