

Essence: Sweet children, your renunciation is satopradhan. You discard this whole old world, including your body from your intellect.

Question: Which big responsibility do you Brahmin children have?

Answer: You have the responsibility of becoming pure and making the whole world pure. For this, you constantly have to continue to remember Shiv Baba. Remembrance is the fire of yoga in which you souls become pure and your sins are burnt away.

Song: Have mercy on those who are experiencing sorrow, o Mother and Father of mine!

Om shanti. Children, you heard in the song that we are children. He is truly your Father. Children would never call their father omnipresent. The children of a worldly father would never say that their father is omnipresent. The unlimited Father sits here and explains: All of you are children and your Father is the One who is called the Supreme Father. God is also called the Supreme Soul. "Param" means *supreme* and "atma" means *soul*. Therefore, surely all are children and there is the one Father. All devotees remember the one God. The One who is remembered would surely have a name, form, land and time. He couldn't be infinite like they say. Human beings have been saying that God, the Father, is infinite, that no one can reach the end of Him. Then they say that He is omnipresent, which is totally meaningless. They say that God is in the pebbles and stones and then they say that He is infinite. Children have forgotten their Father and this is why the whole human world is said to be atheist and impure. Every man and woman is impure and this is why they remember the One who purifies the impure. No one in this world can be called a great soul. Pure souls cannot exist in the impure world. Bapu Gandhiji used to say: The Purifier is Rama who belongs to Sita. This was said about human beings. He didn't say it about the Ganges of water. That is falsehood. Maya is false, the body is false and the whole world is false. When there was new Bharat in the new world it was the land of truth. Now that same Bharat has become old. When Bharat is new, it is called heaven, and that was 5000 years ago. Two degrees reduced in the silver age. At this time, it is the iron age. This is called the old world. There is old Bharat in the old world. There is the new world and then there is also the old world. It is now the old world. All human beings are atheists and this is why this is called the land of sorrow. Only the one Father can change this land of sorrow into the land of happiness. Bharat that used to be pure has become impure. When there was *purity*, there was also *peace* and *prosperity*. The *average* age of the people of Bharat was long. Now, it is very short. The world doesn't know when Bharat became diseased. You cannot say that it has been diseased from time immemorial. Bhakti begins from the copper age. When it is the end of the iron age, the Father comes and gives you knowledge. Only the Ocean of Knowledge has knowledge. The praise "Ocean of Knowledge, *knowledge-full*" belongs to that Father alone. He is the Seed of the human world. When you speak of omnipresence, there is no *love* between Father and child. This is the world of *orphans*. They all continue to fight amongst themselves and that is why this is called the extreme depths of hell. Bharat was heaven and it is now hell. None of them know that they are residents of hell and that they will be transferred from hell. However, it isn't that residents of hell can take rebirth in heaven. All of them take rebirth in hell. Hell is called the impure world. The land of nirvana is the place of residence of souls and it is called the incorporeal world. The soul, the *star*, is *immortal* and the body is *mortal*. Souls have to shed a body and take another. There is praise of the 84 births. To speak of 8.4 million births is a lie. The Father explains: All souls come to play their part and have to enter *organs*. However, not everyone can have 84 births. Those who are deities in the golden age will have 84 births. The Father says: I also told you earlier that you don't know your births, but that I tell you about them now. You are Brahma Kumars and Kumaris. Achcha, who is the Father of Brahma? Shiva. Brahma, Vishnu and Shankar are also children of Shiv Baba. They have their own subtle bodies. The Supreme Father, the Supreme Soul, doesn't have a body of His own. The Father says: My name is Shiva. Although some call Me Rudra and others call Me Somnath, I am the Incorporeal One. Truly, there are temples to Shiva in Bharat. Only the Supreme Father, the Supreme Soul, not Krishna, is called the Ocean of Knowledge. That one is a *prince* of the golden age. He doesn't have the knowledge of the beginning, middle and end. Even golden-aged deities don't have this knowledge. You know that you are now becoming as valuable as diamonds. No one, except the Supreme Father, the Supreme Soul, can teach you Raja Yoga. Krishna

