

**Essence:** Sweet children, churn the ocean of knowledge and prove the *history and geography* of Bharat and the time of the new world. Then the duration of the cycle will automatically be proved.

**Question:** What deep concern do you children have which is different from that of other human beings?

**Answer:** Your deep concern is to *salvage* the sunken boat of the world, to relate the true story of becoming Narayan and the story of immortality to everyone so that they can be uplifted. Human beings think that the world is progressing day by day. Although there are big palaces and electricity etc., they do not realise that it is all false, *artificial* progress. The real progress that the Father brought, is one that existed in the golden age.

**Song:** At last the day we had been waiting for has come.

Om shanti. The Lord of the Poor has come, but there is no mention of the accurate date or time. There must be a *date* and time, just as it is said that today is such-and-such a day, month and year. However, when did the Lord of the Poor come? They have not mentioned this. Lakshmi and Narayan existed in the golden age, so there must be an era in which their kingdom existed. There is the era of Lakshmi and Narayan, the era of Krishna and all others have their own era too. It must also be written in which era Guru Nanak took birth. Without showing the era, you cannot know anything. Lakshmi and Narayan ruled in Bharat, so there must definitely be an era for them. Their era is the era of the golden age. Lakshmi and Narayan ruled in the golden age, but from when till when did they rule? It would be said that it was 5000 years ago. There has to be a different time for the birth of the Gita. There is no difference of time between Shiva's birth and the Gita's birth. There also has to be a different time for Krishna's birth. That era would also be called the era of Lakshmi and Narayan. You have to churn the ocean of knowledge to be able to explain to the *public*. Why don't they show the era of Lakshmi and Narayan? They show the era of Vikram (the time of the sinful ones), but what about the era of Vikarmajeet (those who conquered sinful actions)? You children understand very well, and so you should mention the *history and geography* of Bharat, the new world. There was the kingdom of the original, eternal deities in the new world, and you can also call it their era. If you calculate this, it is 5000 years ago. By proving this, the duration of the cycle will automatically be proved, and the thousands of years they have mentioned will be proved wrong. Baba, the Seed of the Human World Tree, comes and explains all of these things. He knows the beginning, the middle and the end of the world. The *dynasty* of Lakshmi and Narayan existed 5000 years ago then the *dynasty* of Rama and Sita came into existence 3750 years ago, and then their *dynasty* continued. Then the era of King Vikram started. Even the era of King Vikram is not accurate; there are some years missing in the middle. It should be 2500 years ago. The Islamic and Buddhist religions started a little later. Their era has been shown as starting 2000 years ago. You know that you were all deities, and that, after going through the cycle, you have become Brahmins. You have to explain this *history and geography* very clearly. From Brahmins, you once again become deities. If you understand this *history and geography*, you also have to understand the era. The era is also mentioned in the picture of the ladder. The era of Bharat has disappeared. They have lost the era of those who were worthy of worship. Then the era of worshippers began. They talk about the ashok period (time without sorrow). In the copper age, there is no one without sorrow. The ashok period lasted through the golden and silver ages, for half a cycle. It is the praise of the golden and silver ages and not the praise of the shok period (time of sorrow). There is nothing but sorrow here. They keep the name, *Ashoka Hotel*, but it is not so. For half the cycle, they call momentary happiness a time without sorrow, but there is no such thing as ashok (without sorrow). They eat rubbish and meat etc., and don't understand the reason for experiencing sorrow. You understand that only those who were happy in heaven a cycle ago will listen to these things. Those who were not there will not even listen. Those who have done the most bhakti are the ones who will come and listen to these teachings. People will be happy to hear this *knowledge*. The pictures are *clear* and the era is mentioned. The births of Brahma and Vishnu have to be here, but as for Shankar, he exists in the subtle region. Shiva is in the incorporeal world. They do not know about the subtle region or the incorporeal world, and this is why they have combined Shiva and Shankar. Shiva is the Supreme Father, the Supreme Soul, whereas Shankar is a deity. The two cannot be combined. You children are now given so much understanding, that you have great intoxication. Day and

