

**Essence:** Sweet children, the One whom the whole world is remembering is sitting in front of you. Don't forget to claim your full inheritance from such a Father.

**Question:** Which children have the power to follow accurately the Father's shrimat?

**Answer:** Those who tell the Father their chart accurately and take advice from the Father at every step. When you take advice from the Father, you also receive the power to follow it. The Father gives you children shrimat: Don't miss out on earning this income whilst chasing after that income because that income worth a few pennies is going to end. Take shrimat in every situation and remain cautious and move carefully. Don't follow the dictates of your own mind.

**Song:** Leave Your throne of the sky and come down to earth. ....

**Om shanti.** In front of whom are you children now sitting personally? In front of the unlimited Father and Dada. This is something very *wonderful!* The unlimited Father is the Supreme Father, the Supreme Soul, and the unlimited Dada is Brahma, the Father of the People: both of them are sitting in front of you. In front of whom? In front of you children. So it is as though God's family is sitting here and the unlimited Father sits here and teaches you children. That is, He is teaching you easy Raja Yoga. If this remains in your intellect the mercury of happiness will rise. The song also says: Baba, come! There is a lot of sorrow at this time. People continue to invoke Him, whereas here He is sitting in front of you. You know that the unlimited Father is teaching you through this Dada. You children also have numberwise faith according to the effort you make. When someone is studying to become a *barrister*, he will have the faith that his teacher is teaching him to make him into a *barrister*, that such-and-such a *surgeon* is teaching him to become a *surgeon*. Here is such a *wonderful* thing: one minute someone would say he has full faith that the incorporeal unlimited Father is teaching him Raja Yoga, and the next minute he would go outside and that faith would break! It is a *wonder!* God, whom the whole world is remembering, is sitting in front of you children and saying: Children, now make very good effort to claim your inheritance from the Father. You understand this and then forget it in a *second*. You are sitting in front of the unlimited Father. You have to follow shrimat at every step. However, only those who give their full news to Baba will be able to follow it. The Father should receive the full news of the way His children are living, so that the Father would know and thereby continue to give you advice accordingly from time to time. Take shrimat at every step. This is the *God-Fatherly university* and you have to study well here. It isn't that you study today but tomorrow you have some other work and so you *miss* the study. All of that work is worth a few pennies. Whatever income people in this world earn is not going to remain with them. Everything is going to end. A Father earns for his children. He believes that his children, grandchildren and great-grandchildren will continue to eat from that. Then, when the child becomes a father, he would try and earn for his children. Destruction is now just ahead of you. Only when the Father is aware of the children's chart can He give directions. You have to ask Him at every step. It shouldn't be that you perform sinful actions. This is an unlimited home. The Father sits here and explains to you exactly as a father would sit at home and explain to his physical children. All of you children know that you are Brahmins. Ask any others what their relationship with God is and they would reply that He is the Father of all. Then ask them where God resides and they would say that God is omnipresent. They don't know the unlimited Father. You children now know the Father accurately and so you have to follow the divine directions. The Father has come to make you into deities. Follow shrimat at every step. When guides take you on a pilgrimage, they caution you again and again, asking you to be careful as you walk. There are many who don't believe in pilgrimages. A pilgrimage means devotion. Not to believe in a pilgrimage means not to believe in devotion. The path of devotion continues for half the cycle. They continue to search for God. They have a lot of love for that. Many people go in front of Shiva. Their devotional desire is to have a vision of God. Then, when they do have a vision, they become very happy. They feel that they have found God, that they have found Krishna or Hanuman. They feel that their devotion has now become complete. However, none of them receive liberation. The Father now sits here and explains to you very well: Sweet children, firstly give everyone the Father's introduction. At this time, all are orphans. You too were orphans. Now you are understanding everything through the Father. People say: I am a degraded sinner. But who made you so degraded? No one knows this. No one considers himself to be a fool. This drama has been created eternally. Everyone

