

Essence: Sweet children, you clouds come to the Father, the Ocean of Knowledge, to meet Him personally and fill yourselves. You do not come here to go on a pilgrimage or for the fresh mountain air.

Question: Whilst living at home with your family, what method should you adopt so that you become *ever-healthy*?

Answer: In order to become *ever-healthy*, always say: “Baba, Baba”. I want to eat only with You, I want to go around only with You”. Hand over everything to Baba with your intellect. Have the consciousness that you are being sustained by Shiv Baba. Do not have attachment to anything. Offer everything to Him and eat according to His orders, and everything will become pure and you will become *ever-healthy*.

Song: The Resident of the faraway land has come into the foreign land...

Om shanti. You daughters come here to meet the One who resides in the faraway land. You daughters don't come on a pilgrimage or for the fresh mountain air. People go to the mountains for fresh air, but you children come here to meet the Mother and Father. You know that the Mother and Father, who resides in the faraway land has come into the foreign land. Why does He come? To create heaven. Children come from very faraway, from different villages, to meet Him. They will also come from abroad. For what? It is not to see anything. The soul, that is, human souls, come to meet the Mother and Father. The Mother and Father is the Resident of the far-away land. In front of whom are you sitting? You are sitting in front of the Mother and Father from whom you will receive the happiness of heaven. However, you will only receive that by following His directions. This is why *shrimat* is praised so much. God's versions, *shrimat*, have been remembered. The *shrimat* of Brahma, Vishnu and Shankar is not remembered. The Mother and Father whose praise is sung is the highest of all. They invoke the Creator of the world, the Mother and Father: Come into this dirty, impure world and purify us. He has come now into the foreign land. You are also sitting in the foreign land. This is Ravan's land. Akasur, Bakasur, Putna, Supnaka, Hirnakashpa etc. (names of devils) are all names of human beings in this world. There is no other form of devil. Deities have no other form and they do not have four arms. Just as these are human beings, so the deities are also human beings, but they take rebirth in the pure land. The golden and silver ages are like God's home. When you go to heaven, you go to your home. You are now in a foreign home, in Ravan's home. Therefore, Baba comes and *liberates* you from Ravan's home. For half a cycle you have been taking rebirth in the land of Maya. In the golden and silver ages it used to be the kingdom of Rama, the kingdom of God, because it was established by God. For half a cycle you took rebirth there. Then, for half a cycle, you took rebirth in Ravan's kingdom. You children understand who you are now sitting in front of. This one is the *Teacher* as well as the Satguru. You mothers are also *teachers* and you are satgurus as well. You also teach in order to change human beings into deities. You are now becoming those who belong to the divine community from the devilish community. Baba is present in this chariot in order to change you from thorns into flowers. This One goes to meet the children in other countries as well, because He is the living Ocean of Knowledge. He is not a non-living ocean who would drown anyone. No, this One is living. It has been remembered that the soul and the Supreme Soul were separated for a long time. Therefore, God comes here and souls also come here to meet Him. Children come from all directions. The Father also goes around. Devotees have built temples everywhere. They create non-living images of Christ, but he is a bodily being. Brahma, Vishnu and Shankar are also bodily beings. God is the highest of them all. He doesn't have a body of His own. Everyone calls Him Father, the Supreme Soul, *God the Father*. He doesn't have a physical or subtle body, yet He definitely does come. How does He come? Everyone has forgotten this. It cannot be said that Krishna is the Purifier or that God enters the body of Krishna to purify. Therefore, it is *wrong* to say that God Shri Krishna speaks. What could He create through Krishna's mouth? Deities? No. Firstly, Brahmins are needed and for that Brahma is needed. Otherwise what would be Brahma's *occupation*? By using Krishna's name, Brahma's *biography* disappears. If the golden age was established through Krishna, then Brahma's *occupation* disappears. You children, who come here,

