

**Essence:** Sweet children, in order to become pure, stay in your original religion, become bodiless and remember the one Father.

**Question:** With what method can new *students* be coloured with the colour of knowledge?

**Answer:** First of all make them sit in a bhatti (furnace) for seven days. It is the custom when anyone comes, to make them fill in a *form*. Only when they first stay in a bhatti for seven days can they be coloured fully. You buzzing moths buzz knowledge and make them the same as yourselves. You know that the *sapling* of the deity religion is now being planted. Those who are the souls of this clan will become engaged in the effort of changing from being greatly diseased to becoming free from disease.

**Song:** The Flame has been lit in the gathering for the moths...

Om shanti. The meaning of om shanti has been explained to you children. Om means I am. Who am I? I am a soul, and my body, the physical organs. The original religion of the soul is *silence*. Whose child is a soul? It would be said: A soul is a child of the Supreme Father, the Supreme Soul. He too is *silence*. Souls reside in the *silence world*, the land of peace. Then, in order to play their *part*, they enter the *talkie world*. The unlimited Father now says: O children, stay in your original religion. Sit in a bodiless stage. Remember the Father. That Father is also called the Flame. This is the gathering of impure human beings. At this time, the world is impure. All human beings are impure. It has been explained that Bharat was pure in the golden age. It was then the household religion, and called the land of happiness. Bharat was pure and is now impure. It is the land of sorrow. This cycle continues to turn. Now, this is the beneficial confluence age when the Father has to come into the impure human world in order to make it pure. Only the Father, who is called the Supreme Father, the Supreme Soul, the Creator, makes the old world into a new world. The God of all devotees is One. The Father says: I too have to enter the impure world and an impure body. I come from the supreme abode only once to make Bharat into the pure deity kingdom. No one knows the *history and geography* of this *world* because all are atheists. Not a single human being is a theist. Because of not knowing the Father, they have become orphans. They continue to fight and quarrel amongst themselves. So much peacelessness exists in every home. At the beginning of the golden age, there was the *one Almighty Authority* deity kingdom. It was the land of happiness. No one knows how that became the land of sorrow. Knowledge is the day of Brahma and devotion is the night of Brahma. Sannyasis speak of knowledge, devotion and disinterest. They leave their home and family and go away into the forests. They have disinterest. Their renunciation is rajoguni whereas this renunciation is satopradhan. In this world of sin, there isn't a single charitable soul. So this whole play is based on Bharat. Bharat was the Golden Sparrow. There used to be plenty of gold and diamonds in Bharat. Golden palaces were built and they were studded with diamonds and jewels. Bharat has now become like a shell. Only the Father makes it like diamonds. You know that you are changing from human beings into deities. That Father has now come into the gathering of impure ones. People believe that the Ganges is the Purifier and so they go there to bathe in it. In spite of that no one has become a charitable soul from a sinful soul. They still continue to go to bathe there year after year. At this time, no one is pure. Until the Father who purifies everyone comes, no one can become pure. The God of the Gita makes you pure. That God is the one Father of all souls. It isn't that all devotees are God or that God is omnipresent. This is defamation of God and this is why it is said: I come whenever there is extreme irreligiousness. This is sung about Bharat. People defame the Father so much, the One who comes and makes Bharat like a diamond. Rishis and munis have been saying: The Creator and His creation are infinite, that is, "Neither this nor that" (neti, neti), we do not know. And people today have been saying that God is omnipresent. The Father says: When they become like that, I come and change sinful souls into charitable souls, into deities. The Bestower of Salvation for All is One. He Himself comes and makes the impure ones pure and makes them worthy. He gives children an inheritance. You have been receiving from your physical father a temporary inheritance. The unlimited Father says: I give you the inheritance of purity, peace and happiness for 21 births. No physical father can give you this. He is the Father, Teacher and also the Ocean of Knowledge. The praise of the Father is very

