

Essence: Sweet children, the more you donate the jewels of knowledge, the more your treasure-store will become full; your churning of the ocean of knowledge will continue and you will be able to imbibe jewels well.

Question: What are the signs of souls who don't have unlimited happiness in their fortune?

Answer: They listen to the knowledge, but they will be like an upside-down pot. Nothing will sit in their intellect. They say that this knowledge is good and praise it. They agree that it should be given to everyone and that this path is very good but they themselves do not follow this path. Baba says: This is their fortune. It is the duty of you children to serve. Continue to relate this to thousands of people. At least subjects are created. Make effort in the same way as the mother and father to claim your inheritance from the unlimited Father. Imbibe *knowledge* and continue to make others equal to yourselves.

Song: I have come having awakened my fortune...

Om shanti. There are always two types of fortune. One is good and the other is bad. One is of happiness and the other is of sorrow. Bharat has the fortune of happiness and also the fortune of sorrow. Bharat itself was the land of happiness and it is now the land of sorrow. If your house is new, that is good fortune. If it is old, that is bad fortune. Bharat itself was new at first and has now become old. Only you children can understand these things. The world doesn't know them. Your attention is drawn to these things. Children, you were so fortunate! The deities were the masters of the world. They are not that now. Their good fortune changed and became bad. It is something to understand how and when you have good fortune. Only the one unlimited Father is the one who explains to you. When was the fortune of Bharat elevated? When it was heaven. It now has bad fortune. They even sing: O Purifier come and make our fortune pure! When Bharat was pure it had a huge fortune. Now that same Bharat is impure because it is vicious. There are both the vicious and the viceless. If we become viceless at this time we will become deities. People continue to call out to the Father. At the Kumbha mela, they would definitely be singing: The Purifier is Sita-Rama (Rama who belongs to Sita). A river is not the Purifier. When people's fortune becomes bad they have such stone intellects! This is a play of happiness and sorrow. Who causes sorrow? Who gives you happiness? The pictures of both are very well known. For happiness, everyone remembers the Supreme Father, the Supreme Soul: Oh Remover of Sorrow and Bestower of Fortune. This proves that the Father never causes sorrow. Those people think that it is God who gives both happiness and sorrow. No one even understands something that is worth a few pennies (something so small). The Father has now made your intellect divine. He has opened the lock on your intellect. You know that the world cycle continues to turn. When the world becomes old, there is sorrow there. You have now received three eyes. You can ask everyone that since they sing out to the Purifier to come, why are they sitting here at the river? To have sacrificial fires, to do tapasya, to study the Vedas and scriptures etc. is all the path of bhakti. The Father says: I cannot be found through those things. I come and grant you salvation when your bhakti comes to an end. You need knowledge of yoga. You also need knowledge in order to become pure. It is not a question of becoming pure by reading the scriptures etc. The conscience says that when Bharat was pure and completely viceless, it was very wealthy. Who made it so wealthy and pure? Did it become that by people bathing in the Ganges or by reading the scriptures etc? You have been doing that all the time but nevertheless you still call out: Oh Purifier, come! Only when the time for the impure world to come to an end will the Purifier Father come and establish heaven. The pure world is the golden age and the impure world is the iron age. No one understands that the Purifier is only the one Supreme Soul. They sing: The Purifier is Sita-Rama (Rama who belongs to Sita). The Father explains that the meaning of this is that the Supreme Soul is the Rama of all the Sitas. They say: The Bestower for All is Rama. He is the Bestower of what? They don't even know this. The Father explains: The Bestower for All, Rama, is the Incorporeal One. Their intellect is completely locked. It just doesn't sit in their intellect. In the golden age, all have a divine intellect. The very name is the Lord of Divinity, the land of divinity. At this time you children are also becoming lords of divinity. Souls become *golden-aged*. Now your intellect is *iron-aged*. A *golden-aged* intellect takes happiness and an *iron-aged* intellect takes sorrow. People distress themselves chasing after poison. Look how much upheaval they create when someone wants to follow purity. Devils such as

