

**Essence:** Sweet children, if you want to claim the inheritance of constant happiness from the unlimited Father, remove all the defects within you. Study well and also teach others.

**Question:** What special virtue do you need to be an instrument in the same way as the Father?

**Answer:** That of tolerance. Don't have *too much* attachment to the body. Do everything with the power of yoga. When all your illnesses end with the power of yoga, you will be able to become an instrument for *service* in the same way as the Father.

**Question:** By committing what great sin does the intellect become locked?

**Answer:** If, after belonging to the Father, you defame the Father and, instead of being obedient and faithful, you do *disservice* under the influence of any evil spirit, and don't let go of that dirty activity, the intellect becomes locked by that great sin.

**Song:** Who has come to the door of my mind with the sound of ankle-bells?

**Om shanti.** God speaks: Children, you know that the Incorporeal One, the Purifier, the Ocean of Knowledge, sits here and teaches you souls. To study the scriptures etc. is the path of devotion. No one studies those in the golden and silver ages. People continue to study them from the copper age onwards. It is human beings who have written the scriptures. God did not write them and Vyas is not God. Vyas was a human being. Everyone remembers the Incorporeal Supreme Father, the Supreme Soul. The mistake they have made is that they have considered Shri Krishna to be the God of the Gita. The Father explains: I, not Shri Krishna, am the Ocean of Knowledge. Only the Father knows the *history* and *geography* of this unlimited world, of how souls come down from the beginning to the end. There is the incorporeal world, then the subtle region and then this corporeal world. No one apart from Myself, the Incorporeal Seed, the Ocean of Knowledge, can give you the knowledge of how this cycle turns. Then, when the path of devotion begins, the devotees sit and write these scriptures etc. These scriptures are going to be written again. It isn't that they will stop writing them. The original eternal deity religion of Bharat is the deity religion. At the beginning of the golden age it was the kingdom of deities. The people of Bharat have forgotten their religion. Those who were pure have now become impure and this is why God says: I come and purify you impure human beings. You know that you are studying in order to become deities. No one apart from the Father can change you from humans into deities because everyone here is impure and corrupt. How will they then become pure and elevated? This impure devilish world is the kingdom of Ravan. There is no kingdom now. The kingdoms of Rama and Ravan are remembered. God comes and establishes the kingdom of Rama. People say: O God, come and relate to us the knowledge of the Gita once again. Krishna would not relate it. You children now understand that it isn't a human being who is teaching you. It is all human souls who are studying and the One teaching is incorporeal God. What does He make you? From humans into deities. This is your *aim* and *objective*. What would students be able to study at school without an *aim* and *objective*? It is in the intellect of you children that you have come here once again to change from humans into deities. You should also know very well the One who is teaching you. His name is Shiva. He doesn't have a bodily name. All other teachers are souls who teach through their bodies. Each one has his own body. This one is the Supreme Father, the Supreme Soul, who says: I don't have a body of My own. I take the support of this one. His soul becomes number one and is also studying. The one who was the *new man* has now become old. Krishna is the first *new man* and then after 84 births he becomes Brahma. This one doesn't know his own births and this is why I sit and tell him. In his first birth this one was Shri Krishna and then by taking rebirth he has become impure. I now make him Brahma and then Shri Krishna. It is also written clearly in the picture of the tree. This one as a Brahmin is doing tapasya down below. This same Brahma is standing at the top of the tree in the impure world, and now, here at the confluence age, he is doing tapasya. The same applies to you. You too were deities and have now become impure shudras by taking rebirth. You are now once again becoming pure. You know that you are becoming pure through the Purifier, the Supreme Father, the Supreme Soul. The Father tells you the method: Remember Me. Only by remembering Me will you become pure. Only in the golden age are both the soul and body pure. Here, everyone receives an impure body. The worst corruption is the vice of lust. Those who are born through vice are said to be corrupt. In the golden age no one is corrupt because there is no vice there. Krishna is said to be completely viceless and then those who are viceless become vicious.