understand. However, those who don't understand think that this is just another satsang where they recite the Gita. You children understand who is speaking here. It is the Ocean of Knowledge, the *most beloved* Mother and Father, who is speaking. How sweet and lovely He is! You cannot call any human being sweet, because all are very bitter and vicious. Baba is purifying them. Therefore, God is the Highest on High. Below Him, out of all the human beings who have been and gone, it is Lakshmi and Narayan, and then Rama and Sita. Even they are now impure. Until the Father comes and purifies everyone, they all remain impure and unhappy. Human beings say that the iron age lasts for thousands of years. That is *impossible*. The great Mahabharat War, through which the *gates* to the lands of liberation and liberation-in-life will open, is standing ahead. Until then no one can receive liberation or liberation-in-life. Everyone continues to stumble here; it is as though they are in a maze. They continue to stumble around and are unable to find the way out. They want to go through the *gates* of liberation and liberation-in-life. When someone dies, they say that he has become a resident of heaven. However, this is hell. They can only go to heaven when the Father comes and teaches Raja Yoga. Only then can they claim the status of a king or subject. This is an income. People ask: What sort of income did So-and-so earn that he became so wealthy? Similarly, when and what sort of income did the deities of the golden age earn in order to become like that? Surely, they must have earned it at the end of the iron age, and this is why they became deities in the golden age. You now understand you are earning such an income that you will become the masters of heaven. You will definitely experience the *results* of that in heaven. You are now at the confluence of the iron and golden ages. They have made it a separate age. Baba explains the philosophy of karma, neutral karma and sinful karma. He says: Children, now only perform the actions that I teach you. This age cannot be called the iron age. No one knows about the confluence age. Even when the golden age changes into the silver age, no one at that time knows that they are *passing* through the confluence of the golden and silver ages. It is remembered later on that So-and-so used to rule in the golden age and that So-and-so used to rule in the silver age. When the copper age began, the deities fell onto the path of sin. Only you understand all of these aspects now. No one else has this knowledge. It is only you who study the *history and geography* of the *world*. You have an *aim and objective*. Wherever there are Gita pathshalas in the world, they recite the Vedas and scriptures, but they don't have any *aim or objective*. *Schools* and *colleges* are called pathshalas. That study is at least a *source of income*. Through this study you have the *aim and objective* of becoming pure and going to the land of liberation. Then, from there, you will come down to play your *part* in the golden age. You know all about the *part* you have to play from the beginning of the golden age to the end of the iron age. You clouds have come here to fill yourselves in order to create your *source of income* for twenty-one births. This study is very elevated, and the One who teaches it is the one God, the Highest on High. All the rest are brothers and sisters. Brahma, Saraswati, Shankar, Parvati and Vishnu are all His children. Children cannot receive an inheritance from children. An inheritance is received from the father. Whatever effort you make, you will receive an inheritance accordingly. Effort is very easy. Achcha, if you are unable to speak much knowledge, then acquire a small room on three feet of land and open a Gita Pathshala. Put up a *board* that says: Come and claim your inheritance for twenty-one births from the Father. Put up a small *board*. Write on it: To claim the kingdom of heaven for twenty-one births is your Godly birthright. By all means, come in, and ask. The One whom you call Mother and Father is definitely the Creator of heaven. Therefore, you would surely receive your inheritance of heaven from Him. He says: Constantly remember Me and forget all others. Although you live with this one and see this one in front of you, your intellect should go up above. You receive Baba's orders. Therefore, you should place them on your head. Baba issues an *ordinance*: Children, stop the business of drinking poison. He does not speak to anyone else, He only explains to the children. Until they have done the seven days' course no one from outside can sit in this gathering. There is a story of how an angel brought an impure human being into the Court of Indra and how she was punished. It is against the rule for someone to sit here before he has been in a bhatthi for seven days and become clean. Yes, if an important person comes to meet you and, after listening to you, he wants to see the morning *class*, you can ask permission from the seniors to let him come. When you see that he is good and that he won't pick up wrong things, you can first explain a little to

