

Essence: Sweet children, experience happiness as you repeatedly remember God. Remember the Father and all the pain and suffering of the body will be removed and you will become free from disease.

Question: At this time you children are on a battlefield, and so what is the basis of victory and defeat?

Answer: By following shrimat there is victory and by following the dictates of your own mind or others there is defeat. On one side are those who follow the dictates of Ravan and on the other side are those who follow the directions of Rama. The Father says: Children, Ravan has harassed you a great deal. Now connect your intellect's yoga with Me and you will become the masters of the world. If you follow the dictates of your own mind for one reason or another or if there is any conflict and you stop studying, Maya will turn your face away and you will be defeated. Therefore, remain very, very cautious.

Song: Look at the condition Your world is in, dear God...

Om shanti. Human beings have to change so much. Only you Brahmin children know this. Human beings can become the highest-on-high and then those same human beings also become the lowest-on-low. Human beings can become the masters of the golden-aged satopradhan world and human beings can become tamopradhan and *not worth a penny*. You now know all of this from the unlimited Father. Only the One is the Purifier and the Bestower of Salvation. He alone purifies everyone. Ravan then makes everyone impure. Then the Supreme Father, the Supreme Soul, comes and makes you so elevated. This is why it is sung that God's ways and means are totally unique. His praise is also unique compared to everyone else's. The praise of the Father is limitless because no one else can give directions such as He does. They are called Shrimad Bhagawad. There are directions from everyone. There are the directions of a *barrister*, directions of a *surgeon*, directions of a laundryman, of sannyasis etc. Even then, it is sung: God, Your ways and means are unique. The directions You give are unique. The Supreme Father, the Supreme Soul, is the Highest-on-High and the most elevated of all. These are not the directions of a human being or deity. Amongst you also, only those who have firm faith in the intellect understand this aspect very well and are able to explain to others. They know how elevated they become by following Baba's shrimat. Baba is *full of love and peace*. He is *full* in everything and so you have to receive your *full* inheritance from Him. What is the *full* inheritance? To become a *number one* master of the world. Or, at the least, to become threaded in the sun-dynasty rosary. We were worthy-of-worship and then we became worshippers. The whole world turns the beads of His rosary. They definitely remember God whilst turning the beads of the rosary. However, they don't know the meaning of that remembrance. It is said: Remember God at every moment and experience happiness, that is, there has to be remembrance of One alone. So why do people remember everyone? The Father says: Don't remember everyone. Remember just Me alone. Remember Me, the Father, a great deal. By remembering Me you will come to Me. I give you the *direction*: Whilst living at home with your family, simply remember Me, your Father. This is such an easy method. It is said: Remember God and experience happiness, that is, attain the status of liberation-in-life. Then all the pain and suffering of your body will be removed. There your body will not have any disease. The Father is now personally speaking to you children directly. You listen to Him and then tell others. This *tape-recorder* relates everything the best of all. It will not *miss* anything even slightly. However, you would not be able to see the *expressions*. You would be able to understand with your intellect that Baba explains in this way or that way. This *tape machine* is a mine of treasures. Human beings donate scriptures or they print Gitas to donate them. This *tape recorder* is such a *wonderful* thing. It is a little sensitive and so it has to be used with care. This is a *hospital-cum-university*. It can give everyone an inheritance of *health* and *wealth*. Everything is received from the murli. However, Maya is so attractive that she makes you forget everything. Either Ravan attracts you or Rama attracts you. Rama attracted you once and then Ravan pulled you for half the cycle and completely spoilt you. Here, everything is tamopradhan. Even the 5 elements are tamopradhan. In the golden age the 5 elements will be satopradhan. There is such a huge income. Who receives that though? Only a handful out of multimillions. It takes so much effort to change those who have a monkey intellect into those with an intellect worthy of sitting in a temple. The whole

