

Essence: Sweet children, cool everyone by sprinkling cool drops of knowledge on them. You are the goddesses of coolness who shower knowledge.

Question: Why has the Father given you the urn of knowledge?

Answer: You have been given the urn of knowledge so that you can first cool yourself and then make everyone else cool. At this time everyone is burning in the fire of lust. Take them off the pyre of lust and make them sit on the pyre of knowledge. When souls become pure and cool they can become deities. Therefore, you have to give every spirit the *injection* of knowledge and purify them. This is your spiritual service.

Song: The rain of knowledge is on those who are with the Beloved...

Om shanti. The rain is for those who are with the Father. Now, there is rain and the Father. So how can there be rain from the Father? You would be amazed, would you not? The world doesn't know about these things. This is the rain of knowledge. You are made to sit on the pyre of knowledge in order to make you into goddesses of coolness. *Against* (in contrast) the word "cool", there is the word "heat". Your name is "goddesses of coolness". There wouldn't be just one. There would definitely be many through whom Bharat becomes cool. At this time all are burning on the pyre of lust. Here, your name is "goddesses of coolness", Shitla Devis, the ones who cool everyone. You are the goddesses who sprinkle cool drops. They go to sprinkle drops. These are the drops of knowledge, which are sprinkled on the soul. When souls become pure, they become cool. At this time, the whole world has become ugly by being on the pyre of lust. You children are now given the urn. With this urn, you yourselves become cool and you also make others the same. This one also became cool, did she not? Both are sitting together. There is no question of leaving your home and family. However, the cowshed had to be created and so some must have left home. What for? In order to sit in the pyre of knowledge and become cool. When you become cool here, you will be able to become deities. Baba has explained: Unless someone has become a theist through you he is an atheist. Those who belong to the theist world do not fight or quarrel amongst themselves. Those of the atheist world fight and quarrel. Who are called atheists? Those who don't know Me, their parlokik, most beloved, Supreme Father, the Supreme Soul. There is confusion in every home in the world because they have become atheists by forgetting the Supreme Father, the Supreme Soul. They don't know the unlimited Father or the beginning, the middle or the end of His creation. The unlimited Father explains: Why have you become atheists? Why have you forgotten the unlimited Father who is called *God*, the *Father*? One should know the *occupation* of one's *Father*. He is the Seed, the Truth, the Living Being, the Embodiment of Bliss, the Ocean of Knowledge and the Ocean of Peace. He has all these specialities. His specialities are different. It is to Him that it is said: You are the Mother and Father and we are Your children. Therefore, He would definitely be the Mother and Father. No one can be put right until he knows Alpha. You know that in Bharat, in the golden age, there was the kingdom of *gods and goddesses*. Lakshmi and Narayan were called a *goddess and god*. Those who belong to the deity religion would understand that Lakshmi and Narayan truly were the first masters of this Bharat. It is a matter of 5000 years. Look, when the Father and *Teacher* are explaining to you, they look around everywhere to see whether children are listening and imbibing very well or whether their intellect's yoga is wandering elsewhere. On the path of bhakti, although they would be sitting in front of the idol of Krishna, their intellect would be wandering to their business etc. They would not be able to concentrate even on that image. Here too, when there isn't proper recognition, they are unable to imbibe. Shiv Baba gives you the mantra that disciplines the mind in order to be able to control Maya. He says: Remember your Supreme Father, the Supreme Soul, Shiva. Connect your intellect's yoga to Him. Now, your intellect's yoga should not go towards the old home. Your intellect's yoga should be connected to the Father because all of you have to come to Me. I have come as the Guide to take you back home. This is the Shiv Shakti Pandava Army. You are those who take power from Shiva. Because He is the Almighty Authority, people believe that God can even bring back to life those who are dead. However, the Father says: Beloved children, each one in this *drama* has received his eternal *part*. I am the *Creator, Director and Principal Actor*. I cannot do anything with anyone's *part* in the *drama*. People think that every leaf moves with God's orders. Would God sit and order every leaf?

