

Essence: Sweet children, this knowledge is very enjoyable. Each of you is earning an income for yourself. You must not be concerned about anyone else. Forget even that body of yours and engage yourself in earning.

Question: What is the way to earn an imperishable income? Who remains deprived of this income?

Answer: In order to earn this imperishable income stay awake at night and at amrit vela and continue to remember the Father. Churn the ocean of knowledge. You never yawn or fall asleep when you are earning an income. Stay in remembrance of the Father whilst walking and moving around and you will earn at every *second*. You have to earn *independently* for yourself. Those who are greedy for that perishable income remain deprived of this imperishable income.

Song: Awaken oh brides, awaken! The new age is about to dawn!

Om shanti. You children heard the song and it has sat in your intellect. You can call Him the Bridegroom or the Father. Why is He called the Husband of all husbands? In English it is said: *Brides*, and the Bridegroom is called the *Bridegroom*. He is the incorporeal Bridegroom. Here, there is no question of a corporeal bridegroom. Even the incorporeal Bridegroom definitely needs a bride. Otherwise, without His bride, how would the incorporeal Bridegroom create creation? You children know through which bride the Incorporeal One creates creation. That Supreme Father, the Supreme Soul, enters this one and awakens everyone. You have truly come here to go to the new age, that is, to the land of truth. The iron age is called the old age. So you children now experience that you have come here to the Ocean of Knowledge to be *refreshed* and to imbibe knowledge personally, face to face. Children don't enjoy themselves as much at the *centres* as they do here personally. You children are personally face to face here whereas those at the *centres* are far away. It has been explained to you children that every soul is a charioteer and that the Supreme Father, the Supreme Soul, is the Charioteer of this body. He is called the Supreme Father, the Supreme Soul. He too is a Soul. He always resides in the land beyond. When people remember God, their vision definitely goes upwards. They say: Oh Supreme Father, Supreme Soul, have mercy! Everyone knows that He is the One who resides up there. The Father has entered the chariot He has appointed. He says: every cycle I become the Charioteer of this one because I establish the Brahmin clan through this chariot, Brahma. If He were to enter the body of Krishna, it would then be the deity clan and it would be the golden age. The body of Krishna exists in the golden age. You children understand that the unlimited Father is sitting here, giving you the knowledge of the three aspects of time and making you trikaldarshi. He is giving you the knowledge of the beginning, the middle and the end of the *drama*. The moment that has passed will *repeat* identically. For instance, there was the kingdom of Lakshmi and Narayan, and it will *repeat* again. Christ too has to *repeat* his own *part*. He will exist again in that same name, form, land and time. The Father says: I have changed My incorporeal form and come here in the corporeal form. He definitely enters a human body, for only then can He speak to us. In the scriptures, they have written about the incarnations in the fish and the alligator. Because of the notion of omnipresence, they believe that He enters everything. The Father Himself now says: Brides, I have come to awaken you and establish the new world. The golden age that existed will *repeat* again. The new age is now about to come. The world believes that there are still 40,000 years left before the new age comes. This is a big mistake of human beings. You children now have faith in your intellect. This is definitely new knowledge for the people of the world. In the golden age, there will be deities and they won't know anything about other religions. Now all the old religions exist. The new deity religion has disappeared and that new religion is now being established. There are images of the deities. You understand that they truly used to rule in the golden age. There, you won't know that, after the kingdom of Lakshmi and Narayan, there is going to be the kingdom of Rama. You will continue to observe whatever happens. It is said: *Edward the First*, Edward the *Second*. Those who come later will be aware that *Edward the First* and *Second* existed in the past. They won't know when they will exist again. The *part* of the *drama* will continue to *emerge*. Baba alone explains to you the *knowledge* of the *drama*. The pilgrimages of the path of devotion are completely unique. This is knowledge. Remember the Father and the inheritance. You now know the duration of the kingdom of Lakshmi and Narayan in the golden age and then, in the silver age, Rama and Sita will rule. You children