has to come down and become corrupt. Therefore, you should consider yourselves to be God's *family*. God is our Father and so we should definitely be the masters of the world. So why have we become so degraded? No one's intellect thinks about this. On the one hand they say that God is omnipresent and on the other hand, they ask how peace can be established. They are confused! They continue to have *conferences*. Even when you explain to them they don't understand anything. They are going to understand at the end. You children have to stay in yoga and become karmateet. You were completely viceless and you have to become that again. Then, none of those religions will remain in the golden age. Those who were in the golden age have been separated for a long time. It is of them that it is said that they are long-lost and now-found children. Souls and the Supreme Soul remained separated for a long time. Which souls came here from the supreme abode first to play their part? The souls of the deity religion come here first to play their part. They are the ones who have to be brought into their own religion. The Father says: I have to come for them. Together with that, I have to come for everyone because I have to grant everyone salvation. The deity religion doesn't exist now. Its *sapling* has to be planted. Some have gone into one religion and others have gone into another religion. They are the ones who have emerged. The establishment of this religion is so *wonderful*. This is why they say: Oh Prabhu, Your shrimat for liberation and salvation is very *wonderful*. No one can understand it. How is the deity religion established? All those who have been body conscious for so long have to become soul conscious. This requires effort. You forget again and again. Baba says: whilst walking and moving around, remember Me. You have a big burden of sin on your head. You have seen a lot of happiness and you have also seen a lot of sorrow. I am now taking you from sorrow into happiness. So you have to follow shrimat and also remind others. It is very easy to explain the secrets of the world cycle. This is known as being a knower of the three aspects of time. Baba has explained to you: Tell them: You are the children of God, are you not? God is the Creator of heaven and so you should definitely receive the inheritance of heaven from Him. Only you know this and only you can ask these questions. They say that God has created them and so they should be God's heirs. God, the Father, is the Creator of heaven and so why are you in hell? You know that you were at first in heaven and that Ravan pushed you into hell. No one knows what Ravan is. You can remind them that Bharat is the ancient heaven and that the people of Bharat were residents of heaven. It is now that it has become hell. This play is predestined. The kingdom of Ravan and the kingdom of Rama are half and half. This is a play. What happens in between? You sit and explain the details of that. Some children have faith in the intellect and so they understand that they are sitting in front of the Father. Baba is Trinetri, Trikaldarshi and Trimurti. He is also the Creator of Brahma, Vishnu and Shankar. Instead of the name of Trimurti Shiva, they have inserted the name of Trimurti Brahma. How could Brahma be the creator of the Trimurti? It is remembered that establishment takes place through Brahma and destruction through Shankar and so the Creator must definitely be someone else. No one understands even this small thing. Shiv Baba would give you the inheritance of heaven through Brahma. What else would He give you? Who establishes the land of Vishnu? No one knows that the Father is establishing the land of Vishnu, that is, the kingdom of Lakshmi and Narayan. They create a separate picture of Vishnu and call that Nar-Narayan, (ordinary man and Narayan) and then they have created a separate picture of Lakshmi and Narayan. Look at the *wonderful* picture that has been created! You children have to explain at exhibitions. If there are exhibitions taking place and you children remain engaged in your own business, people wouldn't understand that you have recognised God. The Father understands that you yourself haven't understood completely and this is why you don't run to do *service*. Otherwise, you would quickly run to do *service*. If you don't become a stick for the blind, it means you yourself are blind and that you don't know Baba. Someone shouldn't have to be told to go and do *service*. They themselves should go and tell Baba: Baba, I can go on *service* somewhere if you give me *permission*. Baba knows which ones can do *service*. No one writes to Baba saying that they are *ready*. Human beings have to be changed from shells into diamonds. If you haven't earned 10, 20 or 50 rupees, so what? Yet a have to benefit many. However, they don't have full recognition. Only a handful out of multimillions know this. Baba has very few serviceable children whom Baba has to call by sending them a *telegram*. They themselves don't say: Baba, I am ready. Baba sees which children are interested in serving. Human beings who have become like animals have to be made into deities. You children have to

become egoless. There has to be a lot of humility in your *head*. The Father is so egoless. Some children have a lot of ego. Whatever actions others see me perform they will do the same. The consequence of that is that their stage falls. Baba says: Children, you have to do everything by yourself. See how simply Baba teaches you. People think that He is the Almighty Authority and so what can He not do? However, Baba says: I have to come here as the *Servant*. You say: Oh Ocean of Knowledge! Oh Purifier, come! Ocean of Happiness, come! Come and make us impure ones pure. The Father has to come and do such *service*. Look where He has to come and stay! See how there are so many obstacles! People set fire to Lakha Bhavan. All of that is happening in a *practical* form. Baba knows the whole *part*. I do not know it. The Father says: I have to come. God Himself says: I have to take the insults. I alone take the most insults. Even on the path of devotion, they insult Me. I don't even have three square feet of land. Even then, He is playing His part whilst being so egoless. Mama and Baba do everything in order to teach you children. I have to come so far down! I have to make the impure ones pure. All the dirty impure clothes have to be washed and so He is also the Laundryman. He is also a Goldsmith. He melts you all and makes you into real gold. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Essence for dharna:

1. Become as egoless and humble as the Father. Do your own service by yourself. Don't show your ego in any situation.
2. Always remain ready for *service*. Offer yourself for *service*. Do the service of making human beings who are worth shells into diamonds.

**Blessing:** May you be filled with good wishes and experience your avyakt stage by ending all negative feelings.

In life, two things are the basis of the flying stage and the stage of descent. Feelings and intentions. Benevolent feelings for everyone, feelings of giving love and co-operation, feelings of increasing courage and enthusiasm, feelings of soul consciousness and feelings of making someone belong to you: only those who have such feelings are able to remain stable in the avyakt stage. If you have feelings opposite to this, then gross feelings attract you. The main reason for any obstacle is negative feelings.

**Slogan:** Maya is a *paper-tiger* in front of those who have the Almighty Authority with them.