God Himself says: I too am bound by the *drama*. It isn't that leaves move according to My orders. The idea of omnipresence has made the people of Bharat totally poverty-stricken. Bharat becomes crowned with the Father's knowledge. You children know that the Dilwala Temple has been created accurately. Adi Dev is Dilwala, the One who wins the heart of everyone in the whole world. The one God would be said to be the One who wins the heart of all the devotees. This is their memorial. Up above is the image of the deities and beneath that, they are shown to be doing tapasya. 108 children are sitting in that posture in remembrance of Shiv Baba. They are the ones who made Bharat into heaven. Those who built the temple do not know anything of whose images they are or when and how they became that. What did they do that their memorials were created? They don't know anything. Gandhiji used to say that he was establishing the kingdom of Rama in the new world, but there is purity in the new world. He couldn't bring that about. It is the task of the Father alone to make the impure world pure. No human being can do that. For this one as well, it is said: I enter this one at the end of the last of his many births. Therefore, he too is impure, is he not? Those who were pure have become impure and they are once again becoming pure. Those who were worthy of worship have become worshippers themselves; they have become devotees. God comes and meets the devotees. Those people make effort to attain eternal liberation so that they become free from playing a *part*. However, no one can receive eternal liberation. God says: I too do not receive eternal liberation. I too have to come to serve. I have to please the devotees. I too have to enter the impure world in an impure body in order to make this Bharat prosperous, to give back the lost sovereignty once again and to make you *solvent*. I have come many times and I will continue to come. I will make Bharat beautiful. This is the devilish world and I will make it divine. Those who recognise Me will claim their inheritance. Shiv Baba comes every cycle to give Bharat its inheritance. Nowadays, people don't celebrate His birthday. They have even stopped the *holiday* that used to be marked on the *calendar*. In fact, just the one Shiv Jayanti should be celebrated. It is *worth not a penny* to celebrate the birthdays of all the others. To celebrate the birthday of the one Supreme Father, the Supreme Soul, Shiva is *worth a pound* because He makes Bharat "The Golden Sparrow." The praise is of that One. People think that the Ganges is the Purifier, and yet they are not happy with that one thing. They continue to wander everywhere. They prove that they truly are impure. Only the one Supreme Soul is the Ocean of Knowledge from whom the Ganges of knowledge have emerged. The names Saraswati, Ganga (Ganges) and Jamuna are your names. A temple has been built on the River Ganges. In fact you are the Ganges of knowledge. You are not deities. You are Brahmins. They have created an image of a deity and given it the name Ganges. They don't know anything. You Shaktis are the Ganges of knowledge. You are now changing from human beings into deities through this Raja Yoga. This is true yoga. All the other yogas that people teach give you good *health* temporarily. By having yoga with this one Father, we become *ever-healthy*. The Father now sits here and makes Bharat into *heaven*. Until you consider yourself to be a soul, a child of God, you cannot receive an inheritance. All the rest are *brothers*. The people of Bharat say: We are all *fathers*, a form of God. Shivohum, tat twam. (I am Shiva and same applies to you.) How can all the *fathers* who are unhappy receive an inheritance of happiness? There is extreme darkness. This is the night. Knowledge is the day. All of these things have to be understood. Children, you are spiritual *social workers*. Those are physical *social workers*. You give the spirits an *injection* so that they become *pure*. All of those do physical service. The Father sits here and explains: There is so much difference. You remember *God* and are becoming *gods and goddesses*. God Himself says: Beloved children, I have come as your *Slave*. Now listen to what I tell you. This is called Shrimat Bhagawad. He is the Highest on High. Some say that the jayanti of Brahma is higher. Not at all! It is Shiv Baba who created Brahma, Vishnu and Shankar and gets them to do things. How else would the new world be created? The highest jayanti is that of Trimurti Shiva. Shiva comes with Brahma, Vishnu and Shankar. So only His birthday should be celebrated. Nowadays they even celebrate the birthdays of cats and dogs. People have so much love for dogs. Look what the world has now become! They say: Lions won't exist in the golden age. The law doesn't allow it. There will be few human beings in the golden age, and so there will also be few animals. There weren't so many illnesses etc. earlier. Now, so many illnesses etc. have emerged and so all the animals etc. also increase later. In the golden age, even the

cows are very good. They say: Krishna grazed cows. They don't say that there were such *first-class* cows in the golden age. There are palaces studded with diamonds and jewels for the deities there. Here, the palaces are of bricks and clay. All of these matters have to be understood. Those who understand these things will never leave this *school*. Even if someone comes and sits here, without having understood his *aim* and *objective* he wouldn't be able to understand anything. Whenever you go to other spiritual gatherings, they don't have an *aim* or *objective*. This is a school. In a school, an *aim* and *objective* is definitely needed. You know your *aim* and *objective*. Knowledge will not trickle into the intellect of those who don't have it in their fortune. They will not receive liberation-in-life. Those who come later (in the cycle) cannot go to heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Always let your intellect's yoga be connected to the one Father. Let your intellect not go towards the old home and the old world. Create such a concentrated and stable stage.
2. Imbibe all the specialities of the Father in yourself. Sprinkle drops of knowledge on every soul, cool down their fire and make them cool.

Blessing: May you be a responsible soul and remain stable in the one thought and reveal the great pilgrimage place.

This Abu is the *lighthouse* for the world. In order to reveal this great pilgrimage place, let every Brahmin child have the one thought: Every soul will receive his destination from here. Everyone has to be benefited. When this lamp of pure hope is ignited in each one and when you have everyone's co-operation, there will be success in the task. Let the sound emerge in each one's mind: This is my responsibility. When each one of you considers yourself to be responsible to this extent, the rays of revelation will spread everywhere from the Father's home.

Slogan: Imbibe the speciality of introversion and you will continue to receive blessings from everyone.