There is no vice in the golden and silver ages and this is why the Father says: You have to conquer these five vices. The Father alone makes the vicious world viceless. There are some who are unable to imbibe any virtues at all. The evil spirits of anger, greed and attachment make one completely ugly. The dirtiest of all is the vice of lust. That too comes when there is body consciousness. The Father says: Consider yourself to be a soul. It is the soul that has sanskars of knowledge. Now the sanskars of knowledge have completely ended in the soul. Baba says: Remember Me. Human beings only remember corporeal beings. They are so used to devotion that they remember gurus and deities etc. When they go to Badrinath or Amarnath, they sit and worship stones. They also go to Shiva Temples, but none of them knows that He is the Father. That is called blindfaith. No one knows when the Father comes or how He comes. Everything is now explained to you children. Amongst you also, there are a few who are good, sensible, faithful and obedient children who don't have any evil spirits in them. Those who are influenced by evil spirits also distress others a lot. If someone does a lot of *disservice*, his status is lowered. Instead of becoming a pure and charitable soul, he becomes an even more sinful soul. First is body consciousness and then the other vices also come. Even the evil spirit of greed comes. You would then have the desire to eat special milk *toli* or cream etc. This has continued from the beginning. You now have to make your stage very strong. The evil spirit of greed too destroys your status. These evil spirits have distressed you for half the cycle. Those who say that they are becoming pure and charitable souls and make others the same, themselves become sinful souls and then they also start making others the same. They then defame the name of the clan. If you have the evil spirit of anger, how will you remove the evil spirits of others? When you see anyone's wrong activities of body consciousness, *report* that to Baba. Dharamaraj keeps a *register* and at the time of punishment, He will grant you visions of everything showing how, whilst under the influence of vices, you caused a lot of trouble for others. Some children burn under the evil spirit of anger. The soul becomes completely ugly. When you do *disservice*, Baba closes the lock on your intellect. Then such souls cannot do any *service*. At the end Baba will give you many visions and then you will become very distressed. This is why you children mustn't perform any wrong actions. Baba says: If you perform any wrong activities, then *report* that to Baba. Baba understands that because of body consciousness So-and-so will become a maid or servant. They will also claim a low status amongst the subjects. Baba decorates you children with knowledge, but in spite of that, you don't reform. It is only at this time that the Supreme Father, the Supreme Soul comes and decorates you with knowledge and makes you into emperors and empresses of the golden age. There has to be great tolerance in this. There shouldn't be *too much* attachment to the body. Do everything with the power of yoga. Baba himself is old, but he is still alert in yoga. He has a cough and yet he remains on *service*. He has to do so much *service* with the intellect, to look after so many children, to make arrangements for guests etc. He has so many burdens. He has many thoughts about all of that. If any children's activity is bad, they defame the Father's name. People would say: Is this one a Brahma Kumar or Kumari? So the name of Brahma is defamed. This is why it is said that the one who defames the guru cannot attain a high status. This in fact refers to the Satguru. Those iron-aged gurus have then shown it as referring to themselves. This is why people are afraid of the gurus in case they curse them. There isn't anything like that here. They bring bad wishes on themselves through their own activity. Children, you should be concerned about your own future. If you don't make effort now, this will be your state every cycle. The Father explains to you so clearly but, in spite of that, there are some who don't stop becoming ugly. Then they break, that is, they die and fall in to hell. They then stop studying. Some children do things very well. Some take birth to God and then die after 8 or 10 years or they divorce the Father. A pious father is also happy when he sees his obedient children. They are all numberwise. Some even cause trouble at the centres. They become big thorns. They become part of the family here and then defame the name and thereby become greatly sinful souls. This is why Baba continues to explain to you: You have come here to claim your inheritance of happiness from the unlimited Father. Therefore, all the weaknesses should be removed. Students who *pass* in *school* place a bet that they will *pass* with 80% or 90% *marks*. Then, when they do *pass* with those *marks*, they send telegrams to one another in great happiness. This is an unlimited study. It becomes known whether you will become part of the sun dynasty or the moon dynasty. When those of the moon dynasty become kings and queens, then those who were in the sun dynasty become

*second* to them. When it is the kingdom of Rama and Sita, Lakshmi and Narayan become junior. The name of the sun dynasty ends. This knowledge is very entertaining. Those who follow shrimat will be able to imbibe knowledge well. They will be able to claim a high status. Shiv Baba has a part on the path of devotion and also on the path of knowledge. Shankar's job is just to destroy everything, so how can you speak of him? There is a lot spoken about Shiv Baba and Brahma Baba. In the cycle of 84 births, Baba has the *number one part*. They have then mixed up Shiva and Shankar. Shiv Baba has the *biggest part*. To make all the children happy is something that requires so much work. He then goes to rest. This one (Brahma) has a *part* of 84 births. Those of Islam and the Buddhists come later. They don't play an *all-round part*. Those who play an *all-round part* receive so much happiness. We become the masters of heaven. Bharat is called heaven. There is so much happiness that you are establishing the kingdom of heaven for yourselves. You also have to explain to others so that they come and create their lives. You have come to the Supreme Father, the Supreme Soul, to claim your inheritance of heaven. If you don't have the *aim and objective* in your intellect, what would you do whilst sitting here? Brahmins are the mouth-born progeny of Brahma. The unlimited Father receives unlimited children. There are so many children. You cannot claim your inheritance from Shiv Baba without belonging to Brahma. Bharat was elevated and there were no evil spirits there. If there is even one evil spirit, that is said to be adulteration. The evil spirits should be totally chased away. Many write to Baba: Baba, the evil spirit of lust came, but I was saved. Baba says: Children, many storms will come, but don't perform any such action through the physical senses. Chase away the evil spirits. Otherwise you won't be able to become part of the sun or moon dynasties. It is not good to go into trance because Maya interferes a great deal. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Essence for dharna:

1. Don't perform any sinful actions through the physical senses. Don't behave in any way that would make other people have bad wishes for you. Keeping your future in mind, perform charitable actions.
2. Remove whatever ugliness there is inside and the interference of evil spirits due to body consciousness. Decorate yourself with knowledge and become an obedient child.

**Blessing:** May you be a world transformer who transforms impure feelings and wishes of all souls. Just as a rose imbibes the fragrance from even the bad odour of manure and becomes very fragrant, so too, all of you world transformer elevated souls, transform the wasteful and ordinary feelings and wishes into elevated feelings, and impure feelings and wishes into good wishes and pure feelings. Only then will you easily and automatically imbibe the qualifications of being an avyakt angel, the same as Father Brahma. Through this, the beads of the rosary will come close to one another.

**Slogan:** Become an embodiment of experience and the sparkle of great fortune will be visible on your face.
