

Essence: Sweet children, Baba has come into the happy gathering of you children. You are now celebrating the happy gathering of the nectar of knowledge. Your journey has now come to an end and you have to return home.

Question: What is the way to make remembrance easy whilst facing many different types of storm?

Answer: Whilst earning for the livelihood of your body, try to focus your intellect on Shiv Baba for even 5 to 10 minutes. Continue to forget your body. "I am a bodiless soul and I have entered this body to play a *part*. I now have to become bodiless and return home." Talk to yourself in this way. Let your intellect keep the company of the one true Father. Protect yourself from the company of others and remembrance will then become easy.

Song: You have entered my heart.....

Om shanti. Children, you heard the song and you would also have understood its meaning. Nevertheless, the Father explains it to you because He has now come into this happy gathering. The gathering is of you children and also of the whole world. God says: I come into the gathering of devotees. Therefore, all are devotees. Amongst them too, I especially come into the gathering of those devotees who have come to claim their inheritance from Me, the Supreme Father, the Supreme Soul. I am present in the gathering of the souls who have remembrance of the Supreme Father, the Supreme Soul. At a gathering (party) you are given food and drink. The Father says: I am giving you children a party of the nectar of knowledge. Those who have come and belong to the Father understand that He has come into this gathering of ours. Then He will take everyone back home numberwise. This is a gathering for you children in particular and everyone else in general. The children would be where the Father is. The Father says: I am bodiless and when you too were bodiless, you were with Me. He reminds you that that was 5000 years ago. It is said: *Long, long ago*. There cannot be a journey longer than 5000 years. The children who are the people of Bharat have forgotten when God Shiva came and yet they continue to celebrate His birthday. They say: He definitely came, *long, long ago*. However, they don't know when He came. Some say that it was hundreds of thousands of years ago and others say something else. No one knows this *accurately*. Only the Father can tell you. He says: Children, I also came to you in this gathering 5000 years ago. People celebrate the birthday of Shiva in the whole world. On that day, go to people and ask them: How many years has it been? When they celebrate the birthday of Gandhi, they would immediately tell you how many years it has been. No one can tell you anything about Shiva. However, you children know that it has been a long time since He came. Those people don't know anything. They say: He is beyond birth and death and name and form. Oh, if He is beyond name and form, whose birthday are you celebrating? Therefore, He cannot be beyond name and form. He definitely came in Bharat and this is why you celebrate His birthday. So, how can you say that He is beyond name and form? You remember Him but when did He come? God would definitely have to come when the time of bhakti has to end while you are sitting at home. No one knows in which form God comes. You should question them cleverly and then explain to them. God is incorporeal. You worship Him and say: Oh Supreme Soul, God! No one would call Him a deity. The deities are Brahma, Vishnu and Shankar and so you also have to explain those pictures. When you go to the Shiva Temple, you should ask them: When did He come and how did He come? Everyone comes from the incorporeal world. The Supreme Father, the Supreme Soul, is called the Purifier and so what did He do? How did He make impure ones pure? He must surely have come in a corporeal form and explained through the mouth. He must have given some teachings. No one could say anything just like that. He would surely have to enter a human body. God comes to create the new creation. Therefore, He would surely have entered someone's body. It is remembered that the human world was created through the mouth of Brahma. It is not written: The Brahmin world. If human beings are created through the lotus mouth of Brahma, then surely the children of Brahma are Brahmins. Prajapita Brahma would definitely have created Brahmins. If he were to create just *males*, how would there be growth? If there were just *females*, how would there be growth? This is why there are both Brahma Kumars and Kumaris. How else would there then be the Brahmin community? The Supreme Father, the Supreme Soul, is definitely the Creator and the human world is created through Brahma, so He must surely have to enter the body of Brahma. Only those who understand