world has become a brothel. Then I, Myself, come and change it into the Temple of Shiva. Bharat used to be the Shiva Temple and now Ravan has made it into a brothel. Each exists for half the cycle. The Father says: Children, now do a lot of service. Those people simply say for the sake of saying it: Oh Purifier, come! However, they don't know anything. There are so many opinions. God Himself says: This is a corrupt world. Human beings become corrupt through vice. Lust is the greatest enemy of all. These vices do not exist there. This Bharat is the *birthplace* of the *most beloved* Father. People burn an effigy of Ravan who is an enemy. They even create images of the goddesses, worship them and then sink them. All of that is blind faith. Priests *convert* many when they hear these things. All of it is the destiny of the drama. However, they make a lot of effort. At this time the whole world is in the kingdom of Ravan. At this time everyone is following the dirty directions of Ravan. They have said that the Supreme Father, the Supreme Soul, whose praise is the greatest, is omnipresent. There isn't any other enemy of human beings. It is because of Maya that human beings are suffering. Only the one Father comes and liberates you from that. No one else can liberate you. God, I have come to seek refuge with You! Maintain my honour, God! There is a song like this. You are now saved from Ravan. Ravan has harassed you so much. Baba says: Ravan alone takes you to the other side. The Father says: Follow My directions. Ravan then makes you forget them. The Father comes to make you into the masters of the world. Some even promise in writing written with their blood and in spite of that Maya makes them forget everything and turn their face away. All of this is a matter of the intellect. The Father says: Children, you now have to return home. Therefore, remember Me and you will become elevated. The Father says: Children, never forget shrimat. However, due to one reason or another or because of the dictates of your own mind, or because of some complication you leave the Father. This is called a battlefield. On one side are those who follow Ravan's directions and on the other side are those who follow Rama's directions. Oh but at least claim your inheritance of heaven from God! All these people are claiming it. Are they all fools? You are also God's child, so you too should claim your inheritance. The Supreme Father, the Supreme Soul, is creating a new world through Brahma. Its not like this, that He creates deities through Vishnu. He is creating the land of Vishnu through Brahma. You say: OK, it's fine that we will claim our kingdom in the kingdom of Vishnu. Then, whilst sitting here, they disappear. Because of one reason or another there is a conflict of opinion. When they experience any bondage or someone says something, they forget everything. Look, there are so many B.K.s. They are all claiming their inheritance from the Supreme Father, the Supreme Soul. Some are studying very well, but when they go out, they forget everything. Maya corrupts their intellect. So much effort is made to explain to them. Children take leave from their work many times to go and serve somewhere. They wish to have mercy for everyone because no one in the world is as unhappy and *not worth a penny* as they are. Everyone's wealth and prosperity will turn to dust. However, yours is a true income. You will go back with your hands full whereas everyone else will go with empty hands. All of you know that destruction is definitely going to take place. Everyone says that this is the same Mahabharat War; death will come to everyone. However, they don't know what is going to happen. The Father Himself says: I have come to take all of you back home. I am called Death, the Great Death. Death is just in front of you. Therefore, follow My directions and also claim a high status. There are different levels of status even in liberation-in-life. All the religious founders will go and sit in liberation. When they first come they are *satopradhan* and then they go through the stages of *sato*, *rajo* and *tamo*. There are the highest and lowest, *beggars* and *princes*. At this time Bharat is the lowest and most impure. Tomorrow, it will become a pure *prince*. The deity religion is one that gives a lot of happiness. There cannot be as much happiness in any other religion. You children were the masters of the golden age and have now become the masters of hell. Then you will take the first birth in the golden age. No one understands the meaning of "hum so". I, a living being, an embodied soul, am a Brahmin at this time. Before that, I was a shudra. Tomorrow, I will become a deity and then a warrior. Then I will go into the merchant dynasty and then the shudra dynasty. It is now our stage of ascent. In the golden age you won't have this knowledge. Before, we were in the stage of descent. Baba takes you into the stage of ascent. However, this knowledge doesn't sit in anyone's intellect because the yoga of their intellect is not connected with Me. This is why their intellect doesn't become a *golden-*

aged vessel. The Father says: Don't just say "Baba, Baba" with your lips but remember Baba internally in such a way that your final thoughts lead you to your destination. Renounce the consciousness of the body and consider yourself to be a soul. The more you consider yourself to be a soul and remember the Father, the more your sins will be absolved. There is no other method. God speaks: You have to explain to everyone that all the sacrificial fires, tapasya and donations you have been making cannot lead you to Me. At this time you are absolutely impure. Not a single person has been able to come to Me. In a play all actors remain till the end. When the play ends, everyone returns home. Souls continue to increase in number (down here). No one can go back in between. Those who carried out establishment are also sitting here. You take 84 births. The tree has to reach the state of total decay. These are very good matters to be understood. You also have to remain very cautious so that Maya doesn't deceive you. Turn your face upwards and go back in happiness. (The face of a corpse is turned around). Baba says: Keep your face towards heaven and your feet towards hell. This is why such an image of Krishna has been made. He becomes the ugly and beautiful one. You become number one beautiful ones and this is why it is said that it didn't take God long to change humans into deities. That is, it is the Father's task to change the iron age into the golden age. You children know that you are establishing a kingdom of the world by following shrimat and then you will go and rule there. There is no need to have sacrificial fires or do tapasya for that. Baba gives you directions through this one to remember Him. A kingdom is now being established. You can claim whatever status there that you want, just as this Mama is now gyan-gyaneshwari and she will then become a princess. This is the knowledge of Raja Yoga. Therefore, you should study so well in such a college. The Father says: Today, I am giving you very good points. Therefore, pay full attention! Also bring benefit to your friends and relatives. Those who have it in their fortune can be uplifted. Go to the temple of Shiva and give lectures. Shiv Baba has come to change hell into heaven. Many will come here to become this. You have a very strong battle with Maya. Very good children who are today intoxicated disappear tomorrow. You know that the old world is going to be destroyed. You will shed your old body and then go and set foot in the new world. This Delhi will be the land of angels. Now, in order to go to the land of angels, become a beautiful flower! Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Renounce body consciousness and remember Baba internally so that your final thoughts lead you to your destination. Make your intellect *golden-aged* through remembrance.
2. Never stop studying because of following the dictates of your own mind or due to a conflict of opinion. Keep your face towards heaven and forget hell.

Blessing: May you be full of success by taking an accurate decision with the cleanliness of your mind and intellect.

In any task, only when your intellect takes the right decision at the right time can there be success. However, the power to decide only works when your mind and intellect are clean and there is no rubbish in them. Therefore, burn the rubbish with the fire of yoga and cleanse your intellect. Any type of weakness is rubbish. Even the slightest wasteful thought is rubbish. Only when this rubbish is destroyed will you remain carefree. Then, because of having a clean intellect, you will attain success in every task.

Slogan: Let elevated and pure thoughts constantly remain *emerged* and all waste will automatically become *merged*.
