

Essence: Sweet children, you have to become as sweet as the Father. Don't cause anyone sorrow. Never become angry.

Question: Whilst knowing the deep philosophy of action, what sinful actions can you children not perform?

Answer: Until today, you had been thinking that giving donations are charitable actions, but you now understand that sometimes, even by donating, sin is accumulated because if you donate money to a person who uses it for committing sin, that will definitely affect your stage. Therefore, donate with understanding.

Song: Take us away from this world of sin, to a place of rest and comfort...

Om shanti. You children are now sitting in front of Baba. The Father says: O living souls, are you listening? He speaks to souls. You souls know that our unlimited Father is taking us with Him to a place where there is no mention of sorrow. In the song, it says take us from this world of sin to a pure world. The world doesn't know which is the impure world. Look, nowadays, people have such strong lust and anger in them. Under the influence of anger, they say: I will destroy their country. People say: Oh God, take us from this extreme darkness into extreme light, because this is the old world. The iron age is called the old age and the golden age is called the new age. No one except the Father can create the new age. Our sweet Baba is now taking us from the land of sorrow to the land of happiness. Baba, no one apart from You, can take us to heaven. Baba explains so clearly and yet it doesn't sit in some people's intellect. At this time you receive Baba's elevated directions. With elevated directions, we become elevated. If we become elevated here, we will claim a high status in the elevated world. This is the corrupt world of Ravan. Following the dictates of your own mind is called "manmat". The Father says: Follow shrimat. Devilish dictates push you into hell again and again. To become angry is also following devilish dictates. Baba says: Don't become angry with one another. Interact with one another with love. Each of you has to take advice for yourself. The Father says: Children, why do you commit sin? Everything you do should be charitable. Reduce your expenses. You spend so much money on stumbling to pilgrimage places, stumbling to sannyasis and all the physical rituals. Baba makes you renounce all of those. People have wedding ceremonies with so much festivity. They carry out wedding ceremonies even going into debt. Firstly, they incur a debt and secondly, they become impure. Those who want to become impure can go and do so, but why should anyone prevent those who want to from following shrimat and becoming pure? If your friends and relatives quarrel with you, you will have to tolerate that. Meera too tolerated everything. The unlimited Father has come to teach you Raja Yoga and to enable you to claim the status of gods and goddesses. Lakshmi and Narayan are called goddess and god. At the end of the iron age all are impure, and so who *changed* them? You children now know how Baba comes and establishes heaven, which means the kingdom of Rama. We have come here to claim the sun and moon dynasty status. Those who are worthy children of the sun dynasty will study very well. The Father explains to everyone: Make effort and follow the mother and father. Make such effort that you become their heirs. Since you speak of Mama and Baba, become worthy to be seated on the future thrones. The Father says: Study so much that you go ahead of Me. There are many children who become higher than their father. The unlimited Father says: I am making you into the masters of the world. I do not become that. The Father is so sweet. His shrimat is very well known. You were elevated deities and then, by taking 84 births, you have now become impure. This is a play of victory and defeat. Those who are defeated by Maya are defeated by everything and those who conquer Maya conquer everything. To say that you want to conquer the mind is *wrong*. The mind cannot become dead. The mind will create thoughts. You may want to sit without having any thoughts, but for how long? You have to perform actions. Those people think that not living in a household is not performing actions. Hatha yogi sannyasis have their own *part*. They have their own religion of the path of isolation. In no other religion do they leave their home and family and go away into the forests. If anyone has left his home and family, it is because they have seen sannyasis doing that. Baba doesn't inspire you to have disinterest in your family. The Father says: You may live at home, but become pure. Continue to forget the old world. I am creating the new world for you. Shankaracharya doesn't tell sannyasis that he is creating a new world for them.

