

**Essence:** Sweet children, you are karma yogis. Whilst performing karma, stay in remembrance of the Father. By staying in remembrance you won't perform sinful actions.

**Question:** What is the one main reason for not being able to connect your intellect's yoga to the Father?

**Answer:** Greed. If there is greed for perishable things and an interest in good food or clothes, then that person's intellect would not be connected to the Father. Therefore, Baba shows you a method: Children, just have greed for claiming your inheritance from the unlimited Father. Don't have greed for anything else. If you do, the thing you love the most will be remembered the most at the end and your status will be destroyed.

**Song:** Awaken o brides, awaken! The new day is about to dawn

Om shanti. You children know that the whole world says, "We are all brothers." So why do those souls not understand that they are children of the one Father? He is the Creator and we are creation. Animals wouldn't say that they are *brothers*. It is human beings who understand and say that they are all *brothers*. The Father, the Creator, is only One. He is called the Supreme Father, the Supreme Soul. It is not possible that a sister would be called a brother. When all of you consider yourselves to be souls, you say that you are brothers. There couldn't be anything other than souls. There couldn't be so many physical children of the one Father. You now remember very well that you are all brothers. The Father sits here and teaches you children. God speaks: O children! Therefore, He is teaching many, is He not? It wouldn't be said that He spoke to Arjuna alone. He is teaching everyone. In a *school*, the *master* would say: Children, study very well. They are *students*, but the *teacher* is mature and so he calls the *students*, children. There, no one considers himself to be a soul. They just have physical relationships. Gandhiji was given the status of Bapu (father), and a *mayor* is also called *father*. Such a status is given to many. Here, you understand that you souls are brothers. Therefore, brothers definitely need a Father. All souls know that He is their Father and is called *God, the Father*. Souls say: He is *God, our Father*. A physical *father* would not be called *God*. You know that you are souls. Baba has come to teach you. That is, He has come to purify the impure. He will make you pure from impure and make you into the masters of the pure world. No one knows these things. You know it here, but you forget it when you perform actions. Stay in remembrance and you won't perform sinful actions. You are karma yogis. Sannyasis have renunciation of karma. They simply have yoga with the brahm element. However, they are unable to have yoga throughout the whole day. They have yoga in order to go to the brahm element. They feel that by remembering the brahm element, they will merge with it. However, they're unable to remember the brahm element throughout the whole day. Their sins cannot be absolved through that remembrance. The Purifier is remembered. Only the Father is that. They don't call the brahm element or the other elements the Purifier. Everyone calls the Father the Purifier. No one calls brahm the *Father*. Nor does anyone do tapasya of brahm. They do tapasya of Shiva. There are temples to Shiva. Can a temple be built to the elements? Souls reside in the brahm element in their egg-form and this is why it is called

Brahmand in the scriptures. That is not really a name, but it is the home. For instance, so many corporeal human beings reside beneath the sky element and in the same way, souls reside there. You children know that you receive the *knowledge* of the beginning, the middle and the end of the whole *drama* from Baba, understand all the secrets, understand the *knowledge* of the whole tree and then become *master* seeds. The Supreme Father, the Supreme Soul, has all *knowledge* and we are His children. He sits here and explains to us how this kalpa tree is created, sustained and destroyed. When you speak of creation, it is as though He creates a new world. The word establishment is better. He purifies the impure through Brahma. The word "Purifier" is definitely needed. In the golden age, everyone is in salvation whereas in the iron age everyone is in degradation. Why? How did degradation take place? No one knows this. They sing that the Bestower of Salvation for all is One. The soul understands that this is a play. They sing praise of the Father as "Sada Shiva" (Constantly Benevolent). Shiva is the One who gives happiness. He is remembered as the Remover of Sorrow and the Bestower of Happiness. There used to be the kingdom of Lakshmi and Narayan in Bharat. It is no longer that. Lakshmi and Narayan are called a goddess and god. Who established their kingdom? God is incorporeal and souls receive an inheritance from Him. It is the soul that takes 84 births and continues to come down. Whilst coming down, he becomes degraded. You have to explain that the Supreme Soul is not omnipresent. That Father is the Bestower of Salvation and we are all brothers, not the Father. It is not said that the *Father* adopted the form of *brothers*; no. This is why you first have to ask them: What is your relationship with the Supreme Father, the Supreme Soul? They all know their physical relations. The Incorporeal One is the Father of souls. He is called *Heavenly God, the Father*. The *Father* must definitely have made you into the masters of the new creation. We are no longer the masters. We were happy. So who made us unhappy? People don't know this. Ravan's kingdom has continued for half the cycle. Therefore, this has become the condition of Bharat. Bharat is the *birthplace* of the Supreme Father, the Supreme Soul. God came in Bharat. He must definitely have established heaven. The birthday of Shiva is also celebrated. You can even write: For example, we are now celebrating the 50th or 60th birthday. The establishment of this took place in 1937. It is now the year 2002, so it is 65 years since it started. People would be amazed at what you say. Also give them greetings and tell them that you are celebrating the birthday of the Purifier, the Bestower of Salvation, the Supreme Father, the Supreme Soul, Shiva. On that day, you should have a lot of celebration and festivity. The birthday of the Bestower of Salvation is not a small thing. You should drop leaflets from *aeroplanes* over big cities. Then it would also be printed in the newspapers. You should make very beautiful *cards*. You should write a lot of praise of the *most beloved* Father. He has come to make Bharat into heaven once again. That same Father is teaching you Raja Yoga. He is the One who also gives you your inheritance. You should print attractive *cards* for Shiva's birthday. You can even print them on *plastic*. However, as yet, your intellect is very small (limited). Only a handful out of multimillions will become kings and queens. All the rest who are careless will surely become subjects. There is the rosary of 108, but there will be many subjects. Don't just think that you are careless, but make a lot of effort. Baba explains a great deal, but you scarcely put anything into practice. Here, you consider yourselves to be the children of God but when you go outside, Maya makes you into a bat. Maya is so strong. Only a few will

