

Essence: Sweet children, forget the consciousness of your old body. Remove your attachment to it and you will receive a *first-class* body. That body is already finished.

Question: What is the firm discipline of this drama that human beings don't know about?

Answer: When there is knowledge there is no devotion and when there is devotion there is no knowledge. When the world is pure, there are no impure beings and when the world is impure, there are no pure beings. This is the firm discipline of the drama that human beings don't know about.

Question: What would you call the true sacrifice at Kashi?

Answer: Not to remember anyone at the end. Let there be the remembrance of only the one Father. This is the true sacrifice at Kashi. To sacrifice yourself at Kashi means to *pass with honours* so that there isn't the slightest punishment experienced.

Song: I have come to Your doorstep having taken an oath...

Om shanti. The Father explains to you children because you have made the Father belong to you and the Father has made you belong to Him, for He has to liberate you from the land of sorrow and take you to the land of peace and the land of happiness. You are now becoming worthy to go to the land of happiness. Impure human beings cannot go to the pure world. It isn't the law. Only you children know this law. At this time, human beings are impure and vicious, just as you were impure. You are now ending all your habits and becoming deities full of all virtues. In the song, it says: I have come to You to die alive, that is, to belong to You. Then, whatever directions You give us... because Your directions are the most elevated. All other directions are devilish directions. For so long, we didn't even know that we had been following devilish dictates. Nor did people of the world understand that they are not following God's directions, but are following Ravan's directions. Baba says: Children, you have been following Ravan's directions for half the cycle. That is the path of devotion, the kingdom of Ravan. It is said that the kingdom of Rama is the path of knowledge and the kingdom of Ravan is the path of devotion. There is knowledge, devotion and disinterest. Disinterest in what? Disinterest in devotion and the old world. Knowledge is day and devotion is night. Day follows night. There is disinterest in devotion and the old world. This is unlimited *righteous* disinterest. The disinterest of the sannyasis is different. They simply have disinterest in the home and family. That too is fixed in the drama. Limited disinterest means renunciation of the household. The Father explains how you can have unlimited renunciation. You are a soul. On the path of devotion, you have no knowledge of the soul or the Supreme Soul. They don't know anything about the soul, what it is, where it has come from and what part it has to play. In the golden age you have knowledge of just the soul. I, the soul, shed a body and take another. There, there is no need for knowledge of the Supreme Soul. This is why they don't remember God. This drama is created in this way. The Father is *knowledge-full*. The Father has knowledge of the beginning, the middle and the end of the world cycle. The Father has given you knowledge of the soul and the Supreme Soul. Ask anyone what the form of a soul is and he will say that it is light. However, they don't know what it is. You now know that the soul is an absolutely tiny point, a *star*. Baba is also like a *Star*. However, He has a lot of praise. The Father now personally sits in front of you and explains how you can attain liberation and liberation-in-life. By following shrimat you can claim a high status. People make donations, perform charity and have sacrificial fires. They believe that God will have mercy on them and take them away from here. They don't know in what form they will find God, but that they will definitely find Him in one form or another. Ask them when they will find Him and they will say: A lot of time still remains; we will meet Him at the end. Human beings are in total darkness. You are now in the light. You have now become instruments to make impure ones pure in an incognito way. You have to do everything with a lot of peace. Explain with so much love that human beings change from humans into deities, that is, from shells into diamonds, at the click of your fingers. The Father now says: I have to come every cycle to serve you children. Also explain how this world cycle continues. There, deities live with a lot of pleasure. They received an inheritance from Baba. There is no question of worry. The *Garden of Allah* is remembered. There used to be palaces studded with diamonds and jewels there. They were very wealthy there. At this time Baba is making you very wealthy with the jewels of