Their renunciation, through which they receive temporary happiness, is limited. Impure people go and bow down to them. Look how much regard they give to purity. Nowadays, see how they have so many big flats. People give donations, but there is no charity in that. People think that whatever they do in the name of God is charity. The Father asks: For what tasks in My name are you using that donation? Donations should be given to those who do not commit sin. If they commit sin with your donation, that will affect you because you gave the money. By giving to impure ones, you have become completely poverty-stricken. All the money has been wasted. Perhaps you will receive temporary happiness, but that too is the *drama*. You are now becoming pure by following the Father's shrimat. There, you will have a lot of money. There, no one will be impure. These matters have to be understood well. You are the children of God. You should have great *royalty* in you. It is said that those who defame their guru cannot reach their destination. There, the father, *teacher* and guru are all separate. Here, all three, the Father, *Teacher* and Satguru are the same One. If you perform some wrong activity, you defame all three. It is only by following the directions of the true Father, the true *Teacher* and the true Guru (Satguru) that you become elevated. The body has to be shed, so why not use it for Godly, spiritual service and claim your inheritance from the Father? The Father says: What would I do with it if I took it from you? I give you the sovereignty of heaven. I neither live in palaces there, nor do I live in palaces here. They sing: O Great Deity, fill our apron! However, no one knows when or how He fills everyone's apron. He had filled your aprons and so He definitely must have existed in the living form. You become very happy and wealthy for 21 births. Follow the directions of such a Father at every step. The destination is very high. If someone says that he is unable to follow them, Baba would say: Then, why do you speak of Baba? If shrimat is not followed, there will be a lot of punishment and the status will be destroyed. You heard the song. It says: Take me to a world where there is happiness and peace. Only the Father can give you this. If you don't follow the Father's directions, you cause yourself a loss. There is no question of expense here. You are not told to bring coconut and sweets to the guru or to pay *school fees* etc. There is nothing like that at all. You may keep the money with you, but simply study this *knowledge*. There is no loss in reforming your future. Here, you are not even taught to bow down. For half the cycle you have been giving money and bowing down and have still become poverty-stricken. The Father is now taking you to the land of peace. From there He will send you to the land of happiness. Now the new age and the new world are about to come. The golden age is called the new age. Then the degrees will continue to decrease. The Father is now making you worthy. There is the example of Narad. If there are any evil spirits in you, you won't be able to marry Lakshmi. Children, you have to look after your household and also do *service*. These people came running in the beginning because they were beaten a lot. Many innocent ones were assaulted. However, they were not concerned about that beating. In the furnace, some became very strong and some weak ones went away. The destiny of the drama is created like that. Whatever happened had to happen and it will happen again. They will even insult you. It is the Supreme Father, the Supreme Soul Shiva, who is insulted the most. They say that God is omnipresent and that He is in cats, dogs, fish and crocodiles etc. The Father says: I uplift those who defame Me. I make you into the masters of the world. Shri Krishna was a *prince* of heaven. They say that he was bitten by a snake and that he thereby turned blue. How could he be bitten by a snake there? How did Kans come to exist in the land of Krishna? All of those are tall stories. That is the paraphernalia of the path of devotion through which you have continued to come down. Baba makes you into beautiful flowers. Some are very big thorns. They speak of *God, the Father*, but they don't know anything. They know that He is the *Father*, but they don't know what inheritance they would receive from Him. The unlimited Father says: I have come to give you the unlimited inheritance. One is your physical father, the second is the non-worldly (alokik) father, the Father of the People, Brahma, and the third is the parlokik Father, Shiva. You have three fathers. You know that you are receiving your Grandfather's inheritance through Brahma. Therefore, you have to follow shrimat for only then will you become elevated. You receive the reward in the golden age. There, you neither know the Father of the People Brahma nor Shiva. There, you only know your physical father. In the golden age you only have one father. On the path of devotion, you have two fathers: the worldly father and the parlokik One. Now, at this confluence age, you have three fathers. No one else can explain these

things. You should have faith. It shouldn't be that one moment you have faith and the next moment you have doubt. That is like taking birth at one moment and dying in the next moment. When you die, the inheritance ends. Never divorce such a Father. The more you constantly remember the Father and do *service*, the higher the status you will receive. The Father also explains: Follow My directions and you will be saved. Otherwise, there will be a lot of punishment. You will be given visions of all the sins you have committed and the *shrimat* you didn't follow. Punishment is given by making you adopt a subtle body. Visions are also given when you are in the *jail* of a womb: These are the sins you have committed, and so this is the punishment for them. The tree will continue to grow. Those who belonged to this religion have converted to other religions. All of them will emerge again. All the rest will go into their respective *sections*. There are different *sections*. Look how the tree grows! Small branches will continue to emerge. You know that sweet Baba has come to take us back home and this is why He is called the *Liberator*. He is the Remover of Sorrow and the Bestower of Happiness. He becomes our *Guide* and takes us to the land of happiness. He even says: I sent you into a relationship of happiness 5000 years ago too. You then took 84 births. Now claim your inheritance from the Father. Everyone loves Shri Krishna. They don't love Lakshmi and Narayan as much as they do Krishna. People don't know that it is Radhe and Krishna who become Lakshmi and Narayan. No one knows this. You know that Radhe and Krishna were both from separate kingdoms and then, after their marriage, they became Lakshmi and Narayan. They have portrayed Krishna in the copper age. No one can say that Krishna is the Purifier. No one can claim a high status without studying *regularly*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Let your behaviour be very royal. Speak very little and very sweetly. In order to be saved from punishment, follow the Father's *shrimat* at every step.
2. Study very well with a lot of attention. *Follow the mother and father* and become worthy to be seated on the throne; become an heir. Don't be influenced by anger and thereby cause sorrow.

Blessing: May you be an image of experience and with the awareness of "*nothing new*", overcome all obstacles by considering them to be a game.

It is fixed in the *drama* for obstacles to come from the beginning to the end, but those obstacles give you the experience of making the impossible possible. For experienced souls, obstacles are also a game. Just as you receive a *ball* whilst playing *football* and you kick it, and you enjoy it considering it to be a game, in the same way, these games of obstacles will continue. They are *nothing new*. The *drama* shows you games and also shows you total success.

Slogan: See everyone's virtues and spread the fragrance of specialities and this world will become a world of happiness.
