

**Essence:** Sweet children, you have been separated for a long period of time and have played a part of the full 84 births. You now have to go from bondages of sorrow into relationships of happiness. Therefore, stay in limitless happiness.

**Question:** Which children can have constant limitless happiness?

**Answer:** Those who have the faith that 1) Baba has come to make us into the masters of the world. 2) Our true Baba has come to give us the true knowledge of that same Gita. 3) We souls are now sitting in God's lap. We souls now belong to the Father through our body. 4) Baba has come to give us salvation, the fruit of devotion. 5) Baba has made us the knowers of the three aspects of time (trikaladarshi). 6) God has become our Mother and *adopted* us. We are Godly students. It is those who have this awareness and faith who experience limitless happiness.

Om shanti. You children have faith that you are souls. Baba, God, is teaching us therefore you children should have a lot of happiness. By personally coming in front of Baba, the soul understands that Baba has come to grant salvation to everyone. He is the Bestower of Salvation for All and the Bestower of Liberation-in-Life. You children know that Maya repeatedly makes you forget Him. However, you understand that you are sitting in front of Baba. Incorporeal Baba is sitting in this chariot. Muslims keep a sash around a horse and they say that Mohammed used to ride that horse. They have that symbol. Here, incorporeal Baba has incarnated in this one. You children should experience a lot of happiness. Baba, who makes you into the masters of heaven and the masters of the world, has come. Baba is the true God of the Gita. The intellect of the soul goes towards the Father. This is the love of souls for Baba. Which children experience this happiness? Those who have been separated for a long time. Baba Himself says: I sent you into a relationship of happiness and you are now in the bondage of sorrow. You now understand that not everyone takes 84 births. A cycle of 8.4 million births couldn't sit in anyone's intellect. Baba has explained to you very clearly the cycle of 84 births. Children of Baba continue to take 84 births. You now know that we souls are listening through these organs. Baba is speaking to us through this mouth. He Himself says: I have to take the support of these *organs*. He has to be named Brahma. Prajapita Brahma has to be a human being. You cannot say that the Father of the People exists in the subtle region. God comes into the corporeal world and says: I enter the body of Brahma and *adopt* you. You know that we souls are adopted by God. You cannot be adopted without a body. The soul says: I belong to You through this body. That One has taken this body on *loan*. This body doesn't belong to Him. The soul has entered the body. You souls too have entered a body. Baba says: I have entered this one. Sometimes, I become the Child and sometimes I become the Mother. He is the Magician. Children, you consider these things to be a game. There is a lot of false occult power in the world. They even become Krishna. Those who have faith in Krishna will quickly be able to see Krishna and will believe in him and also become his *followers*. Here, everything is a question of knowledge. First of all there has to be the firm faith that I am a soul. Baba says: I am your Father. I make you children the viewers of the three aspects of time. No one else can give such knowledge. When it is the end of the path of devotion, it is ~~then that the Father has to come~~. Many people have visions of a Shiv lingam or a constant, eternal form of light. I fulfil whatever is someone's faith and devotion. However, none of them can meet Me. They don't recognise Me at all. You now understand that Baba is a Point and that we are also points. We souls have this *knowledge* within us. You have this *knowledge* in Your soul too. No one knows that we souls reside in the supreme abode. When you come and sit in front of Baba you have goose pimples of happiness. "Oh! Shiv Baba, who is the Ocean of Knowledge, sits in this one and teaches us!" There is no question of Krishna or gopis. They neither exist here nor in the golden age. There, every *prince* would be living in his own palace. Only those who come and claim their inheritance from the Father will understand these things. You should have this happiness in you. They say: "You are the Mother and Father," but, they don't understand the meaning of that. He is the Father, so then, who is the Mother? A Mother is definitely needed. This Mother cannot have a mother. This secret has to be understood very clearly. You also have to remember the Father. The Father says: You should not have any defects. They sing: I am virtuelless and I have no virtues. You children now have to become virtuous. You mustn't have any lust, anger or arrogance of the body. Now you are sitting here; you know that you are