Kans, Jarasandha, Dushashan, Putna, Supnakha are remembered. All of those are memorials of things of the *past*. It is definitely the praise of the confluence age. Everything of the confluence age is remembered. The Father says: I only come once to purify the impure. You know that Baba's business is to purify the impure. The Father is the Creator and so He would definitely create a new creation. Ravan is the one who makes you impure and the Father is the One who makes you pure. His correct name is Shiva. People celebrate Shiv Ratri. You understand the meaning of ratri (night). The Father will come when bhakti, that is, the night, ends and the day comes. The Father says: Children, now become pure. You now have to return home. There was the golden age and the cycle now has to *repeat*. I am changing you children from human beings into deities. Deities too were human beings. It is just that they were beautiful, that is, they were pure and the human beings of today are ugly, that is, they are impure; there is no other difference. Bharat was *golden-aged*. It is now *iron-aged*. Souls have alloy mixed in them. That can only be removed with the fire of yoga. Previously, they used to read the term "manmanabhav". They didn't understand the meaning of it at all. You have to connect your intellect's yoga to the Supreme Father, the Supreme Soul. However, no one even knows His form, so how could they have yoga? Since they say that God is beyond name and form, with whom would they have yoga? God speaks: Manmanabhav! Renounce the arrogance of the body. Consider yourself to be a soul. What is the form of a soul? They say that a soul is a *star* that resides in the centre of the forehead. Therefore, the Father of souls would also be like that. They then say that He is beyond name and form. Of the Father, they say that He is the brahm element, that is, an element of constant light. Brahm is unlimited, just as you cannot reach the end of the sky. OK, someone may even reach the end, but no one receives liberation or liberation-in-life through that. Only you children understand the meaning of liberation and liberation-in-life. The world doesn't know anything at all. They even sing: He is the Ocean of Knowledge, the Seed of the human world tree. He is the Truth and the Living Being. He is the Purifier and so He would definitely come in the impure world. You explain that when knowledge exists, there cannot be bhakti. Knowledge is the day, the golden and silver ages. Bhakti is the night. Explain to everyone that the Supreme Father, the Supreme Soul, not water, is the Ocean of Knowledge. Baba continues to explain to all of you, very good methods to give Baba's message to the whole of Bharat. In fact, the mela of souls and the Supreme Soul is remembered. The Supreme Soul is only One. It isn't right to say that God is omnipresent. The Father Himself comes and liberates everyone from sorrow. Everyone calls out at the time of sorrow. They cry out so much! Ask them since when have they been doing that and they will say from time immemorial. Nevertheless, no one has become pure and they just continue to become even more impure. Your intellect is now filled with all the knowledge. Knowledge is said to be the day of Brahma. It is not said to be the day of Vishnu because it is only now that you receive the knowledge. Day by day, you continue to receive *refined points*. Liberation-in-life is a matter of a *second*. They then say that He is the Ocean of Knowledge. No matter how much you continue to write, you will not reach its end. When the Father finishes explaining everything to you, your examination will also end. From the beginning you have been listening to so much. They have made the Gita very small now. There are so many things of knowledge. It is very easy to explain. There was truly just the one religion in the golden age. Now there are so many religions. There is so much upheaval. There is upheaval amongst themselves. When there was just the one religion, there was no mention of war etc. There was happiness and nothing but happiness. You have the secrets of the cycle in your intellect. It has been explained to you children how you take 84 births and how the cycle *repeats*. You are now becoming satopradhan from tamopradhan with the power of yoga. You have now become theists. You have also become trikaldarshi. No one else in the world knows the Creator or creation. Only you children know this but you don't imbibe and explain to others, and so you forget the *points*. If one lot of treasure doesn't sit in their intellect, how could the second lot sit in their intellect? If you continue to donate, your treasure-store will continue to become full. Your churning of the ocean of knowledge of how to explain to others will continue. There is praise of bhakti when knowledge doesn't exist. Those who remain occupied in *service* have intoxication in their intellect. Everyone is numberwise. A maharathi is one who makes others the same as himself and continues to imbibe *knowledge*. Such a soul receives a status accordingly. All this is incognito effort. You now belong to the Father and so you understand that you definitely receive the inheritance of heaven from

