

Essence: Sweet children, this confluence age is the land of Brahmins, in which you become the children of Brahma. You have to claim your inheritance from the unlimited Father and also enable others to claim it.

Question: What type of intellect do you need in order to understand this knowledge very well?

Answer: Those with a business intellect will understand this knowledge very well. This is an unlimited business. Baba continues to show you children many different methods to earn an income. The task of you children is to make effort. You should invent such methods that you continue to accumulate an income for yourself and in which there is also benefit for others. The remembrance of the Father and service are the means to earn an income.

Song: O traveller of the night don't be weary; your days of happiness are not far off.

Om shanti. The parlokik Father is explaining to the children. He says: O children, don't forget Me, your parlokik Supreme Father, the Supreme Soul. The God of the Gita is remembered. No one ever speaks of the God of the Bible or the God of the Koran. None of the religious founders have said: O children, remember Me, your parlokik Father. No one would be able to say this to anyone. When a baby is born, he recognises his father. Because he is an heir he will continue to remember his father. Now the parlokik Father says: O My long-lost and now-found children, you now have to come to Me. I have come to take you children back to Paramdham (the supreme abode), the land of nirvana. You devotees used to remember Me, God. I now tell you to remember Me constantly. I take you to the land of happiness. Look in the mirror of your heart and see how much sorrow you have experienced for half a cycle. You didn't experience as much sorrow in the beginning. It is later that sorrow increases. The parlokik Father now says: Remember Me. He says to souls of all religions: O My children, you have all been considering yourselves brothers. Now the parlokik Father of you children, the One all human souls remember at the time of sorrow, has come and is explaining to you children through the lotus lips of Brahma. Explanation is given to Brahmins, the mouth-born children of Brahma. Prajapita Brahma did not only have kumaris. He had both kumars and kumaris. There were brothers and sisters, Brahma Kumars and Kumaris. All are the children of the one Father, the granddaughters and grandsons of the one Grandfather. You children are having it explained to you personally. You listen personally and you understand that you are all children of incorporeal Shiv Baba. You are definitely studying Raja Yoga in order to claim your sovereignty of heaven from Shiv Baba through Brahma. Whatever the Supreme Father, the Supreme Soul, explains through Brahma, you have to explain to others. You have to explain to your physical brothers and sisters. You are now called parlokik (spiritual). You are claiming your inheritance from the parlokik Father. Therefore, you call yourselves parlokik brothers and sisters, whereas others are lokik (physical) brothers and sisters. Baba explains: Children, connect your intellect's yoga with Me, exactly as you did 5000 years ago, and your sins will be absolved. Your sins will be incinerated. Remembrance of the Father is called the fire of yoga. By staying in remembrance of the Almighty Authority you receive power. He is the one and only incorporeal Father. He gives you knowledge through Brahma's mouth. He definitely needs a chariot to do this, a chariot in which He can ride. This is the chariot, which the Supreme Father, the Supreme Soul, enters and teaches these things to you children. He gives you the explanation of this world from its beginning, through its middle to its end, through which you become rulers of the globe, future kings and queens. By staying in constant remembrance you will become the conquerors of vice; you will become pure, charitable souls. You will become the rulers of the globe, world emperors and empresses for 21 births in the heaven that Baba establishes. We can relate the importance of all the festivals that take place in Bharat such as Shiv Jayanti, Holi, Rakhi, Janamashtami, Diwali etc., and also the *biographies* of all the deities. Come, brothers and sisters, we will give you the introduction of your parlokik Father. By receiving this introduction and studying easy Raja Yoga, you can become the masters of the world. You will rule the unshakeable and constant *World Almighty* Kingdom of purity, peace and happiness. It is very easy to explain this to anyone. You should also write in this way: We will explain the secrets that the Father has explained to us. You will claim your inheritance from the Father if you become His child. Come and claim your unlimited inheritance from your unlimited Father. For birth after birth you have been claiming a limited inheritance. That is an