knowledge. You will then receive a *first-class* body. Baba says: Now renounce body consciousness and become soul conscious. The body and all bodily relations are *material*. Have the faith that you are a soul. You have the knowledge of 84 births in your intellect. The play is now coming to an end and so you now have to return home. Let it remain in your intellect that you now have to let go of everything *material*. Only then will you be able to connect your intellect's yoga with the Father and your sins will be absolved. Whilst living at home with your family, live like a lotus. Remain beyond and detached. Someone who goes into the stage of retirement moves away from the home and goes and stays with the sages. However, they don't have the knowledge of what they are going to receive. In fact, attachment can only be removed when you are also aware of the attainment. In the final moments, your children etc. should not be remembered. This is why you move away from them. Here, you know that by removing your attachment to this old world you will become the masters of the world. The income here is huge. Whatever else everyone does, they only study for temporary happiness. They perform devotion for temporary happiness. Meera had visions, but she didn't attain a kingdom. You know that you receive a great prize by following Baba's directions. You receive so many *prizes* for establishing *purity, peace and prosperity*. The Father says: Now continue to remove the consciousness of the body. I will give you a *first-class* body and bodily relations in the golden age. There is no name or trace of sorrow there. This is why you must follow My directions *accurately*. Mama and Baba follow them and this is why they receive the first kingdom. At this time you become a goddess of knowledge and then you become a princess in the golden age. When you have become kings of kings through knowledge from God, this knowledge won't remain. You have this knowledge at this time. Now break the consciousness of the body. Forget "my wife, my child" etc. All of them are already dead. Even your body is dead. I have to go to the Father. At this time no one has knowledge of the soul. They have knowledge of the soul in the golden age. In that too, at the end when the body becomes old, the soul says: My body has now become old and I now have to take a new body. You first have to go to the land of liberation. In the golden age you won't say that you want to return home. No. This is the time to return home. Here, whilst personally sitting in front of you, Baba hammers you so much and makes these things sit in your intellect. There is the difference of day and night between listening to the murli directly and in reading the murli. The soul has now received recognition. That is called the eye of knowledge. Such a vast and unlimited intellect is required. Such a big part is recorded in a soul as tiny as a *star*. Now we will also run after Baba. Everyone's body is to be destroyed. The *world history* and *geography* have to *repeat*. You mustn't leave your home and family. Simply remove your attachment to them and become pure. Don't cause anyone sorrow. First of all churn knowledge and then relate it to everyone with love. Shiv Baba doesn't churn the ocean of knowledge. This one does it for the children. Nevertheless, you must consider it to be Shiv Baba who is explaining to you. This one doesn't feel that it is he who is speaking it. Shiv Baba is relating it. This is called being egoless. Remember Shiv Baba alone. The father relates to you what he churns. Now you children should also *follow* him. As much as possible, continue to talk to yourself. You should also stay awake at night and think about this. You mustn't do this whilst lying down, but get up and sit down to do this. I, the soul, am such a tiny point. Baba has explained so much knowledge. It is the wonder of the Father who gives us happiness! The Father says: O children who conquer sleep, you have to forget your body and all bodily friends and relations. All of this is going to be destroyed. We have to claim our inheritance from Baba. Remove your attachment to everyone else and remain pure whilst living at home with your family. Even if you leave your body, there shouldn't be any attraction to it. You now have to truly sacrifice yourself at Kashi. Kashinath Shiva Baba Himself says: I have come to take all of you back. You will now have to sacrifice yourselves at Kashi. *Natural calamities* are also going to take place. At that time you have to stay in remembrance. The people who used to sacrifice themselves would stay in remembrance and jump into the well. However, nothing is attained by jumping into the well. Here, you have to become such that you don't have to experience punishment. Otherwise, you won't be able to claim such a high status. Only through remembrance of Baba are sins absolved. Together with this, you also have the knowledge that you will go around the cycle of 84 births. By imbibing this *knowledge*, we will become rulers of the globe. You mustn't perform any sinful actions. If you want any advice, you can ask Baba. I

be destroyed. The world must be

Simply rem 2/3 your attachment

churn knowledge and then relate

has come to take all of you

alone am the *Surgeon*. You can ask Me personally or through a letter, but Baba will show you the path. Baba is such a tiny *Star* and His praise is so great! It was because He performed those tasks that His praise is sung. God alone is the Bestower of Salvation for All. It is the Supreme Father, the Supreme Soul, the Ocean of Knowledge, who gave this one knowledge. Baba says: Children, remember Baba alone and become extremely sweet. Shiv Baba is so sweet. He continues to explain to everyone with so much love. Baba is the Ocean of Love and so He would definitely love you. Baba says: Sweet, sweet children, don't cause anyone sorrow through your thoughts, words or deeds. Even if someone has enmity for you, you mustn't have any thought of causing sorrow in your intellect. Tell everyone things of happiness. Don't have any kind of ill-feeling for anyone. Look how they seat Shanakracharya on such big silver thrones! Here Shiv Baba, who changes you from shells into diamonds, should have a diamond throne, but Shiv Baba says: I enter an impure body and the impure world. Look at the type of seat Baba has taken. He doesn't ask for anything for Himself to live in. He can be made to live anywhere. It is sung that you saw the One who does everything covered with a quilt. God comes and sits in this one. The Father has now come to make you into the masters of the *golden-aged* world. He says: I don't even have three square feet of land in this impure world. You are the ones who become the masters of the world. This is My part in the drama. I have to grant happiness even on the path of devotion. Maya makes you very unhappy. The Father liberates you from sorrow and takes you to the land of peace and then the land of happiness. No one knows this play. At this time, one is the pomp of devotion and the other is the pomp of Maya. Look what *science* has created! People think that they are sitting in heaven. The Father says: All of that is the *pomp of science*. All of that is now about to be destroyed. All of those huge buildings etc. will fall. Then this *science* will be useful to you in the golden age to grant you happiness. Destruction will take place through this *science*. Then you will experience a lot of happiness through it. This is a play. You children have to become very, very sweet. Mama and Baba don't cause anyone sorrow. They continue to explain: Children, don't ever fight amongst yourselves. Don't ever lose the honour of the Mother and Father. Remove your attachment to this *material* physical body. Remember one Baba alone. Everything is going to be destroyed. You now have to return home. Help Baba in *service*. You are the true *Salvation Army*. You are God's helpers who take across the boat of the world that is sinking. You know how this cycle turns. Wake up in the morning at 3 or 4 am and churn this knowledge and you will experience a lot of happiness and also become firm. If you don't *revise* everything, Maya will make you forget it. Churn what Baba explained to you today. You should sit in solitude and churn the ocean of knowledge. Here, too, there is very good solitude. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Don't cause anyone sorrow through your thoughts, words or deeds. Don't keep anything of anyone in your heart. Become an ocean of love, the same as the Father.
2. Sit in solitude and churn the ocean of knowledge. Churn knowledge and then explain with love. Become Baba's helper in *service*.

Blessing: May you be constantly powerful and with the method of keeping your intellect *busy*, end all wastage. Those who adopt the method of keeping their intellect busy are able to be constantly powerful. The easy method to end all wastage and become powerful is to remain constantly *busy*. This is why, just as you create your daily timetable every morning, so too, create a *timetable* to keep your intellect *busy*: At this time I will finish all waste thoughts by keeping this powerful thought in the intellect. If you remain *busy*, Maya will turn away from a distance.

Slogan: In order to forget the world of sorrow constantly remain lost in love of God.