elevated. He is the Seed of the human world tree. This is the tree of *variety* religions of the human world. The original eternal deity religion is the religion of the golden age. Then other religions *emerge* from that. You now belong to the Brahmin religion. Prior to that you belonged to the shudra religion. Now, from Brahmins, you will become deities and then warriors. You have to go around the cycle of 84 births. You are the first ones to come into the golden age. It is sung: Souls remained separated from the Supreme Soul for a long time. You also heard in the song: We went around in all four directions and yet always remained distant, that is, we couldn't find the Father. It is now the kingdom of Ravan. The kingdom of Rama is the *deity* kingdom. People believe that both heaven and hell are here now. However, that is not possible. When someone dies, people say that he has become a resident of heaven. Therefore, he was surely in hell. So, he also has to take rebirth in hell. People have so many different ideas: one cannot be the same as another. There are so many conflicting ideas. For half the cycle, there are the divine directions of the golden age. Now, there are devilish directions. The people of Bharat should know that parlokik Father whom they remember. Bharat is now like a shell. It has to be made like a diamond. Gandhiji and Nehru wanted there to be the *World Almighty Authority* kingdom of Rama in Bharat. They believed that it was like that at some point in Bharat. It doesn't exist now, for this is why they tried to bring about the Kingdom of Rama. However, that is not in the hands of human beings. You are Brahmins, children of Prajapita Brahma. Incorporeal souls are children of the Supreme Father, the Supreme Soul. The inheritance is for Brahma Kumars and Kumaris. Brahma too receives his inheritance from Shiv Baba. This one is also your brother. All the children are brothers and so there is surely one Father of all souls. Now, you mouth-born Brahmins, you children of Brahma, are brothers and sisters. You receive your inheritance from the Grandfather. All souls, whether they are in a male or a female costume, have a right to their Grandfather's inheritance. Only sons receive an inheritance from a physical grandfather. This One is the unlimited Father. In the golden and silver ages, the people of Bharat received a lot of happiness for 21 generations from the unlimited Father. You have now understood the cycle of 84 births. The Father says: I have come as your *Guide* to take all of you back. You are the ones who come here first, and you are the ones who are here at the end. Then you are the first ones who become deities from human beings. Only those who belong to the deity religion take 84 births. Then, numberwise, everyone continues to take fewer births. Those of other religions will definitely take fewer births. That original eternal deity religion doesn't exist now. It is being established once again. You know when Abraham will come again and how long after him Christ will come. Only human beings would know the *world history and geography*. The Father explains: When all souls become sinful, I come and make them charitable. I am planting the *sapling* of those who became this in the previous cycle. There was just the one religion in the golden age. Now, in the iron age, there are innumerable religions. There is the gathering of impure souls. The Father comes to purify everyone. He alone is the One who grants salvation. Maya, Ravan brings degradation. This is why they sing in front of the deity idols: I am without virtue, I have no virtues. The Father comes and makes impure ones pure and changes them into those who have divine virtues. You are now continuing to imbibe divine virtues. Then there will be the deity kingdom in Bharat. This world is now changing. You are unlimited sannyasis. Their renunciation is limited, whereas this renunciation is unlimited. You forget the whole of the old world and remember your Father and claim your inheritance. The Father says: If you remember Me, then through that remembrance, that is, through that yoga, that is, the fire of yoga, your sins will be absolved. Then you will become conquerors of sinful actions. Baba has explained that when a group of 4 to 5 people come, get each one to fill in a *form* individually, so that you can tell which religion each one belongs to. There are innumerable religions and innumerable directions. The arrow will only strike those who belong to the deity religion. In Karachi, they always explained to each one individually. The custom of getting them to fill a *form* is also necessary. They have to sit in a furnace for seven days because they are greatly diseased. (Example of the buzzing moth) You children are buzzing moths. You have to buzz knowledge and make others the same as yourselves. Only the *sapling* of those of the deity religion will be planted. You children have to learn different tactics. Tell them: When you first understand this for seven days, you will be able to meet Baba and you will then be coloured. All of you are Brahma Kumars and

Kumaris. People don't even ask what all you Brahma Kumars and Kumaris are about or who you are. Oh, but the children of Prajapita Brahma would surely be called Brahma Kumaris and Kumaris, would they not? There cannot be any *criminal assault*. This is Raja Yoga; it is the *God-Fatherly University*. God speaks: I make you into kings of kings. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. In order to become a conqueror of sinful actions, have unlimited disinterest in the whole of the old world. Forget it and stay in remembrance of the one Father.
2. Serve like a buzzing moth to colour others with knowledge. Use tact to make those who are greatly diseased free from disease and atheists into theists.

**Blessing:** May you be healthy in mind and with new types of new awareness of your fortune, experience enjoyment in your efforts.

Because the Brahmin birth is the *last* birth, no matter how weak or ill you are physically, everyone's mind is always healthy. You are those who fly with zeal and enthusiasm. The sign of a *powerful* mind is that it is able to reach wherever it wants in a *second*. For this, constantly continue to sing songs of your fortune and continue to fly. From amrit vela, bring new things relating to your fortune into your awareness. Sometimes keep one type of attainment in front of you, and sometimes, some other attainment in front of you and, through this, there will be enjoyment in your efforts. You won't get *bored*, but will experience newness.

**Slogan:** Perform every action after careful consideration of its past and future (from every angle) and you will continue to achieve success.