these things very clearly and imbibe them will be able to explain to others. It is to those who are complete Raja Yogis and who remember the Father and the kingdom, that Baba says: Children, become spinners of the discus of self-realisation. Not everyone remembers Him completely. They come to Baba and say that knowledge is easy. They have also understood the cycle. They have also understood the significance of 84 births. You definitely have to take 84 births. So, those who are the *number* one souls will take 84 births. All of this is fine. However, it is very difficult to stay in remembrance. Many types of storm come in yoga. How can you overcome them? What is the method for that? At what time would you be able to remember Him very well? Baba has explained: Remember Me whilst walking and moving around. You are now sitting here and I am asking you: Are you remembering your wife? As soon as your wife was mentioned to you, your intellect immediately went there. That was the work of the intellect. In the same way, you may do anything you want for the livelihood of your body, but try to connect your intellect to Shiv Baba. Remember Him for 5 *minutes* or 10 *minutes*. Yes, Maya will also definitely create obstacles. Storms will come very powerfully to make you fluctuate, but you still have to continue to make your effort. To forget your body and to stay in remembrance of the Father are the same thing. You have to consider yourself to be a bodiless soul. I was originally bodiless. I took this body to play my *part*, and I now become bodiless and return home. Just keep the Father and His home in your intellect. The Father's home is the place where you now have to go. Then, you also have it in your intellect that the Father's *property* is the golden age. So, together with remembrance of the one Father, you will also remember that. Your intellect goes everywhere else on the path of knowledge as well as on the path of bhakti. When a kumari becomes engaged, they both remember one another. If someone sits to do bhakti, Maya creates obstacles. Their intellect goes towards their business etc. Maya is your enemy. When devotees sit down to remember the deities then, too, their intellect goes in other directions. Maya doesn't allow their intellect to become focused. When you go to your *office*, your intellect is occupied with that work. When you have *passed* your examination, you then have to do that work. Your intellect becomes occupied with that. Maya causes problems for you in focusing your intellect on subtle things. Devotees too have visions with great difficulty. When they do very intense devotion, the Father is pleased. Now, there is no question of devotion. You now have *knowledge*. In fact, you should do bhakti of just the One. If your bhakti is unadulterated, it is possible for you to have visions. Nowadays, it has become adulterated. They continue to remember everyone. Therefore, Baba doesn't grant them visions. If they have complete faith in One, Baba would grant visions. So, the Father explains: Remember Me alone. You don't have to say anything through your mouth. When you remember your wife, do you have to say anything through your mouth? You just have the thought and your intellect runs there. This unlimited Father is the One who gives you constant happiness. So, you have now become engaged to that Supreme Father, the Supreme Soul. Therefore, make effort to remember Him. Maya will bring storms. The whole world will become your enemy but, in spite of that, you mustn't forget the Father. To the extent that you remember the Father, so your sins will accordingly be absolved. There are many human beings who don't even remember God for the whole day. They keep very bad company. This is why it is remembered: Good company takes you across and bad company drowns you. Only the company of the Truth, the Supreme Father, the Supreme Soul, will make you pure from impure. The whole world is now impure and they need the company of the Purifier. Therefore, He surely has to come here in a corporeal form. Only the One is the Truth. You are sitting in the gathering of the truth. You know that you souls now have the company of the Supreme Father, the Supreme Soul. The Father says: Only by having remembrance of Me will your sins be absolved. If you have the company, you will listen to the murli, otherwise what would you do? Your intellect's yoga has to be connected to the Father. When your intellect's yoga is connected to the Father, He will take you across, that is, He will make you pure. No one can go to Him without becoming pure. The Father Himself teaches you how to have yoga with Him. In order to teach you, He Himself comes here personally. The intellect's yoga has to be broken away from everyone else and connected to the One. Only then will your sins be absolved. There is no other way. The pure world is heaven and there is limitless happiness there. It isn't that there is sorrow or the devil there. There, there is no name or trace of sorrow, and that is for 21 births. The Father comes here to teach you.

God speaks: I am teaching you easy Raja Yoga to make you into kings of kings. People have an image of Krishna in their intellect. You have it in your intellect that it is Shiv Baba, the Ocean of Knowledge, who is teaching you. Krishna doesn't have knowledge. Only Shiva is the Ocean of Knowledge. All human beings say: God Krishna speaks. We say that Krishna had no knowledge. There is the difference of day and night. The Father is now giving you children *knowledge*. This means to become a spinner of the discus of self-realisation and a seer of the three aspects of time. Trikaladarshi means to see all three aspects of time. It means to know the beginning, the middle and the end of the world and the three worlds. You know the incorporeal world, the subtle region and the corporeal world. Amongst you also, you know them numberwise according to the effort you make. However, there is no difficulty in this. You have to earn your livelihood. It isn't said that kumaris also have to beat their heads to earn their livelihood. A kumari has to go and live with her husband. The husband has to earn their livelihood. Kumaris also have to stand on their own feet. There is the story of a kumari who told her father that she is living through her own fortune. So, you kumaris are also making your own effort. To the extent that you study and follow shrimat, so you will rule a kingdom for 21 births. Kumaris don't have to earn for their livelihood. Their work is to study and go to their in-laws' home. You too are sent to heaven, the land of Vishnu. To the extent that you study, accordingly, you will claim a high status. Those people just tell a story. It really refers to the present time. The Father Himself sits here and tells you its meaning. All of you are kumaris. Half-kumaris are also making their lives worthwhile. The Father teaches you such actions that you will never have to become unhappy or a widow. However, only a few rare ones make their fortune elevated. Some are making their fortune and then, from being amazed, they run away and leave the Father. They even *divorce* Him because, as well as the Father, Shiv Baba is also the Husband of all husbands. Children leave such a Father! They cross out their fortune. A bride would become worth a shell by *divorcing* Him. It is remembered that those who were amazed then *divorced* Him; they ran away from Him, the Father, from whom they were to receive the fortune of the kingdom for 21 births. Some come and belong to the Father. Some then become great fools who leave Him and also *divorce* Him. All of this is known from their behaviour. They continue to indulge in vice, then come and sit here secretly and then write to Baba: Baba, I made a mistake, so please forgive me! However, you have accumulated one hundred-fold punishment and so how can that be *cancelled*? By telling the truth, half may be forgiven and Baba therefore says: Never indulge in vice secretly. Don't come into *familiarity* either. Anger is also a big evil spirit. It causes sorrow for many. Having given the donation of the vices to the Father, if you take them back, your status is destroyed. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.