cannot be called the Supreme Soul. Only the Incorporeal One is called the Supreme Soul. Everyone has forgotten that Father. At this time, all are impure and tamopradhan. The Father says: This is the *variety* tree of the human world. All are tamopradhan, diseased and unhappy. Bharat was so elevated and now it is poverty-stricken. In the scriptures, they have written that the duration of a cycle is hundreds of thousands of years. They believe that the iron age still has to continue for another 40,000 years. The Father explains: That is extreme darkness. Now that the Sun of Knowledge has risen, the darkness of ignorance is dispelled. The Father is the Sun of Knowledge. He comes and dispels the extreme darkness of ignorance. It is now the night of Brahma. The golden and silver ages are called the day of Brahma. So, you are Brahma Kumars and Kumaris, children of Brahma. Brahma is not the Creator of the world or of heaven. That is only the praise of Incorporeal *heavenly God*, the *Father*. That Father Himself comes and teaches you Raja Yoga. The Father says: Oh children! He speaks to souls. It is the soul that listens to everything, imbibes it and carries those sanskars. Baba has explained that those who die on a battlefield, therefore take birth according to their sanskars, and then engage themselves in war again. At this time, the soul of everyone is tamopradhan. They all continue to give sorrow to one another. Who gives the greatest sorrow? Those who turn you away from God. This is why Shiv Baba says: Children, leave aside all of them. It is said: *God is One*. All of you are *brides*. I am your *Bridegroom*. O brides: You are not at all worthy to go to heaven. Maya has made you totally unworthy. This is the kingdom of Ravan. In the golden age, there is the kingdom of Rama. Shiva is called Rama. You are Brahmins. You are claiming your inheritance from the Supreme Father, the Supreme Soul who establishes heaven. The people of Bharat are receiving the inheritance of heaven. The urn is placed on the mothers. No one can receive benefit without the mother guru. To call the One to whom you say "You are the Mother and Father" omnipresent is such a big mistake. They call the Mother and Father infinite. They sing: You are the Mother and Father and we are Your children. We experience a lot of happiness through Your grace. In that case, how can you blame the Father for anything? The Father comes and makes you pure from impure. Ravan makes you impure. The kingdom of Ravan is now to end and then the kingdom of Rama will begin. You have to understand this cycle very clearly. Only the unlimited Father would tell you unlimited *history* and *geography*. This is the sacrificial fire of the knowledge of Rudra. It is not the sacrificial fire of Krishna. It is the Raja Yoga of that same Gita, but Krishna doesn't give any knowledge. These are the words of Rudra, God Shiva. The flames of destruction emerged from the sacrificial fire of the knowledge of Rudra. You children have now come to claim your inheritance of heaven from the Mother and Father. This is not blind faith. There is no blind faith in a *university or college*. There is no question of blind faith here. You have come to claim your unlimited inheritance from the Father and to change from human beings into deities. This is the *God-fatherly University*. The Father explains: This Bharat was the deity land of kings and there used to be palaces built of diamonds and jewels. On the path of devotion too, they built such a big temple to Somnath. What must they have had before that? Bharat is now poverty-stricken. It is the task of the Father alone to make it crowned once again. You children know that you are now sitting personally in front of the Mother and Father and receiving happiness for 21 births. The Father says: O souls, now remember Me. I am your *Guide* and *Liberator*. How the *world history* and *geography repeat* has been explained to you children. There is no question of blind faith in this. Your renunciation is unlimited and satopradhan. You renounce the old world from your intellect and this is why the Father says: Renounce all bodily relationships, forget everything and consider yourself to be a bodiless soul. The Father says: Renounce the awareness of this body. By remembering Me, your Father, your sins will be absolved. Constantly remember Me. There is no other way. You have to remember Me till the end. You have to conquer Maya and become a conqueror of the world. Only Shiv Baba enables you to conquer Maya. Achcha. The Father is now bringing the imperishable omens of Jupiter over Bharat through you Shiv Shaktis. The Father says: I take this body on *loan* and name this one Brahma. You Brahma Kumars and Kumaris claim your inheritance from Shiv Baba. You have to remember Shiv Baba alone. He says: I have only the one name Shiva. You too are souls, but you take a body and then shed it. This is why your name changes birth after birth. If you take 84 births, you receive 84 names. Not everyone will take 84 births. Some will have 80 births, some will have 60 and

some could even have only 5 or 6 births. I have just the one name Shiva. Continue to remember Shiv Baba and your sins will be absolved. No one can become pure without the fire of yoga. You made a promise: Baba, I will become pure, make Bharat pure and then rule there. If you don't remember Shiv Baba, it means you are making yourself impure. This is why there will then have to be very severe punishment from Dharamraj. You have a huge *responsibility*. To continue to remember the Father is your spiritual pilgrimage. Achcha.

To the sweetest, beloved, long-lost and now-found children, numberwise, according to the effort you make, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become a conqueror of Maya and a conqueror of the world by having constant remembrance of the one Father. Become pure and make Bharat pure.
2. Renounce the unlimited old world from your intellect. Practise forgetting the consciousness of the body. Remain soul conscious.

Blessing: May you be a constantly clean and *holy* swan and take the food of pure thoughts into your intellect.

A *holy* swan would never take anything into the intellect except pearls of knowledge. Brahmins souls, who are the elevated top-knot, never take things of down below. A *holy* swan means one who is always clean, always pure. Purity is cleanliness. A *holy* swan cannot have impure thoughts. *Holy* swans, who always eat the food of pure thoughts remain ever-healthy. They cannot be influenced by anyone.

Slogan: Become a soul who loves peace and reveal the vessel of peace (shanti-kund = the vessel in which a sacrificial fire is carried out) through your mind.