emerge to claim the kingdom. Even the moon dynasty is considered to be of those who failed. You know everyone's study and their status. Would anyone in the world know the status of Ramachandra? Baba explains to you very well how you should print *first-class* invitation cards for Shiv Jayanti so that people are amazed by them. The churning of the ocean of knowledge has been remembered. Shiv Baba doesn't have to churn the ocean. This is the duty of you children. Baba advises you: If something enters the intellect of someone and he doesn't put it into practice, Baba would call him a fool. You children know that the Supreme Father, the Supreme Soul, is making you into the masters of the land of Vishnu through Brahma. Destruction has to take place through Shankar. The Trimurti is up above. You are all guides who teach the spiritual pilgrimage. You can even write: Truth brings victory. Truly, the true Baba is teaching us how to gain victory, that is, He is enabling us to gain victory. If someone objects to this, you can explain to him. Baba was thinking about how Shiv Jayanti should be celebrated. The God of the Gita is Shiva, not Krishna. You have to make this widely known. That One is the Creator whereas this one is the creation. From whom would you receive an inheritance? Shri Krishna is the first creation. They have portrayed Krishna coming on a pipal leaf floating in the ocean. This refers to the palace of the womb. In heaven, there is pleasure in the palace of a womb. Here, in hell, a child would be agitated in the jail of a womb. In the golden age, the womb is a palace whereas in the iron age, the womb is a jail. The picture of Krishna is so good. He is kicking hell away. You have written about the 84 births of Krishna. God speaks: You don't know your own births. I tell you about them. Therefore, I explain to those who have taken the full 84 births. It is so easy! *Manners* are also required. There should be greed for claiming your inheritance from the unlimited Father and not for anything else. Therefore, you mustn't keep anything that would pull your intellect. Otherwise, your status will be destroyed. Remove your intellect from everything including your body. Remember the one Father. If someone has accumulated a lot of *furniture* he would remember that when he dies. Whatever you have a lot of love for, that will definitely be remembered at the end. The Father explains to you children: Don't keep anything hidden away due to greed. You can receive everything from the yagya. If you keep something secretly hidden away, your intellect will dangle after that. Baba's orders are: This is Shiv Baba's treasure-store. Children will receive everything from here. You shouldn't even have the thought: So-and-so has a good sari so I too should wear one like that. Have you come to the Father to claim your inheritance of the kingdom or the inheritance of a sari? Everyone has great regard for those who do good *service*. Tell them: I cannot wear anything except that which I have received from Shiva's treasure-store. I will receive everything from just the yagya. Then, you will therefore remember Baba: I received this from Shiv Baba's treasure-store. Otherwise, the habit of stealing will be instilled. Only if you *sacrifice* yourself here will you receive *first-class* things there. Sometimes, Shiv Baba even tests the children and sees how much body consciousness they have. You have promised: Whatever You feed me, whatever You give me to wear... You should understand in your heart that Shiv Baba has given you that. You should have such a *first-class* stage. If you want to claim your full inheritance from Baba, then make full effort by following *shrimat*. Follow Baba's advice. Since you say "Mama, Baba", *follow* them completely. Show everyone the path. We received our inheritance from Baba and we are receiving it once again. Continue to stay on the pilgrimage of remembrance. Baba explains: The more powerful

you become, that much more strongly will Maya come to you. Why do you become confused? Baba writes to some children: You are going to do very good *service*. However, storms of Maya then come: Will I remain celibate all my life? This spin will definitely come even in old age: I want to get married, I want to do this. Maya makes even old ones become young again. She will harass you a great deal. Why are you afraid? No matter how many storms come, remember Baba and you will be saved. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### Essence for dharna:

1. Don't keep anything secretly hidden with you due to greed. Continue to follow the Father's directions.
2. Whatever Baba feeds you and whatever He gives you to wear, take everything from only Shiv Baba's treasure-store. Don't become body conscious. *Follow* Mama and Baba completely.

**Blessing:** May you be completely pure and, as a true Vaishnav, experience the elevated stage of purity.

The definition of complete purity is very elevated and easy. Complete purity means that impurity doesn't *touch* your mind or intellect even in your dreams. This is called being a true Vaishnav. Even though you may be making numberwise effort now, the aim of effort is complete purity and it is easy because you also have the company of the Almighty Authority Father who makes the impossible possible

**Slogan:** An easy yogi is someone who makes effort with entertainment instead of by force or labour.