here, and so why should you wilt? However, only at the end will your stage become firm. It has been remembered: If you want to know about supersensuous joy, ask the gopes and gopis. This will be at the end. None can say that they stay in supersensuous joy 75% of the time. At this time there is a huge burden of sin. Sins cannot be absolved by blessings of a guru or by bathing in the Ganges. It is only at the end that the Father comes and gives you knowledge. They have shown that a kumari shot arrows and he (Bhishmapita) died. He was given the water of the Ganges to drink when he was dying. When you become unconscious here, you are reminded of Baba: Constantly remember Me alone. You children should instil this habit. You should not have to rely on someone to remind you. At the time of leaving your body, you should automatically remember Baba. You have to remember the Father without help from anyone. Those people give mantras, but that is a *common* thing. At that time, there will be a lot of fighting and violence etc. You stay at different places. At that time, you won't be able to say: "Shiva, Shiva". At that time, you will have to be in complete remembrance and also have that *love* for Him. Only then can you claim a number one status. You children know that I am your Father. I made you children into beautiful flowers even in the previous cycle. In the golden age, children like flowers will be born through the power of yoga. Nothing that causes sorrow will exist there. The very name is heaven. However, the people of Bharat do not know who resides there. They have written many stories in the scriptures such as Hirnakashapa existing etc. All this is the paraphernalia of devotion. Devotion is at first *saropradhan*. Then, later, it gradually becomes *tamopradhan*. The Father says: I take you up to the sky and then you gradually come down later. There is no praise of human beings. Only the one Father is the Bestower of Salvation for All. Those gurus teach you how to go on many types of pilgrimage etc. In spite of that, you continue to fall. Although Meera had visions on the path of devotion, she didn't become a master of the world. Baba tells you to become a genie. I give you something to do: Simply continue to remember Alpha and beta. If you become tired and don't remember Me, Maya will eat you raw. There is also the story of the genie eating someone raw. Baba says: If you don't remember Me, Maya will eat you raw. When you sit in remembrance, you experience happiness. Baba is making us into the masters of the world. Baba is sitting in front of you. You souls are listening to Him. Sweet, beloved children, I have come to take you to the land of liberation. Although many people try to go back home, no one is able to. The golden age has to come after the iron age. Day has to follow night. You know that only we will exist in the golden age. Baba is once again giving us our fortune of the kingdom. The mercury of happiness will rise at the end. Destruction will take place in the final moments. You will continue to see everything as detached observers. There will be unnecessary bloodshed. What crime have people committed that *bombs* have been manufactured to kill everyone? Everyone will of course die. They believe that someone is inspiring them to make those *bombs* against their conscious wish. There is a lot of expense. It is fixed in the drama, for destruction has to take place through them. One religion cannot rule amidst many other religions. The innumerable religions are now to be destroyed and the one religion established. You know that we are establishing the kingdom by following Baba's shrimat. Those people go away to learn *arill* on the field. They believe that they have to kill or be killed. It is not like that here. You should have a lot of happiness that Baba has come. It was incorporeal God who taught the ancient Raja Yoga of Bharat. They changed the name and mentioned the name of Krishna. Sannyasis believe that their yoga is the ancient yoga. Everything is explained to you so clearly. Children, do you recognise Me? I am your Father. I alone am called the Purifier and the Ocean of Knowledge. Krishna cannot come into the impure world. They have portrayed Krishna in the copper age. That is such a great mistake. Whilst performing devotion, they have become completely *tamopradhan*. I come when everyone has to be taken to the land of liberation. You know that you are studying. We are *Godly students*. Continue to churn this and you will have goose pimples of happiness. Baba is making you children understand the concepts of knowledge. So, why do you forget it? As soon as a child is born, he begins to say: Baba. You understand that you are heirs. Therefore, constantly remember the Grandfather. Baba is giving you the direction: Lust is a great enemy. It has caused you a lot of sorrow from its beginning through the middle to the end. This is the land of death, the brothel. Rama is creating the Shivalaya, the temple in which there is the kingdom of deities. However, how and when did they claim their kingdom?

Morning Murli Om Shanti BapDada

Madhuban

You now know this. Those people think that *gods* and *goddesses* never take rebirth. If one important person were to understand these things, the sound would spread. No one listens to the poor. Amongst you too, there are those who imbibe this numberwise. There is just the one school and the one Teacher but the students are all numberwise. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. In order to be safe from any attacks of Maya, become a genie and continue to remember Alpha and beta. Remove the burden of sin on your head with the power of yoga. Stay in supersensuous joy.
2. Don't just chant the name of Shiva through your lips. Have true love for the Father. This is the season to change thorns into flowers. Therefore, remain busy in this service.

**Blessing:** May you be free from all attachment and with the awareness of belonging to the one Father and none other, do service as an instrument.

The children who constantly have the awareness of belonging to the one Father and none other are easily able to stabilise their mind and intellect. They do service as instruments. They therefore have no attachment to it. The sign of attachment is that your intellect will be pulled and your mind will wander to wherever you have attachment. Therefore, surrender all your responsibilities to the Father and look after them as a trustee and an instrument and you will become free from attachment.

**Slogan:** Obstacles make the soul powerful. Therefore, don't be afraid of obstacles.