the Father. Ravan doesn't exist there. The kingdom of Ravan is separate from the kingdom of Rama. You children understand that the Ramayana and Bhagavad etc. have stories of this time in them. This is a play of dolls. The Father explains: At this time the whole tree is tamopradhan. It is to be destroyed. You have all the secrets in your intellect. Baba continues to show you so many methods for explaining to others. However, only a handful out of multimillion understand. A *sapling* is being planted. Those who have been *converted* into other religions will all continue to emerge. In fact, Hindus really belong to the deity religion. You have to explain: You people of Bharat are from the roots of the deities. It is deities who are worshipped. Your religion is the deity religion. At first you were deities, and then you became warriors, merchants and shudras. Now become Brahmins again and then become deities. We will explain to the people of Bharat. The *sapling* is now being planted. The Father sits here and explains how He *converts* you from shudras. You will become Brahmins and then deities. The explanation is so good. If someone asks you if you have studied the scriptures, tell him or her: I studied all the scriptures of the path of bhakti, but only the Father Himself comes and grants salvation to everyone. This is why you call out to Him: O Purifier, come! If you explain tactfully they will definitely understand. You children need courage to explain to others. It appears that the *drama* will make you do *service*. In the previous cycle too, this one made this much effort and claimed this status. You have to make full effort to claim your inheritance of Baba. Since we are receiving an inheritance from Baba, why should we touch the inheritance of Ravan? Why should we not become sweet? We have to become full of all virtues. This is Raja Yoga to become Narayan from an ordinary man, that is, it is the yoga to gain a kingdom. The Father says: I come at the confluence age of every cycle. This is the age of the stage of ascent. All the rest are ages of the stage of descent. There are the stages of ascent and descent. This cycle should remain in your intellect. The Father sits here and tells you souls: Remember Me. Don't become impure in this last birth and I will make you into the masters of the world. Will you not obey Me? Otherwise, you won't even be able to receive unlimited happiness. At least become pure in this birth. I *guarantee* that I will make you into the masters of the world. Will you not even obey the Father? The arrow will quickly strike the target of those who are to become flowers. If they don't have it in their fortune, they will listen to this knowledge like upside-down pots. You explain to so many people at the exhibitions. They all say that this is good. They say that this path is very easy, but they themselves will not do anything. They simply praise this and tell others that it is good, but they themselves will not follow this path. What will happen through that? It would be said that it is not in their fortune. Such souls will become part of the subjects. However, you children should have the interest to serve. You have to relate this knowledge to thousands. You should make effort like the mother and father to claim an inheritance from the unlimited Father. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to claim your full inheritance from the Father, become extremely sweet and full of all virtues. Don't touch the inheritance of Ravan.
2. Imbibe knowledge, and do *service* with spiritual intoxication. In order to claim unlimited happiness, take all the advice that the Father gives and follow it.

Blessing: May you be free from the bondage of the body and with the awareness of the word "I", remain stable in your *original* form.

The word "I" makes you fly and the word "I" brings you down. When you say "I" you should remember your *original* incorporeal form. Let this become *natural*. End the "I" of body consciousness and you will become free from the bondage of the body because this word "I" brings you into arrogance of the body and ties you into karmic bondage. However, when you have the awareness that you are an incorporeal soul, you will go beyond consciousness of the body and have relationship of karma, not bondage of karma.

Slogan: In order to experience guaranteed victory and a carefree stage, become one who has total faith in the intellect.

*** OM SHANTI ***