can see the *scenes* and *scenery*. It is in your intellect that you have completed your 84 births. This is new *knowledge*. The Father says: I come at the confluence age of the cycle. The Supreme Father, the Supreme Soul, becomes the Charioteer at this confluence age to take all of us charioteers, us souls, back home. All of us are charioteers. Consider yourself to be a soul. You children repeatedly forget this. We souls have played our *part* of 84 births. Baba has now come and is explaining all the secrets to us. He changes us impure ones and makes us as pure as He is. This is the only unlimited Father who makes you children equal to Himself. A physical father never makes his children equal to himself. A father has children and one would be a *carpenter*, another one would be a *surgeon* and another an *engineer*. It is not like that here. Here, all of you change from human beings into deities. You don't become a *barrister* or a *surgeon* etc. You know that the Supreme Father, the Supreme Soul, is teaching you and that by studying this you become deities. You would never have seen such a *school* anywhere else where everyone says that they are studying to claim a deity status. There continues to be expansion day by day. Later, the buildings will also continue to increase. When the influence of you children spreads, many people will invite you: Come here and teach us the Raja Yoga to change human beings into deities. There will continue to be a lot of expansion. The Father still says to the children: Stay awake at night and at amrit vela. There is a lot of income in this. People who are very keen to earn an income even stay awake at night when they have customers. If people were to receive money 24 hours a day, they would renounce their sleep. Whilst earning, you don't fall asleep. When you don't earn, you yawn and fall asleep. When earning, there is great happiness. People try to increase their wealth so that they remain happy. However, otherwise, the stomach only needs one chappati. While in this world you children must not have attachment. You mustn't be too greedy. Your intellect's yoga runs towards that, then you remain deprived of this imperishable income. Therefore, be very concerned about this income. You are earning *second by second*. Then, if you remember the Father whilst walking and moving around, there is further great income. Are you able to earn the other income whilst walking and moving around? This is a *wonderful* income. You are earning *independently* for yourself. A physical father would be concerned for his children that they should remain happy and have enough to eat. There is no question of worrying about children etc. here. You have to earn an income for yourself for 21 births. This is such enjoyable knowledge. Each of you children has to earn for yourself. You mustn't even remember your children or friends and relatives. Don't even remember your own body. Although Baba has to enter this body, He is still soul conscious. He enters a body at this time and gives you souls *knowledge*, that is, He shows you an easy way to earn an income. You can earn a great deal if you continue to *practise* this. Baba also *practises* remembering the Father so that the habit is instilled. He forgets himself and remembers Shiv Baba because Shiv Baba has entered him. This Baba understands that He is a master of Brahmand. Children of a physical father are aware that they have a right to their father's property. So this Brahma Baba is also aware that he is a master of Brahmand and that Baba has entered him. Therefore, he has the intoxication that he is a master of Brahmand and also a master of that *property*. Shiv Baba Himself doesn't become the Master of the world. I become a master of Brahmand and also a master of the world. Baba is just the Master of Brahmand. You too become masters of the world. Kings and subjects all believe themselves to be masters of the world. You know that you are masters of the world. By understanding this, your mercury of happiness will remain high. It is remembered: If you want to know about supersensuous joy, ask the gopes and gopis of Gopi Vallabh. It isn't said: Ask Gopi Vallabh. Vallabh is the Father. Vallabh, the Father, is not going to receive the happiness of becoming a master of the world. The Father elevates you so much. This Brahma also considers himself to be a master of Brahmand. No one in the whole world would consider himself to be a master of Brahmand. It isn't that anyone will merge with the brahm element. There is a vast difference in merging with the brahm element and becoming a master of Brahmand. You know that Baba is making you into masters of the world. The Father Himself says: Awaken, brides, awaken! Everything I explain to you is new. Did you not become the masters of Brahmand? You have played your *part*, you are now becoming the masters of Brahmand, and then you are going to become the masters of the world. Remember this all the time. This is called churning the ocean of knowledge. Your mercury of happiness will rise very high

through this. You should have the faith that this One is your Father. No one except the Father can explain these things to you. *Note* these down in your heart. Here, you take *notes* to remember them. They will not be useful later. A *barrister* has many books, but when he leaves his body, everything is finished. You can't tell what he will become in his next birth. You children just have the one study. You know that the Father Himself, the Master of Brahmand is making you into masters of Brahmand, and masters of the world. In spite of that, why doesn't your mercury of happiness rise? Baba has explained: You should keep these songs in your home to *refresh* yourselves. Some think that they have incurred a loss after coming into knowledge. There is profit and loss in the old world anyway. Today, someone is an advisor, but if someone *shoots* him, everything is finished. Everyone continues to experience loss. Some people's wealth remains buried underground. Everyone experiences loss. Only you children have profit for all the time in the future and that too is for 21 births. However, all the rest of the world are in loss. All of this is like a mirage. No one is aware that all of this is going to turn to dust. Everyone has been burnt and is in the graveyard. You know all of this. Amongst you too, those who are very clever are aware that this world is like a haystack. Everything is going to get buried. The Yadavas and Kauravas all became buried and there was victory for the Pandavas. They gained victory over the world, that is, over the new world, because you Pandavas know God and have love for Him. To the extent that you have love for Him and you remember Him, to that extent you earn an income. Have you ever heard this before? The ancient yoga of Bharat is very well known. This Baba didn't know it either. Now he has all the things in his intellect. Baba says: The knowledge I give to you, that of the beginning, the middle and the end of the world, will not exist in the golden age. There, the part of your reward of happiness that was enacted will be enacted again. Only once does the Father come and give this knowledge and He will continue to give it till the end. No matter where you may be, when you leave your body, you should have remembrance of Shiv Baba and the knowledge of being trikaldarshi. Let there be the nectar of knowledge on your lips and remembrance of the discus of self-realisation, and only then should you leave your body. That is a saying from the path of bhakti, whereas these are matters of the path of knowledge. When a person is about to die, they put a rosary in his hand and ask him to chant the name of Rama so that he can receive salvation. However, no one knows who Rama is or where He is. Some remember Rama and others remember Hanuman. To remember many beings is called bhakti. You now just remember the One who gives you knowledge and grants you salvation. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to stay in permanent happiness, churn the ocean of knowledge. Maintain the intoxication that you are going to become the masters of Brahmand and the world.
2. Have true love for the one Father and earn a true income. We souls are charioteers of our bodies. Consider yourself to be a charioteer and practise being soul conscious.

Blessing: May you be a flying bird who with unbroken remembrance finds a solution to all problems. When you experience Baba to be yours, you automatically remember the One who belongs to you. You don't have to make effort to remember Him. To say "mine" means to have a right to Him. Baba is mine and I belong to Baba. This is called easy yoga. Become such easy yogis that whilst remaining absorbed in loving remembrance of the one Father, you continue to move forward. This unbroken remembrance will solve all problems, make you a flying bird and take you into the flying stage.

Slogan: Become experienced in the power of churning and your wealth of knowledge will continue to increase.