night, the only concern should be how to explain to others. It is explained to those who are senseless. You understand what Bharat was before and how the *downfall* came about. The world thinks it has made great progress. Previously, they didn't have so many big palaces or electricity. They don't know that this great progress is *artificial* and false. True progress was that of the golden age. You have to explain that they have their own concern and that your concern is different. You are happy that through Baba's *knowledge* you are *salvaging* the sunken boat of the world. He is once again telling the true story of becoming Narayan and the story of immortality. On the path of devotion, people tell many stories. You understand that they are false stories that don't bring any benefit. Even though we have been listening to the scriptures, the world has continued to become tamopradhan. You have been descending the ladder. What was the benefit? The Sikhs have a gathering where they bathe in a pool. They do not believe in the River Ganges or the River Jamuna. The Sikhs do not go to the kumbha mela. They go to their own pool. They have a special *programme* for that. Sometimes, they go to clean the pool. Such things don't exist in the golden age. In the golden age, all the rivers etc. will be clean. There will be no rubbish in the River Ganges or the River Jamuna. There is a vast difference between the water of the Ganges there and the water here. They put a lot of rubbish into it here. There, (in the golden age) everything will be *first-class*. You children now have great happiness that your future kingdom is going to be like that. After 5000 years, by following shrimat, we are once again establishing heaven. It is called ~~heaven, Paradise and was ruled by Lakshmi and Narayan.~~ The land of peace and the land of nirvana are the same. You know how we reside in the land of peace. Shiv Baba is at the top, then there are Brahma, Vishnu and Shankar, then the rosary of deities. They are followed by the warriors, merchants and shudras. The souls keep coming down numberwise from the incorporeal tree. Those who do not come into the golden age will never come to study. Even the Hindu religion has become disunited. No one knows that the original deity religion used to exist. No one knows how and when that religion was established. You have now been given this *knowledge* so that you can explain it to others. These pictures are very easy to understand. You can make anyone understand when and how they claimed the kingdom, and for how long they ruled. There also has to be an era from when till when Rama and Sita ruled. Later on, impure kings begin to rule. Deities are the main ones who are worshipped. In fact, the entire praise should be of the One who is worthy of worship. On the path of devotion, they continue to worship everyone. Each one is praised at his own time. They do not even know those whom they worship in the temples. They feel happy when you now explain to them. This is why they open *centres*. They know that through this *knowledge* they become deities. Baba has come and is making the poor ones wealthy. Baba comes and explains to the children, and they in turn should explain to others in order to awaken their fortune. At this time you are hearing from Baba the *history and geography* of the world. By understanding this, you come to know everything. It is the Creator of the world, the Seed, who will relate the *history and geography* of the world. He is *Knowledge-full*. He is incorporeal Shiva. A bodily being cannot be called God, the Creator. The Incorporeal is the Father of all souls. He sits here and explains to the souls: I reside in the supreme abode. I have entered this body, I too am a soul. Because I am the Seed-form and *Knowledge-full*, I make you children understand. The question of blessings or mercy does not arise. It is not a question of temporary happiness either; others can give temporary happiness. If one person receives some benefit, the name of the person they received benefit from becomes famous. Your attainment is for 21 births. No one but the Father can give you this attainment. No one can make your body free from disease for 21 births. On the path of devotion, people are happy if they experience even a little happiness. Here, you receive fruition for 21 births. In spite of this, there are many who do not make effort; it is not in their fortune. Everyone is inspired to make the same effort. In other kinds of education, you have different *teachers*. Here, you only have one *Teacher*. Maybe you will sit with someone separately, but it is the same *knowledge*. It all depends on how each one takes the knowledge. The whole significance is merged in this one story. Baba is telling you the true story of becoming Narayan. You can tell them specific dates. There are some famous people who can relate the true story of becoming Narayan because they have memorised the whole story. You too can memorise the true story of becoming Narayan. It is such an easy thing! First of all, Baba says: Manmanabhav! Then sit and explain the *history*. You can

show the era of Lakshmi and Narayan. Come, let us explain to you how the Father comes at the confluence age and enters the body of Brahma to explain to the mouth-born creation of Brahma, who then become deities. It is the story of 84 births, of becoming deities from Brahmins. This is the complete *knowledge* which you must listen to and then *repeat*. It will then enter your intellect that you were deities and that this is how you came into the cycle. This is the true story of becoming Narayan. How easy it is! How did we claim the kingdom and how did we lose it? How long did we rule? There was the clan of Lakshmi and Narayan and their dynasty. There were the clans of the sun dynasty and moon dynasty. Now, at the confluence age, Baba comes and makes the clan of shudras into the clan of Brahmins. It is you who listen to the true story. In the golden age, the palaces of Lakshmi and Narayan were made of diamonds and jewels. What is there now? Baba has already told you this story. Baba says: Remember Me and the alloy will be removed. The more alloy you remove, the higher your status will be. Everyone understands numberwise. Baba knows which ones are able to imbibe well in their intellect. There is no difficulty in explaining this; it is very easy. It is well known that human beings become deities. Keep relating this true story of becoming Narayan. The other story is false, this is the true story. It is easy to relate the true story of becoming Narayan and to read the murli at the *centre*. Anyone can run a *centre*, but you also need very good manners. You should not be like salt water with each other. You lose your honour if you are not sweet to each other. Baba says: You cannot claim a high status if you defame Me. Gurus have said that about themselves. They do not show a destination. There is only One who can show you your destination. There is loss if you defame Him and your status is destroyed. If you dirty your face, you destroy yourself completely. There are some who experience defeat. Some write with honesty, yet there are others who speak lies. All falsehood is removed from the intellect if you continue to relate the true story. Do not perform such actions that defame the Father. Those who have such a stage will behave the same no matter where they go. They realise that they cannot improve; therefore, they are given the advice: Remain in your household and do *service* when you have imbibed the knowledge. You will not accumulate sin while staying at home. Here, you cause defamation if you behave in a *common* way. It is better to live like a lotus in your household. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to remove falsehood from within you, always listen to the true story of becoming Narayan and inspire others to do the same. Do not perform such activity that would defame the Father.
2. Be sweet to each other. Never be like salt water. Imbibe good qualities and then do service.

**Blessing:** May you be an embodiment of success and accumulate all treasures in the right way and attain the success of perfection.

You have been wasting all treasures for 63 births. Now, at the confluence age, accumulate all treasures in the right way. The way to accumulate these treasures is to use them all for yourself and others with a pure attitude. Don't simply keep all your treasures in the *locker* of your intellect, but use them in a practical way. Use them for yourself, otherwise, you will *lose* them. Therefore, accumulate them in the right way and you will attain the success of perfection and become an embodiment of success.

**Slogan:** When you have the experience of God's love, no obstruction can prevent you from doing anything.