him and then he can be given permission to come. Explain to everyone that this is our Mother and Father through whom we receive the happiness of heaven. This is our Father, *Teacher* and Guru, all three. It is as though you have received three *engines* together. You receive all three at the same time. Outside, you receive them separately; firstly it is the father, then the *teacher* and then in old age a guru is adopted. Who are you now being sustained by? Shiv Baba, because you offer whatever you have to Shiv Baba. It is as though you are being sustained from Shiv Baba's treasure store. You donated everything you had to Shiv Baba, and you are now being sustained from that. You receive very pure food. Elsewhere, it isn't possible for someone to give a donation and then be sustained from that. There, whoever receives the donation keeps it. Here, whatever you give to Shiv Baba is made very pure, and it is from that that you are sustained. Baba says: Whilst living at home, have the consciousness that everything belongs to Baba. When you eat in this consciousness, it is as though you are eating from Shiv Baba's treasure-store. You do not have attachment to it, but you consider it to belong to Baba. Baba has given it to you. You have surrendered it to Baba, and you are eating according to His orders. Although you live at home, you are eating from Shiv Baba's treasure-store. You say: I will eat only with You and I will tour around only with You. By saying "Baba, Baba" your yoga will remain linked to Him. You will become *ever-healthy*. This is the *sanatorium* to become *healthy*. People don't stay in that *sanatorium* throughout their whole life. They stay there for a short *time* and then leave. You are sitting here and becoming *ever-healthy* for twenty-one births. Why do you come here? In order to become *ever-healthy*, *ever-wealthy* and *ever-happy* for half a cycle. You come here with this thought. You do not come here for the fresh air or to go on a pilgrimage. You come here to meet Shiv Baba. Baba also comes into this foreign land and enters a foreign body. The Gita that has been remembered must be *right* in some aspects. They invoke Baba to come. Therefore, He surely has to come to purify the impure. Impure ones cannot go to Him in the supreme abode to be purified; they cannot go there. Every bhagat soul calls out: Baba come! Baba says: I come in order to grant salvation to all. There is only the one Father who has mercy for all. What mercy does He have? He gives shrimat. Shrimat is very famous. By following it you will become elevated, that is, the masters of heaven. It all depends to what extent you follow these *directions*. He doesn't give you any other difficulty such as doing hatha yoga or stumbling to pilgrimage places. Wherever you are, whether in America or the Philippines, you have to live at home with your family, and remain like a lotus flower. There is the example of King Janak. Yours is Raja Yoga. Sannyasis say that the happiness of heaven is like the droppings of a crow. However, Raja Yoga of Bharat is very famous. No one knows it. Only the ancient Father can teach ancient Raja Yoga. The Gita, the Vedas and the scriptures etc. are all the paraphernalia of the path of devotion. The tree has to grow fully and later on that same tree has to bear fruit. You have come to the Mother and Father in order to be *refreshed* and you will come again and again because you experience pleasure in being personally in front of Him. However, you cannot sit here for ever; this is not the *law*. You definitely have to take care of your home and family. This study place will still continue to grow a great deal. If these obstacles did not arise, it would grow so much. This is why obstacles come. How can five thousand sit here together and study? This is why *a limit* is set, so that Baba can see them personally. Baba only sees souls; He does not see the body. Those whom Baba looks at with His powerful vision even forget their body. Because He is the Magnet, it is as though they become *unconscious*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to reach the high destination, you have received three *engines* in the form of the Father, the *Teacher* and the Guru. Constantly move forward in this consciousness.
2. Let your intellect remain aware that you have handed over everything to Baba and that you are being sustained by Him. Remove all your bitterness of impurity and become very sweet and pure.

Blessing: May you be an embodiment of success and end the illness of waste for ever with determined thought.

In order to become embodiments of success, all you children have to have the determined thought of never thinking anything wasteful, never seeing, listening, speaking or doing anything wasteful. Always remain careful to end all name and trace of anything wasteful. The illness of doing anything wasteful is very severe and doesn't allow you to become a yogi soul. Waste is expansion. Therefore, using the power to pack up, stabilize in the stage of the essence the intellect that wanders in the expansion, for only then will you become an easy yogi and an embodiment of success.

Slogan: Instead of teaching others by telling them, teach them by doing it yourself.