inheritance of sorrow, because it is the kingdom of Ravan. There was constant happiness in the kingdom of Rama. Then, in the kingdom of Maya, Ravan, you became unhappy. You can explain this to anyone. You can also explain these things in a *public* lecture. God is the Highest on High. Then there are Brahma, Vishnu and Shankar and their praise. It is remembered that establishment took place through Brahma. Therefore, he must surely have been in the corporeal world. Brahmins are the children of Brahma. He is called Brahma, the Father of Humanity. So, first the Brahmin caste is needed. The Brahmin caste is the highest of all. Who creates this caste? The Supreme Father, the Supreme Soul. All are children of the Father. He sits here and teaches you Brahma Kumars and Kumaris through Brahma. This confluence age is the land of Brahmins. Then you will go to the land of Rudra and then to the land of Vishnu. The ones who stay in constant remembrance will be the first ones to go into the rosary of Rudra. They will become the kings and queens of the sun dynasty and the moon dynasty. Therefore, by studying Raja Yoga from the Supreme Father, the Supreme Soul, at this time, you can claim a royal status. The Father says: Constantly remember Me, your Father. Connect your intellect's yoga to Me. This is a spiritual pilgrimage. You have been going on physical pilgrimages for birth after birth. The Father now comes and teaches you the spiritual pilgrimage. He says: Remember Me, your Father, and your *sweet home*, the place where you came from to play your *part*. When you were beautiful you ruled the world. Then, when you sat on the pyre of lust, you became ugly. You became ugly from beautiful. Bharat was very beautiful; the very name was heaven; now it is hell. You are ones who become worshippers from being worthy of worship. Therefore, the Highest on High is God Shiva, who accomplishes His tasks through Brahma, Vishnu and Shankar. They have been made the instruments responsible for this. He is Karankaravanhar. He teaches Raja Yoga through Brahma in order to make Bharat into heaven. The Father says: Only when I finish the task of teaching you Raja Yoga will destruction take place. Then you will go and rule the kingdom of the new world, which is now being created. However, this depends on how much effort you make. Everything depends on effort. They say that the Ganges is the Purifier. So why do they call out to the Supreme Soul, "O, Purifier come". The worshipper devotees have to receive the fruit of their worship and devotion. They receive the reward of liberation-in-life in heaven and all the rest receive their reward of peace. All those who studied Raja Yoga were happy in heaven; there were both peace and happiness. You have to have your sins absolved. All the karmic accounts have to be settled, and then you have to play your *part* again from the beginning. The Father enables everyone to settle their karmic accounts. He makes them pure and takes them back with Him. The significance of this aspect has to be understood. Human beings remember God. Therefore, He definitely has to come onto this earth. He says: I come onto this earth to give devotees the fruit of their devotion. I grant them liberation and liberation-in-life and also peace and happiness. Everywhere in the world people ask for peace, happiness and wealth. Human beings make so much effort to attain money so that they can become wealthy. They consider happiness to be in wealth. However, it doesn't matter how much wealth anyone has, this is still the kingdom of Maya. It is still the impure world, therefore, there must definitely be sin here. People commit a lot of sin to attain wealth. This is the world of sinful souls. There is not a single pure charitable soul here, whereas there are no sinful souls in the world of pure charitable souls. The king, queen and subjects are all pure charitable souls. Kings in the impure world also worship those pure deities because they consider the deities to be completely virtuous, and that they themselves have no virtue. They say: Have mercy on us. Then they say that they are God! There is only one Father who purifies the impure. By saying "Purifier" your intellect should go up towards incorporeal God. There are worshippers who worship the Incorporeal One. Therefore, the incorporeal Father is the highest-on-high. Until they have His proper introduction how can they worship Him? They say that Shiva is God, because they remember the Incorporeal. However, who is He? They need His full introduction. Why do they remember the Incorporeal One? What do they receive from Him? Will they go to the incorporeal world? Souls do not know the path to the incorporeal world. Even though everyone remembers Him, they don't have His introduction. No one can become pure through that type of remembrance. Here, the Incorporeal One Himself comes into the corporeal. People study so many scriptures etc. in order to go to the incorporeal world. However no one can go there. They don't know the way there. The guides of

physical pilgrimages know those ways, that is why they are able take them there. No one here knows this path, so how could they explain? They say that God is infinite. In that case, how could they remember Him? They don't understand anything at all. Someone said that He was infinite and someone else said that He was incorporeal. Therefore, they became worshippers of the Incorporeal One. Nowadays, they say that they are God! Day by day, people's ideas are becoming tamopradhan. They say whatever they think. The Father explains that the Father has been remembered as the Highest on High. Through the notion of omnipresence everyone becomes the Highest on High. How can those who are impure and unhappy be the Highest on High? On the one hand, they say that He is beyond name and form, and on the other, they put Him into pebbles and stones. That is called defamation of religion. Now they say: We are the Supreme Soul. Whatever has *passed* was in the *drama*. It will happen again. By making mistake after mistake, by giving insult after insult they have made Bharat so impure. Everyone has to receive the Father's introduction. Your influence will spread. People receive knowledge through so many Brahma Kumars and Kumaris. These things are surely spoken by the Supreme Father, the Supreme Soul. The highest of all is the Supreme Father, the Supreme Soul. He is praised a great deal; there is no limit to His praise. The Father now sits here and gives His own introduction. What do I do? I come and teach Raja Yoga and transform impure souls into pure souls. It is remembered: "God, Your ways and means are unique!" Therefore, it is definitely when He comes here that He would give directions. The Christ *soul* came to establish the Christian religion. The Father's directions are the most unique. This Father is the highest of all. Out of all the human beings in Bharat, it is the highest-on-high deities who wear the *double* crown. This is the Father's shrimat. God speaks: I teach you Raja Yoga, which no one else can teach. It is written: "God speaks". He is *Heavenly God*, the *Father* who establishes heaven. He teaches you Brahmins Raja Yoga for heaven. The Brahmin caste is the highest of all. Baba shows you many methods for *service*. Even though someone insults you, you must still put up the pictures. It must be written on them that Bharat goes through these castes. Now that it is the iron age, it is the shudra caste. Then you become Brahmins through the Father. You are called Brahma Kumars and Kumaris. Your pictures should be such that human beings become amazed and say that they have never seen such pictures anywhere else. Those with a business intellect can understand these things very well. This business is very good, and the One who gives elevated directions is also the most elevated. However, there are many children who don't make effort at all. They stay at home sleeping. So Baba comes to uplift them. If you create one picture, thousands will experience benefit from that. Everyone will sing your praise. They will say: Salutations to you mothers. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become the first ones in the rosary of Rudra, stay in constant remembrance of the Father. Make yourself pure by remembering the Father and the *sweet home*.
2. Become a spiritual guide and take everyone on the true pilgrimage. Follow the shrimat of the one Father and claim *a double* crown.

Blessing: May you be a constant and stable server and do service free from obstacles by remaining free from any wasteful spinning.

Everyone does service, but the most important service is to serve whilst remaining free from obstacles. You should not experience any type of obstacle whilst serving. If there is an obstacle in the atmosphere or company or if there is laziness, damage is caused through that service. A constant and stable server cannot experience obstacles. There should not be any obstacles, even in your thoughts. Remain free from all wasteful spinning and you will be called a successful and constant server.

Slogan: Those who are *honest* in their head and heart become worthy of love from Baba and the family.
